Description:

June is a college student living away from her family. She is tiny but her figure gets a lot of attention due to her pretty face and big tits. During the final days of the semester she often felt someone was watching her.

Little she did June know she was the next target of a sex slave merchant who owned one of the biggest high-class brothels. On the way back from one of her finals she was kidnapped by the slaver's gang.

She woke up afraid and bound in a strange place with oriental decorations. Before long, some goon came into the room and hoisted her up so the slave merchant could inspect his new property.

“Well, well, we have here a top quality tiny on; and with nice, big tits for your size. Let me explain that you are now my property. Nobody will look for you again and you will learn to be a top-class perverted whore.”

June screamed and was in agony trying to escape but then she was drugged and fell asleep.

“Nice,” said the merchant admiring her unconscious body. “Tell the doc team to prepare. We need to modify her to suit our client’s needs...and a few of my own sick ideas.”

Body modification:

Full hair removal from head to toe

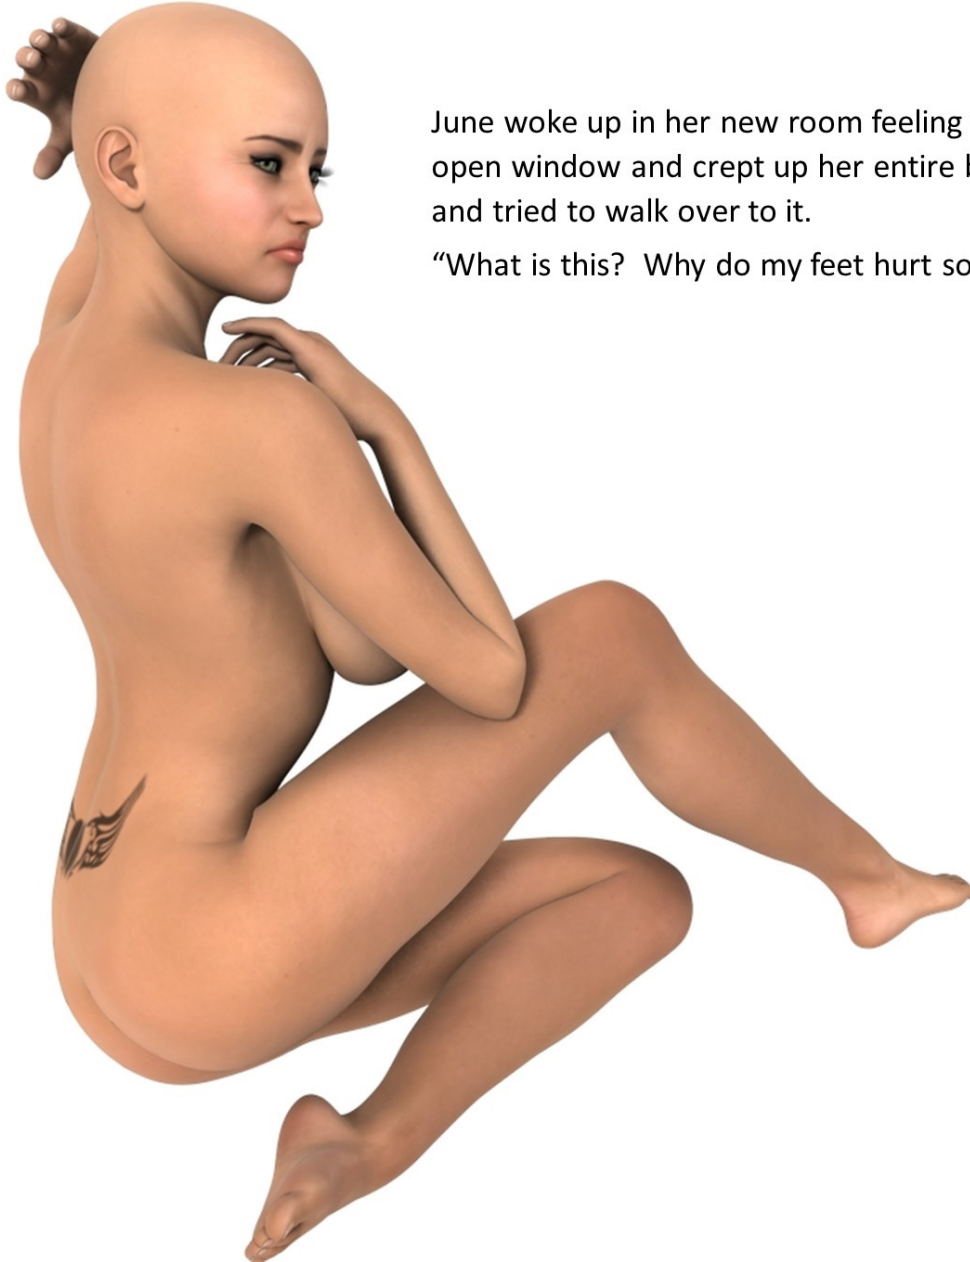

Ass modification:

where tattoo on her back just where ass begins

Feet modification:

Remodeled her size 7 feet into size 5 but making her feet arches as big as possible

