

# Eternal dream

## Chapter 12

By Ron512 and Kamil

Saki-chan,  
I finally found  
you.

Please  
not now.

Those new  
outfits for the swim team  
have already arrived.

Great.

You have  
to come and sign  
the receipt.

Can't it wait a  
while? I'm busy right  
now.

Unfortunately,  
no.

They're about to  
have practice so they'd  
better have those new  
outfits already.

Besides,  
there are some  
other things that can't  
wait.

Alright,  
I'm on  
the way.

Sorry Hina-chan,  
another time.

I know, why  
don't we meet later  
at your place?

Yes, that's a  
great idea, after school  
I have a lot of free time so  
I'll come to you.

No problem,  
I understand that you have a  
lot of responsibilities.

At my place?

**\*shocked\***

But after school  
I work at home I will not  
be home until 7pm.

In that case,  
I will be at 7:30 pm

So we have an  
appointment.

Great, I'm  
already looking  
forward to it.

*\*happy\**

Now if you'll  
excuse me I have to run  
a few more errands.

What?

Er... Yes.

*\*confused\**

Later in the student council room....

So, what is this important thing you wanted to talk to me about?

No thanks, I have no intention of changing my behavior.

I have a proposition for you.

That's is not it, I want to talk to you about Hina-chan

Or should I say Hiro-kun?

Don't pretend to be surprised, I know you know that Hina-chan is actually a guy.

I want you to help me make Hina-chan a real girl.

Because you want it as much as I do, too.

What? What are you talking about?

Okay, I know and what?

And why should I help you do that?

You want Hina-chan to continue to be able to go to this school.

That's why you help her from the very beginning.

At the same time you are around all the time as if something were to happen.

But you know that in order for her to go to school here she has to be a girl.

You teach her how to behave so that no one notices anything.

That's why you started going back to school.

Wow. I used  
to just suspect it  
but now I'm sure.

And on  
top of that you are  
spying on me.

You are  
abnormal.

HEHE

What!

I'm not the one who added pink hair dye to all the shampoos.

Do you know how hard it is to dye your hair at school?

And I'm not spying on you at all!

Because we go to the same class.

No!

Then how do you know all this then?

So you are spying on me after all. hehe

\*Mad\*

Whatever.  
Anyway, I wanted to  
offer you a deal.

As I said, we both  
want Hina-chan to be a  
girl, right?

Why don't we join  
forces then? You would take  
care of his body and I would  
take care of his mind.

It sounds  
interesting.

Yes.

Sounds interesting,  
I'm listening further.

I would teach him everything a real girl should know.

On the other hand, you would take care of his appearance.

Of course, we would also stay out of each other's way, i.e. if I have a date with him, you're out and vice versa.

Sounds reasonably fair. okay I'm in.

But what happens when we're done?

Which one of us will get him?

Me, of course.

We'll worry about that later.

First we have to make him a real girl.

A few hours later...

How long  
are you going to  
sit there?

Hina-chan for  
a long time?

Get dressed  
finally and get out of  
there we don't have  
all day.

\*embarrassed\*

Yes, only...  
I think you forgot  
something.

Shouldn't it  
come with a shirt or  
something to cover  
the top?

And how, do  
you like the gift  
from me?

What?

Ymm... No. If  
there was something  
like that I would give  
it to you.

What, but if someone sees me now they will think....

Really?

That you are a cute girl in a sports bra

Don't worry, you really look great in this outfit.

Yes.

Especially your butt.

Yes, the leggings really suit you.

Although they could be a little firmer. hehe

What, my butt?

But it's not so bad.

I...  
Completely nothing.

I see you've lost some weight that's okay, you're slowly starting to have a feminine figure that way.

Yes, in the end we want you to look like a girl for the time being so that no one will notice anything.

Ey, what are you doing.

I'm starting to have a feminine figure?

The bottom line. The truth Hina...chan!

When this is over we will change the style of exercise and you will gain back a more masculine figure.

Of course. and by the way you already have really pretty little breasts.

And what will happen later? Everyone will laugh at me.

Really?

I already told you, they are not breasts.

While driving home...

So how was your day today?

And what is the outfit?

Last time you were dressed as a cheerleader, and today leggings.

Interesting, I think she really liked you.

It's a gift from Zero Two.

*\*embarrassed\**

I guess.

By the way, I wanted to talk to you about something.

Is it true that you broke three sets of plates at work?

Er... How did you know that?

But I paid for them so I guess nothing happened.

