I guess
you're not so good at
guessing sizes after
all. hehe

jealous

It's not my
fault she has breasts
like a cow!

How did you
even manage to
put it on.

Those seams are
about to burst.

Tell honestly which one you like better.

Just don't lie.

And if you're nice, maybe you'll be able to take one of them off.

On the one hand, it's good that this boy didn't notice that Hina-chan is hiding something.

But if he tries anything else he'll regret it.

It's enough that Saki-chan is trying to steal him from me.

jealous

I brought another set.

This one should fit better.

It also has a slightly longer skirt.

sigh.

embarrassed

I want to go home.

Unbelievable
that I really have to
do this.

Well...

This outfit seems
much better at least than
the previous one.

Moments later...

This outfit is definitely much better.

I have to admit that I even like it.

Now I really look like an idol. So I don't have to be afraid.

And the best thing is that the skirt is not only longer but also heavier.

So I don't have to be afraid that the wind will lift it up for me.

happy

And in this sweater you can't see how big my breasts are.

During the photo shoot...

Try to show that you are interested in it.

I'm trying

At the moment you are looking at the lock, do you want to steal it?

Like this.

Squint your eyes slightly then the smile looks natural.

Yes, exactly like that.

Alright that's enough. Besides, I have to get back to work.

Show these photos.

Great. you can't see that they are custom made.

You can also see our logo in the background a few times.

Then it would be annoying.

Please, what do you think of them?

I tried to make sure it wasn't on every photo.

Come on Hina-chan, you should see them too.

I'm on the way.

I hope I didn't look too silly in them.

You definitely came out the best in this photo.

You can say it almost shows the whole you. hehe

Really?

Okay, now it's time to pay.

As it was agreed the money will be given to you by Naomi after all she was the middleman.

As a bonus, you can also keep the outfit.

Really?

Some time later...

You did quite well, at some moments I thought it was over.

I don't know maybe a women's lingerie store?

Me too.

Fortunately, the worst is behind me.

After all, what could be worse than a women's clothing store.

Can you not beat the poor dummies?

You're right, why did they come so close.

Let's clean it up better.hehe

Oops...

I didn't mean to, they just stayed too close.

A while later...

No, but they look much better now.

Forget about them we have more important things to do now.

Are you sure that's how they were positioned?

Maybe we should set them up the way they were.

Okay, which one do you prefer?

What's a shopping trip if you don't buy anything, then?

It's a bra, they don't make it for men.

What?

Isn't there something more masculine?

I know

Wait a minute
you only have one
bra?

Shocked

And that's
it?

I guess I have
to teach you a little
about bras.

I have three more
sports bras.

That's enough
for me.

During the lesson...

embarrassed

First and most important.

A woman can't have just one or two bras.

Then how many then must she have?

As many as possible. It's lingerie, after all.

Wait a minute are you just taking photos of me?

Of course not, I'm just checking something on the Internet.

When I take pictures I'll tell you.

That's good, because I wouldn't want another photo like the one before.

Can we go back to the lesson?

No, I just want to get it over with as soon as possible.

In my opinion, you looked great on it.

It's just a shame that the bag was there. hehe

Wow, I see you've really started to take an interest in it.

In the cabin...

And now my favorite part, which is choosing the right bra.

I didn't expect that your bra situation is so bad.

Hehe. Have you forgotten that you don't really have a period?

