today's diary entry.

It wasn't too bad.

Unfortunately, Kana-chan is right.

She completely lacked emotion.

Considering it's supposed to be a school play.

Come on, she did pretty well.

Besides, she stood in one place most of the time.

I was only supposed to sew a costume for Hina-chan.

Guys, can I go home now?

Why did you make me change too?

What?
You want to go
already?

What about
the rehearsal?
You promised
you'd sing
with us at one
concert.

I still have
other things I need
to take care of.

After what
I saw today, I have to come up
with some kind of exercise plans for
Hina-chan because it's a disaster.
Mutsumi-chan won't be saving
her ass forever.

I think I have
to take her case
seriously.

I remember.

Was it really
that bad?

concerned

But I did
everything the
same as then.

During
practice?

Kana-chan
sometimes exaggerates,
but she's right about this. You
did much better during
the competition.

Despite that,
your choreography
didn't improve, it
got worse.

Which is strange,
because I heard from Aunt Sora
that you practice a lot. What do
you do during practice?

Well...

Lots of different things. Hehe.

embarrassed

Determined

Hm?

I need to take being an Idol more seriously.

I didn't decide to do this surgery just to lose so easily now.

Um... could you?

She definitely has something of Ai in her.

Remember, she's your cousin.

On the way home...

That's why I need to start putting more effort into my exercises.

Well, since I've already had the surgery, I guess I should. After all, what would be the point of the surgery otherwise?

Aqua said so too. That's why I have to get my act together.

I can see that you really want to take this seriously.

Of course, especially since you were already doing well.

It's good that you noticed that yourself. If you want to achieve something, you have to really put your mind to it.

By the way, I have a little surprise for you.

It should help you achieve what you want.

You'll see when we get there.

No, you'll see when we get home.

curious

What is it?

Can't you give me a hint?

In Hina-chan's
room...

Shocked

This is your
new room.

I decided that you
couldn't live in the guest
room forever and that you
needed a room that suited
you better.

And since this
room was free, I decided
to make you a surprise.

Take a look around, I'll call you when dinner's ready.

By the way, Zero Two has a little surprise for you, but she didn't say what it was.

Sure.

Thanks for the gift. I really like it.

Oh, an old photo of me. That's the last thing I would have expected to find here.

There are many more photos of my family here.

I can't believe I really looked like that.

I have a different complexion, different hair color, and my figure is completely different.

Now I understand why the lie worked.

I don't even look like myself.

Saki looks more like Hiro-kun than I do.

In the evening...

Wow, that's so unlike her, she must have really taken a liking to you.

Maybe, but she must have really taken a liking to you.

Hehe. What's your room like?

And she said I couldn't stay in the guest room forever.

Maybe that's why I'm staying here a little longer.

I liked her too. Although she seemed a little scary at first.

Well...
it's a typical
guy's room.

The only unusual
thing I have in my
room is a poster
of Hina-chan.

Nothing
unusual.

Hiro, aside
from the fact that
she's your cousin.

She's out
of your league,
believe me.

She may be nice to you, but she's not someone you have a real chance with.

Hiro, I'm saying this for your own good, don't even try. Just like you don't try to hit on her friends, because you'll only cause her problems.

Just try not to be pushy and don't impose yourself on others.

But we talk quite often.

Shocked

Am I out of my league?

I'll try.

The next day
at school...

Look at it from another
perspective. Graduating
from this school is almost a
guarantee of success.

Ah, if they asked
for less, everyone
would come here.

The tuition
fees at this school
are killing me.

I understand,
but they're
definitely asking
for too much.

Maybe you're right
, but on the other hand,
the schedule isn't much
lighter either.

Hey, girls,
isn't that
Hina-chan?

It's
not funny
at all.

She's an
actor and
an idol,
maybe she
makes good
money.

And what
are you going
to do to her?

Mad

What is she
doing here?

I don't
agree with her
going to the
same school
as me.

The same
thing I did to her
cousin.

In Sora's office...

And what's worse, it's been going on since the beginning of the school year.

But we already know who it was, we caught her red-handed.

So you're saying that someone is planting hidden cameras in various private places, such as the locker room and the restroom.

That's terrible.

Really, it's strange that no one has reported it yet.

I'll call her here immediately to explain everything.

But first, what's her name?

Hina Suzuki.

I have witnesses who saw her planting cameras in the women's restroom and even in the locker room.

