Dad wasn't home yet when I came into the kitchen.

"Something smells good," I said.

Mom was at the stove stirring the food. Her brown hair was in a ponytail that slightly bounced back and forth as she stirred. She was wearing a light gray tight sweater that hugged her ample ass that was wiggling along with her ponytail. I couldn't help but stare at her ass while I took my seat at the table.

Mom was in her early 50's but she worked out multiple times a week so she looked great compared to other women her age. But her greatest asset (pun intended) was her ass. She complained about it all the time. No matter her diet or how much she worked out she never lost any of her ass. It may sound weird but I was jealous of dad. Every time I stared at it I would fantasize about what it would be like to have her bent over or on all fours looking down at that wide ass jiggling away as I pounded away.

"Hey, I'm talking to you," mom said from the stove.

"Huh? I'm sorry I was um...daydreaming," which was the truth and it happened every time I thought of moms ass.

"I said we need to talk," she made her way over to the kitchen table and sat down at the table across from me. Her green eyes staring me head on.

"Okay," I said. I tried thinking of anything I could have done. I didn't party or do drugs and I kept up with my schoolwork. I couldn't think of what this could be about.

"I understand that your a young man and...you...have needs like any other 18 year old boy." I was confused dad gave me the talk when I was younger and I have been so focused on school and odd jobs I did around the neighborhood I didn't have time for a girlfriend.

"I um don't know why your saying this," I said. "Dad gave me the talk already years ago."

"I know honey and this isn't the talk. I just don't want you to be embarrassed."

"Embarrassed by what," I said confused.

"Well I was on the computer the other day."

Oh God I knew what was coming. We have only one computer and everyone uses it. I've been saving up for one mowing lawns and other small jobs.

"And you left some stuff open and the browser history was filled with the same stuff."

"Mom I'm so sorry," I said "I didn't mean to...I..." I didn't know what to say or do.

"Honey I'm not mad. I would've been mad if you got a virus on the computer." She said in a calm voice.

"I'm sorry," I said again.

"And if your father found out."

"Please don't tell dad!"

"I'm not going to. Like I said you were only doing what's natural for a boy your age, but you can't be looking at that stuff on the computer. We can't afford a new one. Is that clear?"

"It won't happen again."

"Good," she said.

She got up and went to the stove her ass moving in her tight jeans up and down. Even feeling embarrassed I couldn't help myself. She stirred the food on the stove and came back to the table and sat down again.

"There's one more thing," she said.

What now I thought.

"There were other things in the search history. Like male sex toys, fleshlights and stuff like that."

"I...umm." This was even more embarrassing mom knows I was think of getting a pocket pussy.

"Now I'm not mad about it, but you weren't planing on spending money on stuff like that were you?" she asked.

"I umm...maybe," I said.

"That would be a waste of money sweetie."

"I...I know."

"And I also know that it's not good for a man to be frustrated as you must be. Your grades could slip

or something worse could happen."

"It won't happen again mom"

"I know," she said. "But I still think you'll be frustrated and well...I've done some thinking and I want to make a deal with you."

"A deal?"

"Yes a deal that will help you get the frustration out so you don't waste your money on toys or your time looking up things that aren't as good as the real thing."

"I...I don't understand."

"Well starting now if you need a release to clear your mind you just come to me."

"I still don't understand mom?"

"Well...you come to me and I'll let you do me from behind."

I was stunned. This was some kinda joke or a dream. "Are you serious?" I said.

"Yes because I love you and watching that kind of stuff messes with you brain. I saw it on one of my shows." Mom watched all the lady day time talk shows. You know the ones where a group of women sit around and complain about stuff for an hour.

My cock was rock hard but I was still in shock I couldn't believe this was happening.

"So is it a deal?"

"Yes," I said nearly shouting

"Okay sweetie calm down. There are some ground rules that you have to follow okay?"

"Rules?" I asked.

"1. We are only doing it from behind. This isn't about making love. This is about helping you. So only doggystyle.

2. I'm in charge so if I say no we can't do it now you have obey me or the whole deal is off.

3. Your father can never find out.

Those are the rules okay?"

"I get to do you from behind?"

"Well I figured it the easiest and most...what the word...animalistic. Like I said this isn't going to be making love...it's gonna be wham,bam,thank you ma'am," she giggled. "So yes you get to do me doggystyle but only if you agree to the rules."

"Yes," I said. "I can't believe this."

"Believe it," she got up and went to the stove and stirred the food. She then looked at the clock on top of the stove than at me. "We have about 20 minutes till your dad comes home. Do you want to have your first go?"

I couldn't say a word I was so stunned.

"I'll take the silence as a yes." She smiled, "we'll have to do it in the kitchen I don't want the food to burn."

I nodded my head up and down.

"Good," she said and then unbuttoned her jeans, pulled them down along with her underwear to reveal a healthy bush. She turned towards the counter and bent over. "Well come on we only got a few minutes."