embarrassed

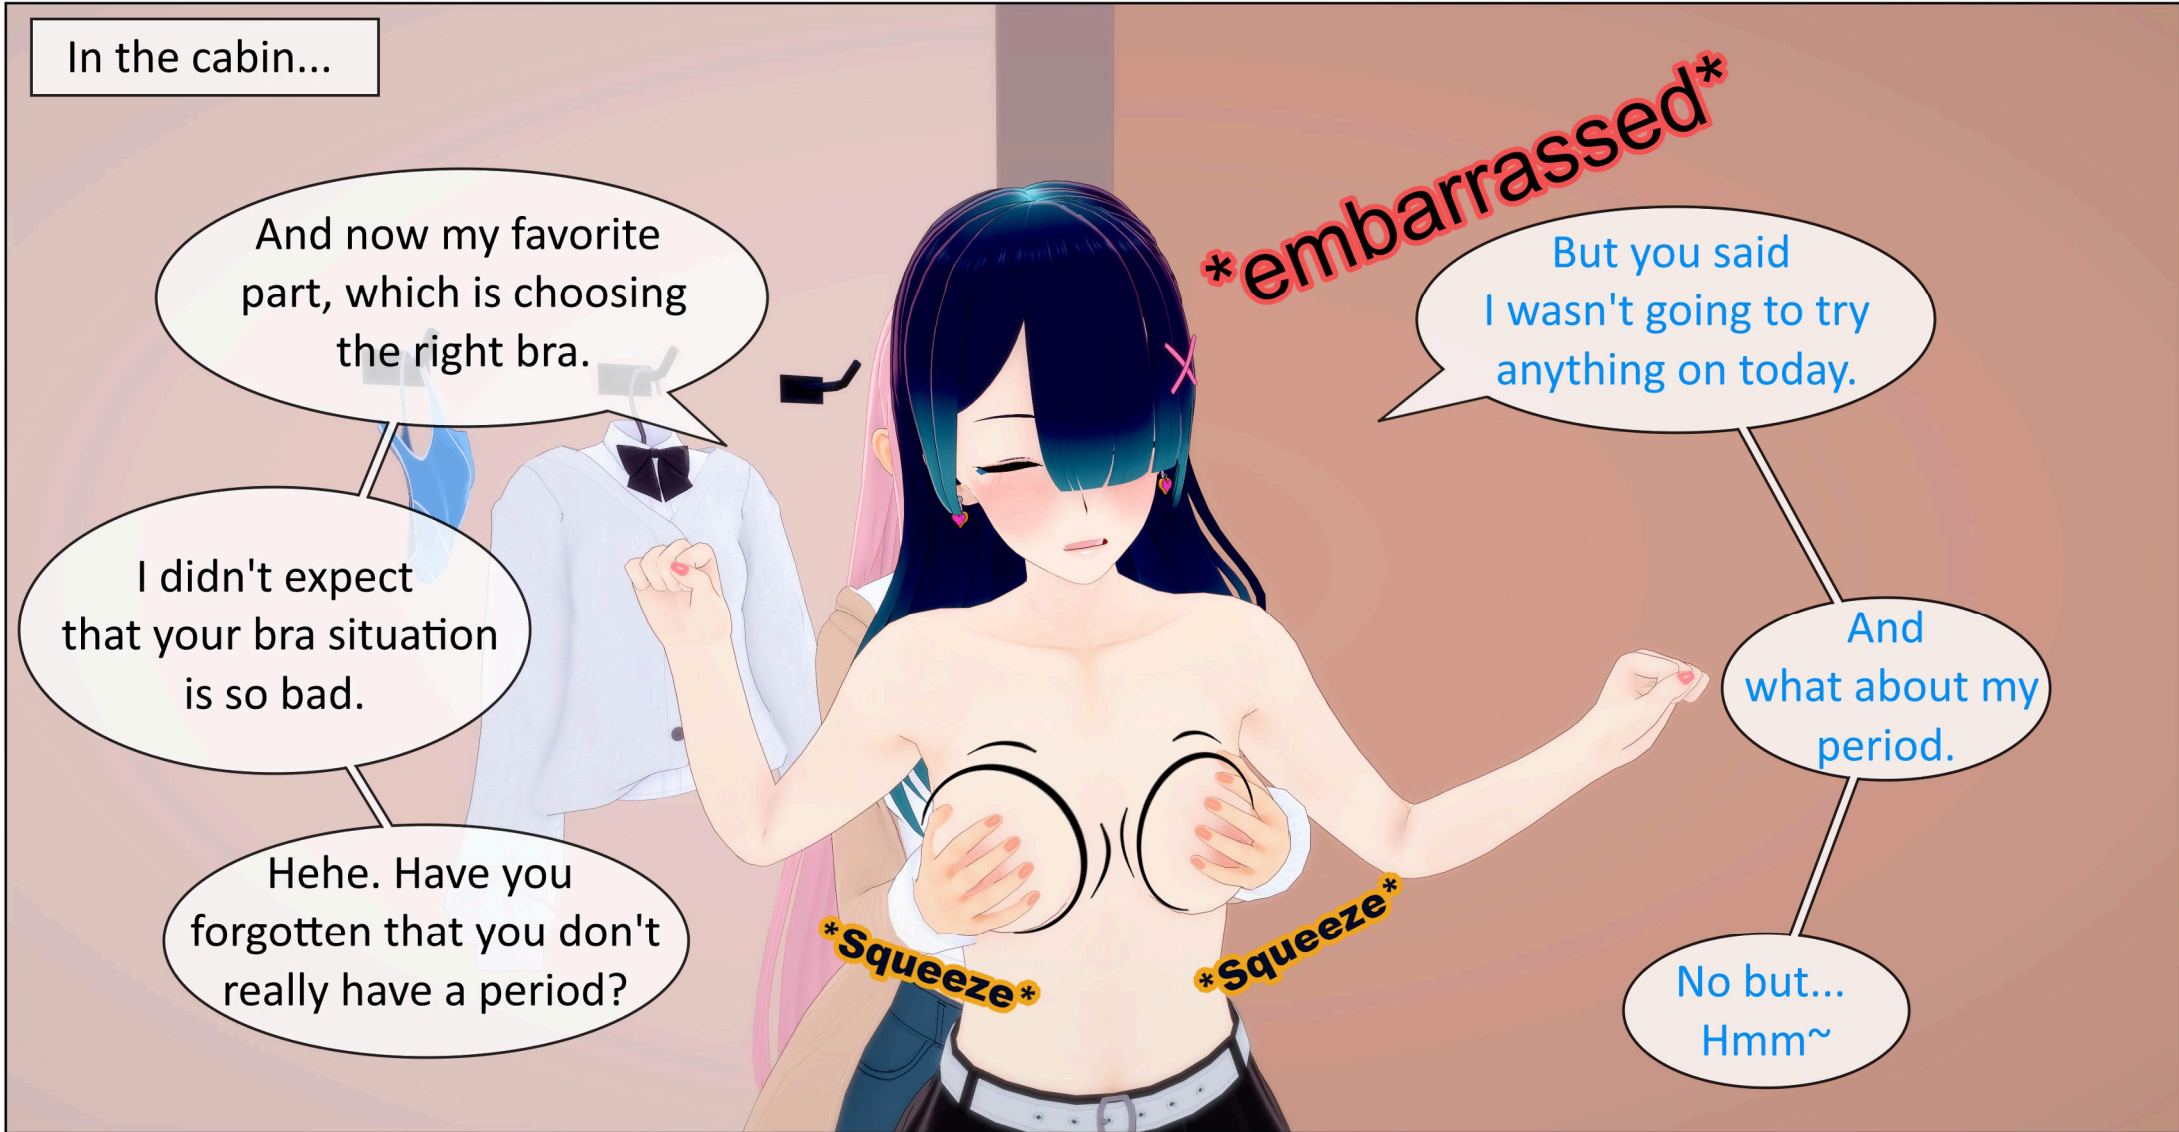

But you said I wasn't going to try anything on today.

And what about my period.

No but...
Hmm~

Squeeze

Squeeze

Besides, it doesn't bother when measuring the bra itself.

And by the way, what kind of reaction is that?

Did you forget that they are not real?

Although I'm impressed myself, you can't see any lines at all.

confused

That's because of the makeup.

Boy I actually look like a real girl.

A moment later...

Just like this.

And now lift slightly to make the breast sit well in the cup.

Yes, these things are called cups.

Whenever you give your bra size you say how much you have under your bust and your cup size.

Cup?

And what size do I have?

At the moment C, and without any disguise I think A.

But no worries, I'm sure they will grow soon.

How many times do I have to say? These are not breasts just some weird swelling.

Sure.

You'll see, they'll soon be gone.

Now let's finally take these photos and go from there.

No worries, I'm done already.

Meanwhile...

Hehe

Hina-chan and
Zero two are just
out shopping.

Yes, but
the best part is that
they are in a women's
lingerie store.

What's got you
suddenly so amused.

Really, I can see
that she is making
progress.

Just don't tell me
Hina-chan was trying
something on, too.

Wow, is it really him?

I mean she?

If I didn't know, I would never have recognized her in my life.

Her friends from her previous school didn't recognize her either.

Really? Unbelievable.

I too find it hard to believe how much she has changed.

Although Hiro-kun was not very masculine from the beginning.

