

Emily's Diary by **Pleasure3DX (C4)**

Dear diary this is Emily.

I think it's time to be real with you I can't help but feel a little bit attracted towards Marvin's penis.

I know it's weird and I swear I'm not desperate but something about it just aw me so much.

Maybe it's the size maybe the way it felt or maybe simply the fact that it's a massive penis and I'm just some girl who can't help but feel attracted to it.

the thing is I want to do it again this time without shame and without any pressure.

I just want to touch it again and see how it makes me feel.

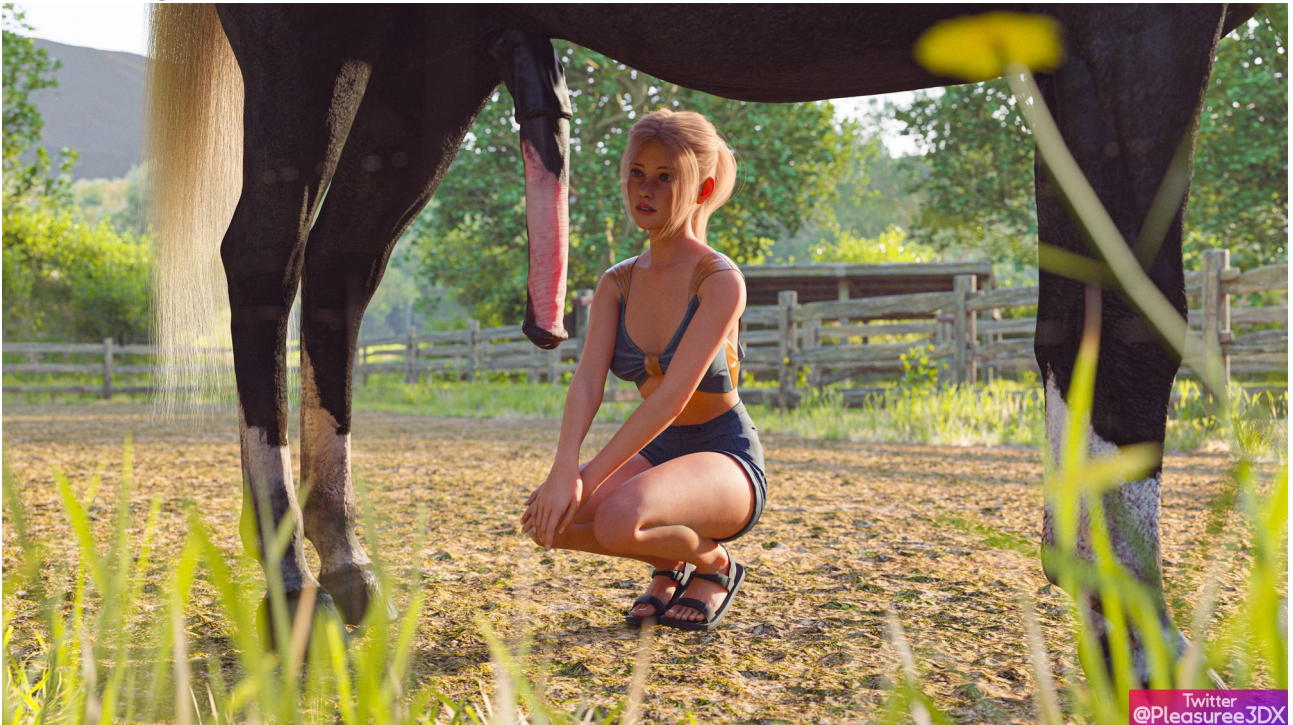

Dear diary, I just came back from Marvin's Paddock and did it.

Marvin had it out already when I arrived which didn't really come as a surprise.

My heart was racing when I sat down in front of it now it was just me and this massive piece of meat.

It took me a bit before I gathered the courage to touch it.

What made me finally do it was when he slapped it onto his belly

as if he was showing me that he wanted it.

So I grabbed it.

At first I just held it for a bit, the warmth it gave off was intense and I could even feel a faint pulse I then gave it a few squeezes.

It was so intriguing to feel how soft it.

