I met Heather when I was 19 and she was 18. A spilled drink, a panicked 'sorry'—and then a smile.

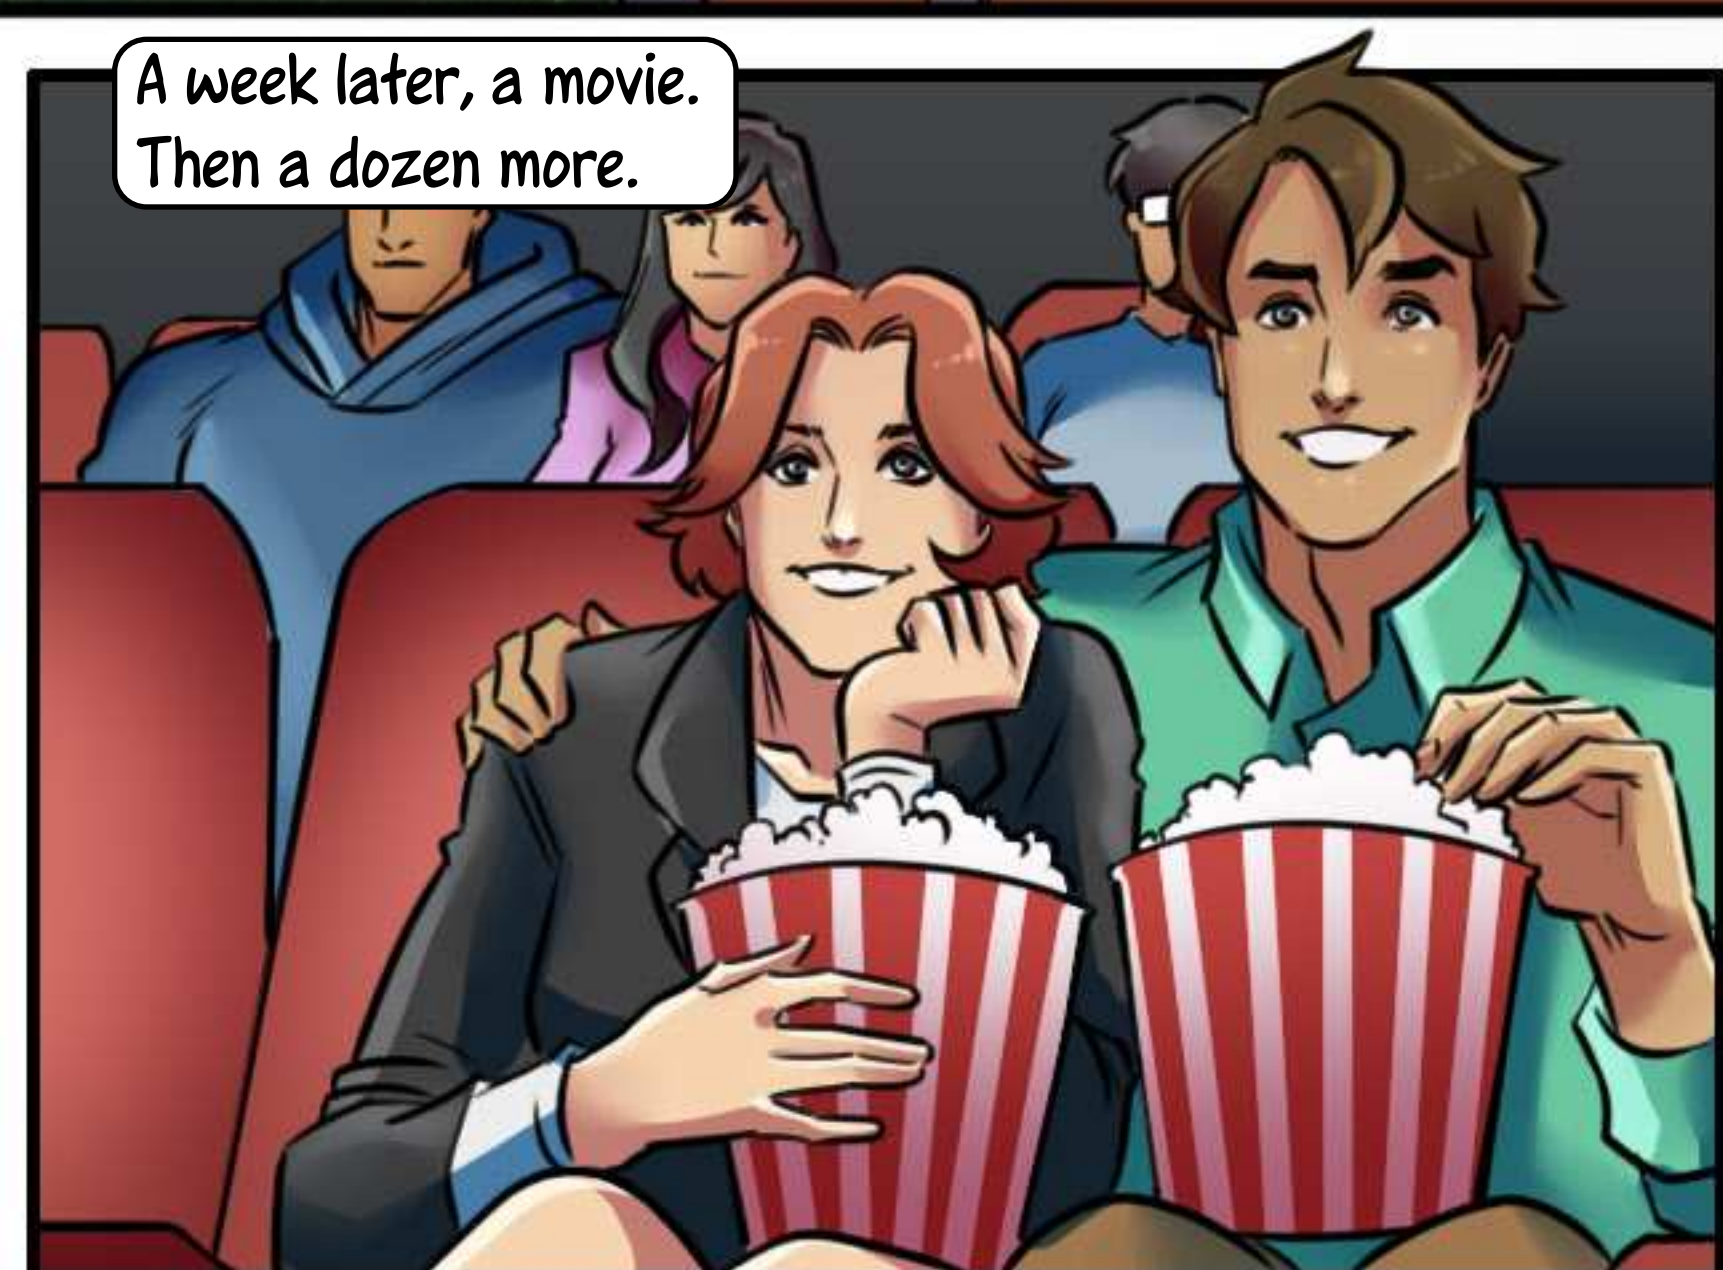

We talked more than we drank.

Let me get you a fresh one.

A week later, a movie. Then a dozen more.

Almost twelve years later, we were still together.

It began one early summer day.

You said you don't mind girls with muscles.

I said I love you, period. But... yeah.

They're incredible. Tight arms, legs... those abs. And don't make me start about their asses!

You are a lovely girl and I admit, you might look even better with some muscles. If you want it, I will be there, supporting you.

What if I start to workout? Do you think I'd look good with muscles?

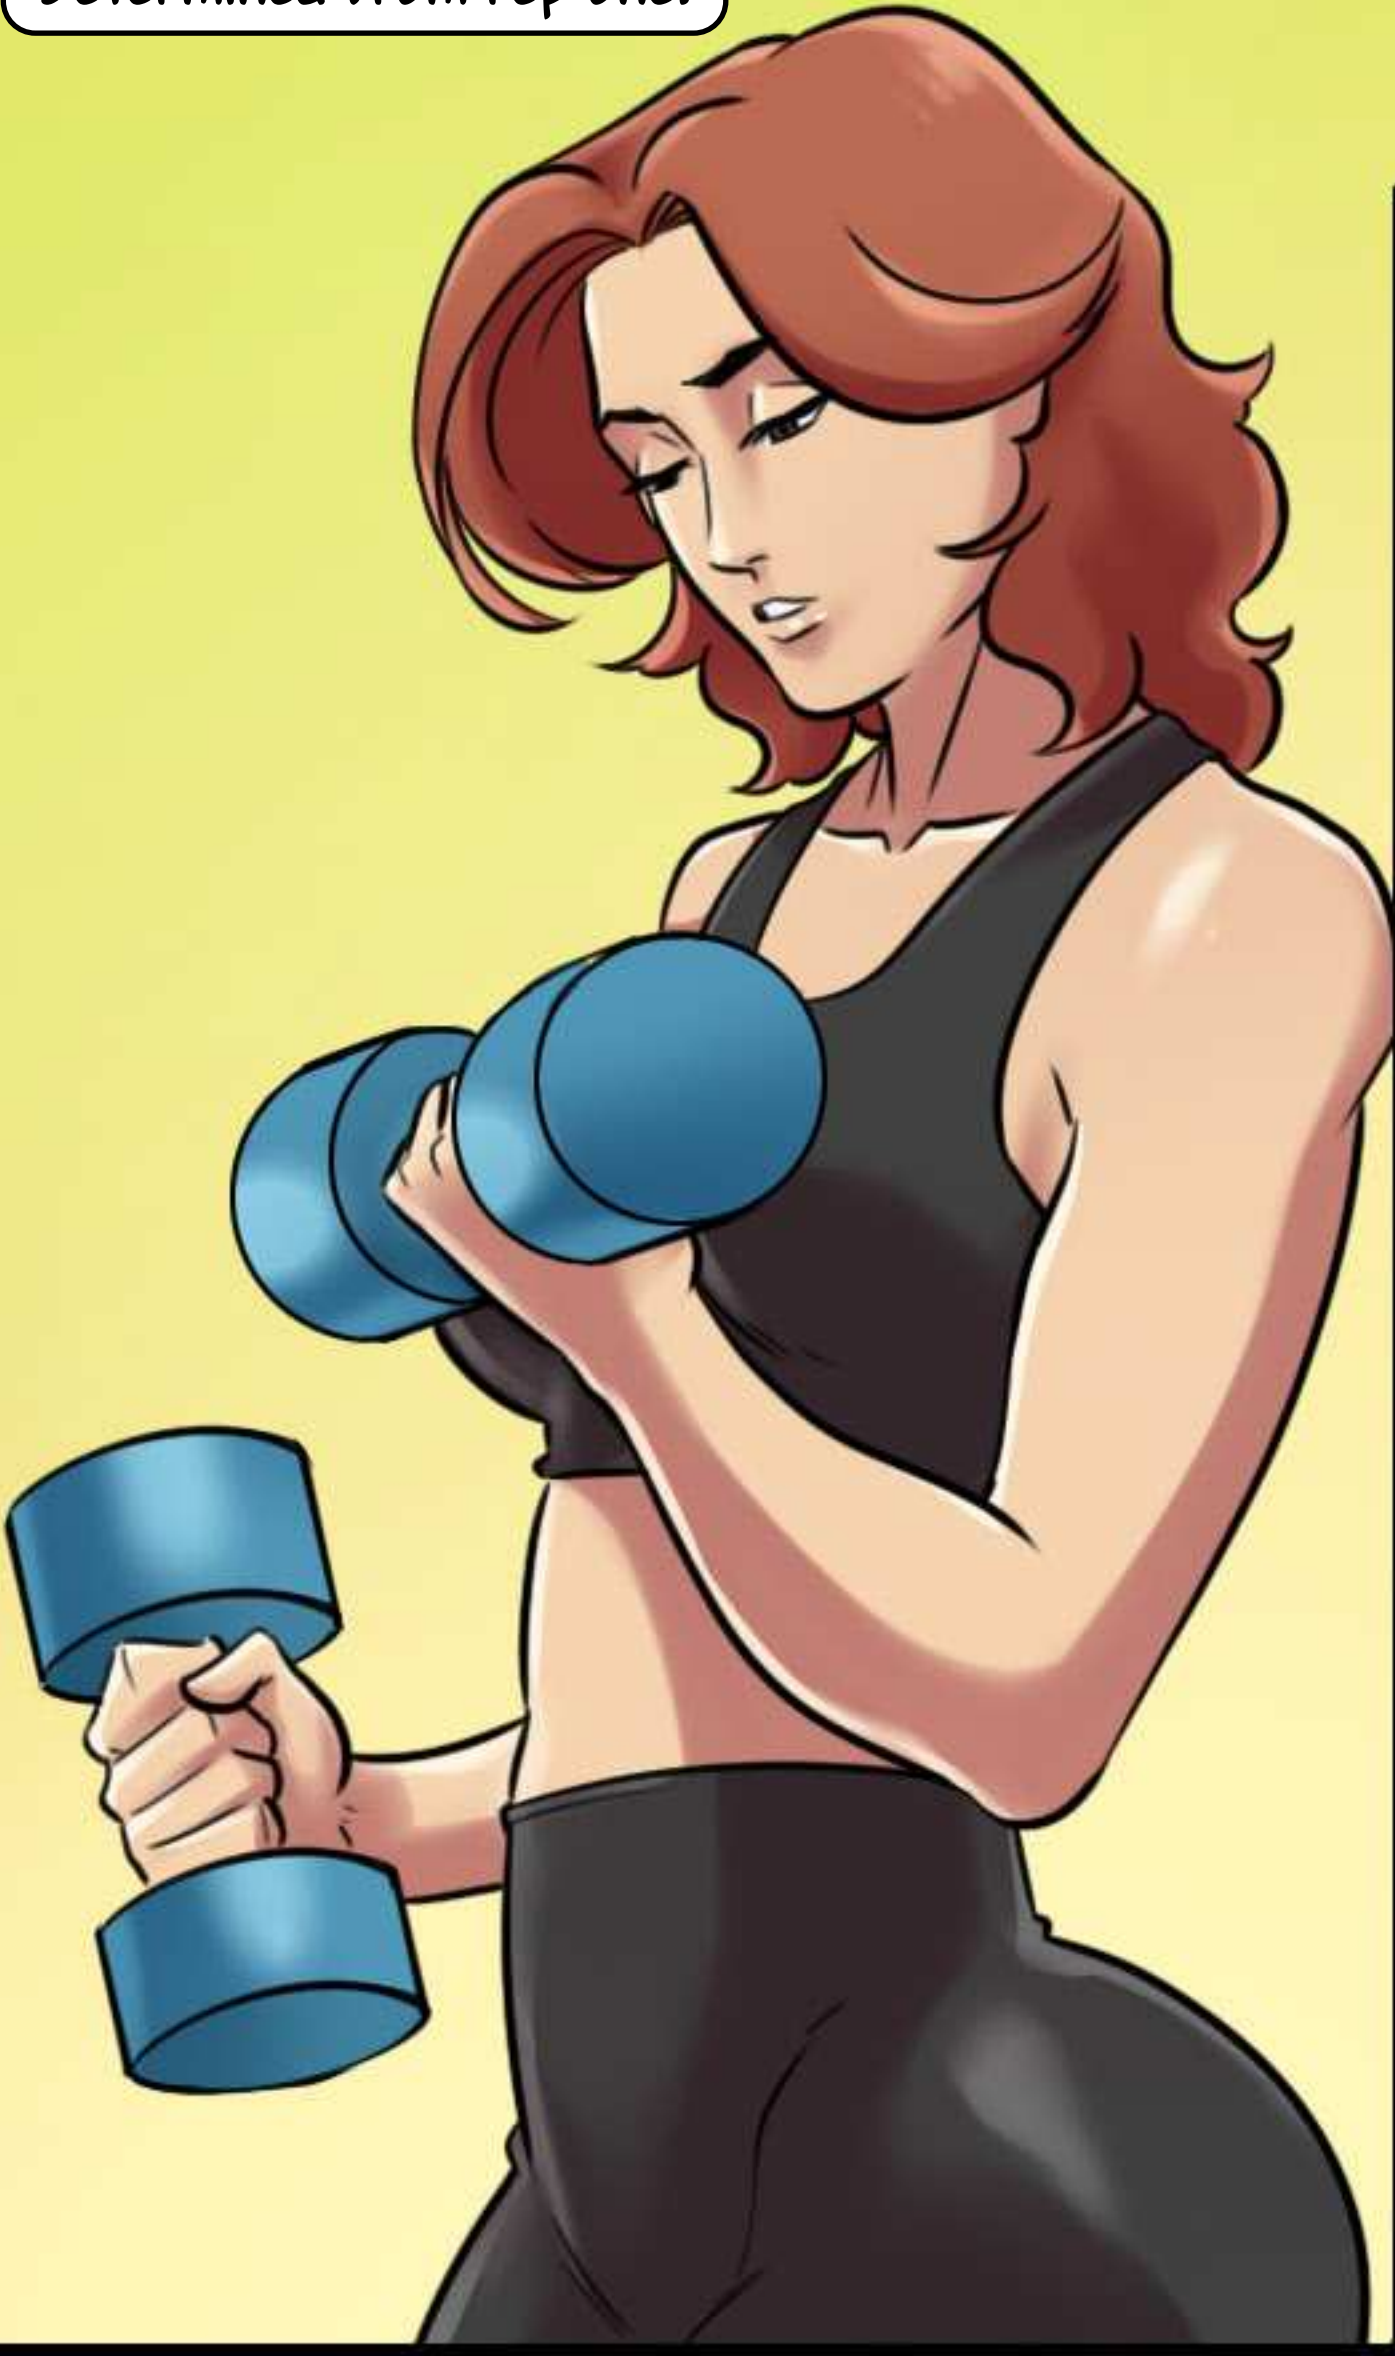

Then I start tomorrow.

She didn't hesitate.

Determined from rep one.

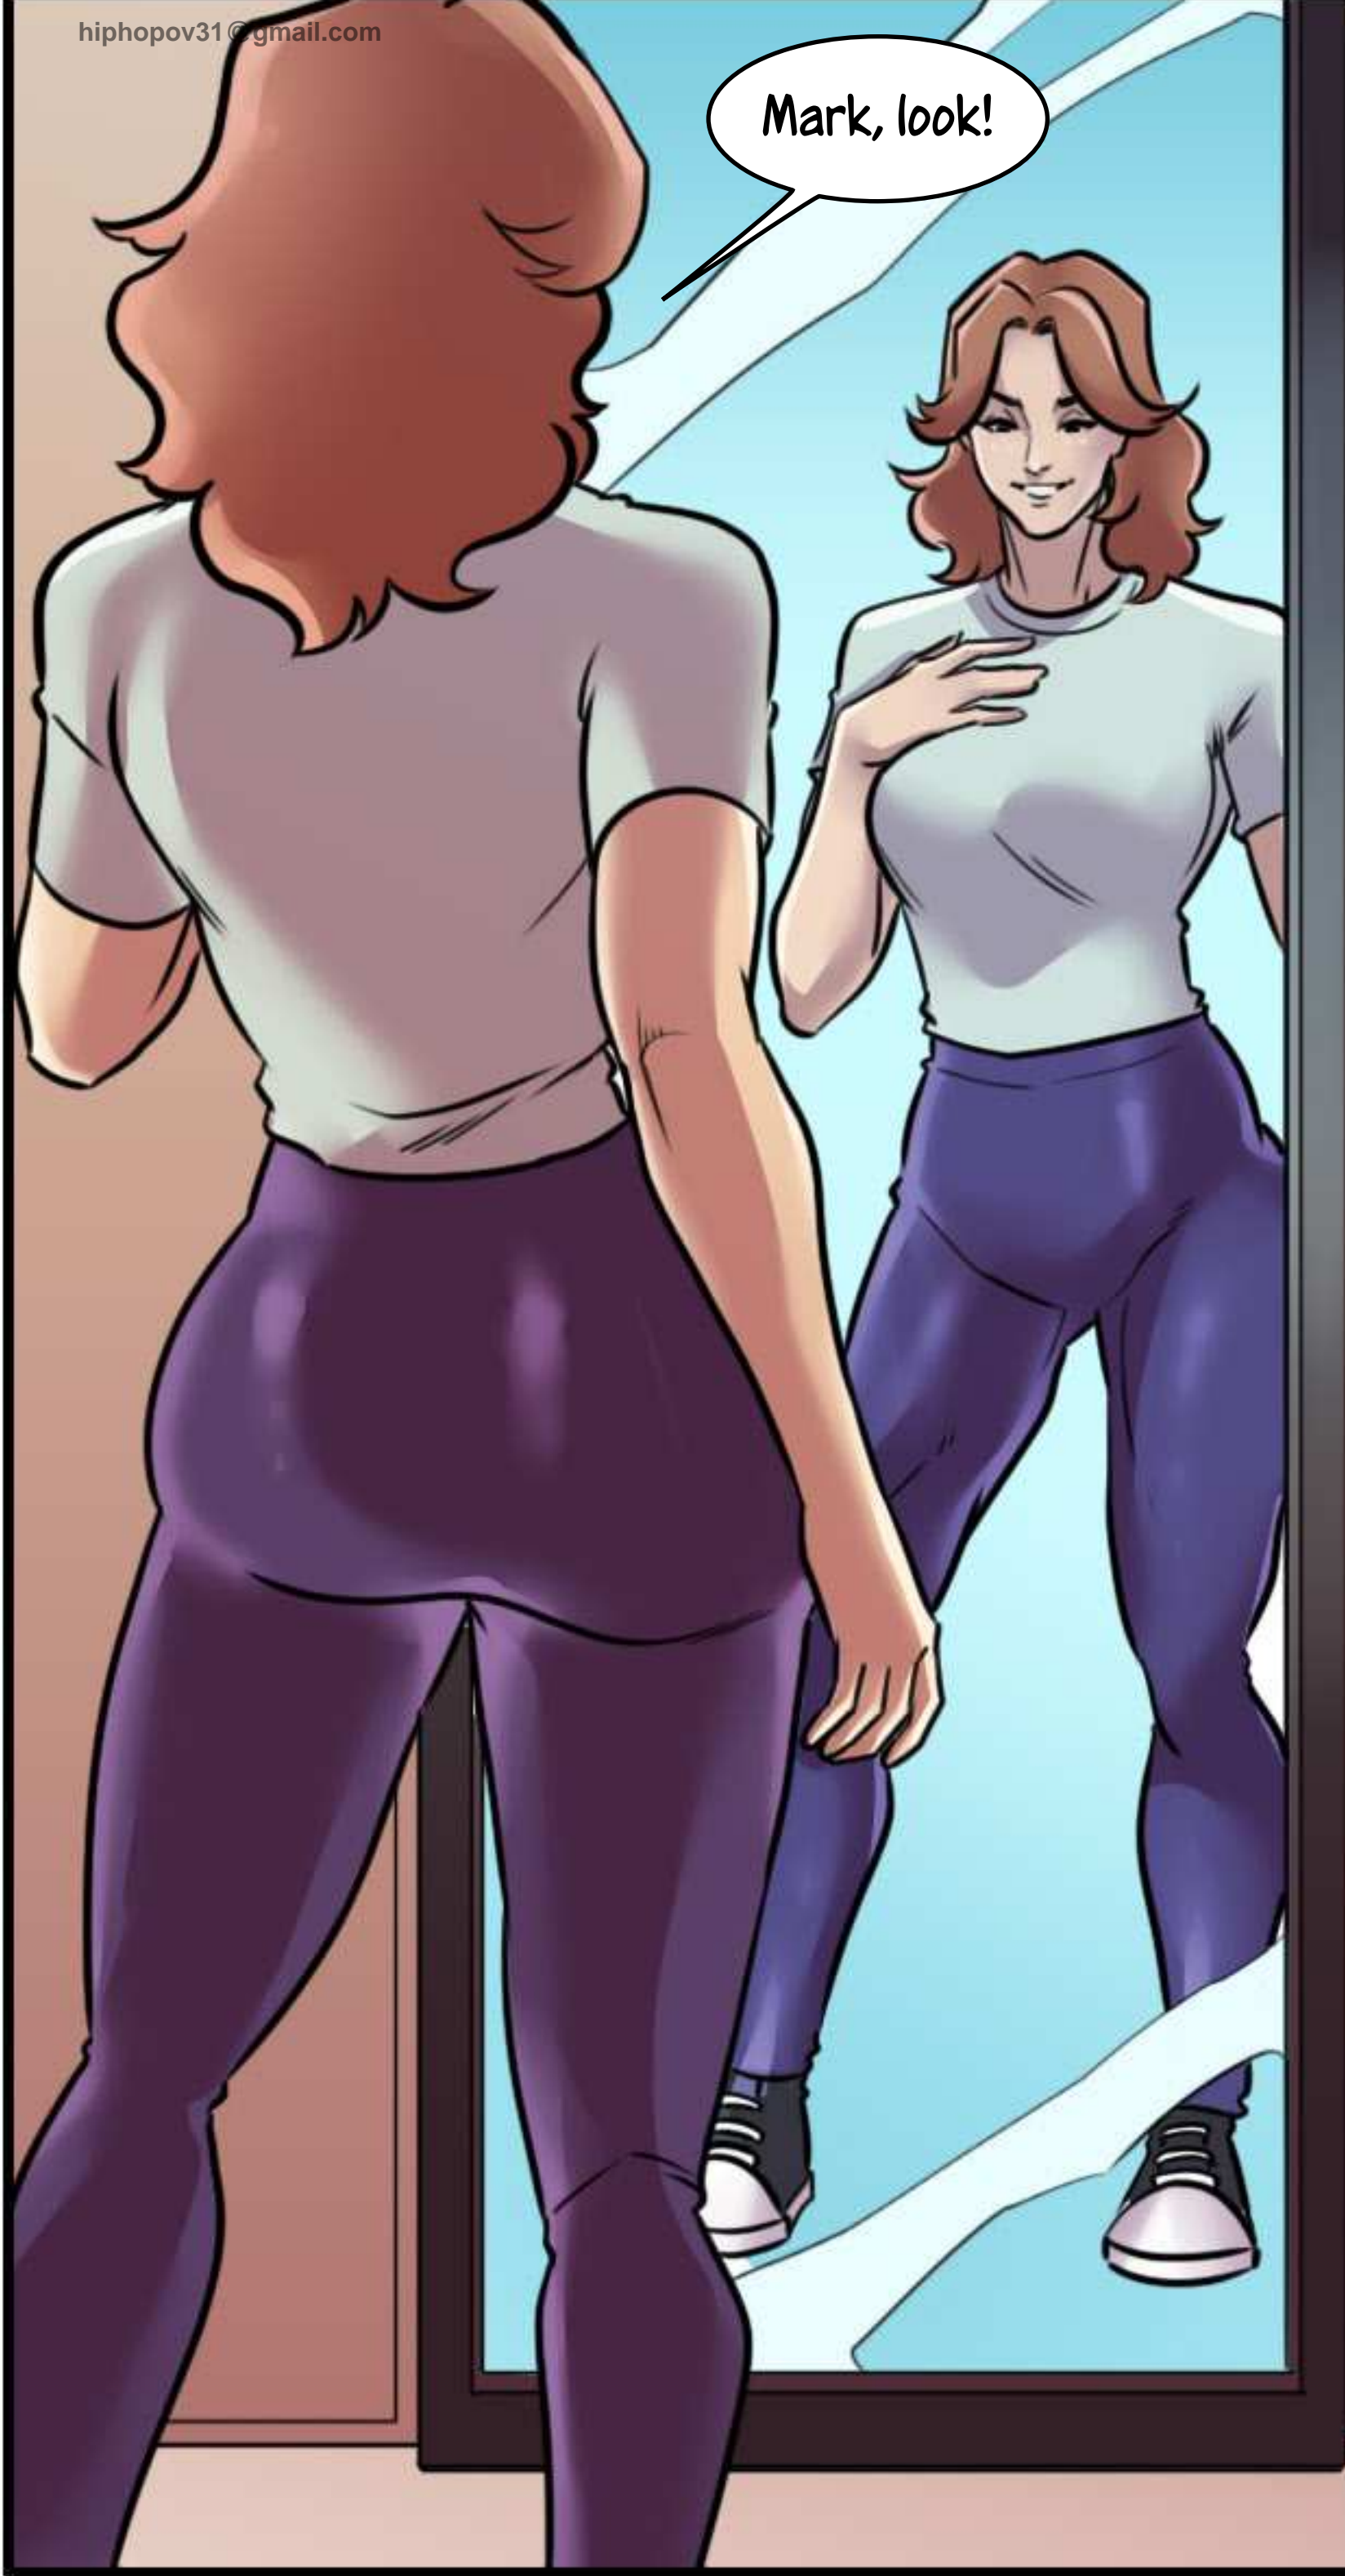

She studied, she lifted, she learned.

