

Name: Viktoria

Age: 27

Sex: Female

Likes on her:

- almost everything

- ass

Dislikes on her:

- small boobs

But there's hope for Viktoria.
We gave Viktoria the opportunity to participate in a experiment. It's called "BBB" or "BigBoobyBase". Viktoria got a serum injected an her growth will start soon. So let's wish her all the best and hopefully she will grow to her wanted size!

Oh my god! Did it work? Did they just grow?
THIS IS AMAZING! Ohhhh ♥ This feels so good.
Thank you so much for letting me participate.
This is great, I can't wait to grow bigger ♥

As we can see her boobs almost doubled their size. She went from A Cups straight to F Cups or maybe even bigger. So far there were no problems with the serum, everything works like planned. So let's go further!

Ahhhhh ♥ I love this experiment sooo much. They have already grown bigger as I was able to imagine. With the time my bra gets really tight. I guess I need to buy a new one the next days

I could start a career as a supermodel.
This body is amazing ♥
They´re so fucking big and so soft ♥♥
And my ass ♥ Ahhhh, yes ♥♥

I wonder how big they will grow.
They already quadruplet their size
at least and they´re getting really
heavy. I hope I can carry their
weight

Everything works like planned. Her boobs keep growing and they´re getting bigger every day. Our experts think that she will break the world record for the worls biggest boobs in a few days. Until now no side effects of the serum occured.

They keep and keep growing. I phoned the project organisers but they told me that they can't tell me anything. "We can't help you. We don't know what exactly is going to happen. That's why it's called an experiment. But if everything works like plan they will stop growing in a few days. We hope you like your new body"

Oh my god! They are insane!
I mean, look at them! They
are bigger than watermelons!
I need to stop growing! I have to!
Or I will get problems with my
back. But... it feels so good
when they grow ♥ They are
so sensitive and soft ♥♥

The experiment is a big succes!
We already found a lot of investors
and probably we can go into
mass-production in a few years.
You don´t believe me? Look at her!
She´s so sexy and... hmm... big.
Maybe even too big. Imagine
that almost every girl could
run round the street with
knockers like these in the future.

A photograph of a woman's back, showing her skin and the black straps of a bikini top and bottom. The bikini top has a small bow at the back of the neck, and the bottom has a bow at the waist. The bottom piece is leopard print. Two speech bubbles are overlaid on the image, containing text and heart emojis.

Dhhhh, yes ♥♥♥
Ahhhh, they´re so big ♥

So sexy ♥
Sooo big, oh yes ♥♥

Like we saw Viktoria clearly likes her new boobs. A few days ago she allowed me and other experts to touch them and she was moaning as shit. If I was a girl I definitely would try this serum, too. But sadly I'm not.

Can you imagine how it feels to have boobs as big as mine? No? I can tell you it feels amazing ♥ Everytime I touch them i get a mini orgasm and I can't supress moaning when they grow. It's just amazing ♥

Ohhh ♥

They´re so big. How big will they get?
I´m not sure how long I will be able to
carry them. Maybe I should put off my
bra? I don´t want my bra to rip. It´s my
favourite bra ♥

A woman with blonde hair, seen from the back, is wearing a black and white leopard print bikini. She is posing with her right arm raised and her head tilted back. The background is plain white.

Today Viktoria had a important meeting with one of our sponsors. And what shall I say? She was amazing ♥
She didn´t say very much, she was moaning all the time and touching their boobs. We can be lucky that the sponsor was a man :D

Fuuuck :/

Did you hear that?

This was my bra. It's ripping.

No, please don't pop ♥

Ahhhhh ♥
Freedom!!! ♥♥♥♥♥♥♥♥
It feels soooo good ♥
I should have taken it off days ago ♥

Ohhh ♥

They´re like balloons.

So full, filled with love.

Ahhhh, yes ♥ So sensitive ♥

So goooood ♥

Everything is working fine. Viktoria should now stop growing, she's already big enough. We interviewed her and she said that she don't know how to thank us. I personally have to confess: I think I'm in love with her. Imagine: You wake up and the first thing you see are those beautiful breasts and you can touch them whenever you want. And her ass ♥

Huh?

Is my ass getting bigger, too?

I can feel my underpants
slipping into my asshole

It feels so nice when
they're on me ♡

Ohhhhh ♡♡

Look at me!

I'm a huge airballoon! ♡

She looks so happy ♥
I wish I could be with her ♥
...and with her big boobs of
course ♥♥
And her sweet ass ♥♥

I´m still growing bigger every day.
I guess I will have to ask the experts
tomorrow what´s going on. They´re
already so heavy, I´m not sure how
long I will be able to carry them :/