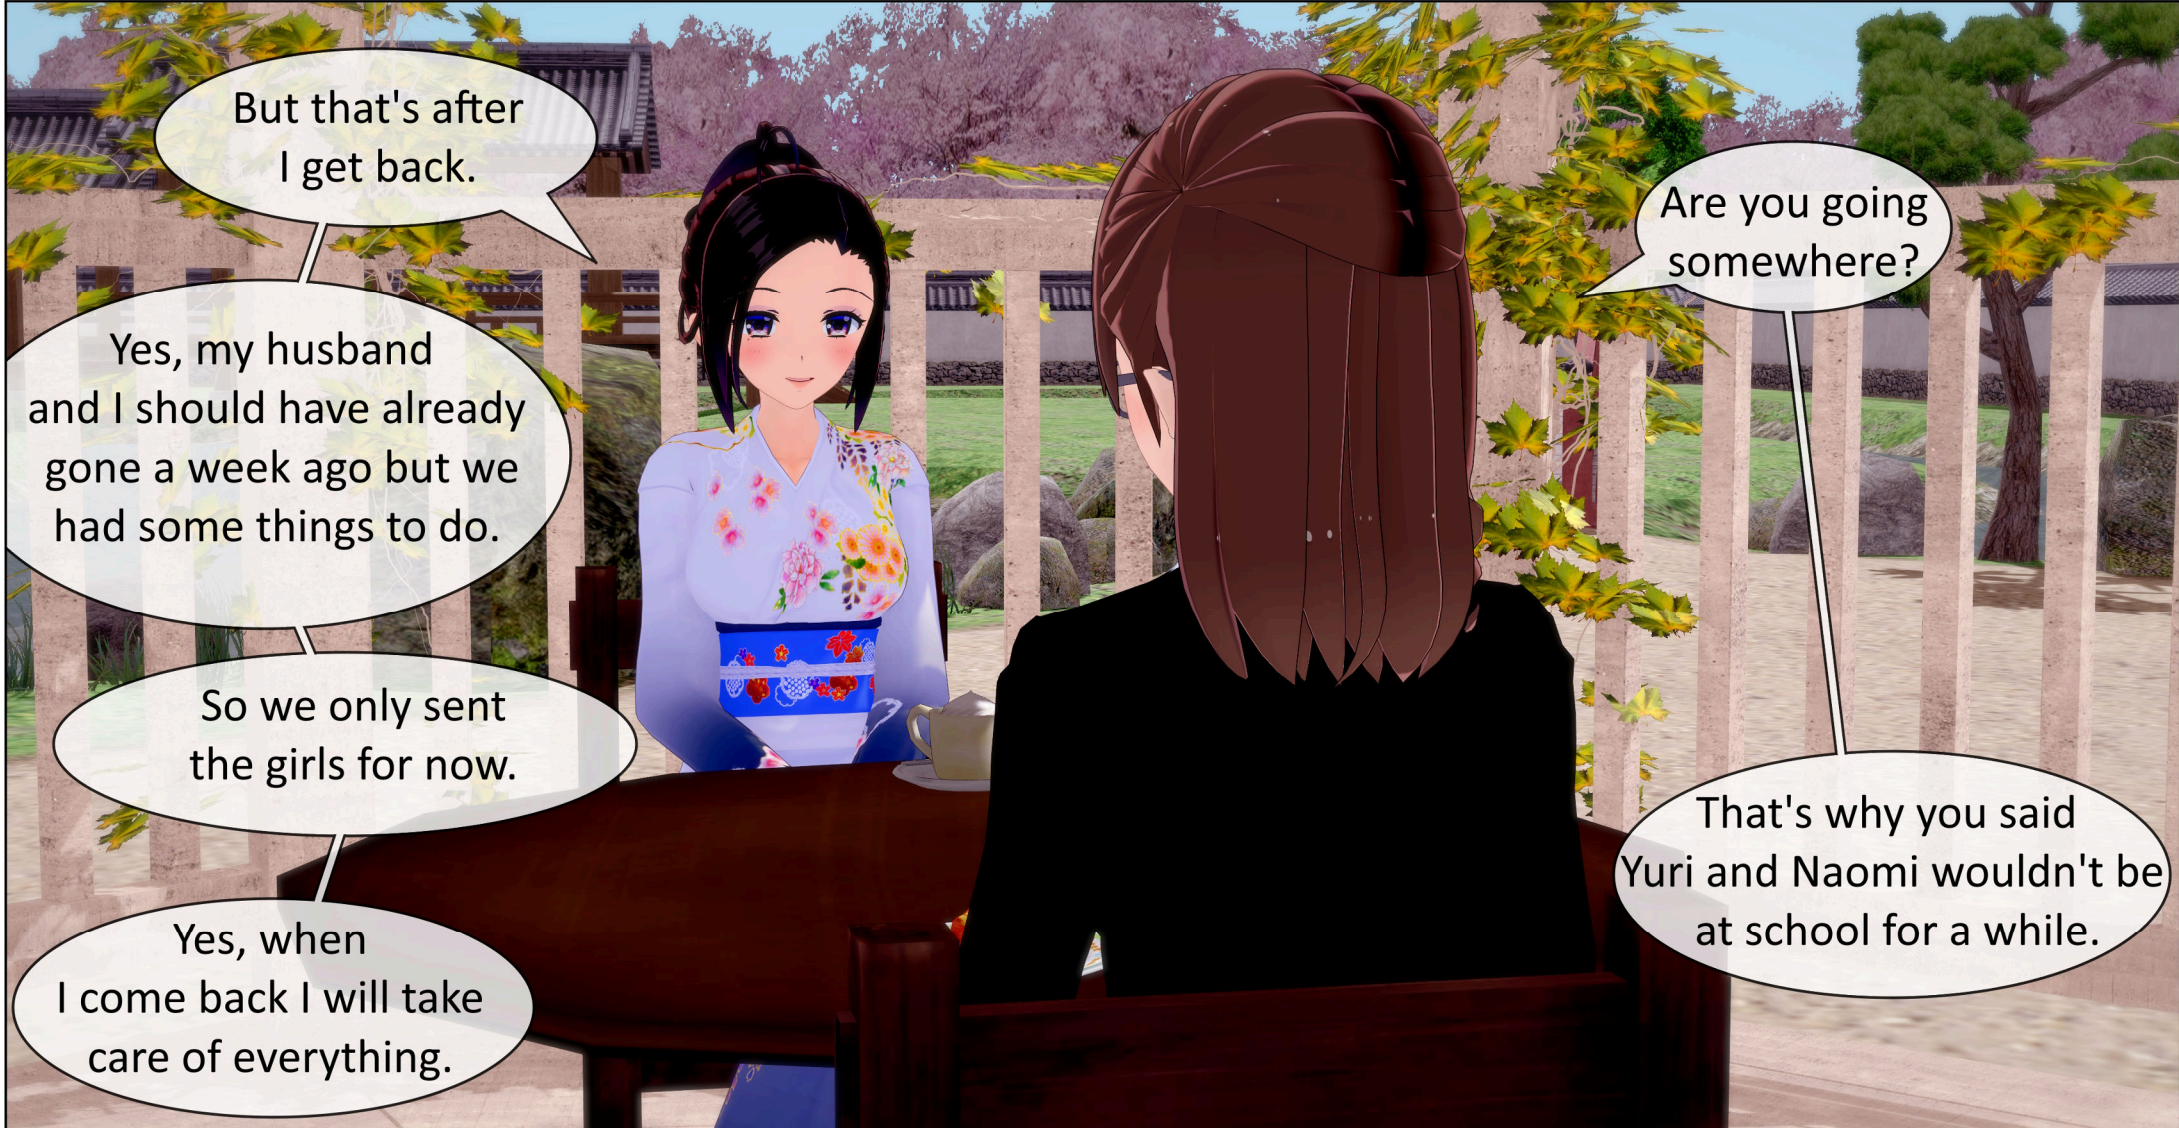

Yes, and she seems to be quite happy now.

I was a little hesitant about it, but I think it's time.

In that case, she doesn't lose much. hehe

Maybe you'll think again about my proposal.

Great and no worries I will take care of everything.

But that's after
I get back.

Yes, my husband
and I should have already
gone a week ago but we
had some things to do.

So we only sent
the girls for now.

Yes, when
I come back I will take
care of everything.

Are you going
somewhere?

That's why you said
Yuri and Naomi wouldn't be
at school for a while.

It's a shame that I have to go to this family meeting.

Hina-chan will have to wait a little longer.

This allows me to finally start getting real.

