

A DAY AT THE BEACH

by dynamoob

Where is everybody?

This place is
totally deserted!

So? I like **privacy**.

Besides, didn't I tell
you this beach was
secluded?

Yeah,
but I didn't think it
would be **this** secluded...

Privacy is **great** and all,
but what about the **girls**?

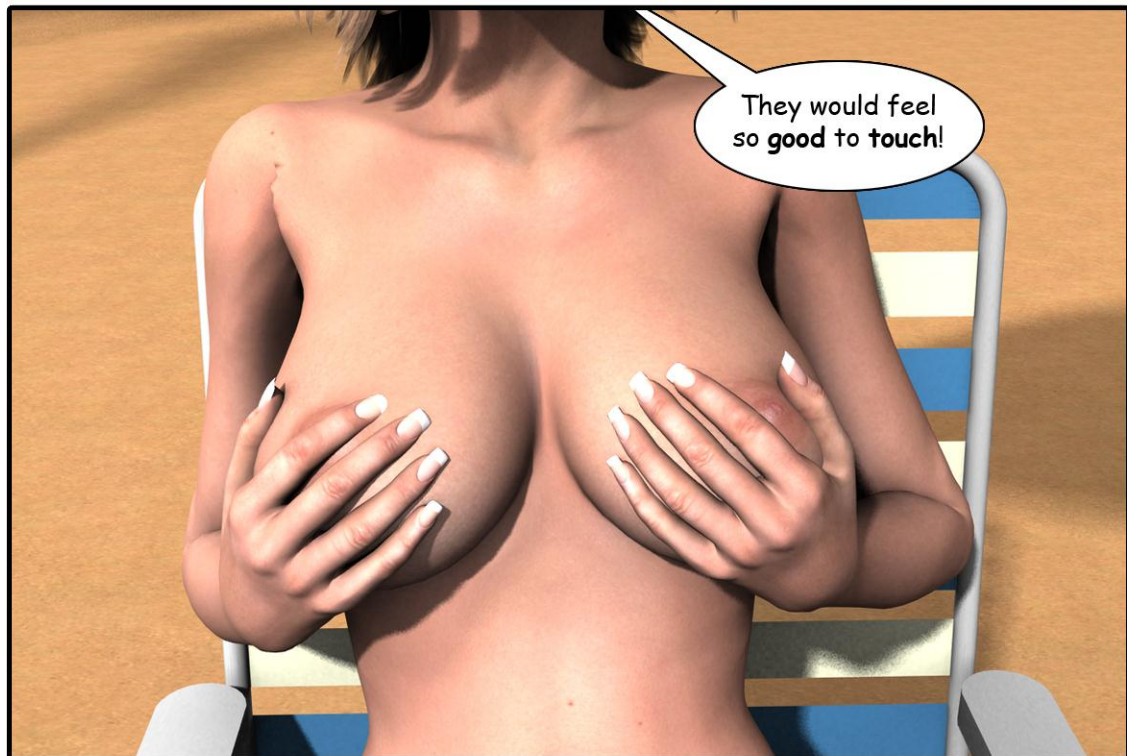

Girls?

