

Eternal dream

Chapter 23

By Ron512
and Kami1

My name is Hina Suzuki. Although most people call me Hina-chan.

On the surface I seem to be an ordinary girl.

I am a student at a prestigious private school for girls.

I may be a little tall but still most people who see me are convinced that I am a girl.

This is bullshit.

And in fact I shouldn't be here at all.

In addition, I was forced to go to the school of my aunt who is now in everyone's opinion my mother.

It may not look like it now, but I'm actually Hiro Suzuki and I'm a boy.

But through my own naiveté and a number of unfortunate events, I now have to pretend to be my own cousin otherwise I might get into serious trouble.

In general,
pretending to be a girl is
not at all as easy as
I always thought.

I didn't
even realize how
wrong I was.

I don't sleep
anymore.

I used to think that
simple makeup and the right
clothes would be enough to make
everyone think you were a
girl.

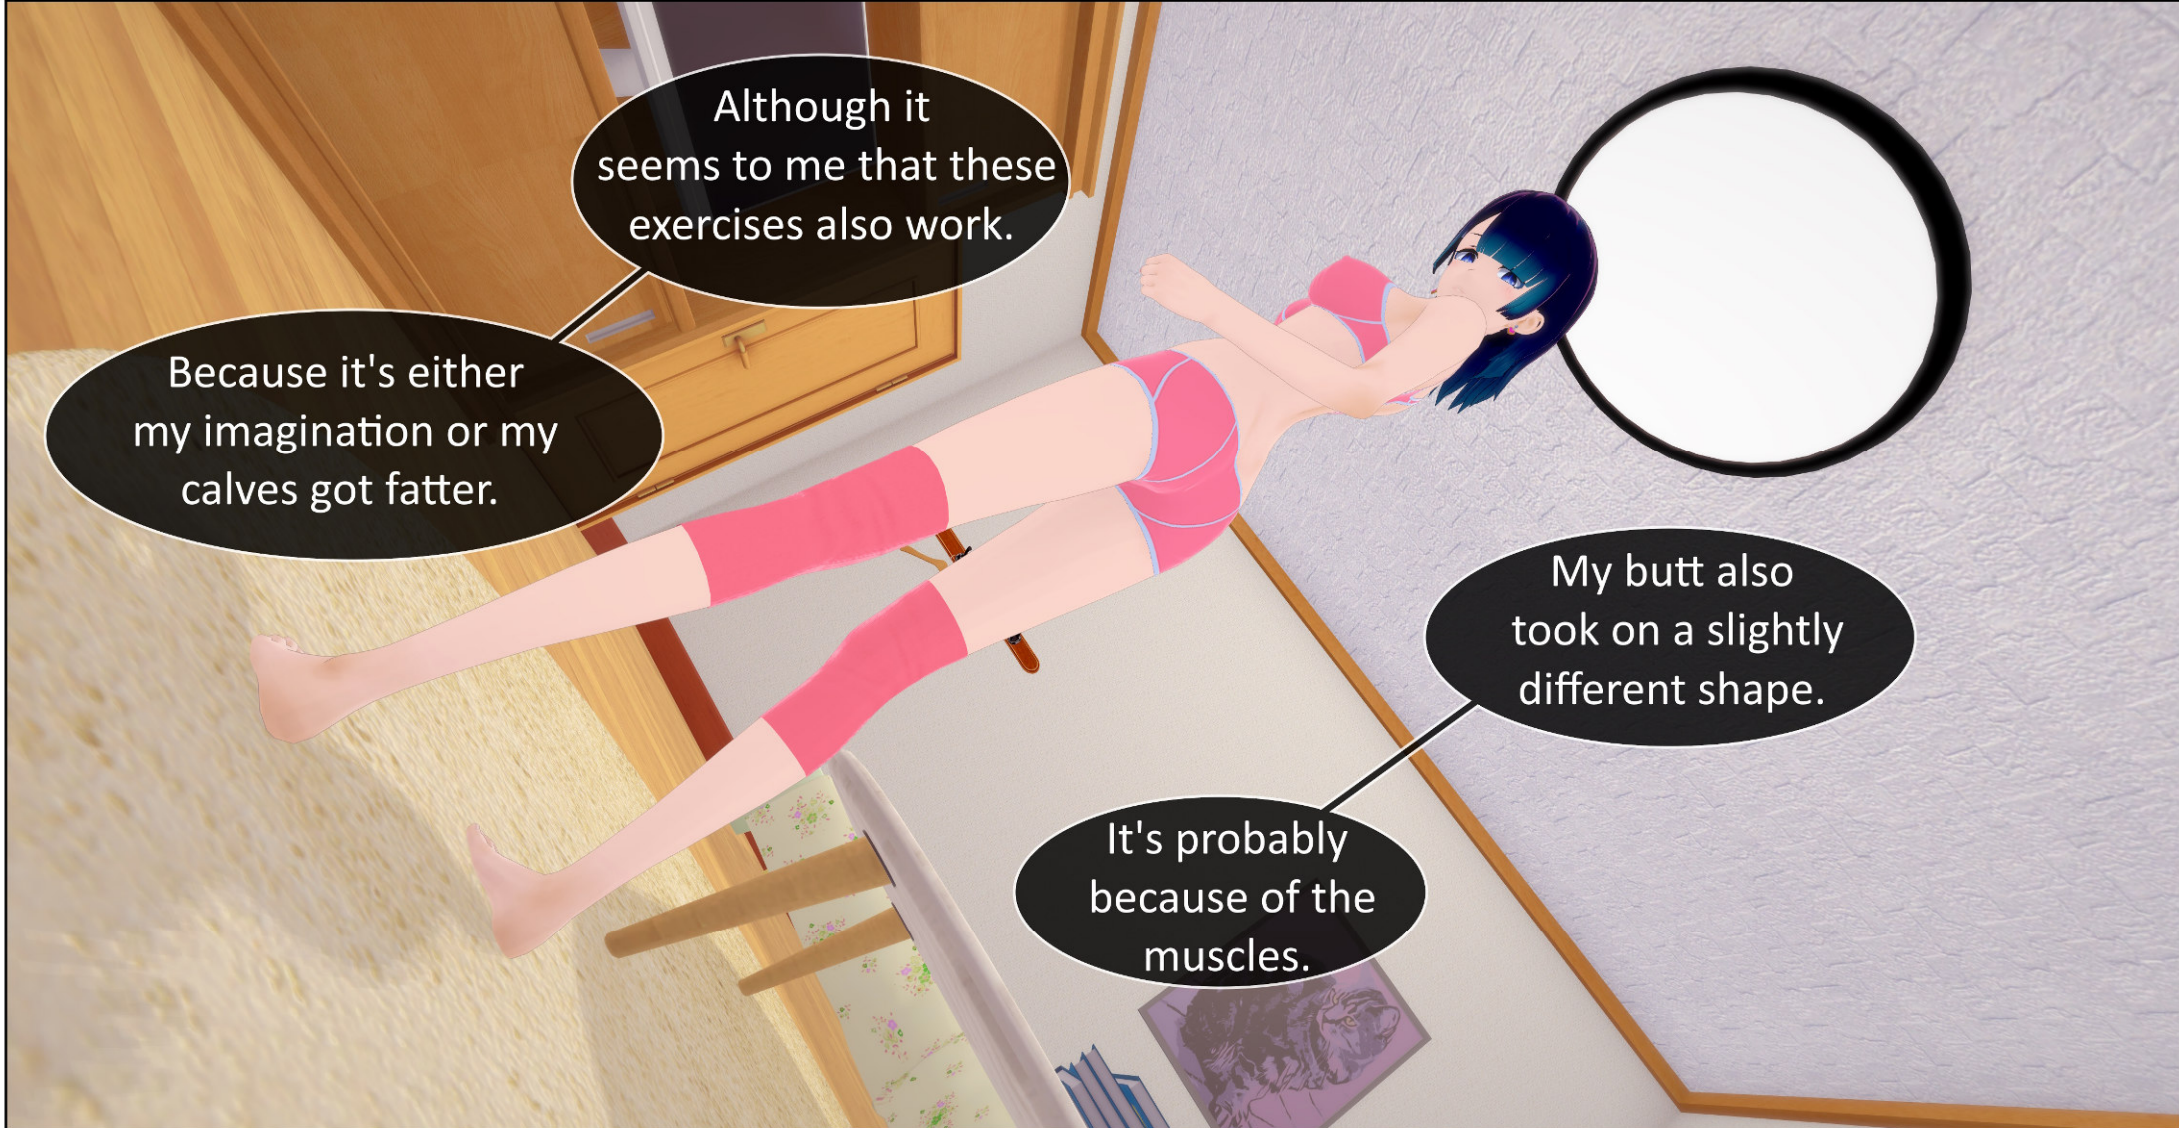

Admittedly, this outfit what she gave me is a little humiliating, but it is comfortable to exercise in it.

That's why I wear it.

Besides, no one sees me in it anyway.

But why did she give me only stretching exercises?

Maybe in time she will give me a different set of exercises, more for gaining muscle mass.

Although it seems to me that these exercises also work.

Because it's either my imagination or my calves got fatter.

My butt also took on a slightly different shape.

It's probably because of the muscles.

