## Chapter 24

By Ron512  
and Kami1

I'm not going to.

In that case it was to take it and not look at it.

Give it back.

But I was the first to see it.

How is it possible that they keep bumping into each other.

Moments later...

Unbelievable,  
why do I keep  
seeing her?

**\*Mad\***

Is she  
stalking me.

Although  
she actually has much  
bigger breasts than  
mine.

**\*jealous\***

I wonder  
how heavy  
they must  
be.

Mine are  
pretty heavy, and  
hers are even  
bigger.

Hmm~

After a while...

Okay, let's get this over with quickly.

How is it, mom?  
Is this one okay?

You really look great in it.

*\*Surprised\**

What!

What!

Why did you dress the same as me?

*\*Angry\**

You're the one  
who dressed like me!

**\*Mad\***

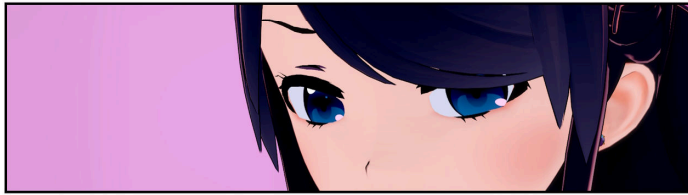

It's none of  
your business.

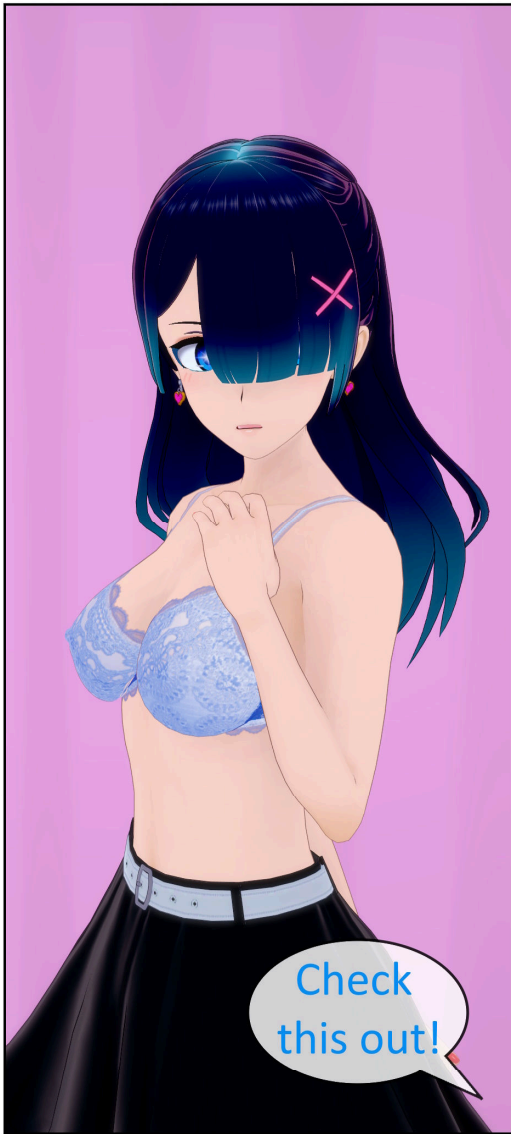

Honey,  
I found some more  
in your size.

Not at all, and  
why do you need  
that skirt?

**\*Mad\***

Hey. look  
M-chan

And what do you think about that?

Not bad but I can do better.

I think you really learned something from us. hehe

That's what it looks like.

*\*confused\**

But why does she need that skirt?

I think they really took it seriously.

Er... She's a bit shy.

How about this one, it's pretty cute too.

Plus it's the most comfortable.

What should it be, Check it out.

**\*Shocked\***

Thanks Nino

Wow, you definitely look the best in this one.

It will be hard to top this.

Especially since I can't get the skirt off.

Don't you think  
it's time for something  
more mature.

I think Rem  
would like it if you  
wore something  
sexier. hehe

You know  
I don't like that kind  
of stuff.

I don't feel very  
confident in that  
kind of stuff.

Ram for that  
matter likes it.

Hey girls, what small shopping?

Tell us how it looks like because we need an independent opinion.

Just be honest.

These outfits suit you well.

