

Eternal dream

Chapter 14

By Ron512 and Kami1

What should I do now?

No, that's too risky.

As for that female form, I'll pretend it wasn't there.

Maybe I should really pretend to be my cousin?

I'll just tell him that I have a sick throat after all Ichigo believed it.

Yes, it's for the best.

I'll be there soon!

Yes, I am.

Unfortunately Hiro just isn't here. Should I tell him something.

I see, in that case I'll be finishing up now.

Great Now I have no other choice.

No, I'm just calling to ask how he's doing?

Wait a minute!

Thought bubble containing a faint image of a person's face.

A 3D-rendered anime-style scene. A young woman with short, dark blue hair and a pink dress with white rabbit patterns is sitting at a wooden desk. She is holding a pink phone to her ear. To her left is a large green plant in a grey pot. On the desk in front of her are a notebook, a pen, and a black book. In the background, there is a window with a view of a building at night. A speech bubble from the phone says, "Is Hiro-kun really your cousin?". A thought bubble from the girl says, "Of course he never mentioned me, because no one like that exists, it's me in disguise." A speech bubble from the phone says, "Yes, is there a problem?". A speech bubble from the girl says, "Maybe it's because we never had a close relationship."

Is Hiro-kun really your cousin?

No, I'm just surprised because he never mentioned anything about you.

Is something happened?

Yes, is there a problem?

Of course he never mentioned me, because no one like that exists, it's me in disguise.

Maybe it's because we never had a close relationship.

Now you
have a chance to make
it right. hehe

Sure, I hope
we will talk again
sometime.

Maybe in that case
you can give me your
phone number.

You are probably
right. Well... I enjoyed
talking with you but I
have to go now .

Me too.

What, my
phone number!

Yes, you know so that I don't have to call Hiro.

Right sorry.

Unfortunately, my phone recently broke down.

Besides, isn't it strange to ask a stranger's number?

It's okay.

Well... Until the next....

disconnected

Phew... That was close.

Unfortunately, he now thinks I have a cousin.

But for the future I have to be more careful how I answer the phone.

Fortunately, Goro didn't notice anything.

Well... Better than if he discovered my secret.

And it's probably better not to tell auntie or anyone else what just happened.

In Goro's room...

Well... She seems quite nice.