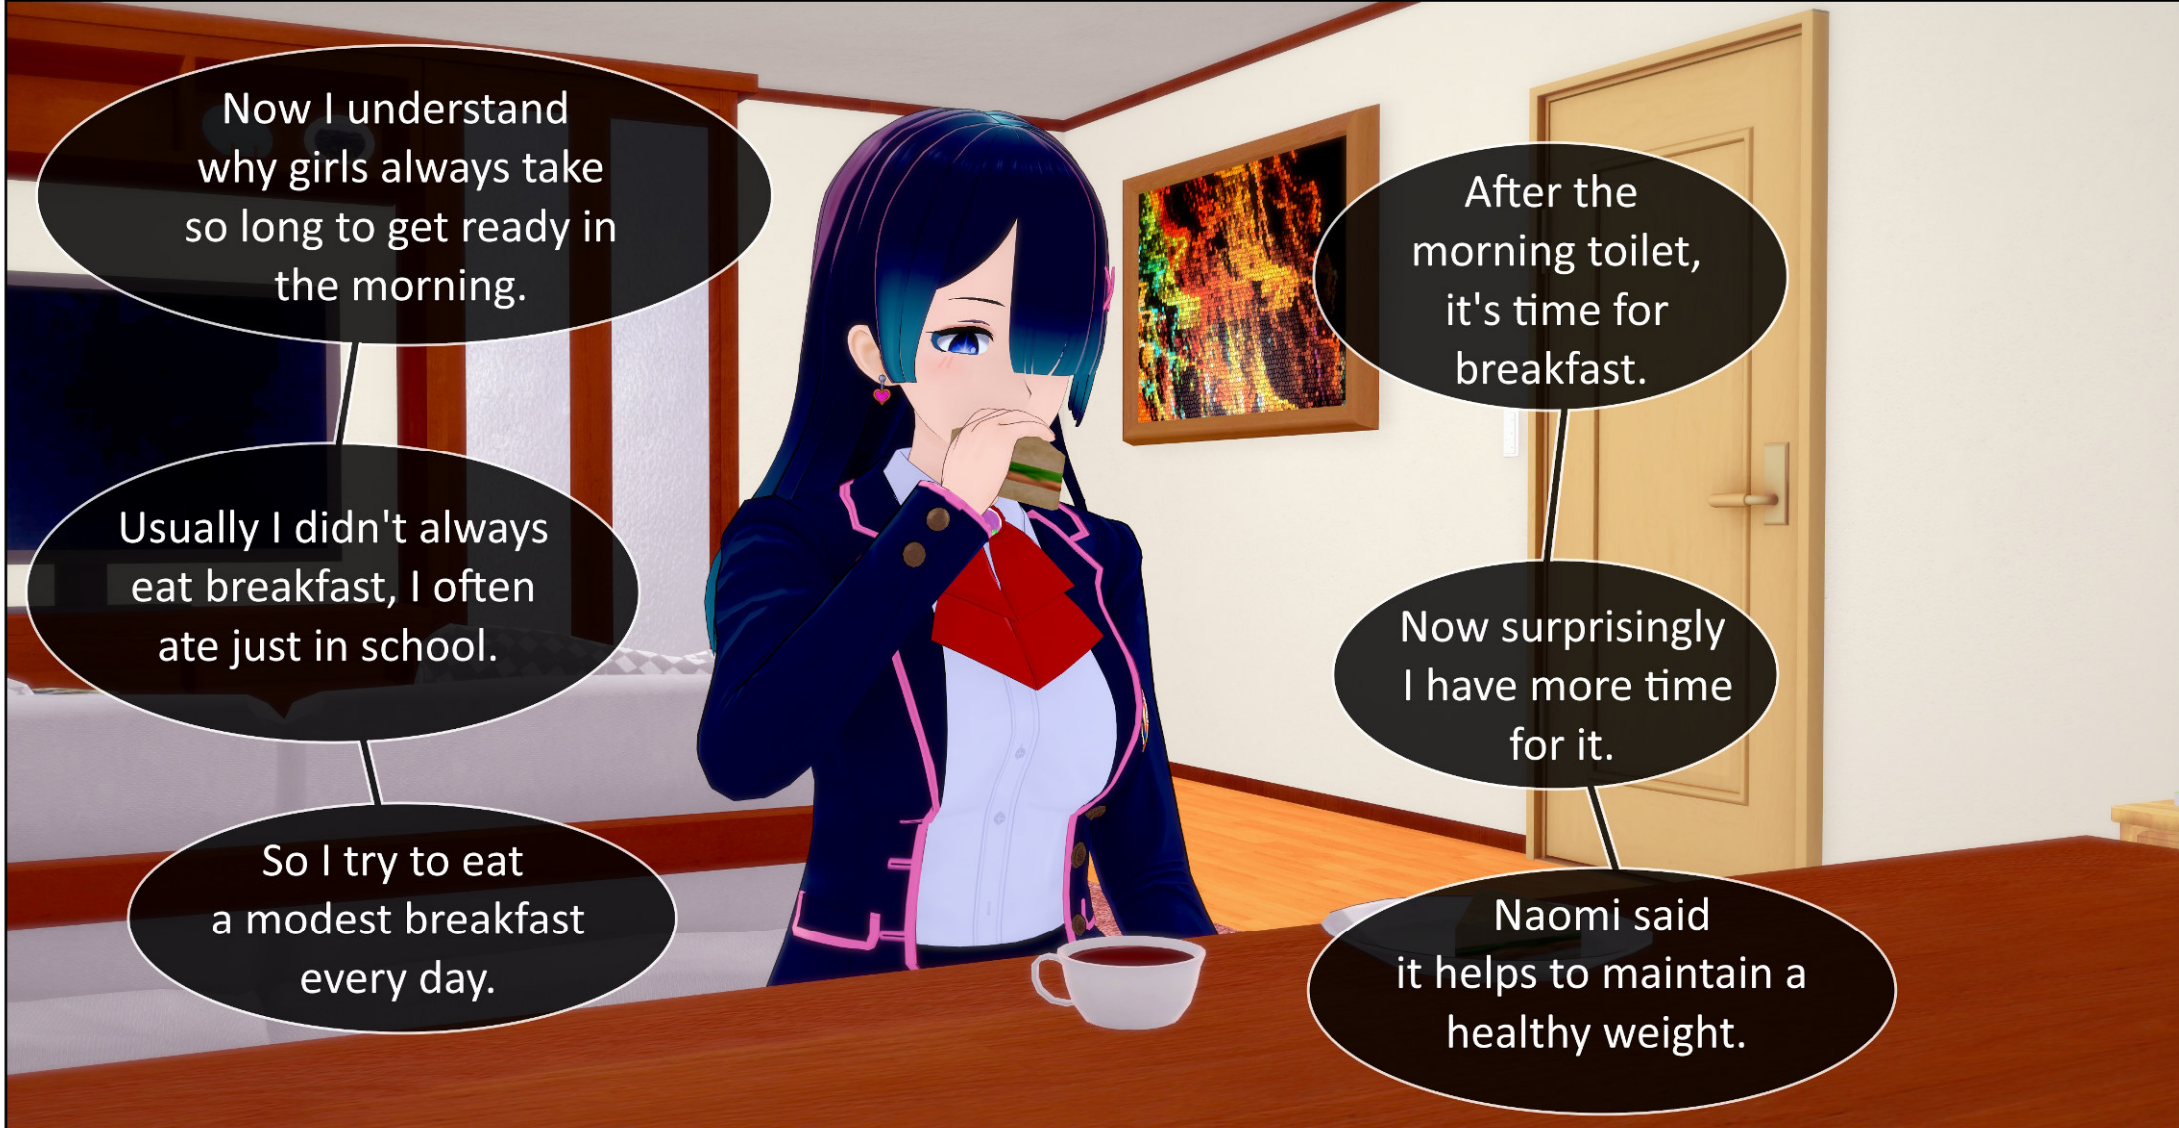

Since I've had them bathing or showering has become much more difficult.

Now it's time to put on hair extensions and fix my makeup.

To be honest, I like the feeling of smooth legs. I'm going to miss it a bit.

But there's no need to think about it too long with time I won't have them anymore anyway.

Oh and I almost forgot, I still have to shave my legs.

Now I understand why girls always take so long to get ready in the morning.

Usually I didn't always eat breakfast, I often ate just in school.

So I try to eat a modest breakfast every day.

After the morning toilet, it's time for breakfast.

Now surprisingly I have more time for it.

Naomi said it helps to maintain a healthy weight.

