Dominick rode down the street at night on his little, small motorcycle. Well, it was more of a moto scooter. He had the Back filled with foot. He was a gigging worker, and his current gig was delivery driver. Normally he didn't drive at night let alone in a city like this.

But there is a bonus for driving 20 rides in one day. This was his last ride to make that quota.

"Just one more ride man"

It was a night town bonus and another bonus to driving in t the city. If this works out, he would of save enough money to buy a new VR. Then on his day off it would be fast food and VR porn to jerk it into the night.

"Shit because so dark outside"

“The app says her place was supposed to be here” He thought. He was looking around, aware of the danger around. Men were silly that way, not watching their back when walking down the street. Namely young men. They think there inviable, young men. Which was dangerous for him. Because he wasn’t a particular strong man. He was skinny, cute even. And there is a big predator ready to pounce. Lot of delivery drivers were going missing. Someone was spoofing the phone and setting up traps. And that someone Tiffany. Very few people knew her last name. But she like to go by the name NIGHT TIGRESS

“There you are my little prey” She thought.

She was a tall, muscular woman. She moved through the night like she bathed in darkness.

“Can’t stay here forever” he Said.

She heard the tap of high heels.

He turns and saw a beautiful woman and leather top. It had leather straps around her showing off her breast. Her arms were visible showing massive 40 inches biceps breath and pumping out powers. Veins ran down it. The heels on her boots were 12 inches but even without she was at least 6. 6.. Her hair was slicked black. Dark black like it could suck in light itself. Her eyes dark blending into the night. It seemed to have a flow and glint as she got close like she had some sort of night vision. Her skirt was black leather show off thighs over inches.

“Did your order this.”

“I did indeed”

“Ok...ok. Wow you startled.”

“You easily startled are you. Little bunny rabbit”

Her voice was a mixture of condescending, lust and hunger.

“I just get the food.”

She grabbed him from behind. She squeezed his biceps against her. He tried to fight her, parting her arms but to no avail.

“Didn’t call you for the food.” She Said “Your MY snack. Wanted something sweet.”

He screamed for help.

“Scream all you want cops never come here.”

“Young going to be bitch, my slut, my FUCK toy.”

She was held by his arm and covered his mouth. One hand was enough. Her hands were huge. He couldn’t move as she held him.

She spun him around and held him with hand around his neck. Her scent seems to get stronger. It was filling his nostrils. She squeezes tightly. He screams.

She laughed.

“Come on stream it ok” she Said.

She then screamed louder.

“HELP!! HELP!!” She screamed mockingly “No one come to save you. Not at this part of town”

She slapped him knocking him out. She dropped him over her shoulder. She went through a side door.

The place was fully furnishing a bachelorette pad with a fully functional bar. The place had a generator to keep it off the grid. The place functional and spartan. It was the mixture of the feminist and powerful. She had several places like this around the country. She took off her clothes and got ready as Dominick was still out cold. She quickly removed his clothes and made herself a drink. She sat down watching him. He was like a little lamb. She watches him thinking o of the nasty things she would do to him. She was going to dominate this little man. Fuck him senseless and toss him around like a rag doll.

“Ugg what happened Dominick Said waking up.  
“You got your ass kicked that what happened “She laughed “My name is Jessica Andera. That is my real name. Its ok for you to know it because one will ever see you again. Went by the name if NIGHT Wolf to the authorities.”  
What she was saying was hard to comprehend. Was she some sort of spy, serial killer random maniac. When he turned his eyes saw something unreal. She was nude showing a body so beautiful it was hard to breath int. She was a goddess. Trying to fight her would be like an ant trying to fight a hurricane. He never felt so helpless.

She walked over to him. He was on mattered laying against some sort of wood furniture Peirce she used to put drinks on. She turns on some music. Heavy metal played.

“Look at you, ripe and ready to be fucked.”

He was still groggy, but the scent of her wet pussy was waking her up. She went over to the furniture was she grabbed him by her hair as she grabbed.

“You don’t want to make me fight you do you boy.”

“No...No Tighter, Jennifer...whatever you want me to call you.”

She pushed him toward her. She smiled as he felt his hard cock against her thigh thighs. Her pre-cum was dripping down her leg.

“You going to be calling me daddy in a minute” she Said.