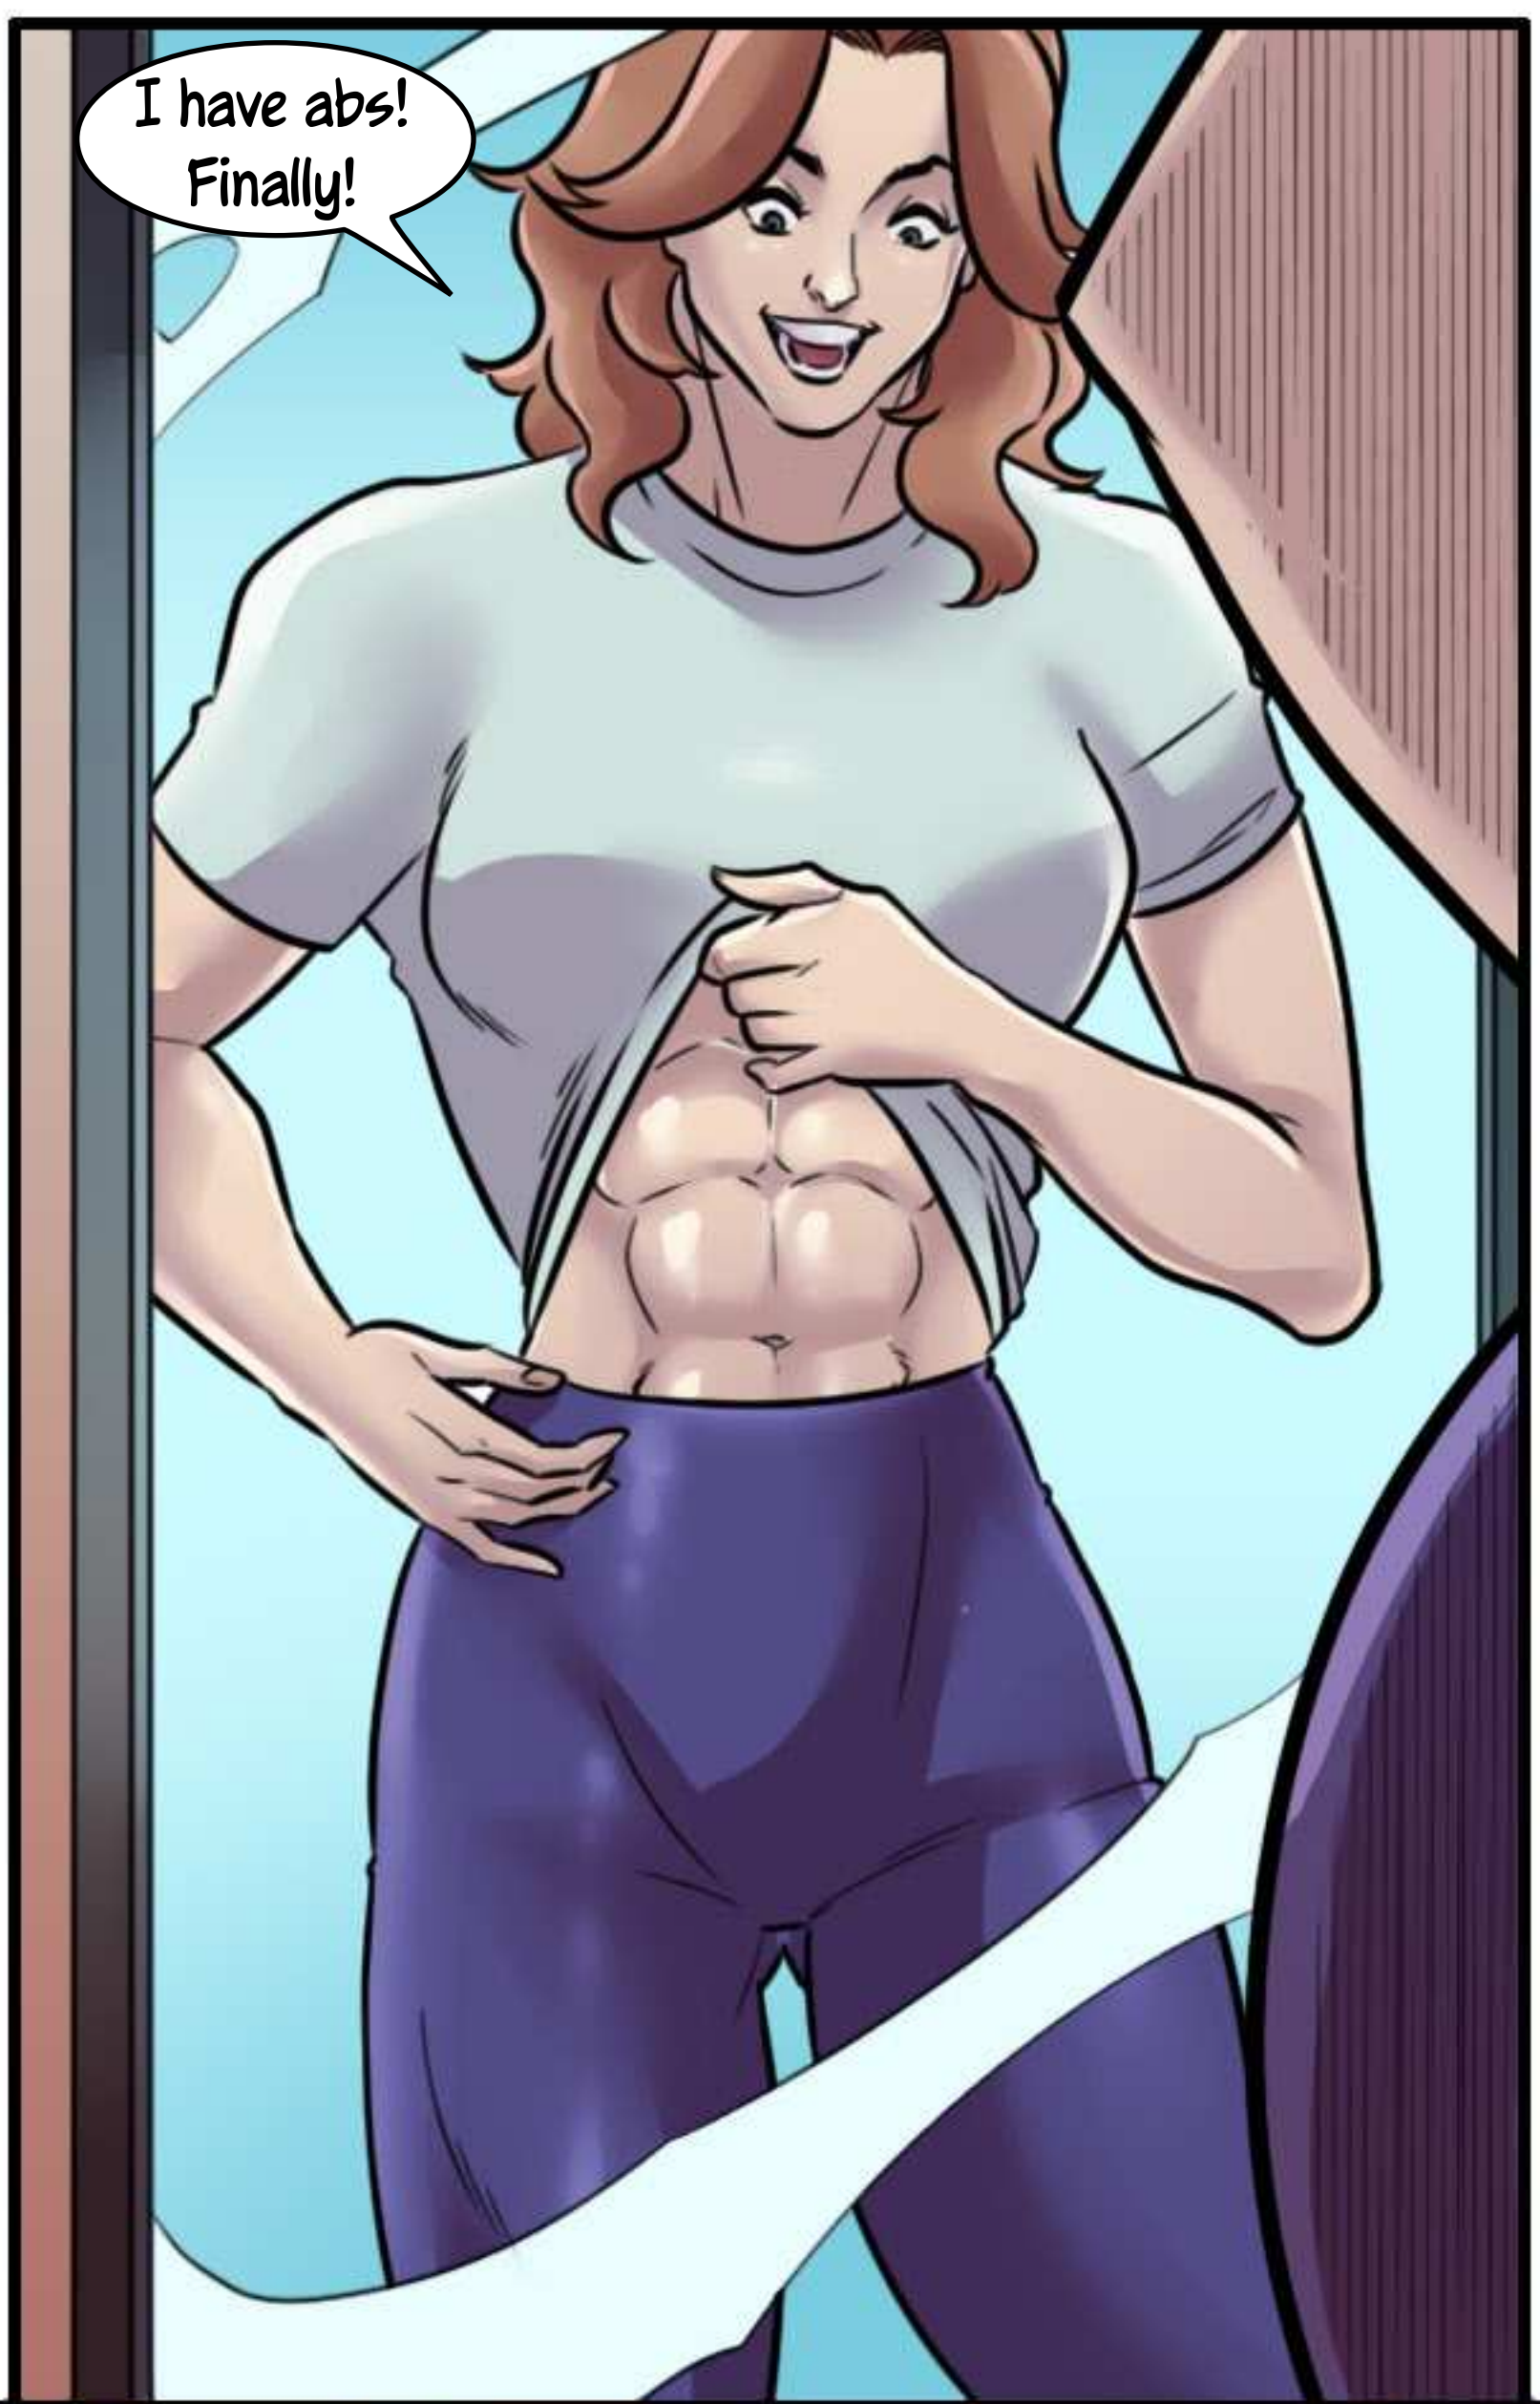

And then she kept going.

Mark, look!

I have abs!
Finally!

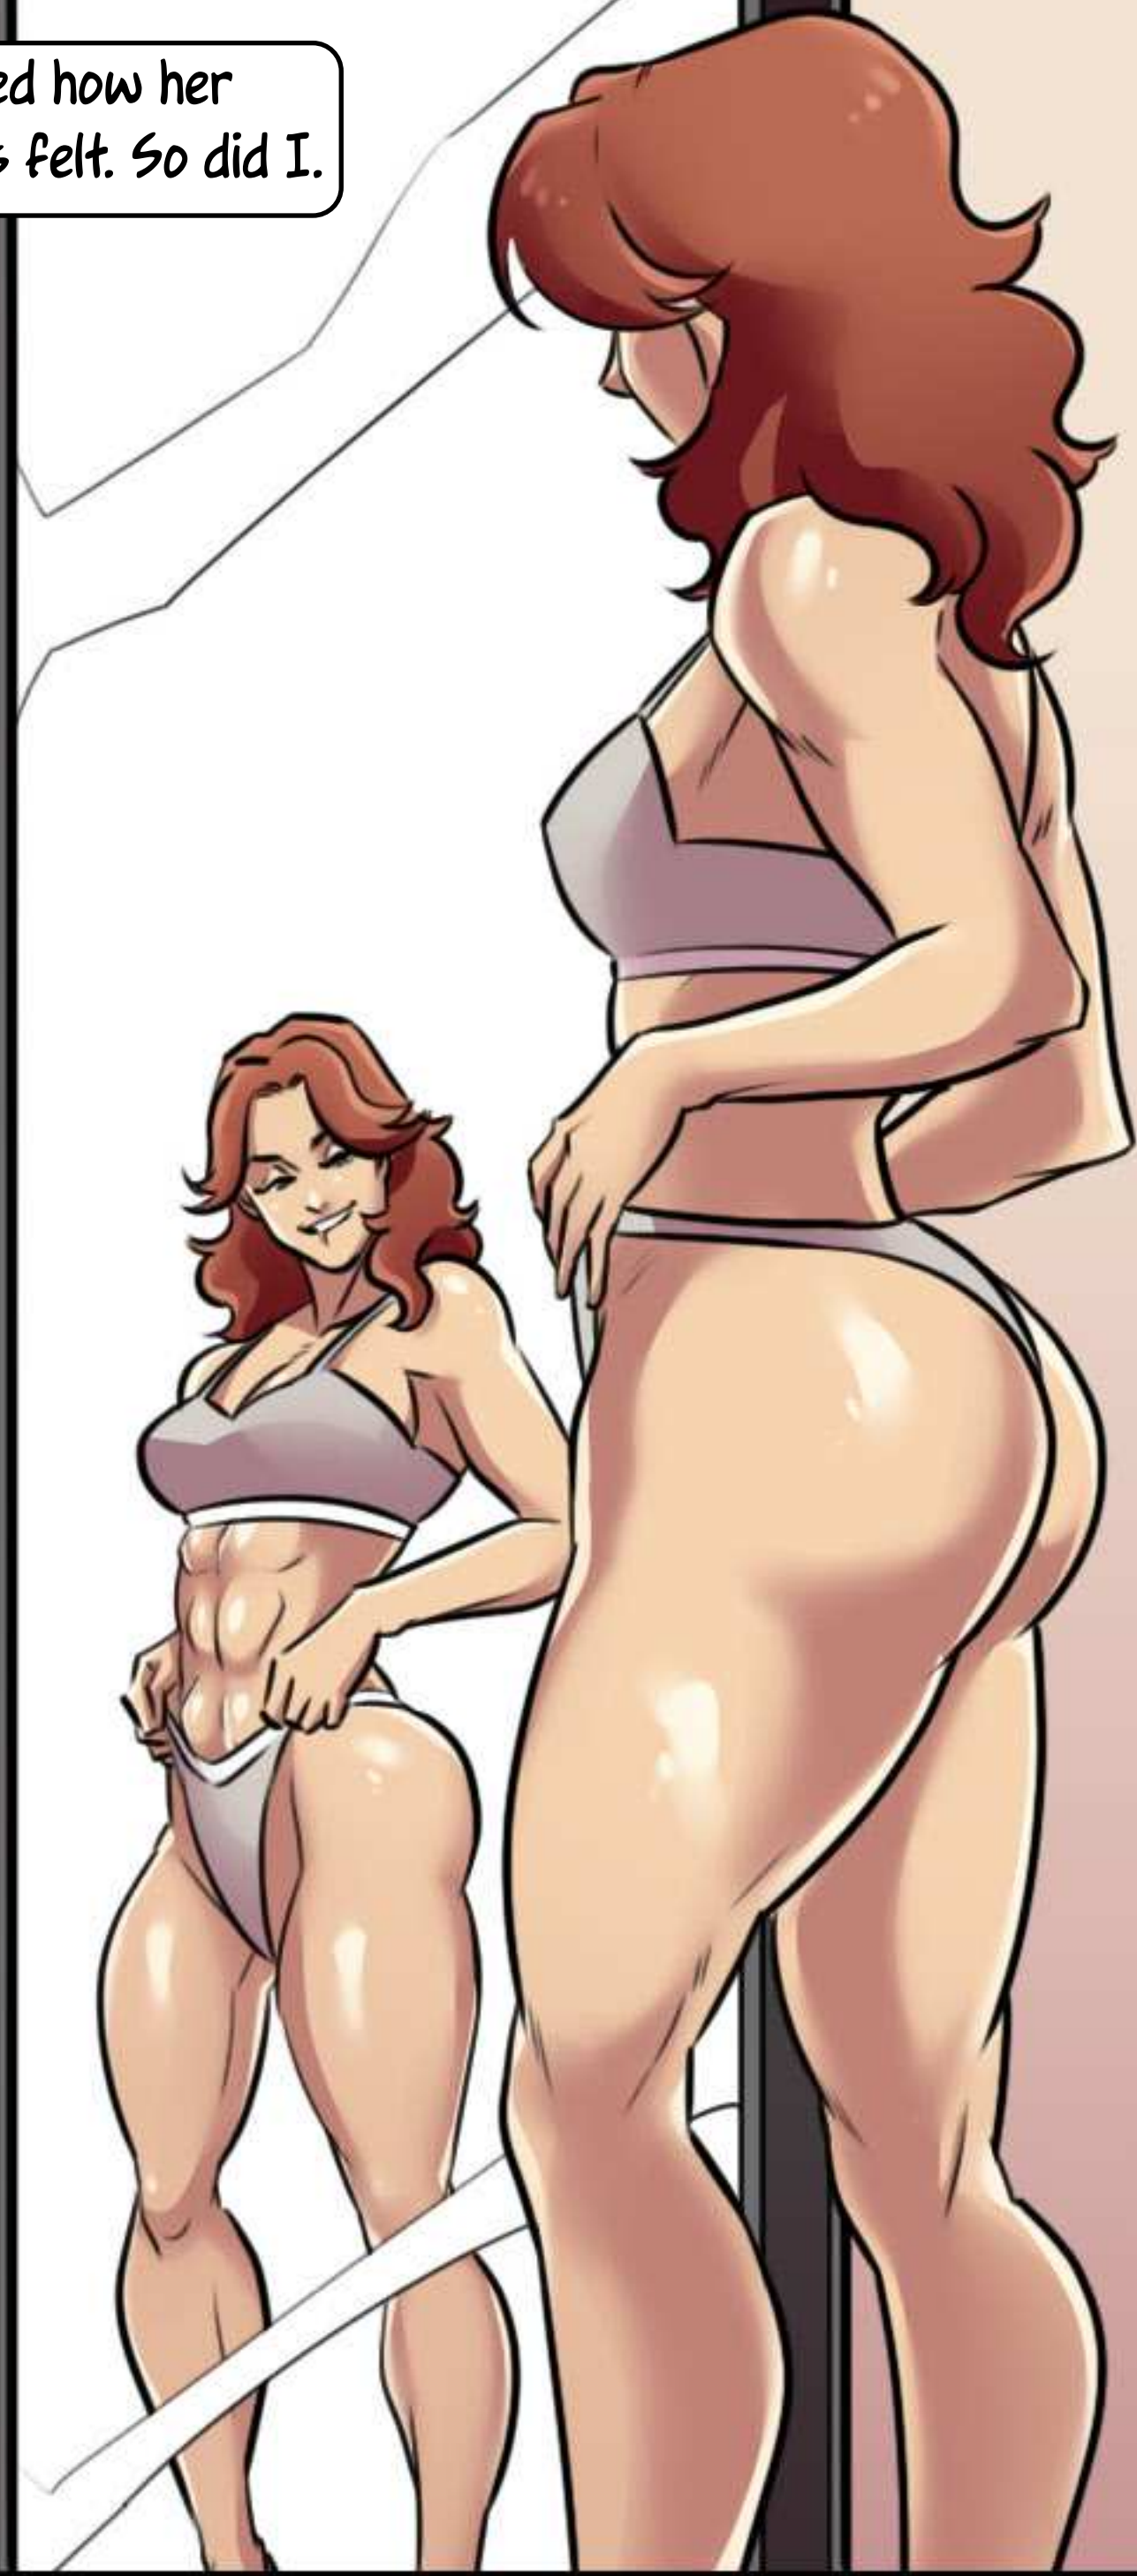

She giggled when
my jaw dropped.

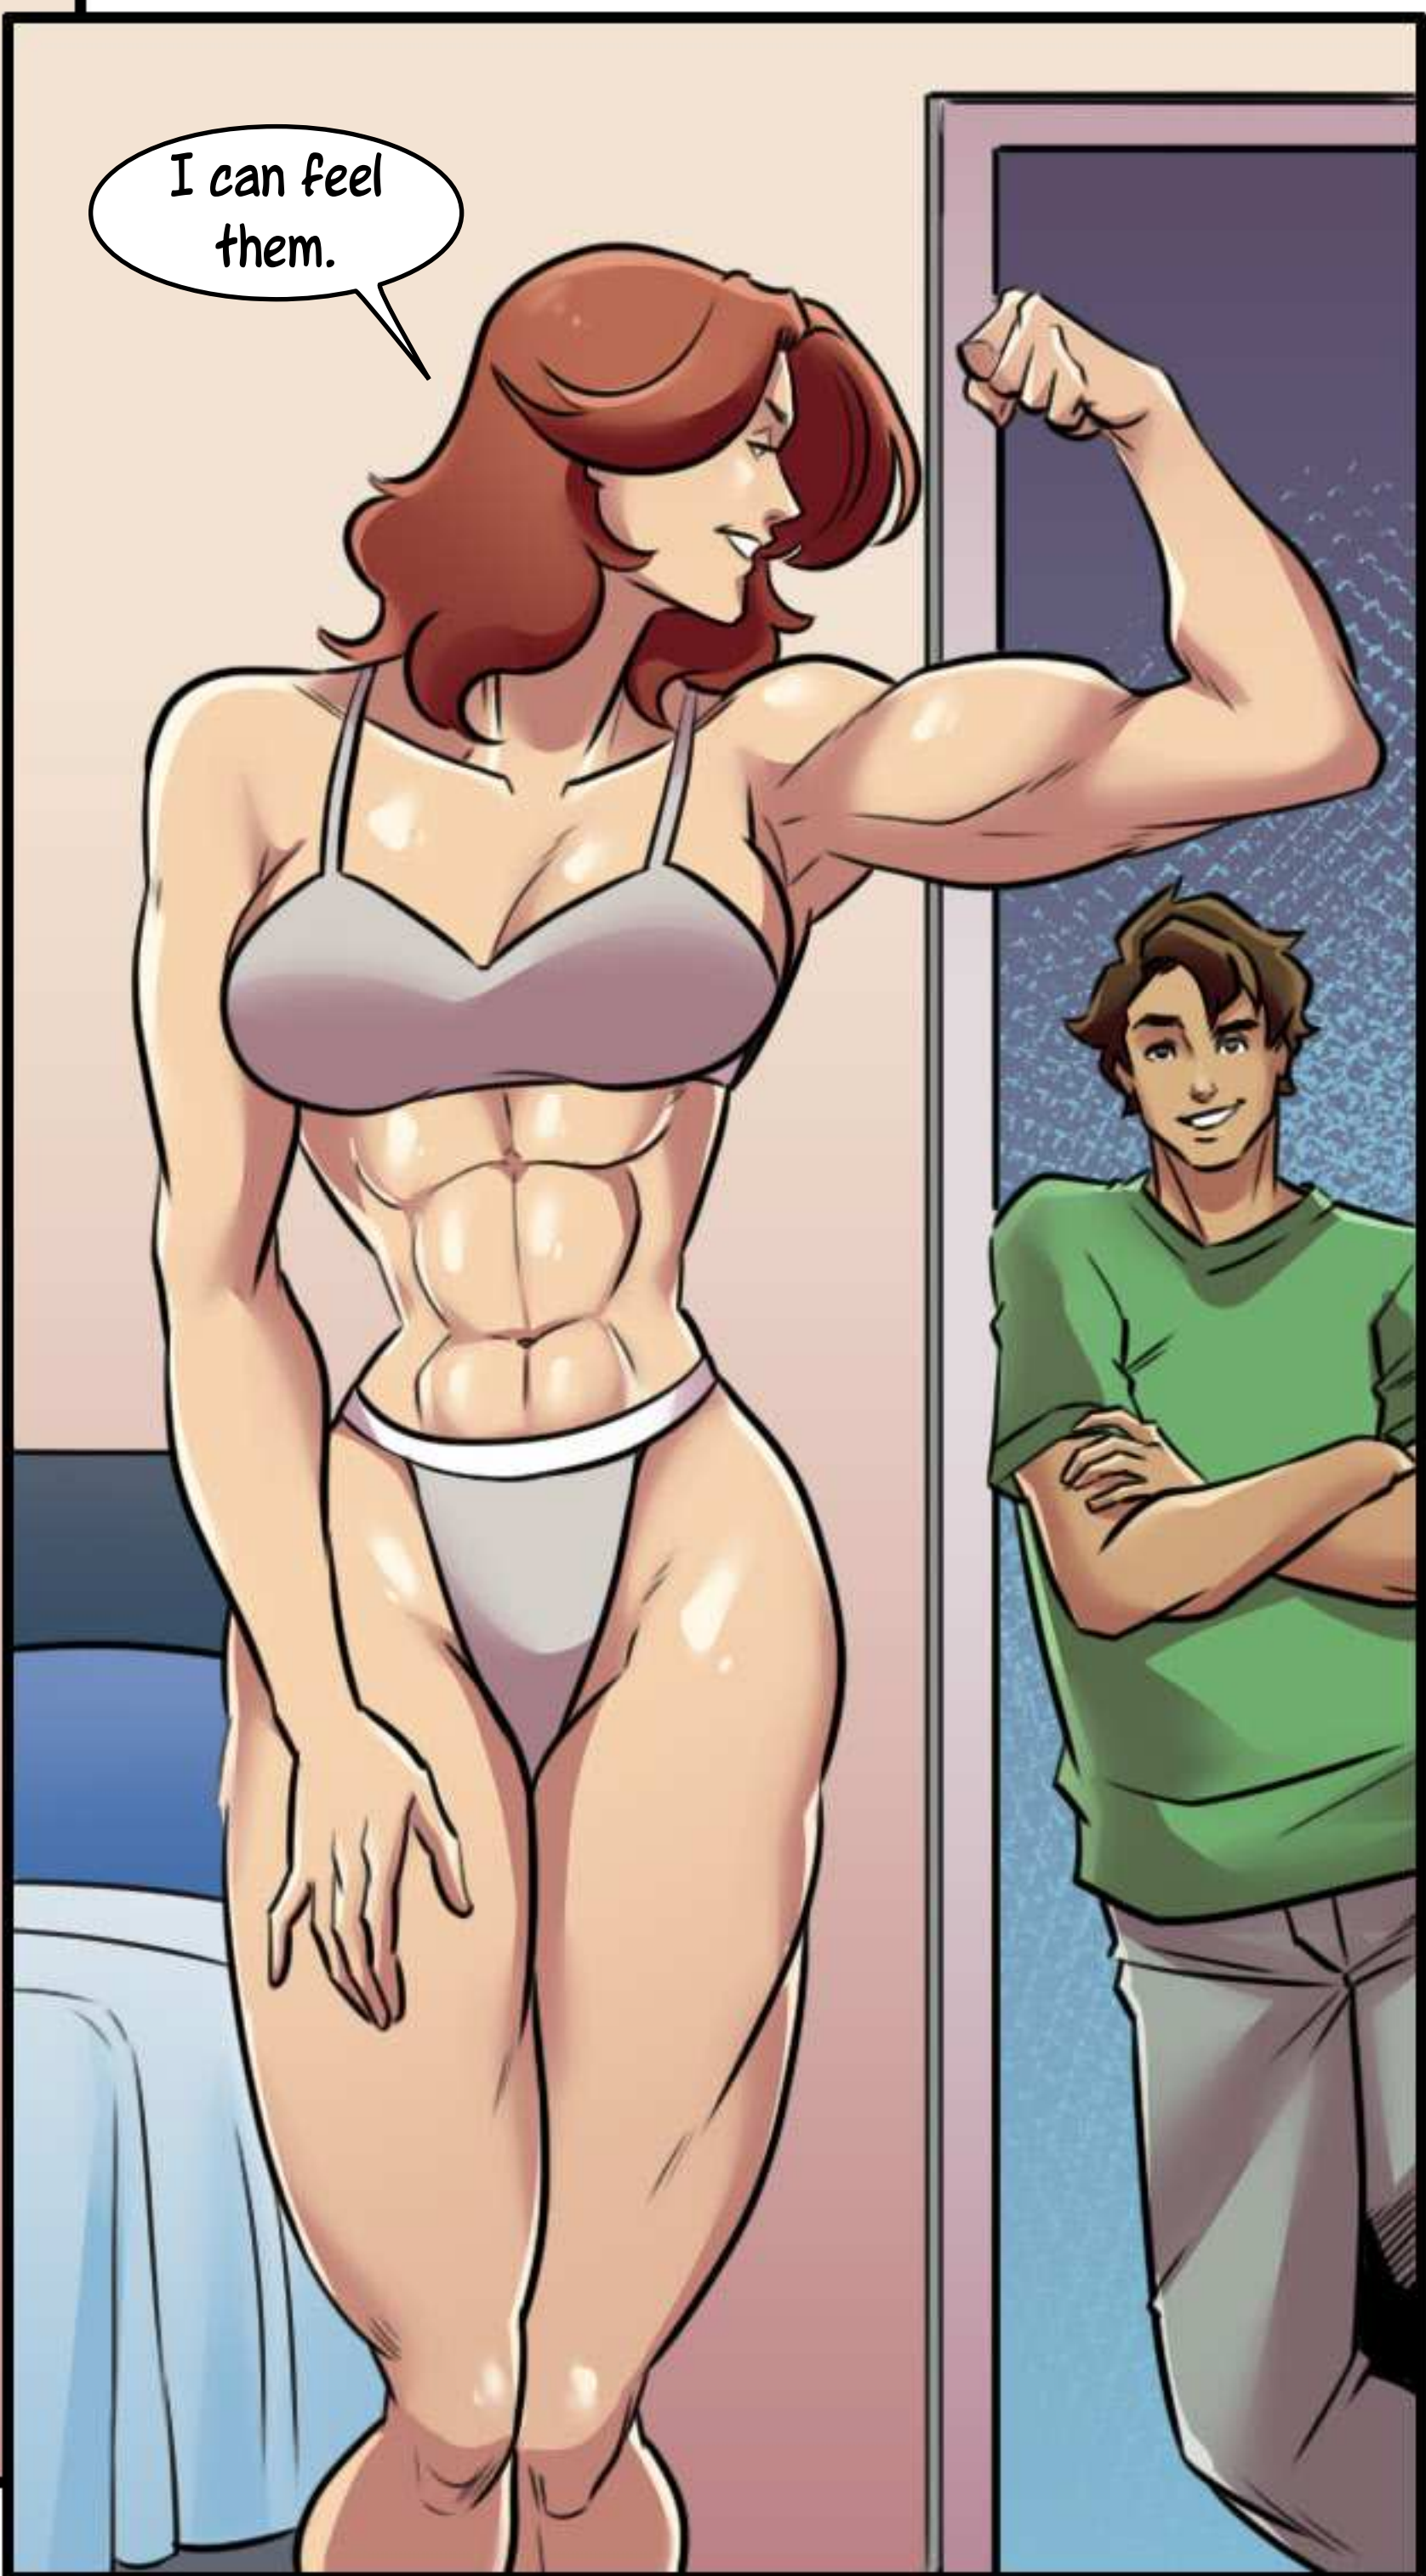

Already?
You only started training
like a month ago! You're
incredible.