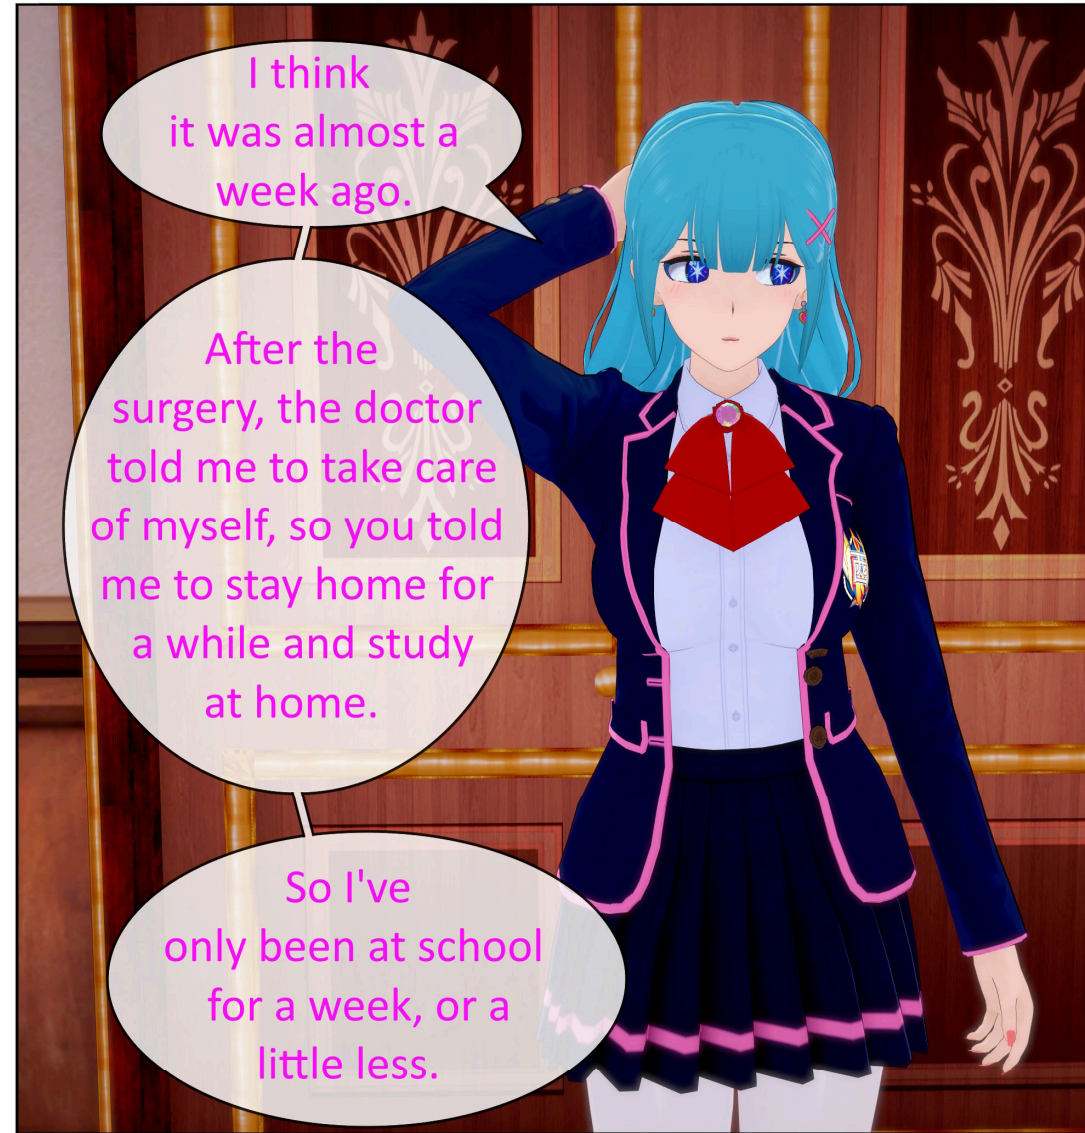

Hina, you're going to be expelled from this school just like your cousin was.

Let this be your punishment for what that little pervert and you did.

We tried to warn her, but it obviously didn't work because we kept finding cameras.