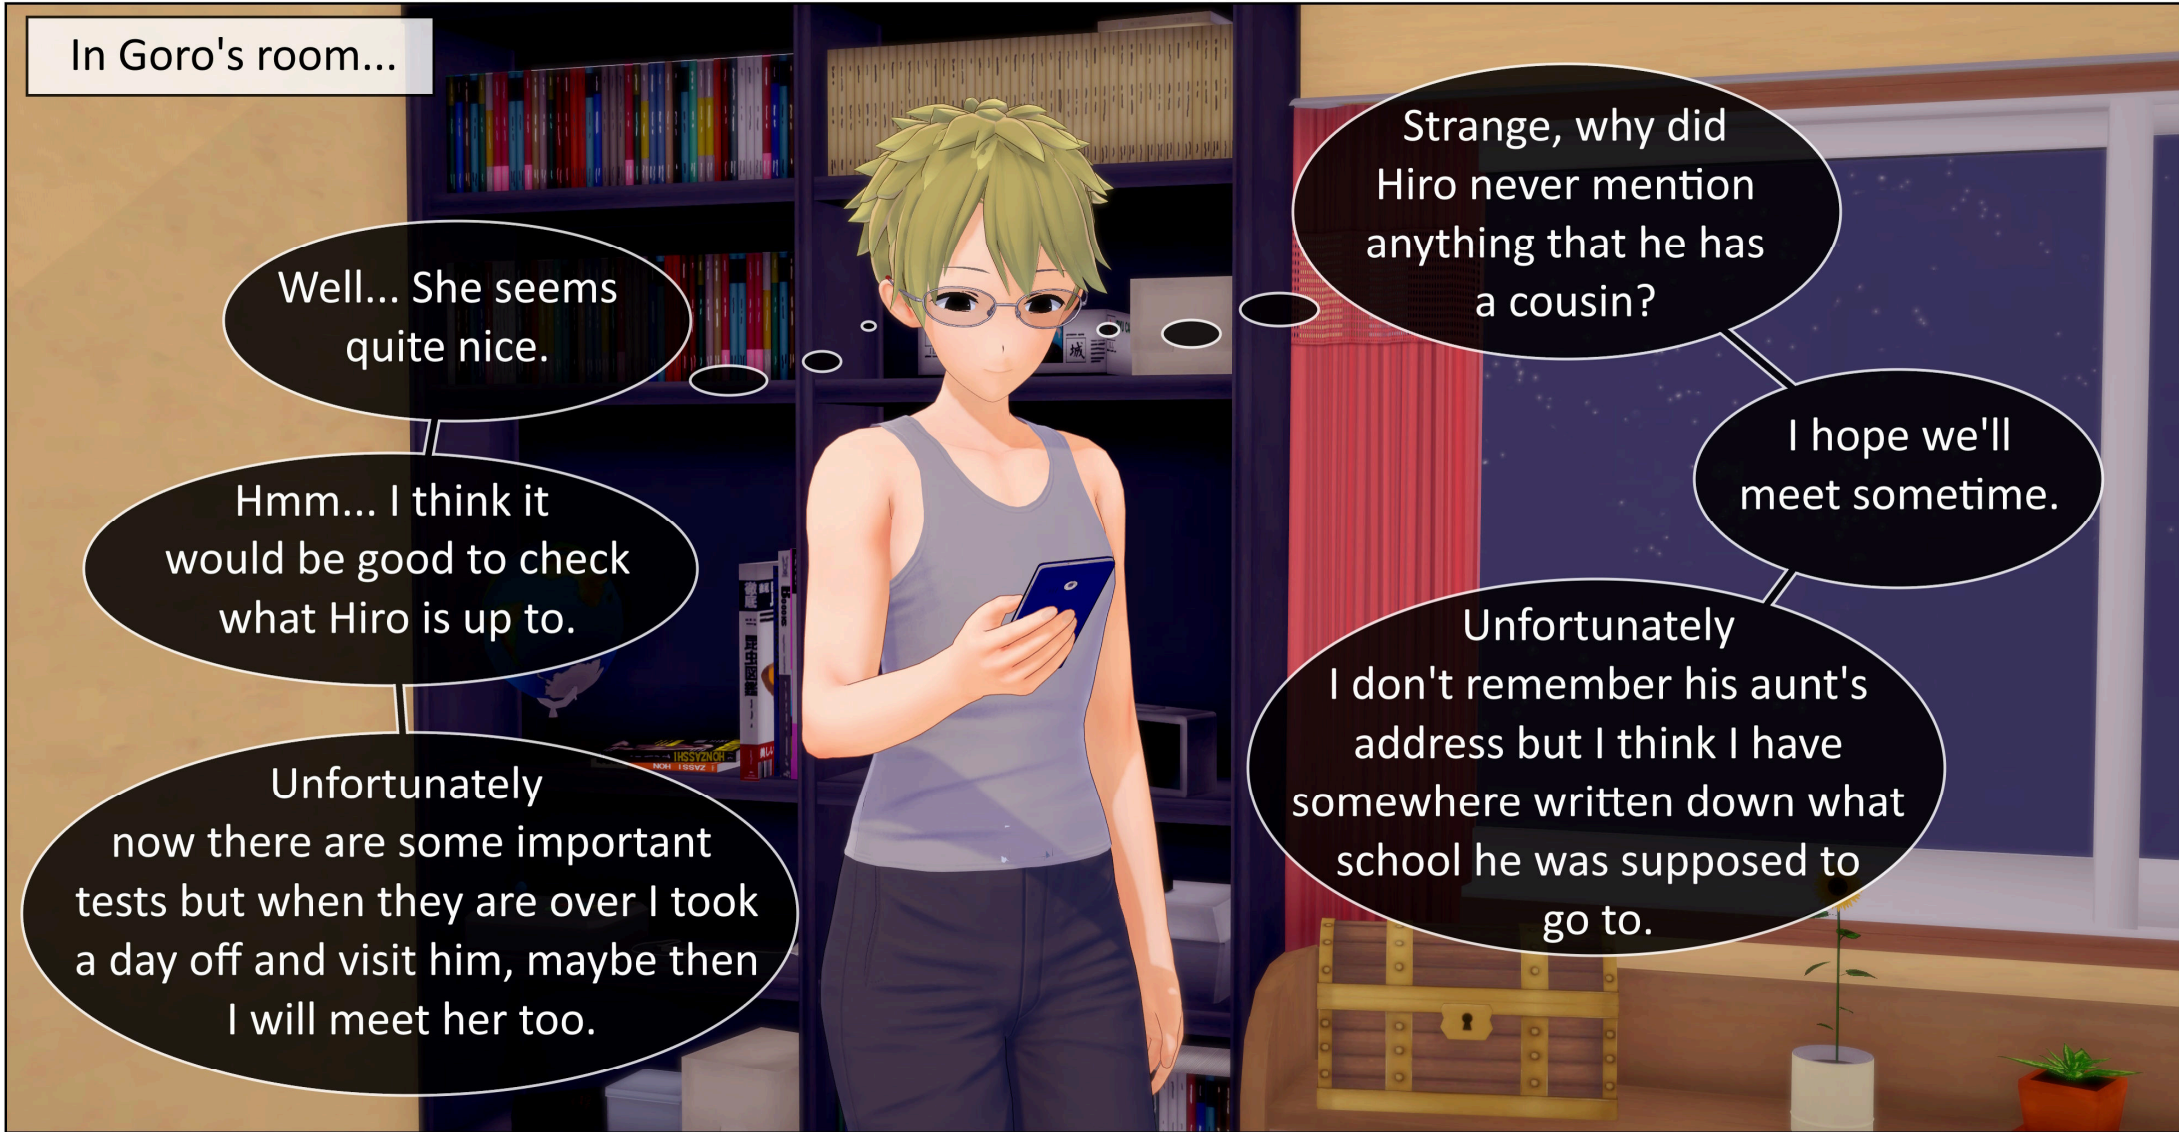

Hmm... I think it would be good to check what Hiro is up to.

Unfortunately now there are some important tests but when they are over I took a day off and visit him, maybe then I will meet her too.

Strange, why did Hiro never mention anything that he has a cousin?

I hope we'll meet sometime.

Unfortunately I don't remember his aunt's address but I think I have somewhere written down what school he was supposed to go to.

Monday morning...

You heard, s
upposedly one of
these new girls is a
real princess.

