

Eternal dream

Chapter 16

By Ron512 and Kami1

Is something wrong?

Girls keep an eye on our food for a while, we'll be right back.

Zero two can we talk in private for a while?

No but I need to ask you something in private.

Sure.

Of course,
that's the fastest
and best way.

Sometimes and
what do you have
a better way?

Naomi, you plan
to use what you
usually do in such
cases, right?

And it doesn't
seem a bit boring to
you. After all, you
always do it this
way.

And
what would you
say to a small
bet?

食器返却口

追加メニュー募集
は食堂の人まで

A bet?

Yes, that you can't do it without the help of you know what.

No way. You know how much work it would be then.

So you are afraid that you will lose.

No but if we have the opportunity then why not use it.

But you always use it, you always go for the easy way.

And what's wrong with that I like to make things easy for myself.

Although I guess I have to do it differently this time anyway.

After all, aunt Mayumi forbade me to use anything on Hiro, I mean Hina-chan.

Wait a minute you know about everything, since when and how?

Yes, auntie told me about everything about a week ago, I thought you knew.

Shocked

All in all, it might actually be quite a challenge.

In the corridor...

What do you mean, after all, you said yourself that you need to learn as much as possible about idols.

Why, I think you would be a great idol. hehe

Okay, okay, just kidding.

Zero Two, what are you doing?

Yes, but not to become one of them.

Zero Two.

We need to cancel this as soon as possible.

I don't see the need for it.

And who says you have to.

Learning can always be stopped.

And this way you will be in contact with real idols, right?

But I don't want to become an idol.

But if I have to learn how to become an idol.

Yes.

And that's what we care about.

You'll be able to ask them whatever you want, whenever you want.

Don't worry I don't either.

Of course, I guess you didn't think I would let you go there alone.

And what about all that learning? I don't even know how to sing.

You don't either, wait a minute does that mean you are going there too?

Maybe this is actually not such a bad plan.

But now come on.
We have to tell your aunt
about everything.

I mean
mom. hehe

Don't worry,
I'm sure they'll figure it
out on their own.

Wait a
minute!

What about the girls?
Maybe we should tell them
that we are going?

第一校舎 →

Some time later...

Unbelievable,
they really forgot
about us.

They could
have at least
said.

I think they
probably won't
come back.

Angry

...

A few hours later
in the club room....

What's
going on?