But unfortunately I can't say no.

happy

Fortunately, Sora has finally agreed.

Back to Hiro...

Thanks again
for the visit girls. The pictures
came out really nice.

Great. Do you
remember which
ones?

That's
good. As for the money,
I will send it to your manager,
Hina-chan, as established.

Thanks, we will
add them later.

Yes, no
worries.

Thanks.

And what is it?

You'll see when you get home.

I just hope I got the size right.

happy

What could it be?

Could it be another bra?

Well it will certainly come in handy.

I never would have thought that I would be happy to to get a bra.

Why did the photo shoot suddenly turn into a shopping trip?

I wasn't planning to buy anything at all today.

The other is a gift.

Probably some kind of bra.

Such are the charms of being a girl.

You go to the store for one thing and come back with two bags.

But still. Although I'm curious what it is.

Hi girls.

Are you looking for some company perhaps?

Or maybe you beautiful, if you want I can help you with the bags.

What? Are you on drugs?

Shocked

At most, with love for you.

What a cheap pick-up. I think I'm about to puke. I think I'm about to puke.

I have to play it good somehow.

I'd like to, but my mother won't let me hang out with strangers.

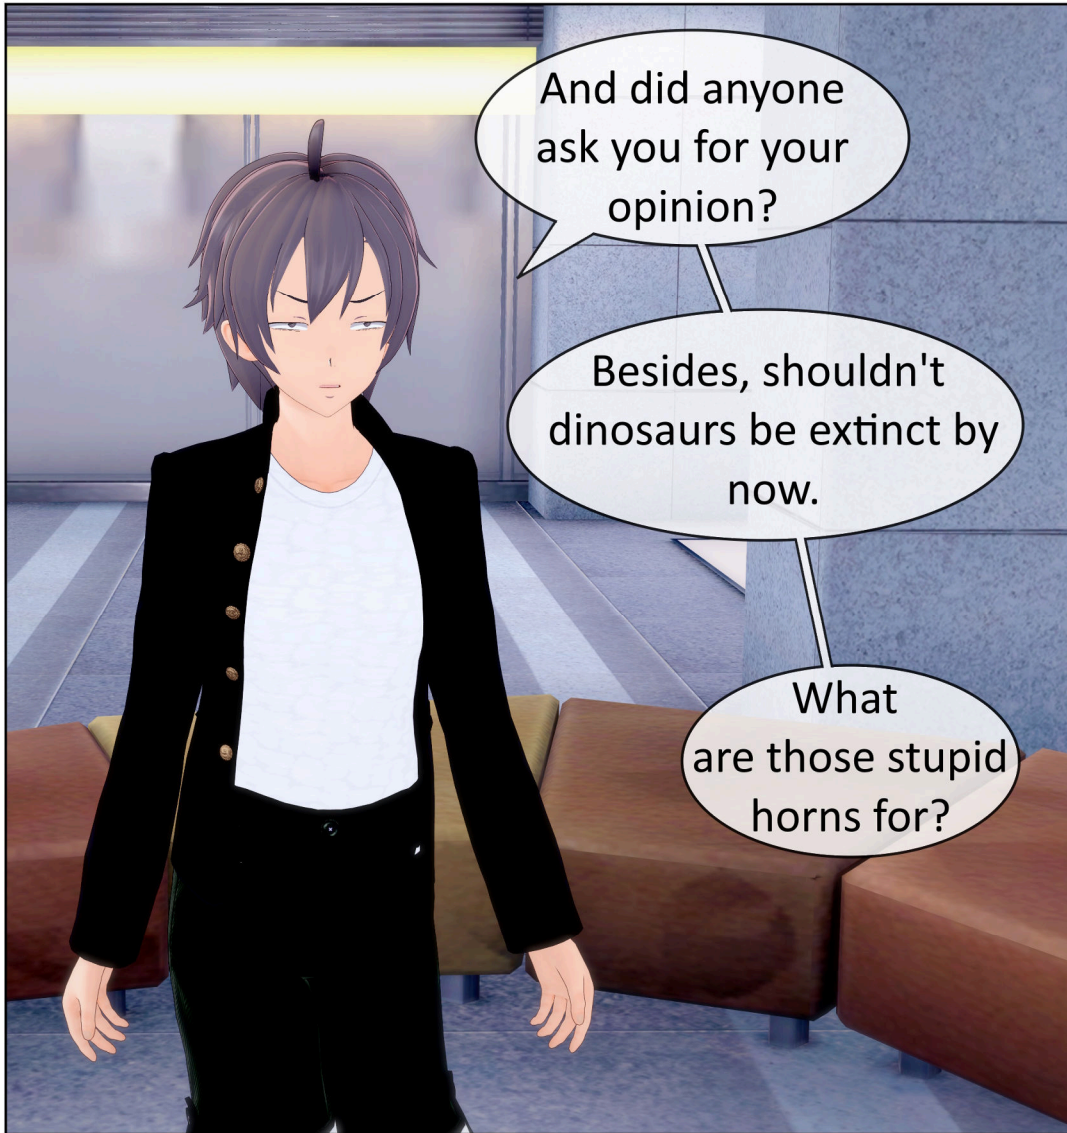

Wow, well I didn't expect that.

Surprised

Looks like you're starting to have success with boys, Hina-chan.

If he even touches her, I'll knock out all of his teeth.

That's right, some girl won't tell you what to do.

Will you force me?

Exactly. Or maybe you want me to pay more attention to you.