I leapt out of my seat and ran over behind her. Her ass was glorious. So big and thick. I touched her ass cheeks with both my hands and spread them. Revealing her hairy pussy and her tiny rosebud asshole.

"Wow, thank you for this mom," I said in awe.

"You're welcome sweetie, but you can admire my bottom some other time. Right now we kinda have to hurry," she said looking back at me over her shoulder.

"Oh sorry," I said keeping my left hand spreading her left cheek. I dropped my shorts and I grabbed my hard as steel cock with my right hand and aimed it towards her pussy. But then I stopped.

"Do I need to use a condom?"

She looked over her should right into my eyes, "baby my tubes are tied and we're both clean so no condom needed, so put it in and fuck me or you're gonna have to wait for another time," she said in a stern voice.

Without hesitation I guided the head of my cock into her pussy. It took a moment to find the right spot, but then it slid right in.

"God you're so tight," I moaned. I let go of my cock and her left ass cheek and placed both hands on her wide hips. I then slid a little more of my cock in.

"Oh God you're so big," she said in a moan.

"You're so tight mom and warm."

I grabbed her hips and shoved it as hard as I could, I just couldn't help myself. She let out a yelp. It also caused a loud clapping sound that echoed in the kitchen, and her ass jiggled as I looked down at it. She braced her self by grabbing onto the counter with a good grip.

"Damn baby, give a girl a little warning next time," she said looking at me over her shoulder.

"Sorry mom." I said, which seemed like a weird thing to say considering my cock was all the way inside her pussy and I was humping her from behind.

"Don't be sorry. Now fuck me and cum quick," she yelled at me looking over her shoulder.

I was at a loss for words. Her pussy felt so wet, warm and tight. I knew I wasn't going to last long. So I took a deep breath, while I looked down at that juicy ass. I pulled halfway out and pushed it balls deep again slowly. In and out I went, faster and faster I went. She then turned her head away from me as I picked up speed. I looked up at her head, her ponytail was moving from place to place on her sweater each time I slammed into her. I thought of grabbing it, but didn't want to push my luck.

"Come on baby," she said through her moaning, "cum for me."

I was going as fast as I thought I could. I looked back down at her ass it was wiggling like a bowl of jello. I knew I was about to cum soon. Her brown eye kept showing itself every time her asscheeks bounced open. I was moaning and grunting as the kitchen was filled with the sound of our bodies slapping together. I felt my balls start to tighten.

"I'm gonna come mom," I yelled.

"Do it," she yelled.

I lasted only a few more humps.

"I'm cumming," I yelled. "Mom I'm cumming."

I slammed into her all the way pushing her forward onto the counter almost causing her to head to hit the wall. My cock exploded cum, 7 or 8 spurts it was hard to keep count. I was trying to speak but I could only mumble and groan. She was on her tip toes, her chest and stomach covered in her grey sweater was flat on the counter, her hands flat on the wall in front of her pushing herself back so her head didn't hit the wall and her ass was pressed flat against me.

I was breathing heavy. "That was awesome mom," I said looking down at her ass. I took my hands off her hips and placed one on each of her ass cheeks spreading them wide. I was kneading her ass cheeks, opening and closing them while looking at her tiny asshole completely lost in the moment.

My cock was still hard and I wanted to keep humping. I kept staring down at her ass until I heard her say something.

"Huh?" I said.

"You can pull out now," she said looking back at me.

"Oh sorry," I said as I pulled out of her with a pop.

"Better than wasting money on a toy?" she said standing up. Cum was leaking from her pussy and running down her leg.

"Yes mom, thank you for this" I had cum so hard my legs felt weak.

"Remember the rules and this can continue," she said with her pants around her knees and my shorts around my ankles . My cock was still hard and pointing at her.

She looked down at it and said, "looks like someone is ready for another go. Too bad we don't have time."

Just then from outside we heard a car door shut. It was my dad home from work. We had finished just in time.

"Hurry get dressed," she said in a panic.

I pulled up my shorts and mom quickly pulled up her panties and jeans and buttoned them. I ran to my seat at the table and mom took her place at the stove stirring the food as dad walked through the door. My whole body felt tingly from cumming so hard and my cock was still hard and tenting my shorts. I tried to keep calm as dad came in.

"Hi honey," mom said as if what happened in here moments ago never happened. "Foods almost done," then she gave him a kiss on the cheek.

"Smells great in here," dad said.

I woke up at seven am to the sound of my alarm clock. I had a class at the local community college at ten. So I got up and got dressed and went downstairs.

After last night I still wasn't sure if mom was mad at me or not. Once dad came in she acted normal. There was nothing in her tone of voice that said she was mad at me for the pounding I gave her ass when my cock accidentally went in her tiny hole.

I went past the bathroom. The shower was running. It must be dad cause he always showered in the morning. I went to the kitchen, then into the living room.

Mom was in the living room watching the morning news. Some new horrible thing was happening somewhere in the world.