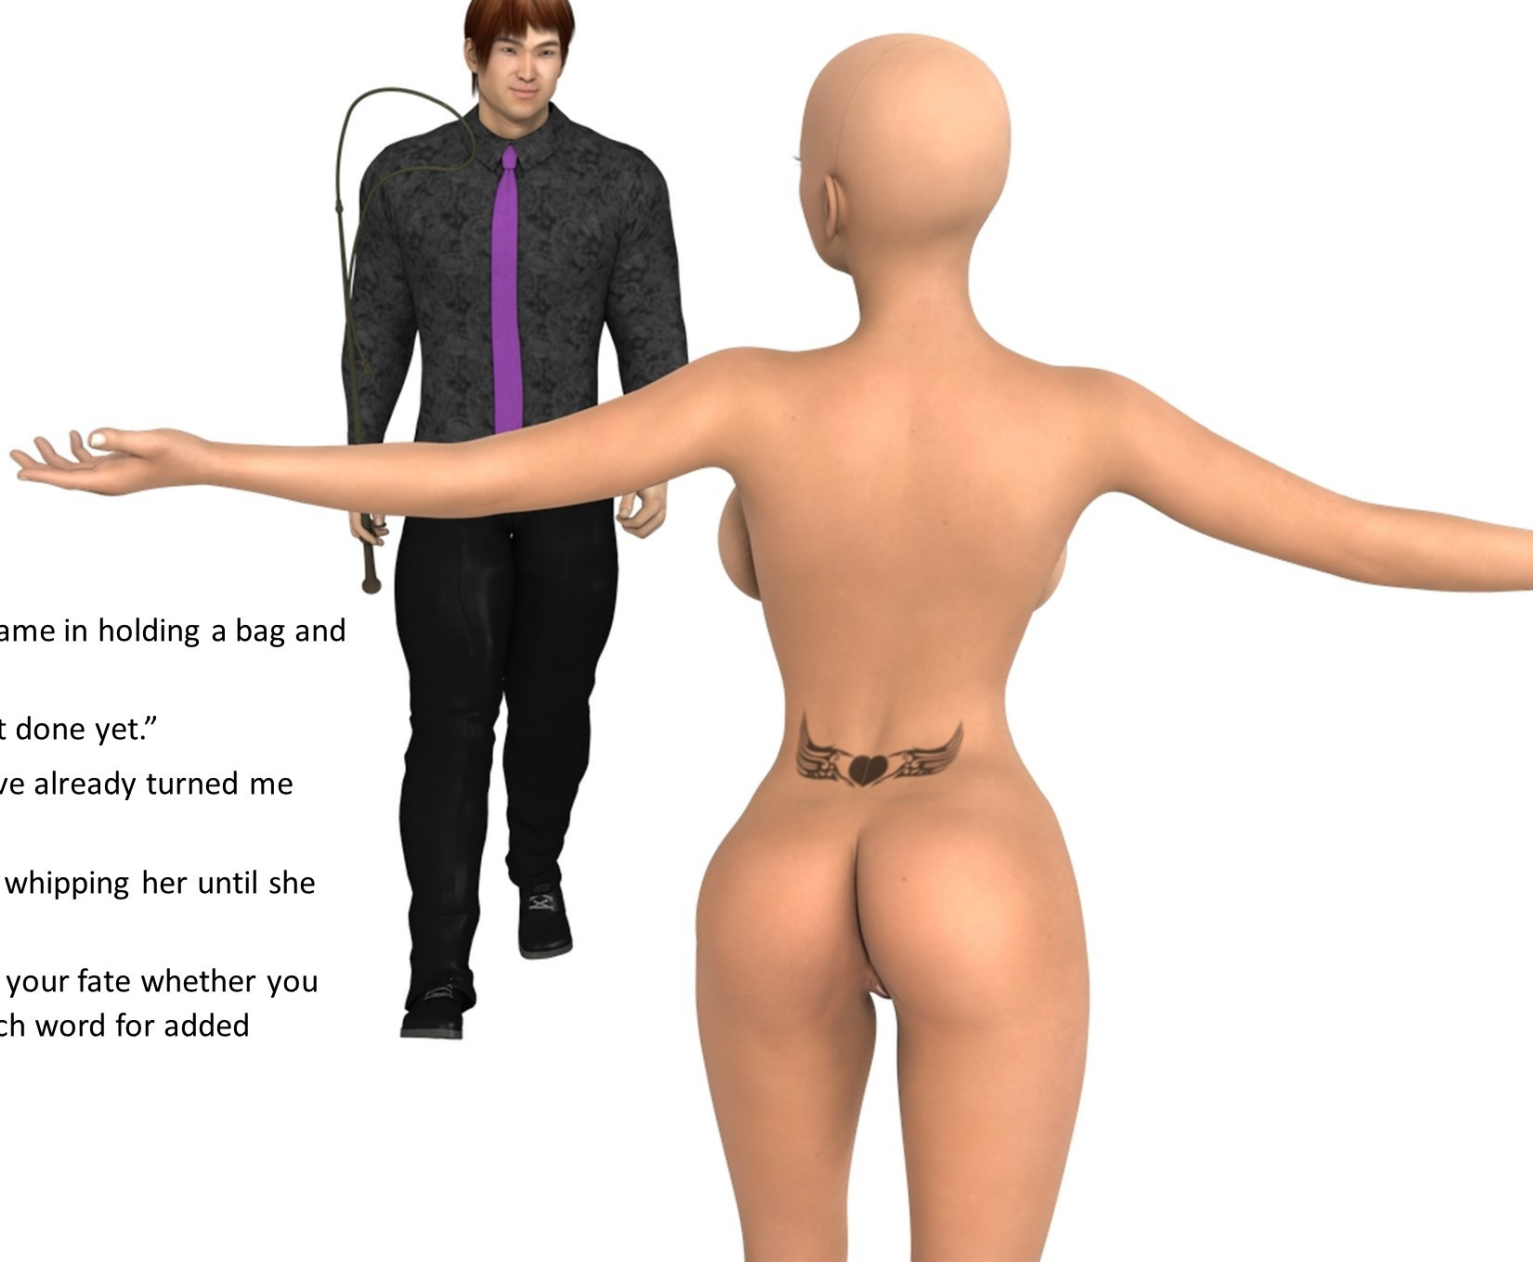

June woke up in her new room feeling very weird. A little breeze flew from the half open window and crept up her entire body. She noticed a big mirror on the corner and tried to walk over to it.

“What is this? Why do my feet hurt so bad? I can't even move them...”

June figured out the only way she could walk was on the tips of her toes. The horror when she arrived at the mirror was intense. She noticed the word 'WHORE' written across the small of her back--a new identity as promised by the slave merchant. She was also as hairless as the dolls children play with, or bang around.

Suddenly the door opened and the merchant came in holding a bag and a whip.

“Hope you like your new self though we are not done yet.”

“What are you talking about you asshole! You've already turned me into a freak! i'll...”

Before she finished her threat the slaver began whipping her until she shut her mouth.

“You don't have a choice, bitch! You will accept your fate whether you like it or not,” yelled the slaver, whipping on each word for added emphasis.

June's whipped body lay panting in the silence for a moment. When it was clear she wouldn't resist any longer he continued, "I'm not all bad. I brought you some presents: a pair of very high heels for those special, size five feet of yours, and a corset so I can always see the nice tits you have. So dress up and come with me to start learning your new job. You have much training to do before you are ready."

June put on the corset and the heels, crying, and followed her master.

He introduced June to an experienced trainer who would teach her to serve properly. She was trained for hours in sexually pleasing techniques. She was forced to give blowjobs. She was forced to give handjobs. She was forced to fuck, and to fuck well. If June did not please her captors as instructed she was whipped all over, especially her breasts. At the end of a training session her big tits burned red with welts and humiliation.

After many long, intense training days the merchant had a meeting with his partners.

“Alright guys, time for the next round of enhancements. Get her ready for tomorrow's surgeries. She's hot, but we have some very rich clients with some very specific fetishes. If we make her a walking wet dream to THEM they'll pay top dollar. Here's what we know...”

Face modification :

