Dear Fans, Lurker, everyone else

Our comics are made by hands, from artists who work with us for years. They count on us to feed their families and have a dependable source of income. This project has been able to improve the lives of our staff and all of us are very grateful for your support.

At the same time, we completely understand that not everyone has the means to chip in and help make this dream a reality. In that, we are one of the few that gives away so much of our art, with the majority of it being available for free, as well as everything eventually being made for free.

Since this is not a large organization, pirating this stuff really does hurt the people that try their best to make the best content we can and lowers the amount of content that can be generated.

If there is something we can do better, please let us know.

Thank you

BloomBeauty and Staff