She loved how her muscles felt. So did I.

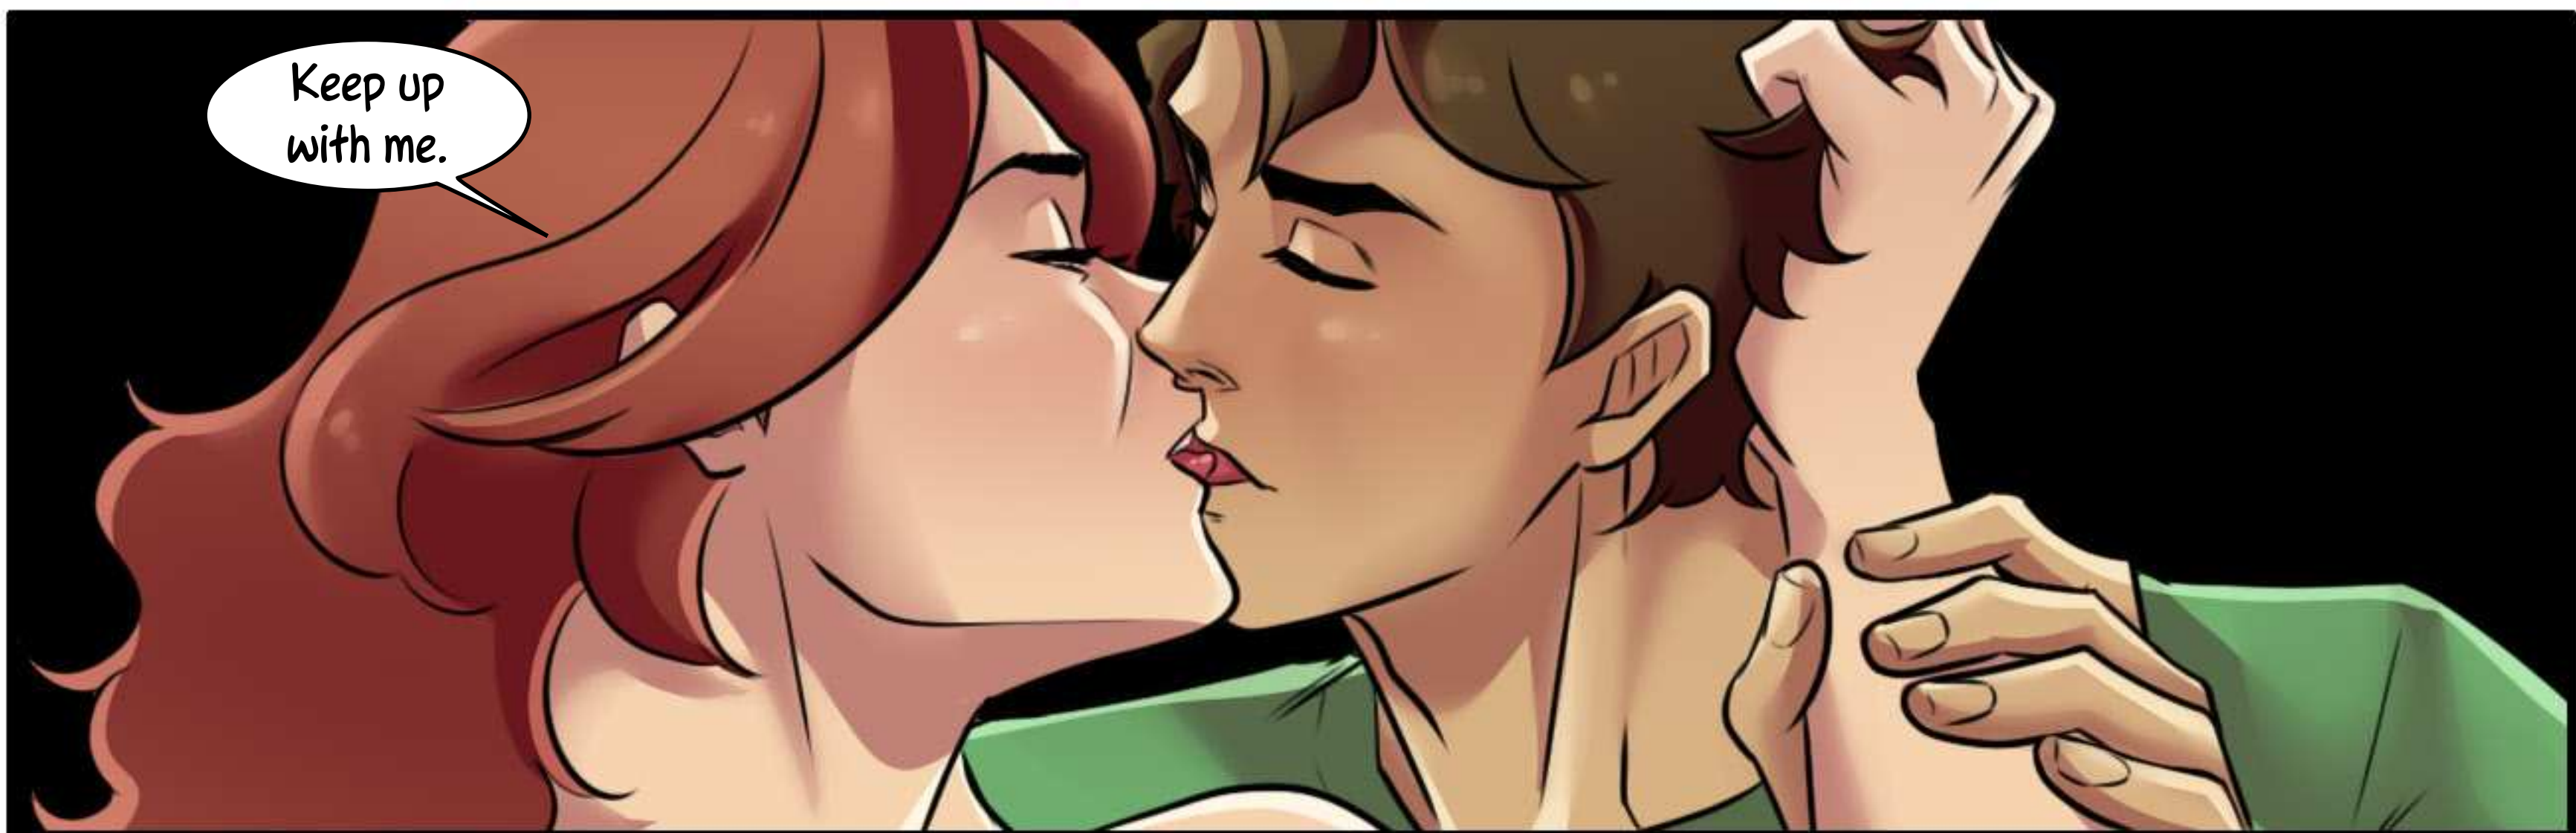

I can feel them.