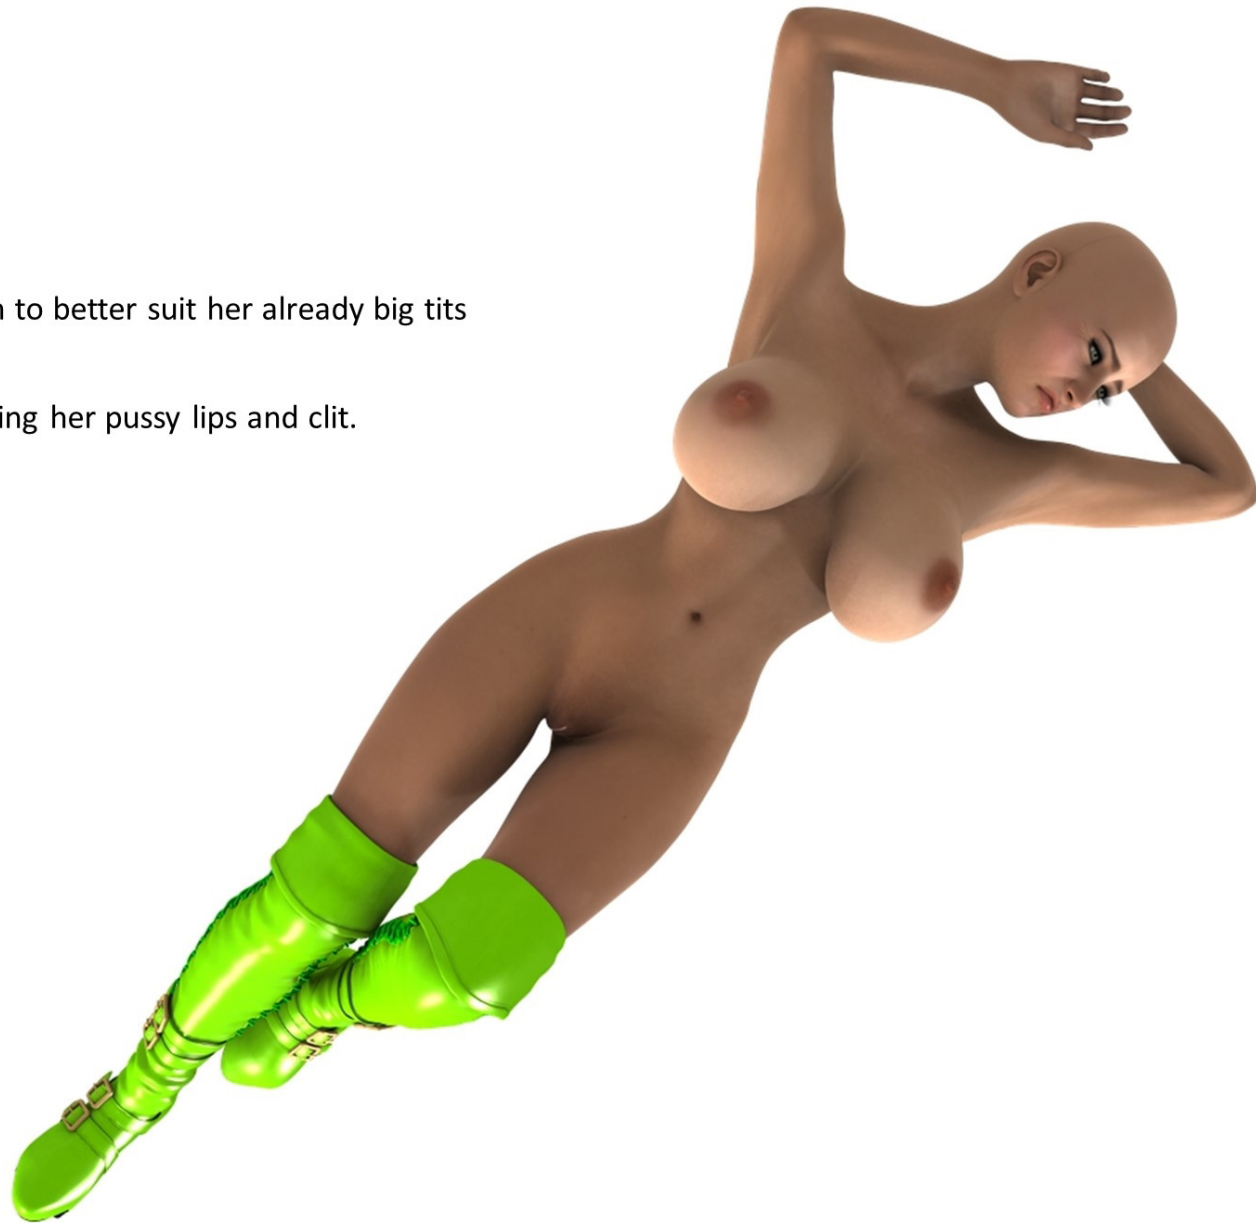

permanent face make up

breast modification:

nipple and areola modification to better suit her already big tits

pussy modification:

suction machine applied swelling her pussy lips and clit.

By the end of the second round of surgeries, June had begun to accept her fate. She hated the way she looked but couldn't do anything about it... The door opened to find a subdued June to be good in her new role.

"Good morning, Master," she said.

"I'm fine, doll. Just fine. How do you like your new improvements?"

Her face felt heavier so she put on her high-heels and walked closer to the mirror.

“Oh my! This make up is so heavy, and my tits! My nipples and areola are much bigger. And my clit and pussy are so swollen. Master, your whore thanks you for these new presents.”

“You’re welcome, doll. Anything to make my little whore more perfect. Now come. I have your first client ready for you. It’s time you learned how to serve clients.”

She walked into another room and greeted her first client.
"I am ready to serve as you wish, sir."

After a long, powerful fuck the customer left satisfied and June went back to her room for some rest.

Several days passed. June satisfied customer after customer, serving, letting them use her holes as they saw fit. Once she established a reputation as a top-quality whore, her master had some new things to tell her.

“My slave, I have organized a party where you will be the main event. You will be auctioned off to the highest bidder, and to make sure you fetch the highest price we’ve prepared more mods. Get ready, because you’re going to be the perfect fuckdoll.”

Hair mod:

Pink ponytail wig

Waist mod :

surgical Waist reduction

ass mod :

Slight bigger and rounder ass to add to her figure

This was the night of the main event and everybody was curious to see the main attraction. Suddenly the lights were off and a big, single spotlight hit the stage. The curtain opened and June was revealed to her potential buyers. She was wearing a black corset with black stockings and pink, fuck-me high heels. Her beauty was shining with her new add-ons. Her new, slimmer figure with big tits and the cute round ass was amazing.

Then the presentation began and she was ordered to pose in different ways to show her amazing body. She posed on her back and held her small legs back with her arms, revealing her big clit and puffy pussy lips . They were swollen with desire as if craving to be fucked.

She pushed her feet higher showing her feet and soles to the clients. They were the cutest, tiniest, sexiest feet the crowd had ever seen. The high arch her soles made was so sexy and perfect that everyone wanted to spread his cum all over them.

Then she got up and presented her big tits.
Those big nipples and areolas looked perfect
for sucking.