It's not my fault, it's all the fault of those stupid high heels.

I called Mayumi to ask how your work was going.

Yes, but you can't keep falling over and smashing plates.

That's why you will wear them much more often from today.

What,  
I don't think you  
are serious.

**\*Shocked\***

And  
what about  
school?

Of course  
I'm serious.

From today I don't  
want to see you in any other  
shoes than heels.

Here you're in  
luck, the school rules  
prohibit students from  
walking in heels.

But other than  
that, I don't want  
to see you in flat sole  
shoes again.

But aunty.

No buts. You know how many problems this constant stumbling of yours creates.

Like, for example, the time you tripped and took off Yuki-chan's skirt, remember?

Yes, I remember.

Think of walking in high heels as punishment for the problems you created.

In Hiro's room...

Great now  
not only at work but  
also at home I have to  
wear heels.

I still don't  
understand why Aunt Sora  
wants me to learn to walk in  
them so much.

Maybe  
it's because I have  
to wear them at  
work?

Probably yes, she  
probably just doesn't want  
me to keep falling over and  
breaking something.

*\*phone rings\**

So in the end he does it for my own good.

Well... I've even gotten a little used to wearing heels by now.

They are also no longer as uncomfortable as they were in the beginning.

But it's still strange for me to have to wear them.

Fortunately, I won't have to anymore soon.

After all, as soon as the summers start, this pretending to be a girl will end.

Although it also has its pluses.

And Zero two even became my girlfriend.

**\*phone rings\***

**\*Klik\***

**\*Klik\***

Until then, I have to hold out.

Thanks to pretending to be a girl, I met Saki-chan and Zero Two.

That's why I hope this will all end soon and we will become a normal couple.

Hi Hiro.

I'm also sorry, I had no idea you had a girlfriend.

Zero Two?

Hi Ichigo, sorry about that last time. I didn't want it to come out that way.

You mean Zero Two, yes I should have told you about her earlier.

Oh yeah I almost forgot, her name is Nanami Tomatsu but she prefers to be called Zero Two.

In Ichigo's room...

For me it's  
cool.

Sorry  
I have a lot on my  
mind lately.

Really, that's a  
little strange.

Strange  
I feel like I've  
heard it  
before.

By the way, how  
are you doing because  
we haven't talked very  
often lately.

I will try to call you more often now.

Yes, really.

\*Sigh\* Yes, I promise.

Really?

\*happy\*

Do you promise?

I knew, Hiro-kun feels something for me after all.

But what's strange about that after all, I'm his childhood... friend?

Er... Hiro, when exactly did you meet Zero Two?

Just out of curiosity.

Ymm... A month ago why do you ask?

I see. Well I have to go unfortunately, tomorrow I will call again as promised.

I hope so  
too, so bye.

*\*disconnected\**

*\*scared\**

Yes, sure, I'm already  
looking forward to it, I hope  
your voice will be back to normal  
soon, because you really sound  
like a girl.

It can't be true.

No it can't  
be true.

The nickname.

The same  
hair color.

And the same silly  
hair ornament!

There is no other  
explanation.

How could I not have noticed it before. It's her!

After his parents moved out, we didn't have any contact with him.

Zero Two is the boy we used to be friends with.

I never would have guessed that we would ever meet him again.

And now not only do we meet him again, but it turns out he's a girl?

How is this even possible, I was sure he was a boy.

Although sometimes he acted strangely. Now I know why .

Fortunately, Hiro doesn't seem to know about anything.

After all, he had short hair, always wore men's clothes and acted like a boy.

But what's worse now I have competition in being a childhood friend.

I wonder if she knows?

Some time later in  
the locker room....

So you prefer  
everyone to call you Zero  
Two because you used to  
have such a nickname.

So you accidentally  
got the same nickname  
as you used to have.

A bit.

Yes, I liked  
it a lot that's why  
I prefer everyone to  
call me that.

Exactly,  
isn't it funny how  
history repeated  
itself.

Who knows  
maybe something else  
will repeat again.  
hehe.

Eee...

**\*Shocked\***

Tell me how you do it that you always get so many tips.

I don't know, I just try to be cute. hehe

Yes, and just by chance you remember the names of half of our customers.

Really? You learned the names of half of our customers? Wow

**\*Shocked\***

Hehe. It's cute when a girl addresses you by name isn't it?

Yes, but to learn so many names.

It must have been hard.

Not at all, and you wouldn't believe how often I get tips just because I say someone's name.

Oh Hina-chan you already came too?