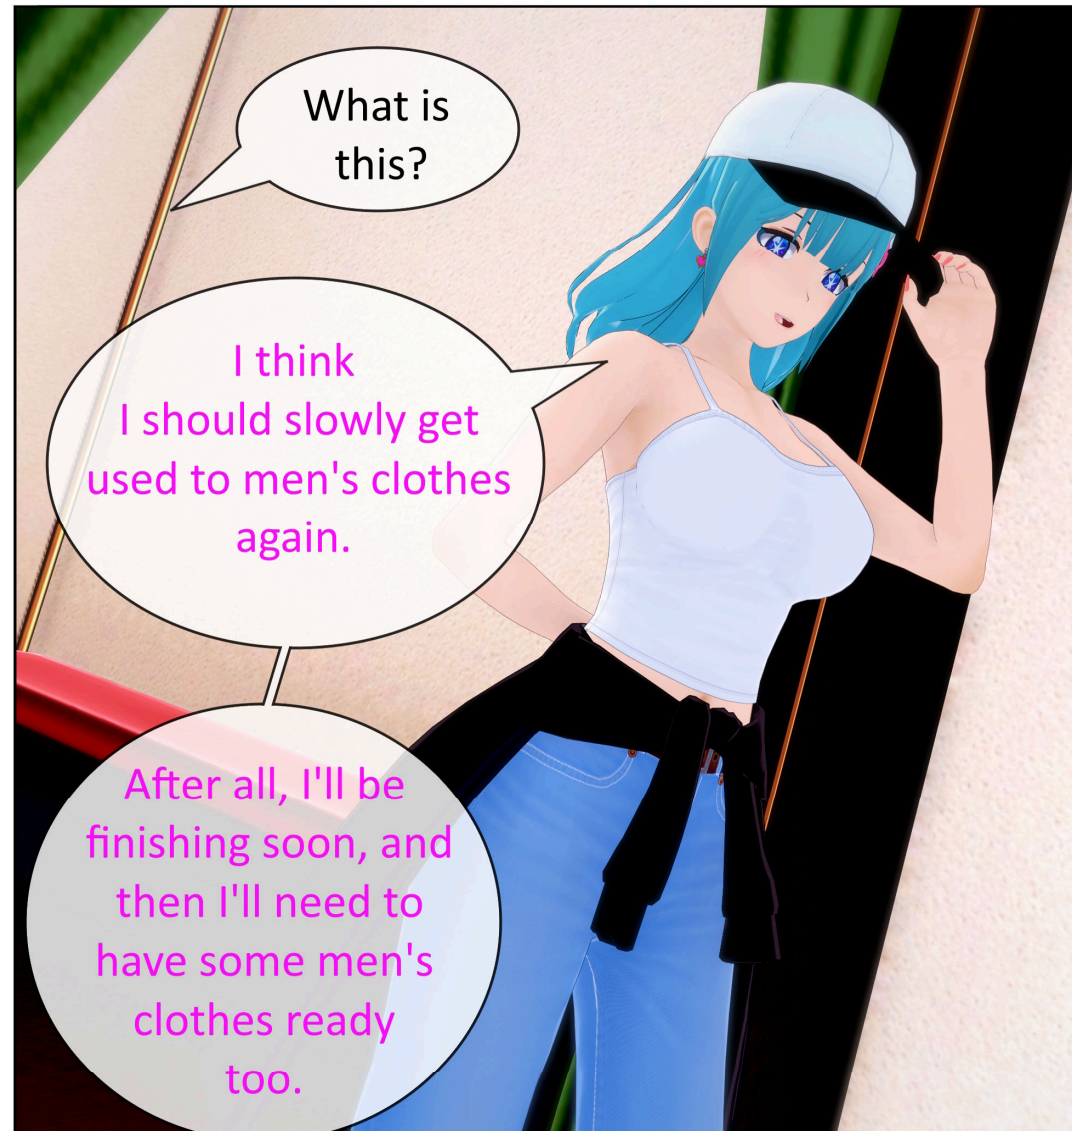

I won't let anyone humiliate me so brazenly.

In that case,
what is it? Guys don't
seem to have it.

Gosh, your breasts
are already bigger
than mine.

Wait, aren't
you wearing
a bra?

Wow,
I see someone's
gotten interested in
fashion. Hehe.

Hngh!

Zero Two,
what are you
doing?

Nh!

Stop it,
someone might
see us.

You don't
wear a bra with
these shirts.

Uwah...

Tell me, do you still want to be a guy again?

And you really believe her?

Of course. Come on, let's go find you some more clothes.

But in my opinion, you're better off as a girl than as a boy.

Of course I do, I'm a guy after all. Mom keeps saying it's only temporary and everything can be easily reversed.

Yes, Mom wouldn't lie to me, would she?

I wonder when I'll be a boy again.

In the bus...

Unbelievable, even when I'm wearing men's clothes, everyone still thinks I'm a girl.

Angry

Is it because I have long hair?

Or maybe it's because of my makeup?

I think it's time for the next stage of my plan.

The real culprit

I hope you know what you're doing.

I feel both fear and excitement.