And when she pose again on all fours, this time everybody placed his interest on her perfect ass. Everyone thought it must be such a tight and nice asshole to penetrate.

The bidders were going crazy one after the other. "100 thousand dollars!"

"200!"

"300!"

"1 million!"

"2 million!"

The men couldn't outbid each other fast enough. Suddenly a voice from the back of the hall silenced the fury:

"Fifty million dollars!"

No one dared speak against this huge and great offer.

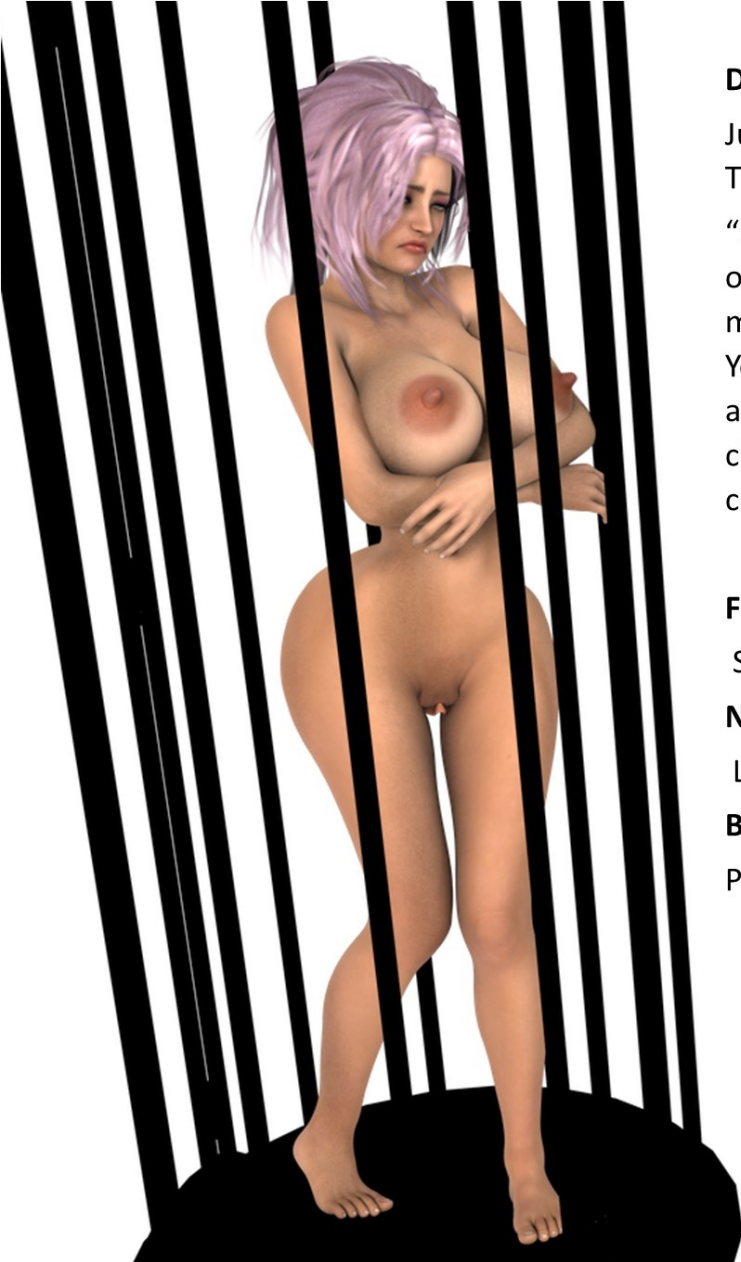

“Fifty million! Going once! Going Twice! SOLD! To the grand Sheik Khabib of the Eastern country of Dollycita for FIFTY MILLION DOLLARS!”

The merchant was elated and honored his event had attracted one of the richest persons in the world. He made the preparations and papers soon enough and signed them confirming the deal.

June now belonged to the Sheik's harem so she was grabbed and packed into a box like an animal and transported to the Sheik's's country to see what fate awaits her.

Dollycita one day later.

June arrived in Dollycita in a box and a truck transferred her to Sheik's palace. Then she was released and presented to the Sheik.

“Let me introduce you to your new home. It's more luxurious than your past one but I reassure you that I have serious plans for you, whore. I plan to test many things so I was looking for the perfect victim and now I have found it. You costed me a lot of money but in return I will play with your mind and body as I wish. Guards! Wash her and remove everything she wears. The wig, the clothes, the everything, and lead her to the palace's laboratory. Then I will come to there to give you my first ideas.”

Flexibility mods:

Special chemical substance making her body much more flexible

Nail mods:

Longer finger and toe nails with permanent red colour

Body mod:

Pussy and anus hole stretching

June awoke on an operating table after Sheik's doctors finished the new modifications. The only change she noticed was her finger and toe nails which were a little longer and painted red. This was a nice add-on and so far she was relieved that no major changes happened. Little did she know there were other changes she had not yet discovered.

The Sheik came in to check on his slave and give orders about June's training sessions.