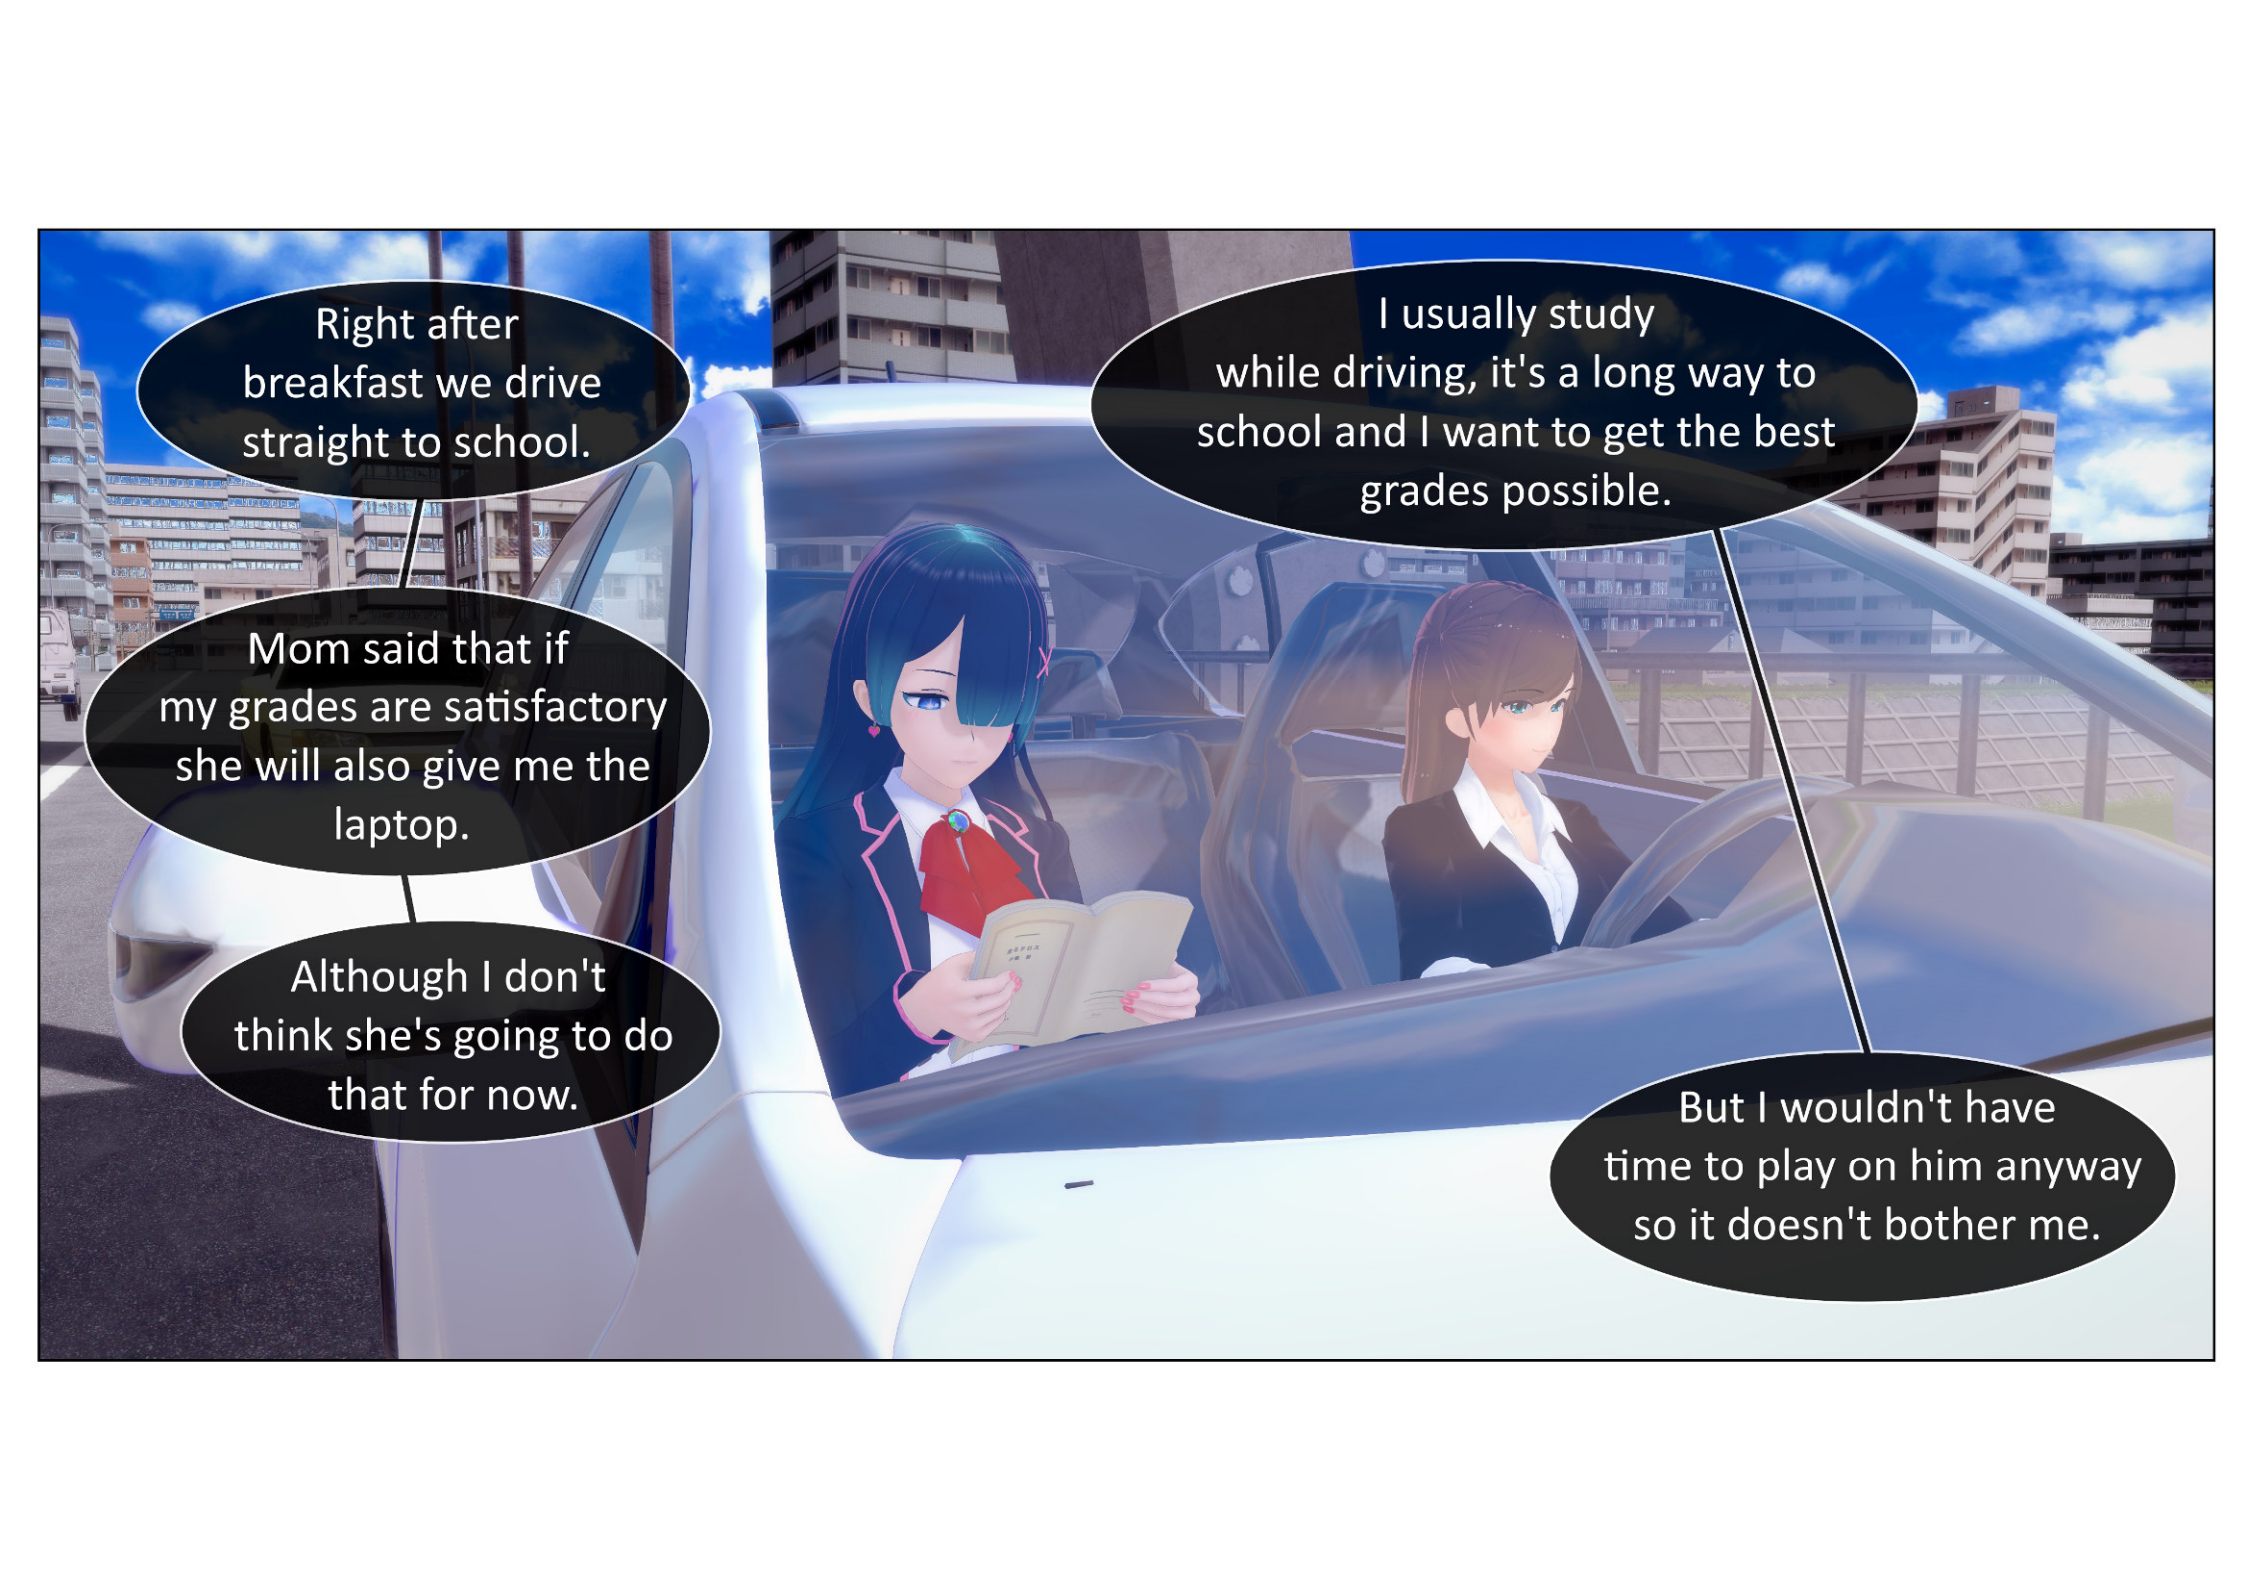

I have to take a pill every day after breakfast to regulate my hormone levels.

At least I don't have to take the vitamins for that.

The doctor said it's necessary if I want my hormonal problems to end.

As it turned out, I don't need additional vitamins.

Right after
breakfast we drive
straight to school.

Mom said that if
my grades are satisfactory
she will also give me the
laptop.

Although I don't
think she's going to do
that for now.

I usually study
while driving, it's a long way to