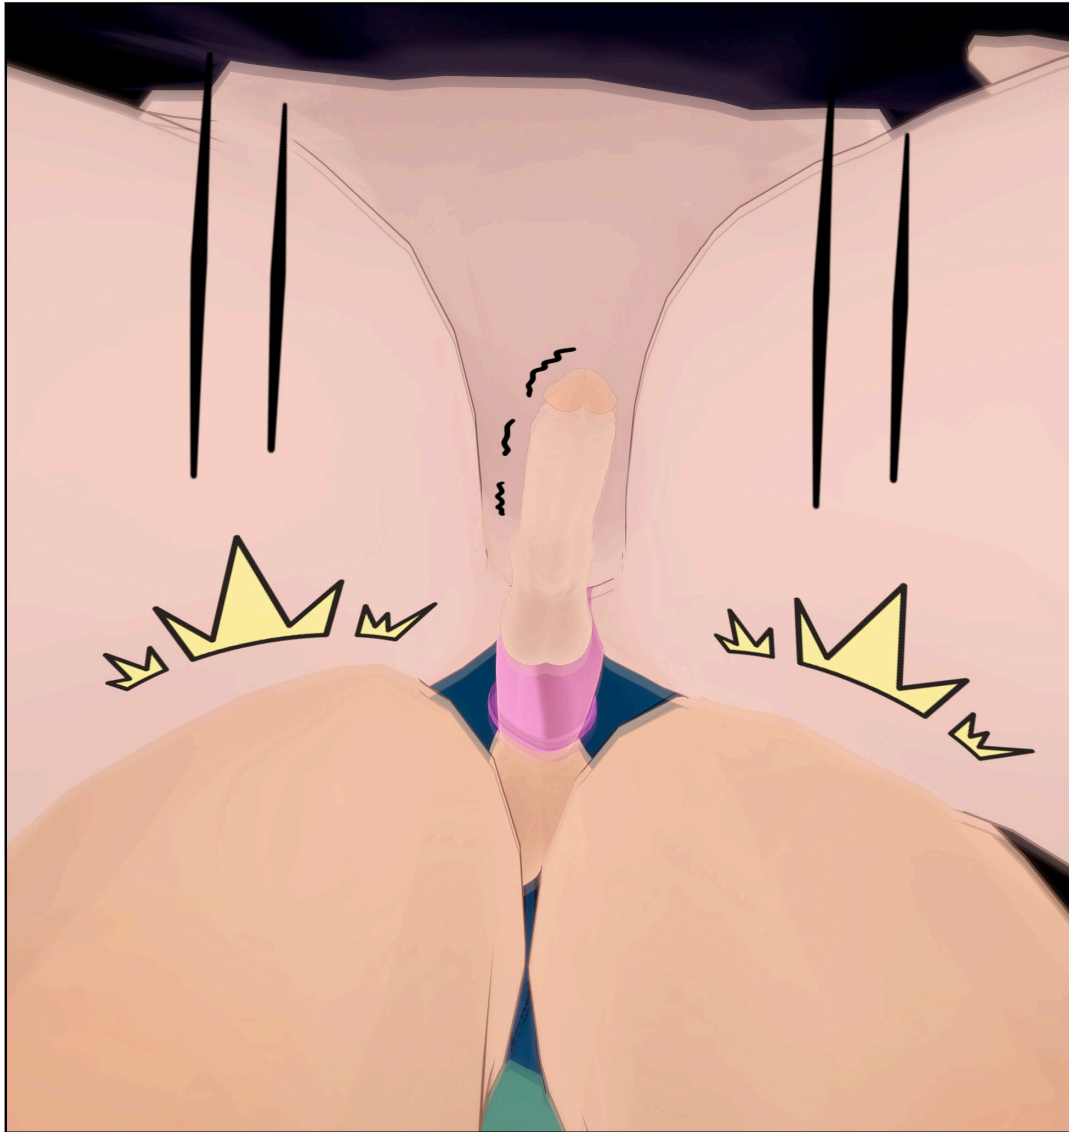

If someone catches us, I'll definitely get punished again.

Hngh!

Don't worry.

Another place checked off the list.

How about doing it in Sora's office? That would be something.

Wait, not so fast.

It's a completely different feeling than with the butt plug.

When you feel it going in and out.

In Rubi's room...

Rubi, have you seen my wallet?

Sorry to bother you.

embarrassed

I think I saw
it in the kitchen next
to the keys.

We're
going to
exercise. If
you want, you
can stay and
watch.

Tell me
how it went.

Why are you
all naked?

Please, no.

embarrassed

No,
thanks.

A moment earlier...

scared

But all of us? You mean all together?