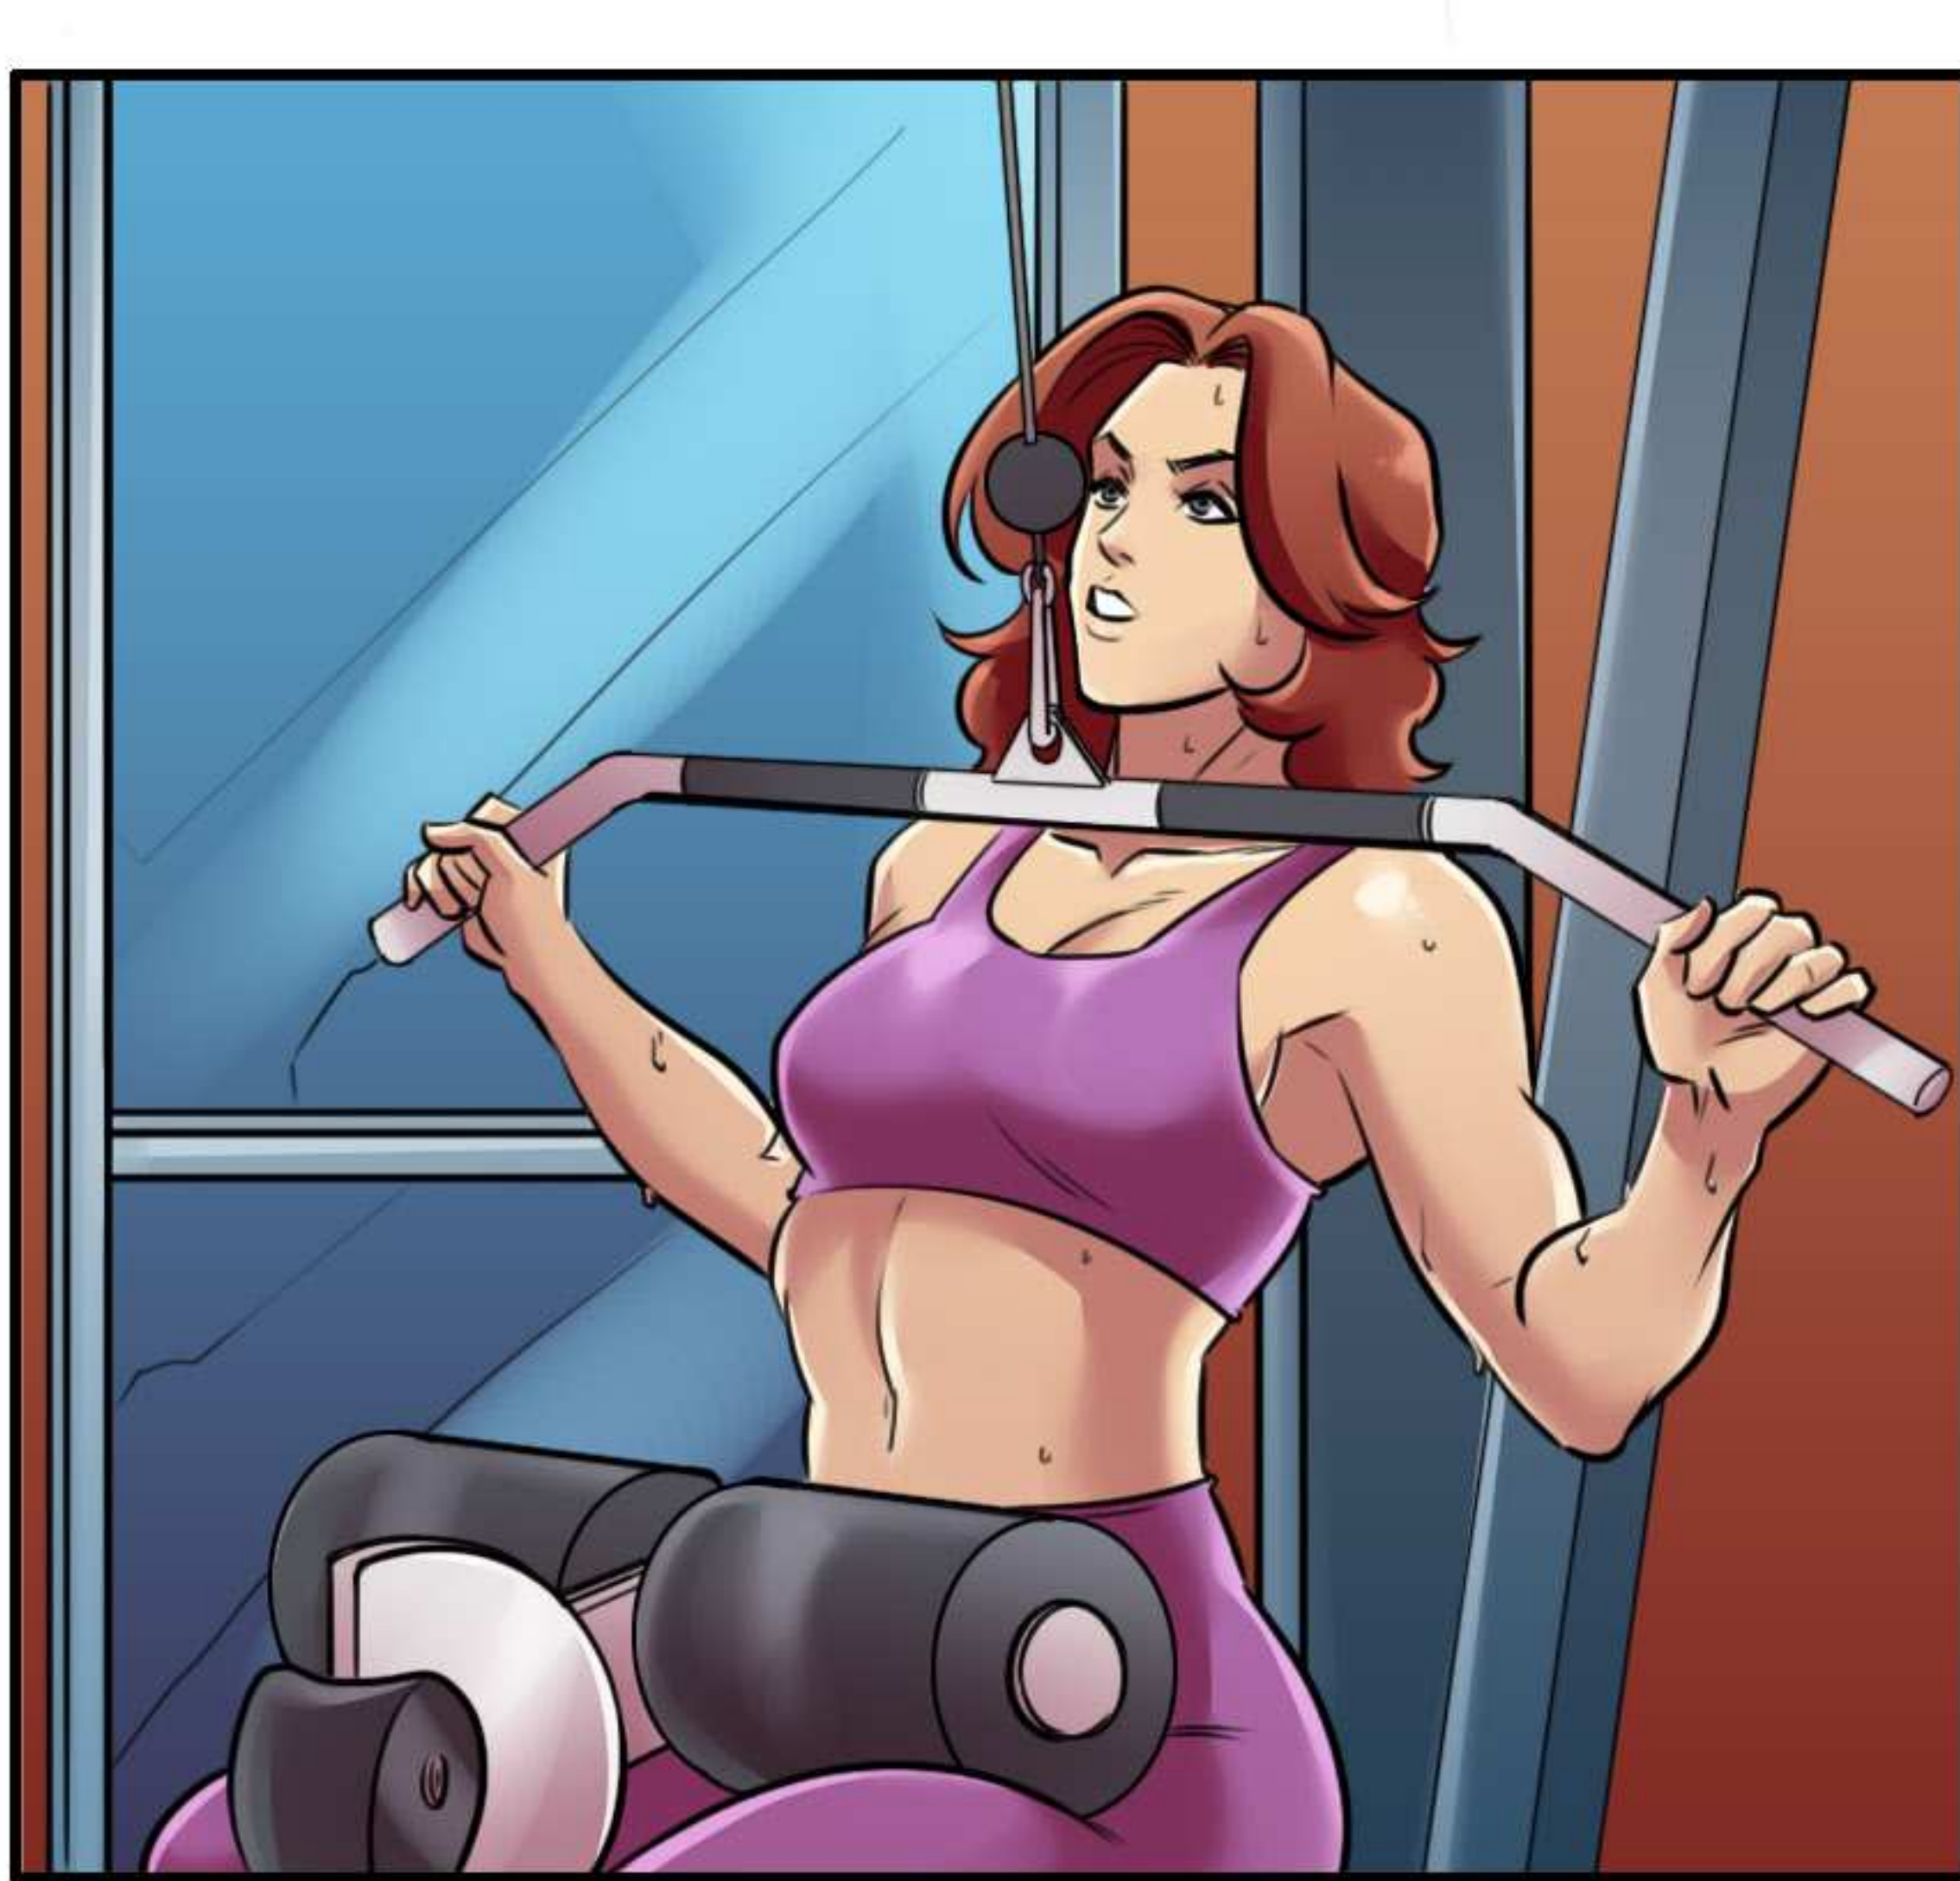

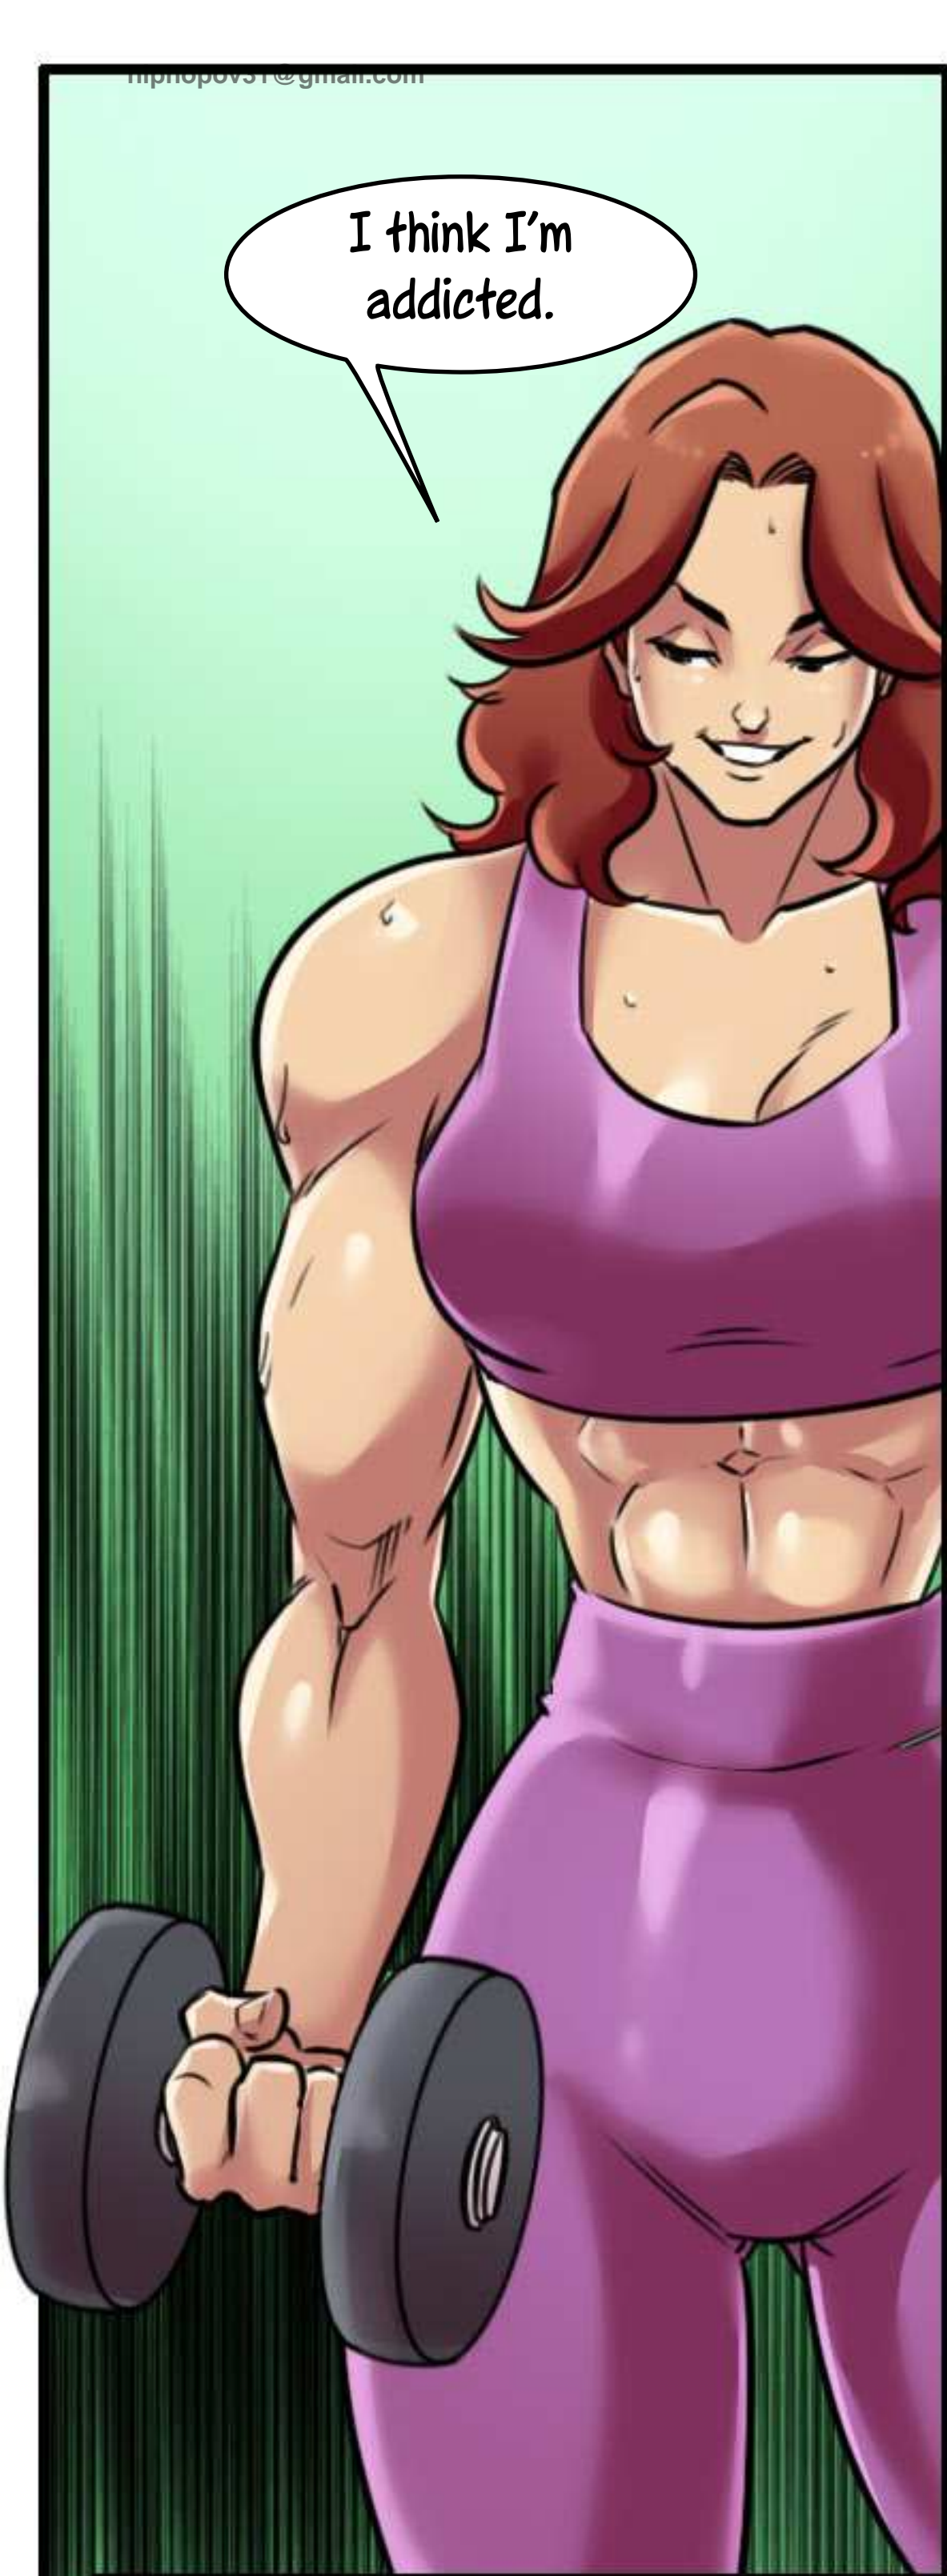

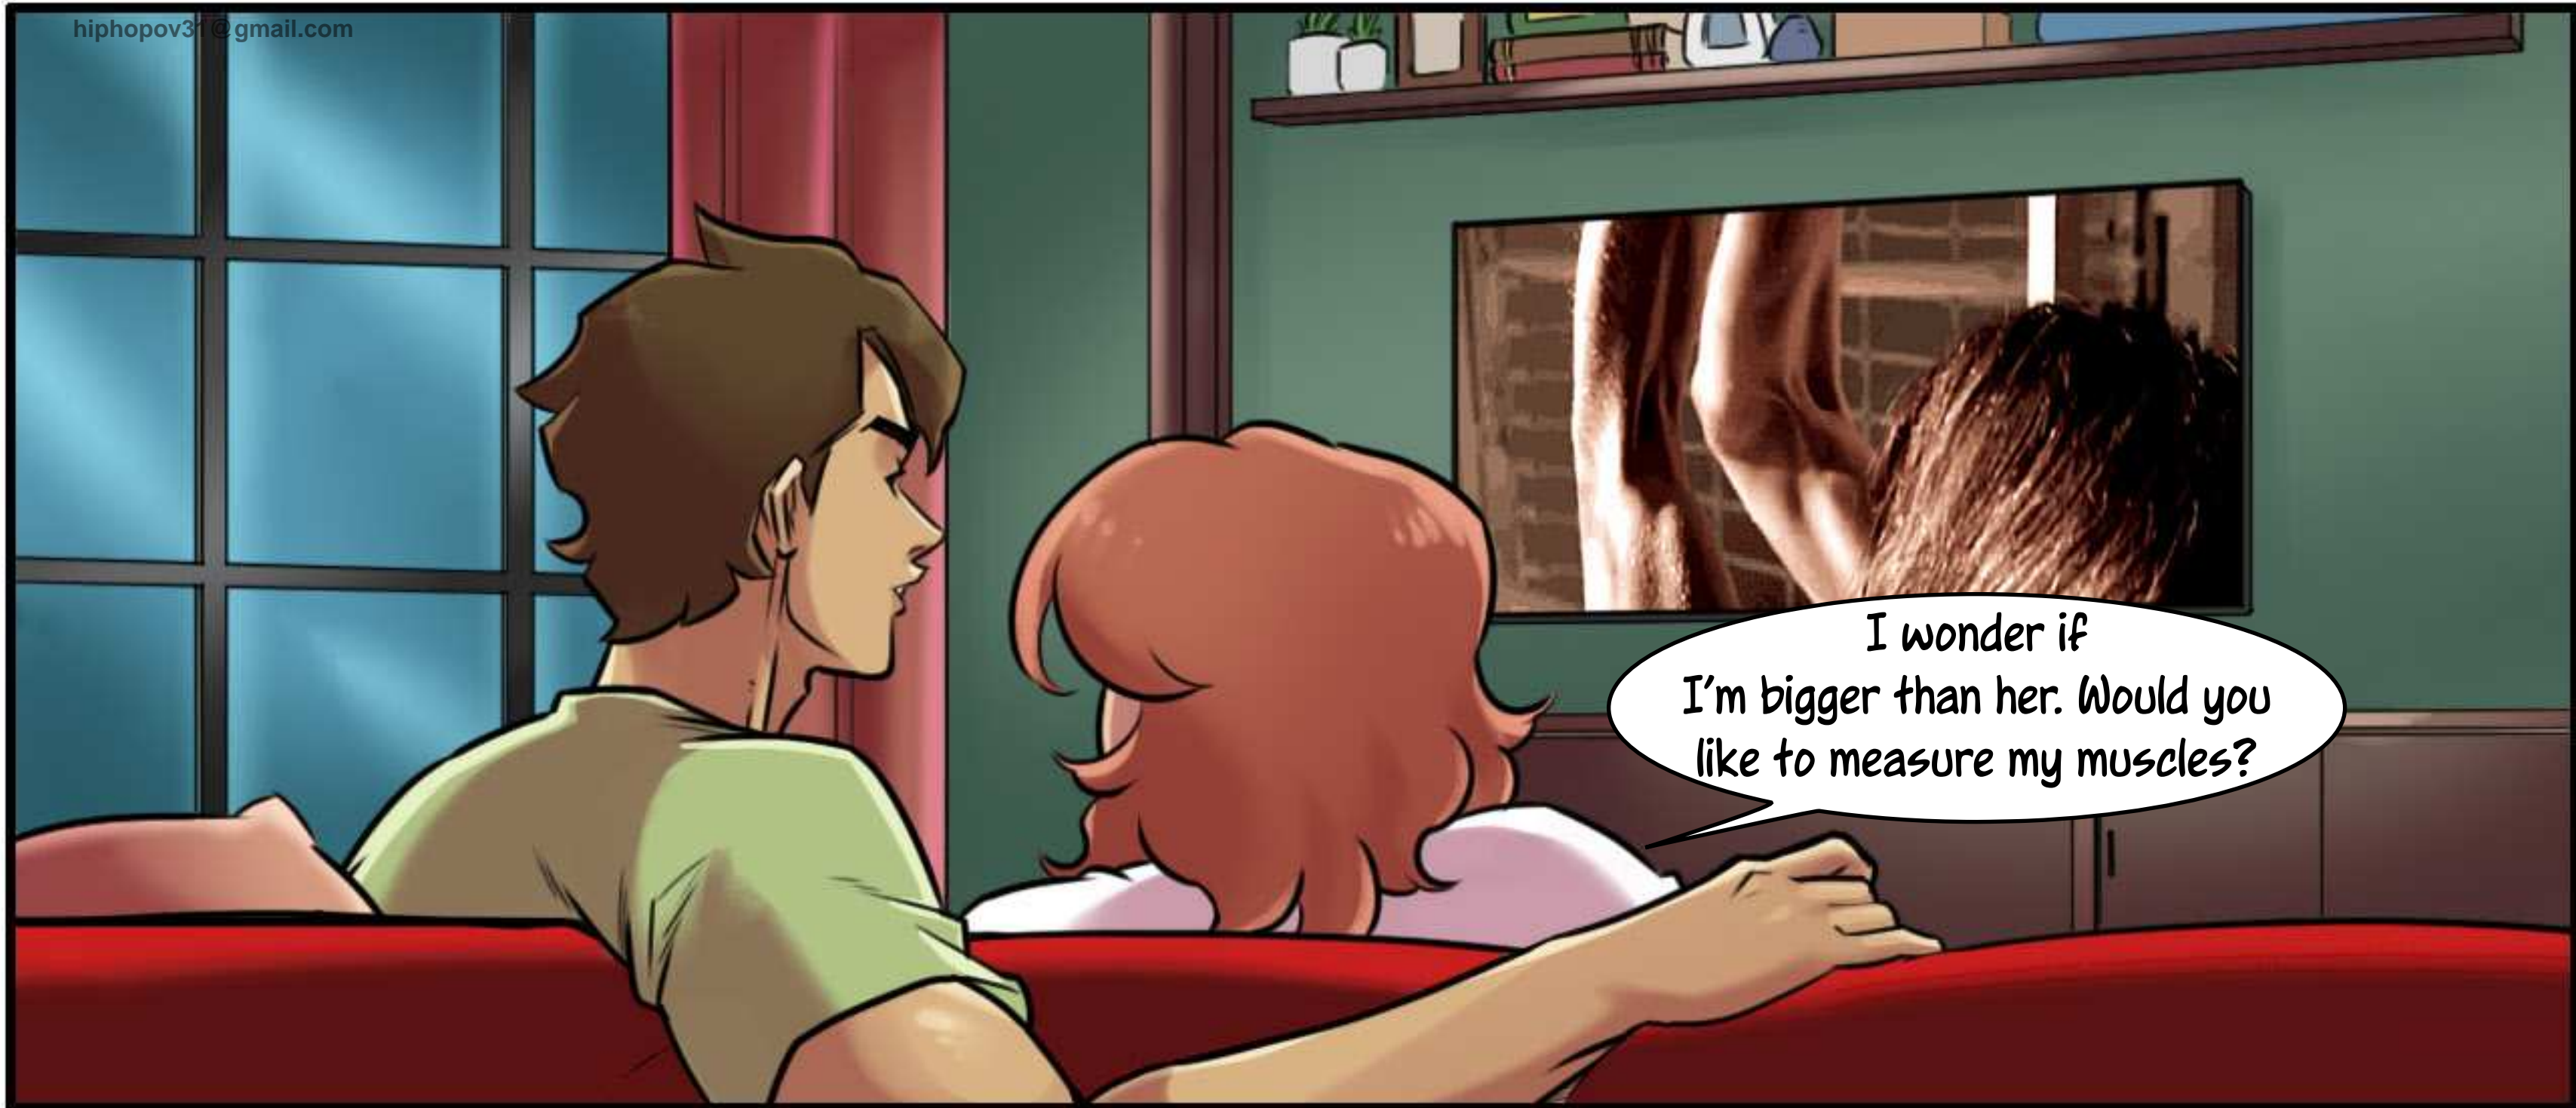

It turned both of us on in a new way.

Keep up with me.

I wonder if I'm bigger than her. Would you like to measure my muscles?

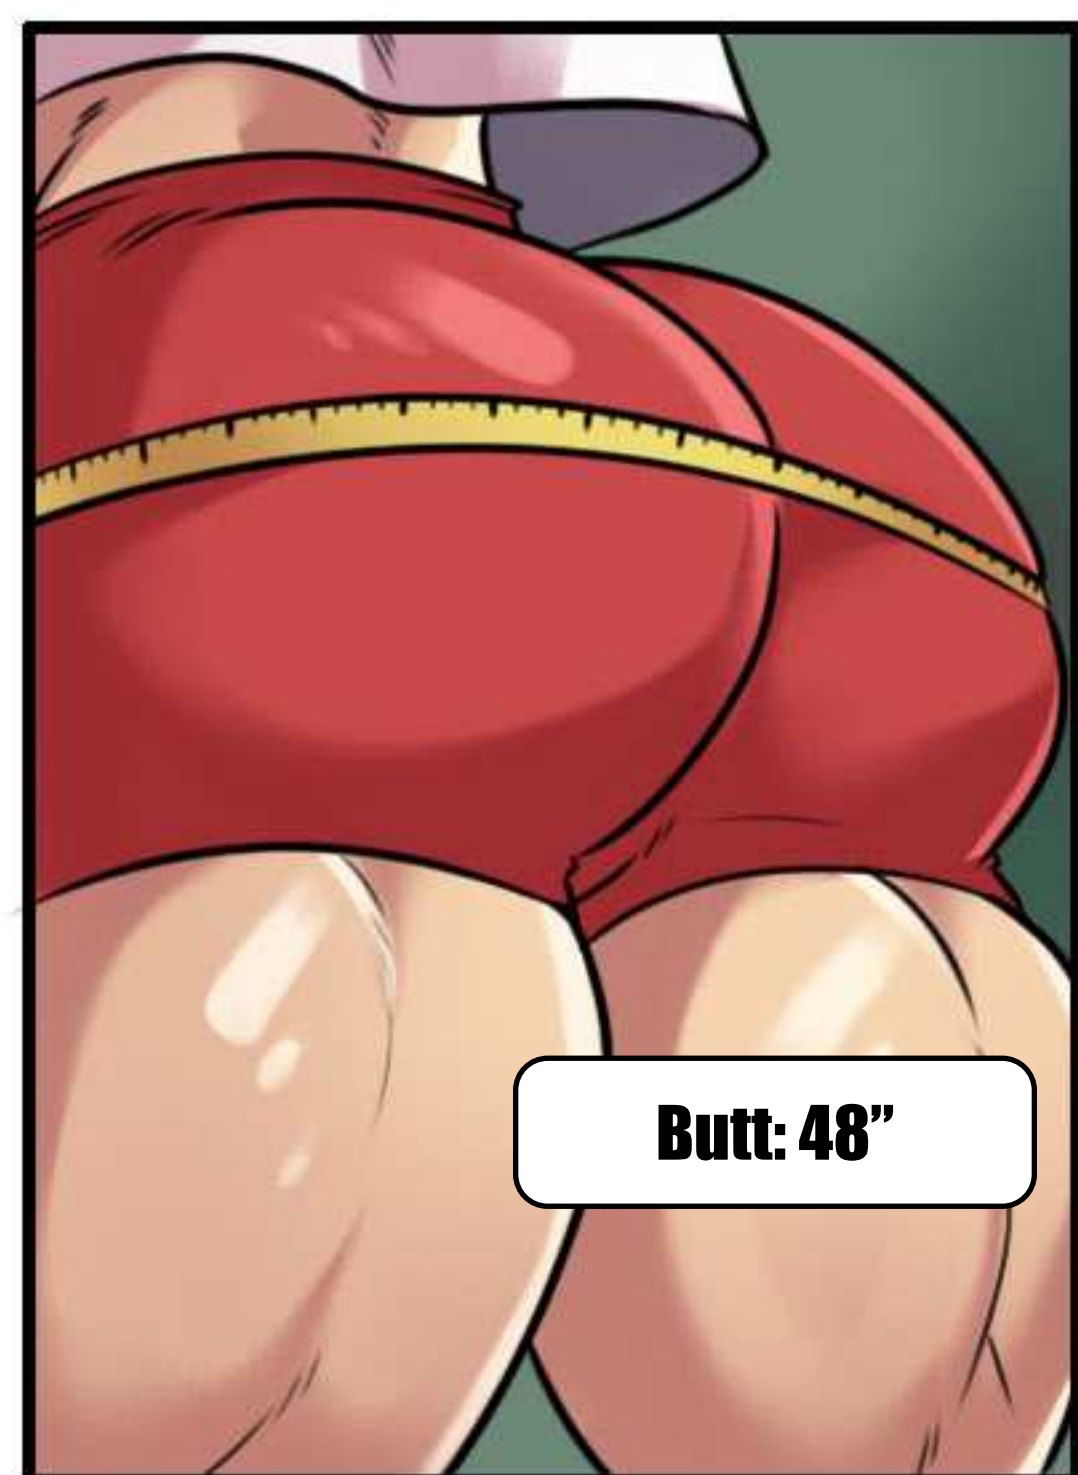

It would be... I mean yeah, let's find out.

Biceps: 14.5"

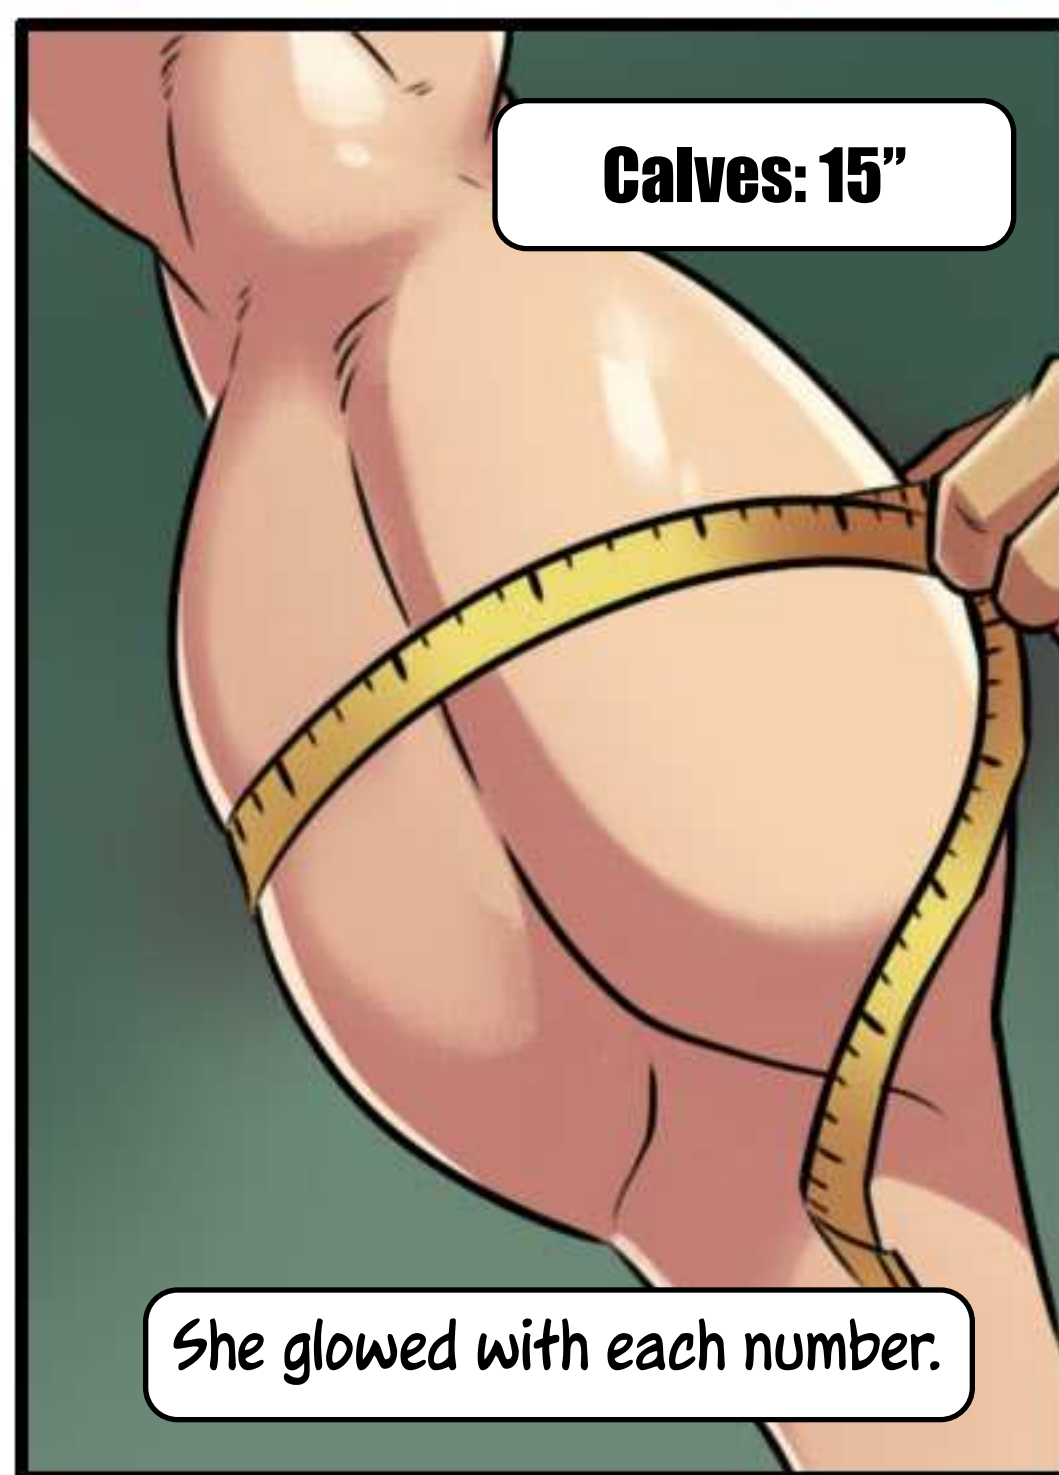

Waist: 26"

Butt: 48"

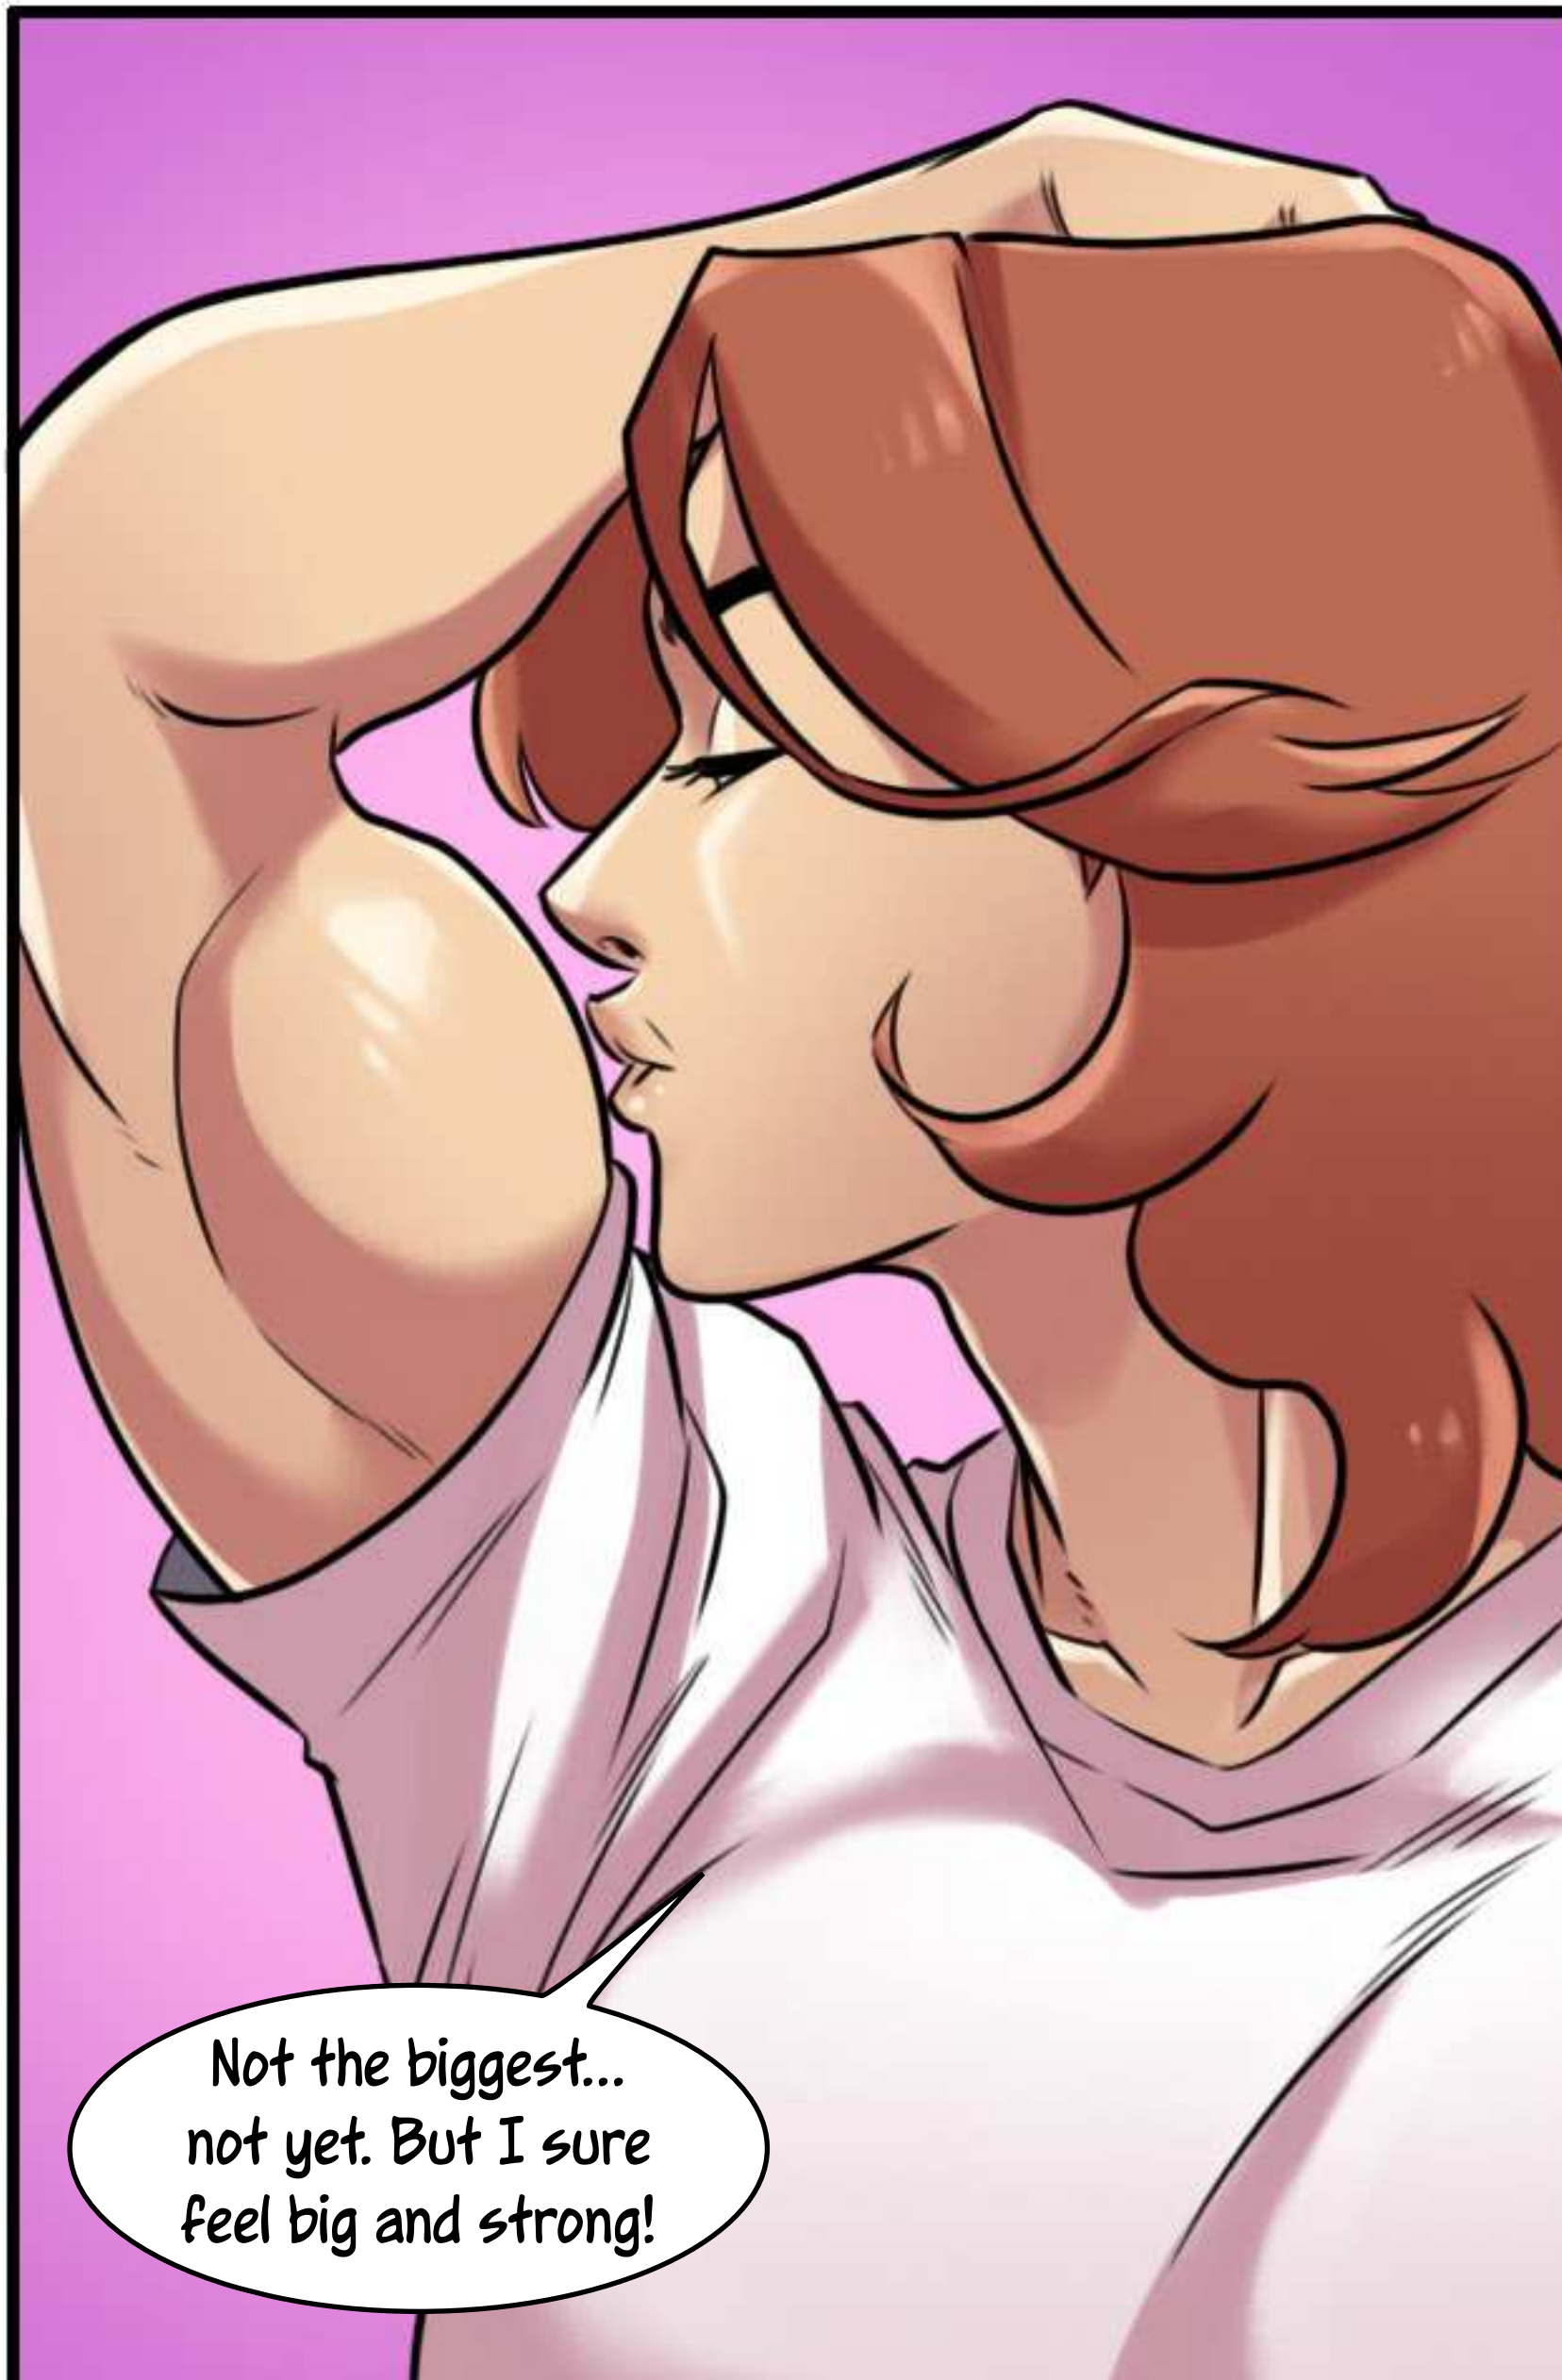

Thighs: 23.5"

