

My goal is to become you, and
then I can have your life, hahaha...

Hahaha...

Hahaha...

I..I am Liu Wanna...

A woman with blonde hair is seated in a high-backed chair. She is restrained with a metal collar around her neck, a gag in her mouth, and handcuffs on both wrists. She is unclothed. A red, phallic-shaped object is visible between her legs. The background is a stone wall with vertical bars on the right side.

Why are you tying me up here?
Where is my husband?

What's going on here, doctor?
I don't know this person at all.

Really? According to the police,
he seems to be a local shemale
prostitute. But it's unclear what
triggered him, he might have
developed schizophrenia and
started hallucinating.

Since she seems to have always fantasized about being you, we notified you to come over.

...I have no recollection of this...

The police also found a mask in her house. Although I've never seen anything like it, it seems to be what triggered her to want to become you.

I've never seen it either...

Really? Well, we've already notified your husband. When he arrives, we'll see if he knows anything.

.Back to home.

So, you actually know her, right?
Why did you lie just now?

Well, dear, I told you, I only used her to help my friend with an experiment. This person is undocumented here, so even if the experiment fails, it won't cause much trouble, but it's still illegal. If it's found out that I'm involved, it'll be a big problem.

At first, to make him agree, I lied and said I'd give him a set of your skin after the experiment. Also, after each experiment, they would brainwash him to clear his memory of it. But maybe they did it too many times, and it broke him mentally.

Then why did you hide this from me for so long? How am I supposed to believe something so fantastical!

Wait.

It's really... You just kept
this thing at home?

It's a bit against the rules,
but you didn't notice, right?

What does this thing do?

Put it on, and you become
the other person.

No no.. It's just an experiment...

My skin and his skin. Are you
planning to make him become
me or me become him?

Can you wear it? How do you put it on?

Huh? What, dear, do you want to try it? Well, it's okay. He's already crazy, you can try it now.

