

So, does that fantasy involve a particular teacher? Oh! Don't tell me it's Kristen?!

Hmm...

Nah, Mom! I'm not into any of my teachers. It just happens to be a fantasy of mine.

Nothing to it. Maybe we can move onto the next step now?

Oh. I almost forgot that the task hasn't been completed yet.

Woah... I didn't see that coming.

They never fail to shock me with these tasks... But unfortunately, it's already too late.

Well, it says: "Our lovely lady, after hearing about Lucas' sexual fantasy, we want to give you the opportunity to satisfy this wish. If you are able to do this, Lucas can confirm to us later whether his fantasy came true or not. Good luck!"

Lucas, I think you know my answer.

That's right.

Damn it! I wish I could say yes...

I know, Mom. We can't do it anymore.

Now is the right time!

Mom, is it that we can't do it because of Dad? Or is it that you don't want to do at all?

Umm... It-

Be honest with me, please.

It-It's... a difficult question to answer, Lucas. It doesn't matter anyway. We can't do it whether I want it or not.

It's because of Dad, then.

Perhaps...

I know... I wish this wasn't real.

Mom, tonight, Dad will most probably put an end to our unique relationship. We won't be able to have our special sexual moments anymore.

Can't we try out this task, one last time. A final farewell to what we had, with no regrets?

GRABBING

It isn't fair to stop it without a proper goodbye moment, Mom.

Please, Mom! One last time. Please!

Lucas...

L...Lucas...

One last time...? Y...Yeah, it's a good idea. W-Why not? If I'm going to end this relationship for our family's sake, why don't I give it a beautiful ending?

What do you say, Mom? I beg you to accept my request, please.

Is that a yes?!

Yeah, I do. Why do you ask?

Umm... May...

... Do you still have some money left, from what the organization gave you?

Some stuff?

Really? I just thought we-

We've got to go and buy some stuff to make your fantasy work.

Of course! A good fantasy needs some good preparation, in order to be convincing.

Enough chit-chat! Let's go!

*Wait up,
Mom!*

*Hehe. I was sure that
Mom still wanted me! I
had no idea that these
roleplay games would
help me so much with
her desires.*

*Come on, hurry
up! We only
have a few
hours left till
we have to get
back home.*
