

T-Toshiro... What are you doing here...?

What do you mean, what am I doing?
This is my home too, isn't it?

R-Right... I mean,
yeah, of course.

You just...
showed up kinda
unexpectedly.
Haha...

Well, you weren't
answering my
calls.

And you didn't call
me back either.
I was starting to
get worried.

W-Well
actually...

I was just... super
busy, you know?
Didn't really get
the time to call
back

Crap... in all this
chaos, I totally
forgot she has a
son too!

You should really
take a break
sometimes, you
know?

We've got enough
of Dad's money —
you don't have to
push yourself so
hard.

T-Thanks...
I guess.

Well, I'm here for a few days... until I head back for my studies.

W-Wow... that's so great...

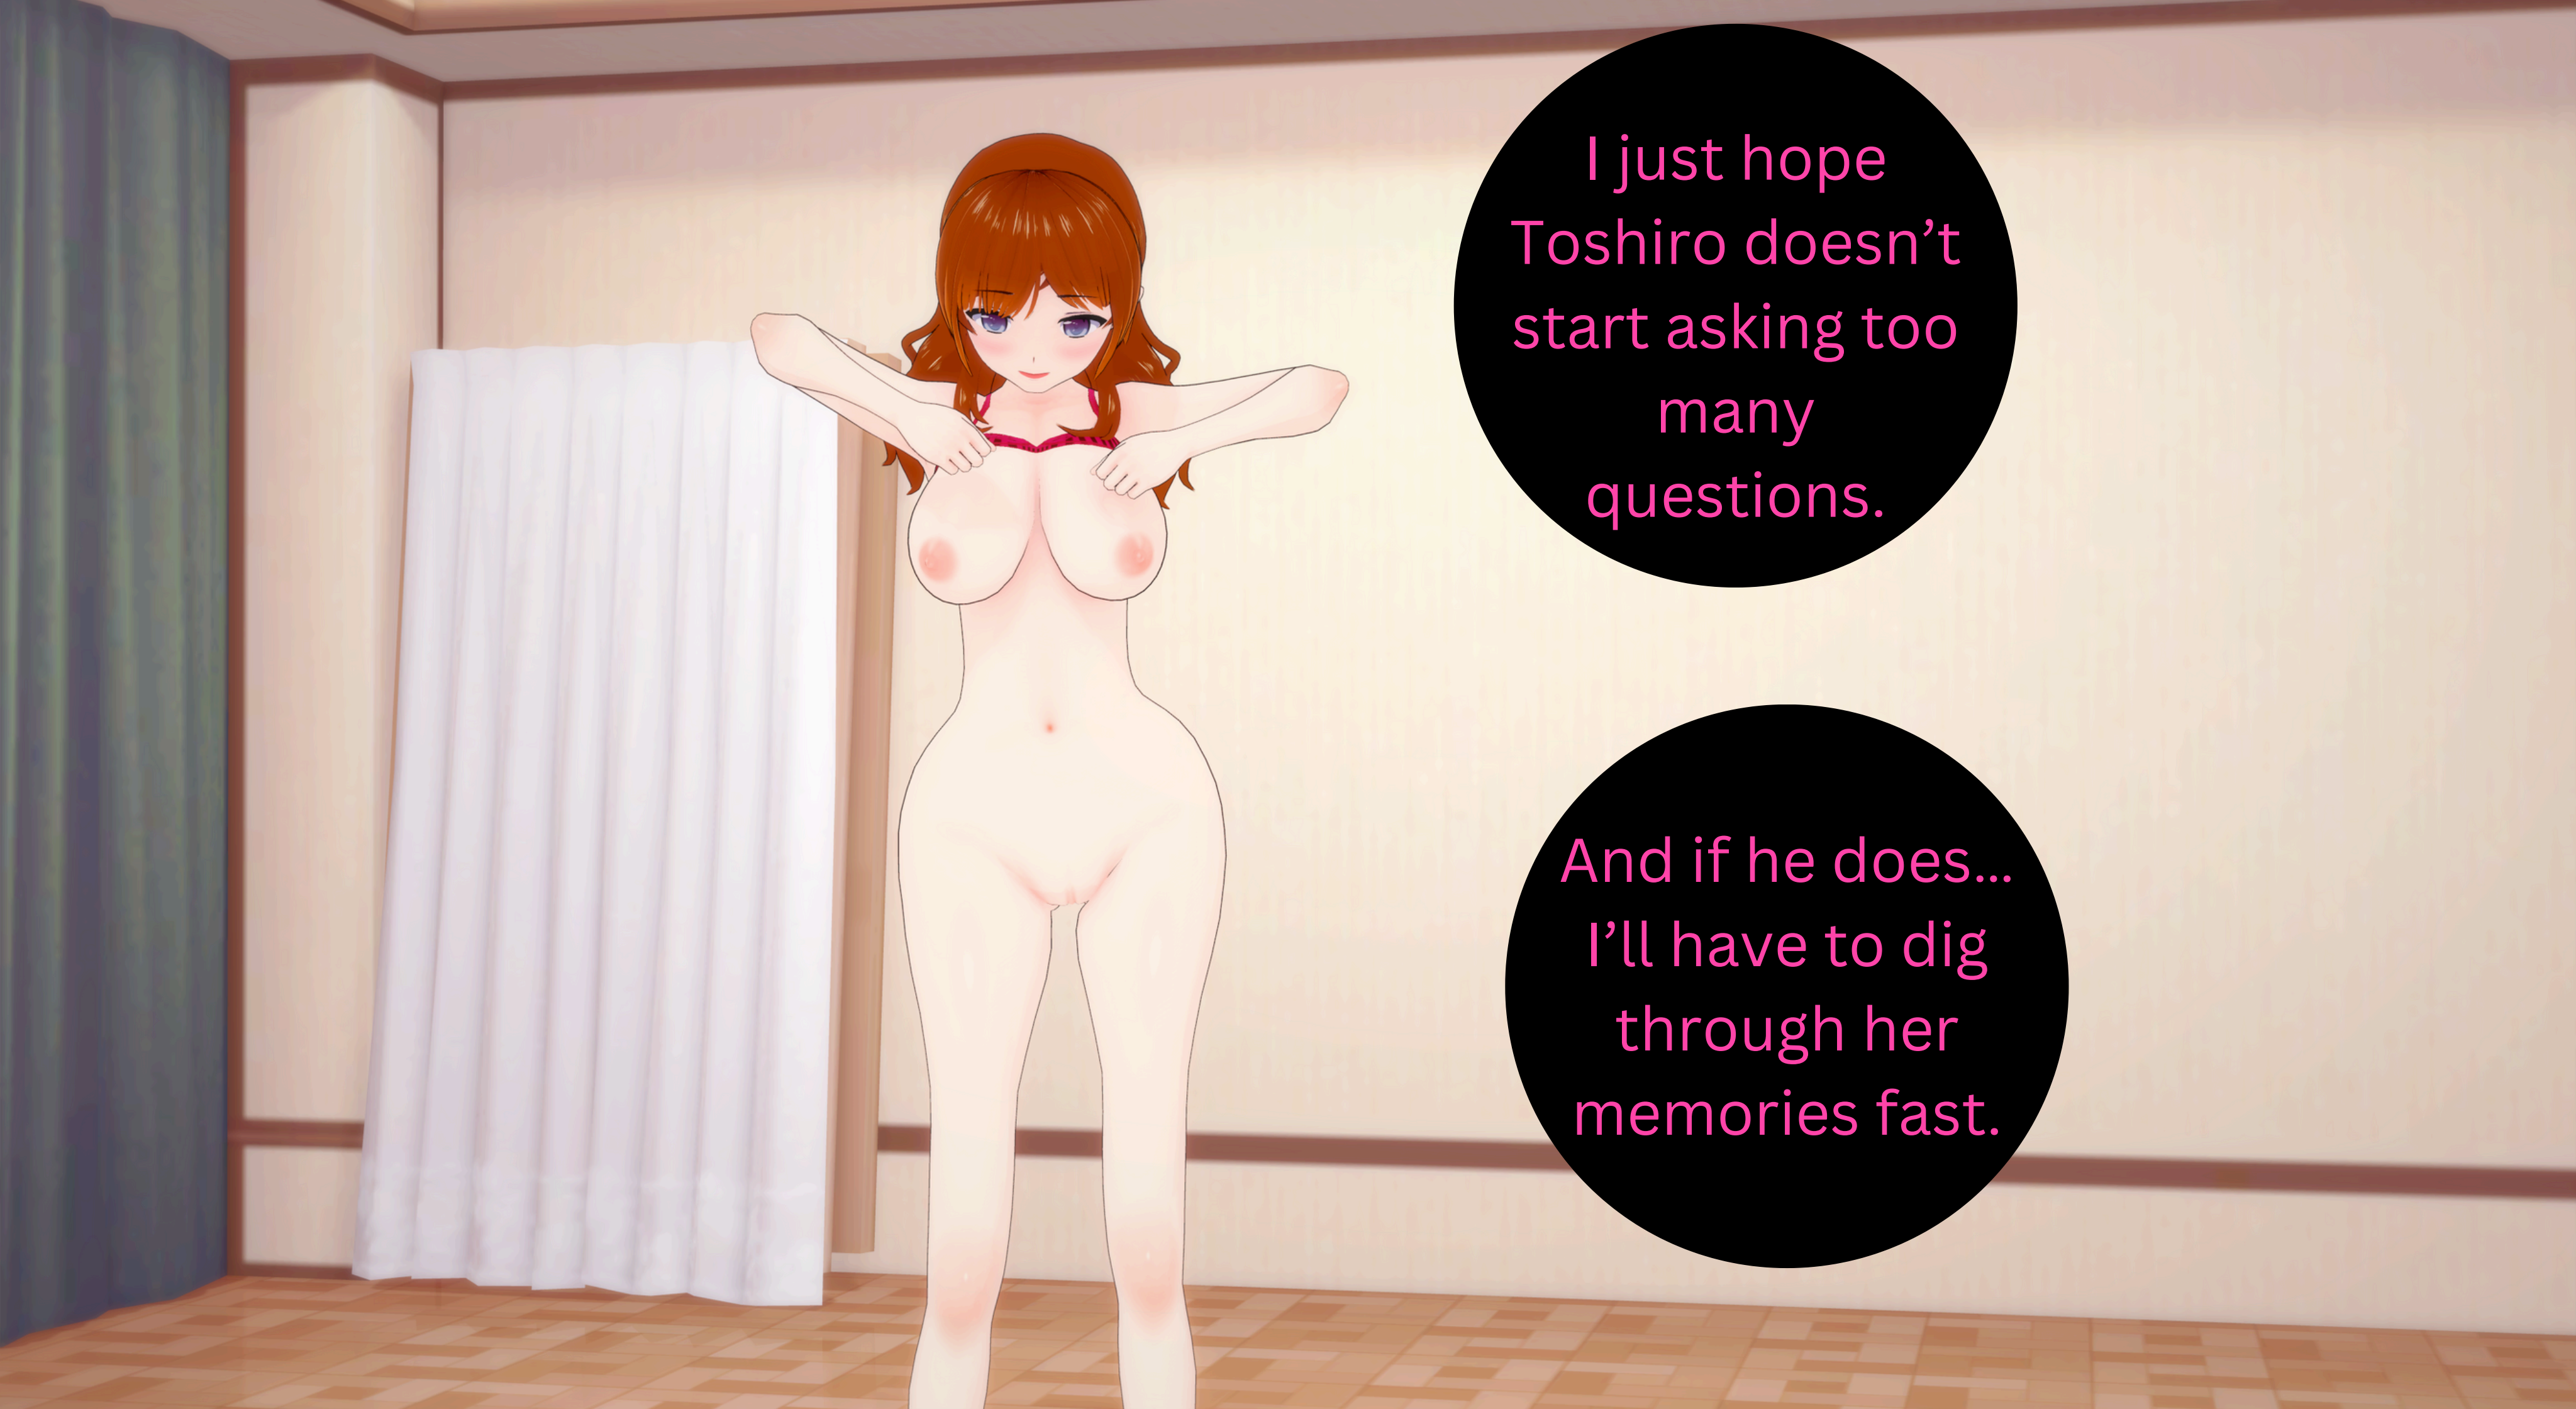

You should
freshen up or
something. You
look kinda weird.

Haha... yeah, I
guess I do.
I'll go wash up.

Haaah... I love
bathing as her...