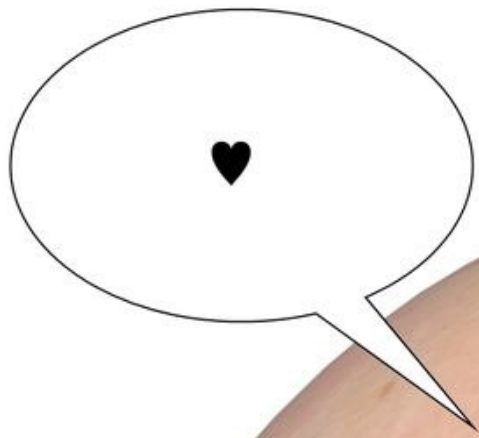

But first let's have some fun ♥

jiggles them around

Ohhhh ♥ Sooo big ♥

Sooo sensitive ♥ Sooo good ♥

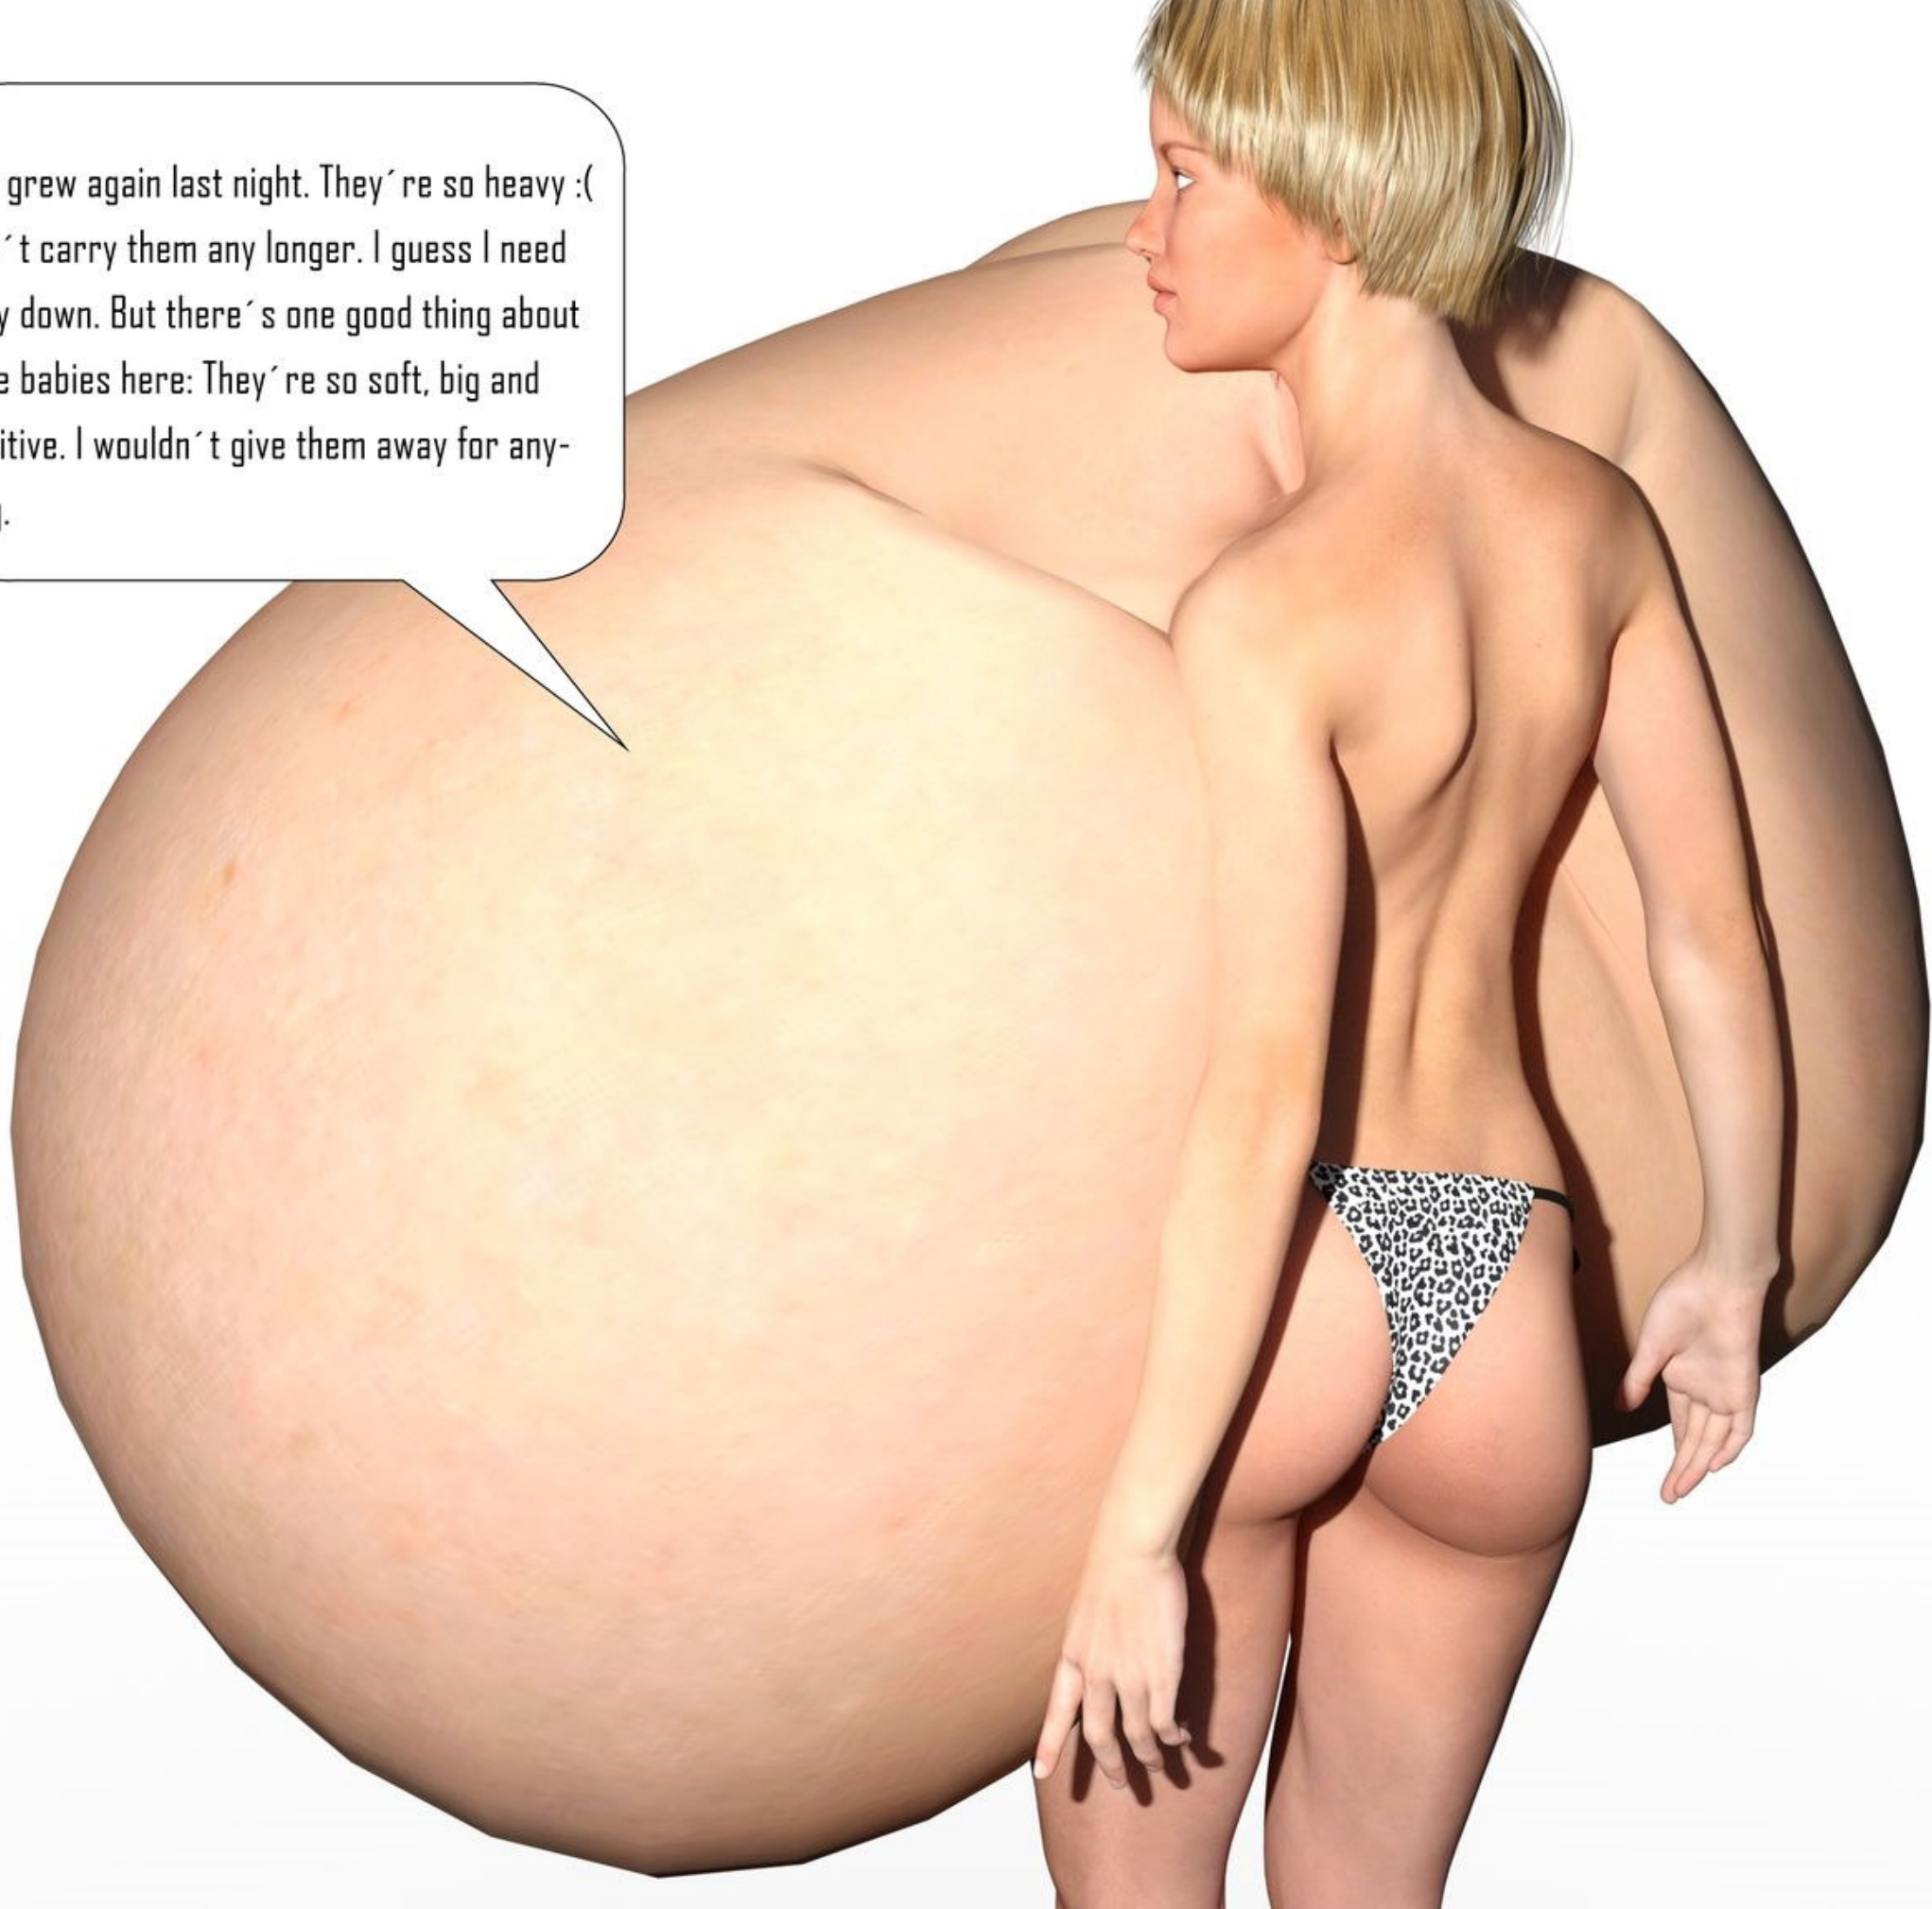

I'm not sure, but I think we got a problem. Viktoria should have stopped growing a few days ago. But she doesn't even look like she will stop in the next days. I will analyse the whole serum again. Maybe I can find something...