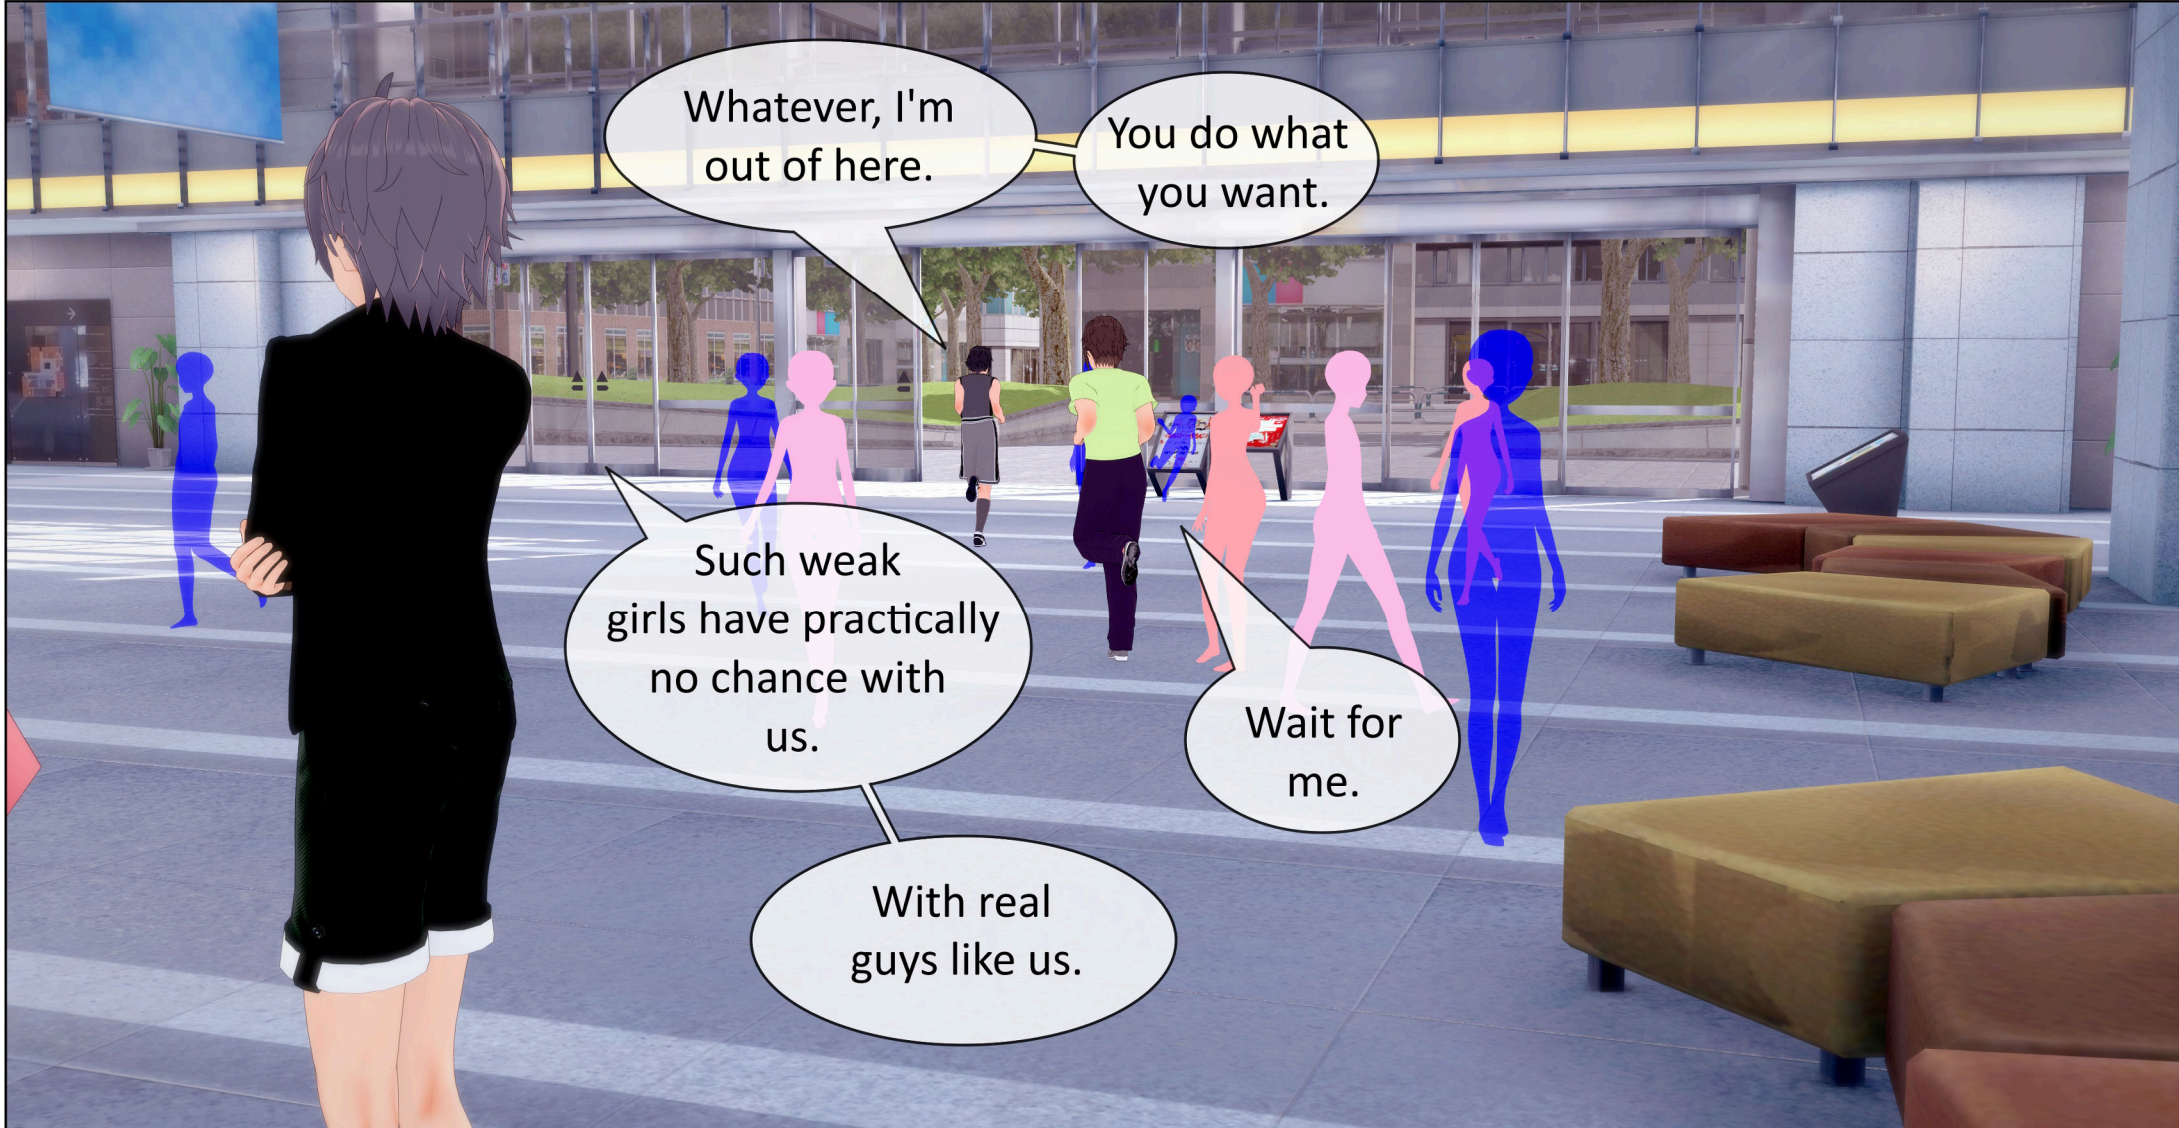

Then I'm ready to forgive you.

But of course, nothing for free. hehe

Oh no, just not her.

scared

Whatever, I'm out of here.

You do what you want.

Such weak girls have practically no chance with us.

Wait for me.

With real guys like us.

Oh, really?

But you have some support?

Of course, the boys are with me after all, right?

What, where did they go?

So what was Hina-chan, supposed to do to you?

Mad

You don't think I'm afraid of you.

After all, you're just a girl.

Your mistake.

What's that you can do to me.

Shocked

What!?

"Maybe you can't tell by looking at me, but I've been practicing martial arts since I was little.

A bully like you is no challenge for me.

Oops... I might have overreacted a bit.

What, are you some kind of commando?

I think I have gynophobia from today on.

Gynophobia - fear of women.

Darling.

What?