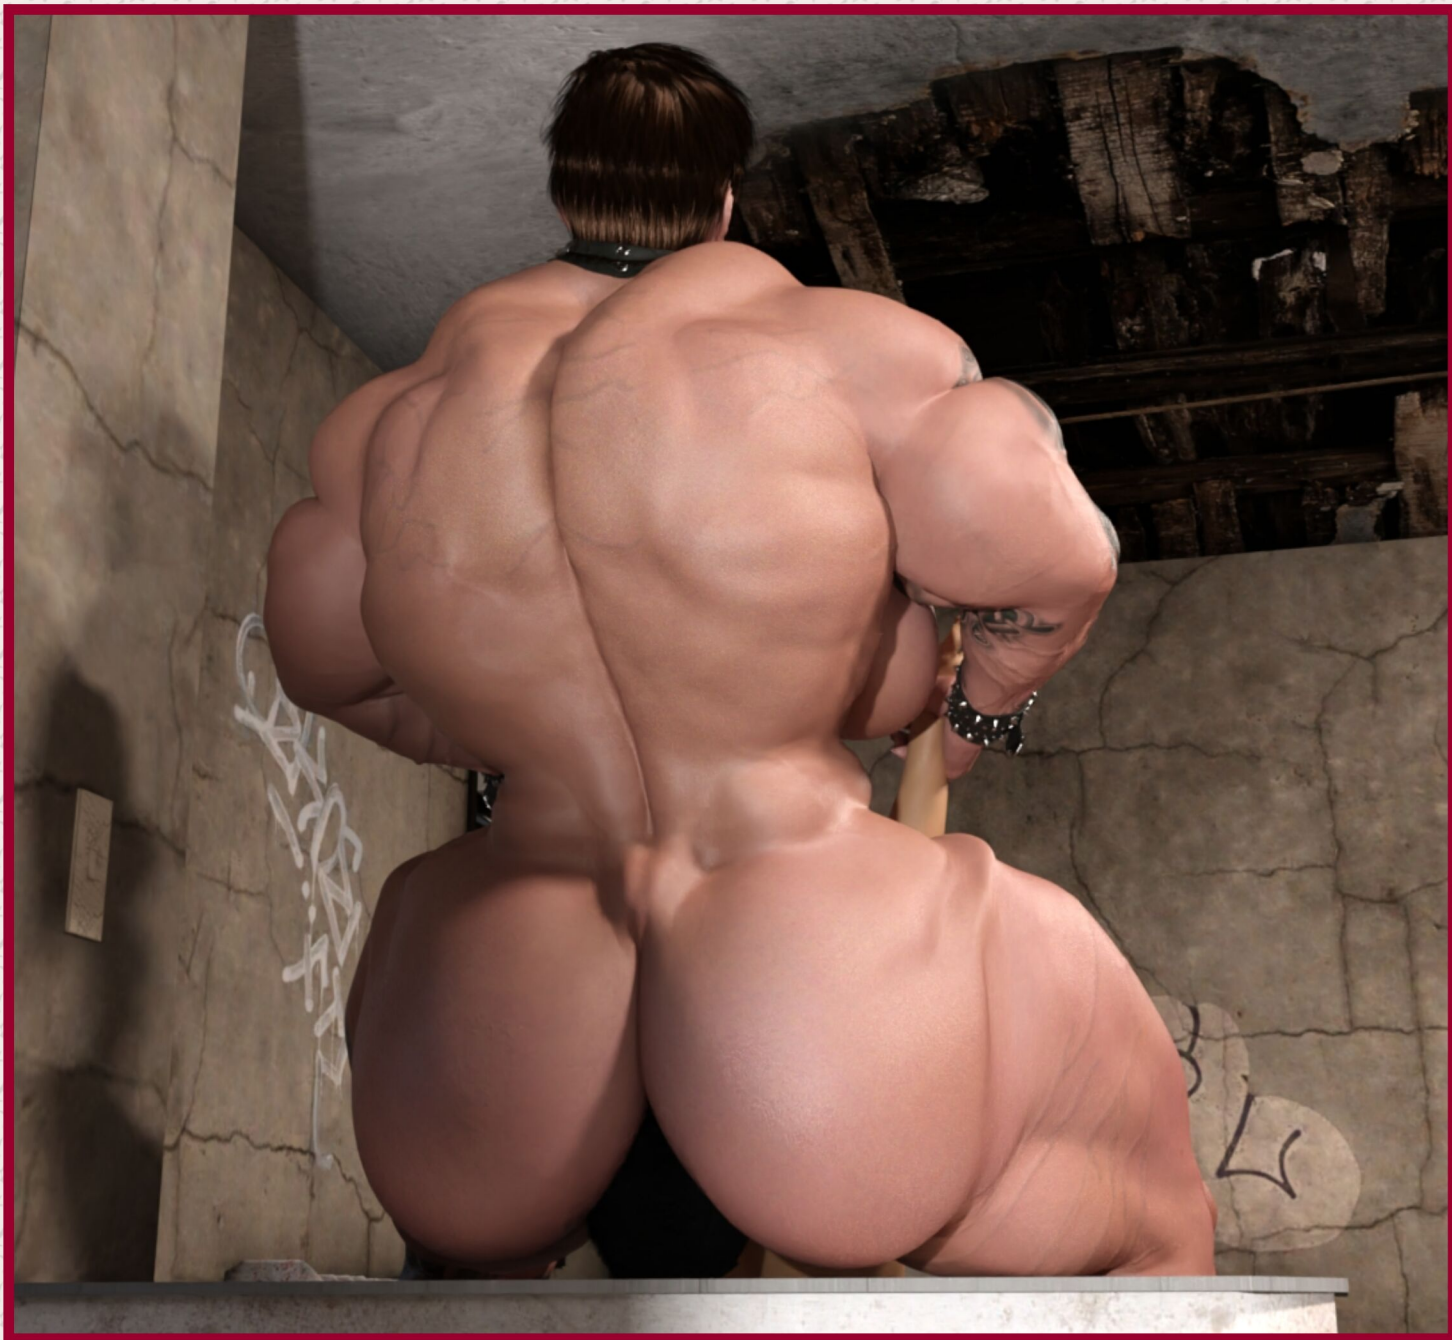

She tossed him down and dance over showing her, her massive ass with thick glutes. His eyes widen. “Bet you never heard this band. You probably listen to commercial bullshit.