"Morning mom," I said looking at her from the doorway. She was still in her pjs. A loose fitting t-shirt and an old pair of jogging pants.

"Mom are you mad about yesterday."

"No sweetie I'm not mad," she said looking at me. "It just took me by surprise when it went in."

Our conversation was cut short when the shower turned off.

"We'll talk more when you get home from class," she said.

"So the deal is still good?" I asked thinking since it happened that it was over.

"Yes baby the deal is still good as long as your grades stay up. Now go on and get ready for school."

I did as she said. Relieved the whole time knowing that I did blow it by not taking my cock out of her ass right away and instead fucking it like my life depended on it.

I ate and got ready to school. I left at around nine. Class went fine, but from time to time my mind drifted to mom's big ass and fucking her wet hairy pussy. Also, that dad would be working till five and I would be getting home at one so I hoped she would let me do her again when I got home.

Class was over and I started my way home. Thinking about mom's big soft ass the whole way.

I got home a little after one. "Hello," I said as I came in, but there was no answer. I shut the door and took off my shoes.

Mom wasn't in the living room or backyard. So I went up stairs to put my back pack away. I figured she was out for a jog or something.

I passed my parents room and opened my door to my room to the sight of mom in doggystyle position on my bed facing the pillows. She still had on her top, but her big juicy ass was bare. Her panties and jeans lay on the floor next to my bed.

"God damn," I said. Never will that sight ever not stop me in my tracks. I dropped my back pack on the floor.

"Hey honey," she said looking over her shoulder. "I thought we could talk and you could get your release at the same time, kill two birds with one stone."

"Wow mom sure," I said stripping my clothes off quickly as I made my way to her bed. My cock was rock hard and pointed up leading the way to her.

I got on my knees and maneuvered my way behind her. She put her head down on the pillow in front of her and reached back and spread her asscheeks reveling her hairy snatch and her asshole. Her tiny rosebud was wet and shiny.

"You may notice," she said in a high pitched Betty Boop voice, "that I have already lubed up my little asshole. So if my big strong man wants to, he can fuck me up my tight butthole or he can just do my warm pussy."

"Wow, really you'll let me do you up the ass after yesterday?"

"Baby yesterday it took me as a surprise. Truth be told I do like to take it up the butt sometimes, but your father isn't into it." she said in her normal voice

"He must be stupid," I said lining my cock up with her pussy.

"That's your father you're talking about so you show some respect," she said in an angry tone.

"Sorry," I said. Not wanting to make her mad.

"It's okay just don't speak of him that way again."

"I only meant that if I had a wife with a body like yours she would probably have to beat me off with a stick," I said this as I pushed the head of my cock in.

"Oh my, you choose the pussy," she let go of her ass cheeks causing them to wobble back in place. "I thought for sure you would want my ass."

I placed my hands on her hips and pushed more of my cock in slowly. She was so wet and as always very tight.

"I was wondering if I could do you...God you're tight...in your pussy first than your ass?" By the time I finished the sentence I was balls deep in her. I started pumping in and out of her slowly. Her

wet pussy making slurp sounds as I started going a little faster.

"Sure baby, but when you do fuck me...god baby you're so hard... in the ass don't just hammer it in, do it slow at first than you can go faster."

"So none of this?" I started pounding her out of nowhere as fast as I could go. The headboard started knocking against the wall. Her head was still on the pillow and her arms to her sides. She was making an ah ah ah sound really fast the whole time I pounded her. Her ass was jiggling all over the place. Here lubed asshole kept showing itself and my room was filled with the clapping of my body slamming against her ass.

I kept this pace up for about thirty seconds then returned to my slow pumping.

"None of that mom?"

"Oh...oh...my...no none of that in my ass," she said breathing heavily and moaning as I started humping a little faster.

I gave her a spank on her right ass cheek with my right hand as I picked up the pace again. She moaned. I gave her two more on each cheek. Then returned my hands to her hips and started really fucking her.

Looking down at her ass jiggling away and her tiny asshole that would show it self when her ass bounced open, then down her back to her head was like looking down a slide at a playground. I got an idea then. I stopped pumping.

"Why did you stop!" She looked back at me.

I didn't answer. From my knees with my cock still in her pussy I got up on my feet one on each side of her legs. I think they call it the frog position. With my hands still on her hips I started pounding her hard.

"Oh...ga...ga...God...you're so deep," she yelled. She was moaning and her soft doughy ass was bouncing all over the place.

I reached up to her head with my right hand as I was slamming into her and grabbed a handful of her hair. I pulled her hair, this caused her head to come off the pillow.

She was muttering, cussing and moaning incoherently as my balls were slamming against her.

"You like that?" I yelled as I pulled in her hair harder. "I said do you like that cock?"

"Ye...yeeeeesss," she yelled back. My thighs were burning from being in this position. So I slowed down my humping, let go of her hair and dropped back down to my knees.

I gave her right cheek a hard smack causing her to make a yip sound. I gave her right cheek two

more good ones. She yipped each time.