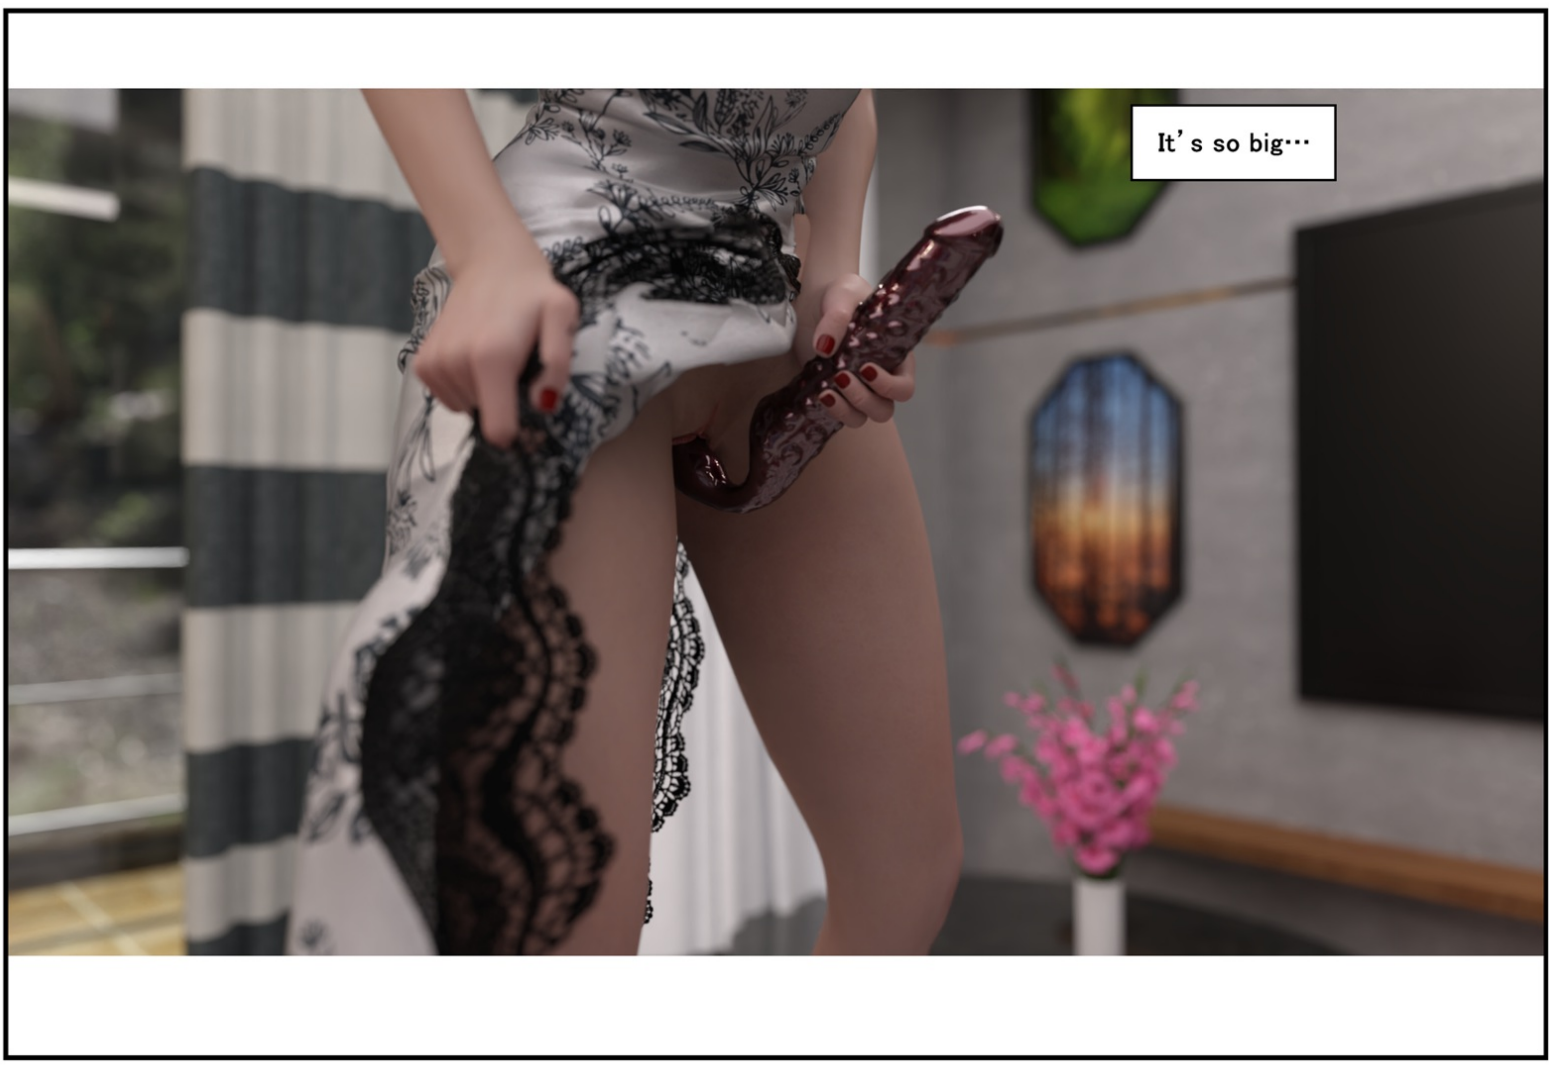

Then you should put this
in your vagina first.

What is this?

This device can convert pressure at the tip into electrical signals simulating male erection, which are transmitted to your brain through your nerves down there. You can experience male pleasure. It can also control the size through changes in your moisture. It's essential for a woman to wear a man's skin.

It's so big...

Ah~

You'll soon feel its magic.

Wow, really, dear, this feels like
it's becoming a part of my body.
And I can even feel the touch of
the skirt.

Ahhh~

This is the power of the neural sensor. It can convert every pressure on it into biological signals of a male penis and transmit them to your brain through your vagina. When you put on the skin, it will look like a real penis.

Okay, dear, I get it. Stop playing
with it. Let me put on the skin first.
This is too embarrassing.

Dear, can this... fit in?

Why does this skin feel so small down there?

Of course it can. The penis part of the skin is hollow. You just need to insert the fake one.

Let me help you put it on.

Be gentle, dear. It feels so intense.

Dear, don't tell me it'll stay hard like this after I put on the skin.

No, the core of the penis that's inside you is made of absorbent material. You're too excited now, so your vagina is too wet. That's why it's like this. When your vagina dries out, it'll soften.

What are you talking about?!
I'm not excited.

Okay, okay, but your penis can't
hide anything now. Keep putting it
on.

These... breasts are quite big.
Are you sure I don't need to
pad anything?

These breasts were originally silicone fake breasts. But when making the skin, they were made into the breasts of a middle-aged woman.