His men took her to a chamber and started to forcibly tie her up in weird positions which normally could not be achieved by a normal person. They tied rope to each of her ankles and pulled until she was into a full split, then pulling even further until her heels and calves were off the ground and her puffy, pink pussy lips were pressed into the floor. June expected this to be very painful but was amazed at how flexible she had become. The Sheik came in and explained that she had been made into a flexible toy.

“Now that you can be positioned in every way I like we can proceed to the more extreme stretching sessions,” he said. They had June keep her knees straight while they bent her completely in half, fully exposing her anus and pussy holes. They tied the ropes so tightly even with her new flexibility she was completely stuck in that position.

“Now, men grab our biggest dildos and start making those holes big enough for every one of us. A good slave must have her holes big enough to satisfy even the biggest cock,” he said with a wry chuckle.

June endured this hole stretching for days

At first the pain was too much for her tiny holes, but day by day as they loosened more and more it felt better and better. Eventually she was moaning from her hard orgasms and craving for bigger things to be inserted into her holes.

After the stretching treatment the Sheik wanted to change her again so he visited to tell her some of his ideas. It wasn't that he needed her approval or that June had any say in the matter. He just liked to terrify his fucktoys while he was still making them.

“You're going to get some more mods, my slave. I won't tell you exactly what will they be but I give you some hints. First of all a slave should not think much or talk much. Then I must let you know that I am a fan of fantasy films and I would like to experiment. If you think that you're already a freak fear not because there are more to come.” The Sheik paused to laugh maniacally. His English wasn't perfect, but if something he said confused the slave it would frighten her even more. When he was done basking in her panic, he continued, “ But after all this I will give you a valuable present in gold. That's something every girl would like. However I don't know if you will but nobody cares and you don't have a choice anyway .Men! Take her to the lab!”

IQ reduction:

IQ dropped to a level that she will only know about sex she will be so dumb even to speak properly and will live only to satisfy and obey every command.

Face mod:

Big piggy nose, elf pointy ears

Decoration mod:

Heavily pierced pussy lips with rings, heavy pierced nipples and face with rings.

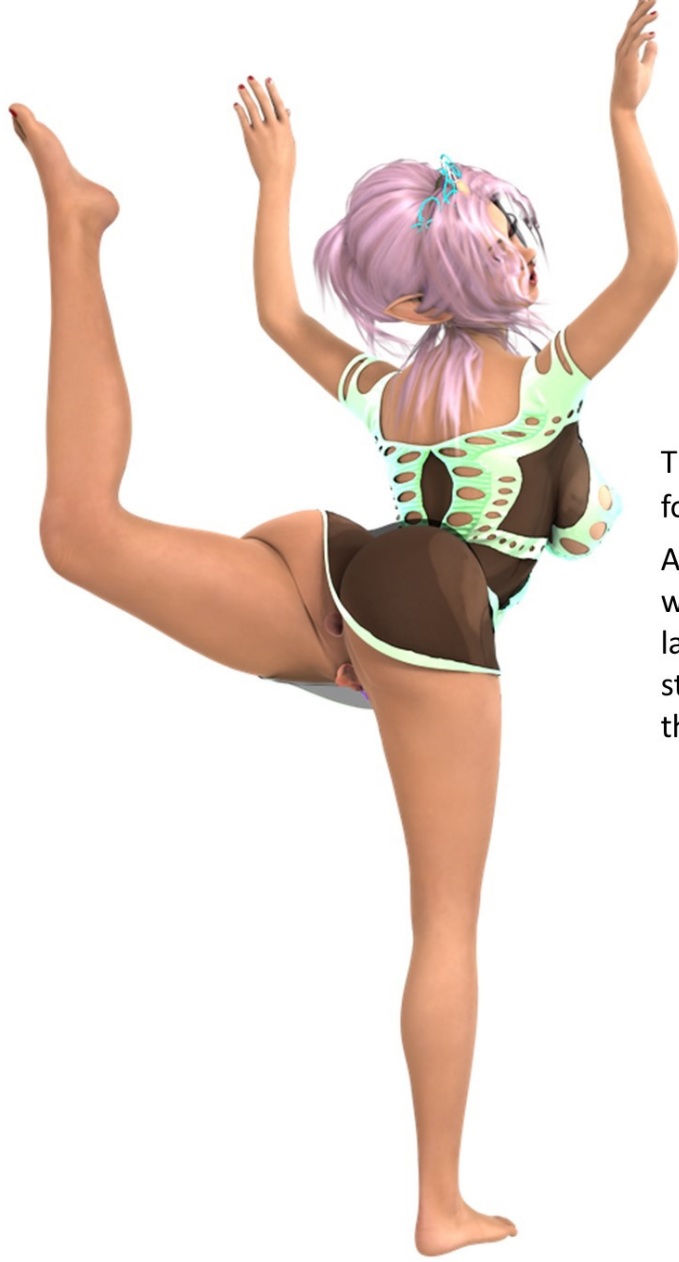

June woke up with a blank mind. She couldn't even remember her name or how to speak. The only thing that was on her mind was cocks. Big cocks and how she will satisfy them. Thinking about anything else was hard, so she giggled and thought about satisfying cocks again.