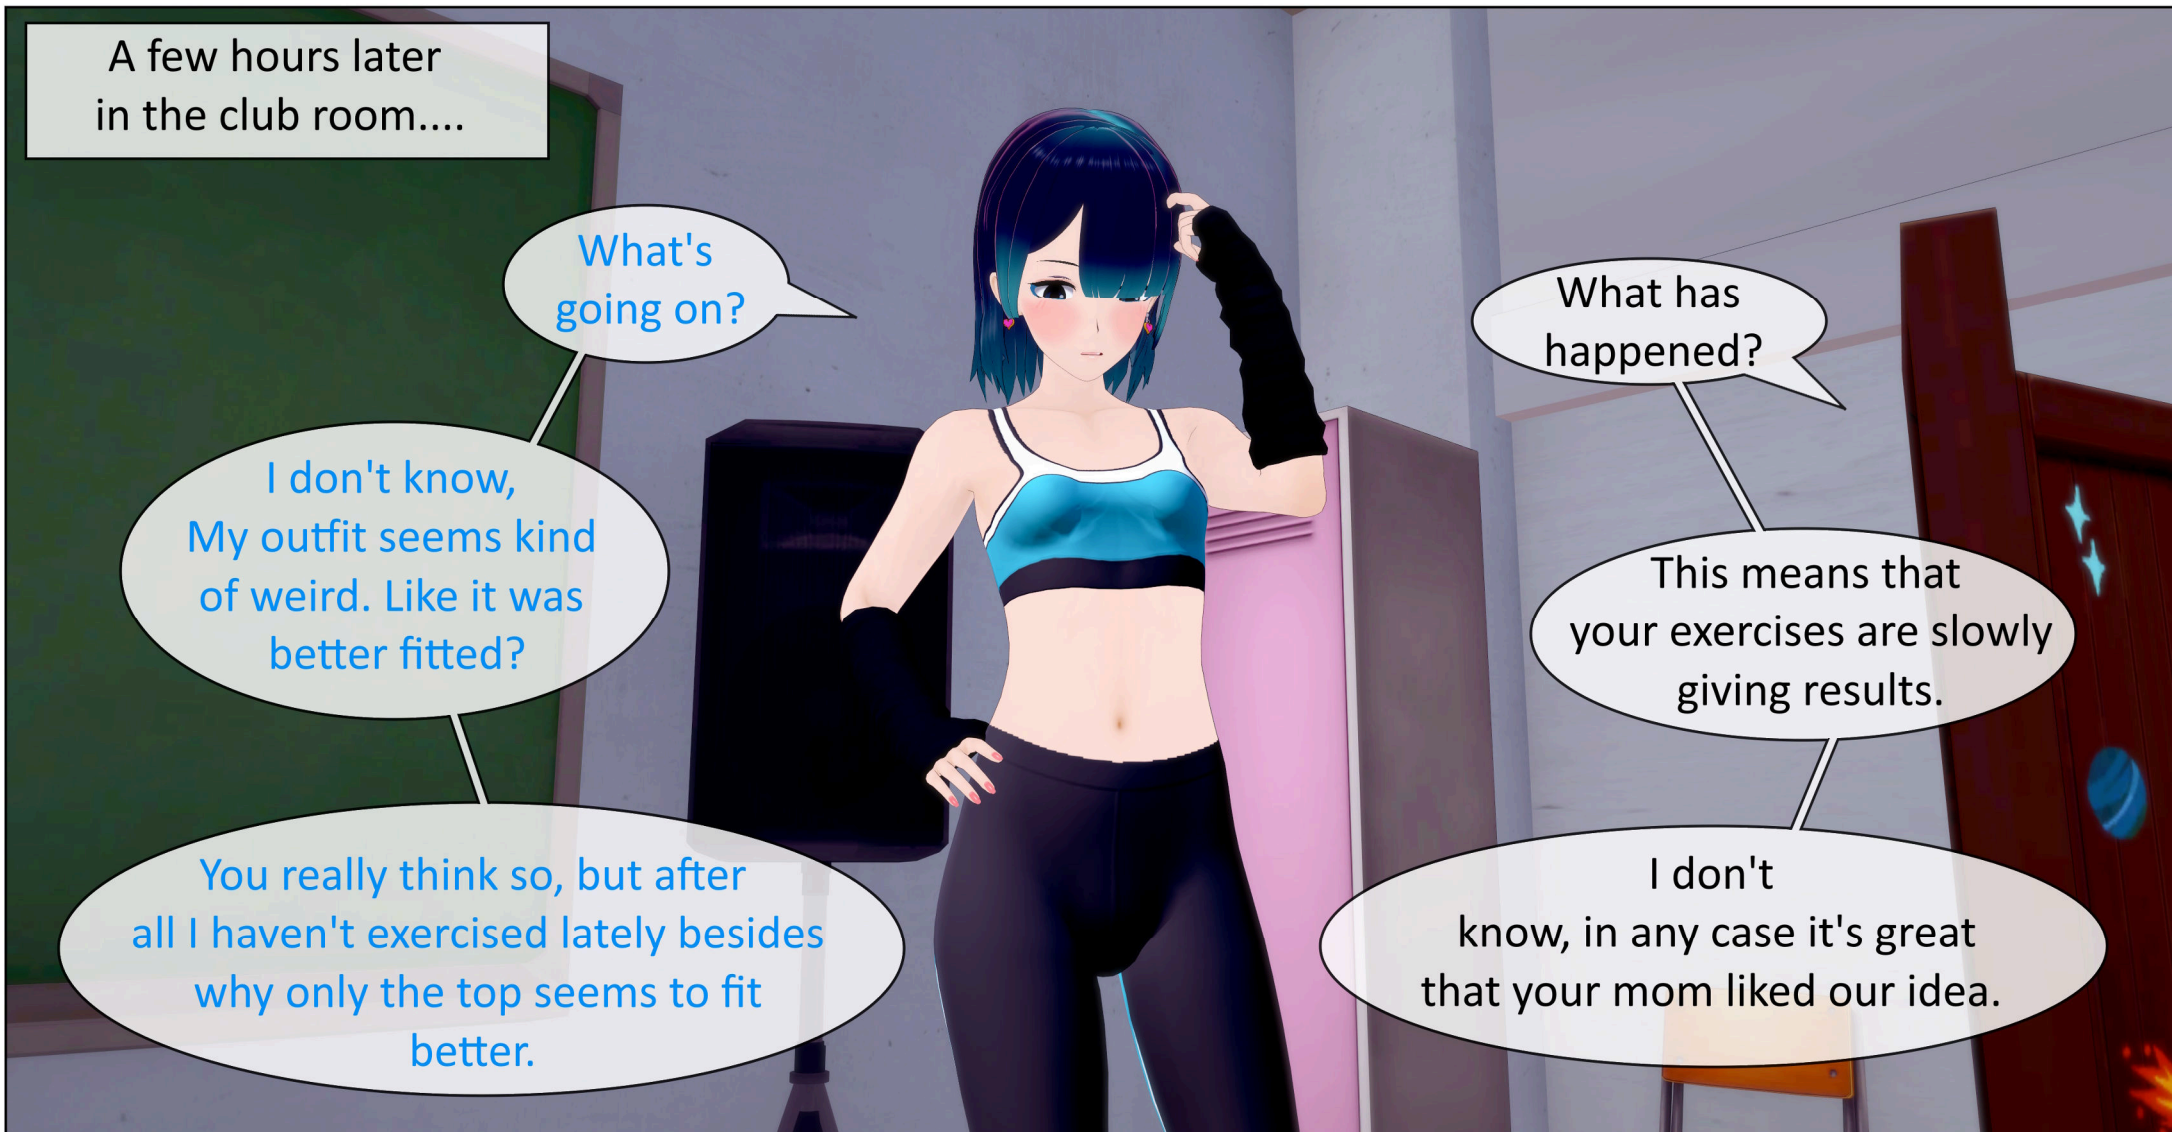

I don't know,
My outfit seems kind
of weird. Like it was
better fitted?

You really think so, but after
all I haven't exercised lately besides
why only the top seems to fit
better.

What has
happened?

This means that
your exercises are slowly
giving results.

I don't
know, in any case it's great
that your mom liked our idea.

If I were you,
I wouldn't do it now.

Why, it's probably
better to say now that I'm
quitting than later.

Yes, but now
the girls are pissed at us
that we left them.

What, you said
they would guess that
we went.

Yes, but apparently
they waited for us for
almost half an hour.

Oh no, they are
probably healthily
pissed off now.

Probably yes.

Moments later...

And how? How do you feel?

What, but I already started five minutes ago.

Yes, you really did not feel anything?

A little bored. Can we finally start, my butt is freezing?

Really? I haven't felt anything yet.

Nothing, only how you took off my pants, maybe also a slight push nothing more.

I told you anal
was a bad idea.

Really?

Then
why don't you
feel anything.

Sorry but
today is not my safe day,
besides, anal is better
than regular sex.

That's what
I heard from my
friends.

I don't know.

Please stop.

Okay, it's great.

AHH

AHH

Sorry but I had to. hehe

If you really want it to give you pleasure then you need to try a little harder.

Yes, yes.

Harder,
faster!

Don't spare yourself!
Show me what you can.

Is it better
now?

Zero Two,
I... I....

I'm coming!

Me too.

Let's
do it together
Darling.

Unbelievable,
it's even better than
with Saki.

I told you that anal is great.

That was amazing.

Yes, we have to do it again soon.

Of course, only next time it will be you on the bottom.

No problem, whatever you say.

Can you get off me now?

Just a second more.

After returning home...

Gosh what a crazy day it was.