As I was humping her at a steady pace , her ass jiggling away. I took my left hand off her hip and spread her left ass cheek. Her asshole was glistening with lube. I took my index finger on my right hand and aimed it at her tight brown eye. In one swift motion I pushed my finger in. She let out a loud moan.

"You like that finger in your ass?"

"Oh god yesssss," she said.

"Gotta get that ass ready for my cock."

I started moving my finger back and forth in her ass. Going faster and faster as I humped my mothers pussy. Her asscheeks were going crazy like a full bowl of jello.

After a minute or two of this I pulled my finger out and then after a few more pumps I pulled my cock out of her with pop.

"Spread your ass cheeks again," I said

She did and she knew what was coming next.

"You gonna fuck mommy in her tiny asshole again baby?" She said in a high pitched baby talk voice. "Is that what my lil baby wants? To put his long hard cock in my little tiny asshole?"

"You damn right I do," I said lining up my rock hard cock that was covered in her pussy juices and aimed it at her lubed asshole. But just when I touched the head of my cock to her rosebud the phone in my parents bedroom rang.

"Baby wait, go get the phone."

"What? Right now?" I said angry at who ever would interrupt this moment and that mom would be okay with the interruption. "Can't you call them back later," I said sounding a little whiny. I started to rub my cock head around on her asshole.

"Go get the phone now!" She said glaring over her shoulder at me.

That glare sent a chill down my spine, mom rarely gets mad but when she does it's scary.

"Okay," I said feeling like I was a little kid again.

I went and got the phone from my parents room and brought it back to mom, my cock pointing the way the whole time. She took it and stayed in doggy position on my bed, but propped herself up on her elbows and held the phone with her right hand to her right ear.

"Hello," she said after she pushed the talk button.

I stood there standing next to the bed not sure if we were done or if I should just stand there and wait till she was off the phone.

"Yes, sure," she said to whoever was on the other end of the line. Mom then looked over at me and put her hand over the phone and said in a whisper, "what are you doing? Get back to it." She cocked her head in the direction of her rear.

I was amazed she wanted me to hump her while she was talking on the phone. I didn't question it though. I got back on the bed and got behind her on my knees. I spread her left ass cheek with my left hand and I aimed my cock at her tiny asshole with my right hand, I looked at the back of her head wondering if it was okay to push it in. But she gave no answer she just kept on talking on the phone. So I thought what the hell and I pushed my cock head into her ass. With the lube that she put on and her pussy juices on my cock, it slipped in with just a little force. The tight ring of her asshole around my cock head made me moan. I tried to keep it quiet.

I pushed more of my cock in. I was trying hard not to moan again, but mom let out a tiny whimper.

"Oh nothing mom, just a tiny pain," my mother said to the person on the other line. It took a moment for me to realize that she said mom...And I knew she was talking to my grandmother who lived a few streets away.

It made it even hotter for some reason that here I was with my cock in my mom's ass while she was talking to my grandmother on the phone.

I pushed my cock all the way in so that my balls rubbed against her pussy. I started to pull out slowly then push in slowly. I didn't want to go too fast and make too much noise. I used both hands to spread her cheeks and I watched as my cock got swallowed by her asshole.

"I'll be fine. It comes with old age," she said. "You're right mom getting old is a pain in the ass," she giggled knowing that she was really talking about the cock shoved up there and not old age.

I was pumping slowly trying not to make a sound or to make mom make a sound. I was so turned on by the whole situation and the pussy pounding I just gave mom that I was ready to blow.

I knew if I started cumming while in her ass I would start pounding into her as hard and fast as I could, and with mom on the phone having small talk with grandma I knew that wasn't an option.

I took my right hand and started tapping her lower back. "Mom," I said quietly, "mom."

"Hold on a second mom," she turned her head to look at me and covered the bottom of the phone with her hand so grandma wouldn't hear, "What is it?"

"I'm gonna cum," I said softly.

"Well do it," she said in a whisper, "but quietly."

She turned her head away from me and got back to talking to grandma. "Oh nothing...yeah that was him...you know nothing much...just whatever boys do in there room." If only grandma really knew what her grandson was doing in his room right now.

I kept pumping into mom and I started to go a little faster. Looking down at her ass as it started to wiggle and jiggle just a tiny bit. I fought the urge to slam into her and I knew I couldn't cum in her ass cause I would want to start humping her as fast as I could, then I got an idea.

After a few more humps I pushed my dick all the way in balls deep, then pulled it all the way out really fast. My cock came out of her ass with a pop.

"Oh god," she said in surprise when I pulled it out.

I started stroking my cock with my right hand as fast as I could and with my left hand I spread her left ass cheek open.

Mom looked back at me and saw what I was doing. "Oh nothing I almost dropped a glass," she said to grandma.