Getting up from the operating table she found the mirror once more. June used to worry about what she'd find, but her now simple mind couldn't wait to see how much better at cock satisfying they made her.

They made her into a cute little piggy! Her nose had its front lifted up made to look like a snout. She giggled when she thought about squealing like a little fuckpiggy when they stuck her. And her new, pointy ears made her excited too. They looked so cute, like a fantasy movie! She giggled at being everyone's fantasy fuckpiggy. This was the best she'd felt since her capture.

The Sheik has organized a feast where June would dance and be put on display for his guests.

After the food was served June came out in an exotic, belly dancer's dress that was too short to cover her pussy. The few bits of cloth that were on her were laden with all manner of discs and jewels that jingled with every high-heeled step she took. With her new flexibility she would dance and sway, bending all the way backwards, showing off how opened and stretched her holes were.

Everyone was staring at her and she was so happy to entertain so many men. The guests were willing to pay many money for great gangbang orgy with June but to their surprise Sheik shouted:

“Alright. She is all yours. For free! Make as you please with her,” he said with his arms spread joyously to the crowd.

Overjoyed at their magnanimous host's offer, everyone ripped off their clothes and started fucking her furiously. The menu included everything. She gave blowjobs to everyone there and she was so excited and so good at it. She took control and started pleasing every man. She sat two men on the ground one next to each other. She opened her legs and started playing with their dicks with her feet. One foot on one dick and the other one on the other cock. Soon they sprayed their cum on her soles and she crawled to the next ones.

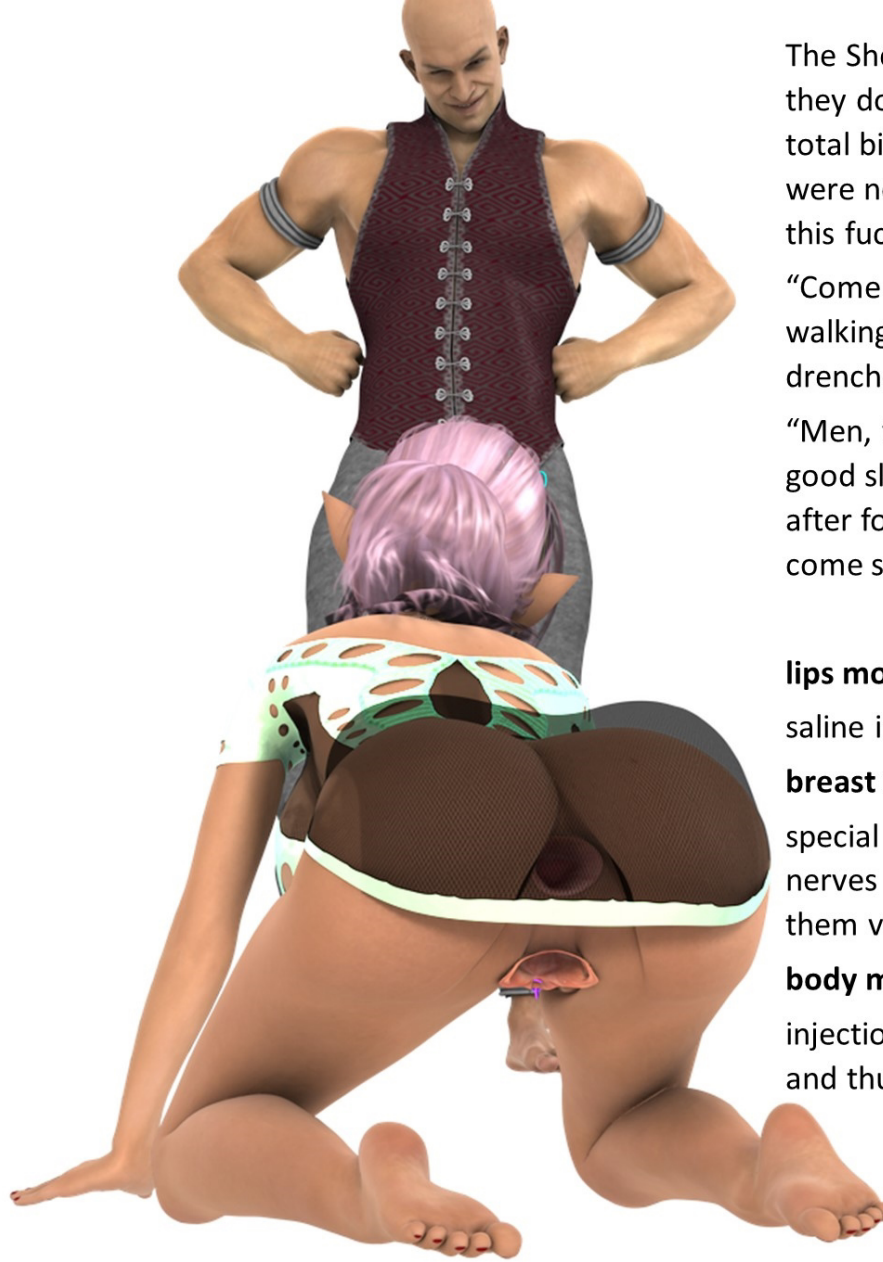

The other guys grabbed her and double penetrated her at her holes. She was screaming and moaning.

