

Emily's Diary

by **Pleasure3DX (C7)**

Dear diary this is Emily what an odd day.

My friend Amy came to visit me for the first time since I moved onto this pasture.

It was actually quite lovely, I showed her around the whole property

including the house the garden and of course Marvin's Meadow and Paddock.

As you know the day before I went out of my way to jerk Marvin off just to spare Amy having to see Marvin's junk,

but lo and behold he still had it out for the world to see.

Amy played it surprisingly cool though.

I caught her taking a few curious glances and

she actually made me chuckle by calling it "Marvin's massive member",

but that's about it she didn't weird out on me

and didn't give me any judgy eyes either was awkward at all.

That wasn't until later tonight about half an hour ago, she sent me a text with a photo attached.

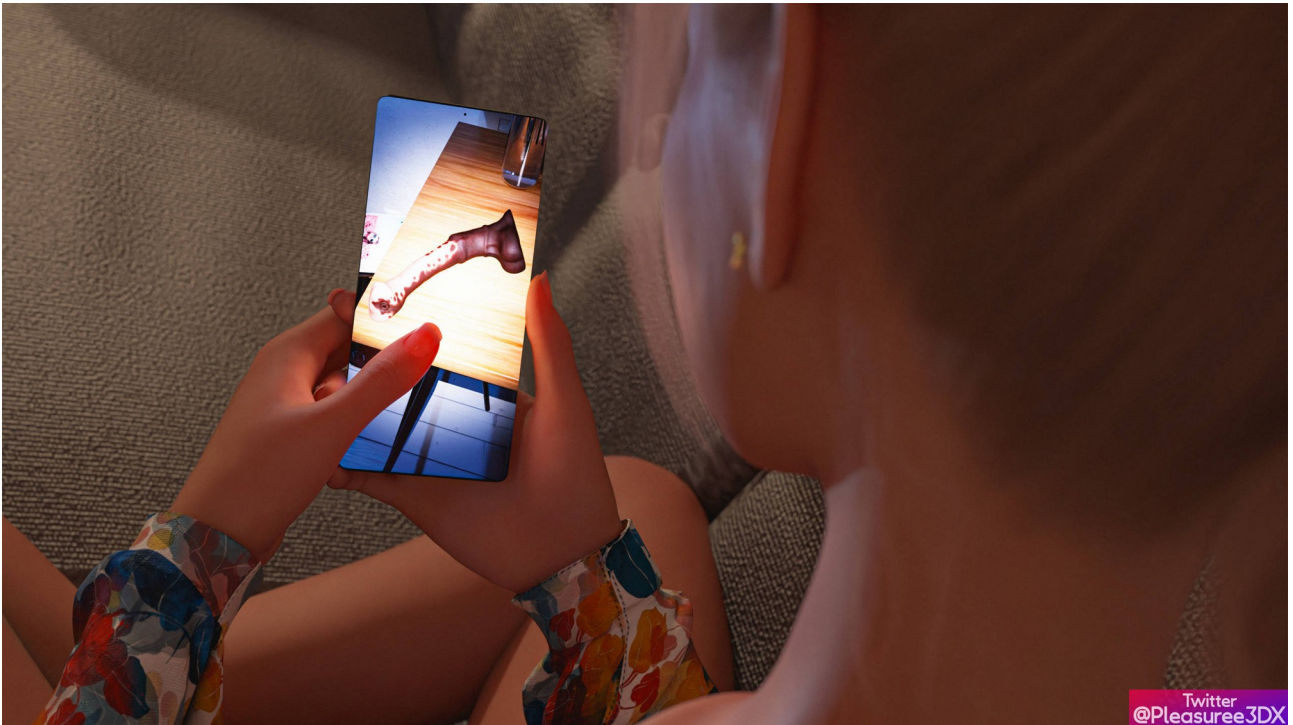

Now Amy and I are close friends talking about guys or sex was nothing out of the ordinary.

What I didn't expect though was her sending me a picture of one of her dildos, a horsecock dildo,

she said she found it funny because it's essentially a miniature of Marvin's massive member.

We texted back and forth a little and I was surprised how open she was about the whole topic.

I never admitted of doing anything to Marvin,

but I could tell that she was kind of trying to push me into that direction,

in the end she actually convinced me to order one of those miniature horsecock dildos online,

just for fun, she said.

Now this whole talk had honestly gotten me a bit hot and bothered so even though,

it's late, I plan to head out in a bit to pay Marvin a visit.

Dear diary hi hey How's it going?

I ummm... I just came back from seeing Marvin

and while I didn't make him come this time,

I can't say the same about myself.

To be honest I already masturbated a couple of times thinking about his beautiful cock.

This time though, I wanted to do it when I had it right in front of me,

and what can I say, it was as good.

As I hoped being able to gently touch him while also touching myself was honestly so hot.

Kneeling in front of it,

legs spread hands down there,

all while being face to face with this massive cock.

How could a girl not be into that?

It felt so much more intense than any of the other times,

it actually didn't take me long to climax.

Musical curtain... a Cuz I can see a a "Sight" of Chase Hughes

a **Those bedroom eyes** a

a **And when I see a**

a **That light of lust shining a**

a **Don't you know that** a

a **I just wanna hear you sigh** a

I fantasize a lot about Marvin just...

...taking me.

This was all I could think about when I was so close to it just then.

Of course, being so close to it also makes me realize

how unrealistic it would seem to actually take him,

but I think deep down this was the reason I actually agreed on ordering the dildo today,

maybe if I start small I could work my way up I don't know?

I'm excited now for the dildo to arrive and to experiment even more with Marvin,

I have a lot to learn and discover, and who knows,

maybe I can open up even more with Amy,

she seemed way more into the matter than I would have thought,

but for now good night dear diary and sweet dreams of Marvin's marvelously massive member of meat.

Or... Marvin's mesmerizing meat machine...

...Marvin's meat mesmerizer...

I really need some sleep... ..