I started to cum as I was looking at her wet hairy pussy and asshole. I groaned a little too loud each time a spurt of cum shot out of my cock. The first stream of cum landed in between her ass cheeks right on her asshole and then another shot out onto her lower back. Four more spurts came flying out every which way as I stroked the cum out of my cock.

When I finally stopped cumming mom's ass was covered in my cum.

"Oh wow," I said looking down at her ass as I was breathing heavily.

Mom was still looking at me. She had watched me cum all over her ass.

"Oh that sound," she said to grandma on the phone, "that was just the T.V.....yeah I guess it did sound like someone was having a good time."

She smiled and gave me a wink.

I was still stroking my hard cock slowly while I was looking down at my mother's cum covered ass. My left hand was still spreading her left cheek showing off her asshole. My fingers sinking into her doughy ass cheek. Her little asshole and hairy pussy were covered in cum, along with both her ass cheeks and lower back.

"Yeah I'm sure he will, I'll ask him later." She was still talking to my grandmother on the phone. They went on with their small talk for awhile and mom seemed in no rush to get cleaned up. So after a minute or so of them talking and me still stroking my cock that was still rock hard and moms tiny butthole in front of me I thought what the hell.

I aimed my tip at her asshole. Her and grandma were talking about getting lunch or something next weekend. When my cockhead touched her asshole she looked back at me. I looked her right in the eyes. Her gaze was neither happy or mad. She was still talking to grandma the whole time she was looking at me. I pushed my mushroom tip back in her tiny tight asshole while she was looking at me. Once I was in halfway she turned her head away and continued talking.

I took both my hands and started rubbing in the cum that was on both of her ass cheeks and I slowly pumped in and out of her. It was like rubbing lotion on her soft big ass cheeks. When I pushed in my cock slowly I spread both her ass cheeks as wide as they would go and watch her asshole swallow up my cock til I was balls deep. Then while I pulled out of her just as slow I pushed together her cheeks together really tight till just the tip was left in her rosebud.

I kept doing this, spreading her asscheeks and pushing my cock in, then pushing her cheeks together and pulling my cock out, for what seemed like forever. Time seemed to have stopped every time I fucked mom.

During all this mom just kept on talking like everything was normal. Like it was normal to be getting buttfucked by your own son twice during a phone call with your own mother on the other end of the line.

After a few more in and outs while I was spreading and then pushing moms asscheeks together their phone call was finally reaching an end.

"Yeah I'll remember to ask him," mom said to grandma. "Love you too ma...alright...okay...bye now." She then hit the end call button and let out a loud moan.

Knowing that I could finally pick up the pace without worry about grandma on the other line I did. I took both hands off her asscheeks and put them on her hips and started going to town. Her big ass jiggled all over the place while I really started to give in to her ass.

"I can't beli...oh oh fuck...believe that you're still...oh god...hard...after...uh uh uh...cumming that much," she said while I was pounding her.

"You make me this hard mom," I yelled inbetween grunts while I fucked her asshole like a wild animal. I gave her right ass cheek a hard smack. She let out a loud moan.

"Baby you ...fuck mee...gotta cum soon...I have to get cleaned...fuck...up and make supper...cum...baby...mmmmmm," she said looking back at me.

"I'm real close mom," I said

"Do it baby," she said in a betty boop baby talk voice. "Is my baby gonna...uh uh uh...cum in his mommys...fuck yeah...mommys tight lil asshole."

That sent me over the edge and I started cumming for the second time in the last twenty minutes.

"I'm cumming," I yelled

Mom let out a load animalistic groan and I started to cum in her ass. My thrusts were a blur as my hands held onto her hips. I was grunting and groaning as I pushed my cock as far as it would go in moms asshole. My balls were the only part left out but I kept pushing.

When I finally stopped cumming I pulled out of moms ass with a pop. I was breathing heavily. Looking at moms ass that was covered in my cum and also was now filled with it.

"Wow," I said.

Mom got up and off the bed and gathered her panties and pants. She didn't put them on though.

"Think I need a shower after that and you should do some homework before dinner," she said as she walked out of my room without her bottoms on. Her big ass jiggling with each step she took. I stared at her ass from the middle of my bed in awe.

After mom showered she started supper. I took a shower as well. Then I made my way to the kitchen.

Mom was dressed and making dinner. I took my seat at the table.

"If you didn't know, that was your grandma on the phone while you were getting your release...and twice I may add," she said.

"I'm sorry mom. I just couldn't help myself...you just...make me so hard."

"Honey, I'm not mad. It seemed like you really needed it with the loads you shot out," she said with a laugh. "I'm just glad you listened and were quiet while I was on the phone with grandma."

"Well I don't want her or anybody for that matter to know," I said

"Well that's for sure."

"Did grandma call for a reason or just for small talk?"

"Both. She actually needs you to go over there tomorrow and help her move some stuff."

"Tomorrow?" I said with what must of been a look of disappointment. I had no plans and dad would be gone all day. I was hoping to pound mom atleast a few times. ...if she would let me.