好吧。

You're looking at me like that.
It's so embarrassing.

A 3D-rendered scene featuring two characters. On the left, a woman with a bald head, blue eyes, and red lips is looking towards the right. She has her hands raised near her face. On the right, a man with dark, wavy hair is looking at her. The background shows a window with a view of a rocky landscape and some indoor plants.

Is this fully on?

Yes, only a wig is missing.

Oh my God, I've really
become that shemale I saw in jail.

Exciting, right, dear? You didn't
go soft for a second during the
whole process.

Jin never expected that Liu Wanna's curiosity about the skin would make her forget to ask about the real relationship between herself and Nadi. And coincidentally, Liu Wanna seemed to enjoy wearing Nadi's skin very much.

How does it feel, dear?
Is your anus feeling good?

Oh, oh, oh, dear, I'm going to cum.

For Liu Wana, wearing the shemale's skin had a magical power that allowed her to temporarily forget the pressures of work and the pressures of being a beautiful woman in society.

Since experiencing the skin, the first thing she did when she got home every day was put on the shemale's skin. At this time, she was no longer herself, but just a shemale prostitute at the bottom of society.

She could use the identity the skin gave her to do any perverted things she had fantasized about before to escape the psychological and moral pressures.

Therefore, she could make any alterations to her body without restraint while wearing the skin.

Can a shemale's anus feel this good?!

Ahhh~ The piercing on the
glans is too sensitive.

The nipple rings are so heavy,
it feels so good hanging on the
nipples.

I'm such a perverted shemale slut.

Wearing my own skin feels so strange...

But wearing my own skin like this,
I feel like I'm becoming so lewd.

No, this vacuum pump is sucking me so much. It feels like my breasts and penis are going to explode.