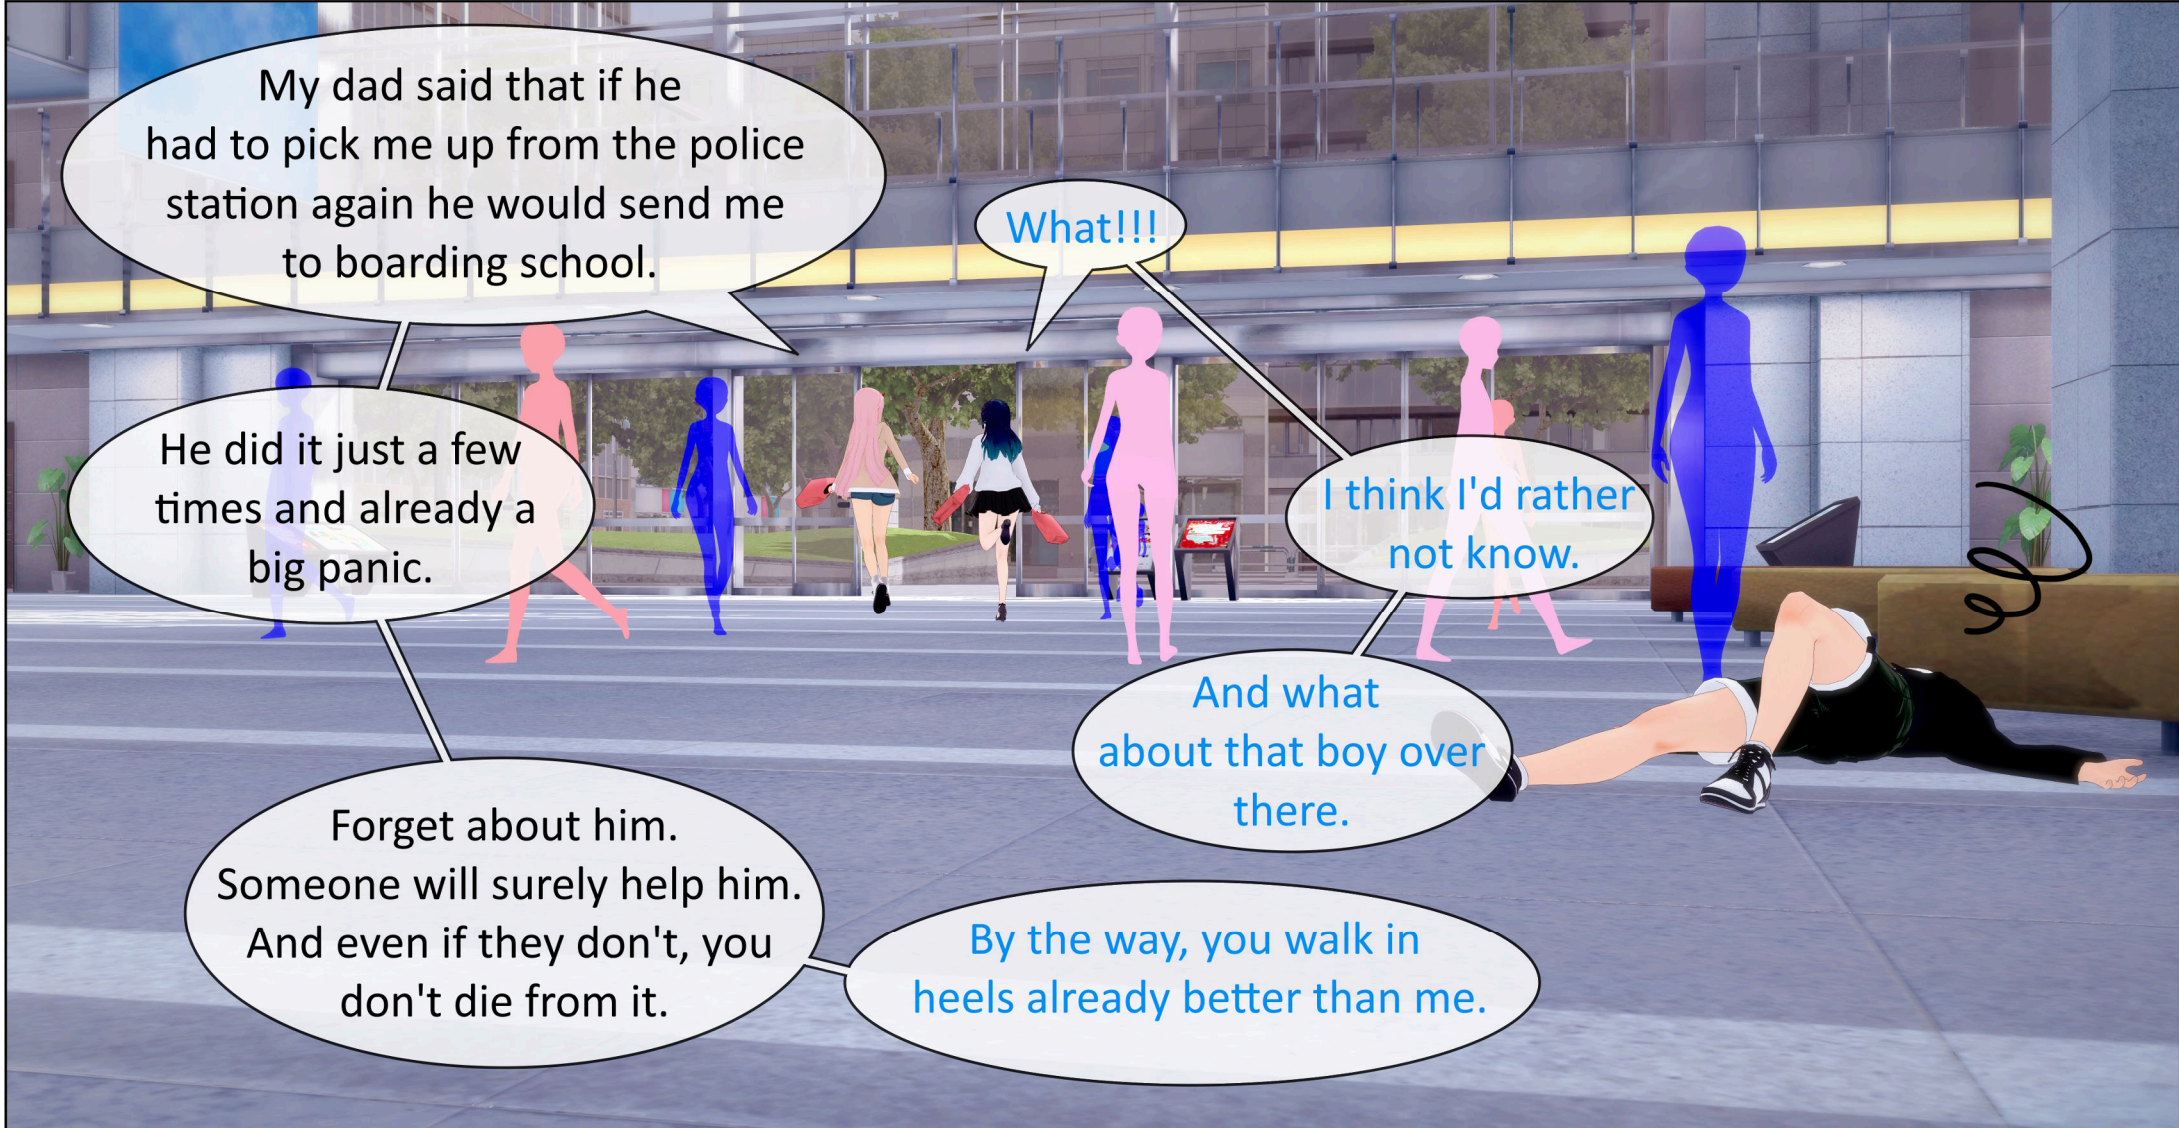

Wait, I just remembered that I forgot my purse.