And now as everyone thinks I'm Aunt Sora's daughter I have to try to get the best grades possible.

All in all, it's not such a bad idea, after all, I'm only supposed to learn how to become an Idol, not really become one.

Three tests on the same day are definitely too many.

Although that's still nothing compared to what Zero Two got me into.

And with this, my problems with the school newspaper will end.

Mom,
I'm back!

Hmmm?
Mom?

Although it looks like no one is there.

But why was the door open?

I just hope no one robbed us during that time.

It's a little strange to talk to your own aunt mom, but I don't know if there isn't someone around at the moment.

Mom said she had a meeting today, I don't think she's back yet.

Hmm... Maybe she forgot to lock up this morning.

But it doesn't look like anything was lost, so I guess luckily nothing happened.

Well... Fortunately, I guess nothing like that happened.

After all, I have less than an hour before Zero Two comes to pick me up.

Dread to think what would have happened if someone had entered while we were away.

But now I have to go and wash and change.

In Hiro's room...

Admittedly
only anal but before that
I didn't even have a girlfriend
and now.

I feel that
there will be trouble
from this.

And Zero Two
knows about Saki or
maybe not?

I still can't believe it
that I really did it with Zero
Two and with Saki-chan.

Now
I even have two
in a way.

Although Saki-chan
knows that Zero Two
is my girlfriend.

I don't know.

All I know is that I want to finally take off that stupid exercise outfit.

Ah~immediately better.

Just a bra yet,
but I'll take off my
panties first too.

Because
they squish
my balls.

Better

Oops,
I've been so focused
on what I was doing with
Zero Two and Saki-chan
that I got stagnant
again.

I'll now have
to wait a while before
I put on those panties
again.