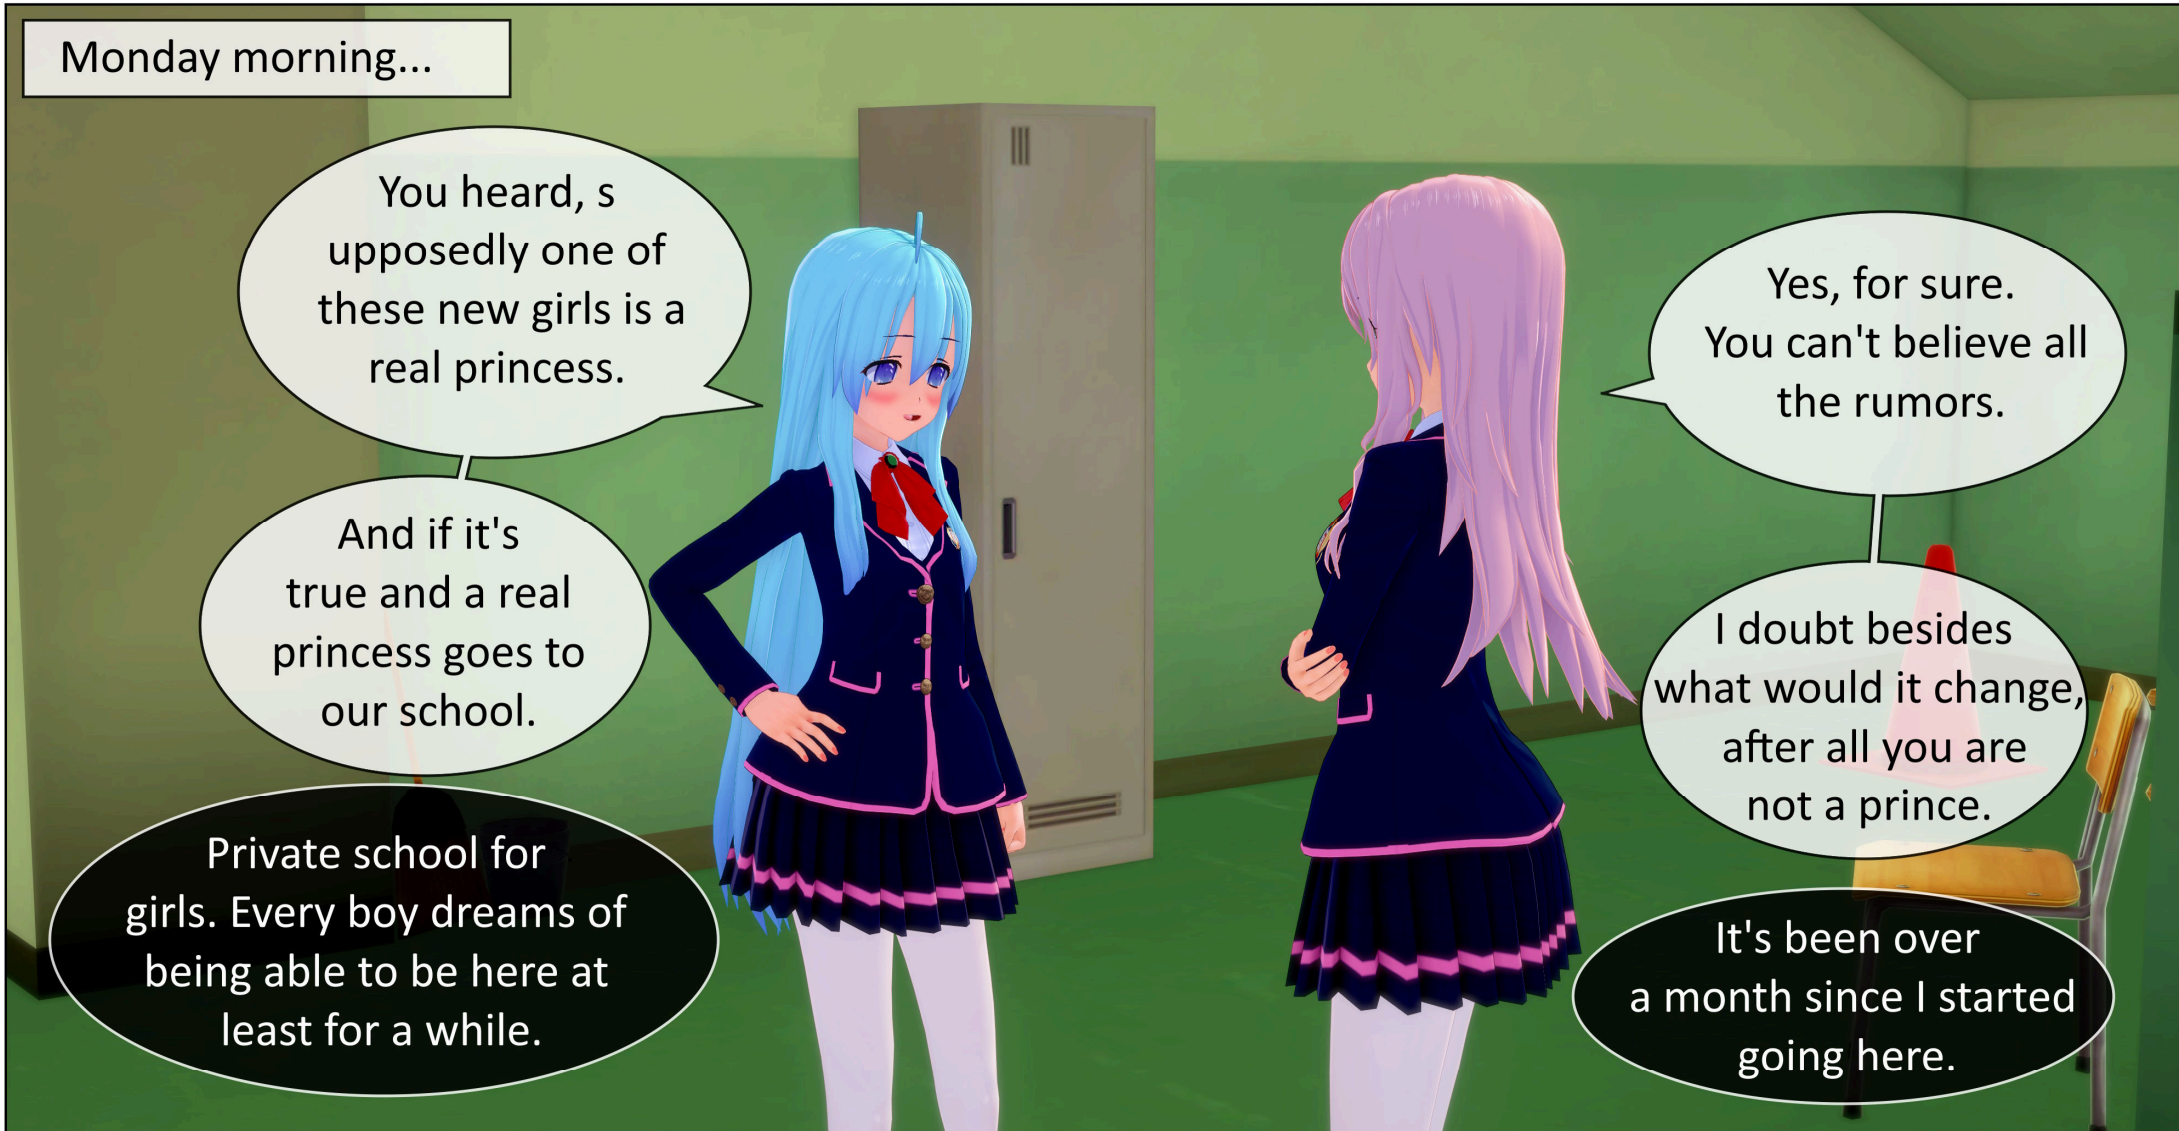

And if it's
true and a real
princess goes to
our school.

Private school for
girls. Every boy dreams of
being able to be here at
least for a while.

Yes, for sure.
You can't believe all
the rumors.

I doubt besides
what would it change,
after all you are
not a prince.

It's been over
a month since I started
going here.

If it weren't for the fact that I have to pretend to be a girl all this time it would be great.

Unfortunately this is supposed to be a punishment for me and not a reward.

But worst of all I met the girl I haven't seen for years and I can't tell her who I really am.

What do you think is the chance that we will hit some kind of trap here.

A trap here, you must be joking.

You'd better not know the truth or my mom will kill me.

And instead
I have to be careful that she
doesn't recognize me.

It almost looks
like I have really small
breasts already.

I wish this
surgery could
be sooner.

Strange, either
I think or my chest
continues to swell.

Or maybe it's
because I'm
wearing a bra?

I would
like to get rid of it
already.

A few hours later
in Sora's office....

Shocked

What, the operation
will be tomorrow, but
after all, it was supposed
to be in two weeks?

And what
about that test you
talked about?

Yes, but I've thought
the whole thing over and
after talking to your teachers
I changed my mind.

Your grades are
good enough that
a short absence
won't hurt you.

I've already
taken care
of that too.

I talked to your math teacher, you will write this test right after you return to school.

I knew you would be happy to hear that.

Sure, what's wrong?

That's great, I'll finally get rid of one problem.

I'll finally get rid of that weird fat on my chest.

Er... auntie, can I ask you something?

Nothing, just, I know we already talked about this but....

You don't think everyone may have already forgotten what I did.

I mean, it's been over a month now and nowhere have I heard anyone even mention it.

But?

Hmm... Maybe you're right.

I haven't heard any rumors about you either, maybe indeed everyone has already forgotten about you?

That would also mean that you no longer have to pretend to be a girl.

Yes, only first we would have to be sure that everyone has already forgotten.

Of course I know you're doing this for my benefit but... wait a minute what?

Shocked

Are you serious?

I think it would be best for you to go back to your previous school for a day after the operation.

What do you think, Hina-chan?

Sure it's a great idea.

Unbelievable I'll finally be able to stop pretending I'm a girl. Yuhu!

And I thought I would have to wait until summer vacation.

happy

Wait a minute,
but earlier you said that it would be
better for me to finish this school year
at your school.

Because
it's not worth it, but
if you care so much and everyone
seems to have already forgotten
what you did then why
not.

Besides, you've
been a good girl lately, so
I guess you've learned
something too, right?

That it's not
worth it for me to go
back to that school for
two months.

Er... **sigh**
Yes auntie.

I think this is some kind of dream. I'll finally be able to be a guy again.

Although it wasn't that bad at last I met Saki-chan and Zero Two.

Ah, I'm sure he won't, after all Zero Two himself said so.

No more humiliating pretending I'm a girl, no more makeup.

I just hope Zero Two's father won't have anything against us continuing to meet.

I also won't have to hide from Naomi anymore. I'm looking forward to it.

In the corridor...

Yes, I will finally be able to meet her again as myself.

Especially since she would probably consider me the biggest pervert in the world if she found out I was pretending to be a girl.

But back to Zero Two I will have to tell her what Aunt Sora is planning.

Although now I'm with Zero Two so I don't care that much anymore but still I'd rather not have to hide from her.

Not to mention that I would then be in huge trouble.

I will tell her during today's exercises.

Later at the idol
research club....

Yes, say, are all
these exercises really
necessary?

Fortunately,
I won't have to do it
anytime soon.

Auntie said
that after this operation
I will return to my
previous school.

So are you
going to the surgery
tomorrow?

Of course, if
you want to be in
good condition.

But what do
you mean?

And you really
believed her?

For being naive.
Hina-chan, do you really
think your aunt will give
up so easily?

Your aunt is one
of the most stubborn people
I know, there is no way she
would let go so easily.

Of course.

Ouch! What
was that for!

No but... Ouch!

But after all,
she said herself...
Ouch!

No, and it should, after all, Aunt Sora would not lie to me, right?

So I guess I don't have to worry.

And don't you find it a little suspicious that she changed her mind so suddenly?

No, I doubt it.

She just didn't tell you everything.

By the way, I have to tell you something, you have a really nice butt. hehe

We are not... children?

Er... Oops.

Shocked

No, it's not like that, I just wanted you.

I can just see.

If you want, you can touch them as much as you want I don't mind.

Squeeze

I just wanted to push you away I didn't want to touch your breasts.

Yes, but I don't think I should touch them.

embarrassed

What did you want?

But I don't mind you touching my breasts, after all we are a couple, right?

How cute

Say, you liked it, touching my breasts, right?

In that case, why don't we take the next step?