school and I want to get the best
grades possible.

But I wouldn't have
time to play on him anyway
so it doesn't bother me.

Oh, He stopped.

Yes, how do you know that?

My stop. You also get off here, right?

This is the uniform of Ms. Suzuki's private school for girls.

My mistress goes to this school.

I am a butler, although I also served as a guardian.

I have a small request to you, could you show me the way? I've never been there before and I don't know where it is.

Many thanks.

Your mistress?

Oh... This way.

Sure, it's not far from the station.

Squeeze

This was probably
the biggest of my
mistakes.

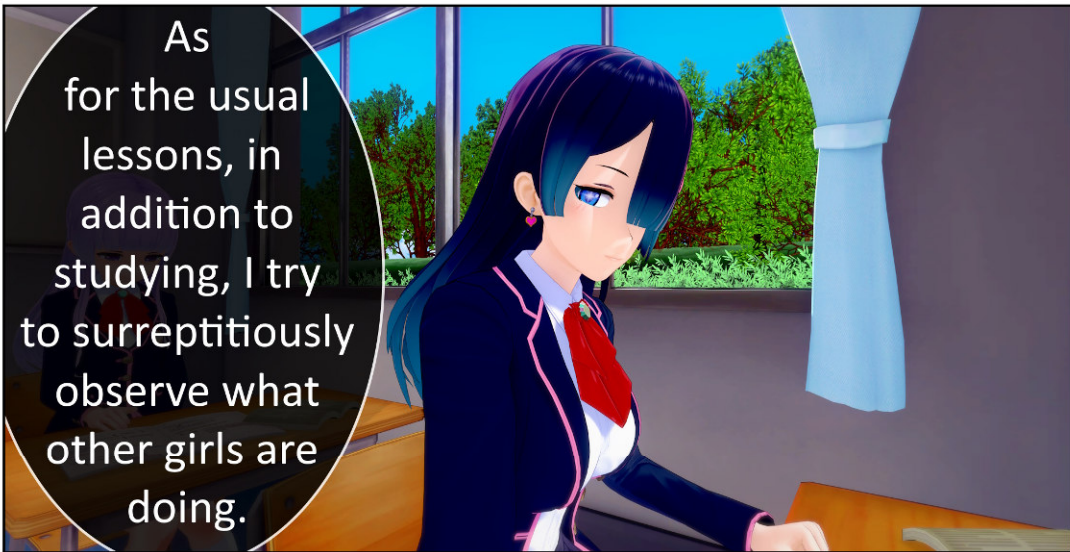

scared

I never
thought that girls
could have such a
hard life.

At least not as
long as I pretend
to be a girl.

I don't even want
to think what would have
happened if that guy hadn't
scared him off at the
time.

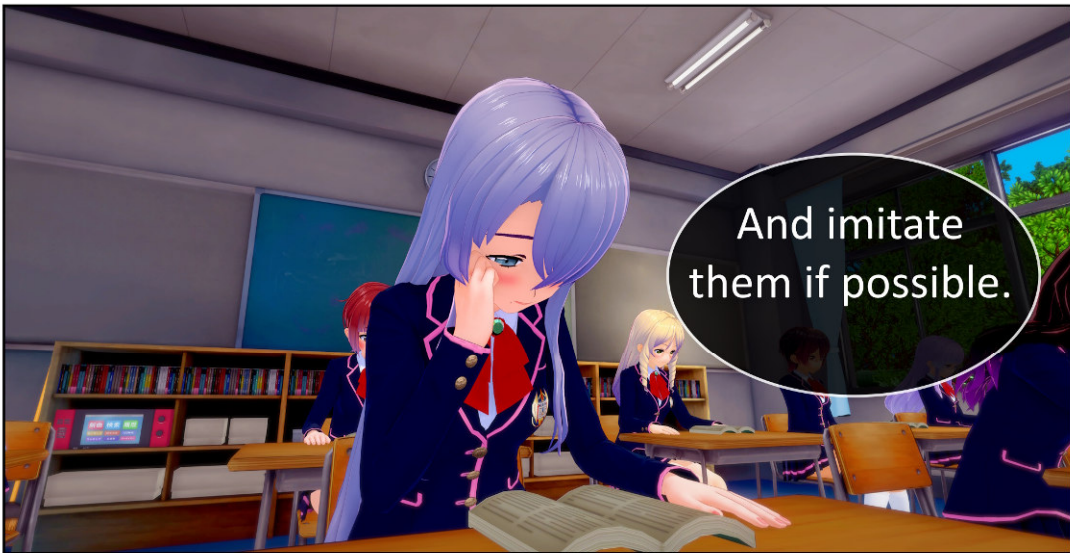

I don't think
I'll ever be able to take
the train again.

As for the usual lessons, in addition to studying, I try to surreptitiously observe what other girls are doing.