Although there is also another way.

I think that in this case nothing will happen if I relieve myself.

Besides, I can't stop thinking about what I did today with Zero Two.

Aunt Sora said recently that such meetings always take a long time.

After all, I can't sit around waiting for my penis to go flaccid.

And that excites me even more.

I know I shouldn't do it here.

But Mom isn't home right now anyway and I can't go without panties.

And by the time mom gets back I'll quickly clean up like nothing happened.

I should at least go to the bathroom.

So I think that if I do it here and now, nothing will happen.

And you weren't surprised that the door was open.

Do you really have me so unresponsive?

Besides, say you always masturbate whenever I'm not around.

Mom, what are you doing here, I thought you were in a meeting?

embarrassed

I thought you had forgotten.

No, I just...

No, today I just had to do it, otherwise I couldn't control it.

Well... After all, you're a guy so it doesn't surprise me that you do it.

But you could do it in the bathroom and not stain my carpets.

Unless you want me to just punish you?

And I honestly wouldn't mind in the end everyone has their own needs.

And if you're having trouble getting it under control, I think I have something that will help you.

No.

Moments later...

Just a moment more,
I'm almost done.

If you
can't control it
then yes. It is
necessary.

It depends on you
and your behavior.

Ouch, that hurts.

Is it really
necessary?

And how long
should I wear it?

Shocked

What is it!?

Mom,
I, however, changed
my mind. You can take
away my phone as
punishment.

And ready.

It's a purity cage,
it will help you control
your urge.

Too late, if you
want to get rid of it, you
have to prove that you
are a good girl.

Until then, the key stays with me.

By the way, I would advise you to walk in a skirt now because in pants everyone can see that you have something.

And don't forget to call your dad as you promised, besides, clean up this mess.

Er... OK.

sigh.

Now I will have to do everything mom tells me to do for a while without complaining.

Worse how to hide it.

Unbelievable, I did it again, I got into trouble again.

It was a bad idea to do it in my room, though.

Then I'm sure she'll take it off me quickly.

Moments later...

Done, I think it worked.

Just like mom said, under the skirt you can't see anything.

Now I have to go everywhere in a skirt.

I just hope that at work or school no one will notice anything.

Strangely, the doctor said that these injections would help my swelling.

Instead, I have the feeling that it is getting bigger and bigger.

Later in the restaurant...

moe moe

kyun~

moe moe

kyun~

How cute! Dude
which one do you
prefer?

Definitely the
one on the right she has
bigger breasts.... I mean the
prettier eyes.

What a humiliation.

Yuri-chan, as a punishment for leaving them behind, said that we either collect a minimum of \$50 in tips today.

embarrassed

Otherwise, we clean the toilets by the end of the month.

Although I don't know which is worse this or cleaning the toilet

On the other hand, I have to admit that Hina-chan is also slowly developing.

But what's that?

Oh, that, no, it's just some weird swelling.

Indeed, how could I have missed this before.

Your bust has grown a bit.

Don't say that, clearly your breasts have grown.

Besides, tell me, wouldn't you like to have bigger breasts?

Of course not, after all I am a guy.

But if I say so she'll guess that something is wrong.

And I already have to be careful because of this purity cage anyway.

Maybe a little bit.

I knew. hehe

After all, what girl wouldn't want to have nice big breasts.

But now let's get back to work, we'll talk more later.

After work...

embarrassed

I don't want to enlarge my breasts at all.

I only said that to avoid arousing suspicion.

Why you didn't say anything about it before that you would like to have bigger breasts.

You know, I know several doctors, I think surely one of them would help you.

Ah, I know you really want it, so how can Monday be?

What, no!

Zero Two.

It won't happen, I'm a guy. And guys don't have breasts.

Except for me.... ? Hey!

Relax, I was just joking. I don't know any doctors.

Although if you ever change your mind I can try to arrange something.

Except for you.

Hehe

In the studio...

For what you did I should kick you out and not give you a second chance.

Angry

No, but why write that you can do something when you don't even know how to turn it on.

Naomi, don't be so harsh, I'm sure he will learn everything.

Ah, I already apologized, after all.

Besides, was I the first who lied in his CV?

Of course, just show me how and you will see for yourself what I can do.

I doubt it, but no worries Thailand at this time of year is very beautiful.

And where do you think a large part of idols come from.

That's no problem at all.

She was joking right?

Thailand?

But I'm almost 5.6 feet tall.

I don't think I need to introduce Erika to you.

No, we have met before.

Me too.

Great, and this boy is Yuto our new intern.

Just before we start can we borrow some outfits?