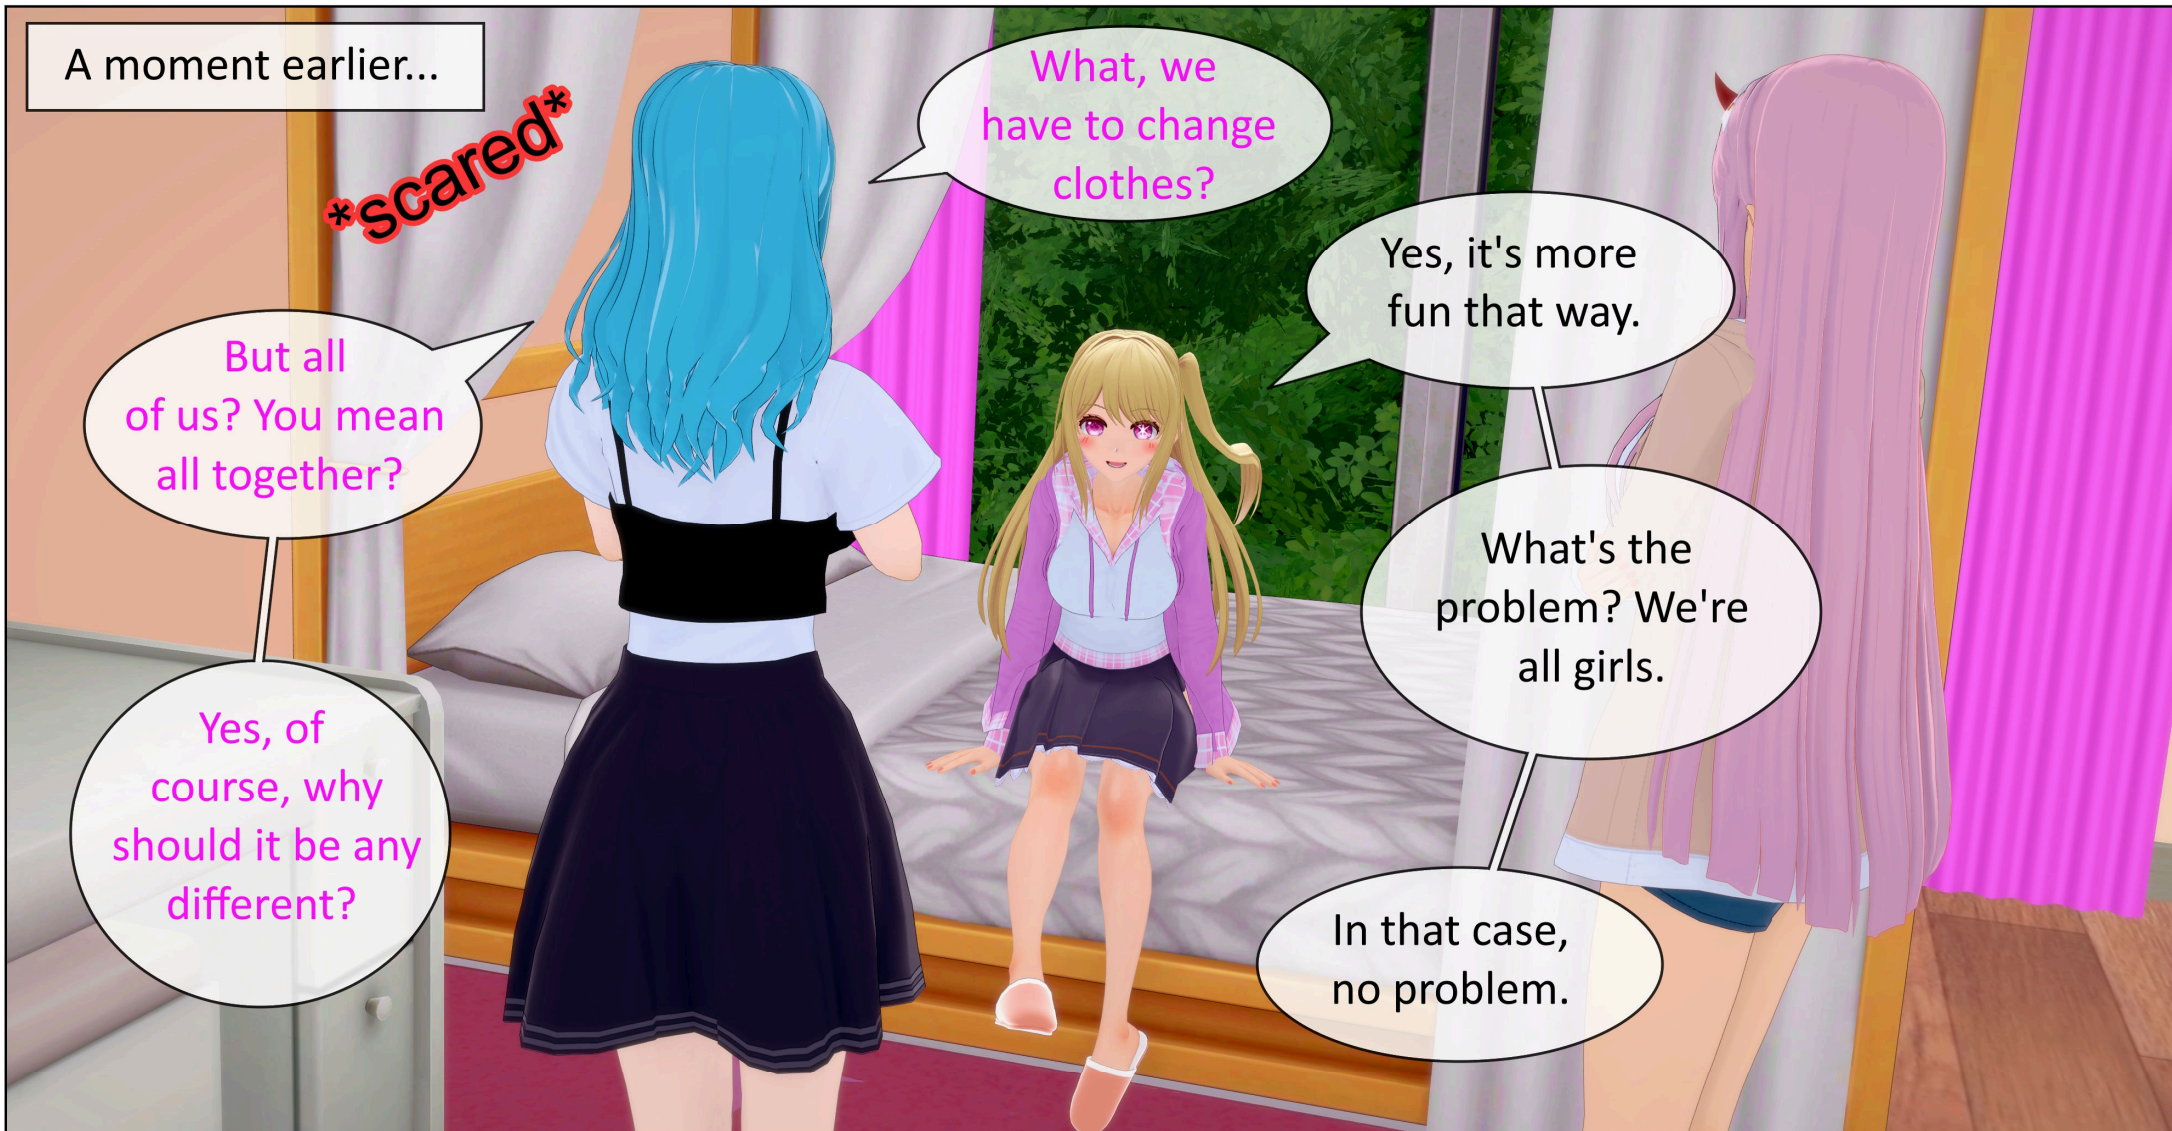

Yes, of course, why should it be any different?

What, we have to change clothes?

Yes, it's more fun that way.

What's the problem? We're all girls.

In that case, no problem.

Back to the present...

Lately, you don't want to watch my performances at all.

Angry

In that case, stay for our practice.

We're siblings, so it's not a problem.

confused

It's not that I don't want to, it's just that you have quite a few of them. Besides, I watch the replays.

Well, but you're completely naked now.

It's still a big problem, maybe even bigger.

What about the girls?

Mad

Hey!

Do I look like a guy to you?

Your cousin is slowly starting to annoy me.

Don't worry about them. Hina-chan is our cousin, after all.

And Zero Two, just treat her like a guy.

Actually, in our relationship, you always play the role of the guy. And the role of the girl always falls to me.

If it helps, you can consider me a boy too.

It's no problem for me.

That way, I'll slowly start to become a guy again.

Hehe, thanks. But you're too cute to be a guy.

Call me when you're ready.

amused
I'll just wait in the kitchen until you get changed.

Disappointed

Sure.

Thanks.

Another guy said I'm cute.

