# Eternal dream Chapter 10

By Ron512 and Kami1

Moments later...

So I understand correctly your childhood friend is going to visit you?

I knew there would be problems with this girl.

But I'm not going to give up my plans because of something like that.

Yes, and this Sunday.

What are we going to do now after all she can't see me like this?

Nothing will be done, if she wants, let her come just ask what time she will arrive so that I know whether to make more dinner.

What are we supposed to do nothing?

I thought you didn't want anyone to find out that I was pretending to be a girl.

Because I don't want anyone to find out about it.

Then you better not tell her about it.

Say do you like stewed peppers, because I found a great recipe?

I don't know  
I haven't eaten it  
before.

When your friend  
arrives wear men's  
clothes and she won't  
notice anything.

No way, you  
would then ruin  
your disguise.

But back to  
the problem, how will  
doing nothing help me  
hide my secret.

What about my  
hair, maybe I should  
go to the barber  
before that?

Then what  
should I do with  
my hair?

Just pretend everything is fine and I'm sure she won't notice anything.

Hm... Sounds interesting.

Maybe contrary to what I thought this girl will help me in my plans.

I'll give it a try altogether and I have no other choice anyway I don't want anyone to find out what I'm doing.

The next day  
at school...

I already  
said Ichigo is not my  
girlfriend, we are just  
good friends.

I'm happy, but  
I'm afraid that if she  
sees me now, she'll  
discover my secret.

So you say that  
this Sunday your girlfriend  
is coming.

Whatever. Anyway,  
I still don't know what your  
problem is.

Aren't you  
happy that she will  
I visit you?

No worries these  
days, every second boy  
dyes his hair.

I think you're right, I worry too much about everything.

Let's hope so.

Er... what do you eat, actually?

No thanks.

You just tell her that you have changed your style if she really likes you then she will believe you.

Steak with honey, do you want to try it?

Actually , I didn't even notice.

All right, you've won.

Hurry up, because honey is about to drip on your uniform.

I can't believe I'm doing this.

*\*embarrassed\**

Although, on the other hand, it's every guy's dream to have a pretty girl feed him this way.

Still, it's a bit embarrassing.

You see, it was not so difficult at all.

By the way, what you have for breakfast is fish.

Hey,  
what are you  
guys doing!

Saki-chan,  
it's not what you  
think.

Me and Zero  
Two we just...?

Zero  
Two wanted  
me to try.

That's not fair.

**\*Angry\***

I was the one who wanted to feed you with my breakfast.

I even specially prepared something vegetarian because I know you like it.

Sorry, but I'm already full.

**\*confused\***

Victory.

**\*happy\***

Don't joke, just look  
how tasty it looks.

At least  
try it.

Hina-chan,  
no sudden  
movements.

I think  
this thing is  
looking at us.

What is it  
anyway?

Meanwhile, at  
Sora's office....

Hina-chan's  
friend is coming  
this Sunday.

I'm not happy  
about it, but if  
everything goes well, it  
will help my plans.

Unfortunately, it  
may also hurt them  
but I have no choice.

\*ring\*

\*ring\*

\*ring\*

I'm sorry I'm only just calling, but my wife and I really have a lot of work to do.

Yes, especially since they have changed their minds and want to build two instead of one.

But let's put that aside.

Hi Daichi, you finally decided to call your sister.

I see, after all, working on reactors is probably nothing simple.

Sure.

A woman with brown hair and glasses, wearing a black suit over a white shirt, is sitting and talking on a blue smartphone. She is in a room with wood-paneled walls and light-colored curtains.

Thanks again for agreeing to take care of Hiro-kun during our trip to Europe.

I had no choice, from what you said it was clear that I was to take care of your pet.

Sorry but I had no other choice.

Only when it was too late you told me it was about your son.

We couldn't take him with us and he couldn't stay by himself either.

That's why you decided to force me to take care of him.

Because you are my sister. Hehe

Er... I'll try to make it up to you somehow later, I promise.

By the way, I'm calling to ask how Hiro-kun is doing, can he come to the phone?

\*Sigh\* Why am I always the one who has to solve your problems?

Sometimes I feel like kicking your ass.

You may have forgotten but I'm the principal at the girls' school.