Just old clothes.

It's that scene where we make a run for it

Did you have anything important in there?

Then we'll pick her up later, for now we have to get out of here.

My dad said that if he had to pick me up from the police station again he would send me to boarding school.

What!!!

He did it just a few times and already a big panic.

I think I'd rather not know.

Forget about him. Someone will surely help him. And even if they don't, you don't die from it.

And what about that boy over there.

By the way, you walk in heels already better than me.

You're kidding, I'm not going to wear this one.

Your pajamas are just in the wash, so you'll wear this one.

Just wear the whole set.

And once you're dressed, go down to the living room.

But don't take off the fake breasts or hair extensions, I'm curious how you'll look in that.

sigh.

After all, if I don't do what Mom tells me to do, she'll never get me this purity cage off.

I guess I have no choice.

Besides, it's just this one time.

After a moment
in the living room....

Done.

And how...
How do I look?

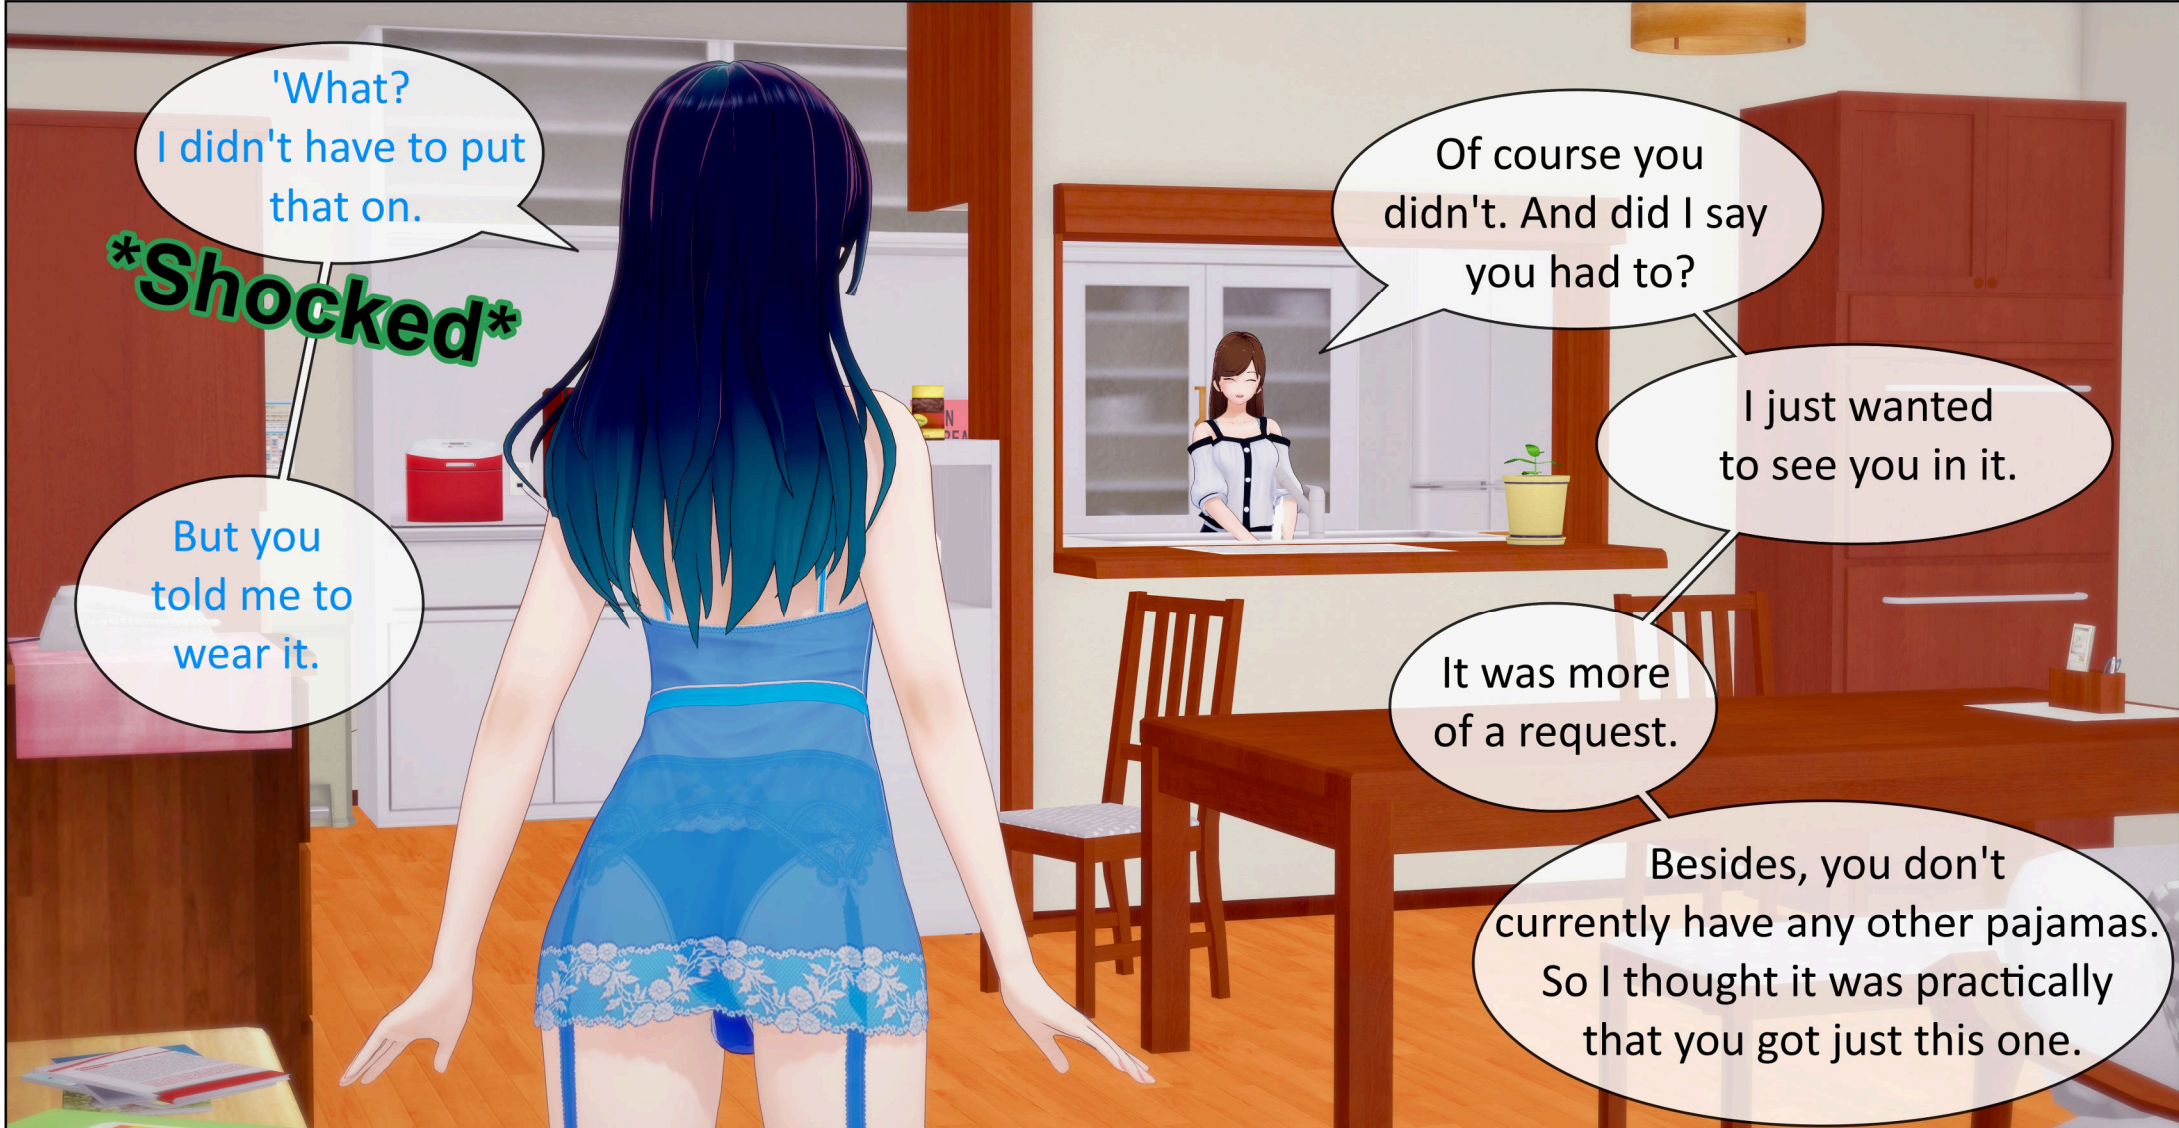

embarrassed

Really,
great.

It suits you.

Although I honestly
didn't think you would
really wear it.

'What?
I didn't have to put
that on.

Shocked

But you
told me to
wear it.

Of course you
didn't. And did I say
you had to?

I just wanted
to see you in it.

It was more
of a request.

Besides, you don't
currently have any other pajamas.
So I thought it was practically
that you got just this one.

Some time later...

Phew...

At last I was able
to pull it all off.

In addition,
when you wear them for so
long it gets terribly hot.

What am I even
thinking about?

Such artificial breasts
are terribly heavy.

I think I'd rather have
real ones already.

I'm a guy and guys don't
have breasts at all.

Although still the worst is this cage cleanliness.

I would so much like to be able to finally relieve myself.