Hello? Someone here?
I can't even see my feet or...
I can't see anything... :/

They grew again last night. They're so heavy :(I can't carry them any longer. I guess I need to lay down. But there's one good thing about these babies here: They're so soft, big and sensitive. I wouldn't give them away for anything.

Help me!
I'm drowning in
my own boobs!!!

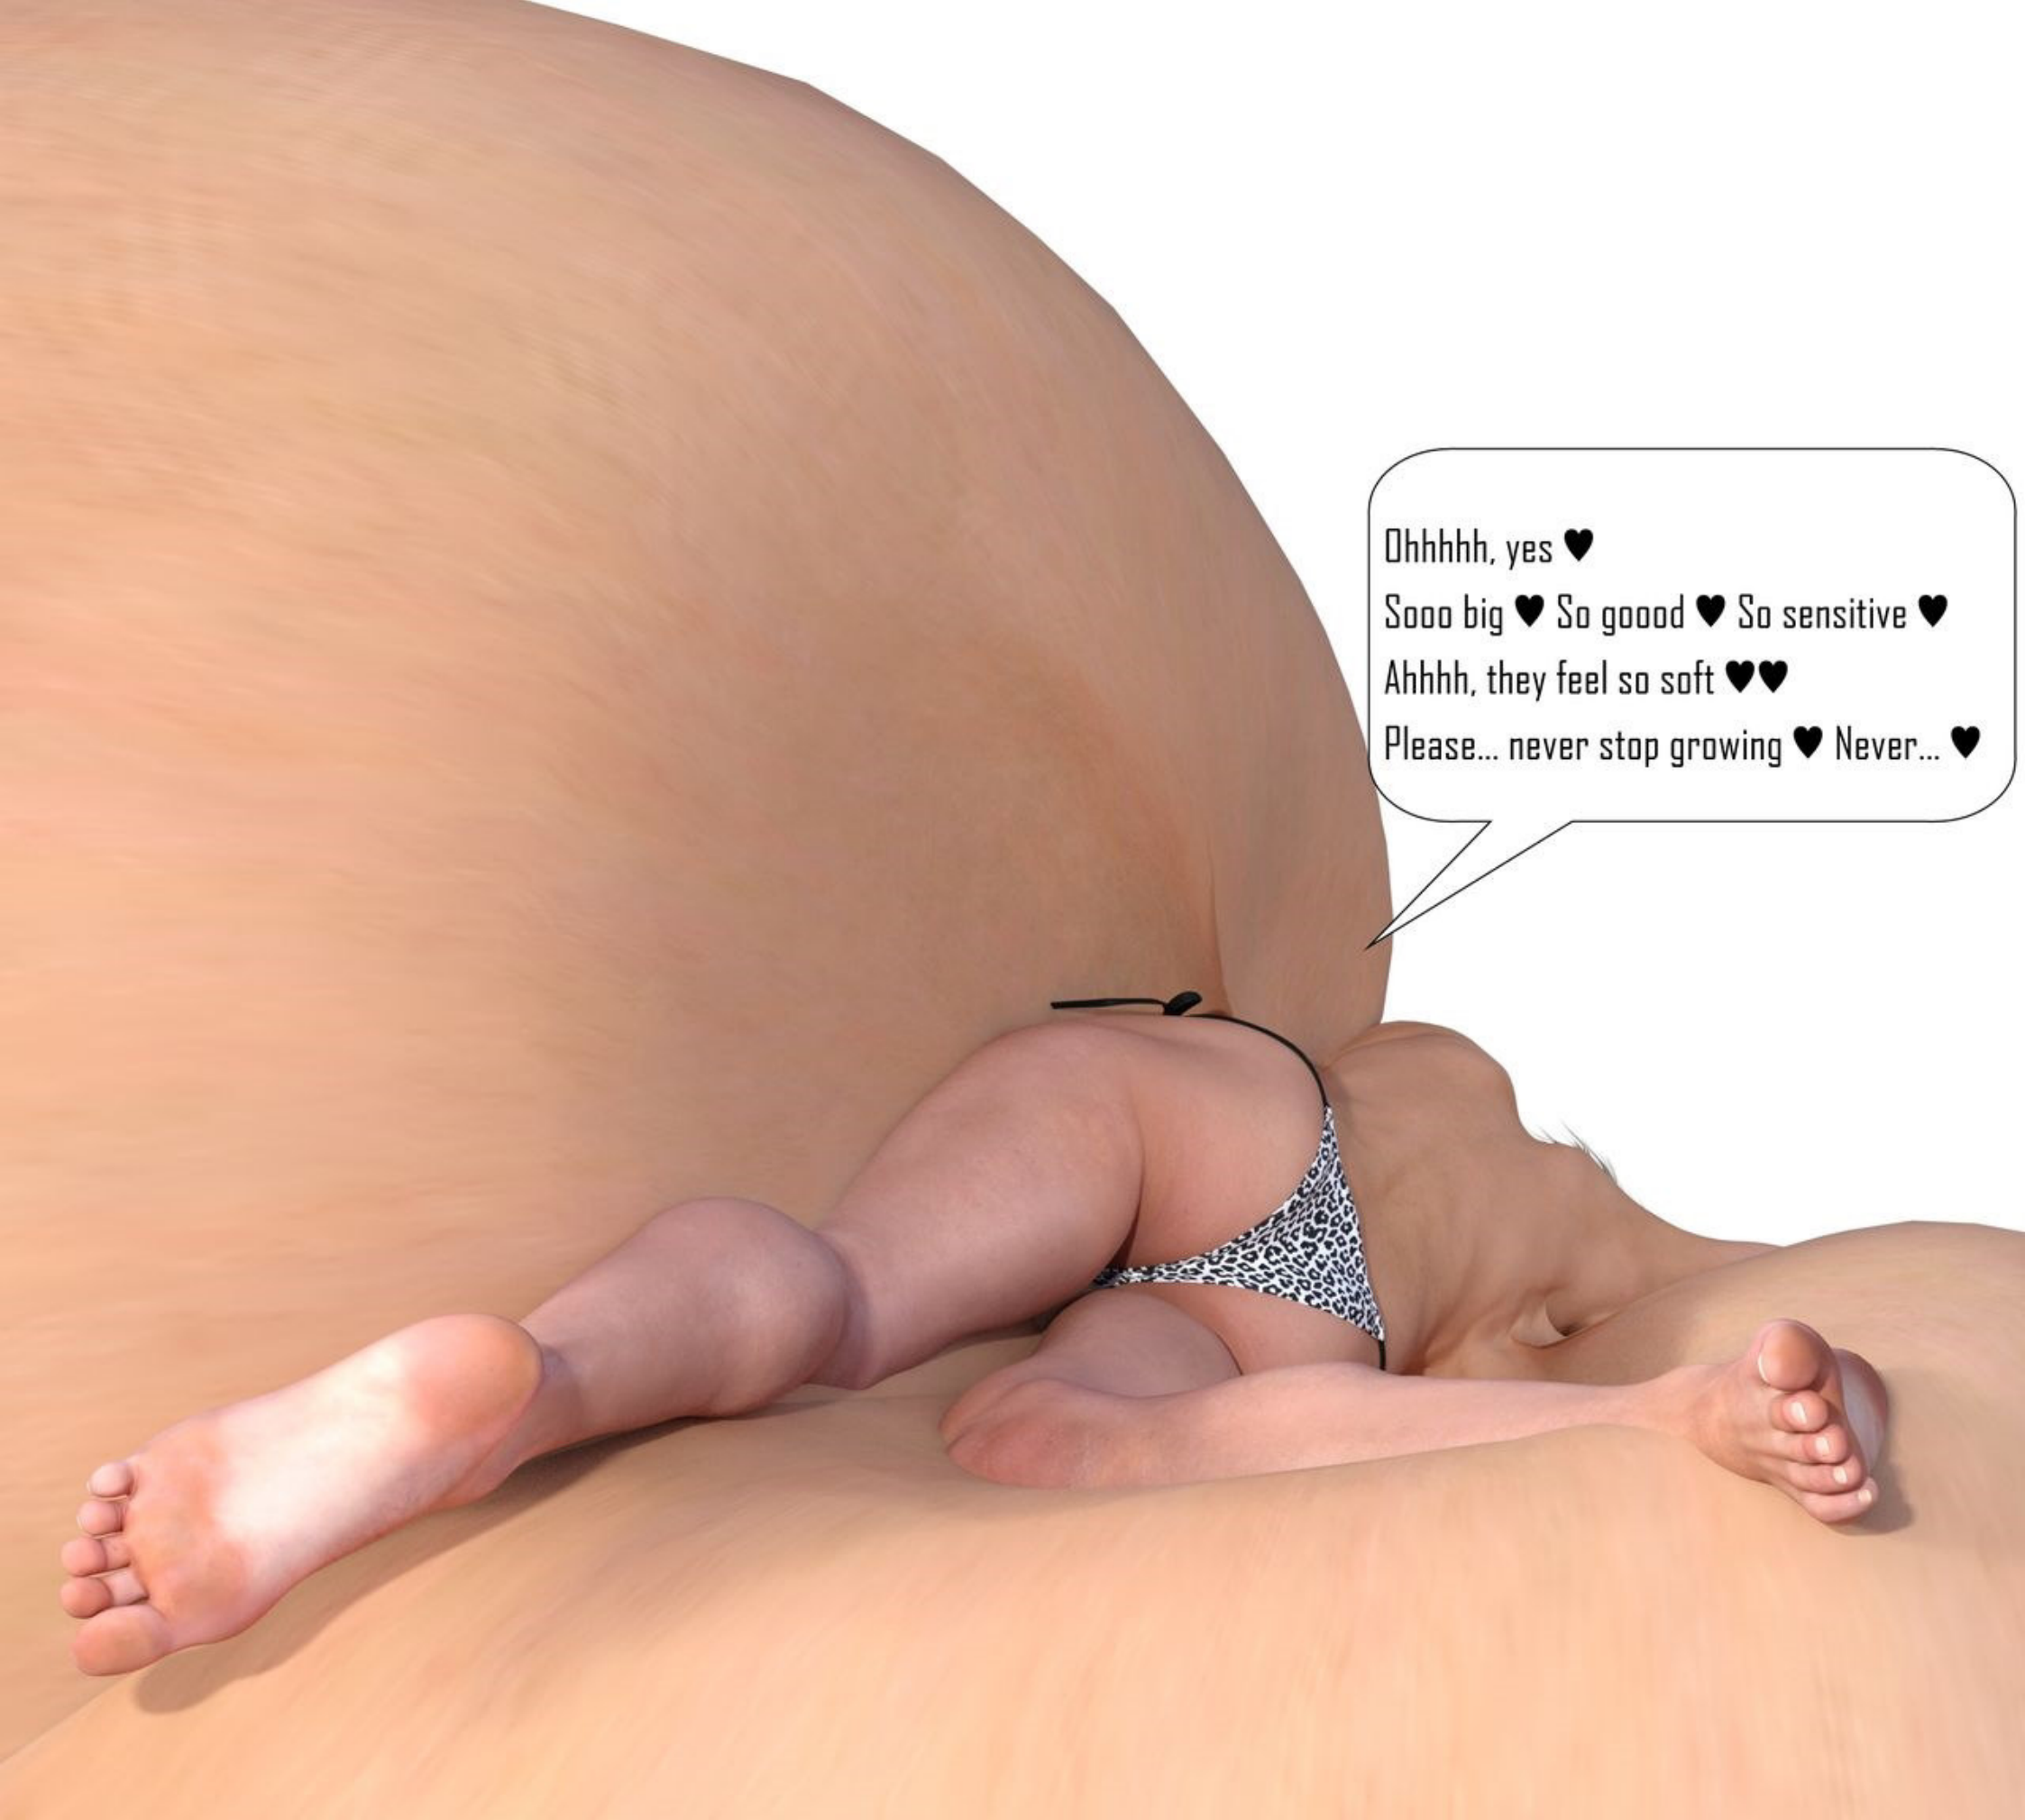

Hey! What's going on?

My feet don't touch the floor anymore.