“MMM it's soooo goooood!. Please fuck me more. Fill me with your dicks and stuff my holes completely,” she screamed. She felt nice and happy.

At the end when she finished the first round with everyone she took a big glass bowl and asked them to fill it with their cum so she can drink and bathe with it.

The Sheik was pleased that his toy was so well-made. Had they done a bad job, June might have hesitated to act like a total bimbo slut or even tried to escape. Fortunately there were no traces of June's original personality. There was only this fuckdoll.

"Come to me little whore!" said The Sheik. She began walking on all fours towards him and she was completely drenched with cum from the previous orgy.

"Men, take her and wash her clean. Also, as she was a very good slavegirl give her a day off until I think what comes after for her. Rest well all of you, cause new spicy things will come soon." He laughed again as they took her away.

lips mod:

saline injection to lips transforming them to big O-ring lips

breast mod:

special injection that forces big pressure to muscles and nerves causing big expansion to tits and nipples as making them veiny enough too

body mod:

injections to hand and legs nerves making them paralyzed and thus making the doll unable to move her body

The next morning came and The Sheik entered the lab to see his slave modified once more. June was sitting on a chair tied with her legs and feet close to her head fully exposing her decorated pussy and her newly adjusted tits. She was totally unable to move her body but of course she didn't care. The only thing she cared was when she will be used again.

Sheik clapped his hands and ordered the lights turned on so June could investigate the changes. Her lips looked too round and big and she was so dumb she worried in might make her give bad blowjobs. So the ever-generous Sheik decided to show her she still sucked cock properly.

He pulled out his dick and pressed it between her lips.

June started sucking with lust
and soon Sheik finished into
her mouth with June
swallowing every single drop.

Next he played with her new tits. They were just enormous reaching down her belly just before her pussy began. The machine they used to suck out her nipples applied so much force they were now pointy and engorged, with veins surrounding the areola. Sheik gave her tits a good massage and since they were too sensitive for June to handle now, she came almost immediately.

“Hahaha, I like very much this doll. Unable to do anything I can play with her as i wish. And now she cannot move a muscle. Completely helpless as I like it. And these massive melons are awaiting for a final touch to be perfect. I have made your other holes truly decorative but they are so loose they are useless now. Except if you are fucked by a horse hehehe. So now I'm gonna make some new holes to test.”

The Sheik ordered the doctors to put her to the lab table and drug her. June will undergo another humiliating modification soon enough.

“Ok docs hear me well. I want to grow her nipple a little more and cut them inside and make them her new fuck holes.”

“Now it's time for the total humiliation of you. I want every man here to "impregnate" this slave's tits.”

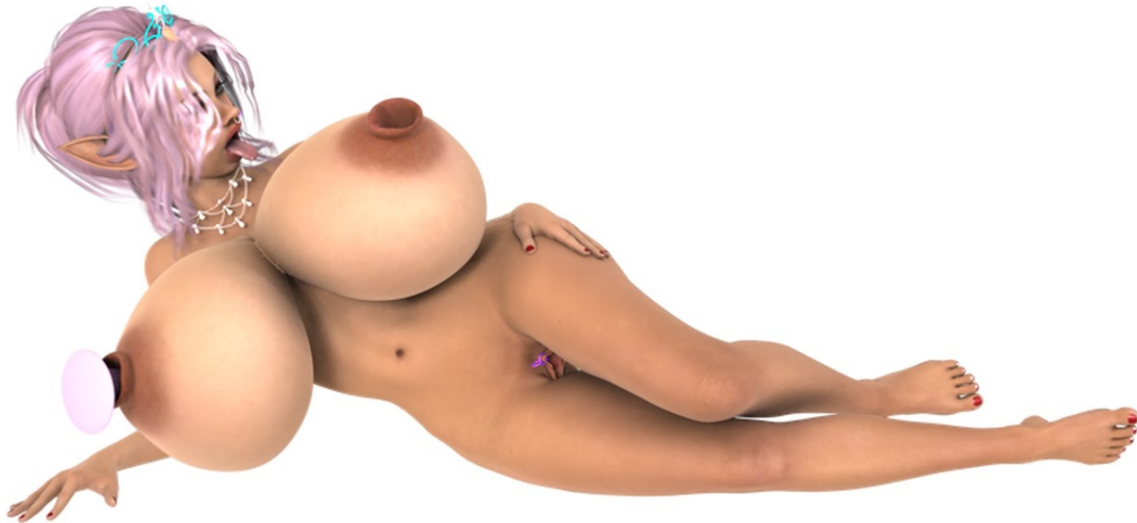

Everyone began fucking June's tits, filling her tits with loads of cum.

June was no longer smart enough to feel humiliated. She was helping the men, giving blowjobs to fluff everyone waiting for their turn with her fucktits.

After all these things June was happy and smiled to her master wanting more pleasure and more humiliation for herself.

“We are done for now my slave. But don't worry I will place you in the dungeons where I keep my men slaves and you will be serving them and receiving the pleasure you want forever. I am such a good master,” he laughed and he closed the door behind him leaving her to serve for the rest of her life.