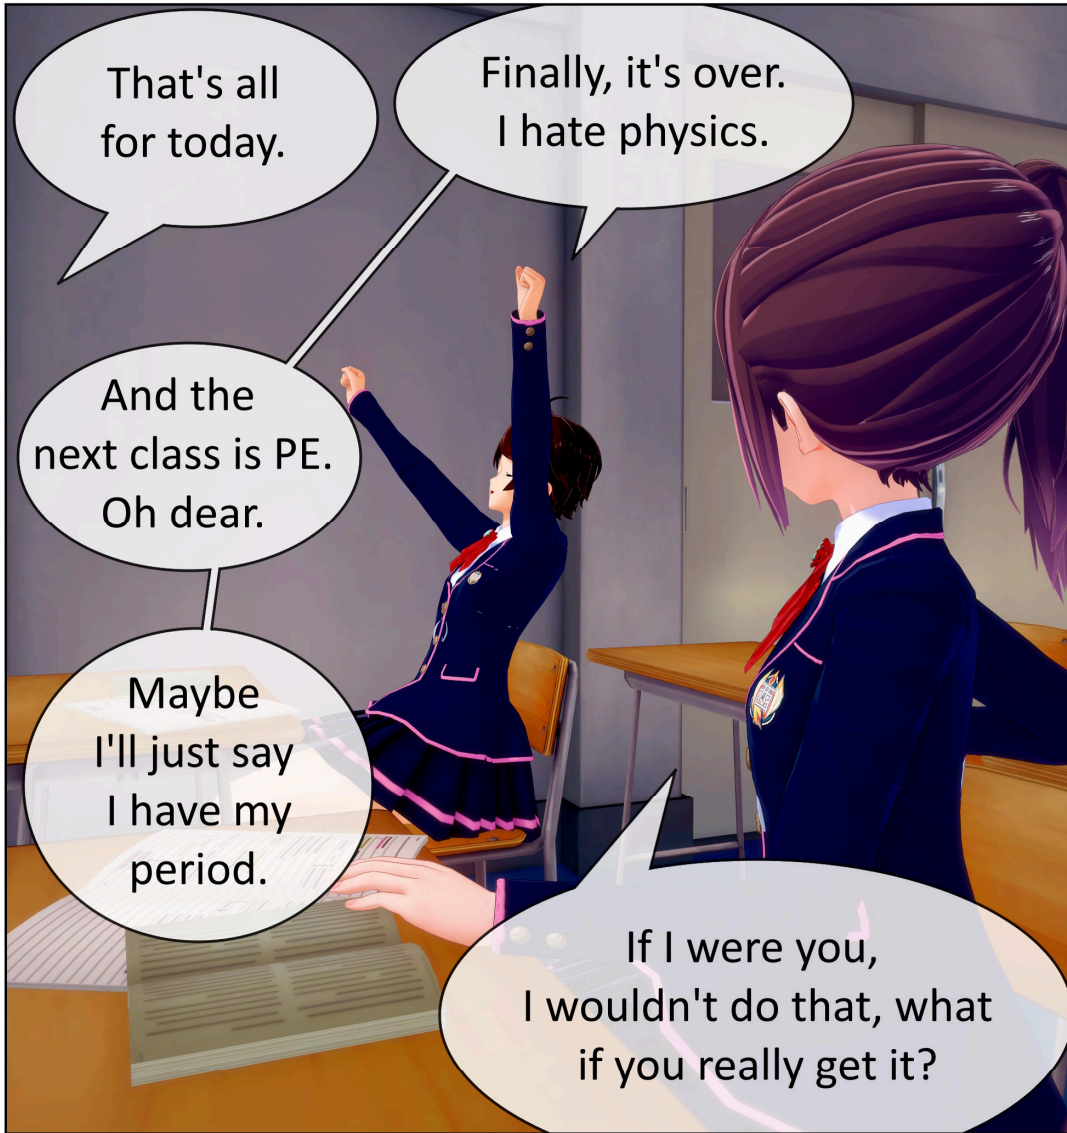

The next day
at school...

Unbelievable,
first the lady in the store,
then Aqua.

Absolutely no
one can tell that I'm a guy.
Even when I'm wearing men's
clothes or naked.

Actually, that's why
I wear this piece of plastic
that flattens my crotch,
so I should be happy.

After all, the
disguise works.

In Sora's office...

What, you want me to exercise in PE with the girls?

Yes, but Zero Two knows the truth, and Ruby is my cousin.

Shocked

But Mom.

I've noticed that you no longer have a problem changing in front of girls. Even yesterday, you had no problem doing it in front of Ruby and Zero Two.

That doesn't change anything.

I don't think there's any point in you continuing to skip PE.

No, Mom.
Grab your bag and
go to class.

Make sure
no one notices
anything.

Of course, I've
heard that things have been
getting worse rather than
better lately.

No, that would raise
too many suspicions.

What if
someone notices
something?

Do I really need
this? I already practice
with Zero Two, and now
with Rubi too?

Can't I
just practice with
them and change
separately?

But don't worry
, I've thought of a
backup plan.

Yes, there's a
little gift in your bag
that will help you
become a real girl
for a while.

There are
also instructions
on how to put it on
properly.

A backup
plan?

So before class,
go to the bathroom first.
But don't try to change
there right away.

A moment later...

Unbelievable.

Shocked

It looks almost like a normal girl's. After applying makeup and letting the glue dry, you can't even see the line.