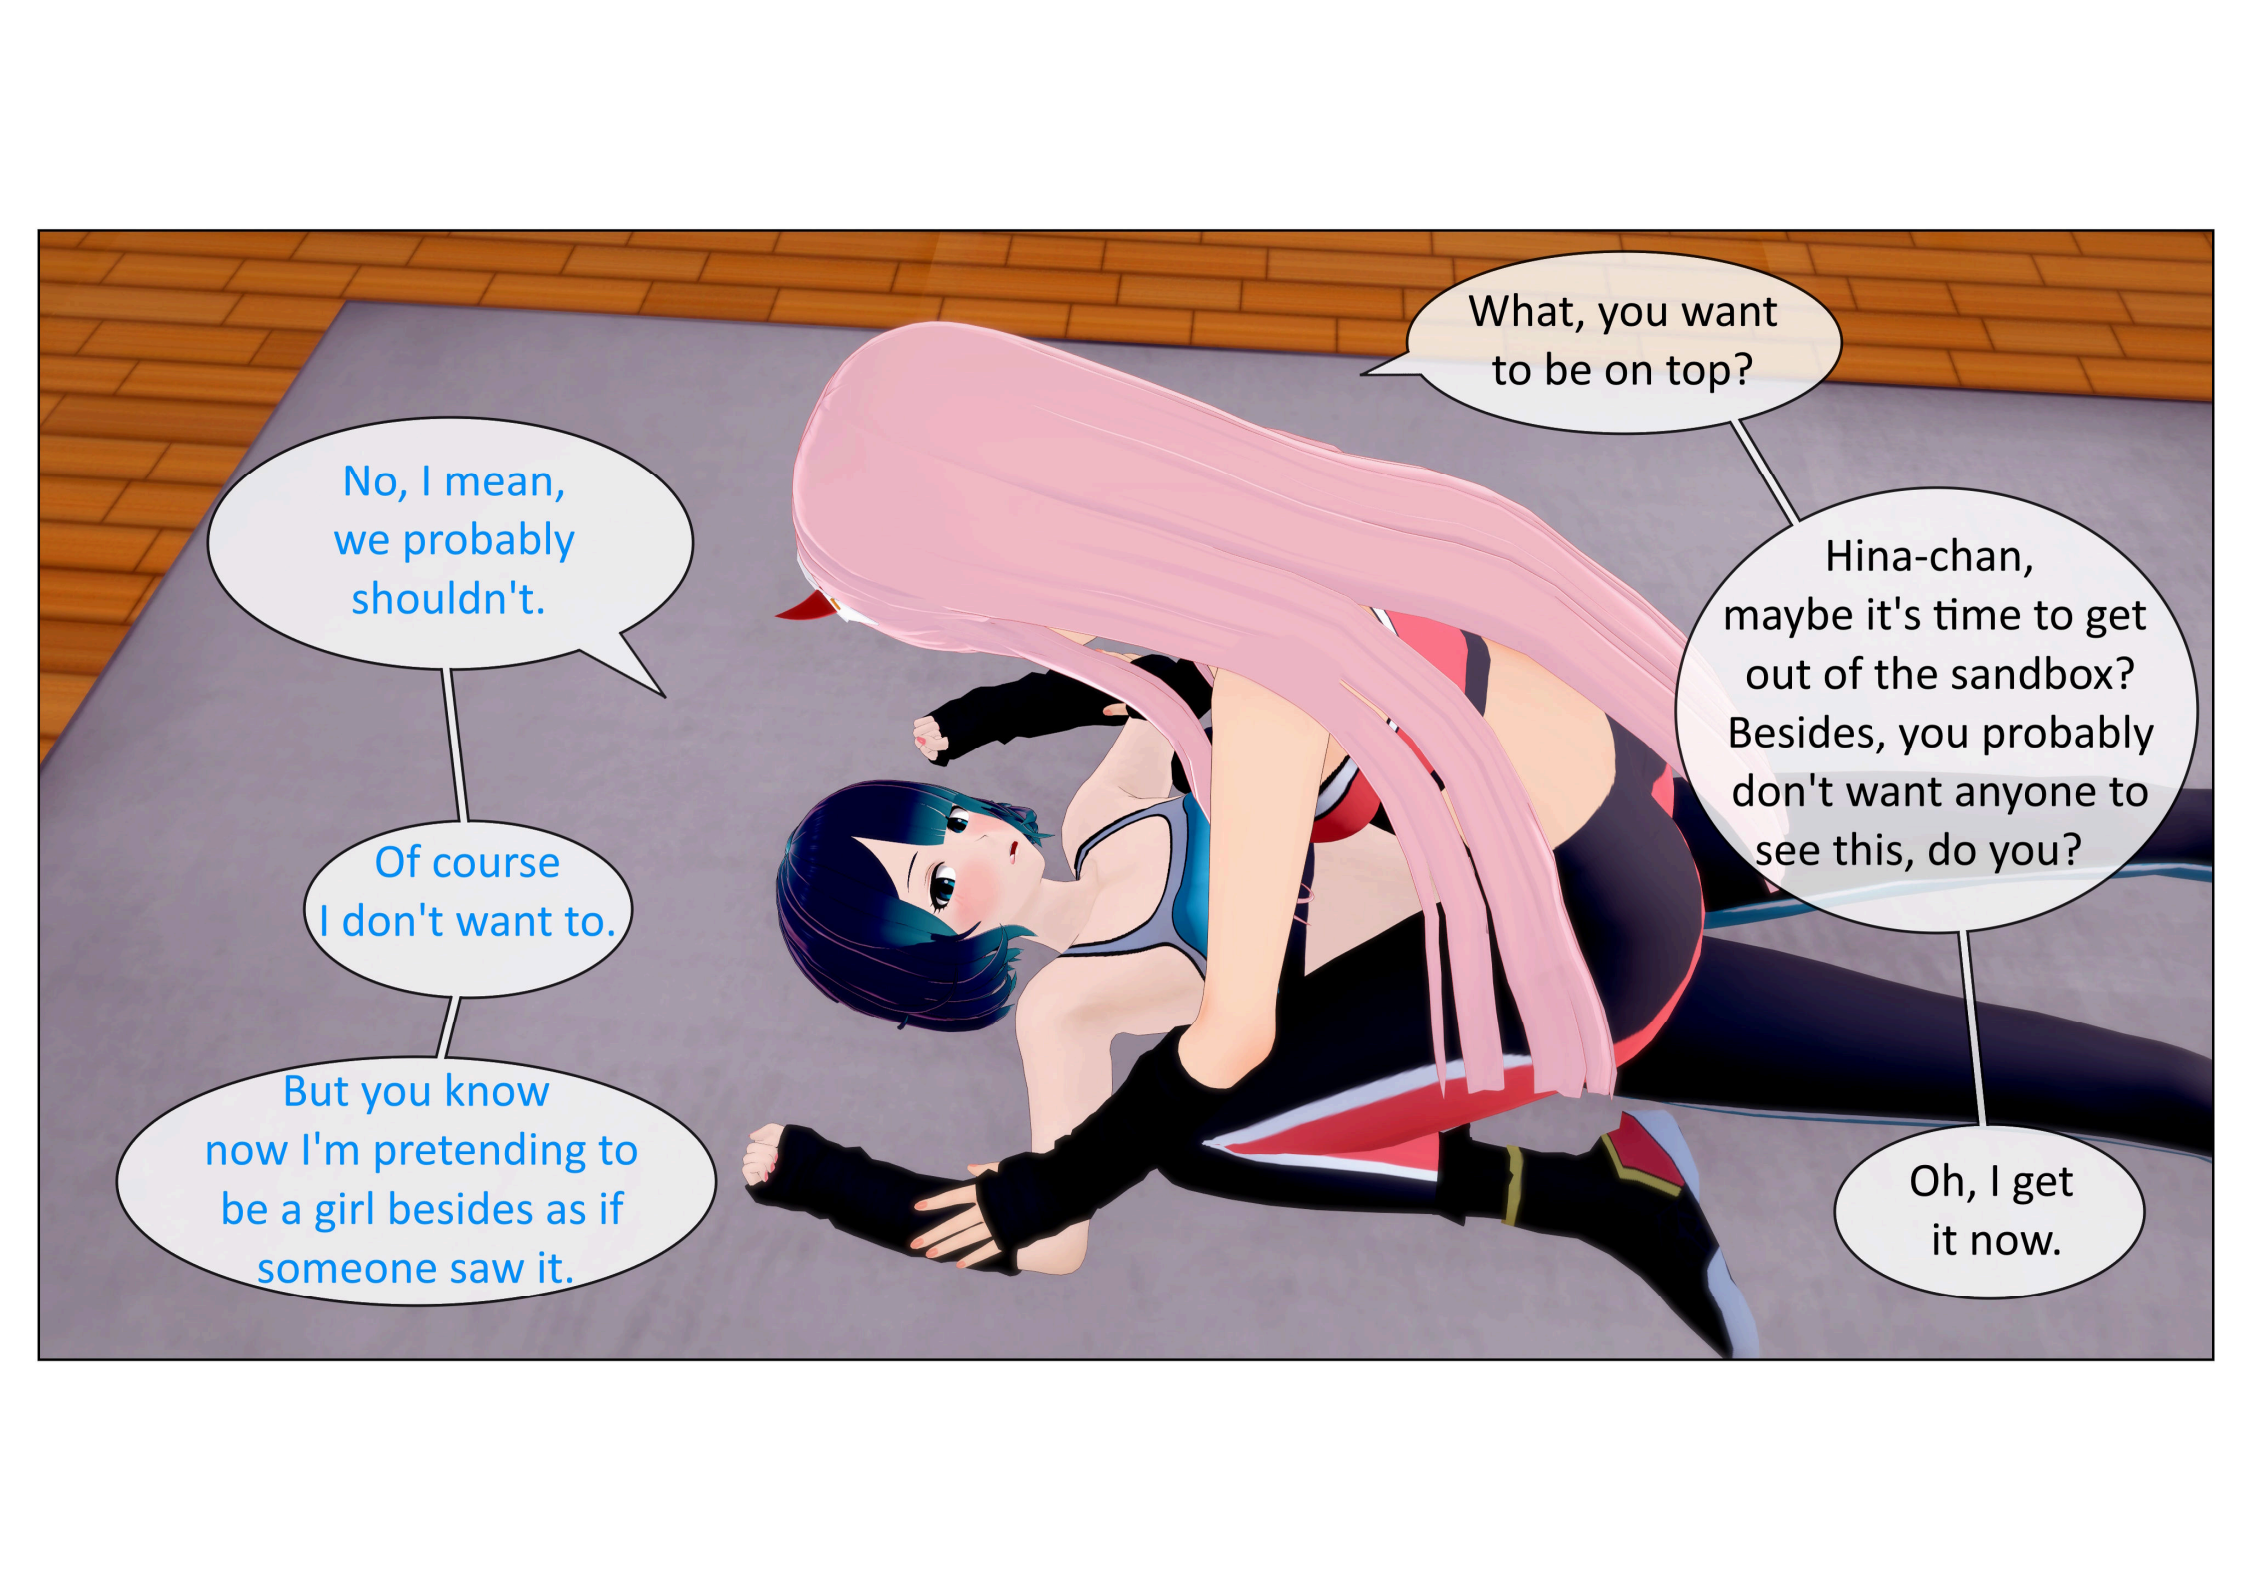

Me, nothing. hehe

No, I mean, maybe a little in the end I am a guy.