Er... What didn't you want, to come to work early?

It's okay, after all we are all girls, right?

*\*confused\**

*\*scared\**

Sorry I really didn't want to.

No I didn't want to peek at you guys.

Yes of course we are all girls.

Hina-chan is quite muscular for a girl which is why she is not very okay being naked in the presence of girls.

Likewise, she is also ashamed to see naked girls.

What is with her?

Well... A little strange but some girls are shy.

While working...

Yes, I thought  
it would be cute if  
I called them by their  
first name.

Eh, you  
guessed it.

You want  
me to teach you  
the names of our  
customers.

Let me guess you  
want to get more tips?

Hehe. Well  
I don't surprise you after  
all I do it myself to get  
more tips

What?

Unfortunately, I don't have much time today to teach you.

But I can give you some advice.

If you want to learn customers' names then do two things.

The first is to see if they have a notebook with them, there is often a name on the cover.

I see.  
Thanks.

Besides, also listen to what they are talking about before you approach them.

That way you can pretend to remember customers' names.

You're welcome.

And next time, don't be shy.

It's really no surprise that a girl is a bit more muscular.

So next time don't be ashamed and dress up with us.

Sure and don't worry, I'm sure the girls won't laugh at you.

Er... I'll think about it, okay?

Some time later...

So what  
can I serve you today,  
Mahiro-san, nyan.

I have never  
heard it before.

Of course  
I remember it,  
nyan.

Wow, you  
remember my  
name.

Well in that  
case I'll take a small  
kola and spicy tofu  
as always.

A woman with short dark hair, wearing a silver mask and a white long-sleeved top with a blue sash and a blue skirt, stands in a cafe. She is holding a small object in her right hand. The cafe has wooden walls, bookshelves, and tables with chairs. Large windows in the background show a green landscape.

How about something else today for a change?

Great, I'll bring everything right away. nyan

I practically got twice as many tips today as last time.

Actually, why not.

I will also ask for tom salad with peppers.

This addressing customers by name really works.

I think I'll be able to avoid a fine this time.

I see  
that Hina-chan is  
doing really well.

And do you  
remember your  
first meetings?

For sure but  
I think it's worth it.

Well... It still  
happens that she makes  
mistakes, but she's making  
progress.

Yes, it's hard to think  
that they are really the  
same person.

But still,  
she has a long way  
to go.

hehe

By the way,  
have you already made a  
decision on that one?

Great.

I think Hina-chan  
will be happy to hear  
about it.

Yes, I called my  
husband and he said  
he agrees.

I just wanted to  
discuss all the details  
with you yet.

That's why  
I asked you to come.

She probably will, and  
by the way, you can take her  
home right away.

Wait a minute but doesn't that mean she was changing with the other girls?

I think she is slowly adjusting.

Don't worry, I watch her all the time.

Together with Zero two came a little early today so she can go home early today.

Yes, but I didn't hear that there were any problems.

It seems so, but if I were you, I wouldn't lose vigilance.

Half an hour later...

Thanks, but  
don't you get the feeling  
that this is all going too  
far, Auntie?

I must admit that  
you are slowly doing quite  
well, Hina-chan.

You're really  
starting to act like  
a real girl.

What do  
you mean?

I mean all this pretending to be a girl.

All this learning these strange behaviors, this walking around in women's clothes.

I know you want to punish me for what I did back then, and I'm really sorry.

Is all this really necessary?

After all, most girls don't do that.

But can't we finally let it all go?

I would like  
to be able to act like a  
guy again already.

Auntie I am  
not , Hina-chan  
but Hiro.

Besides,  
surely everyone has  
already forgotten.

But auntie...

You don't do  
it just because of the  
punishment have you  
forgotten , Hina-chan?

As long as you pretend to  
be a girl you are Hina-chan  
and no discussion.

I said without  
discussion!

Also, are you sure everyone has forgotten by now?

Because I still hear rumors about a boy who got kicked out of school for breaking into the women's locker room.

About a boy who not only broke into the women's locker room, but also stole a phone from one of the girls.

Who do you think this is about, Hina-chan?

\*Sigh\*  
About me.

I thought  
everyone had  
forgotten by  
now.

*\*embarrassed\**

You can see for yourself  
that no one has forgotten you,  
and it's even worse because  
the rumors have spread to  
other schools.

You can believe me  
no one has forgotten  
about you.

Besides, look  
at your chest.

Ymm... It's just a bra.

Strange that just now I have this strange swelling.