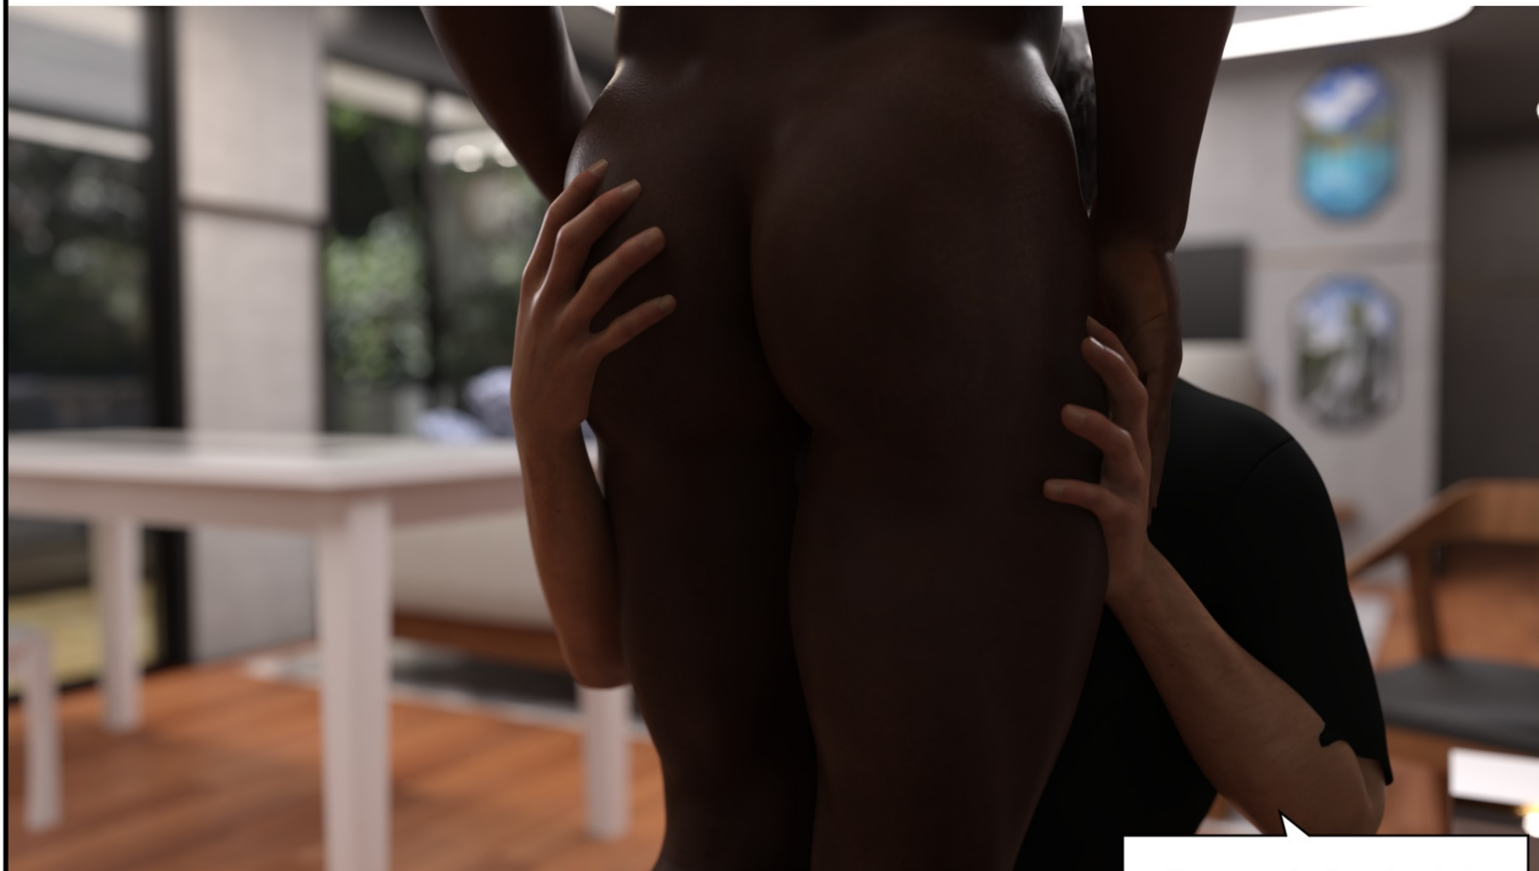

Dear, why are you getting
more and more perverted?

Ah, dear, you're back.

Look what I brought. Take off the shemale skin and try this new skin.

Dear, you look so hot in it.

Dear... you're not gay, right?
Why do you like me wearing this
muscular man's skin... it's even
crazier than the shemale.

No, no, you don't understand, dear.
This feeling is completely different.

Wait, dear, are you still going
to wear my skin?

Of course, otherwise, I'd really be gay, right? There has to be a female master.

It seems you like my
suggestion very much.

Don't just look, put on the
latex suit.

Why did you prepare a latex suit for me?

Only the latex suit can
show off your current figure.

Play by yourself for a while.
I'll go change clothes.

It seems so. Being wrapped up
feels so good. My muscles look
bigger.

This is amazing. The feeling of being a man is completely different from the shemale skin before.

And this penis, why is it so hard...

Is this penis really humanly possible? It's so big, it looks fake.

But such a big penis is actually growing on me, and it's already so hard.

Ahhh, this ejaculation
feels so explosive!

It seems like a little puppy has
already cum before the master
arrived.

How should I punish you?

All up to the mistress.

Such a naughty dog, licking so happily.

But your cock is quite big, so I'll allow you to use your big cock to serve the mistress.