Omg, they're already bigger than me ♡

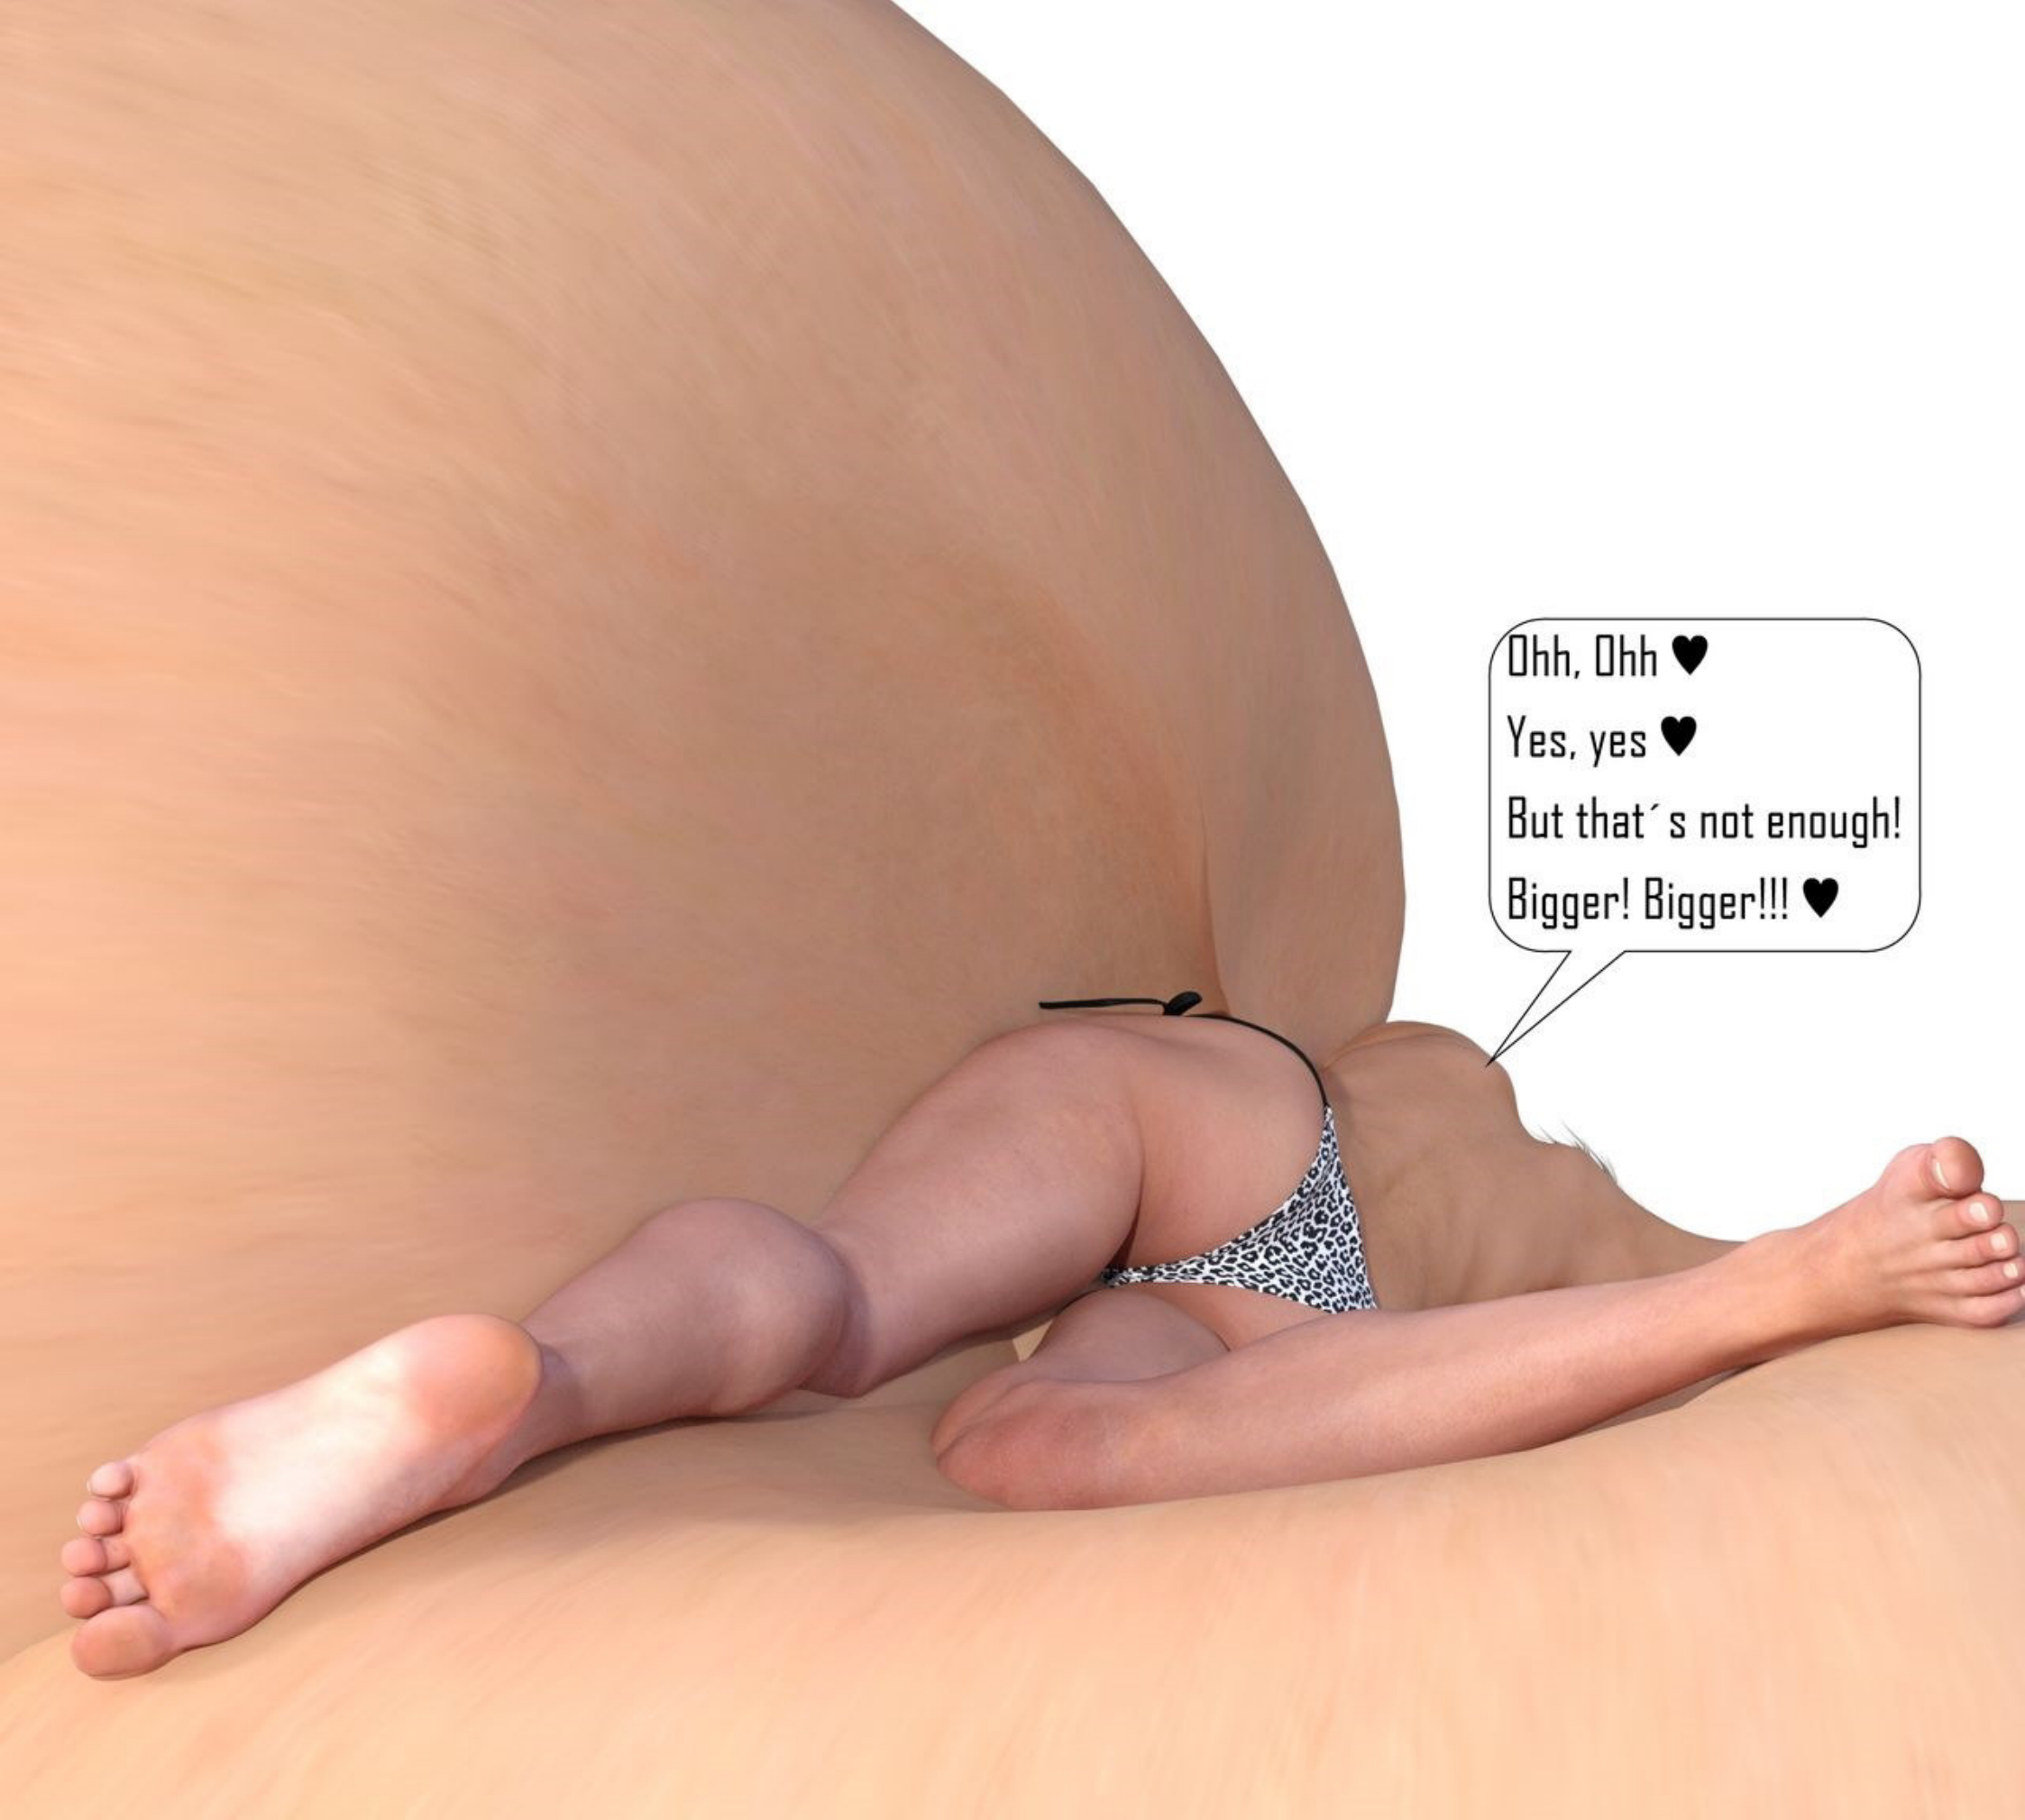

Dhhhhh, yes ♥

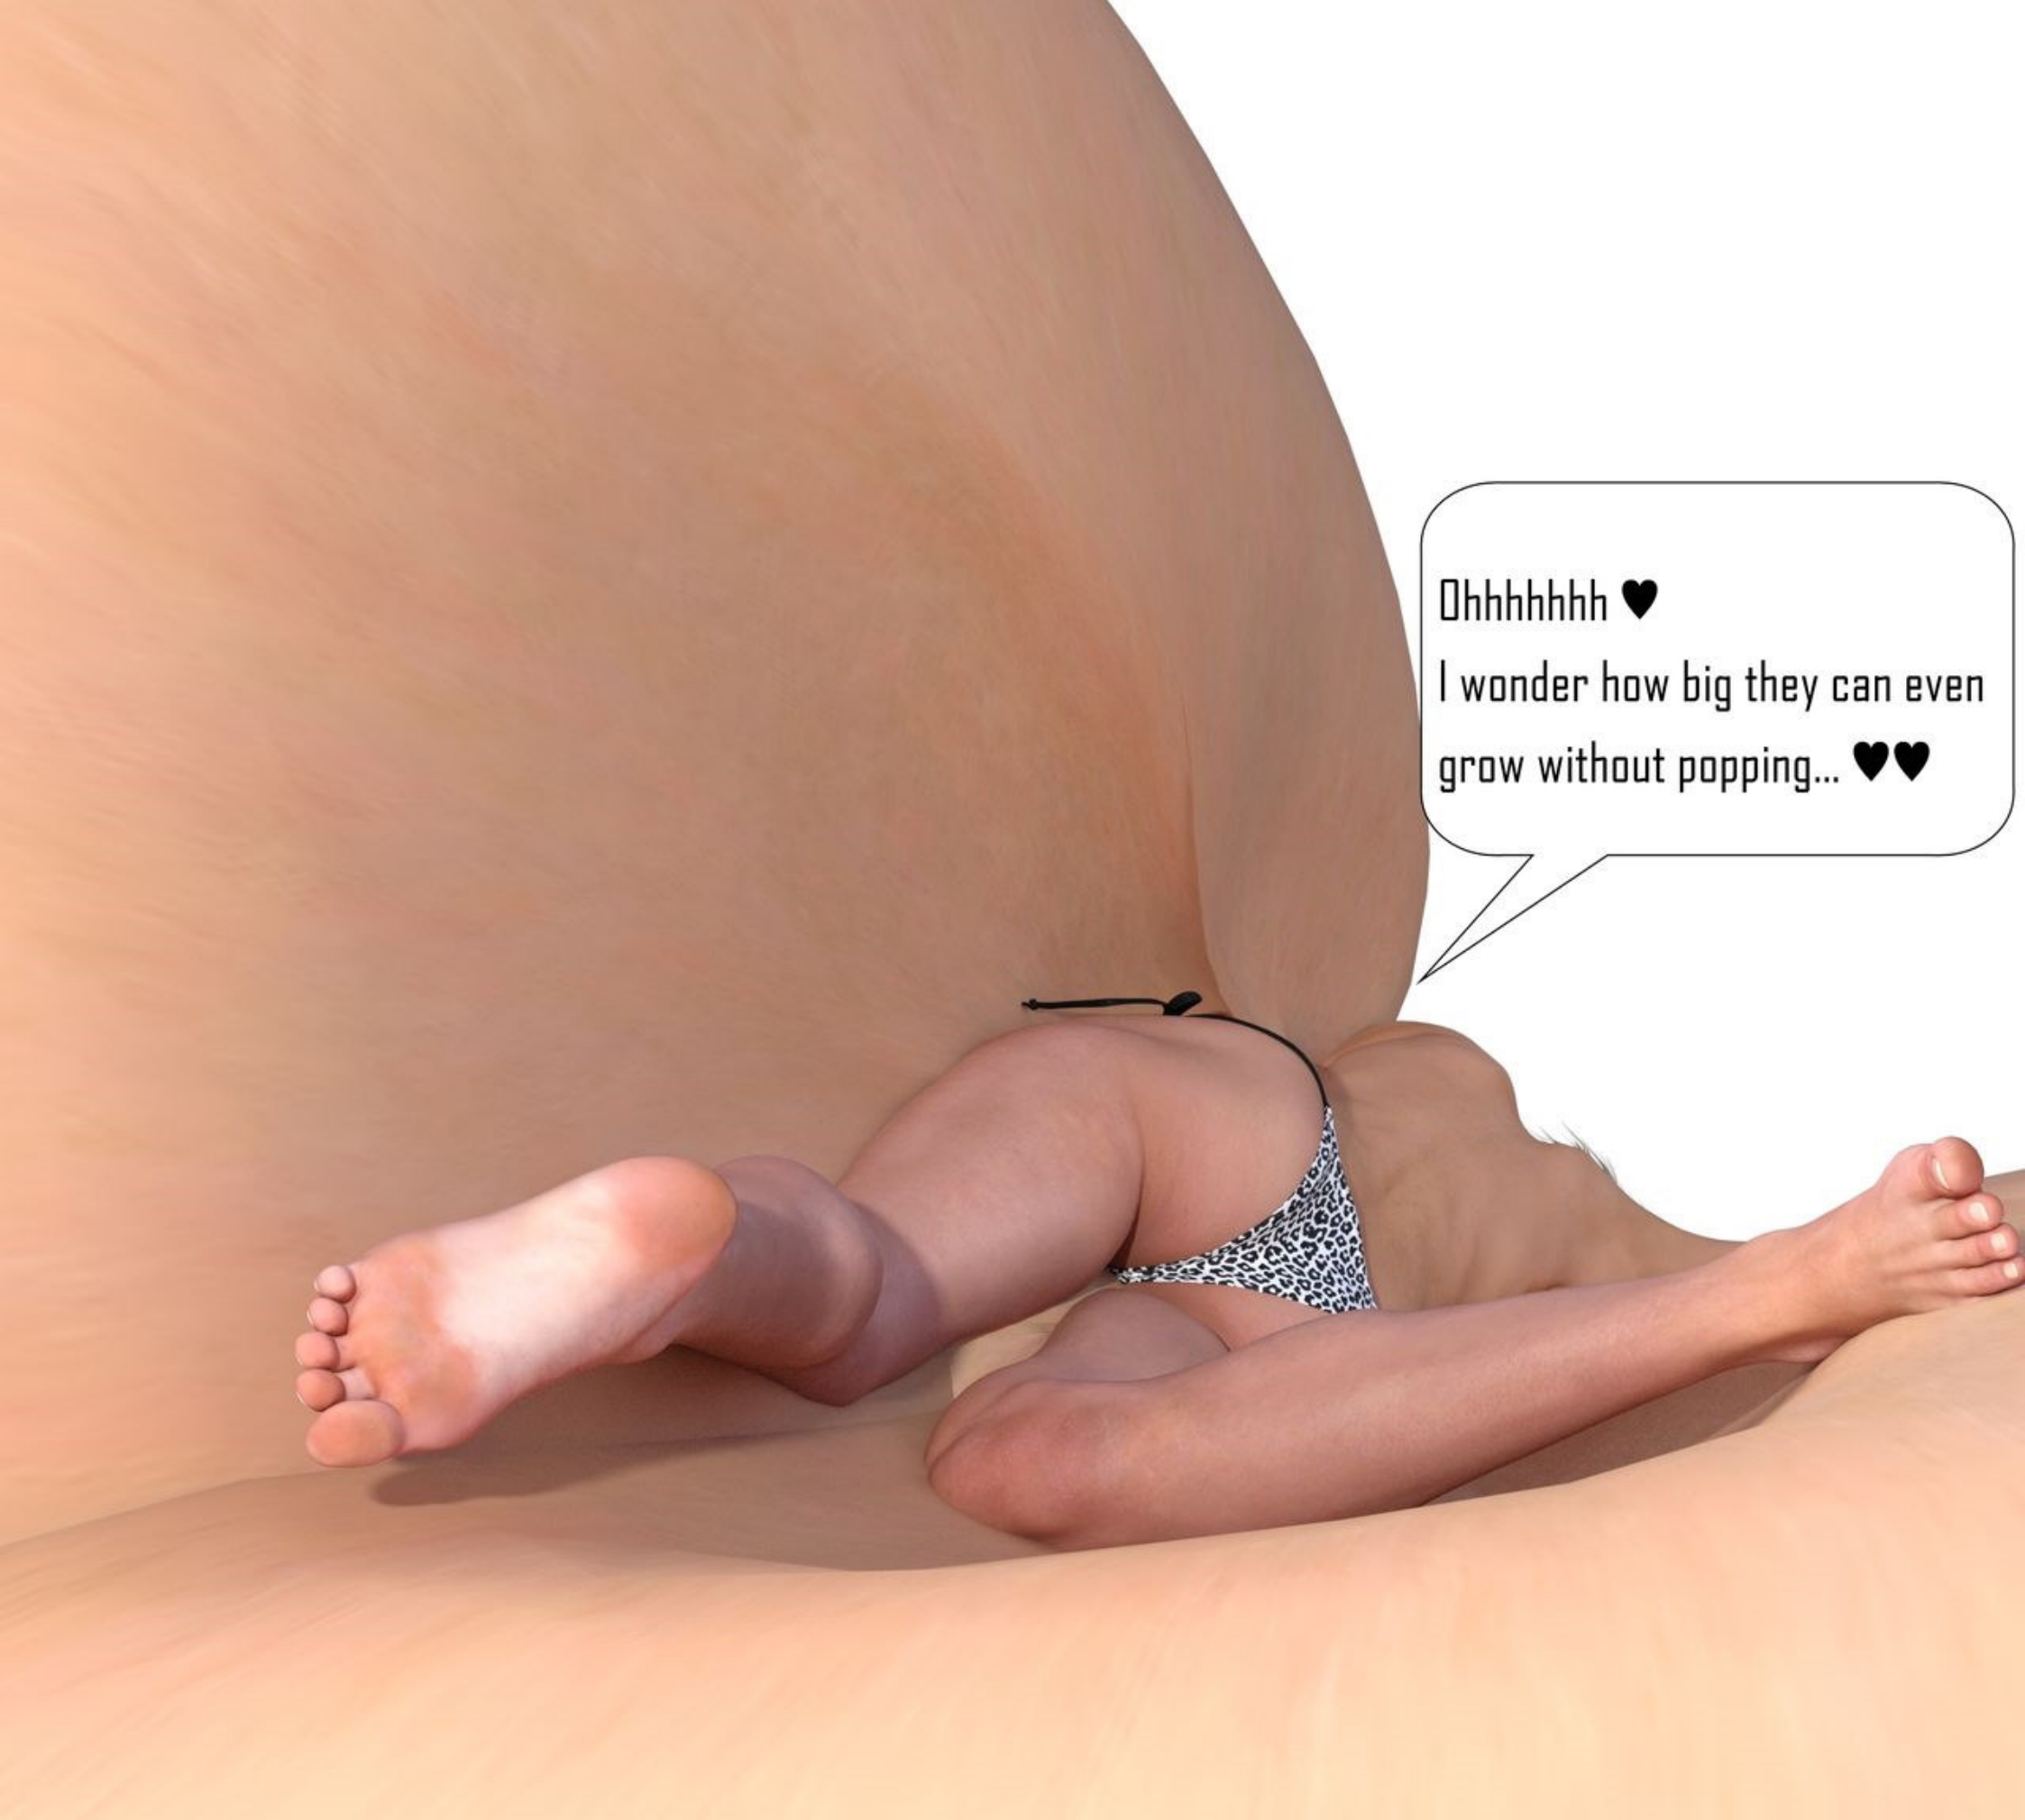

Sooo big ♥ So good ♥ So sensitive ♥