Although it never works out perfectly for me.

And imitate them if possible.

Wow and to think that until recently she was a complete tomboy.

Unbelievable how much she has changed since then.

Me thinks it's more because she goes to a girls school.

It's probably because she lives with her mom now.

Of course, due to the fact that I'm a boy, I don't go to PE

Instead, every other day I have a special lesson with Zero Two.

All right, and again.

What again, after all, I've already done it five times.

And each time wrong.

Now do it again, but this time correctly.

That's because you're wearing a sports bra and leggings.

Yes, in loose clothes it won't show as much.

But I'm showing either my butt or my breasts practically all the time, after all.

embarrassed

Really?

May you be right.

Sometimes we just don't practice much. But that's mostly because we're busy with other things.

The worst part, though, is that I've grown fond of the feeling of our breasts touching while kissing.

And you are mine.

Darling.

A 3D-rendered anime-style illustration of two girls in school uniforms standing in a hallway. They are both holding large, empty cardboard boxes. The girl on the left has long black hair with purple highlights and a red tie. The girl on the right has long black hair with a pink 'X' on her forehead and a red tie. The hallway has green walls, a green carpet, and a fire extinguisher in the bottom left corner. There are several framed certificates on the wall in the background.

Sometimes it also happens that Saki-chan asks me to help her with something.

Thanks again, I wouldn't be able to do it myself.

In theory, I'm not in the school council. But I help her anyway.

No problem

Either I think or this cardboard box is empty.

Wait a minute
are you planning to
run away again!

Angry

And
you'll probably be
back again in a
week.

In a
month is the end
of school!

Very funny, you have
until Wednesday to come
back, otherwise I will not
give you my notes.

No, I just need
to go out somewhere for
a while.

I don't think I'll make
it that soon. At the earliest
in a month.

In that case,
send me a diploma
in the mail.

Thanks, no worries.
It's just one concert,
and a TV interview.

Who knows, maybe they couldn't fit it in one package.

But it's only one book.

And anyway, why are there two packages?

After all, there was only supposed to be one.

Over time, I found Saki-chan to be a bit strange.

But I still like her. Although I don't always understand her.

Just after I got home,
together with Mom,
I eat dinner.

Because
I didn't know.

Almost
500 girls go to my
school I can't know
them all.

I only remember
some of them.

Why didn't you
tell me that Diva also
goes to your school?

What?

Surprised

Wow.

But you
know Zero Two and
Saki-chan.

Saki-chan is in the school council so I see her often.

And Zero Two... Well she caused me so much trouble that I remembered her too.

Yes, but lately her behavior has improved.

Of course.

Really?

I think that's a good thing.

A woman with long dark hair is shown from behind, standing in a shower stall. She is holding her hands behind her head, and water is spraying from a showerhead above her. The shower stall walls are made of large blue square tiles. To the left, a white shower curtain is partially visible. On the right, a yellow soap dispenser sits on the edge of the shower pan. The scene is brightly lit, suggesting an indoor bathroom setting.

Then it's time
for another shower.

But mom says
that girls wash so often
that there is no sweat
from them.

I usually shower twice
a day and bathe in the evening
which seems a bit much.

Well... It's
just taking care of
hygiene.

It's just that by washing so often I have to use a body cream to keep my skin from drying out.

It got somehow strangely soft, almost like a real girl's.

And after this cream, my skin started to get kind of weird.

I hope this is not permanent.

After the bath,
it's time to study and
do homework.

After
homework
I have a moment
of rest before I fix
my makeup and
go to work.

How to make
so that after throwing, the
egg would not break after
flying 6 meters.

It's simple just
throw further.

At work
itself, in order not to die of
embarrassment, I try to tell
myself that I am a girl.

That way
it all seems a little
less humiliating to
me.

But because of this, I'm using
female pronouns more and more
often instead of male ones. Even
outside of work or school.

Thank you for your
patience Mr. Nyan.

Here is your order, two
neko spaghetti, Nyan

Honestly, I even liked the job a little.

Maybe I should wait to remove these implants?

But I noticed that after this breast augmentation surgery, I started getting more tips.

I mean before I raise more money.

After work and coming home, I don't have any more responsibilities.

Every few days I just try to call my mom and dad so they don't worry.

Fortunately, I have already gotten them used to my higher tone of voice.

So with my judgment I don't have any problems. And since I started studying more I even have better grades.

It's just a shame that I can't go to PE.

But for that I practice with Zero Two

Just remember about security. I don't want to become a grandfather too early. hehe