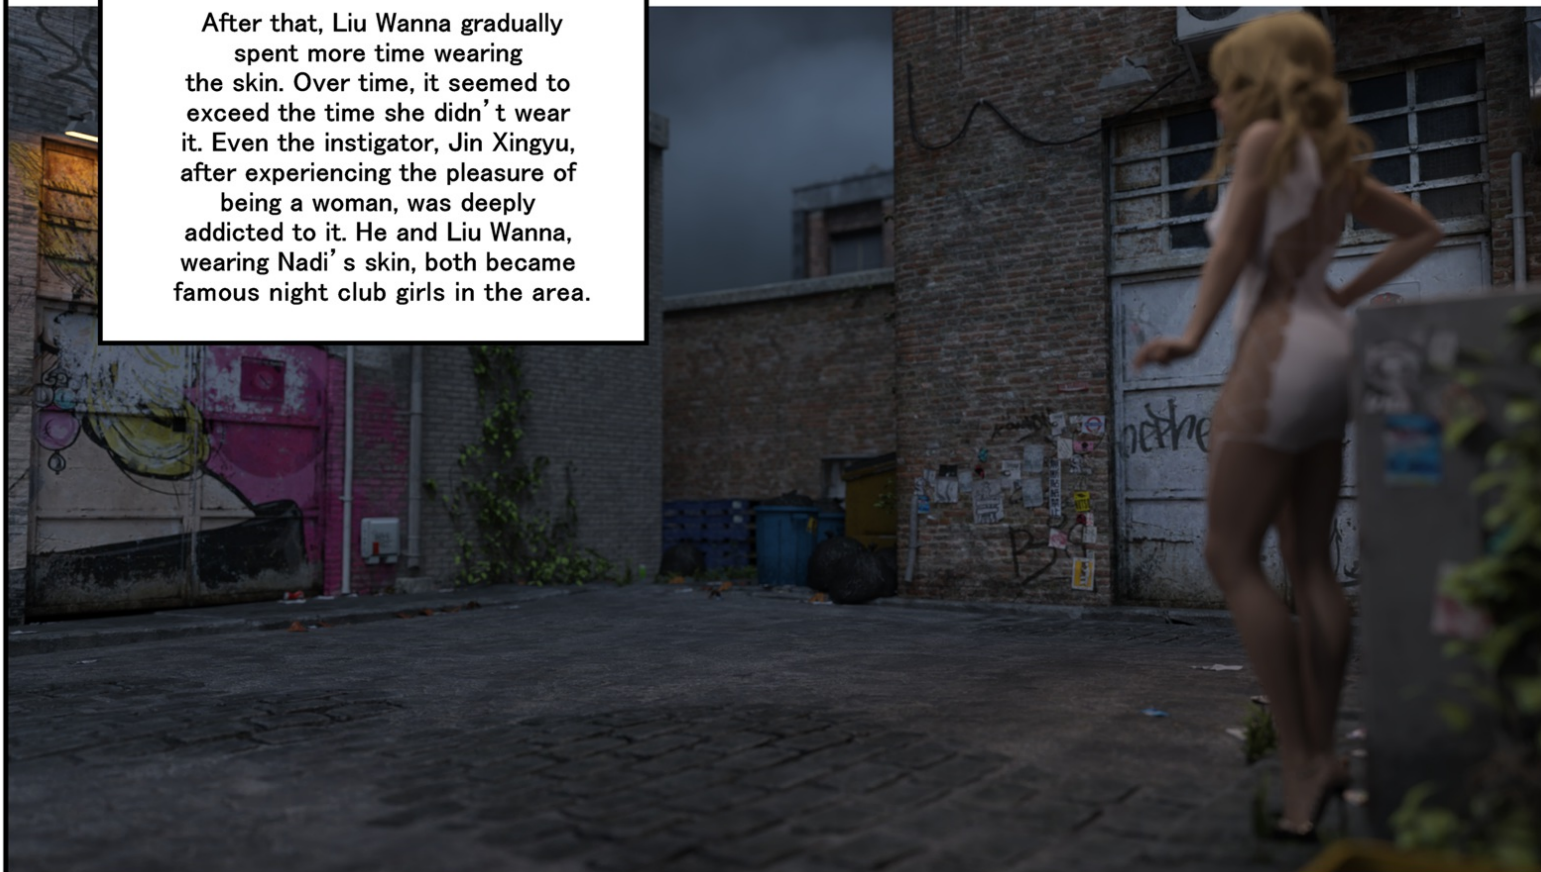

Ah~ Slow down! Do you know how thick your cock is?

I'm sorry, mistress.

Ah, ah, I can't take it, naughty dog.
The mistress is going to be fucked
to death by you.

After that, Liu Wana gradually spent more time wearing the skin. Over time, it seemed to exceed the time she didn't wear it. Even the instigator, Jin Xingyu, after experiencing the pleasure of being a woman, was deeply addicted to it. He and Liu Wana, wearing Nadi's skin, both became famous night club girls in the area.

Hey, dear, I'm not coming home tonight. I just got hit on by a handsome guy at the bar.

What, you also want to wear my skin and come over?