Right, I completely forgot about that. Too bad Hiro-kun is not a girl, he could go to your school. hehe

I'm sure then it would be much easier for you to have him under control.

So what about him? Doesn't he create too many problems?

Yes, it's really a pity that Hiro-kun isn't a girl.

Probably yes.

Not as much as you have always created for me.

A woman with long brown hair, wearing glasses and a black suit over a white shirt, is sitting in a black office chair and talking on a blue smartphone. The background shows a room with light-colored curtains and a wooden wall.

What happened?

Eee... But it will pass, right?

Well, I had to go to the doctor with him.

Nothing serious, just a minor inflammation of the throat.

Although Hiro-kun sounds like a girl now.

Probably yes, in any case, don't be surprised if you hear a girl instead of your son.

Okay, I'll give it a try.

I'm not surprised at all.

Unfortunately I have to go now, let Hiro-kun call later, I want to talk to him.

Thanks.

*\*disconnected\**

You know it's quite a touchy subject for him.

Sure, I'll tell him.

If only you  
knew what the  
truth is. hehe

But that won't  
be a problem.

But I already  
have a solution  
for that too.

Now I just  
have to make sure that  
Hina-chan says exactly  
what I want her to say.

My main concern  
now is the visit of  
Hina-chan's friend.

A few hours later...

What?  
Dad called?

**\*Shocked\***

And what did you tell him?

Yes, he asked how you were doing.

I said you were fine.

But you didn't tell him what I was doing, did you?

Of course not.

That's good, I would have died of shame if Dad had found out what I was doing.

He just said he would call later.

What!?

If Dad hears me now it will be a disaster.

What did you tell him?

Calm down, I already took care of it.

I explained to him that you've been sick with a throat lately and you sound a little strange.

\*Sigh\* Thank goodness.

I would die of shame if dad found out what I was doing and why really my voice sounds so strange.

Sure.

That's what I thought, so if you want to avoid that then stick to what I told you.

Good girl.  
hehe

Why does  
auntie keep calling  
me a good girl?

All according  
to plan.

After all, we  
are alone now.

Although,  
all in all, I even got  
used to her calling  
me that.

Later before work...

But well, I expected Dad to call soon.

It was also a good thing that she told him that it is because of the throat disease that my voice sounds so strange.

Unbelievable, first Ichigo and now Dad.

Fortunately, Aunt Sora didn't tell him anything about what I was doing or that I was getting hormone injections.

When Ichigo arrives I'll tell her that too.

A character with short dark hair, wearing a white long-sleeved shirt with a blue sash and a blue pleated skirt, stands in a locker room. She is wearing a silver mask with a red 'X' on her forehead and is holding a white mask behind her head. The background consists of red lockers and a checkered floor. There are five speech bubbles around her, each containing text.

Although I don't know why I've been having trouble returning to my natural voice lately.

Let's just hope she's right, I don't want to sound like a girl forever.

Besides, why would she lie to me.

I've already talked to my Aunt Sona about it but she tells me not to worry and that if I stop using the female voice everything will return to normal.

But I think I can trust her, after all she helps me a lot.

I also keep thinking about what she advised me.

Which is not such a bad idea at all.

Mainly to pay for the damage what I did in the first few days.

That I should start flirting with clients so I would make more money.

Especially since I'm going to need really a lot of money now.

But also for those hormone injections and from what I've seen they are not cheap.

A character with short dark hair and a silver mask stands in a bakery. She is wearing a white long-sleeved top with blue accents and a blue pleated skirt. She is surrounded by thought bubbles containing text.

Besides, I also need money to buy some men's clothes.

I also need to replace the case on my phone.

Unfortunately, I have no choice. Although, there's nothing wrong with it in the end I'm only doing it to earn more.

True, Aunt Sora bought me some clothes, but they are not very masculine.

But do I really want to go so far as to flirt with guys, after all, it's gay.

*\*embarrassed\**

But how does flirt with guys?

Here you go, two rice omelets as ordered. nyan

Would you like anything else?

We have very good ice cream for dessert today. nyan

No thank you, that's all

Ymm... If I'm not mistaken it's banana ones.  
nyan

You just have to be careful because they are easy to get dirty.

And this white cream is really hard to wash off clothes.

Maybe in that case I shouldn't recommend them after all. nyan

Why not?  
I also want the ice cream.