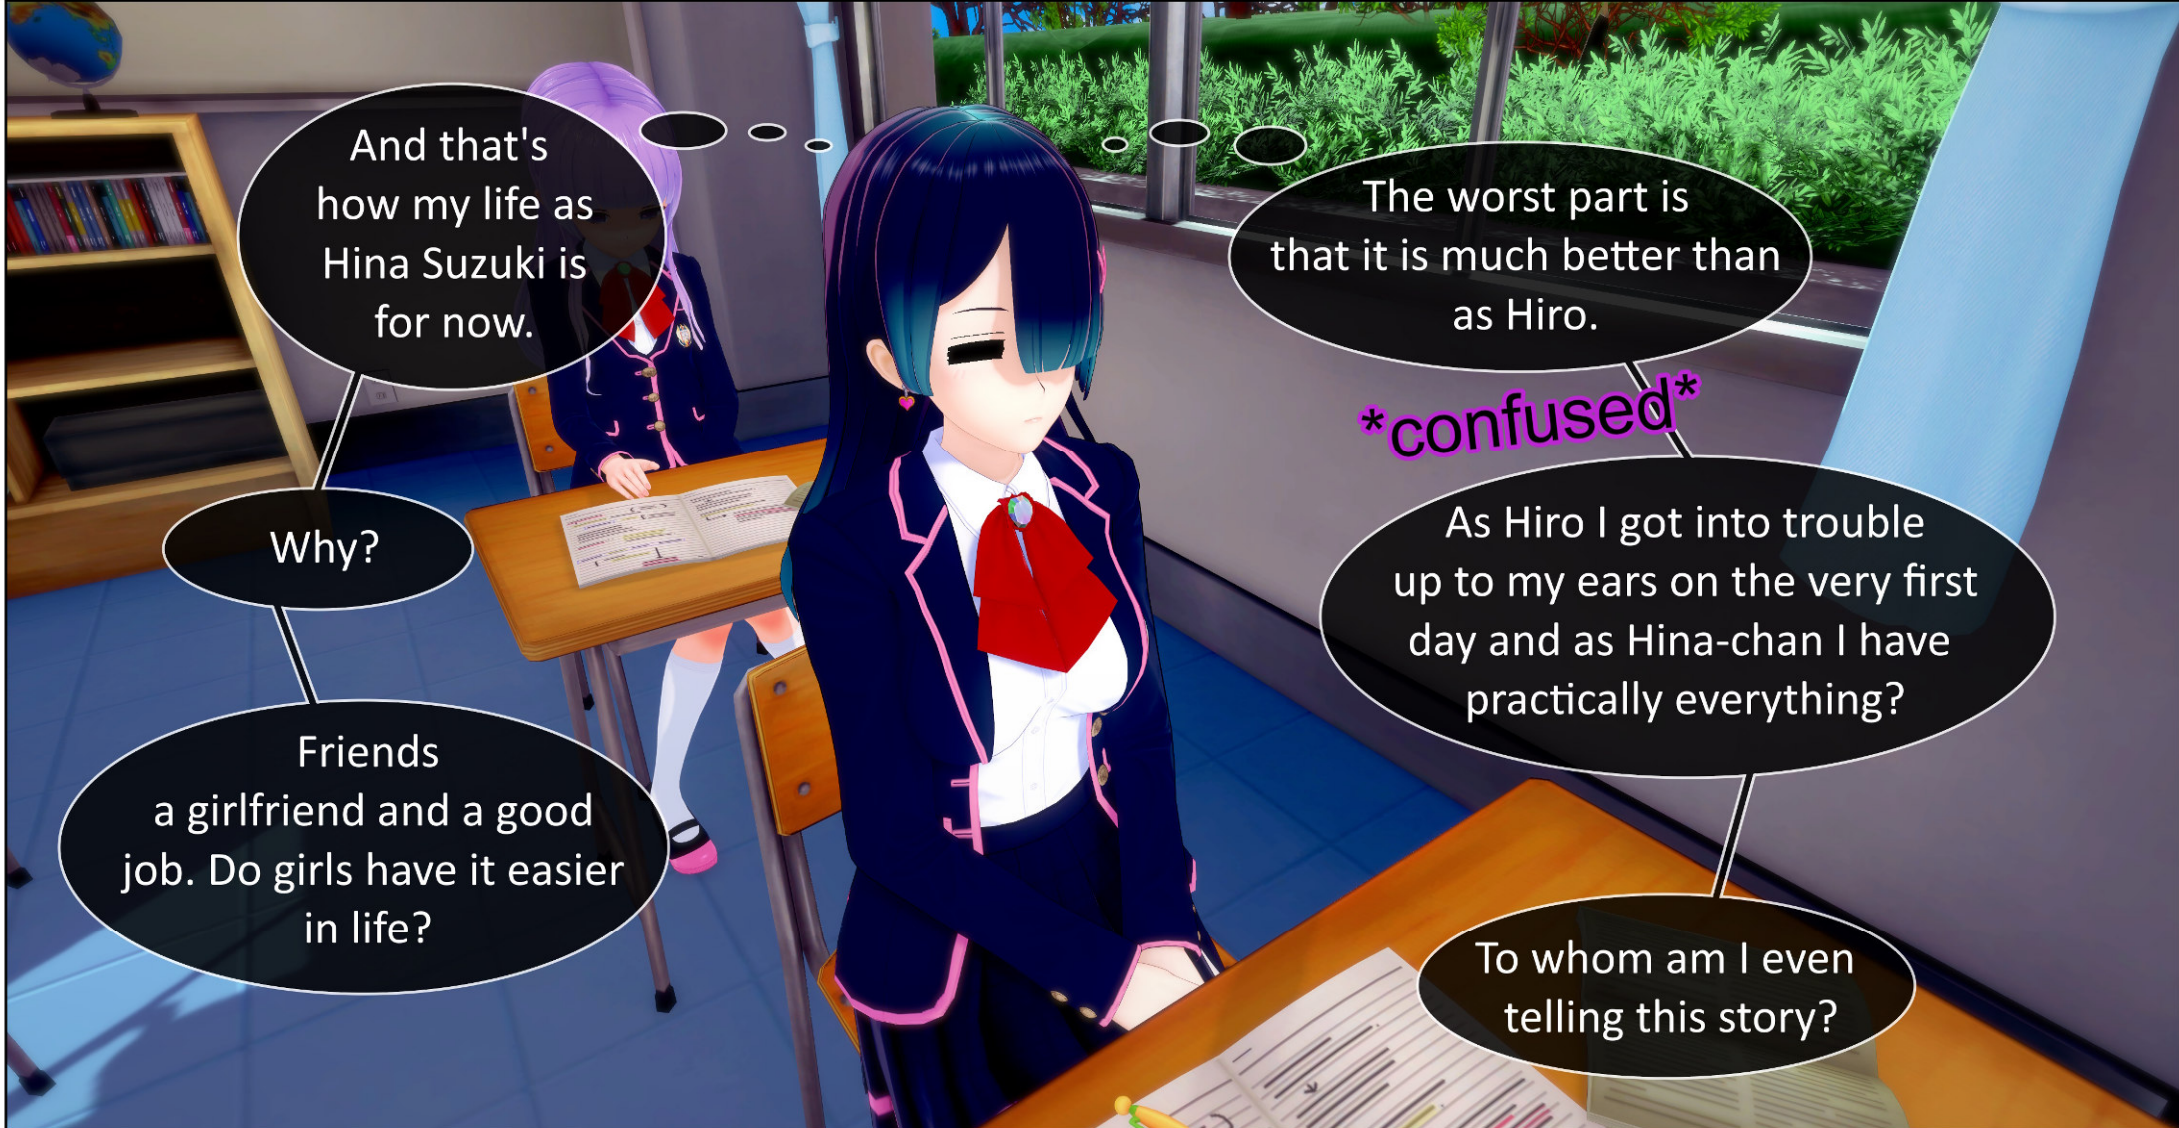

And really? No worries I won't tell mom.

This is my son. I'm proud of you.

Dad, we just practice.

Sometimes, but always we protect ourselves and make sure no one covers us.

Hehe. Thanks

And that's how my life as Hina Suzuki is for now.

Why?

Friends a girlfriend and a good job. Do girls have it easier in life?

The worst part is that it is much better than as Hiro.

confused

As Hiro I got into trouble up to my ears on the very first day and as Hina-chan I have practically everything?

To whom am I even telling this story?

A moment later...

No need
to think about
it.

I have no
choice for now
anyway.

In the ladies' room...

I tell you they
are definitely
bigger.

How much
weight have
you gained?

So that's where
the extra mass comes
from. hehe

Not at all ,
it's just your
imagination.

Not much,
maybe a kilo.

Shocked

Of course they are not

And for what?

And how do we check it, we need some judge.

They are even bigger than mine.

Of course they are, you bet?

The loser pays for dinner.

You'll see soon but first come closer.

What exactly am I supposed to do? I don't have any measuring tape with me.

I hope I don't get into trouble again.

WHAT!!!

What are you guys doing?

Shocked

So, which one of us has bigger breasts.

Ufff...

At the last minute.

It was close.

Another moment and they would have discovered that I am a guy.

I could barely stand the sight of them playing with each other's breasts.

