

Emily's Diary by **Pleasure3DX (C1)**

Dear diary this is Emily I finally fulfilled my dream of living in the countryside all by myself.

It's quiet it's peaceful it's everything I ever wanted but it hasn't even been one week and I feel lonely.

I caught myself already thinking about getting a dog or maybe even a horse.

I mean I have the land for it so why not.

Dear diary this is Emily today was eventful I went to one of the Farms close by and checked out some of their horses one of which was for sale.

I didn't plan on making a purchase just yet but I felt like this is what I need a companion even though I never thought I'd become a horse girl but...

Seeing all those gentle giants look at me curiously and how they're letting me pet them...

It's nice...

When I arrived at the stall of Marvin the horse that was for sale well...

...let's just say he was different he didn't give me as much attention...

...than the other horses but there was something about him that just felt intriguing I'll leave it at that.

So I made the purchase I'm officially a horse girl now.
