

And you, BRAT!  
Why the fuck  
did you cum?  
Couldn't you  
hold yourself  
longer??

I-I  
couldn't...

Haha! Alice, my dear, what you  
both accomplished was amazing.  
In fact, you've inspired me to  
create a provocative film  
exploring taboo subjects. It  
revolves around a family who,  
influenced by their guests, find  
themselves entangled in a story  
of forbidden relationships. What  
are your thoughts on this?

Absolutely,  
Max.

Of course! And  
we can't  
forget about  
Richard either.

Haha. You can't  
be the only guy  
who fucks the  
girls in the  
movie.

I really like this  
idea, Auntie! And  
Margaret would  
be perfect as  
the director for  
the movie.

And what about  
Mia? Can she  
also be a part  
of the movie?

Richard?  
Why him?

Shit! I  
definitely don't  
want him  
there.

*Don't worry, Sis. Richard has no interest in you.*

*Nothing in particular. He just mentioned that he's not thinking about anything sexual with any girls here because he's deeply in love with Margaret and Mia and only wants them in his life.*

*This is ridiculous. I absolutely refuse to let that annoying brat take advantage of me, and that other guy Richard too!*

*What? What do you mean he's not interested in me? What did he say about me?*

Hey-Hey. What did you just say?  
When did Richard mention it to you?

It was in the afternoon, right before we contacted you about the plan.

Are you sure that he mentioned my name?

Absolutely. He specifically said that you and Margaret are the only ones in his heart, and he loves you both.

Oh my goodness...

Where are you going? We haven't finished the porn movie discussion yet.

Later, later!

In the meantime.

Lisa, you're not a little girl to sit on Margaret's lap all evening.

*\*Giggle\** Don't worry, Ann. It's fine with me.

By the way, Ann. After Jack's death, are you still willing to work in the porn industry?

See, I'm not bothering her, Mom.

I'm not sure.  
Perhaps I'll  
talk about it  
with Eric later.

Well... It was  
because I needed  
money. But also I  
agreed to  
collaborate with  
Jack because of  
Eric's business  
with him.

**Margaret**

Why Eric  
though?  
Wasn't it your  
own decision?

Ah, I understand. But  
now that Jack is no  
longer here, you can  
explore other job  
opportunities  
outside the adult  
industry. Kira told  
me that your kids  
didn't like you to  
work in that  
industry.

**Lisa**

That's right. I  
was not too  
fond of it.

*It's just not safe. We always hear about terrible things happening in that industry. I didn't want Mom to be involved in it. But when Auntie told us that you're the director, and after meeting you, I'm no longer worried!*

*You weren't?  
Why not?*

\*MOUAH\*

AHHH

Lisa!!! What are you doing?

I'm thanking Margaret for her caring for you in the set.

Hehe. You are so sweet, dear.

*\*KISSING\**

Lisa's behavior towards Margaret is quite unusual. She has never been so open with anyone, not even with her close friends.