Ahhhh, they feel so soft ♥♥

Please... never stop growing ♥ Never... ♥

Ohh, Ohh ♥
Yes, yes ♥
But that's not enough!
Bigger! Bigger!!! ♥

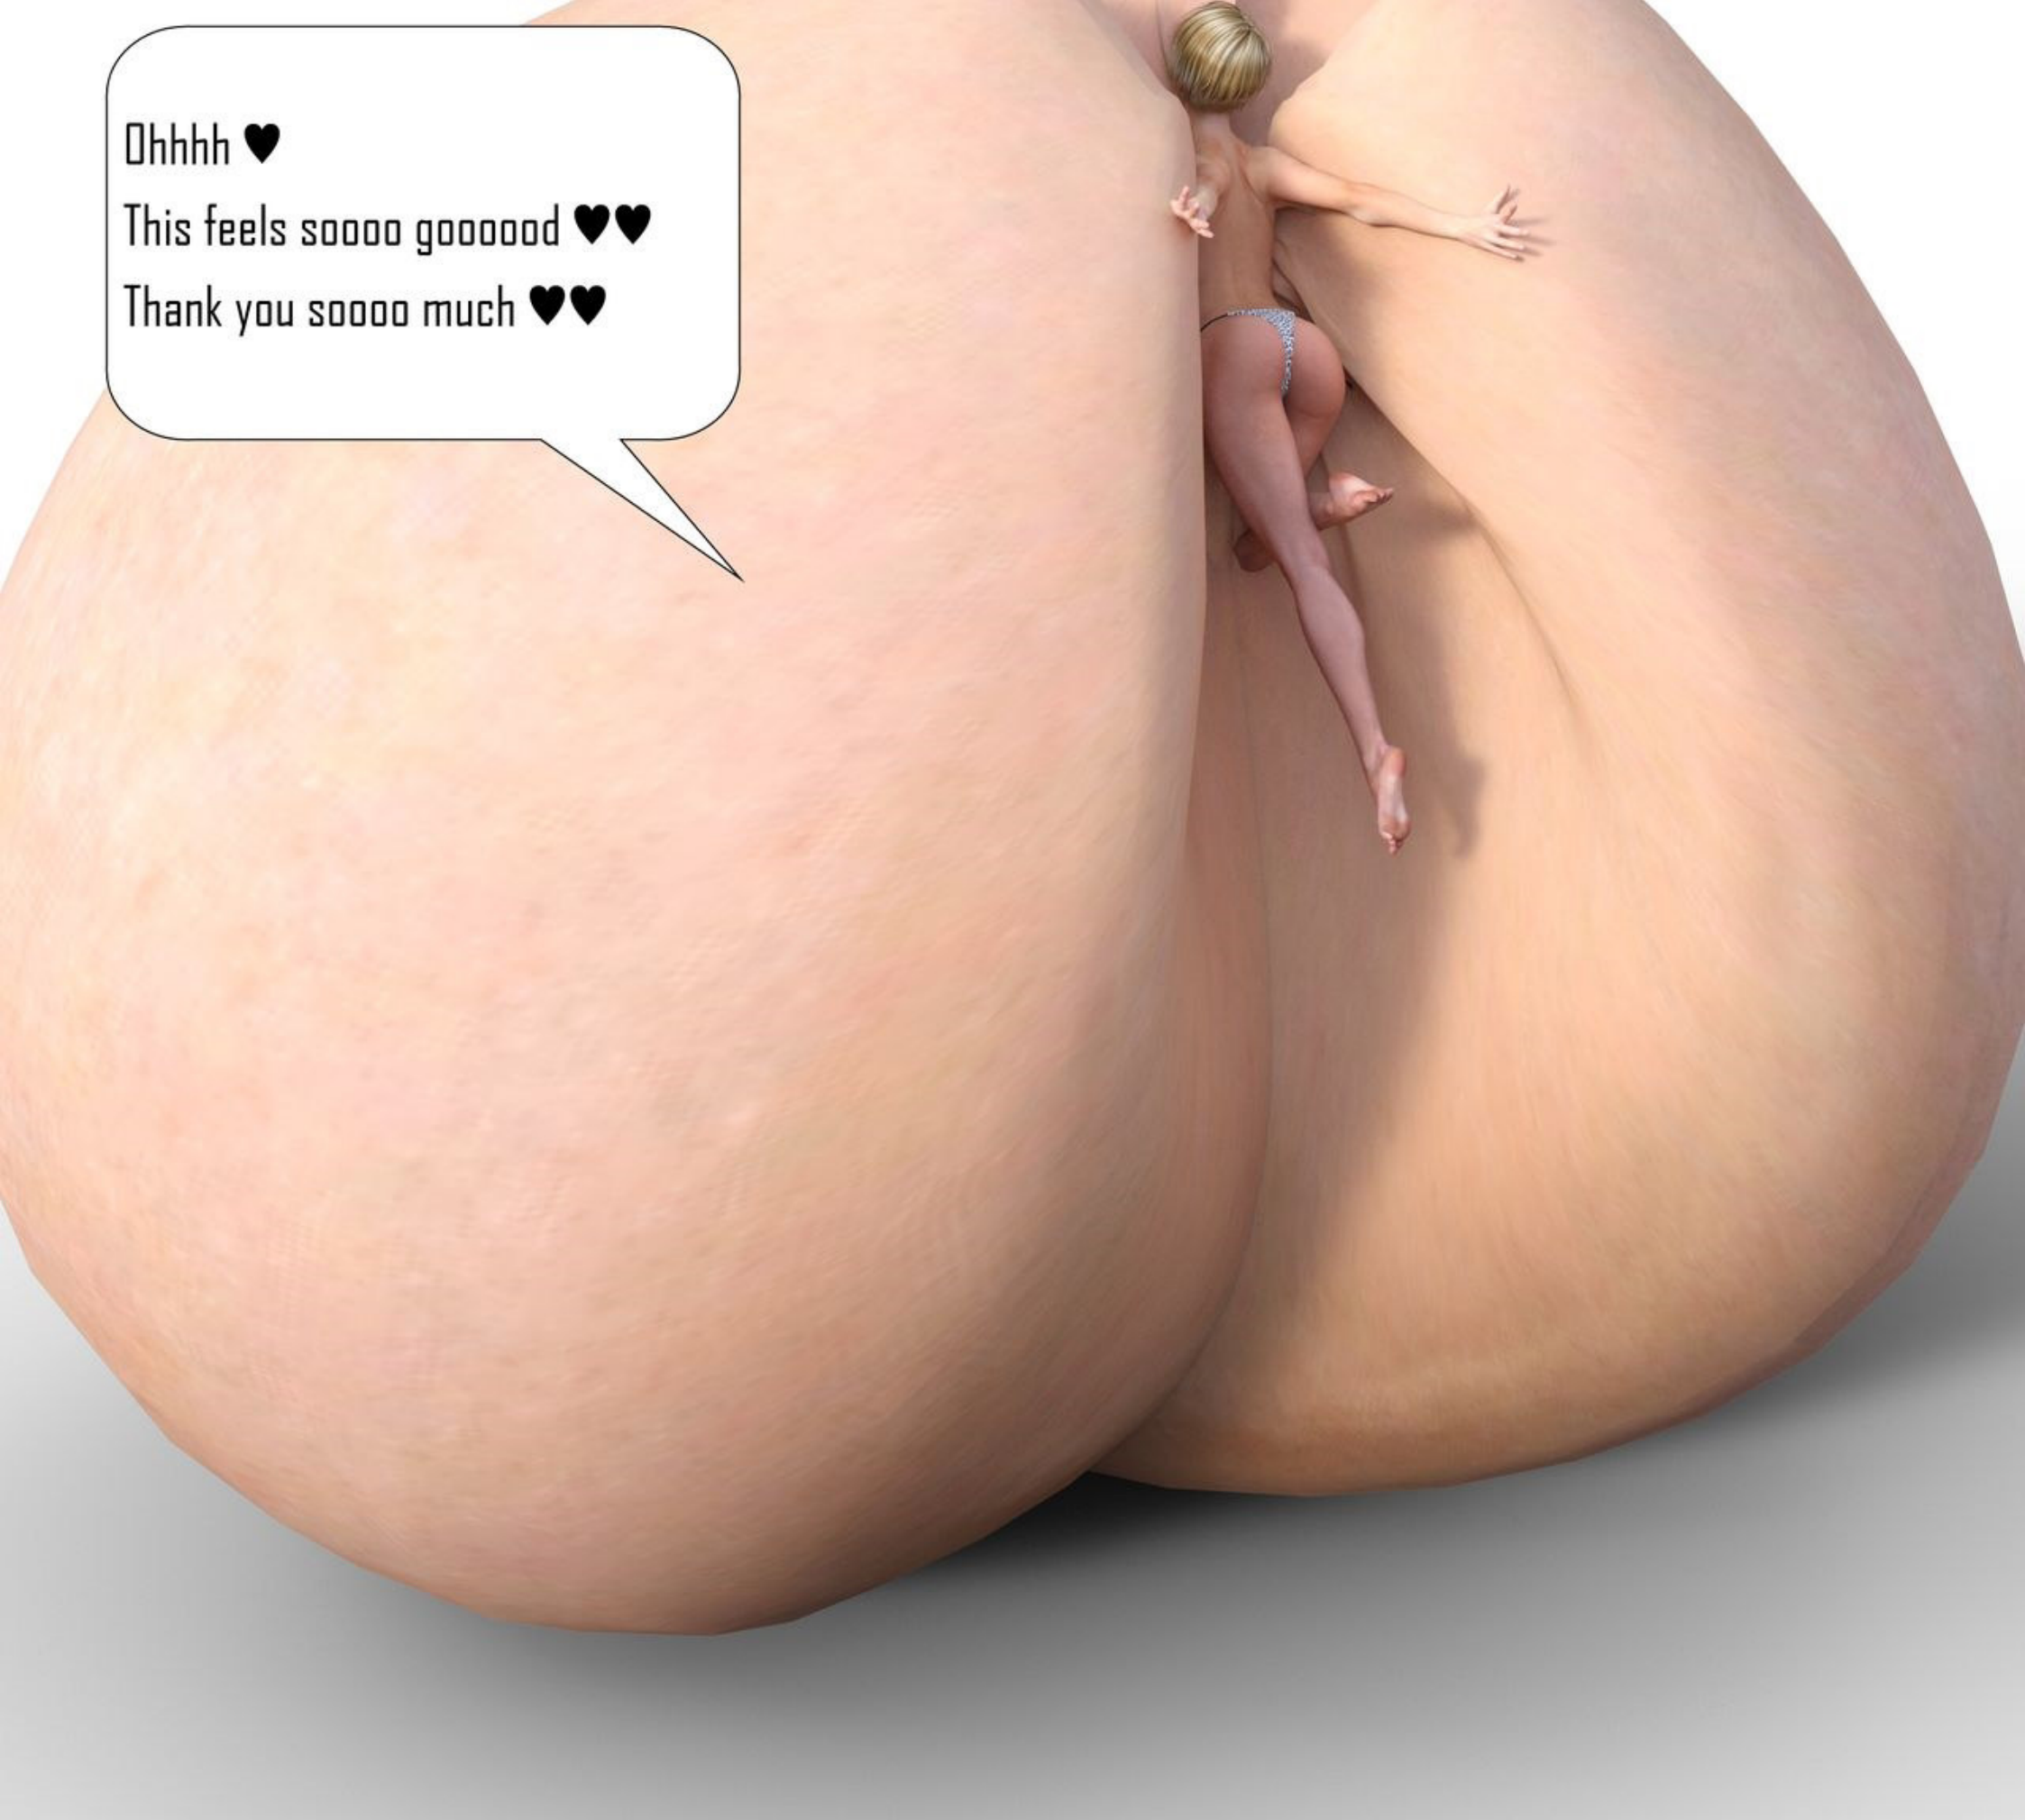

Ohhhhhhh ♥

I wonder how big they can even
grow without popping... ♥♥

Ohhhh ♥

This feels soooo goood ♥♥

Thank you soooo much ♥♥

Thank you for viewing my comic! :D
Please let me know what you think and what I could do better next time (Rendering, text, size of boobs,...) Were they too big at the end? More photage of them in "normal" size or should I keep producing "unrealistic" huge boobs?