The next step?

Wait a minute, what are you doing!

And this bouncing?

No, I mean,
we probably
shouldn't.

Of course
I don't want to.

But you know
now I'm pretending
to be a girl besides as if
someone saw it.

What, you want
to be on top?

Hina-chan,
maybe it's time to get
out of the sandbox?
Besides, you probably
don't want anyone to
see this, do you?

Oh, I get
it now.

Sure, if you want I can do it with you as with a girl, no problem.

Hina-chan, you don't want anyone to discover your secret, do you?

Really?

What no , that's not what I meant.

Hey, what are you doing!

No, but...

I must admit that they are already pretty cute.

Small but cute.

I told you that they are not breasts but just plain fat.

Besides, they will be gone soon .

It would be a real shame, because you look adorable with small breasts.

What, you must be joking, I want to get rid of them and not make them even bigger.

Hmm~

Although they could be a little bigger. Darling

Why? You would really look nice with bigger breasts. hehe

You have got to be kidding me, I'm a guy and guys don't have breasts at all.

Ngh!

What, was it really me?

It just came out by itself.

I wonder how much longer? Hehe

Really? And since when do guys make such squeaks?

Hina-chan,
you can't fool me,
I can see that you
like it.

It seems that those
hormones that Sora is giving
Hina-chan have already
had quite an effect.

And although
I would have
preferred Hina-chan
to be a boy.

NGH!

!...!...

I have to admit that playing with another girl is pretty interesting too.

Zero Two is right, I can't stand it any longer.

Why have my breasts suddenly become so sensitive? Is it from these hormonal disorders?

I'm coming!

Wow,
I didn't think you could
reach from the breasts
only.

Shocked

In addition,
there is so much
of it that it made
me wet.

When was the last
time you did this?

Over a month
ago. **sighs**.

Since I live at
my aunt's, I have no
way to do it.

That's why you came so easily. Well, here no one will see us so we can do whatever we want.

Sure, only first I have to find some other panties because these are all wet.

Do you have spare panties?

confused

But next time I want to have some pleasure too.

No problem, I have a few spare pairs.

Yes for emergencies.

Some time later...

Hina-chan,
just now your dad
called, he asked
you to...call?

What are
these panties?

What?

embarrassed

It's not what
you think I can
explain.

Zero Two lent
them to me?

She lent you her panties? What happened to yours?

confused

It's a long story.

Er... You know, if you need to shop then no problem, I can take you to the mall.

No, I just... You said your dad was calling?

Yes, you were supposed to call him, did you forget?

It completely flew out of my mind!

Then when you get dressed, call him.

Alright I'll do it right away.

And two more things

The first one I didn't tell your dad anything about the procedure I think you probably don't want him to know about it, right?

If you touch my panties you will regret it.

I'm just warning you.

Yes, thanks. And the second thing?

What! I would never do that.

It seems that so far everything is going according to plan.

But I can't lose my guard whenever someone is too sure something unforeseen happens.

And while with my brother there shouldn't be much trouble because even Hina-chan doesn't want him to know anything.

Hina-chan is slowly getting used to being a girl and Zero Two and Saki-chan seem to be helping him with that.

I especially have to watch out for his father and that girl I think her name was Naomi.

Unfortunately, I know almost nothing about this girl.

After Sora came out....

But so much has happened lately that I completely forgot about it.

At least it's a good thing that my aunt didn't tell them about anything I'd rather they didn't know what was going on here.

Mom and Dad asked me to call them once in a while.

I hope they won't be angry that I didn't call.

I would preferably avoid talking to them for a while longer.

Did something happen!

Did you forget that you were supposed to call us?

And you didn't even find five minutes in a month to call!

From now on you should call regularly!

Sorry I've had a bit on my mind lately.

Sorry.

kay, I will just can you please stop shouting?

You have to call minimum once a week, understood?

Great, I hope you don't make too many problems for Sora, she can be unbearable when something upsets her.

What did you do?

Clearly and distinctly.

I noticed.

Oh no I think I said too much, I have to get out of this somehow.

I accidentally walked into the girls' locker room.

How did Sora react when she found out, she must have been angry?