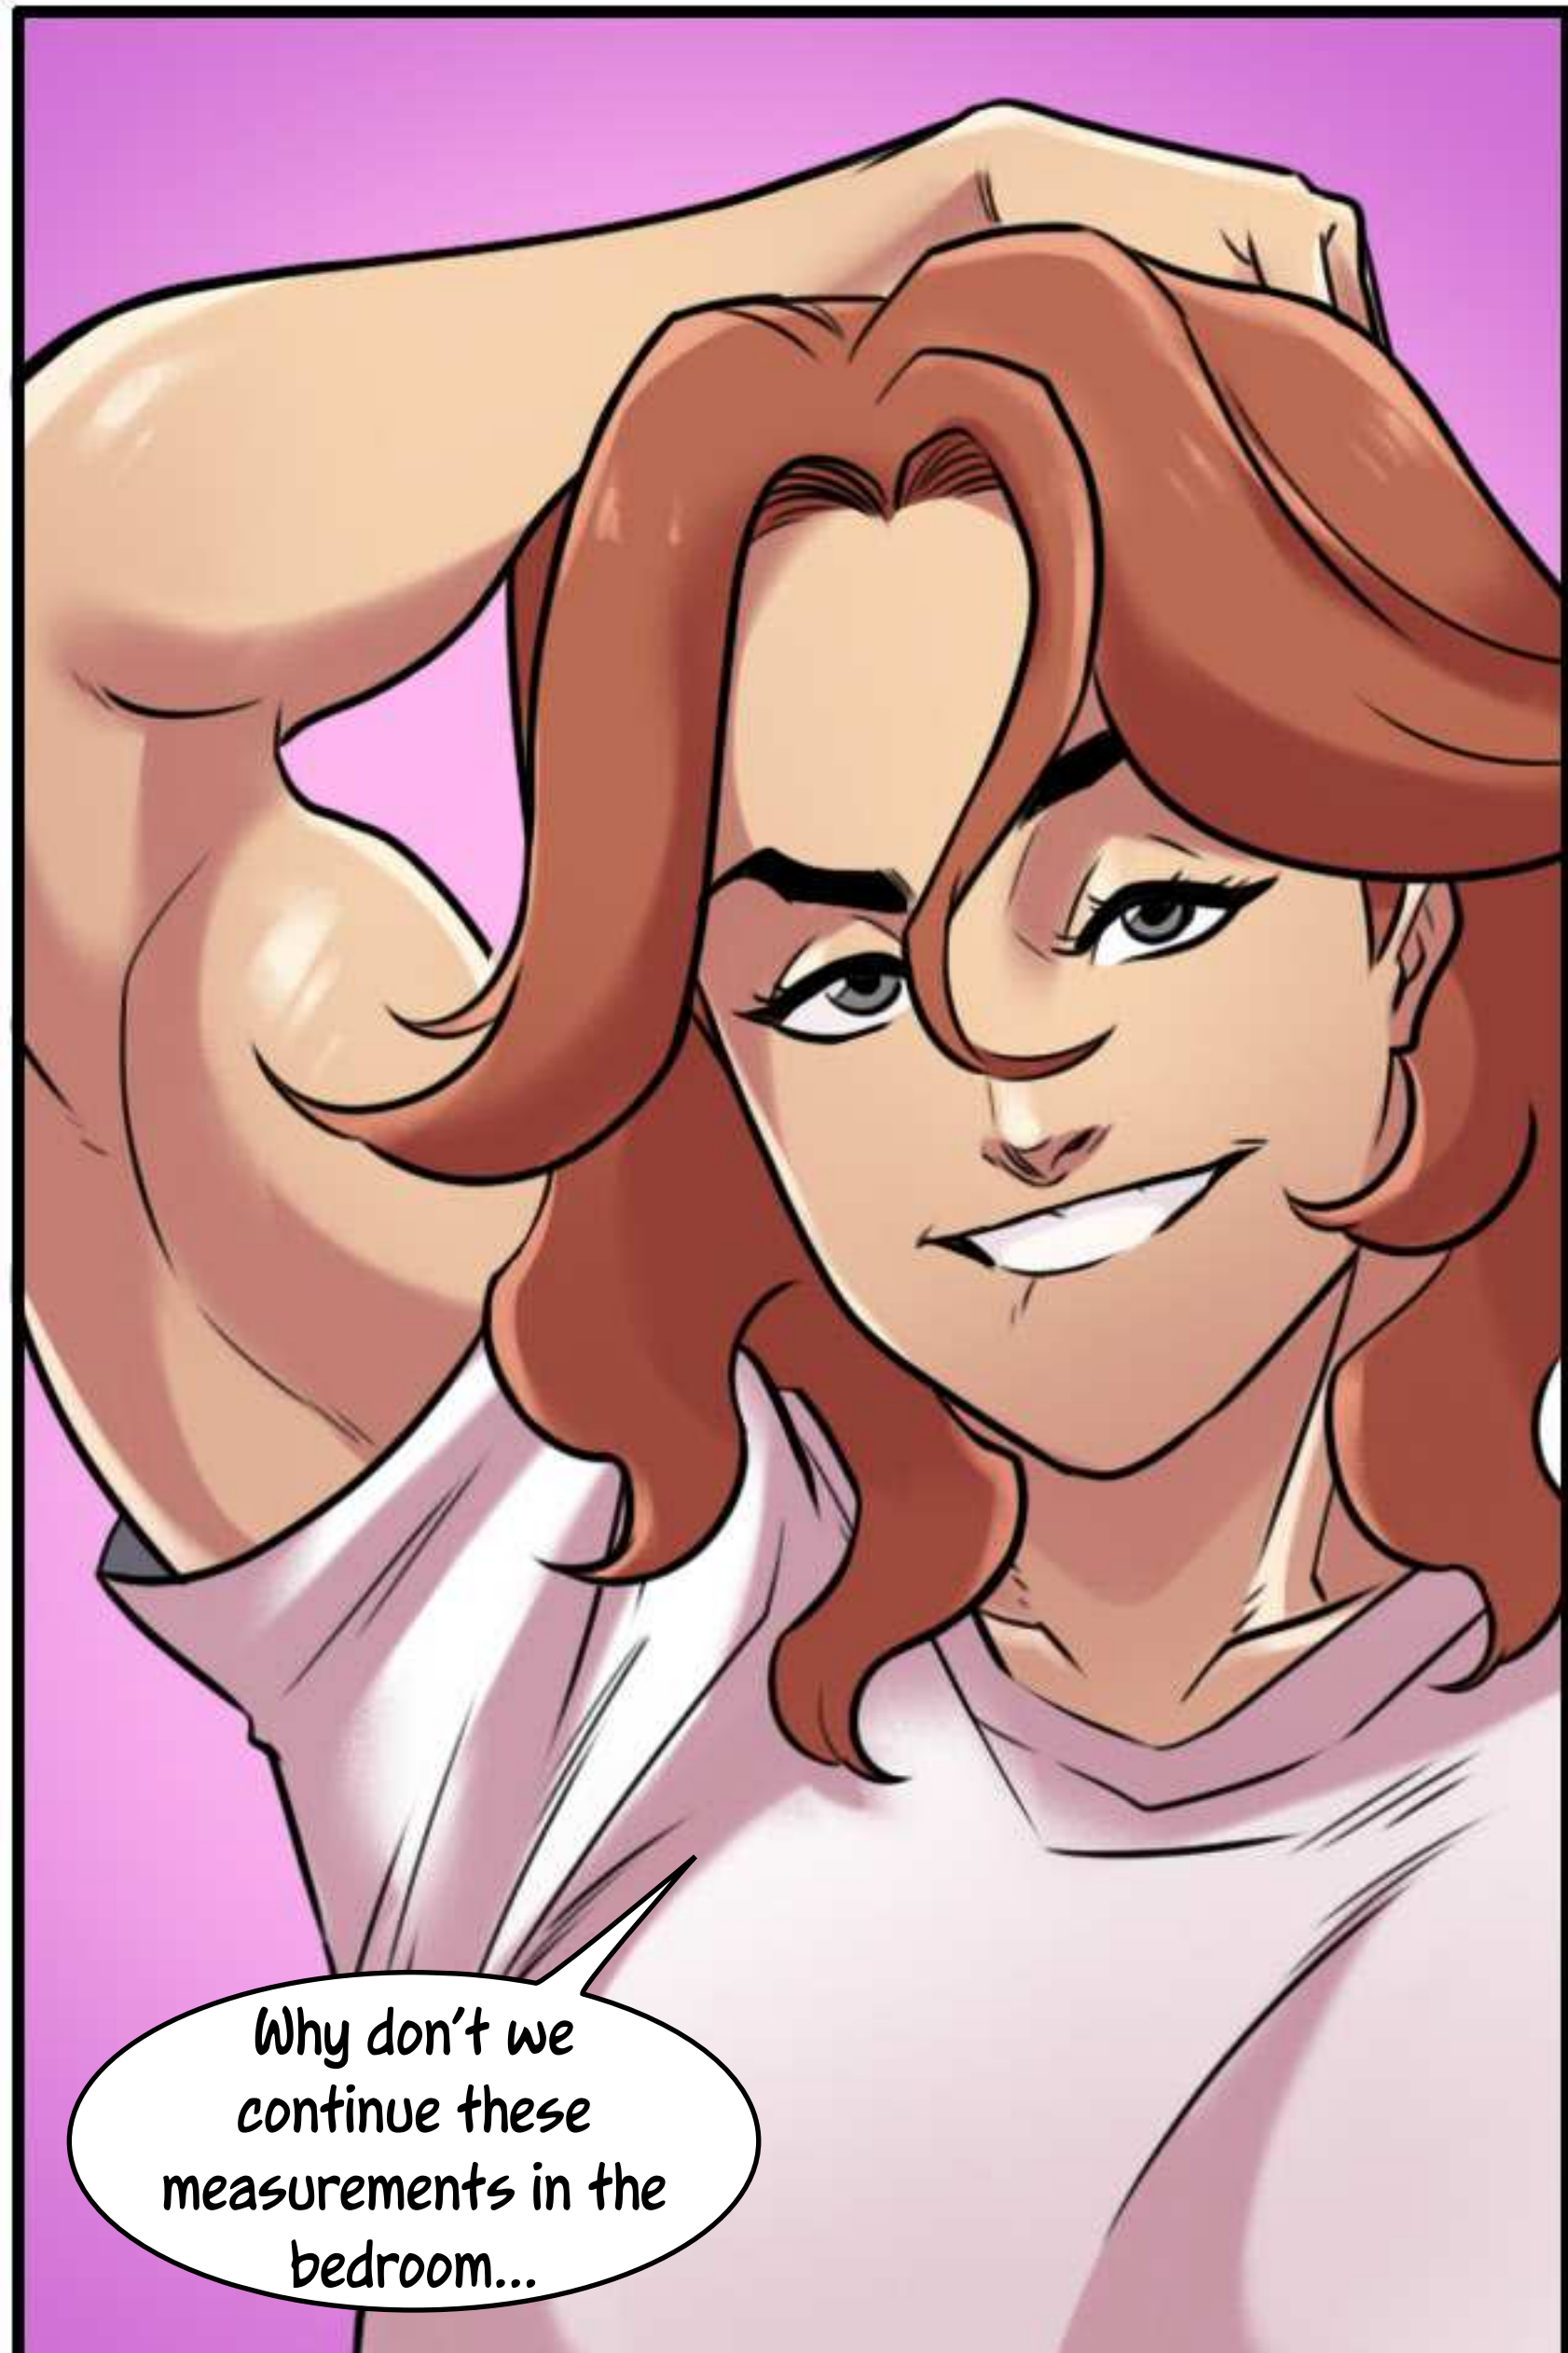

Calves: 15"

She glowed with each number.

Not the biggest... not yet. But I sure feel big and strong!

Why don't we continue these measurements in the bedroom...

Feel how strong I've become.

OOOOH

Her body felt hot, carved, alive.

AHHH..

SCHOP.. SCHOP..

More?...

Yes.

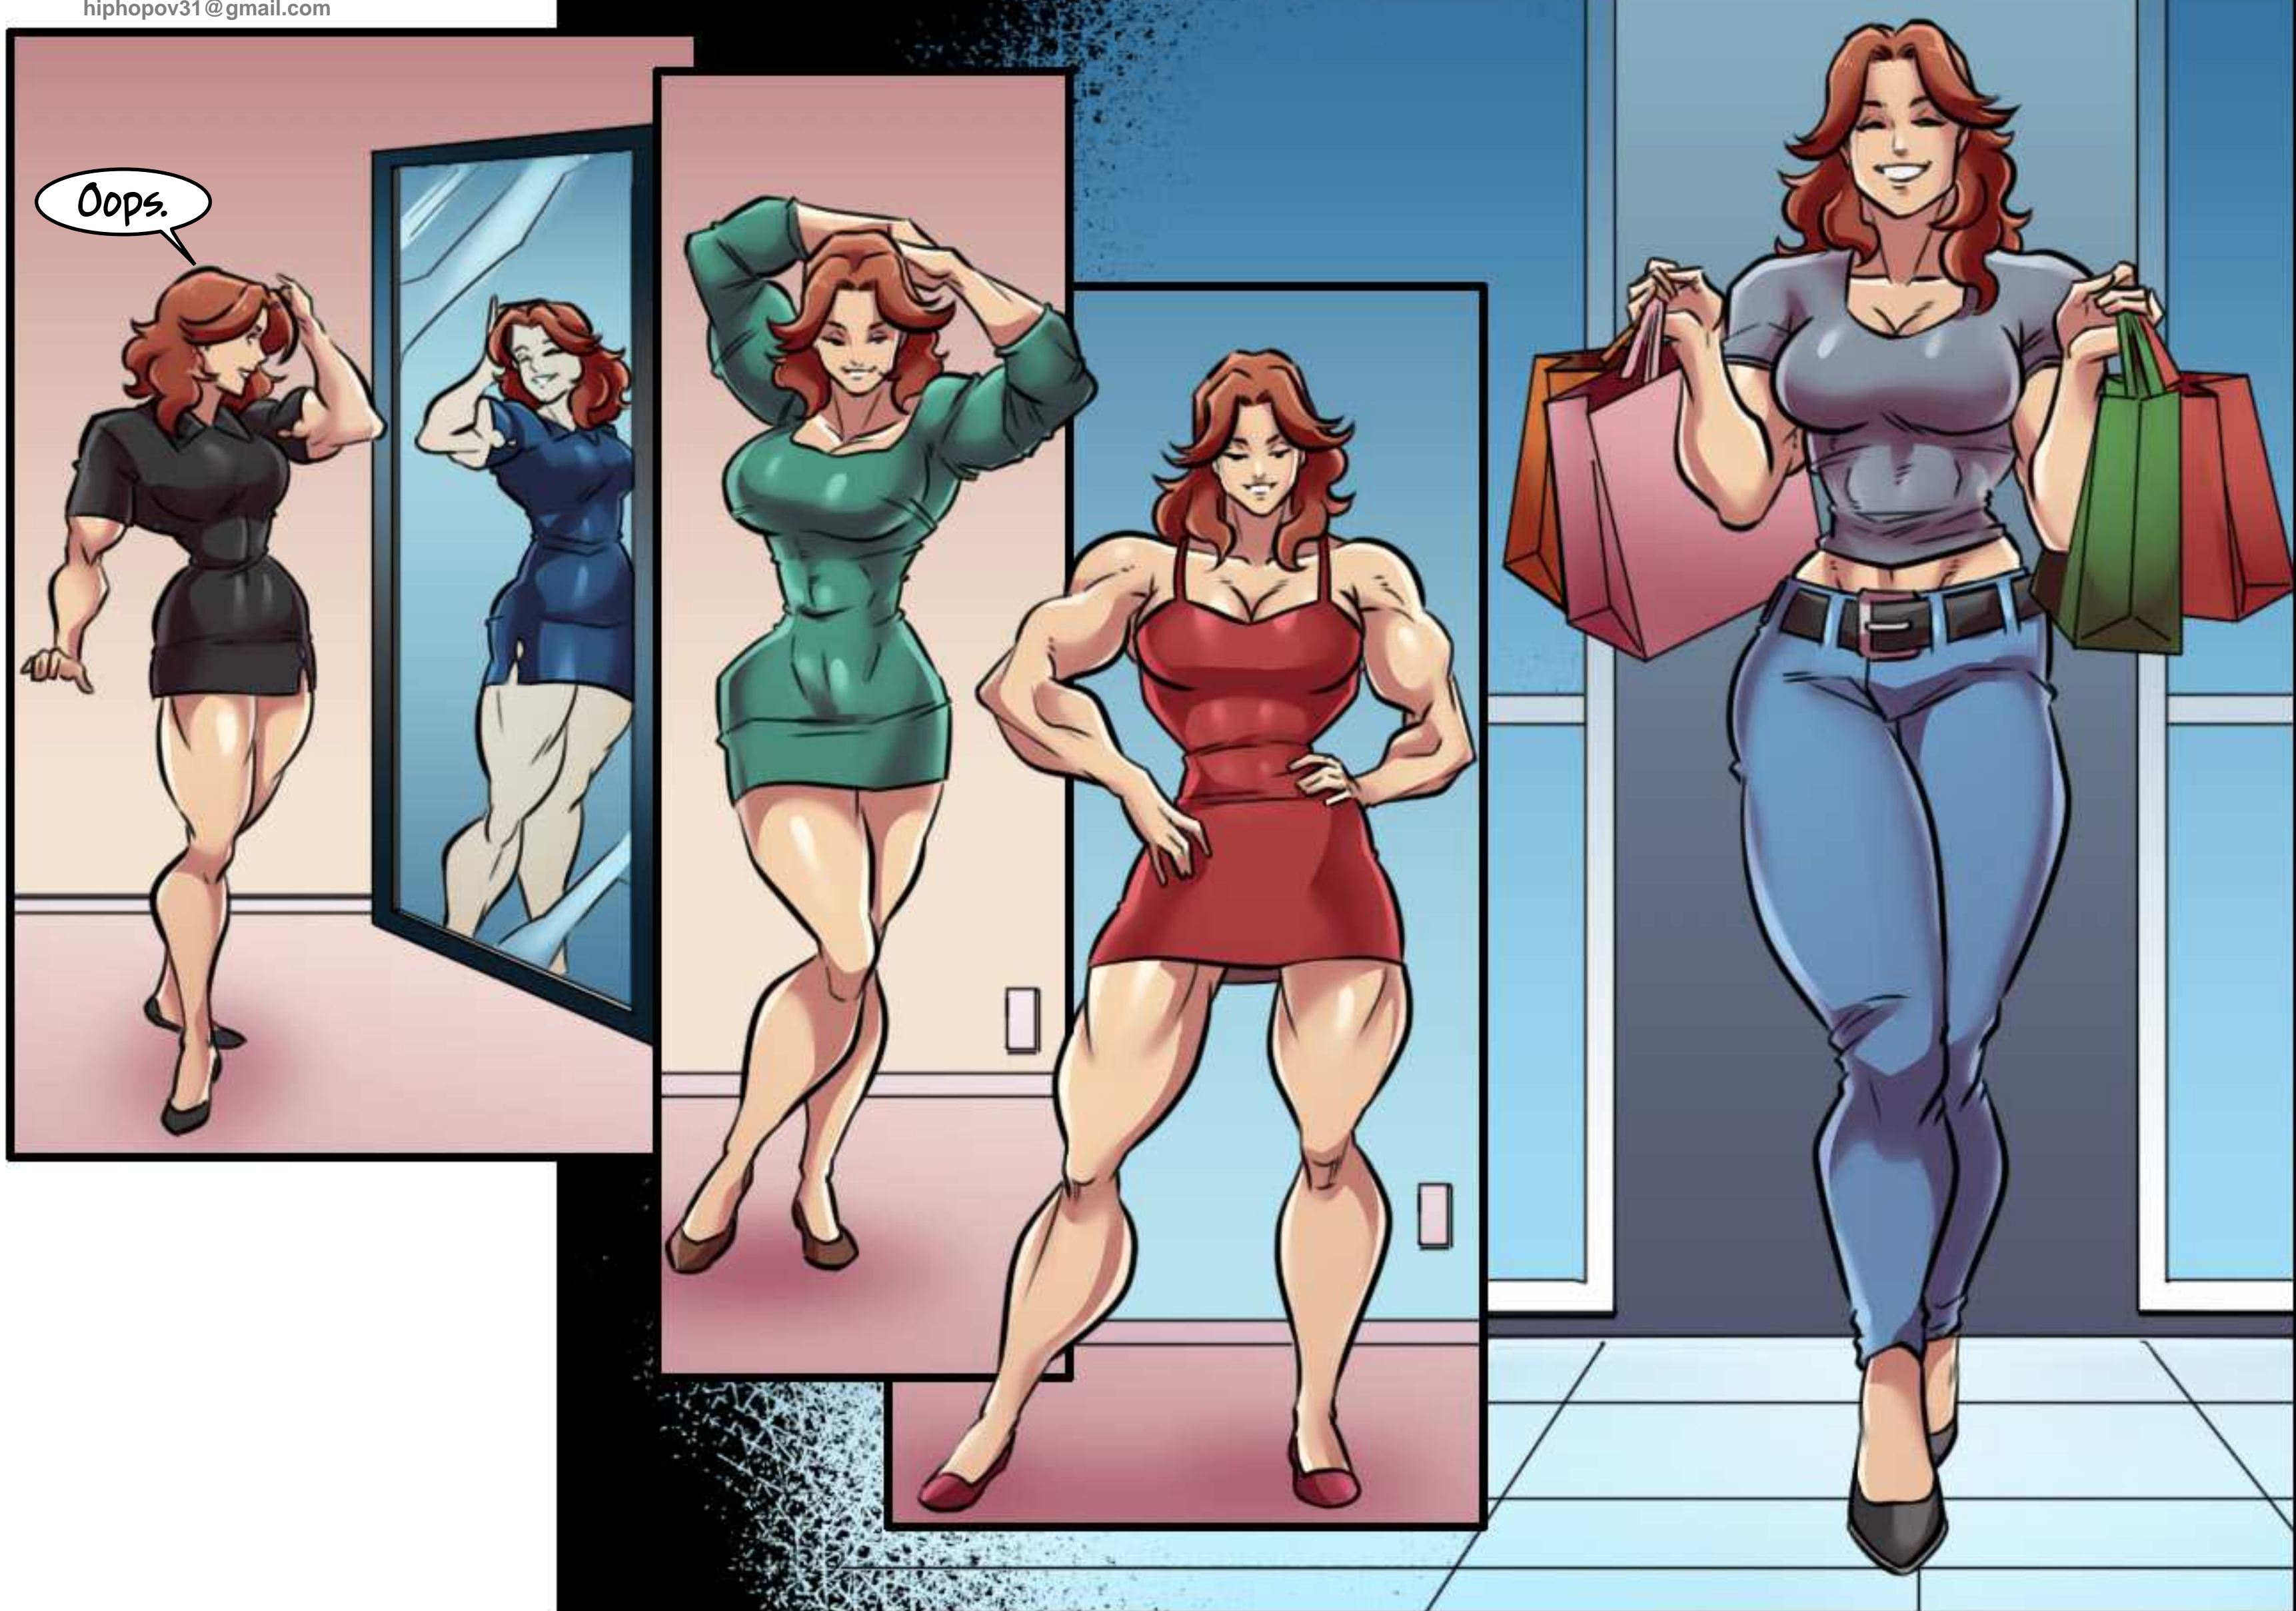

We learned each new contour together.

GRIND

GRIND

No pain, no gain.