But when she touched mine I was no longer able to stand.

A 3D-rendered anime-style illustration of two girls in school uniforms. The girl on the left has long, light blue hair and is wearing a dark blue jacket with pink trim and a pleated skirt with pink and white stripes. The girl on the right has short, vibrant pink hair and is wearing a similar dark blue jacket with pink trim and a pleated skirt with pink and white stripes. They are standing on a green tennis court with a black fence in the background under a blue sky with white clouds. The girl on the left is speaking, and the girl on the right is listening.

Because
you remember
what happened the
last time you didn't
check it.

Don't worry
about her.

It's not my fault
that Saki-chan was
following me.

That girl has some
kind of obsession.

concerned

In the club room...

Well... it's no surprise that Saki-chan is not liked.

After all, she yells at every slightest violation of the rules.

Recently she even scolded Naomi for wearing black tights instead of white.

Really?

Yes, for her everything has to be perfect.

That's why most girls even hate her.

And she is still the president of the school? Even though most girls don't like her.

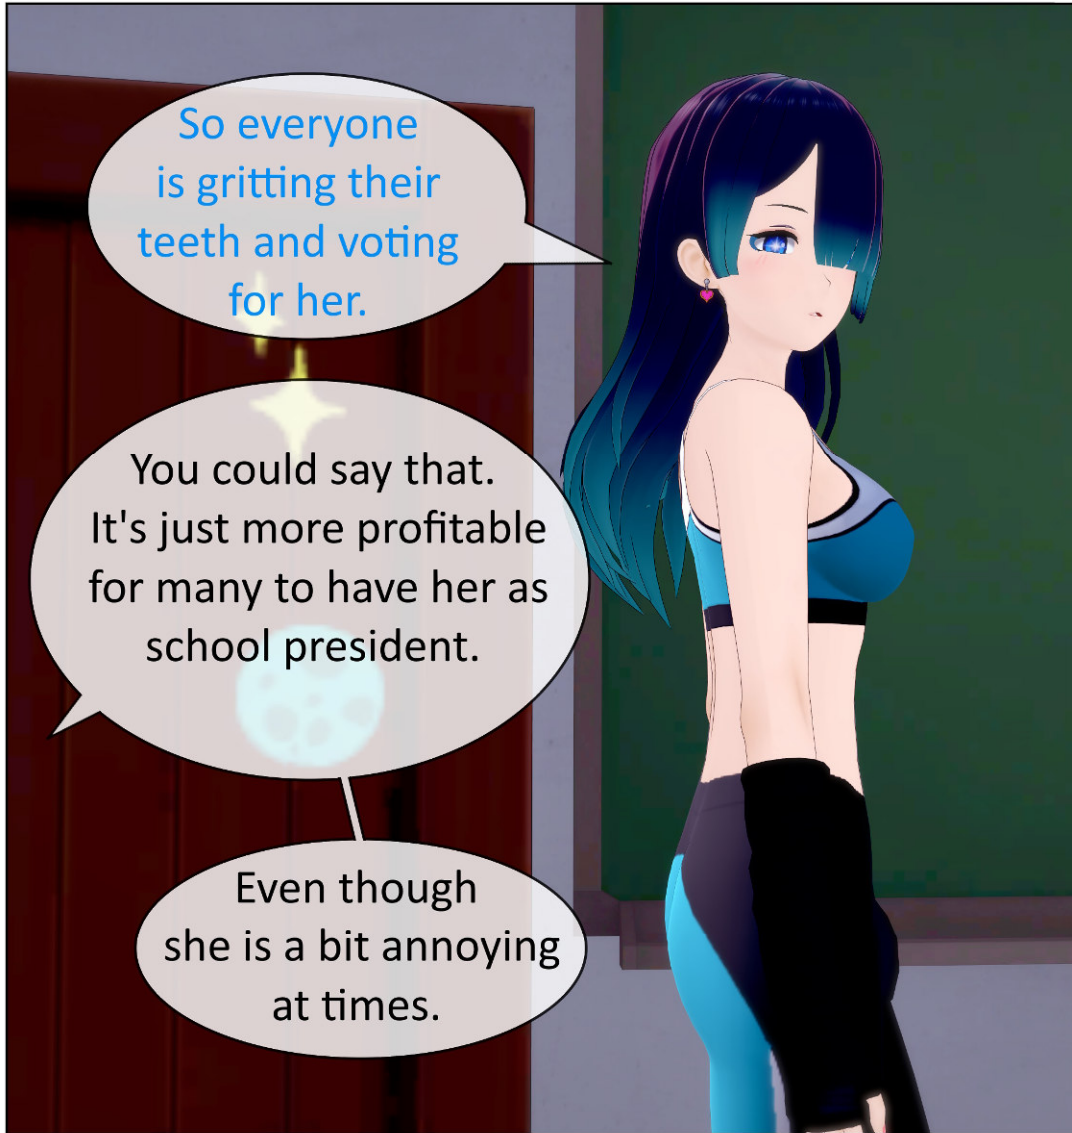

Wow. That is, despite the fact that many people don't like her, she needs her.

In this she is great.

And every club that asks her for something sooner or later gets it.

Exactly. and comparing her with the previous 01 she is even a miracle worker.

How about we change a little bit of today's exercise plan.

Today is my safe day.

I don't know, sometimes we have to really exercise. Otherwise I'll never get rid of that chest fat. Not to mention the implants.

But I think one day won't make much difference.

And hop!

Now are you happy?

But now you are on top.

Shocked

That's not what I meant.

I didn't mean to switch roles.

I wish someone would record it.

You said you like my breasts.

I like yours too Darling.

Now let's get to work.

All in all, it's actually interesting such a change of perspective.

And how do you feel being on top? hehe

That's what's best about it all.

By the way, you finally started calling them breasts.

Uwah~

Ah~

Ah~

It feels a little weird to feel my breasts bouncing up and down.

Ah~

Moan~

After this surgery, I have no choice anymore.

Ah

I think I'm coming

Hah~

Hehe

Ah~

Me too.

Let's come together then.

Ah~

Erika-chan for Malozzi's

Am...

Some time later...

You are going to a beauty salon.

Yes, I've been a bit overworked lately and haven't even had time to take care of myself.

And by coincidence I recently got a coupon for a free visit so I'm going to use it.

Oh, no problem I will ask Zero Two to drop me off at school.

Eventually I'll take the bus.

Although after what happened recently it's probably better to take a cab.

Now I understand, in that case I will order a pizza for lunch. no problem.

There is no need it will be after school.

You're coming with me.

Shocked

What?

The coupon is for two people. Specifically, for a mother and daughter.

So you're coming with me.

I just hope
I don't meet
anyone I know.

As I think about it
now, mom never took
me with her when she
went shopping.

Or dad.

I have to admit
that I like the pretense
of being Hina-chan's
mom.

happy

All in all,
she really is slowly
like a daughter to
me.

To be continued...