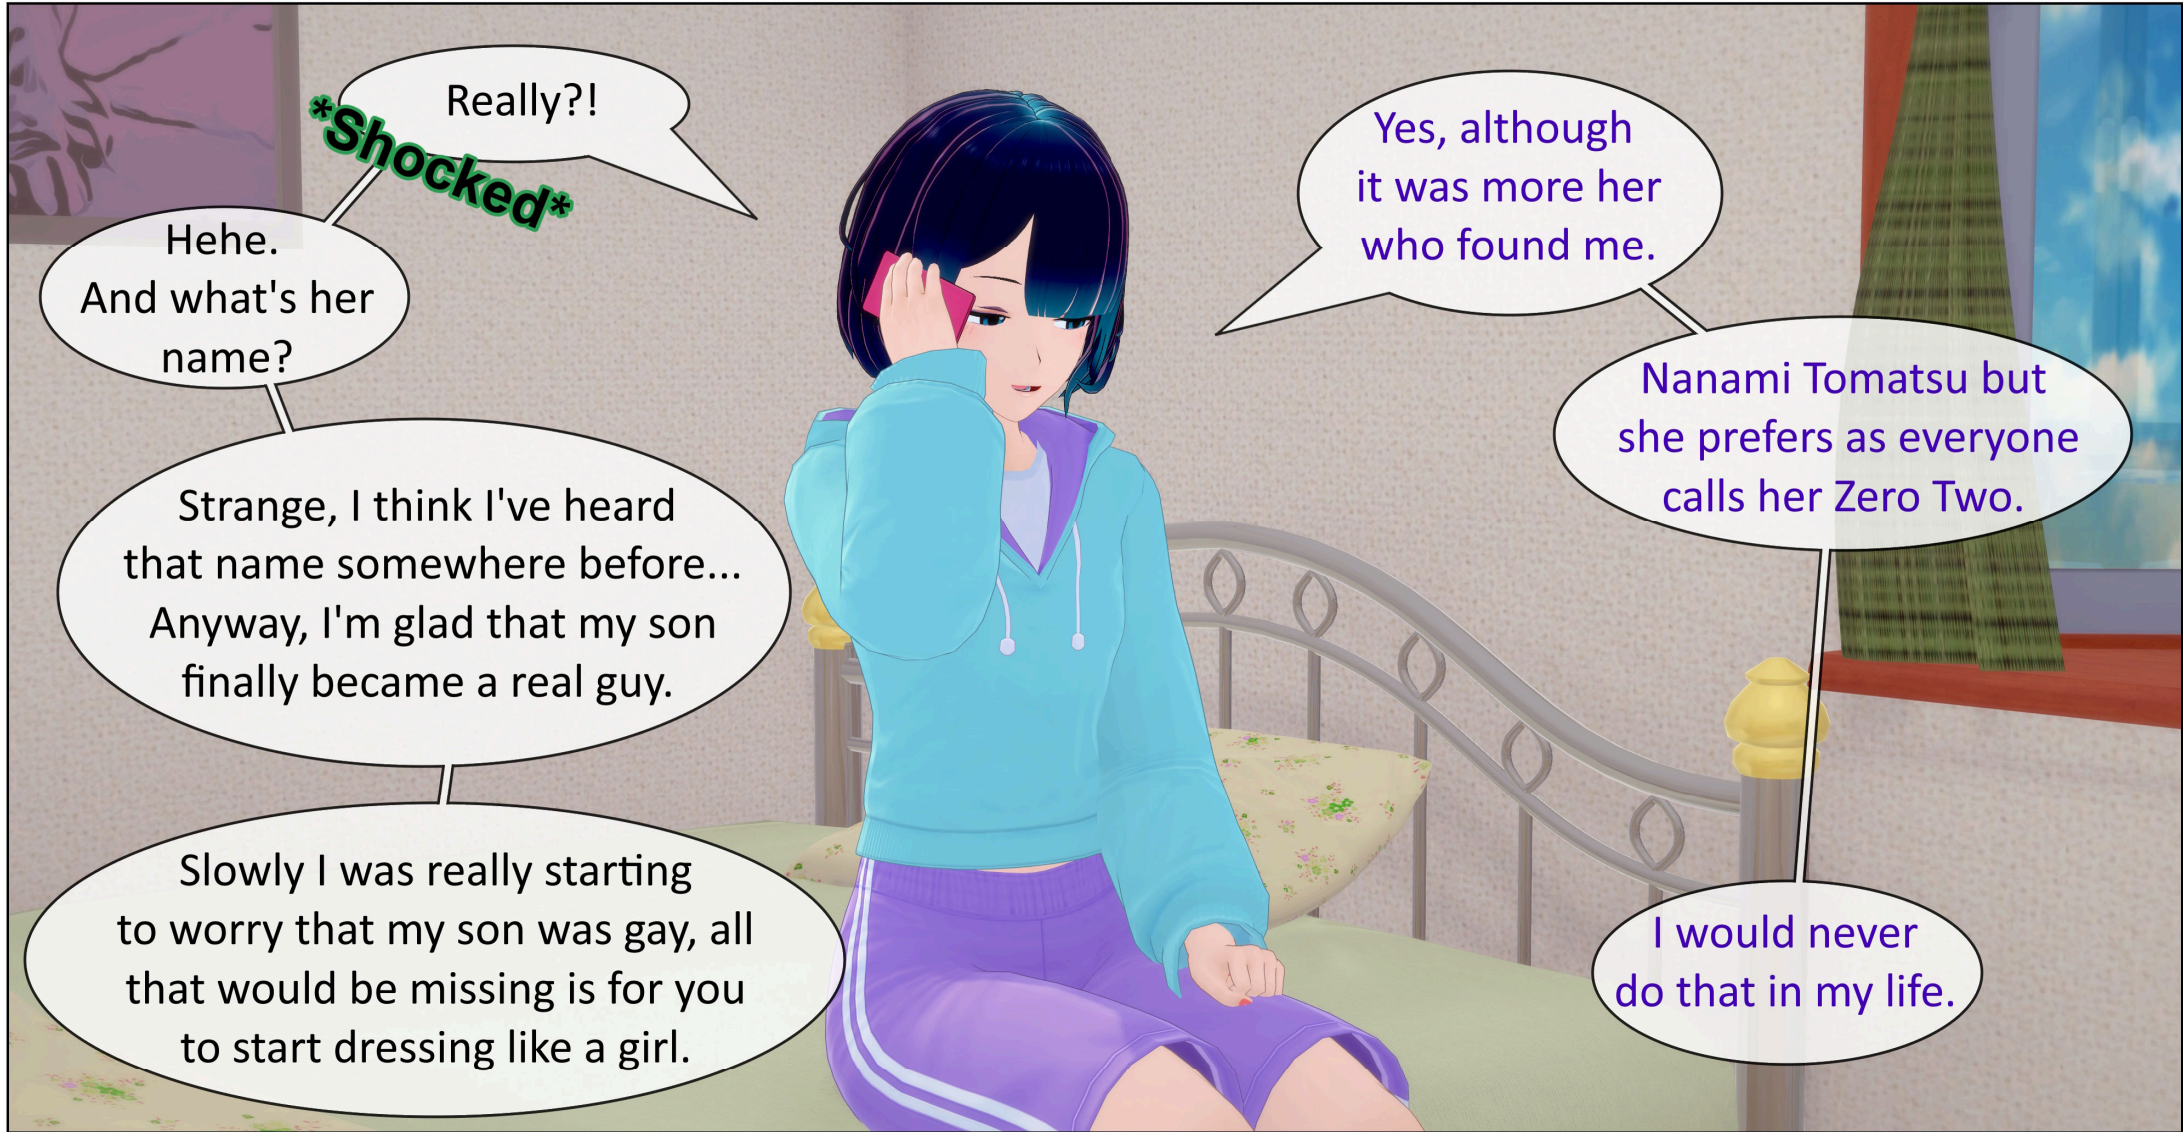

Hehe. I should now say something like she did the right thing but I'm glad my son is not gay.

And how else to explain that you still don't have a girlfriend?

And how , I got banned from my smartphone and laptop right away.

Dad, of course I'm not gay, where did you even get that idea?

Then get ready, because it just so happens that I found myself a girlfriend.

Really?!

Shocked

Hehe.
And what's her name?

Strange, I think I've heard that name somewhere before...
Anyway, I'm glad that my son finally became a real guy.

Slowly I was really starting to worry that my son was gay, all that would be missing is for you to start dressing like a girl.

Yes, although it was more her who found me.

Nanami Tomatsu but she prefers as everyone calls her Zero Two.

I would never do that in my life.

That's good to hear. By the way, what happened to your voice?

Yes, you sound a little strange.

In that case, have a speedy recovery and remember, you should call us regularly.

disconnected

With my voice?

Eee.... I've had a cold lately.

Okay, I'll remember.

Ufff... That was close.

But fortunately, dad probably didn't notice anything.

I don't even want to know what would happen if he found out I was dressing up as a girl.

And especially if he found out that I was doing it to go to a school for girls and work as a miko-waitress.

The next day
at the clinic....

Of course, after
all, you remember what I said,
outside of school you have to
wear heels everywhere.

Do not worry
he will certainly not
think so, besides, no
exceptions.

And do something
with your legs because your
panties are showing.

Was it really
necessary for me to
dress like that?

Yes, but even today,
after all, when the doctor
sees me he will think that I am
some kind of pervert.

sigh At least it's
good that after this surgery
I will get rid of at least one
of my problems.

Yes, you don't have to worry about anything.

Your aunt asked me if I could arrange for you to have a single room after the surgery.

Yes, she wanted you to have a little more privacy.

You're welcome.

What are you talking about?

Really?

Surprised

Thanks

Sora asked me to arrange somehow with the surgeon.

So that there won't be any problems.

Fortunately, with the right connections, anything is possible. hehe

It's me.

Hina Suzuki.

Please come with me to the pre-surgery room.

Under normal circumstances, I would never use my influence to take revenge on someone.

But what Hina-chan did to Yuri-chan is inexcusable.

I will not allow someone to do such shameless things to my Yuri and not be held accountable later.

A few days ago in
Yuri's room....

Maybe we
shouldn't do it now, though.
after all, what if your mom
catches us.

No worries, mom is on the
other side of the world at the moment,
there's no chance of her showing
up here in the next 15 minutes.

And the next
such opportunity may
not be very soon

I thought you meant some new dress or something like that.

Besides, don't you think this is ... you know, a little too big?

My new toy. After all, I promised that I would have something special for you today.

No worries I'm sure you can do it.

Nhaaaa....

Why do I have to be the one at the bottom every time?

Really?

Haa!

Relax, next time you will be on top.

Yes, I'll even lend you my new toy. hehe

But now.

Back to Hiro...

Gosh,
I don't remember
anything.

There she
gave me something
to drink....

What, is it all
over already?

The last thing
I remember is when I went
with the nurse to the
pre-surgery room.

I think it must
have been some
kind of sleeping aid.