"Now I know what you're thinking and I think you can go a day without getting my pussy or pounding my ass," she said with a smile.

After she said that we heard a car door and knew dad was home.

"And it's not like you have to run to grandmas first thing in the morning," she said with a wink.

The rest of the evening went normally. We ate and acted like I didn't buttfuck mom twice that day.

Laying in bed that night and going through what happened earlier today right on this very bed was making it hard to get to sleep. My cock was rock solid, but I didn't want to waste it jerking off.

Some how I made it through the night.

My alarm clock woke me up. I made my way downstairs. Mom wasn't up yet and dads car in the drive way was gone so he left early to work. I got something to eat. Then I got dressed.

By the time I got dressed mom was up.

"Morning sweety," she said with a yawn. She was still in her pjs.

"Can't seem to wake up today," she said. She got breakfast and then she decided to take a shower to wake up.

I didn't have to be at grandmas till 11am so I had time for a release, but didn't want to bother mom just as she got up. I heard the shower start.

My cock got hard thinking of moms plump breasts and round ass being covered with water and soap. I had to fight the urge to just walk in there. I tried to watch tv to take my mind off her, but my cock was so hard.

It seemed like she was in there for hours when the water finally shut off. I couldn't wait any longer knowing I would be spending all day with grandma and not moms big warm ass.

I made my way to the bathroom and knocked on the door. There was no answer, so I knocked again. Still nothing. So I slowly opened the door.

"Mom," I said. The room was steamy, but then I saw her. She was on all fours resting her elbows on the tub. She had a towel wrapped on her head, but nothing else on. This was the first time I saw mom totally naked.

"Well come on," she said looking over her shoulder at me. "Don't want to keep your grandmother waiting." She gave her ass a wiggle.

I made my way over to her taking off my shorts on the way. I dropped to my knees right behind that big round ass. I guided my cock into her pussy and placed both hands on her hips. I started to grunt while my cock started to pick up speed in her slippery warm tight pussy. She was moaning too.

I leaned to the right side than the left to stare at her tits that were jiggling like water balloons. She looked back and noticed what I was doing.

"You like mamas tits?"

"It's just that...so tight...it's the first time I've seen them." I started to pick up the pace. Her ass was jiggling and wiggling all over the place. Her pussy was making a slurp sound and the bathroom filled with the clapping sound of me slamming into her soft ass.

"I thought...oh fuck yeah...you were...fuck...oh god...fuck me...were an ass man? " she finally got out as I was pounding her hairy pussy.

"Oh I am, but that doesn't mean I don't like tits." As I was saying this I moved my right hand from her hip and placed my thumb on her asshole and pushed it in. She let out a loud moan.

"Just your thumb...uh uh uh uh...today my ass...fu...is still sore from that poun...poun...pounding you gave it yesterday...jesus christ."

"You want me to take my thumb out?" I was really give her pussy a beating.

"Your thumb is fine...but nothing bigger...ohhhh godddd, " she yelled.

I pounded into her for another minute or so then mom said something I would never forget.

"Baby you wanna cum on my tits?"

I couldn't even answer, but she knew what the answer would be.

I felt my balls tighten as I pulled my cock out of her pussy and my thumb out of her tiny asshole. I jumped to my feet and with my right hand gripped my cock and started stroking it fast. Her pussy juices covered my cock.

Mom turned around fast, cupped her breasts and held them up for me to cum on. She looked up at me, but didn't say anything.

Her tits were round and she had pepperoni sized nipples that were hard and pointy.

I started to cum almost as soon as she got in position. I was moaning and mumbling as I was cumming. I was also trying to keep my footing and not fall over.

The first rope of cum hit her above her tits.

The second rope hit her left tit right above her nipple.

The third hit her right tit right on her nipple.

The other four or five shots went all over her tits and chest. When I was done it looked like I had just done the greatest pollock painting ever.

"Looks like I'm gonna have to take another shower," she said laughing while looking down at her tits, "and you should get going to your grandmothers."

It was a few days after mom let me see and cum on her tits. And here I was fucking her as soon as dad pulled out of the driveway. She bent over the couch arm and pulled up her sun dress. She wasn't wearing any panties so her big bare ass and hairy pussy were in view.

My cock got instantly hard. I dropped my shorts and guided my cock into her pussy. I pounded her as if my life depended on it. Her ass was jiggling like crazy. She was moaning and making sounds like she was trying to say something, but I wouldn't let up. Mom was on her tip toes as I pounded away. Clapping sounds filled the room.

"I gonna cum mom!" I yelled.

"Fucking do it!" My mother yelled back at me.

I pushed my cock in as far as it would go onto my mothers tight pussy. Her feet lifted off the ground as I held her in place. I was groaning like a mad man as I pounded into her and my cock filled her pussy with my seed.

After about a minute I let moms feet touch the floor again and slid my cock out with a pop. Looking down at her ass while she was still bent over I gave her a hard spank on her right ass cheek. She let out a moan.