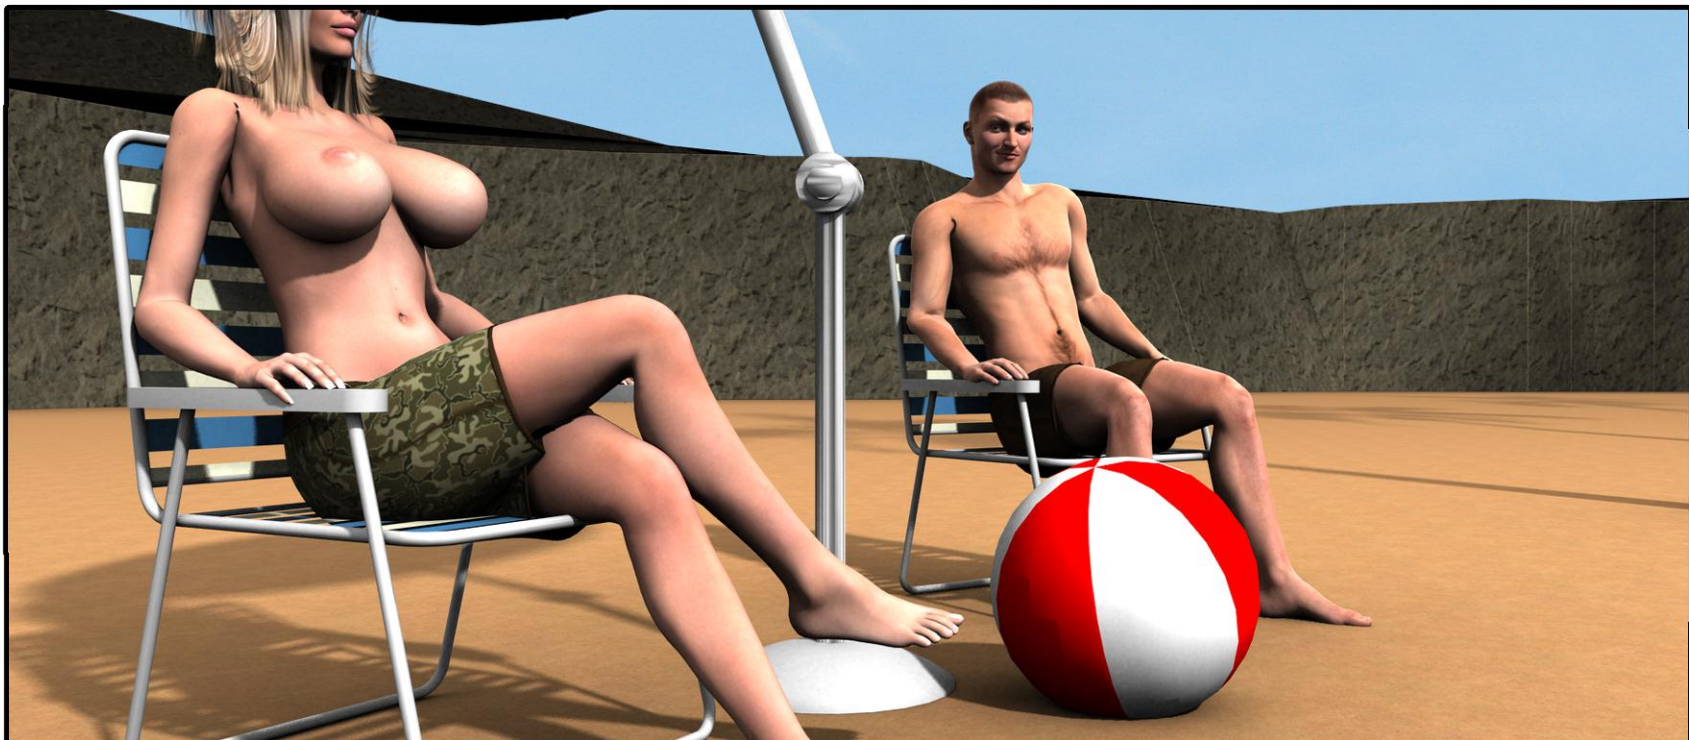

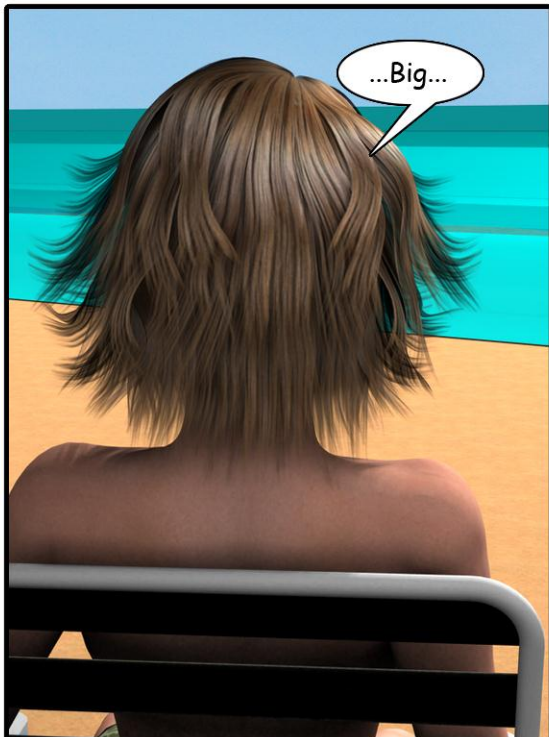

Yeah,
half the **fun** of going to
the beach is to check out hot
girls in their **bikinis**!

What's wrong with just
enjoying the **scenery** in
peace?

What, are you **gay**?
It's all about the **girls**, man!

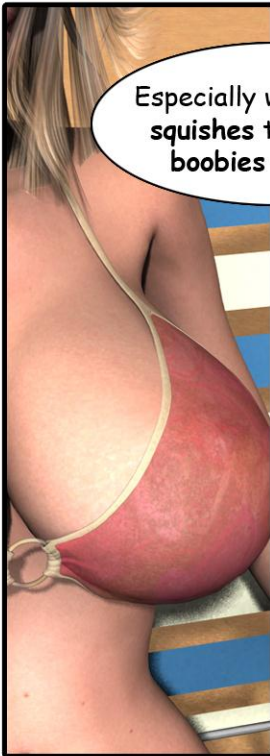

Imagine all that **goodness** wrapped up in a cute little bikini.

Especially when the top squishes those plump boobies together!

Of course a girl like **that** wouldn't be, like, very smart or such.

Why would a bimbo, like, care about intel-

intel-
smart stuff, teehee!