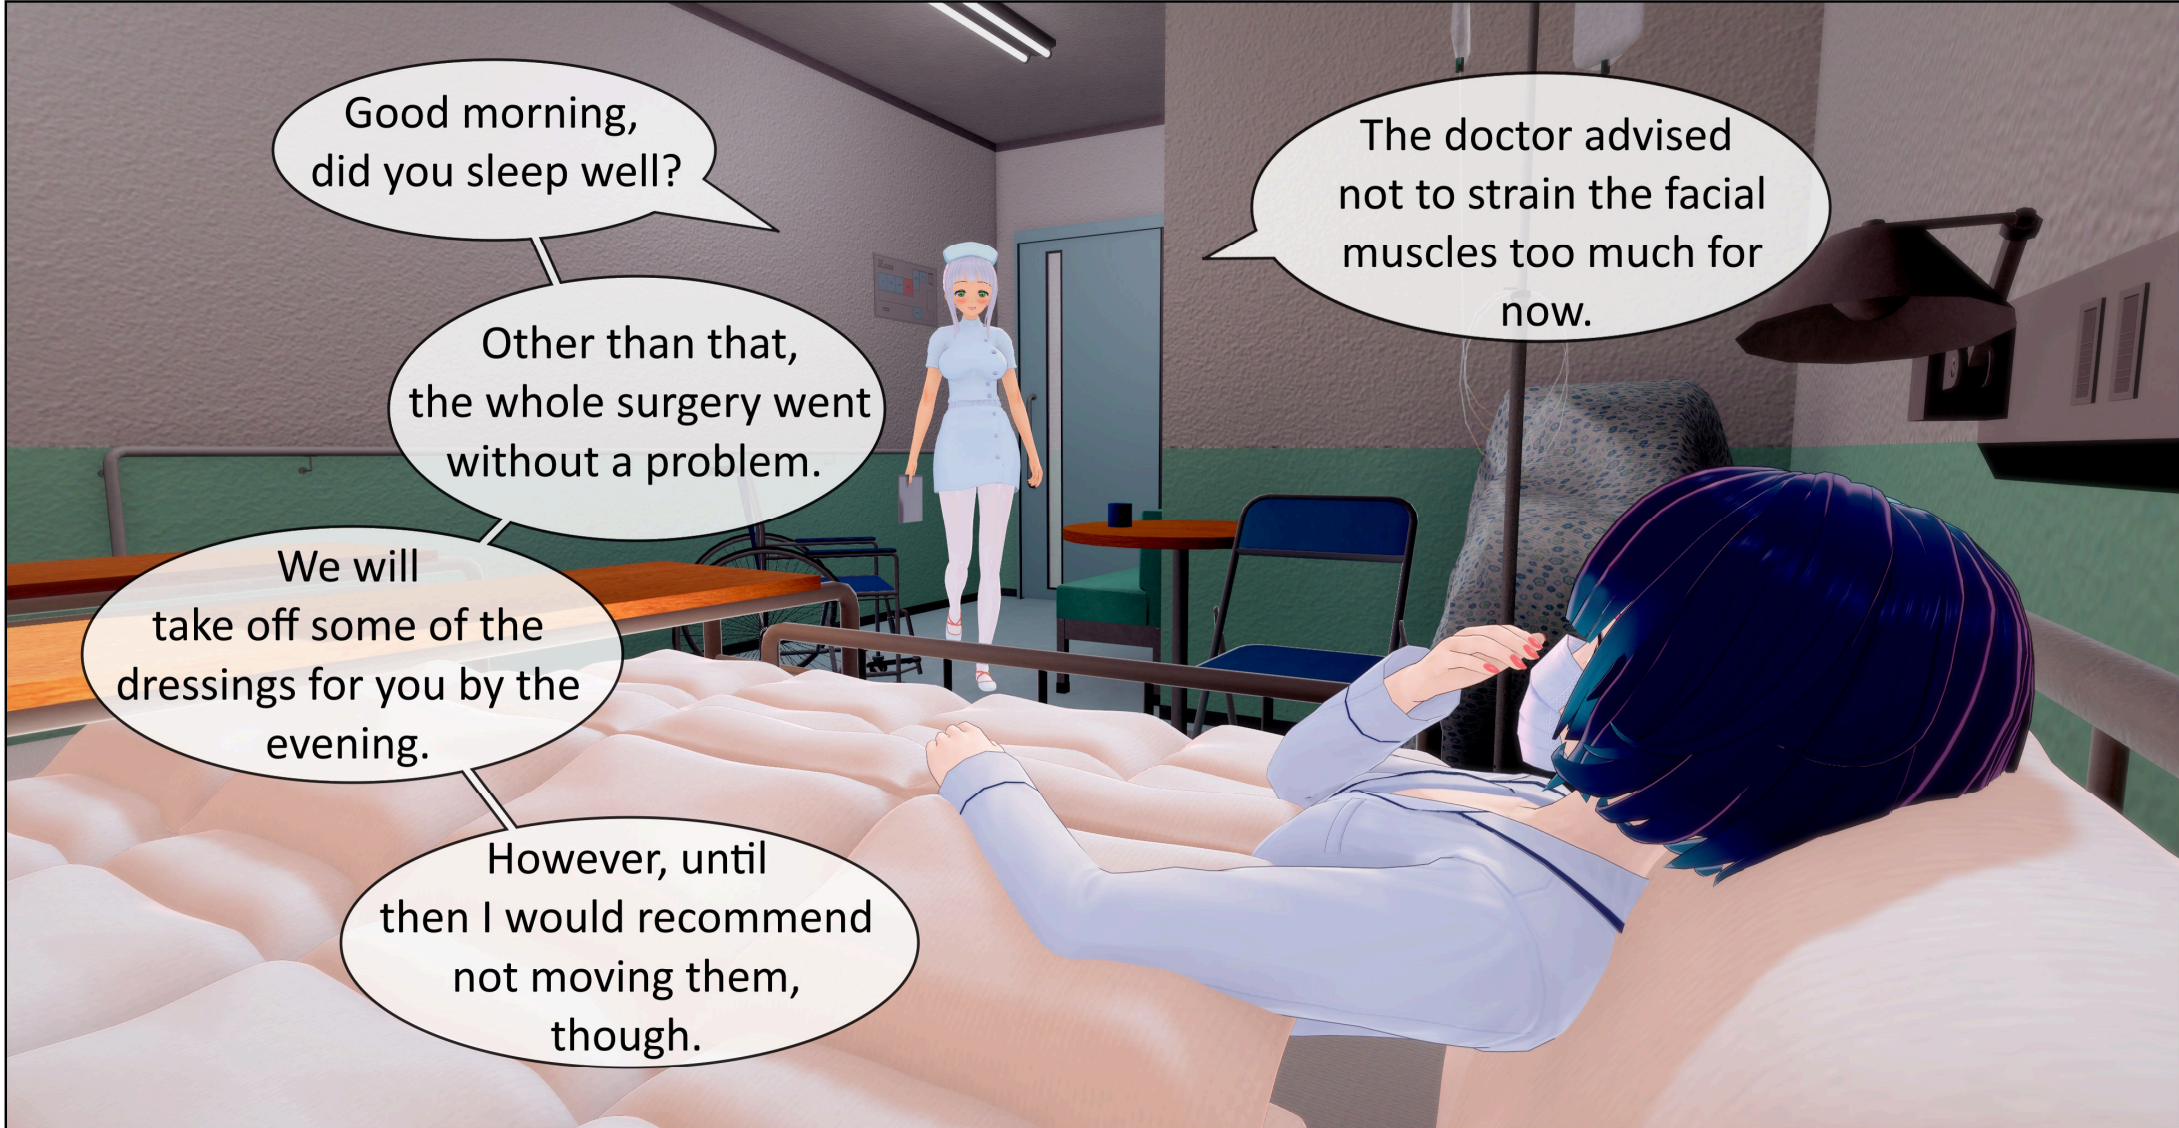

At least it's a good thing it's over?

What is that?

Shocked

Wait, why is my face so numb?

I would advise you not to touch it for now.

Good morning,
did you sleep well?

Other than that,
the whole surgery went
without a problem.

We will
take off some of the
dressings for you by the
evening.

However, until
then I would recommend
not moving them,
though.

The doctor advised
not to strain the facial
muscles too much for
now.

No no no.

After all,
they were supposed to
operate on my chest
not my face.

Please tell
me this is just a bad
dream.

There must
have been some
terrible mistake.

I'm sorry,
has Hina-chan
woken up yet?

And could
I talk to her?

Okay, in that
case I'll wait.

Yes, just
now.

Of course,
I'll just do a brief
research.

After the nurse left....

And how do you feel after the surgery?