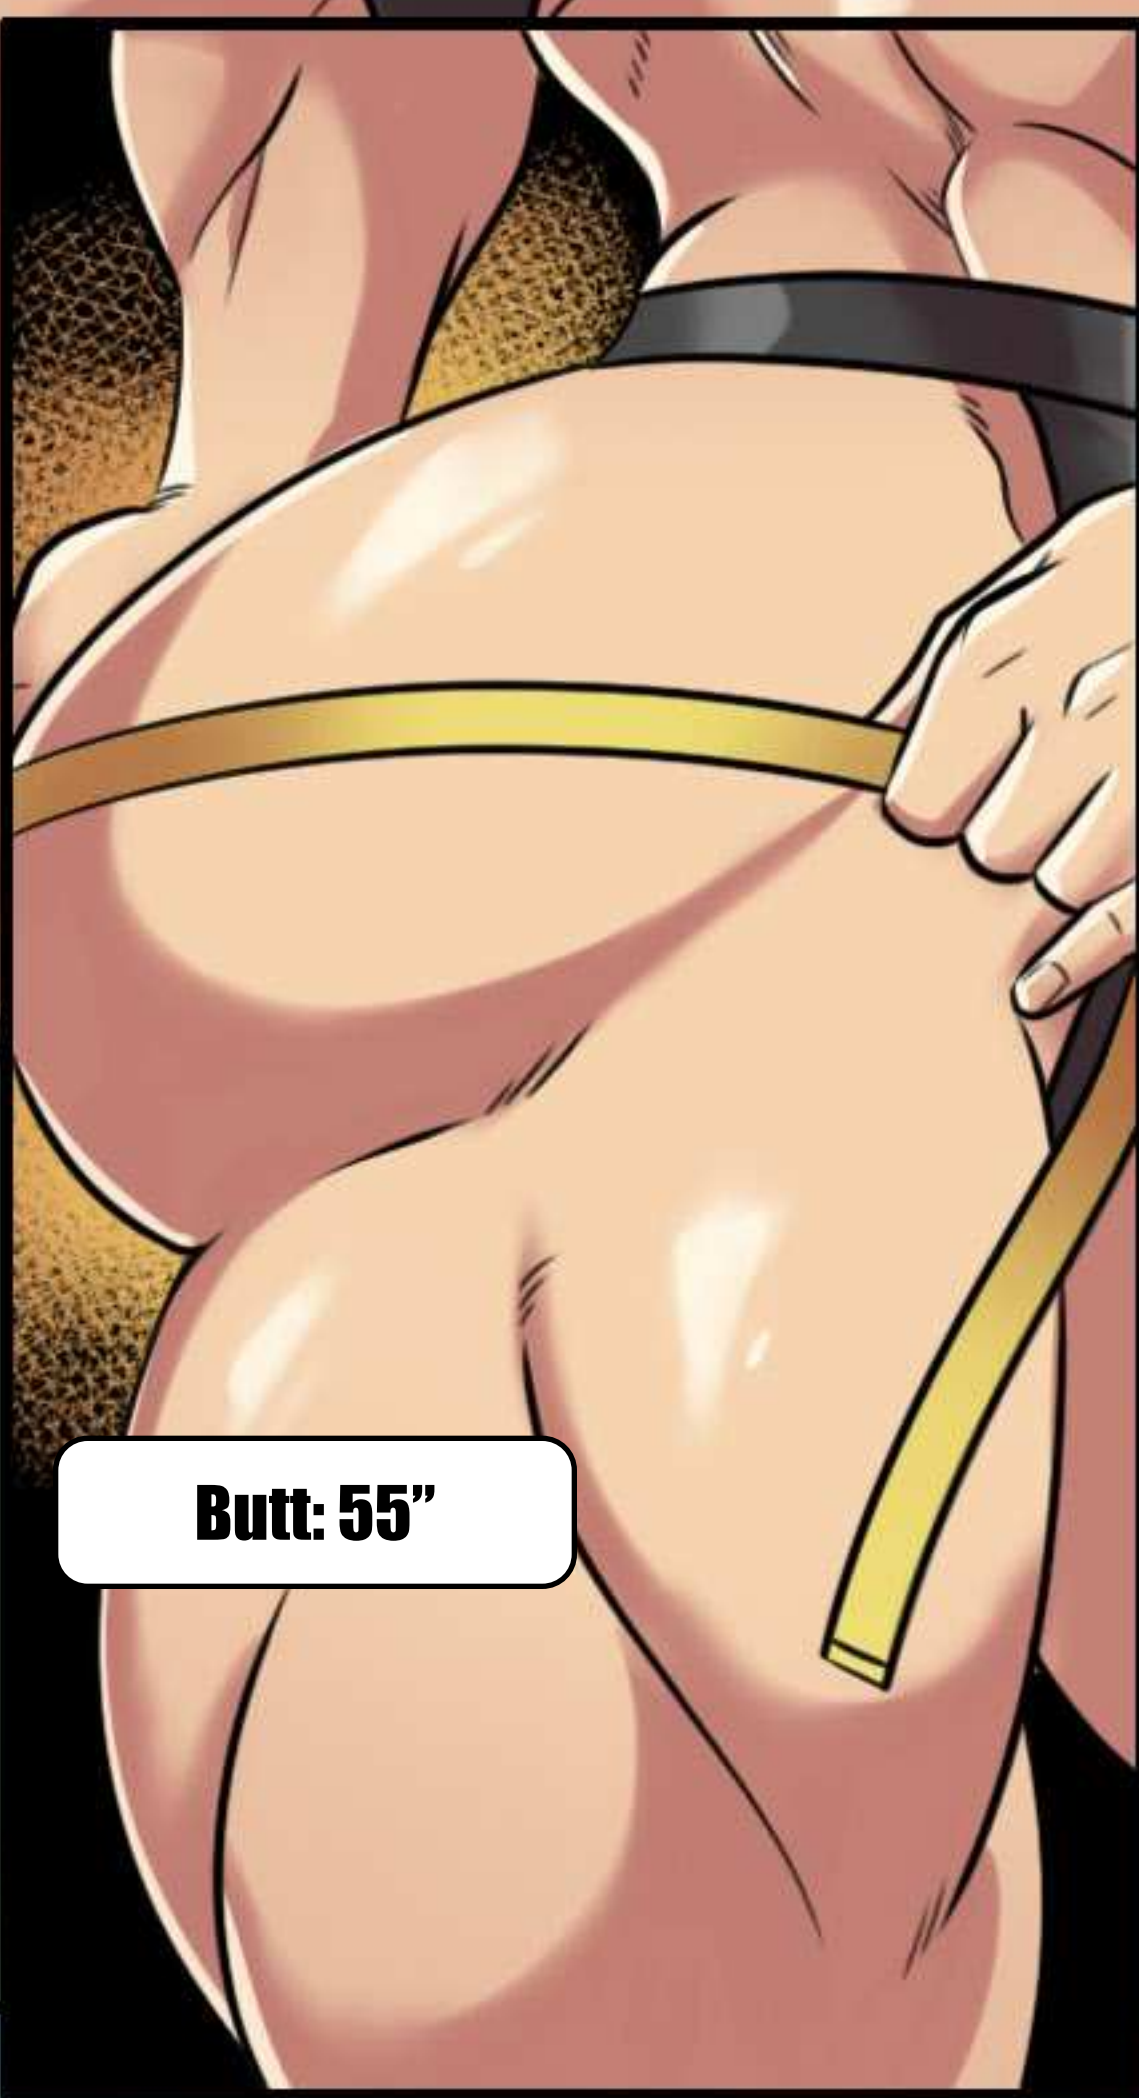

Curves and power together.

Biceps: 18"

Butt: 55"

Thighs: 26"

I got protective.

She stayed loving. We stayed us.

Ok, Next plate.

Tell me where it hurts.

Between the shoulder blades.

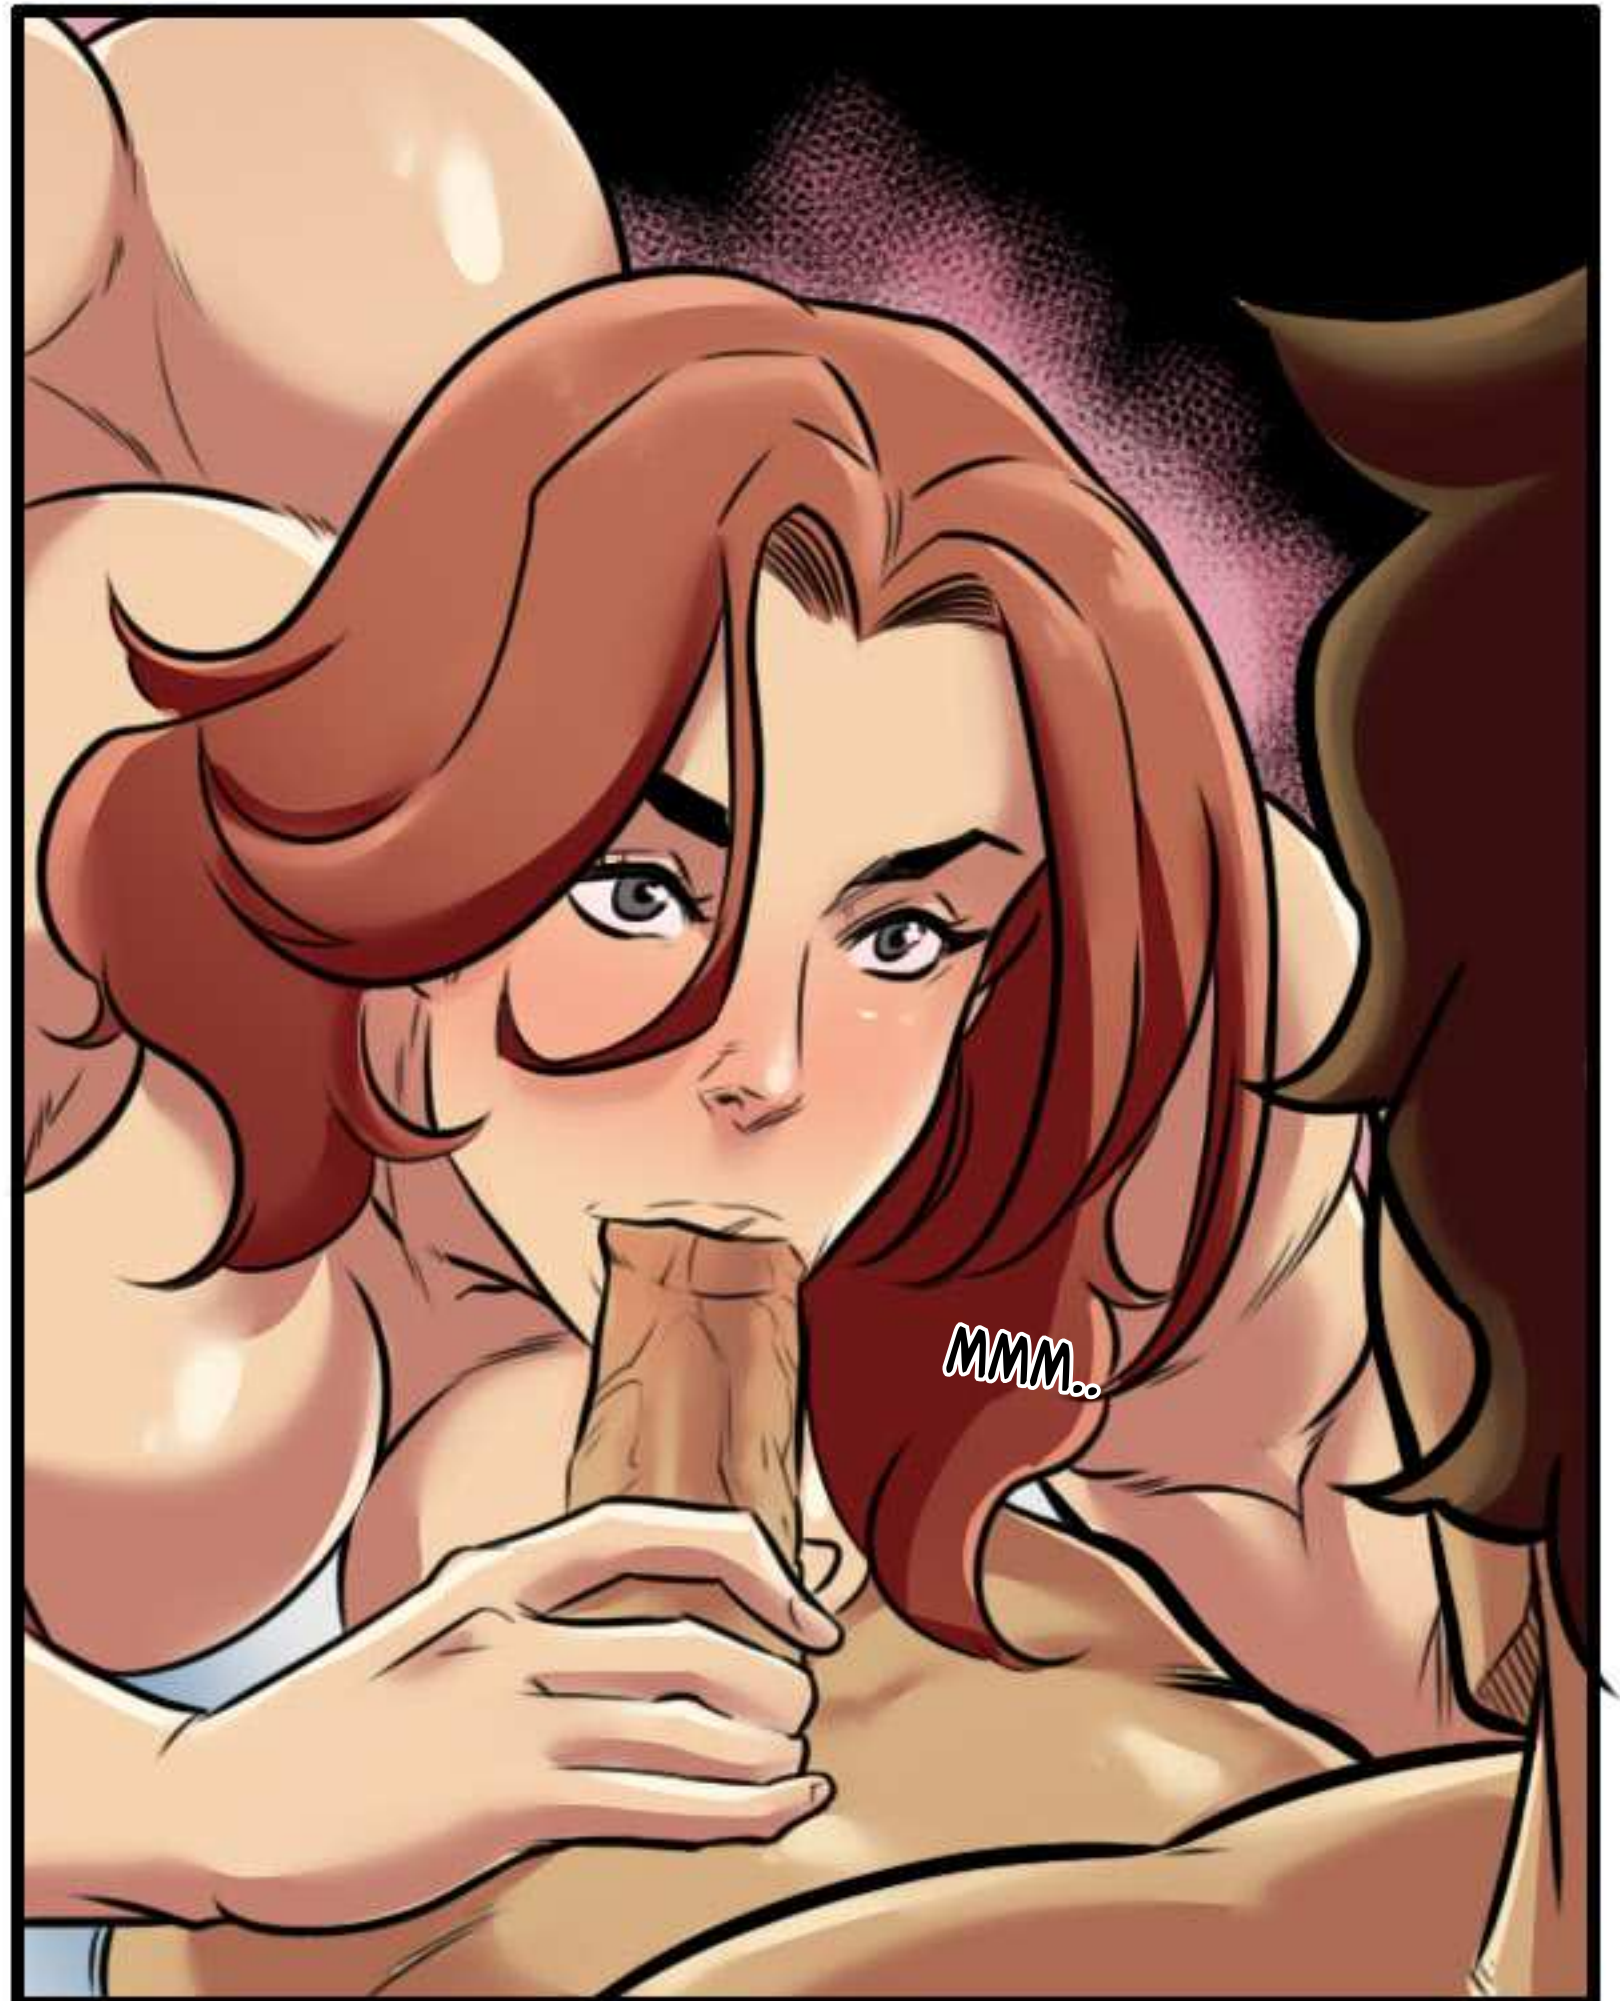

My god. She is so tight and solid!

Harder.

I can't let you have all the fun, especially when you have something like this in your pocket.

FWIP!

MMM..

From 80 pounds to 140, fast.

Still me. Just... more.