"Thank you mom," I said as she slowly got up.

"All in a mothers duty," she said back at me with a laugh as she let her sun dress fall back into place. "That was a hell of a humping you gave me baby, better than all that porn you were watching?" she said as she walked into the kitchen. I followed behind pulling up my shorts.

"Yes!" I said, and sorry about humping you so hard." And I did mean it.

"You don't have to be sorry baby," she said. "I didn't say you couldn't. It's all part of the deal. Plus if you haven't noticed I have a lot of cushion for the pushing." She said with a laugh.

"Oh, I've noticed. Have you always had such a great ass?" Talking about her ass was getting me hard again.

"Ever since my teens," she had got us both something to drink. "And you know grandma has a big ass like mine. So I guess like the saying goes I got it from my momma"

And I did notice, my grandma was a sweet old lady but her ass was just like mom's. Not that I've seen her naked or anything. Just going on what I've seen when she wears jeans.

"I've noticed," I said.

"Have you been checking out your grandmother," she said with a cocked eyebrow and a sly smile.

"I uh...ummm..uh," I stuttered.

She laughed. "Honey no need to be shy. A great ass is a great ass and doesn't she have a great ass?"

"Yes she does," I said. All this talk about ass was making my cock hard and mom noticed.

"Your getting hard again! Well it has been," she looked over at the clock, "ten minutes since you had a piece of ass."

"It's all this talk about ass and well...maybe I could have an actual piece of ass?"

"You mean anal?" She said in her pretend ditzy voice.

I nodded my head.

"Hmmm I don't know," she put her finger on her chin and a thoughtful face while still in her ditzy voice, "my little man wants to hump his mommy in her bum?"

"You know it."

"Well...hmmm..okay, she said.

I dropped my shorts and my hard cock sprung up.

"Go get the lube silly," she said in her normal voice.

"Sorry," I pulled up my shorts and basically ran to her bedroom.

"Don't run! My ass isn't going anywhere!" She yelled from the kitchen.

So I slowed down and went into my parents bedroom. Went into the top drawer and got the lube. But when I got back to the kitchen mom was gone.

"Mom!" I yelled. I looked in the living room. Expecting her to be bent over in there, but she wasn't. I yelled mom again.

"Down here!" I heard her yell. She was in the basement.

With the bottle of lube in my hand I went downstairs. When I got down there mom was folding laundry by the washer and dryer...and she was completely naked.

"Oh wow," I said out loud. This being only the second time I've seen her completely naked. Her big ass on full display.

She turned when she heard me. Her tits jiggling slightly.

"I remembered I had laundry to do, so if it's alright with you we can do the deed down here?"

"Like I'm gonna say no!" I said taking off my shorts.

She laughed

"I got the lube," I said showing in to her as I walked over to her. My cock pointing the way.

"Alright then, lube yourself up while I put a load in the washer," she pause then smirked, "and then you can put a load in my bum."

And with that she turned around to the washer. Her ass wiggling slightly as she moved. I squirted a generous amount of lube on my cock.

"Ready mom," I said.

She shut the washer lid and looked down and my raging hard lubed cock.

"Well he looks ready," she said

"He is!"

She bent over a little resting her elbows on the dryer that was already running.

"The dryer has a few more minutes left so lets see if we can finish before the dryers done." She said looking over her shoulder.

"Yes ma'ma!" I said moving behind that great plump ass I have gotten to know so well.

"So polite, somebody must have raised you right."

"Only the best mom in the would," I said as I spread her left ass cheek with my left hand, revealing her rosebud and pussy.

"You only say that cause your mom lets you fuck her in the ass," she said turning her head away from me.

"Don't forget she lets me do her pussy as well," I said as I put my cock head on her tiny asshole.

She laughed, but her laugh turned to a moan as I slowly pushed my mushroom tip through her resisting asshole.

I let out a moan as well when her ring enveloped my tip. I pushed a little more of my cock in. Then

let go of my cock and her ass cheek and grabbed her hips. Her left cheek wobbling back in place.

It had only be a few days since the last time my cock was in her ass but it felt like it had gotten tighter.

"You're so tight," Said through a moan.

"Do your thing honey," she said.

"Okay mom," I said pushing more of the cock in.

My cock was now about half in and more was being pushed in by the second.

Mom kept mutter "oh god" and "so big" as I pushed my cock in ever so slowly.

A few moments later I was all the way in. I could feel my balls on her pussy.

"I'm all the way in mom."

"You're so deep."

I started to slowly pull my cock out and slowly push back in.

"You like my cock in your ass?" I asked giving her right ass cheek a smack.

"Yes I do," she said through a moan.

I started to pick up the pace. Her ass started to jiggle. Her moans grew louder. The sound of are bodies clapping together grew louder than the washer and dryer.

Her ass shook all over the place as I looked down at it swallowing up my dick.

I was really pounding her now. She was moaning like she was possessed by a demon.