I just hope
Toshiro doesn't
start asking too
many
questions.

And if he does...
I'll have to dig
through her
memories fast.

You know... I think I finally get why women wear bras.

Without one, I can barely last half an hour in this body.

Her breasts are
just that big...
How the hell did
she deal with this
back pain every
day?

Well... at least I
found a T-shirt and
pants. After
spending yesterday
trapped in a skirt,
this feels almost
normal.

18 years as a guy
Never once
thought I'd be
worrying about
back pain from
big boobs

At least I don't have
any actual work to
do as her. I could
just lay around or
play games forever
no mom to yell at
me

Well... let's just get going. Let's see what he's up to...

Can't you see Mom? I'm playing games.

Uhh... Toshiro?
What are you doing?

What game are you playing?

Mom, it's not like you know any games
And don't worry—
I'm not playing dress-up.

This little brat...
how can he talk like
that to his mother?
I never had the guts
to speak to my
mom like this, not
once in my life!

And did he
seriously just say
I don't know any
games?
That I'd only play
dress-up!? You
Nerd!

Wait... I'm his
mom now, right?
That means I can
say whatever I
want... and he has
to listen!

Heh... time to
use the oldest
trick in the book.
Just gotta say
what my mom
used to yell at
me.

Toshiro! Turn that game off and go study!
That's an order from your mom! No study, no food! Got it!?

Ugh... fine, Mom.
Man, when did
you get so
aggressive?

Good.
Now go to
your room and
study like a
good son!

Heh I'm
enjoying
this

By the way, since
I'm going to study...
You better start
cooking. I'm
starving.

Huh? What
you talking
about...?

Well Didn't you just say no study, no food? Well, I'm going to study. So... you go cook.

What the hell..
