Ah... We've talked about this, Juju! You have to stop writing to me! You are at my sister's age, for god's sake! I can't text with a 13 yrs old girl!

I know what you said... 😞 😞

Just let me show you this cool app than! It's really cool, I promise! 🤖

Listen if you won't stop this, I can't babysit you anymore... I have to block you here as well. I'm a grown up and you're a little girl! You need to understand that!

And from now on, call me Juliana ! 🙌 I'm the older one now, so you better show me some respect, Jay-Jay!

I hope you feel it now. How I felt. Being a young little boy, having a crush on a girl older than you...

Because, make no mistake, YOU are a little boy now. And you will stay that for many years...