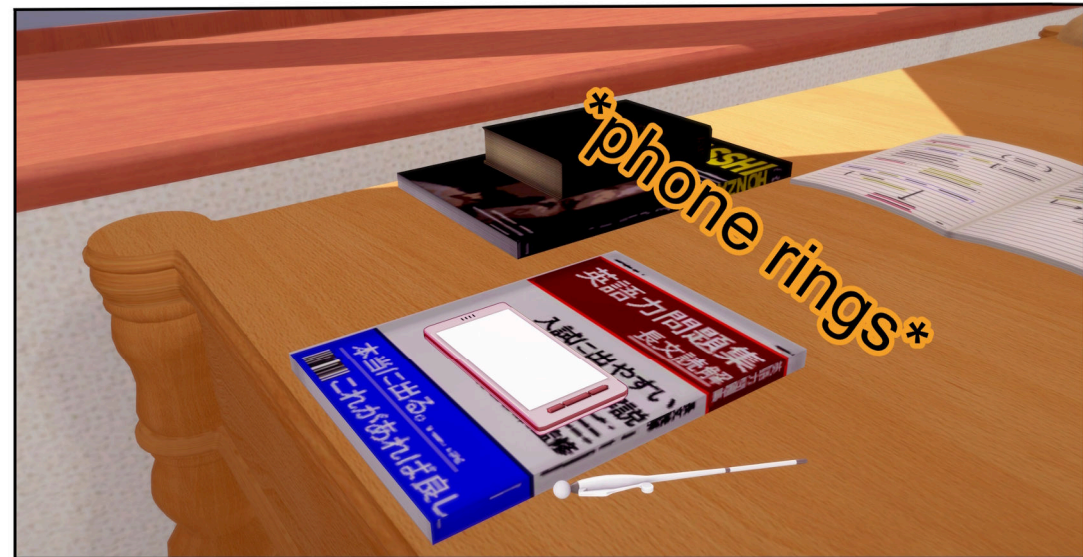

But I panicked and wanted to get rid of it quickly.

But how to do it so that my mother won't find out?

I do everything that mom tells me to do, why won't she finally take it off me?

I could have not thrown away this gift from Zero Two.

Now I regret it. Maybe I should buy such a thing myself?

No, I just wanted to ask how you were doing.

Wearing a lace nightgown.

I didn't know, I just said that for a joke. hehe

Hi Saki-chan, something happened that you called so late.

I was just about to go to bed.

How did you know.

Shocked

Meanwhile, in Saki-chan's room...

Oh, I wanted to ask if you already have plans for tomorrow?

You see, my parents are not at home again, maybe you feel like coming over?

I bought a new game console.

No, I don't have any, why do you ask?

I'm sorry, but I just remembered that I still have a lot of learning for school and for the next recording at the studio.

Really?!

Shocked

Yes, and I was hoping you could help me with it.

Wait!
I think I can come for
an hour or two.

And what time
can I come?

Then I'll
come at 3:30.

But since you can't,
I'll ask someone else to
help.

Really?
That's great!

My parents are
leaving at 3pm.

hehe. Alright,
I'll be waiting.

Just one more thing.
I only have two controllers
so don't talk about anything
for Zero two.

I don't like fighting
while playing.

Sure.

Boy, I'm looking
forward to it.

Excited

Wait a minute
I forgot to hang up! bye!

disconnected

It went much easier
than I thought.

I have to thank
Sora-san for that advice
with the console.

Zero Two won't
outsmart me this time.

I'm sure if he could,
he'd come today

And of course for
all the photos.

I could actually say for
Hina-chan that I have
something else for her.

Well... He will have a surprise. hehe

And I will finally have the opportunity to test it.

And this time Zero two will not get in the way.

To be continued...