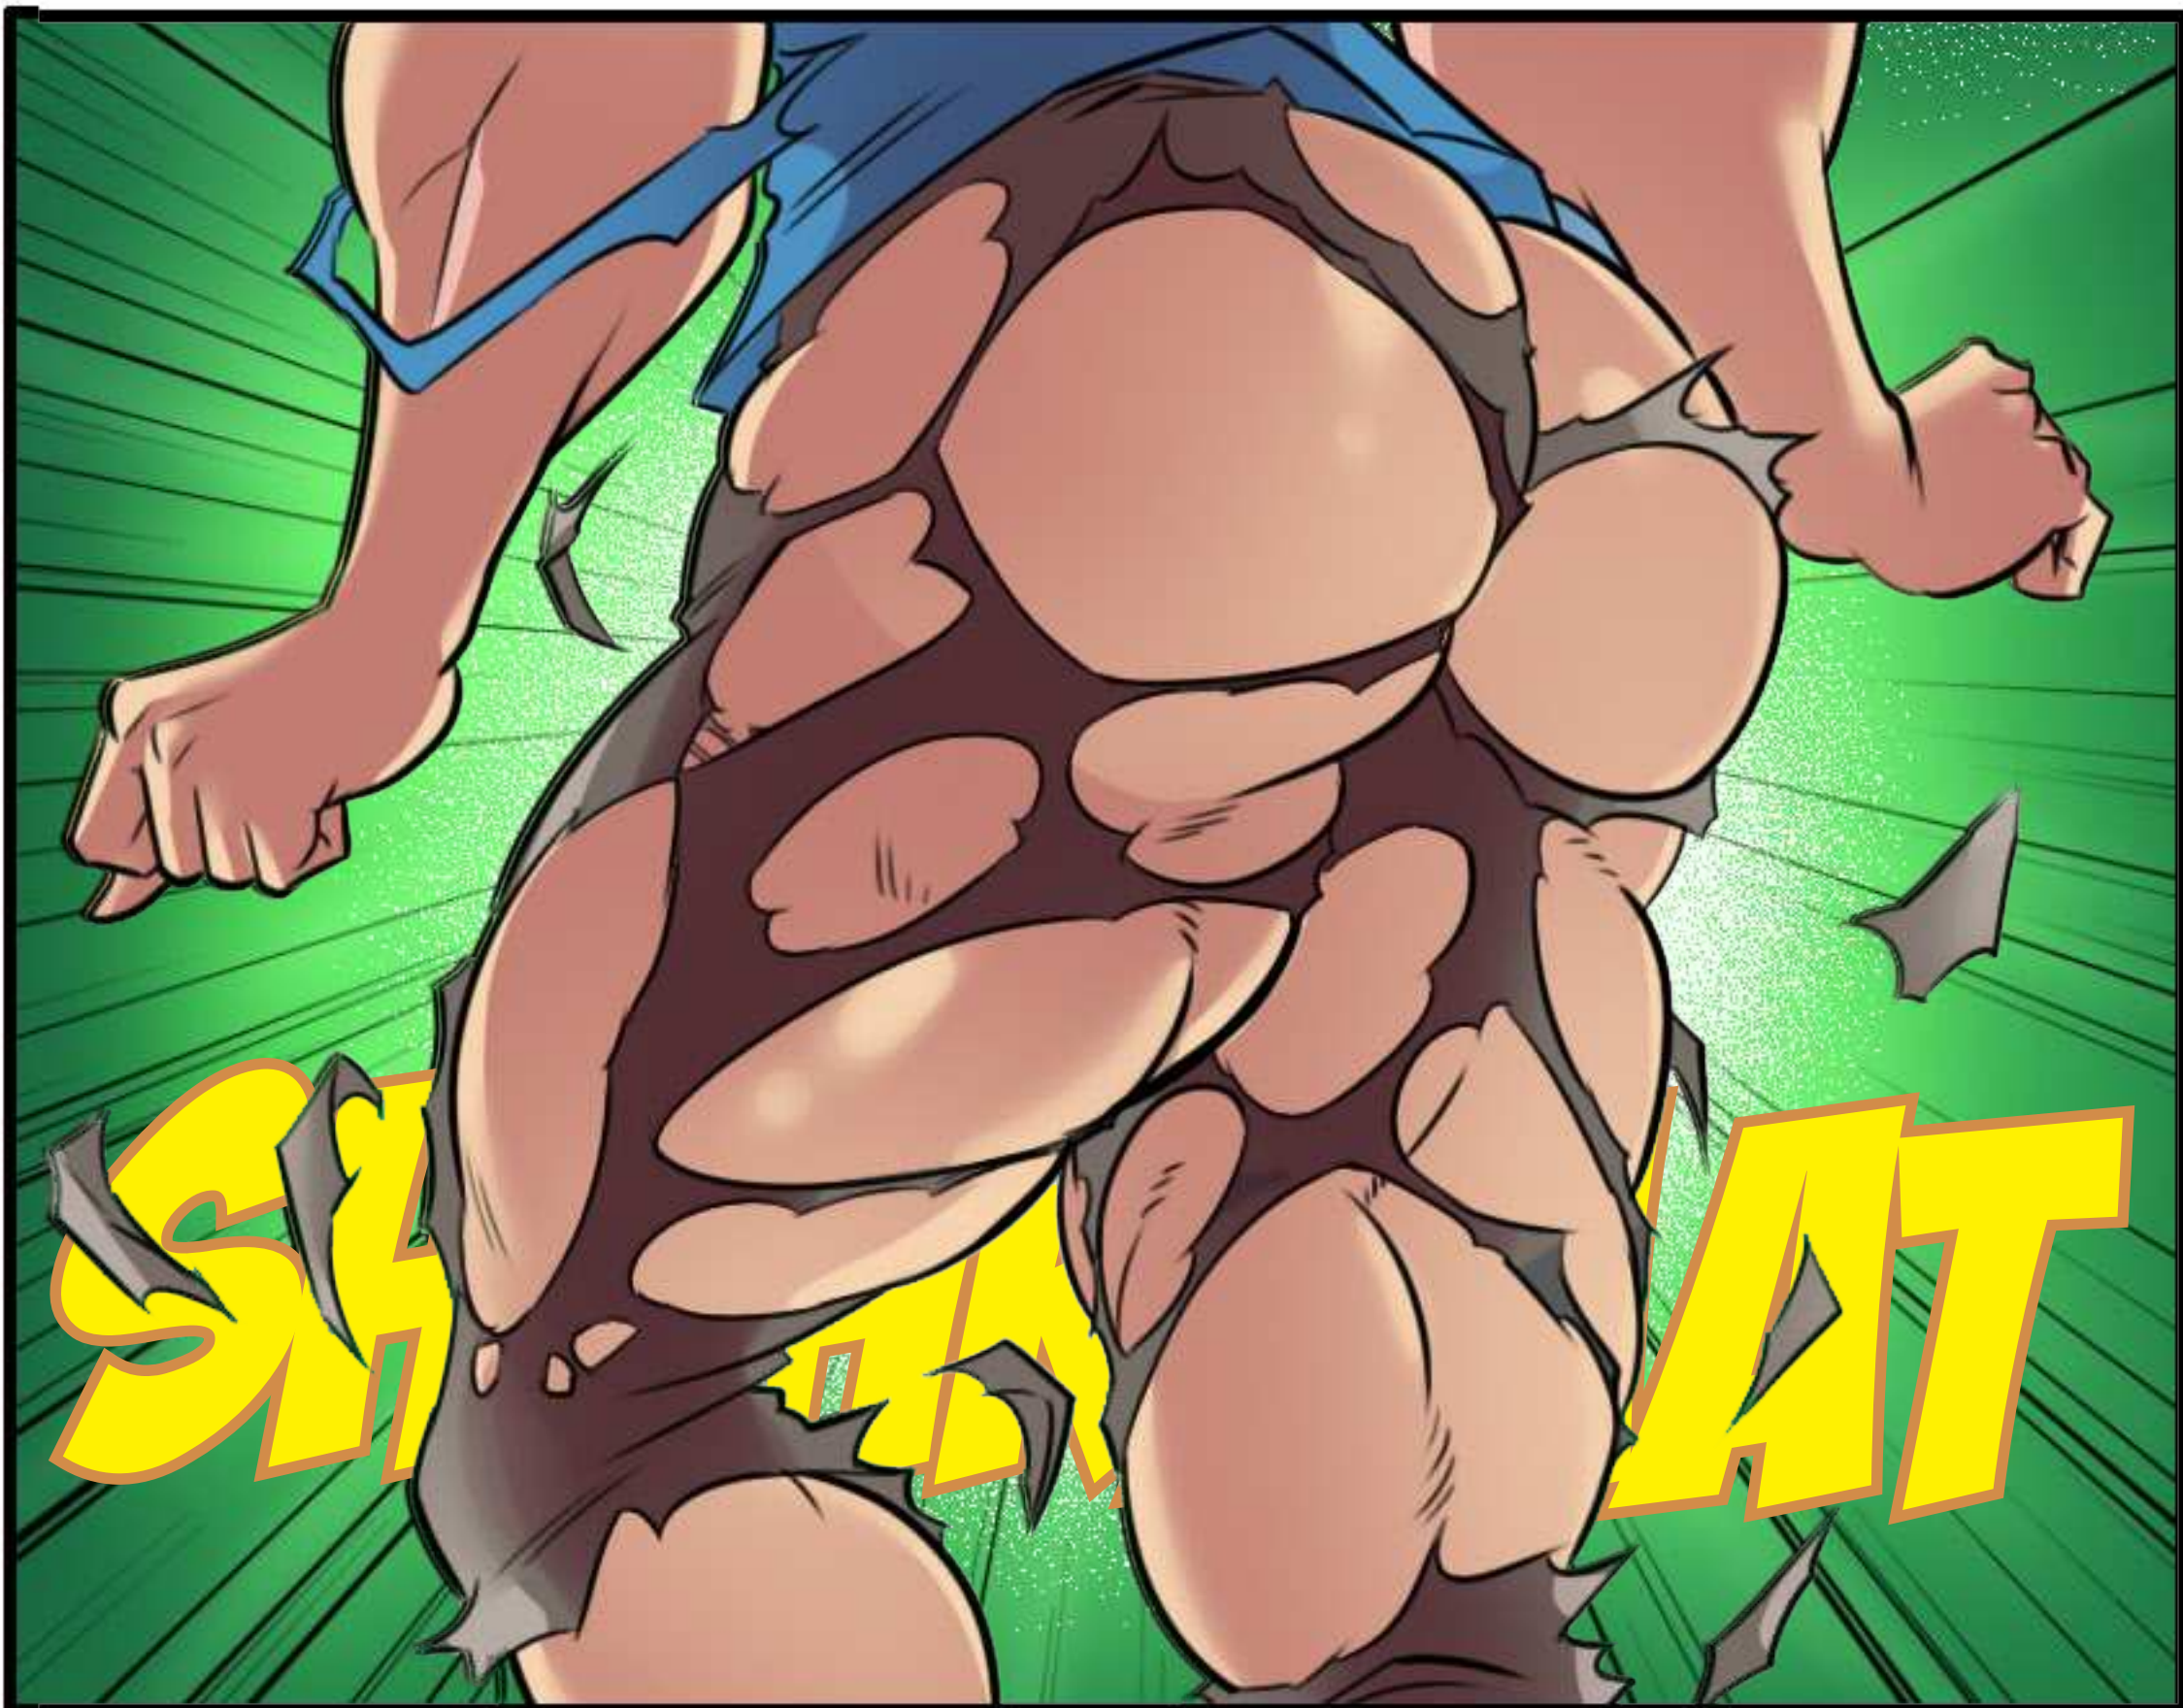

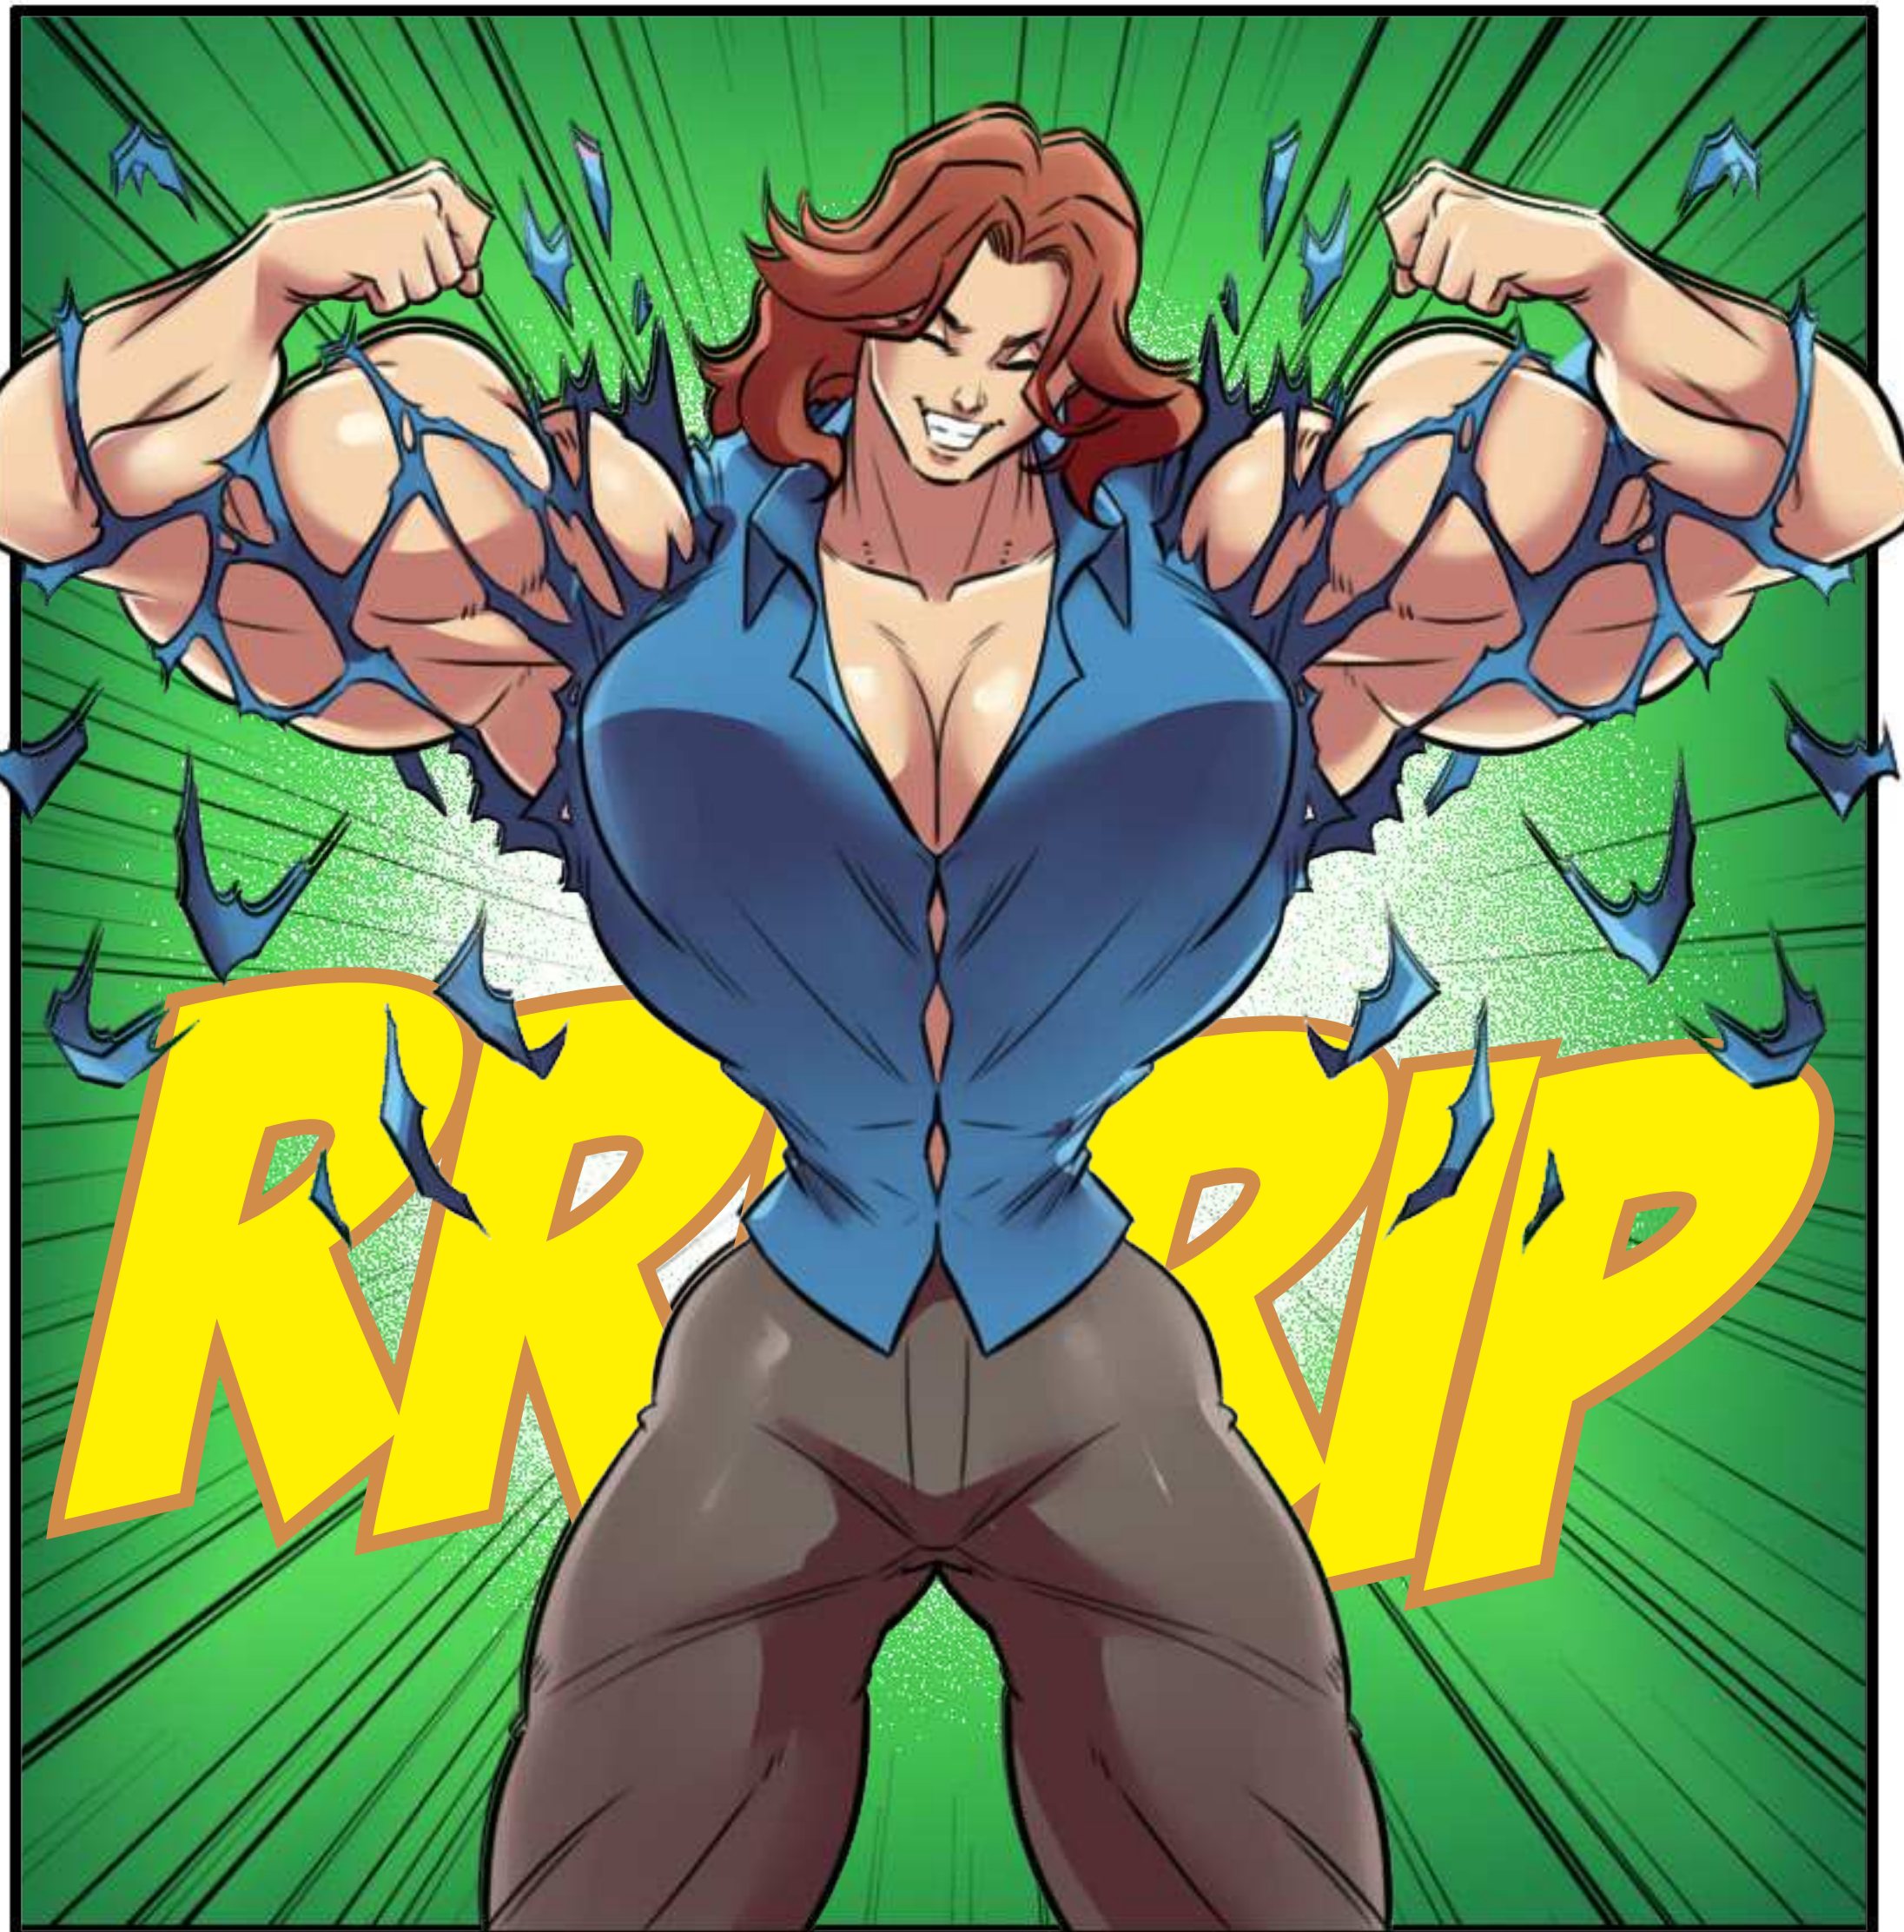

She had to buy clothes quite often...

Thank you for believing in me.

SMACK

I'll be gentle.

Please don't.

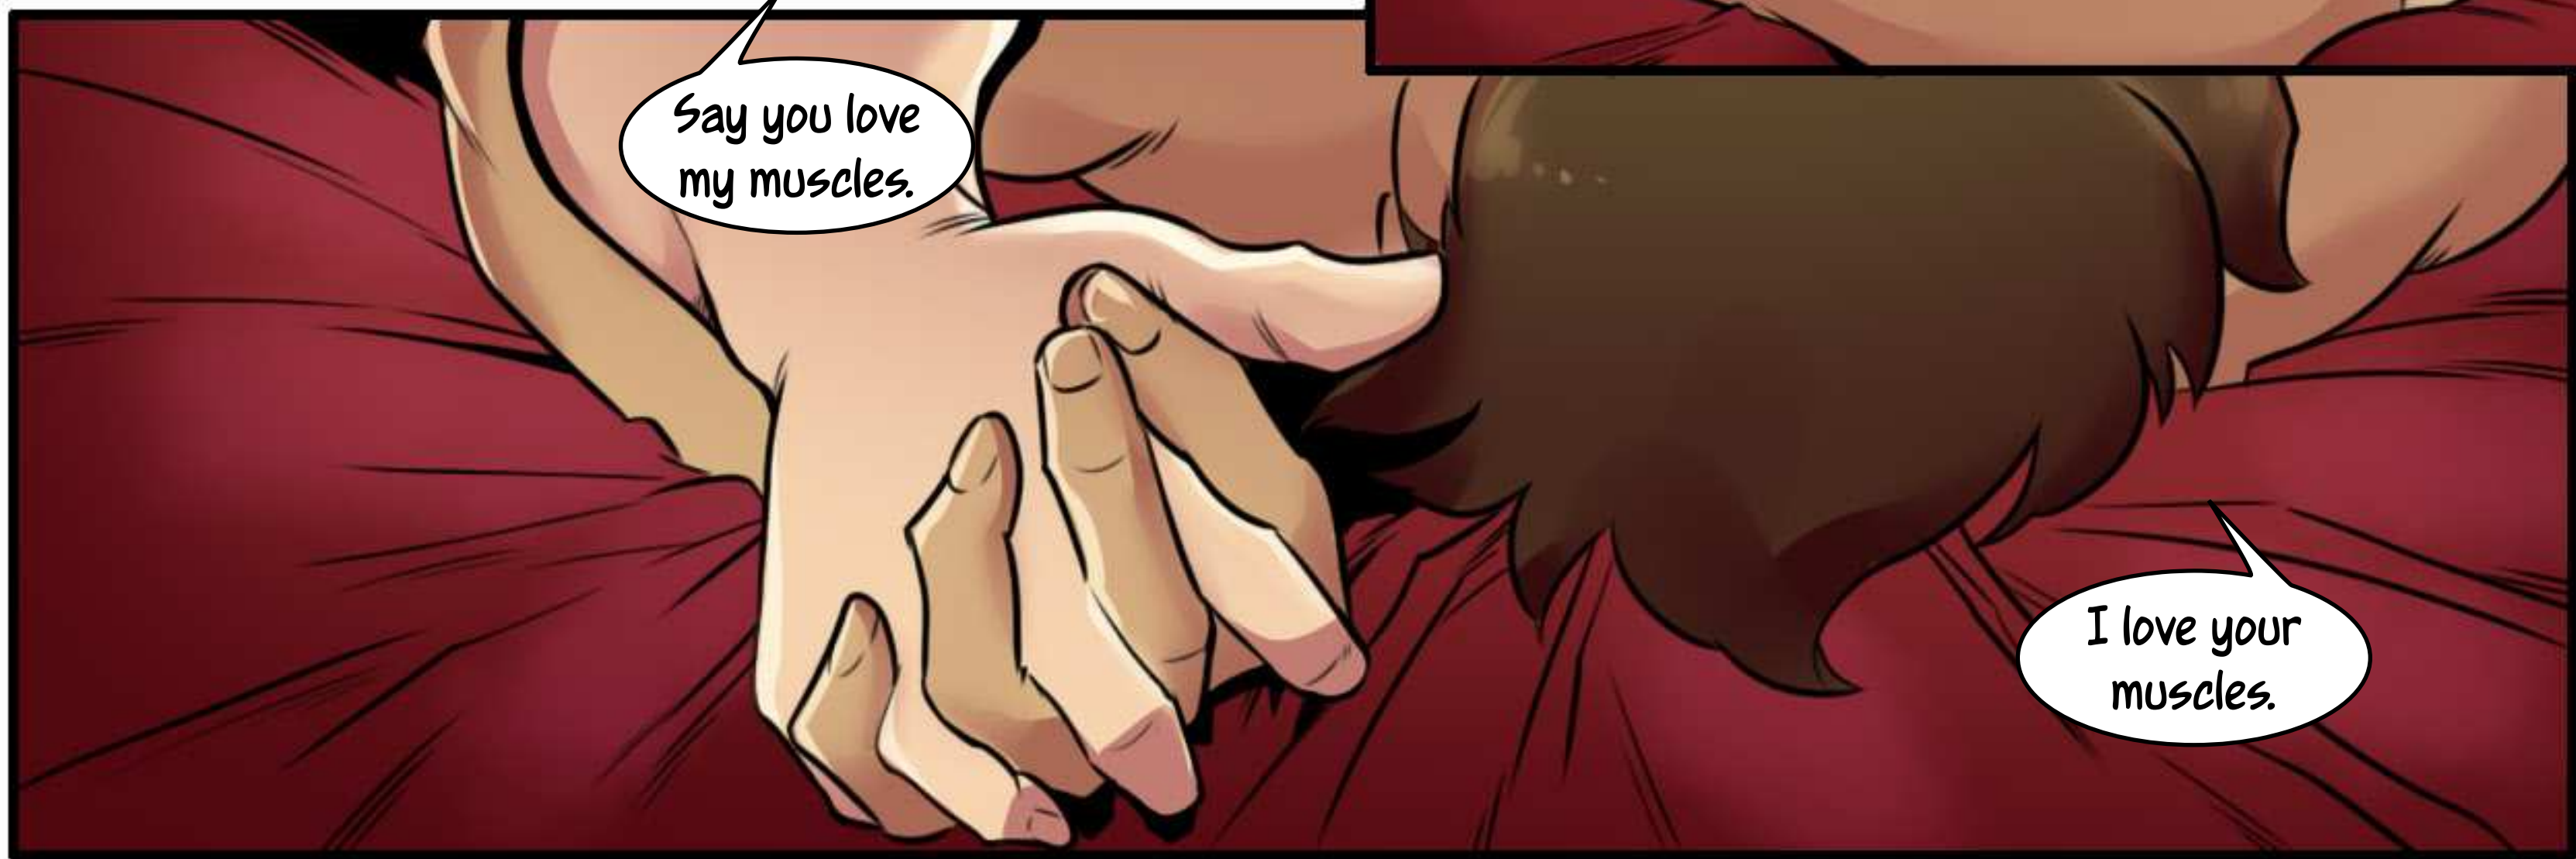

The couch protested. We didn't.

OOOHH

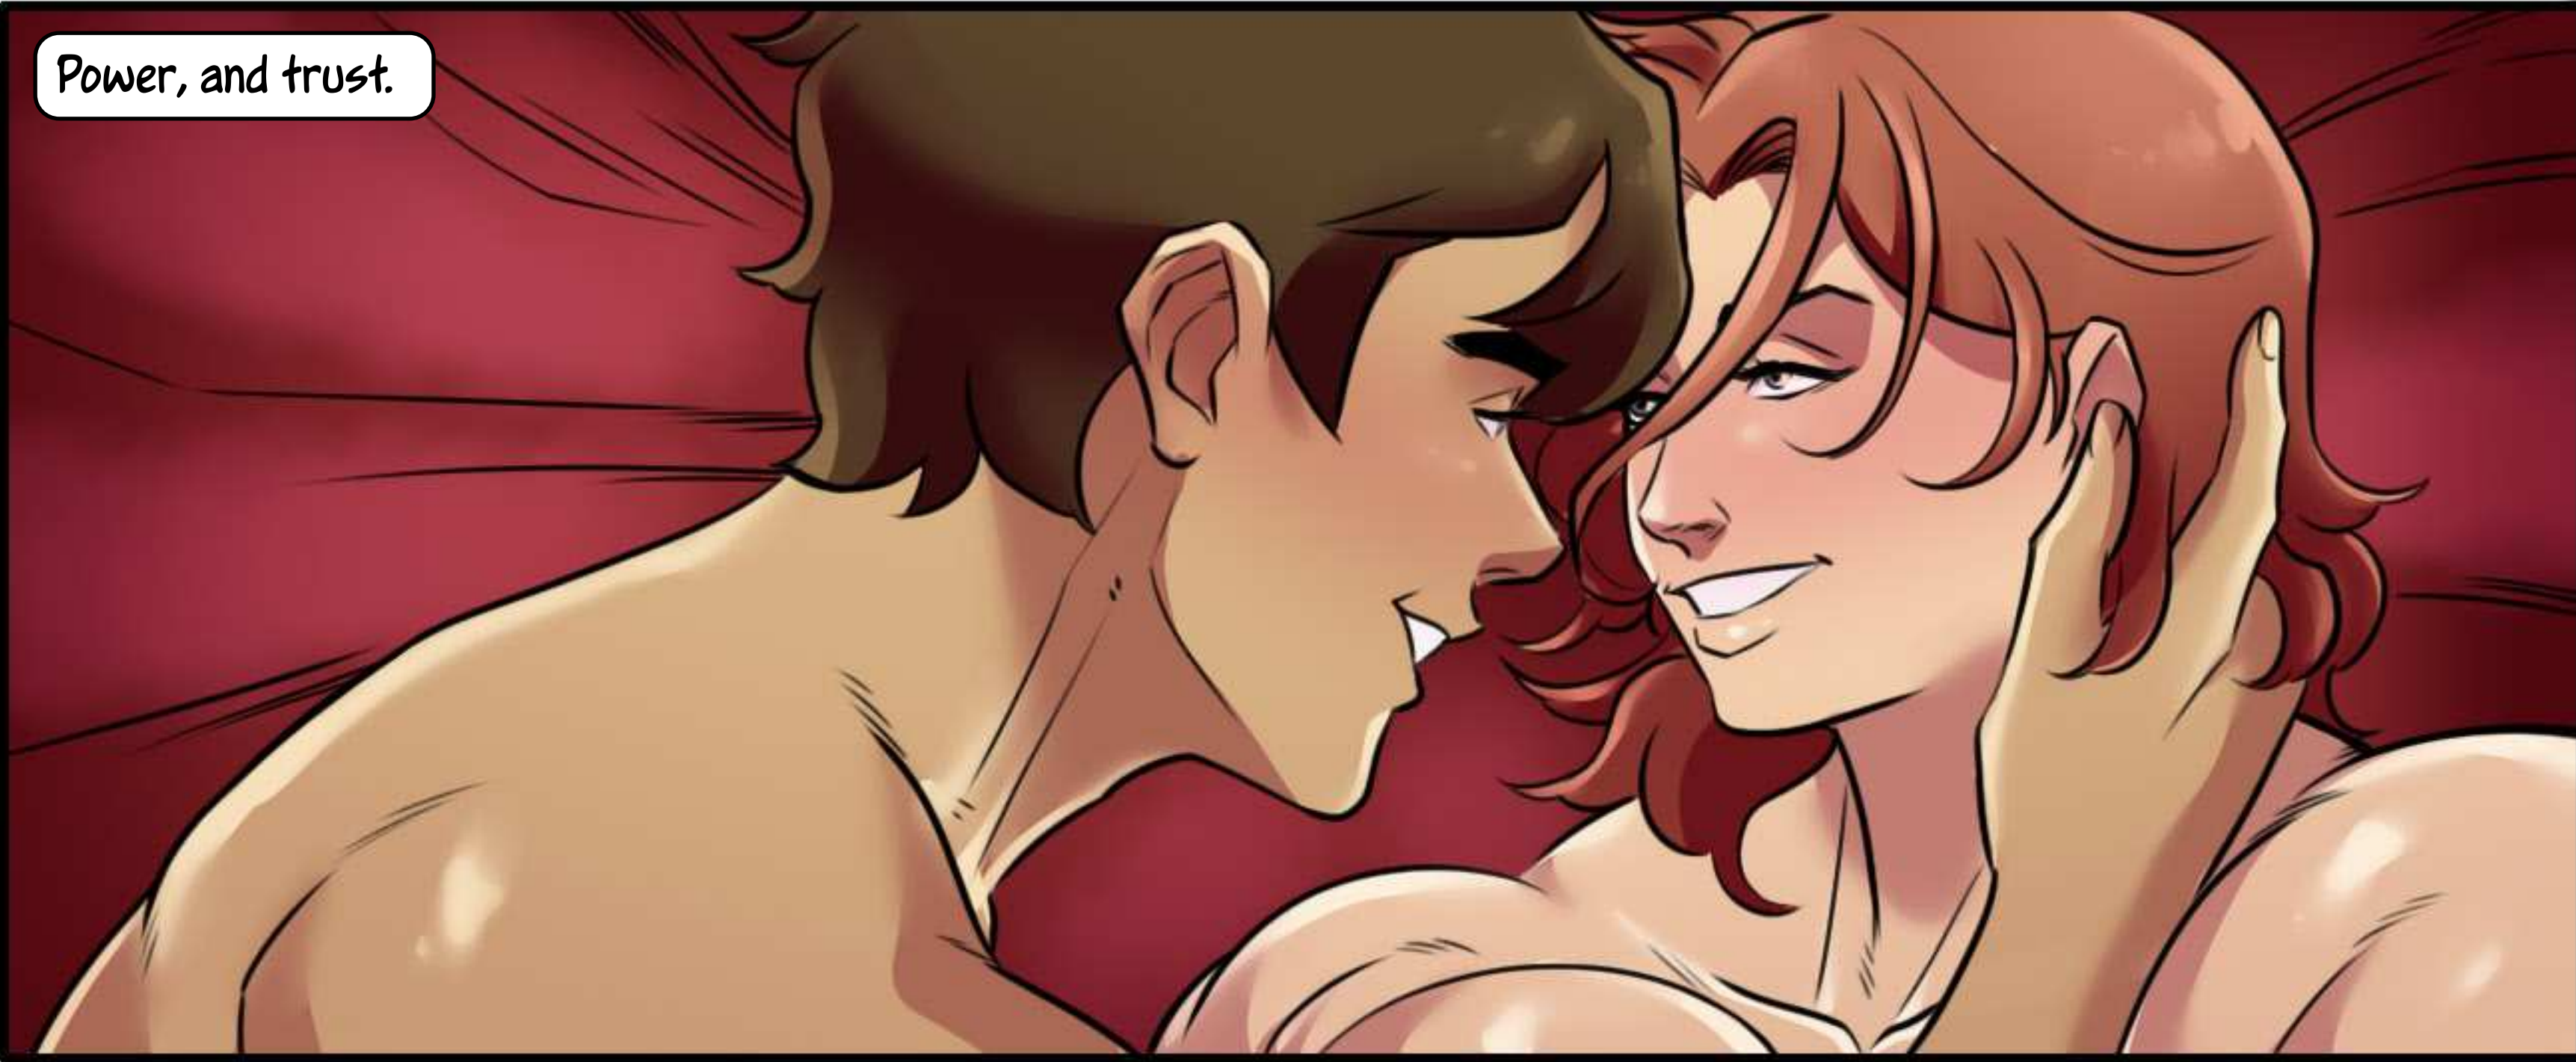

GRIND

GRIND

Say you love my muscles.

I love your muscles.

Power, and trust.

The surge didn't stop.

BICEPS	14.5"	16"	18"	24"	26"	??
BUST	36"	36"	38"	38"	40"	??
WAIST	26"	26"	26"	24"	24"	??
HIPS	48"	50"	55"	57"	64"	??

I might've grown taller... or my posture's better.