"Whos ass is this?" I yelled slamming into her as fast as I could.

She looked over her shoulder at me but didn't answer.

"I said whos ass is this? I yelled again. This time I gave both her ass cheeks two good smacks. She let a yip sound after each smack.

"It's your ass," she yelled, "It belongs to you!"

I felt my balls tighten and knew I was about to cum. I was pounding her as fast as I could go.

"Mom! I'm cumming!" I yelled

I slammed my cock all the into her balls deep. She let out the most animalistic moan I had ever heard. I'm sure I sounded like that as well.

Cum was spurting out of my cock into her big ass while I was moaning and groaning.

When I finally finished I looked down at her ass and started to slowly pull my cock back and forth in her ass.

"My god your still hard!?" Mom said to me looking over her shoulder at me.

"With the ass that you got," I said looking into her eyes, "my cock is always hard."

Just then the dryer stopped

"Reminded me to thank grandma for giving you this ass next time I see her." I said giving her right ass cheek a smack.

"Yes Sir," she said with a giggle as I continued to slide my cock back and forth in her ass.

I had my hands on her hips as I was still fucking moms tight asshole.

"I still can't believe you're still hard," she said.

"Do you want me to take it out?" I stopped moving.

"Well that's up to you," she said looking over her shoulder back at me, "and in case you didn't know your dad is gonna be home all weekend so you might as well get everything out of you system. I don't want you getting tempted to look at porn just because we couldn't get any alone time."

"Oh man I'm gonna have to go all weekend without any release!" I said kinda whiny.

"Now you listen," she said in her stern mom voice, "I will not tolerate any whining. This is a mature thing we are doing and I expect you to act like an adult or the deal is off. Is that clear?"

"Yes ma'ma," I said not wanting to make her mad. Which was weird to think with half of my cock in her ass.

"Okay. Good," she said. "Now if your gonna keep humping my ass you're gonna have to do it while I fold the laundry."

She then pushed her ass back hard and fast causing my entire cock to go into her ass. I let out a surprised moan. Then pulled forward just as fast causing my cock to pop out of her ass.

"Oh god," I said. My hands still on her hips as she stood up.

"Let me collect the laundry and we'll continue at the table," she said.

"Okay," I said watching mom bend over to collect the laundry from the dryer.

Once she got it all she carried the hamper over to the table that was a few feet away.

She started folding. I was waiting for her to bend over. After a few pieces she looked over at me.

"Well come on, get to it. I can't bend over and fold at the same time so you gonna have to do me while I'm standing. She placed her legs a little bit farther apart then normal.

I didn't waste any time. I got behind her. I grabbed my cock with my right hand and with my left I grabbed her left shoulder. I had to squat down to get at the right angle to get in her ass. I keep missing the target.

Mom folded a few more pieces then realized I was struggling. She reached back with both her hands and spread both her ass cheeks as wide as they could go.

"Try now baby," she said.

With her ass cheeks spread I had perfect aim of my target. I pushed the head right in. Since I was just fucking her ass I didn't bother going slow. I let go of my cock and put my right hand on her right shoulder. With a good grip on both shoulders I shoved my cock all the way in balls deep.

Mom let out a loud moan.

I was grunting as I started humping her like a wild animal. Her hair bouncing in my face as I rode her ass.

Once I got into a steady pace mom let go of her ass cheeks causing them to fall back into place, but they weren't steady for long. The way I was pounding her, her ass was like waves at the ocean. The clapping sound of our bodies hitting eachother once again filled the basement.

Mom tried to fold but my hard thrusts caused her whole body to move. After a few tries she gave up and put both her hands on the table to try to steady herself. She was moaning like crazy.

"You like it in you ass!?" I yelled.

"Ye...yess...oh god...yess!!" She yelled back as I was pounding her as fast as I could. Just then I imagined what her tits must have looked like. Jiggling and flopping all over the place.

I felt my balls tighten.

"I'm cumming!!" I yelled.

I pushed my cock all the way in as hard as I could. This caused moms feet to lift off the floor. I

imagined later that it must have looked like she was impaled on my cock, which I guess was true.

"Oh, FUCK!!" She yelled as I started cumming in her ass. I started humping her as my jizz shot out. Her feet dangling inches off the floor. My cock and her hands on the table the only things holding her up.

I was mumbling incoherently as moms tight ass made me cum again.

After a minute or so I lowered moms feet down to the floor. We were both breathing heavily. After another moment I squatted and pulled my cock out with an audible pop.

My cock was still hard but was going down with each second out of mom.

Mom looked back at me. "Finally that things going down. You feel good baby?"

"Yes."

"Better than those porn sites you used to go on?"

"God yes!"

"Good, now I have laundry to do so run along and entertain yourself".

"Yes ma'ma," I said. With my right hand I gave her left ass cheek a squeeze. "I'll say it once more. Remind me to thank grandma next time I see her for giving you such a great ass."

She laughed and as she did I gave her ass cheek a smack.