Great, I'll bring it right away. nyan.

For me, too, please.

That is, two more cups of banana ice cream. nyan

Moments later...

Hehe.  
Do I understand  
correctly?

Do you  
want me to teach  
you how to flirt  
with guys?

I'd love  
to, just...

Yes, please  
teach me how you  
do it.

Just what?

I thought you preferred girls.

Hehe. Then I'll help you but there are two conditions.

The first is you will have to do things you are most ashamed of.

I... Just want to start getting more tips is all.

*\*embarrassed\**

What are those conditions.

I know that's why I don't like the idea. And the second condition.

We get paid next week, right?

I want you to go shopping with me next week.

Exactly.

Yes, and what does that have to do with anything?

You mean the kind that girls usually go on.

Ymm... I guess I have no choice, okay.

What?

I guess I should have asked Miu-chan for help.

Great, in that case let's go.

I'll make that all guys will be crazy about you.

Some time later...

Lesson one, a good first impression.

Remember to start the conversation with the customer as if you were talking to your best friend.

But most importantly, remember to keep smiling.

Welcome, what can I serve for you today. Nyan

I heard that you have a very good apple cake.

Hehe, that's what we came here for.

Hehe, that's what everyone tells us. nyan

So how, would you like to try it. nyan?

It's also important to respond appropriately to the customer's behavior.

If the customer is trying to be funny pretend that you like it.

Ymm...  
Actually,  
why not.

I'll take  
a cola.

Great,  
would you like a  
drink to this as  
well. nyan

Then I can  
recommend cola or  
green tea unless you prefer  
another beverage.  
nyan

When a customer  
orders something  
always try to persuade  
him to buy more.

Yes, that's all.

The more the customer spends, the easier it will be for him to tip you.

But under no circumstances do not be pushy.

If that's all I'll go. nyan

Later after work...

*\*embarrassed\**

Can you stop now?

That's embarrassing.

I never thought you could wiggle your butt like that.

I have to admit I'm impressed. hehe

But admit it, you did manage to get a few tips, didn't you?

Yes,  
I have received a  
few tips

But there is no  
less humiliating way  
to get them than to  
wiggle your ass.

I'm serious, there  
must be something  
else I can do to get  
more tips.

Well, you have  
the prettiest butt of  
all the girls.

You can always  
expose your breasts a bit,  
this is also what a lot of  
guys really like.

What,  
you must be joking  
, never in your  
life.

No!

Besides,  
it's just ...  
er ... fat.

Uuu, why  
not? I'm sure,  
you would look  
cute then?

Okay, I was just  
joking. hehe

Sure.

Some time later...

Yes, but  
Yuri-chan warned that  
today we have to stay  
longer.

And we're  
there.

Gee, how  
late it is, today really  
went much longer  
than usual.

But we'll get  
bonuses for it which  
isn't bad.

Me too, but we won't be buying any underwear right?

So until tomorrow, Darling.

I'm already looking forward to our date, I mean shopping together.

Maybe, unfortunately it's time for me. I really had a great time today. hehe

In the apartment...

I'm back.

Yuri-chan asked us  
to stay a while longer.

Yes, but  
I couldn't refuse  
her.

If you were  
looking for me  
I'm going to go  
wash up.

What's so  
late today?

But you know  
you have school  
tomorrow?

I see.

After you bathe,  
call your father.

He wanted  
to talk to you  
about something  
important.

Just remember under  
no circumstances to tell him  
anything about the fact that  
you go to my school.

And if he asks what's  
wrong with your voice, I told  
him that you have a throat  
disease, understood?

Yes.

Besides,  
I wouldn't want dad to  
know anything about  
it either.

In that  
case, I'll wash up  
quickly and call  
him right away.

Dad is probably  
the last person that should  
find out about me dressing  
up as a girl .

I would die of  
shame if he found  
out about it.

Even without  
that he always tells me  
that I look more like a  
girl than a boy.

Moments later in the bathroom....

Ah, there is nothing better than a warm bath after a long day.

I'm still puzzled about what Dad wants to talk to me about.

He's probably mad at me for not calling, but there was so much going on that I completely forgot about it.

But even if I had remembered, I had no way to call him.

In the end,  
Aunt Sora took away my  
phone as punishment  
for what I did.