Biceps: 26"

Waist: 24"

Hips: 68"

Thighs: 35"

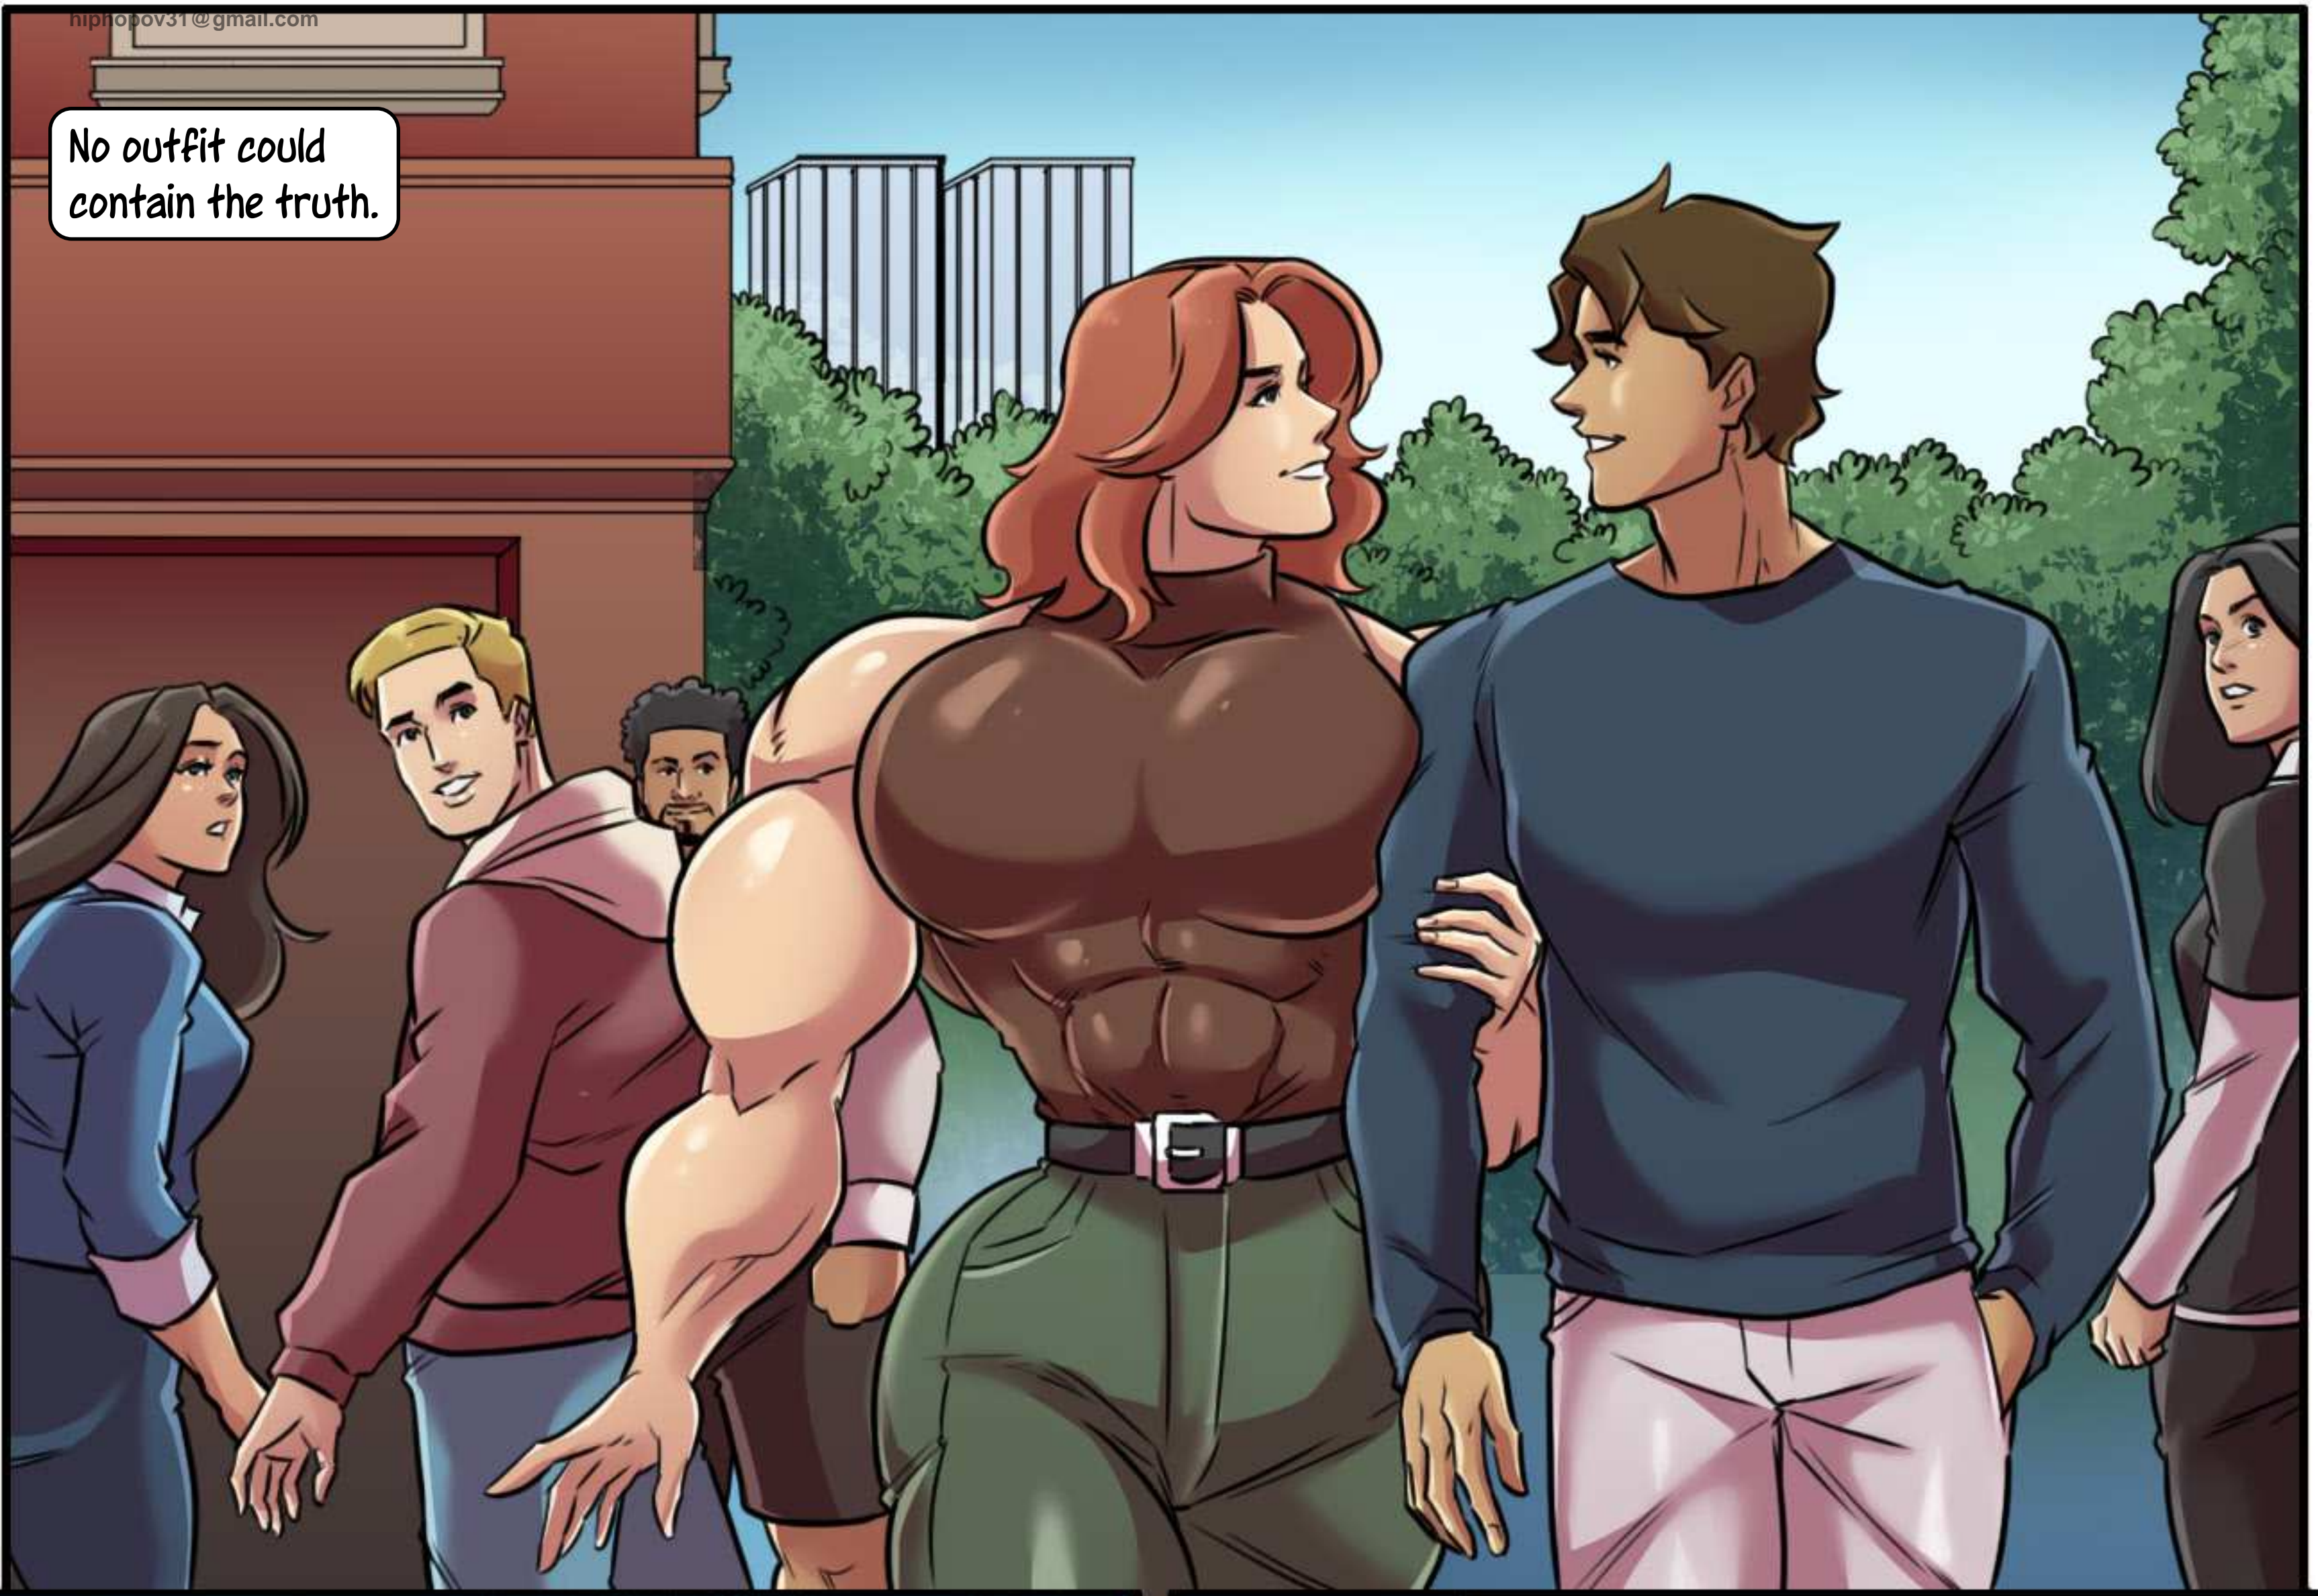

She bent reality around her work ethic.

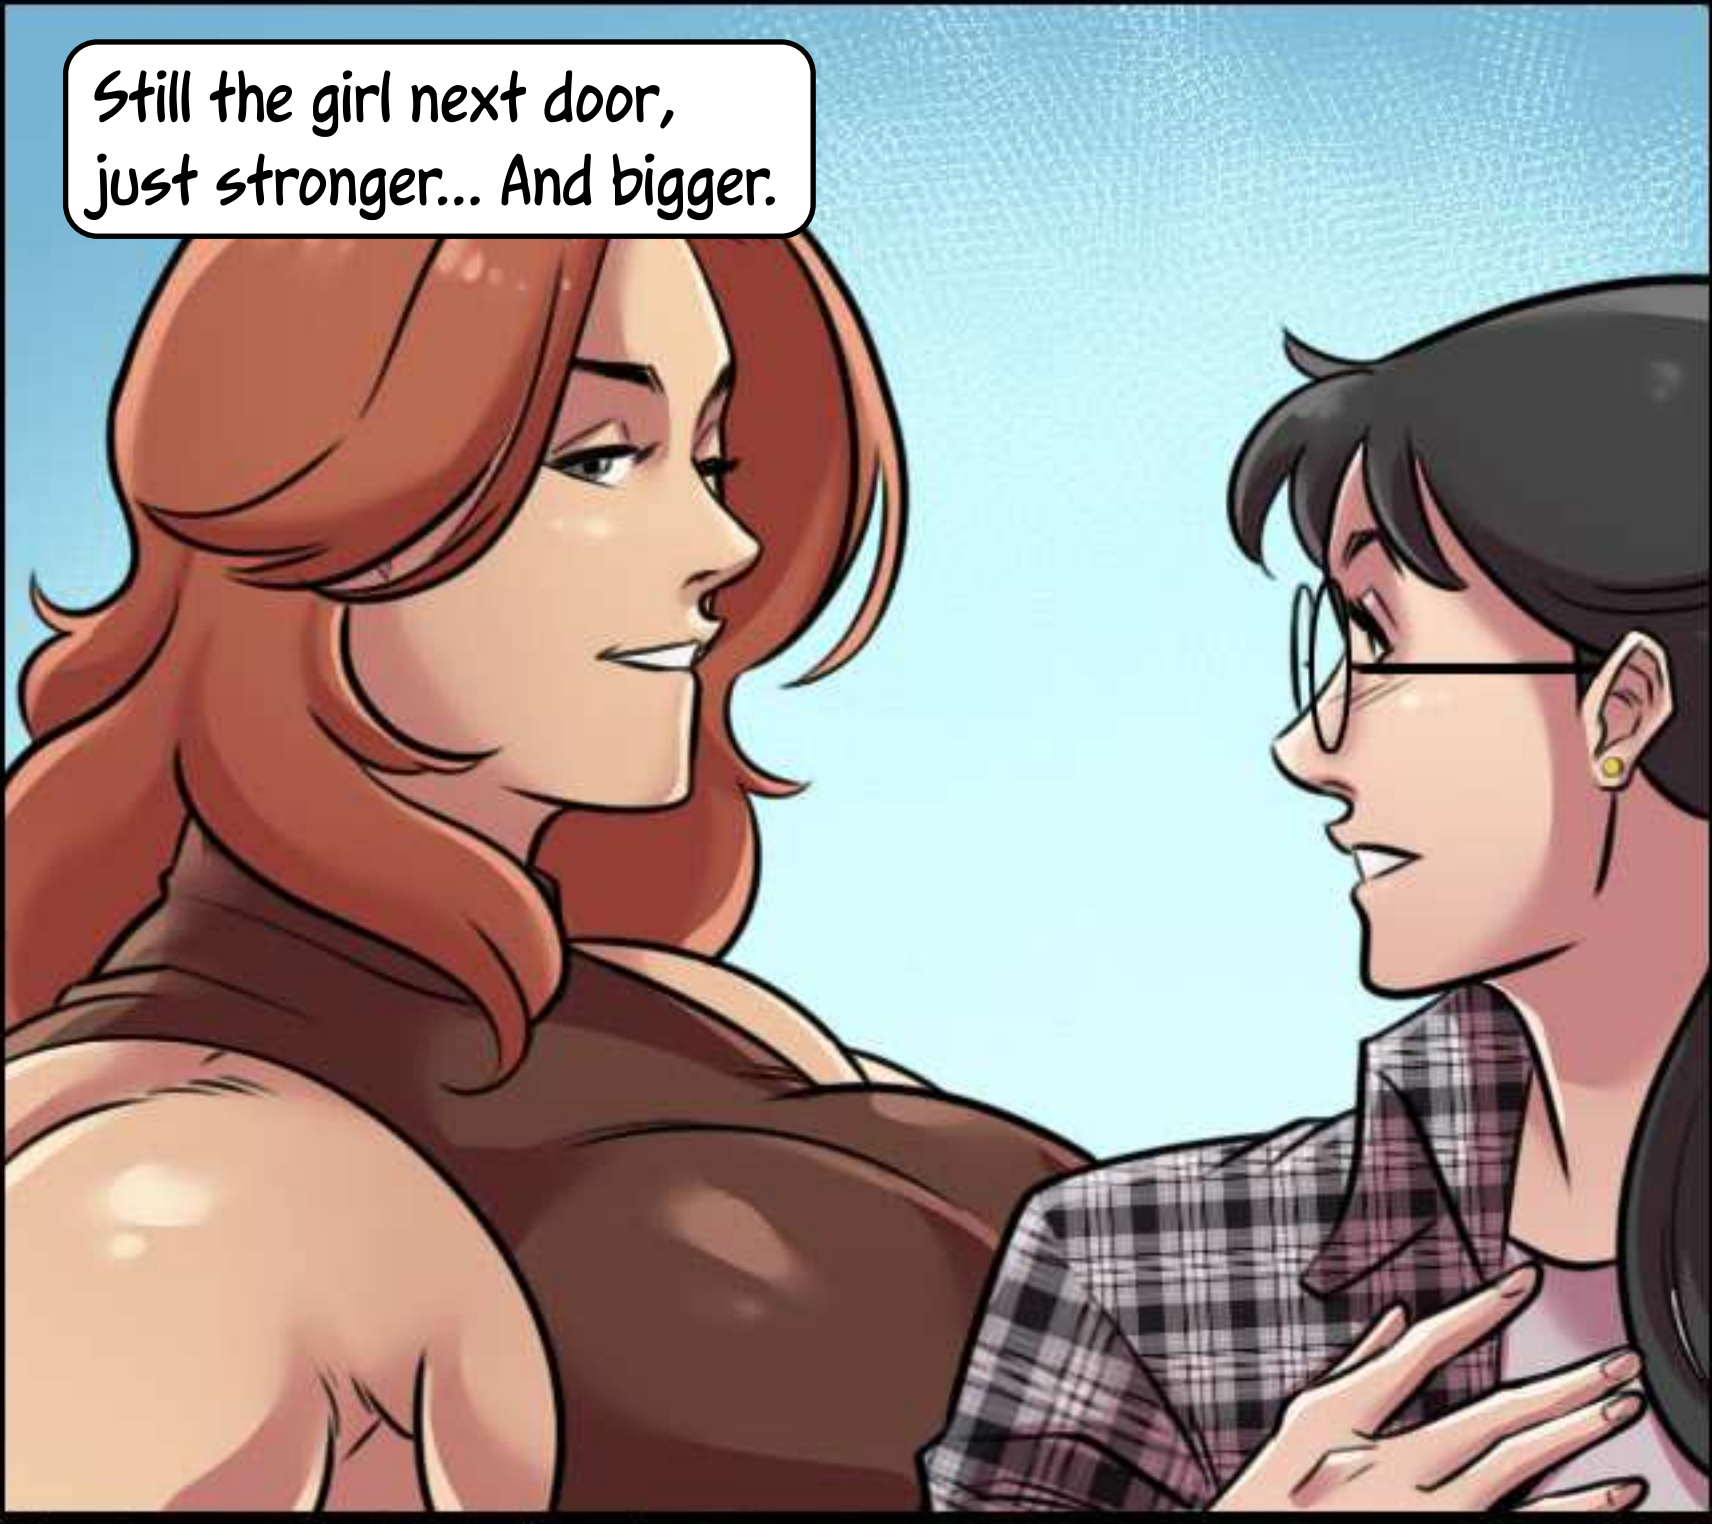

How far can you go?

No outfit could contain the truth.

Still the girl next door, just stronger... And bigger.

I've got you.

Fuel the gains.

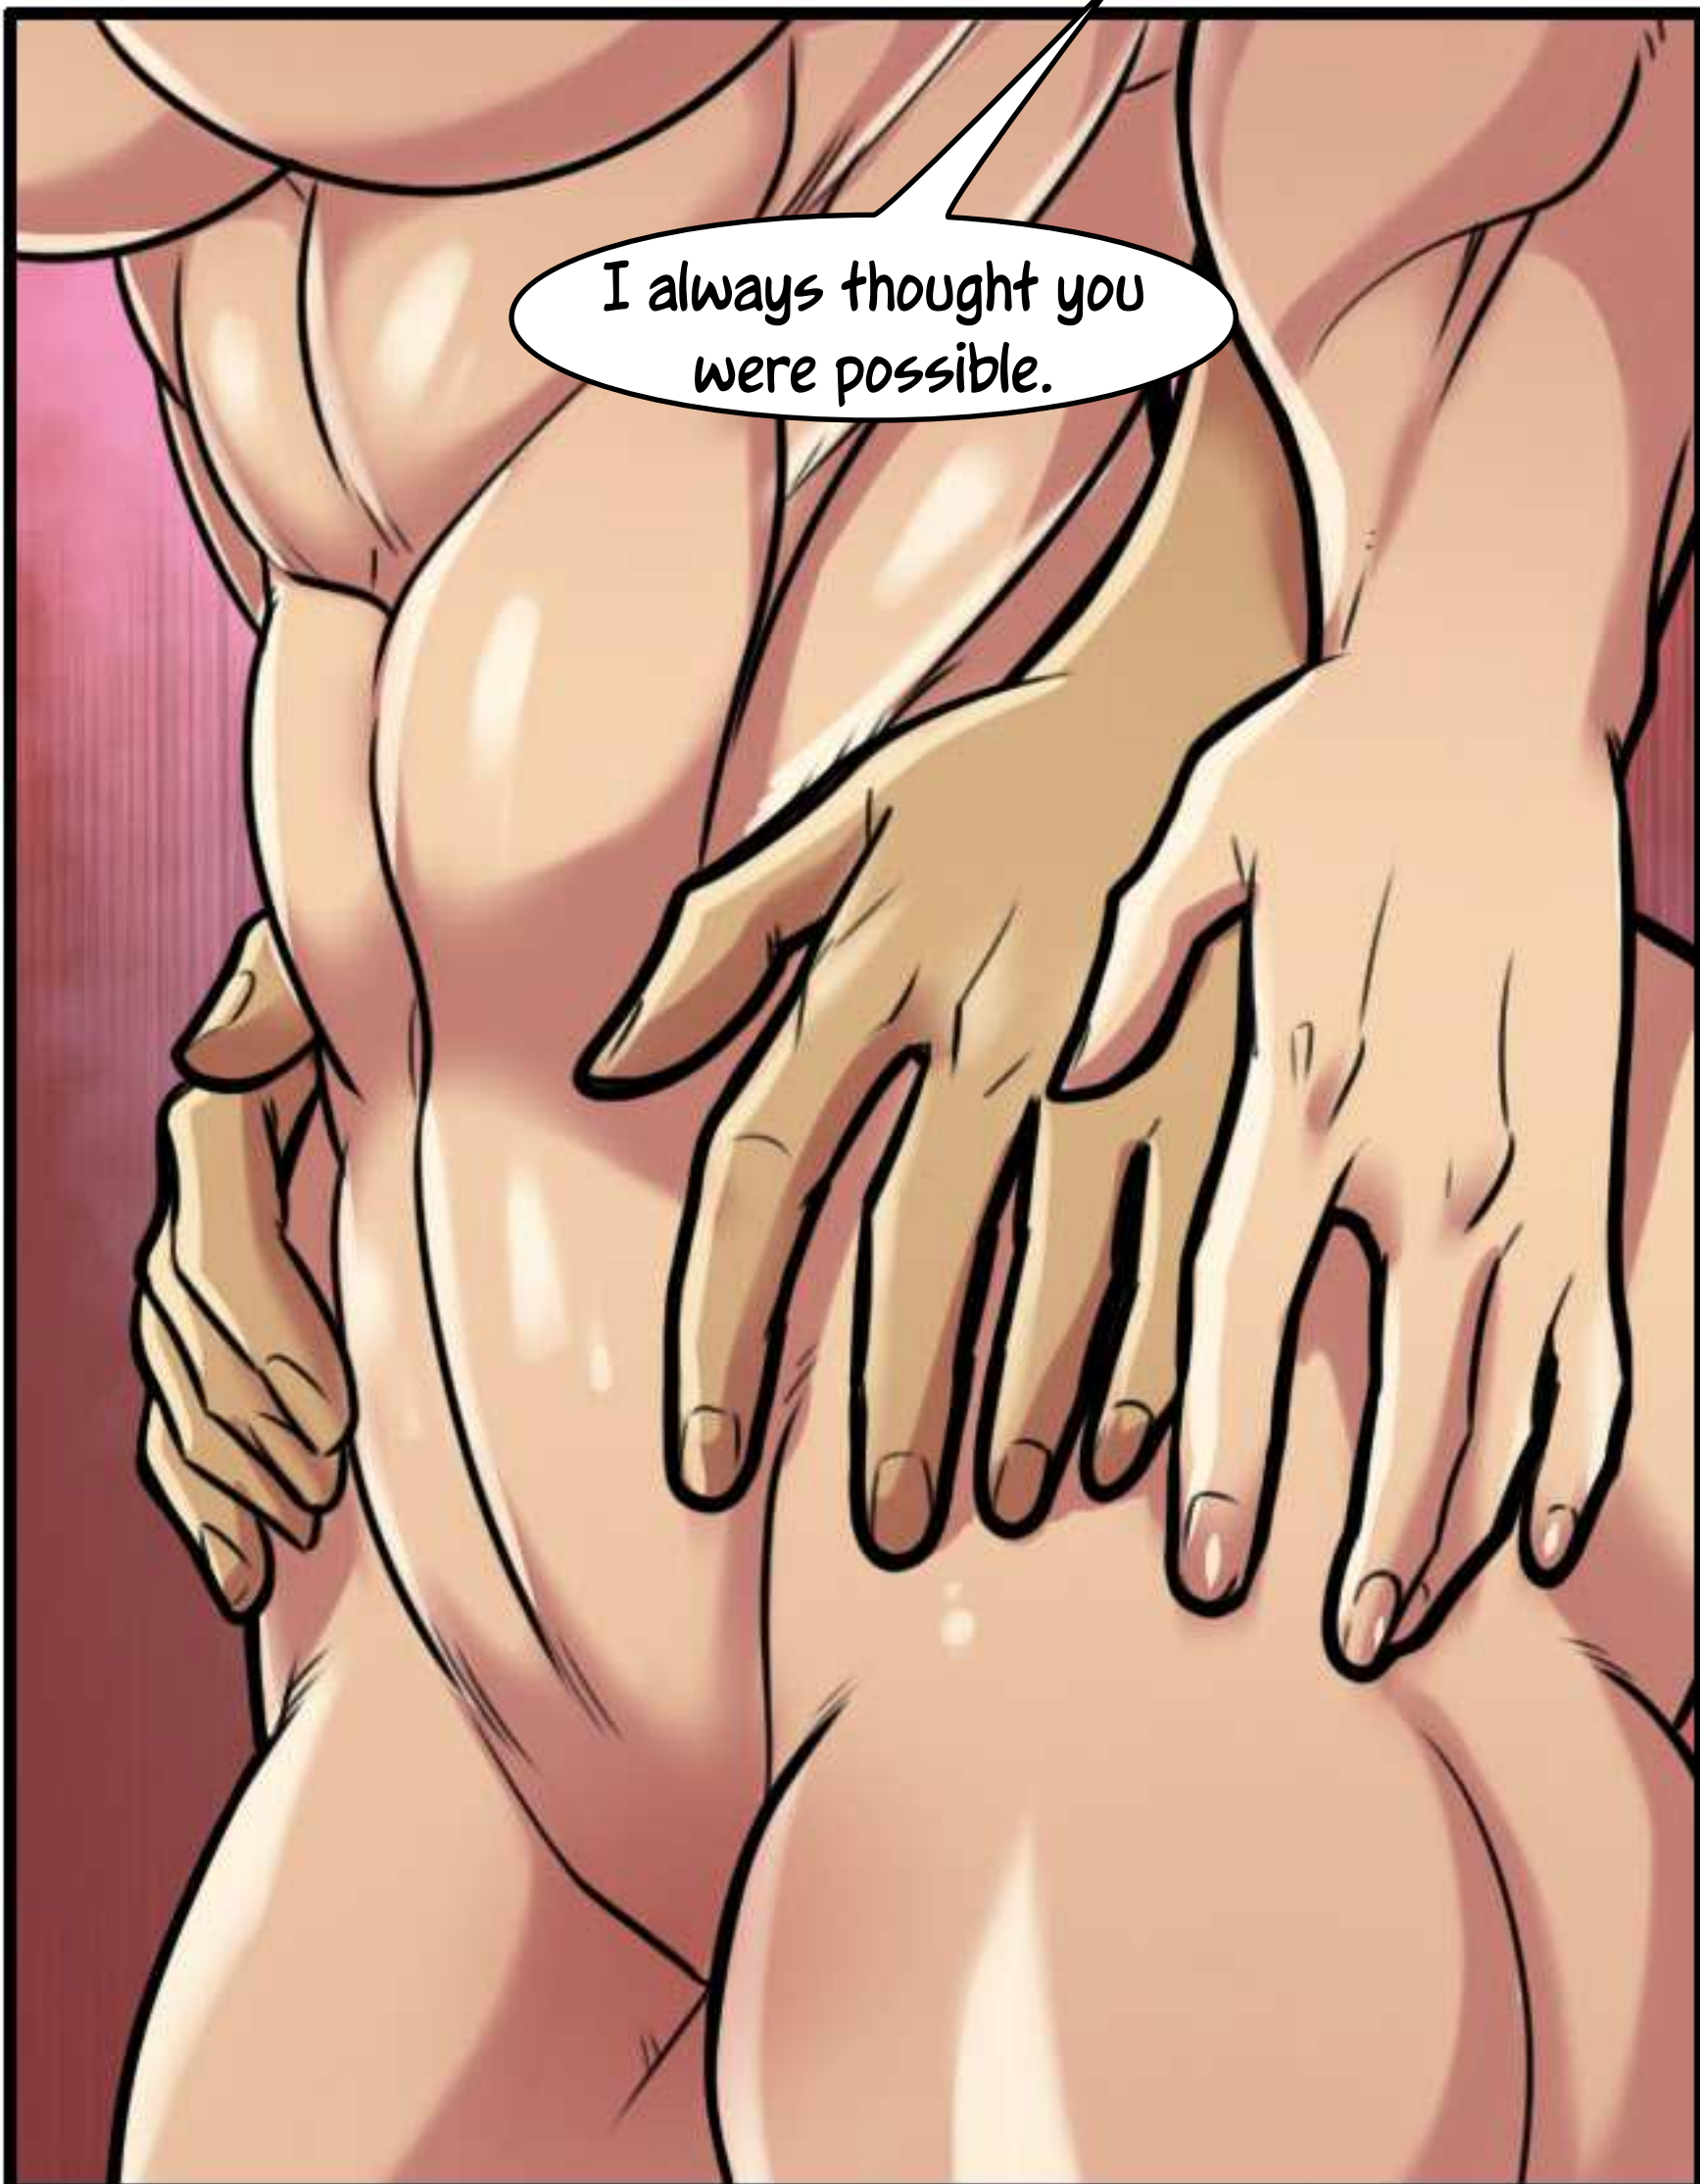

It was crazy to witness her progress up close.

I never thought... this was possible.

I always thought you were possible.

I'm not done.

Discipline.

Joy.

Fire.

HUFF!
HUFF!

New PR.

Biceps: 28~"

Despite her new super powered muscular physique, she was cute as ever.

Hell! She was maybe even cuter now!

You think I'm done growing?

God, I hope not.