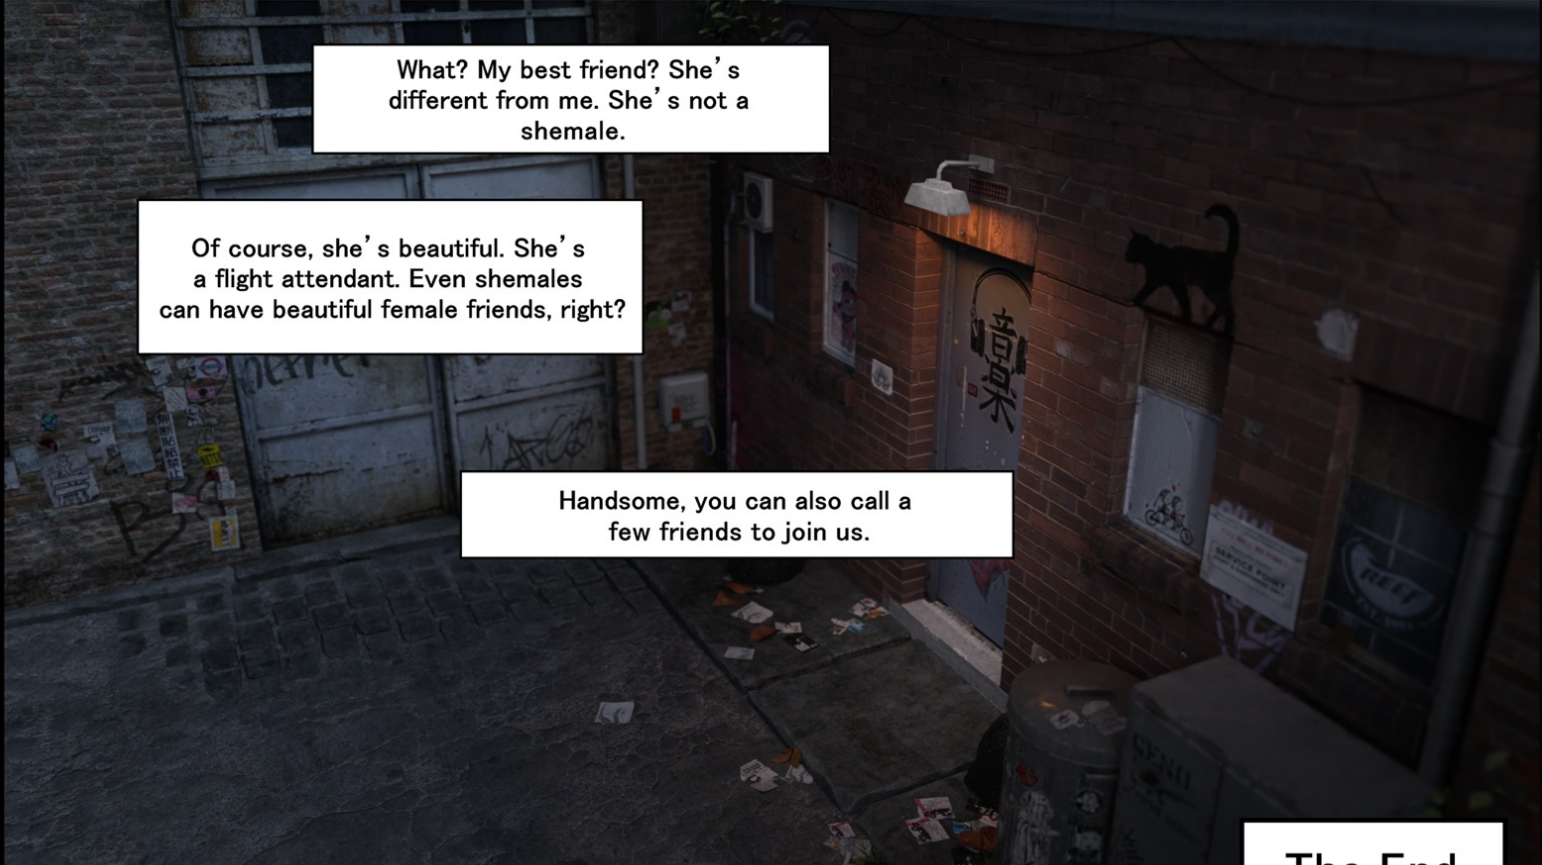

It's not impossible. You can come, and we can have a sex party.

A woman with long blonde hair, wearing a white, form-fitting, sleeveless dress and high heels, stands in the doorway of a brick building at night. She is looking back over her shoulder. The building has graffiti on the wall and a poster in the window. A light fixture is above the door. To the right, there are metal lockers and a large mural of a woman's face. The ground is littered with trash and leaves.

Handsome, can you book a bigger room at the hotel later?

My best friend wants to join us later.

What? My best friend? She's different from me. She's not a shemale.

Of course, she's beautiful. She's a flight attendant. Even shemales can have beautiful female friends, right?

Handsome, you can also call a few friends to join us.

.The End.