This one I love, Perfect on song to violated men to, to HUNT to “Hunt” Romick Said confused.

She started to push her ass toward his face. Her ass smothered him. “Shut up and eat my ass bitch.”

Her ass was coming toward taking him whole vision. It was large and firm. He tried to push it away. Sweat was dripping between her ass cracks. The smell of it was filling his nostrils as she lowered.

“You like that baby.”

She slapped her ass cheeks together dripping in his mouth. When his tongue hit her crack, something sparked into him. Deep down submissive personally unleashed as she engulfed his face with her large buttocks.

“That’s it”

She closes her legs around as she bounces up and down on her ass. She grabbed his wrist and continued to bounce. His tongue went deep into her ass licking like his life depending on it. She smiled as she pulled her arms and whipped her hair back.

“That’s good” She Said, “Lick it you little fuck.”

Dominick had trouble breathing as she squeezed her thighs around him.

“Deeper...DEEPER!” She Spoke

He got a whiff of her ass as his nose was pushed deeper in there.

“Fuck yea little prisoner” she Said.

She stands them both fully up. His back was still lean back as she moved him to her pussy.

“Lick my Clit.”

Her pussy was soaked as she was filled with lust at the people conquered.

“Please Mercy” he Said with a muffled sound.

The pussy juice was soaking his face. It was running down into his mouth.

“Shut up and suck” Jennifer Said

He knew it was no escape as her legs closer tighter, threatened to snap his head like a melon. He felt thick veins appear in his forehead. His eyes got red.

With extraordinary strength she lifted him up and tossed him down on the mattress. Her pussy still in his face  
“See that fat clit right there. It not just for decoration slave. Suck it baby” she Said.  
She grabbed his cock and started stroking. She spat down on the shaft to give it a lather.  
“That it boy” She Head  
His cock head as nice and thick as she stroked it up and down.  
“Knew you liked it, you submissive slut.”  
She bounces up and down on him.

She started sucking on his cock. Deep throated as his cocks as the cock slides against his tongue. Her tongue was circling around his cock. "Shit" He moaned.

Dominick tongue twirled around as Jennifer cried out. His knees became weak as his head bobbed up and down. She wrapped her lips around him, kissing the shaft. Pre cum was dripping from his cock head. He was shaking with pleasure. Her never had sex like this in his life. It felt amazing.

"Ohhhhhhhh fuck" He moaned.

Saliva dripped down his shaft. His Heart was beating fast.

"Don't you stop sucking" she Said.

She was grinding faster and faster against him. She sucked his balls as she stroked it.

"Ohhh dammit" he Said.

"Fucking cumming" She is moaning cumming.

She laid him on the mattress as she strokes his cock. She laid next to him as she strokes his shaft.”

“You like that sweetie” she Said Soft

“Y...ye....yes” Dominick Said

“Well, are you still scared.”

“Yes” he Said shaking.

She kissed him tasting his pre cum. Her tongue pushed deep into him. Her tongue was in his mouth as her tongue was twisting his mouth. He felt like he was floating.

“You should be. You are going to die tonight. So minus well let it happen.”

“Why you are doing this.”

“Because I can. I am stronger than you. Love the fact it nothing you can't do anything against me, you little slut. You helpless to me”

She got on top of him and slipped his cock into her pussy. She gripped him tightly riding him.

“Ohhhhhhhh fuck”

“Just take it baby.”

She gripped him so tight she lifted his whole body up as she slammed him down on the mattress. The whole mattress was shaking. She was grinding into him. She took his face and smothered him.

“What's the matter can't take? Poor baby”

She laughed enjoying fucking him like a rag doll.

“That its little man” She Said “That it scream. No one will hear you”

His screamed were muffled by her large fir tits as she was slapping him with her tits. His face was starting bleed as she beat him senseless with her tits.

Dominick screamed as he came inside her. She kept his cock hard as she continued to ride.

She felt himself cumming. She grabbed his face and smothered him. She let out a scream as she came and intense climax. She felt Dominick cock shoot long ropes of cum into her pussy. She was smothering him. He struggled for air.

“Ohhhhhhhh can’t breathe?” He bangs on her huge tits. “Let it happen love.” He felt the darkness, as another stream of cum shot inside her.

“Just another dead slut”. His face as buried into her tits.

“That it gets lost int these big, glorious breasts. So, inviting. My big booby trap”. He went limp and he was motionless.

She stood over his head body. Her pussy was dripping over him.  
“Damm that was fun” she said to herself.  
Killing always clear her mind. She had the power over life and death. The feeling was euphoric.  
“Rest in peace slut” she Said to herself.  
This sustains her for now. But the hunger always came back.

**END** - FOR NOW...