I will say that  
my phone broke.

But after all, the  
doctor said it should  
be better after  
these injections.

But I can't tell  
my dad about it.

By the way,  
either it's my imagination  
or my chest has swollen  
even more?

It's probably just my imagination.

After all, it's impossible for my breasts to grow.

It's definitely the swelling, a few more injections and it will probably pass.

And until then I shouldn't panic.

Although this feeling is really strange.

Although now that I think about it, Zero Two and Saki-chan have discovered that I'm a guy, after all.

Ah, I hate that I have to apply this stupid body cream.

I wonder if she would notice if I didn't use it?

Then I shouldn't be too confident.

But Aunt Sora made me do it.

Probably yes, which means I have no choice.

And I don't want to upset her.

Ah, Ichigo, why do you want to come just now?

I'll have to be careful that she doesn't notice anything.

I don't need any additional punishment and so I have enough problems.

Can't you wait another two months when it's all over?

*\*embarrassed\**

What was that?

I just hope Aunt Sora didn't hear it.

Oh no.

Hina-chan, is something wrong?

A few days later...

Today the day has come, today Ichigo arrives.

I chose the most masculine outfit I have and even managed to convince Yuri-chan to give me today off.

I even managed to persuade Aunt Sora to let me leave the house without makeup.

Fortunately, I had already managed to prepare everything so that she wouldn't discover my secret.

I didn't forget anything.

I almost forgot  
about it.

After all, I can't  
show up Ichigo  
combed like this.

Done.

Now Ichigo  
will certainly not  
notice that something  
is wrong.

I think I really  
need to go to the  
hairdresser now.

After all, she  
even told me that.

When did my  
hair grow so much?

*\*shocked\**

But as long as I have to  
pretend I'm a girl Auntie  
certainly won't let me.

Moments later...

It's not so bad at all, I just have a little longer hair.

I find it hard to believe that you looked like this when you came to me.

You look like some homeless bum.

Once your friend goes you will come with me to a certain place.

Sure, and where will we go?

I have a very bad feeling about this.

I know.

That's a surprise. hehe

Anyway, be careful that no one discovers that Hina-chan is really you

By the way, what's your girlfriend like?

I already said,  
Ichigo is not my  
girlfriend.

We are  
just friends.

And she travels  
such a long way to visit  
just a friend?

Well... Ichigo  
has always been  
like a younger  
sister to me.

Whenever  
I had any problems she  
was the first to try  
to help me.

She probably  
continues to worry  
about me.

And why do you  
think that is?

I don't know,  
maybe she always  
wanted a brother?

Unbelievable  
he really didn't figure  
anything out.

I guess I  
still have a lot  
to teach him.

Anyway, we'll  
meet at 6pm at  
the mall.

Moments later  
at the mall....

\*sniffing\*.

Soba ni  
kite kuzureyuku yokusei  
Boku wo kowagaranaide

Tobenai

Majiwatteku iro sore wa

Hi Ichigo, sorry  
for the delay.

I hope you're  
not waiting too  
long.

Wait, have you lost weight?

What: But you love meat.

You mean my hair?

Well... It's a long story.

Maybe a little, lately I've been trying not to eat meat?

Eee.. But...

hehe

But unfortunately if she discovers what the truth is it will cause a ton of problems for everyone.

Not now, when I have what I wanted.

I could look at it all day.

Which could separate me from Darling again and I can't let that happen.

Hiro tell me,  
what are you hiding  
from me?

First you sound  
like a girl.

*\*Angry\**

And now suddenly  
you have blue hair. And  
on top of that some kind  
of diet?

What's going  
on with you?

I said it is because  
of a throat disease.

I'm sorry but I  
really can't tell you.

What?

We never had any secrets from each other, after all, we always told each other everything.

But why?

Ymmm.... It's not that I don't want to tell you, I....

I just can't.

Because... I...

Hi Darling.

And how are you, ready for our date?

Yes, don't say you already forgot what you promised me.

Great.

Zero Two?

*\*shocked\**

Date?

No, just...

Hiro.

Who is this girl?

**\*Shocked\***

Me, I'm his girlfriend I guess you can see?

And you are who and what do you want from my Darling?

A girlfriend? Darling? Hiro, what does that mean?

To be continued...