What do we need the outfits for?

To get a better feel for the clique.

Ymm... Sure, just don't break anything.

What is she planning again?

In the locker room...

What's with the costumes?

You didn't say anything about them before, besides, it was only supposed to be a study.

And now you want me to wear some strange outfit.

This one no, this one also no. This one... Too masculine.

This one has pants then no.

Yes, but I didn't know before that you would come in a skirt.

And you probably don't want someone to see what you have under it, do you?

And what happens to the skirt when you rotate?

That's why Idols never wear regular skirts.

Exactly, and now tell me....

What, and why would anyone look under my skirt?

embarrassed

Oh no, I completely forgot about that.

Is that what the costumes are for?

You like blue,
don't you?

Because
I think I found the
perfect outfit for
you.

It just needs a
little improvement.

Yes, why do
you ask?

Moments later...

Don't complain you look great.

Don't worry.

Unbelievable that I really agreed to this.

I just hope no one will ever recognize me.

Wow , girls
what happened to
you? You guys are
looking great.

Hina-chan, weren't you
a little smaller in some places
before? hehe

It's because
of those shoes.

Er... I mean
your breasts.

Oh that, Zero
Two forced me.

That size suits
you, it's a shame we're
not recording anything
today.

Really?

Sorry, I'm already here.

Why do you need this outfit?

Because it's much more fun this way.

Yes, We are just waiting for Erika-chan yet because she disappeared somewhere.

With me
it will be simple,
I can nothing.

Neither to
dance and even less
to sing.

And now we can
move on to our lesson.

Only first I would
like to see what you
can.

Surely it's
not that bad.

Naomi, can we
ask for something quick
to warm up?

Sure.

You've
heard turn on some
fast track, I hope you
can do it.

Then turn
it on.

Yes, no worries.
I even have something
perfect.

What's wrong with me tonight, I'm overheatin' and I feel I could die,

I wouldn't mind having you by my side, my sex drive is way too high!

Cool.

Naomi?

Sorry, eee.... we have small technical problems.

Ouch!

Fixed.

SFX: Lil Peep - Sex With My Ex

Okay, since we're about to start, just a quick explanation.

This monitor will show the lyrics right away, try to sing it to fit in with the melody you hear.

You will sing alone first, I want to know how you are doing.

Should I sing alone or together with Zero Two?

It's easy to say.
Why did I even agree
to this?

stressed

The only thing is
that I am about to
ridicule myself.

My heart's
a stereo

And don't be nervous,
everything will be fine, it's
just a training.

After all,
I can't sing.

My stomach
and head hurt.

It beats for you,
so listen close

Hear my thoughts in
every no-o-o-te

Make me
your radio

And turn me up
when you feel low

sfx: Gym Class Heroes -
Stereo Hearts

What is it?

Shocked

Where did she
suddenly get that
microphone?

Also, that voice,
gosh. She could become
an idol herself.

Actually why not.
It can't get any worse.

Because good music
can be so hard to find
(so hard to find)

Thought love
was dead, but now you're
changing my mind

I only pray you'll
never leave me behind
(never leave me)

I take your hand
and hold it closer
to mine

Hina-chan
needed a little
push.

Oh, that,
sometimes I go to
karaoke, no big
deal.

And who do
you think taught
her.

What was that?

Yes but I
was more referring
to your singing.

No big deal.
You're better than
Erika-chan.

Unbelievable.

An hour later...

That, unfortunately
, would be all for today
at school I'll tell you when
to come again.

This,
eee.... It was just a
recording.

Yes, I thought it
might help you if you
heard someone singing
that song.

I don't know
unfortunately it's time for
me , until the next one.

Thanks, by
the way who sang
along with me at the
beginning.

Really?

Oh, and who was
on that recording?

Yeah, sure, until
the next one.

After returning home....

Gosh, I'm exhausted.

I don't know how I'm going to handle it.

Although probably the worst thing about it all is that I have to pretend to be a girl all the time.

And this is just the beginning of all this learning how to become an idol.

And then there's the work.

The good thing is that so far no one has discovered anything.

Even despite this gift.

I don't understand her first she makes me pretend I'm a girl and then she makes me wear something like this.

Although this is acutely my fault, I shouldn't be doing this in my room.

And from what I saw she must have had it prepared beforehand, so she probably didn't want to punish me with it.

She probably kept it as a last resort that I provoked.

But there is nothing to feel sorry for myself.

Although if not Zero Two it would have been a disaster.

But now it's time to call dad. The question is what to tell him.

Besides, today was not so bad, it was honestly even funny.

Other than that, it was even fun.

To be continued...