Was it became even more intriguing when I moved his skin.

His penis obviously doesn't have any for skin but I could still move it up and down a little.

It wasn't long after that I could feel it slowly Harden.

His veins became a bit more prominent and I think it even became warmer.

This confirmed that he liked what I was doing.

I continued to stroke him for a bit.

Which made him harder and harder but at the same time I also noticed that...

Marvin became a bit uneasy.

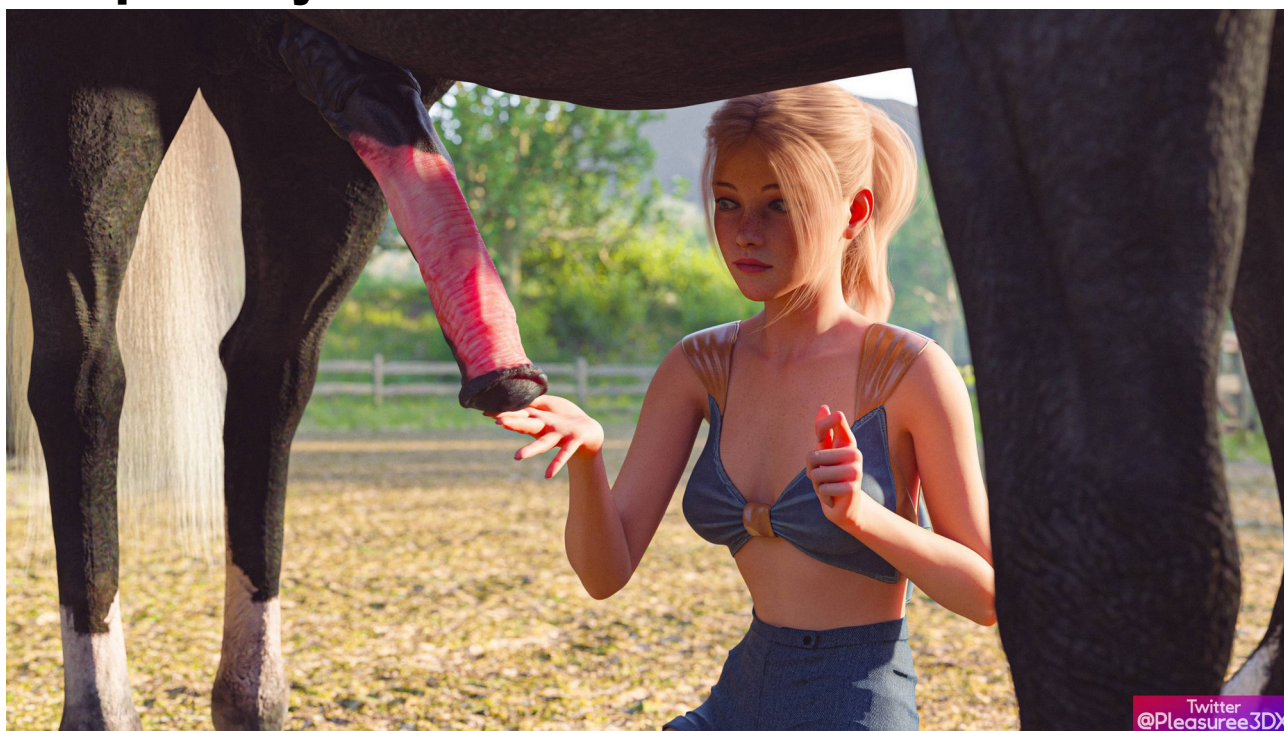

It was at that point that I became more careful and eventually stopped.

He certainly enjoyed it but the thing is

he's probably not used to this kind of touch at all.

I didn't want to startle him so I think it's best to give him some time...

...to get used to that feeling before I do some more

So yeah I still can't believe it but I guess I stroked a dick today a horse dick

I won't lie I'm kind of excited to do it again.

You know I've never been a people's person and could never connect with guys on a romantic level,

so finding a sexual outlet for me was never easy.

This however it works it makes me feel good and

I'm pretty sure Marvin as well.

In any case it's getting late and I should get some chores done can't be thinking about horse stick all day...