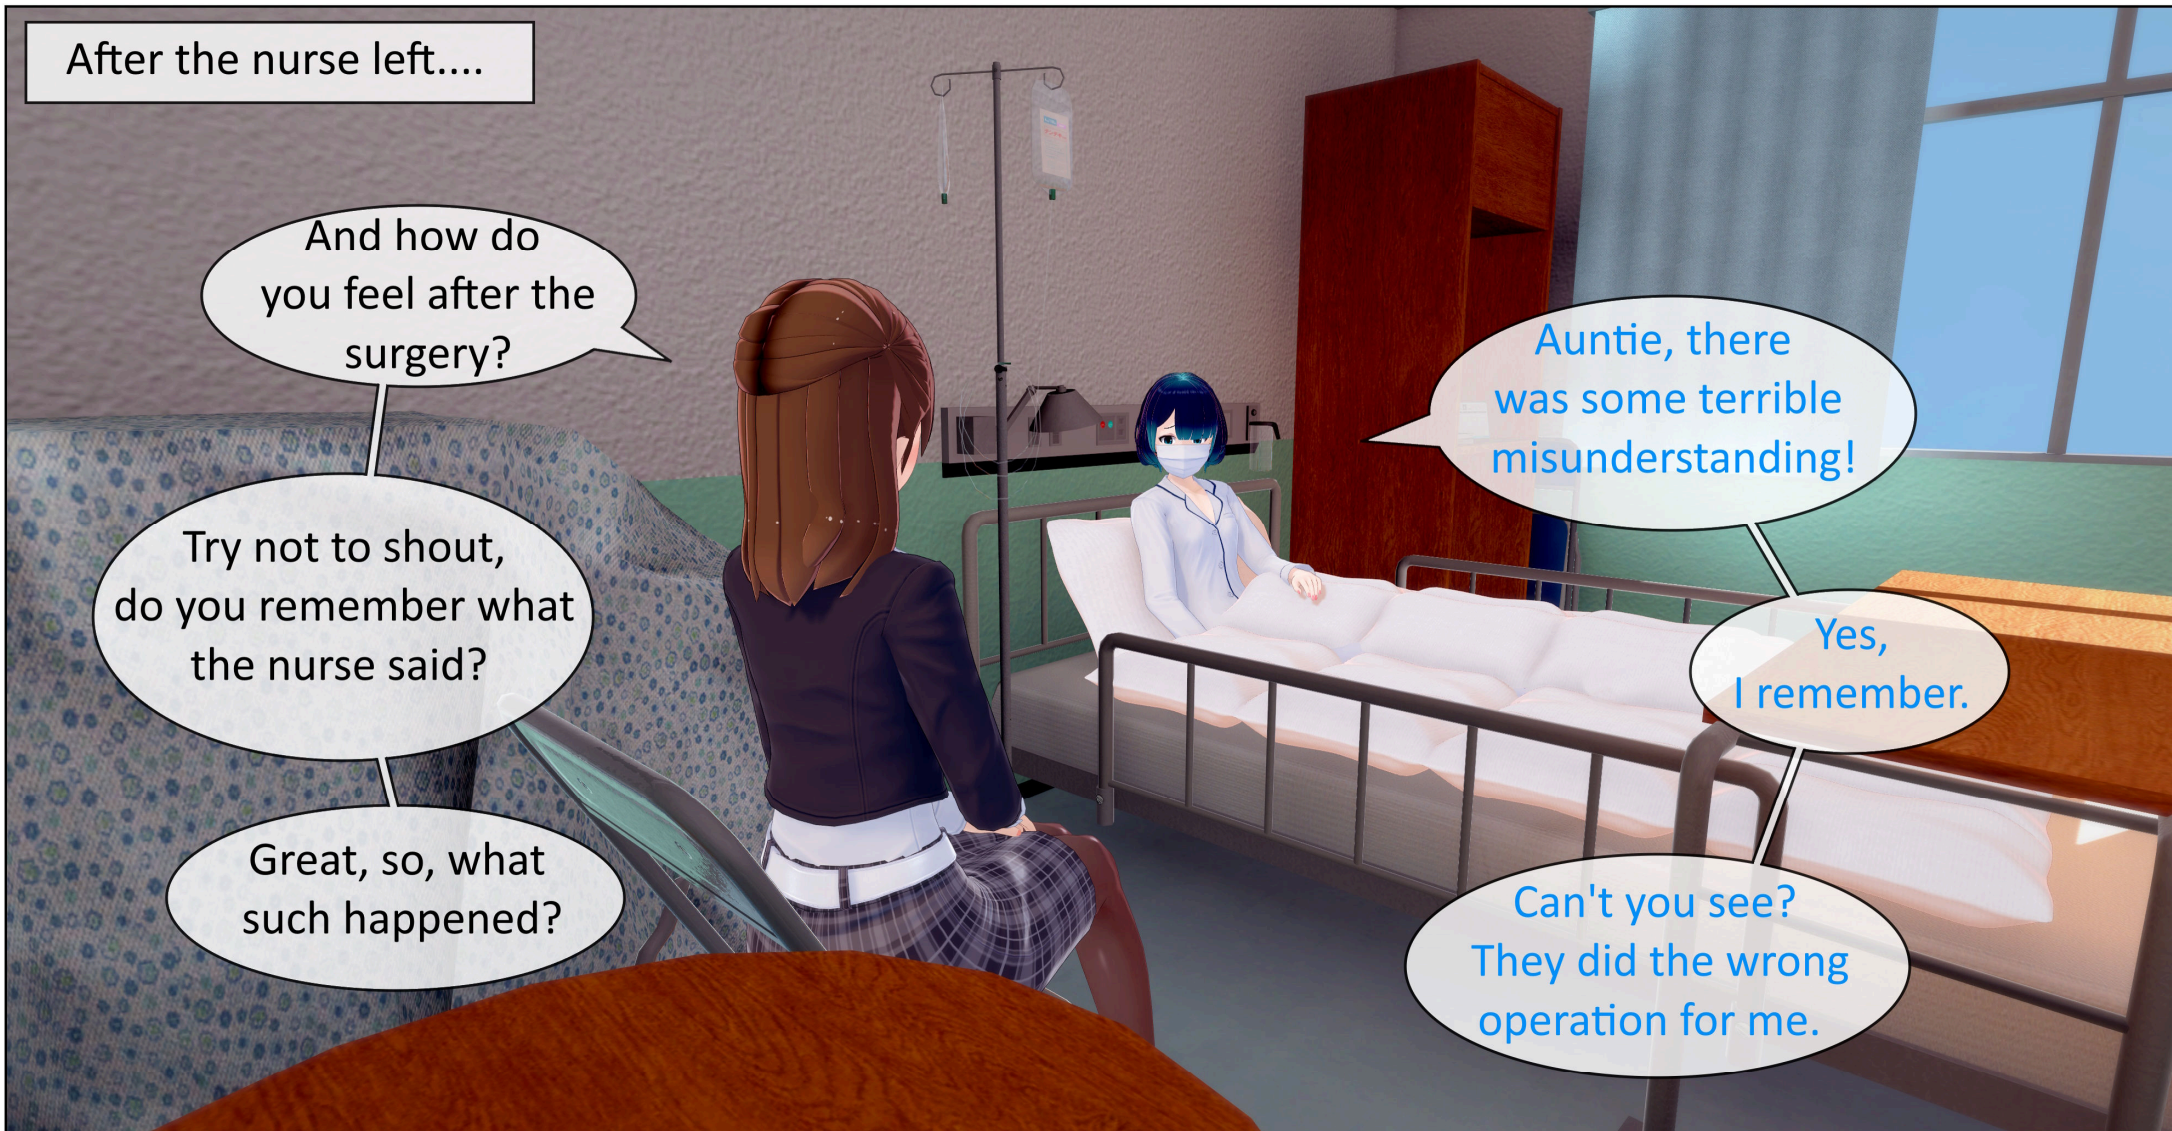

Try not to shout, do you remember what the nurse said?

Great, so, what such happened?

Auntie, there was some terrible misunderstanding!

Yes, I remember.

Can't you see? They did the wrong operation for me.

What!

You've got to be kidding, do you know how expensive the surgery was?

Mad

Who do you think paid for all this?

Exactly. And instead of thanking me, all I hear is complaining.

Er...

You?

Er... Ymm...
But I thought it would be something else?

And what else would it be , after all I said all along that it would solve your little problem

But we've already been to the doctor about it and you get injections for it, right?

I thought you meant my strange swelling?

Yes.

It looks like I'll have to raise the money for this operation myself.

I wonder what they did to me like that? Maybe it won't be so bad.

Nothing has changed, as soon as everything heals you will return to your old school for a day.

Yes, just like we talked about, as soon as you get better you will go back to your old school.

Wait, now what will happen to my return to my old school?

Really?

Is it possible that my face hasn't changed that much at all?

Two weeks later...

I still can't believe that Zero Two really couldn't go with us, now it's almost like we're on a date.

happy

I have some friends in this school.

They said they would take today off.

I already told you it's not a date and we are here for a very important reason.

Where did you even get these uniforms?

And they won't need them?

I knew it all sounded too good to be true.

sigh

I even changed my makeup just to be safe. Let's hope it will be enough.

But I never would have guessed that I would be back here as a girl.

I just hope that this wig and hair extensions will be enough so that no one will recognize me.

To be continued...