Do you really think it's a good idea now to act like a guy again?

You know very well that it's not just a bra.

If I were you, I'd pretend I'm a girl for now, at least until it passes.

Really?

*\*confused\**

Now that my chest is so strangely swollen, I would die of shame.

Well, it's really a little strange but you were very lucky at the same time.

Yes, just think what would happen if you had to wear a bra dressed as a guy.

So you see for yourself, you'd better pretend you're a girl for now. Besides, it's not worth it for me to transfer you to another school for two months anyway.

Some time later  
in Hiro's room....

Is it really  
due to this hormonal  
disorder?

Just as I hope  
that everyone will  
finally forget about  
what I did

What is wrong  
with my chest?

I hope this  
swelling will go  
away soon.

Although for now it's  
even worse, because even in other  
schools they heard about it.

Hina-chan, you  
have a guest!

It's better for  
me to pretend to  
be a girl for now.

Although Aunt  
Sora won't transfer  
me to another school  
now anyway.

Looks like Aunt  
Sora is right.

At least if  
I don't want to end up as  
a pervert or a freak  
with breasts.

So in the end  
I have no choice but  
to wait.

**\*Shocked\***

Saki-chan!

What are you  
doing here?

What no,  
I just ...

Hi Hina-chan, what  
are you doing?

What do you mean  
what? After all, we had an  
appointment.

Say, did you  
just play with your  
breasts?

I had to check something~.

Besides, it's not breasts, it's just a swelling.

*\*embarrassed\**

I completely forgot that Saki-chan was supposed to arrive today.

And that's right, we were supposed to study together, I'll sew everything up right away.

Really?

They look like small breasts to me. hehe

I see that Sora-sama was not idle.

She must have given Hina-chan some hormones that his chest swelled up so much.

Yaaa!

Saki-chan,  
what are you  
doing?

So this is what  
Sora-sama had in mind  
when she said what would  
happen if he was really a  
girl. hehe

She doesn't just  
make him dress up as a  
girl she REALLY wants to  
make him a girl.

Me?  
Nothing.  
hehe

Yes, but it's a terribly strange feeling when someone touches it.

Can we start learning now?

After all, you said yourself that it's just swelling.

Sure.

During the lesson...

OK, the first thing we'll start with is behavior.

The easiest way to tell if someone is a girl or not is by their behavior.

That's why you must always try to act as girly as you can.

And if someone comes suddenly like I did just now.

Besides, it must become natural to you so that you do not have to think about it all the time.

*\*embarrassed\**

At home too, after all, no one sees me here.

That's why you have to do it all the time even when you are alone.

Also, you can't treat it like a punishment.

You act like a girl because you are a girl.

And try to think of yourself that way too then it will be easier for you to play your role.

I see.

But, how can I think of myself as a girl when I am not a girl.

But, I...

No I don't.

Er... A girl?

Of course you are and you have to keep telling yourself that.

Say do you want someone to discover your secret?

Then who are you?

Exactly, now it's time for another lesson. What do you see in the picture?

Hmm....

A girl with long  
hair dressed in some  
sexy outfit.

All wrong.

Currently she is one of the most popular teenage singers.

Secondly, a girl never describes another girl by saying that she is dressed in something sexy.

First of all, it is not some girl but Erika,

Almost every girl our age knows her and many dream to be like her.

Girls always in the case of another girl pay attention to every detail. Such as makeup or what exactly she is wearing.

Really?

Of course.

Whenever you talk to another girl you always look at her carefully.

What clothes she's wearing, what kind of makeup she's wearing, and even what color her nails are painted.

Er... I never paid much attention to what girls are wearing.

From today, you'll have to. Another photo.

What do you see now?

Hmm... That this guy has a cool jacket.

Maybe I'll buy one for myself too.

Say, is it true that girls are attracted to blondes?

Yes, but I'm not a real girl.

Wrong! A real girl would immediately think to herself what a handsome guy.

Of course you are a real girl remember that.

So how is this guy?

Handsome?

*\*embarrassed\**

Umm... He has a very masculine face.

He also seems quite strong. You can definitely feel safe around him.

Exactly, and what is it that makes him handsome?

What is it that makes him appealing to girls like you?

That's what I wanted to hear, and that's how you should think about guys for now.

After all, if you describe men like this, there is no chance for anyone to notice anything.

I hate Hiro-kun for how he tricked me.

But I fell in love with Hina-chan.

That's why I have to do whatever I can to make Hiro really become Hina-chan.

To be continued...