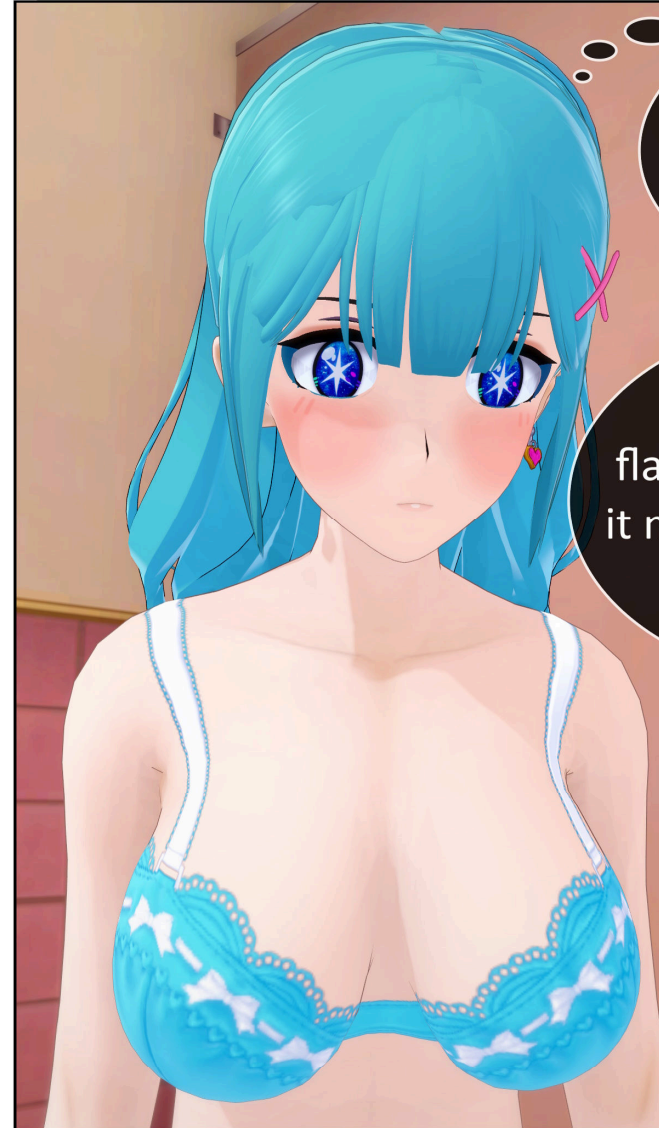

There's just a slight bulge that's almost invisible.

Not only does it flatten my crotch, but it makes me look like a girl down there.

embarrassed

How does Mom know about these things?

In the girls' locker room...

Oh no, I've gained weight again.

scared

Great, but he's very slow to understand what I mean. Are all boys like that?

I told you not to take that extra cupcake.

So how did your date with your boyfriend go?

Unfortunately

During PE...

Somehow, I managed to survive in the changing room.

Now I just have to stay in the back and try not to draw too much attention to myself.

That's not really a big problem.

I'm not special. The other girls probably won't even notice me.

Now, as high as you can.

I don't think the glue will hold that much, I think that's enough.

How does she do it?

It looks like it's not tiring her at all.

I thought the exercises would be much harder.

But so far, it's probably the easiest thing I've encountered at this school.

I haven't even broken a sweat yet.

Compared to the exercises with Zero Two, it's almost like a vacation.

But this is just a warm-up, I'm sure the real training will start after this.

Unbelievable, half the lesson is over and she hasn't even broken a sweat.

No way, I've been watching her for half the lesson.

That explains a lot.

For her, our gymnastics today is probably just a warm-up.

Maybe she's cheating.

I heard she used to train with Zero Two.

Although she has a great figure.

Eee...

Shocked

I think I'm doing something wrong.

But during practice, I often did this move with Zero Two.

Some of the girls' exercises really aren't easy.

A little later...

Thanks,
but when are
we going to
start the actual
exercises?
This warm-up
seems to be
taking
forever.

Surprised

Maybe we
should ask the teacher
for some more difficult
exercises.

Really?

You're doing
pretty well.

We've been
exercising for about
half an hour now.

Yeah, I'm
starting to get
bored too.

Do you think everyone is as superhuman as you are?

Relax, it was just a joke.

What? But I'm not in very good shape.

The exercises are already hard enough.

Mad

That joke is in poor shape.

At home in the evening...

So you're saying nobody noticed anything.

How do you like my little gift?

I think so. The girls were mad at me for some reason, but I don't know why.

I was a little surprised when I saw it, but overall it's amazing. You could really mistake me for a real girl.

I'm just worried that the glue will come off at the wrong moment.

By the way, what are your plans for later?

I bet you think about it every day.

Hmm~ Today I have to go to a restaurant with Zero Two.

On Saturday, I have a recording session, and on Monday after school, there are more shots for the series.

On Sunday, I'll be practicing with Rubi again. I think I know what I was doing wrong.

Honey, I meant what you're going to do when you're a boy again.

Well... Um...
I haven't thought
about it yet.

I was thinking
of continuing
acting.

So you're not really
planning any big changes.
All right, let's put this topic
aside for another time.

Not your plans
for this week.

Do
you at least have plans
for what school you're
going to attend?

It seems that Hina-chan
has absolutely no plans to be a
boy again. This is probably because of
how deeply she got involved in
all of this.

Saturday...

It was great.

I don't know how much longer I'll be pretending to be a girl.

But I think that as long as I am one, I should focus on that completely and not worry about what will happen later.

After all, right now I am Hina Suzuki, and that's what I should focus on.

I'll worry about being Hiro-kun when I'm him again.

It probably won't be long before I'm him again anyway.

Oh, Mutsumi-chan,
you're finally here.
Hina-chan already started
without you.

That's okay. How
are they doing?

Missed
during the summer
break? Summer break
is for relaxing.

Sorry,
but I had to help the
girls with their
studies.

We're still
catching up on what we
missed during the
summer break.

Yes, but you can't slack off too much, otherwise it's hard to get good results.

Just a little in my stomach, but it's better to have that than the other thing.

Yes, don't worry, can we start now?

Tell me, are you in any pain?

Can you do it?

Sure.

To be continued...