Thanks Yotsuba.

A moment later...

Sorry we had to go now. But we need to hurry up a bit.

By the way, who was that girl?

Is she some kind of friend of yours?

**\*embarrassed\***

How could I have spent so much time there. After all, I was only supposed to buy a few bras.

In addition, Naomi was also there, I just hope she didn't notice anything.

No, we just bump into each other sometimes.

After a while...

Fortunately,  
we will be in  
other rooms.

Let's just hope  
I don't meet  
someone I know  
again.

I know this girl  
from somewhere.

Hina-chan?

What  
happened  
to you?

Is that you?  
I didn't recognize  
you.

So that is where the sudden change came from. hehe

She really is a girl. Great.

It's a long story, it turned out that I have some kind of hormonal disorder.

**\*embarrassed\***

So I started going to therapy.

Yes.

I wouldn't tell her about it, but it's less humiliating than saying it's a gift from the girls.

Well... I go to therapy but not to look more like a girl but to look more like a guy.

And somehow I had to explain to her how it happened that my breasts suddenly grew.

So all in all, I wasn't lying.

And what package did you choose?

Then you probably got the cheapest option.

How about I invite you to the most expensive option.

Think of it as an apology for the misunderstanding.

I don't know, my mom won a trip to the beauty salon in a contest.

You really don't have to.

Er... Fine~

A moment later...

Waaaaaa~

Please, just  
don't look up.

Just don't look  
at my panties.

*\*embarrassed\**

What happened?

Just don't tell me this is the first time you're getting a pedicure?

So that's where the embarrassment comes from. Don't worry about it. You'll get used to it in time. hehe

No, just...

I usually do it myself.

You have really delicate feet.

I'm sure you take great care of them.

Please, stop it already.

Yes, a little.

First the manicure and now this.

I want to go home.

I'm sorry, but how long is this going to take? Someone is waiting for me.

A few minutes later...

At last you are there.

I was already starting to worry about you.

Sorry it took me so long.

What happened?

Do you remember  
I told you about that girl  
who wanted to ridicule me  
in front of everyone?

**\*embarrassed\***

Worse, she wanted to  
apologize to me, and as an  
apology she bought for me  
the whole package.

Yes, I remember.  
Just don't say  
that she noticed  
something.

That's nice  
of her. Wait, you  
also had laser hair  
removal?

WHAT?

**\*Shocked\***

It practical, I tell you, for six months you don't have to shave.

But now let's go, at home you will tell me the rest.

In the meantime...

Why did you do that? You could have just apologized to her. You didn't have to fund her the most expensive package right away.

No, wait a minute. wow!

**\*Shocked\***

And you have a picture with her together in which it looks like you are friends.

Have you seen her Twitter profile?

Yes, she is famous.

Now not only will everyone stop blaming me for what I did....

But you might also have a chance to get into that film studio, which you want.

And I already thought you had a conscience.

Exactly.

You must be joking. I'm just taking advantage of the opportunity.

Meanwhile, at Sakai-chan...

What!!!

**\*Mad\***

Who is  
this girl?

How  
dare she touch  
my Hina-chan!

In the evening...

My face is now perfectly smooth.

Wow not a single hair.

Well... Makeup I can always wash off

Plus the makeup.

Now I know why the hair on my legs doesn't grow back.

First Naomi did laser hair removal on my legs.

And now I got facial hair removal.

I have heard about laser hair removal in the past, but I have never seen what it looks like.

The next day  
at school...

*\*Angry\**

You can't  
just take pictures  
with random people  
and post them  
on your official  
profile.

It's good that Saki  
told me about it.

Why did  
I even give you the  
password to it.

I'm sorry  
I didn't know.

But what's  
wrong with it, it's just  
a photo?

You know what data protection is?

In order to put someone's picture on our official pages, we need that person's written permission.

Otherwise, he can sue us. Therefore better don't do it again.

Naomi, I'm very impressed.

It was a great idea to tell her about it.

But you said that people can take photos with me.

Because you are a public person and you even have it written in your contract. Besides, then they add a photo with you on their profiles.

Unfortunately yes, we just don't have the right to publish their image. If she was the one who published the photo, there would be no problem.

Great, and please don't do it again. If you have any doubts ask.

So they can and I can't?

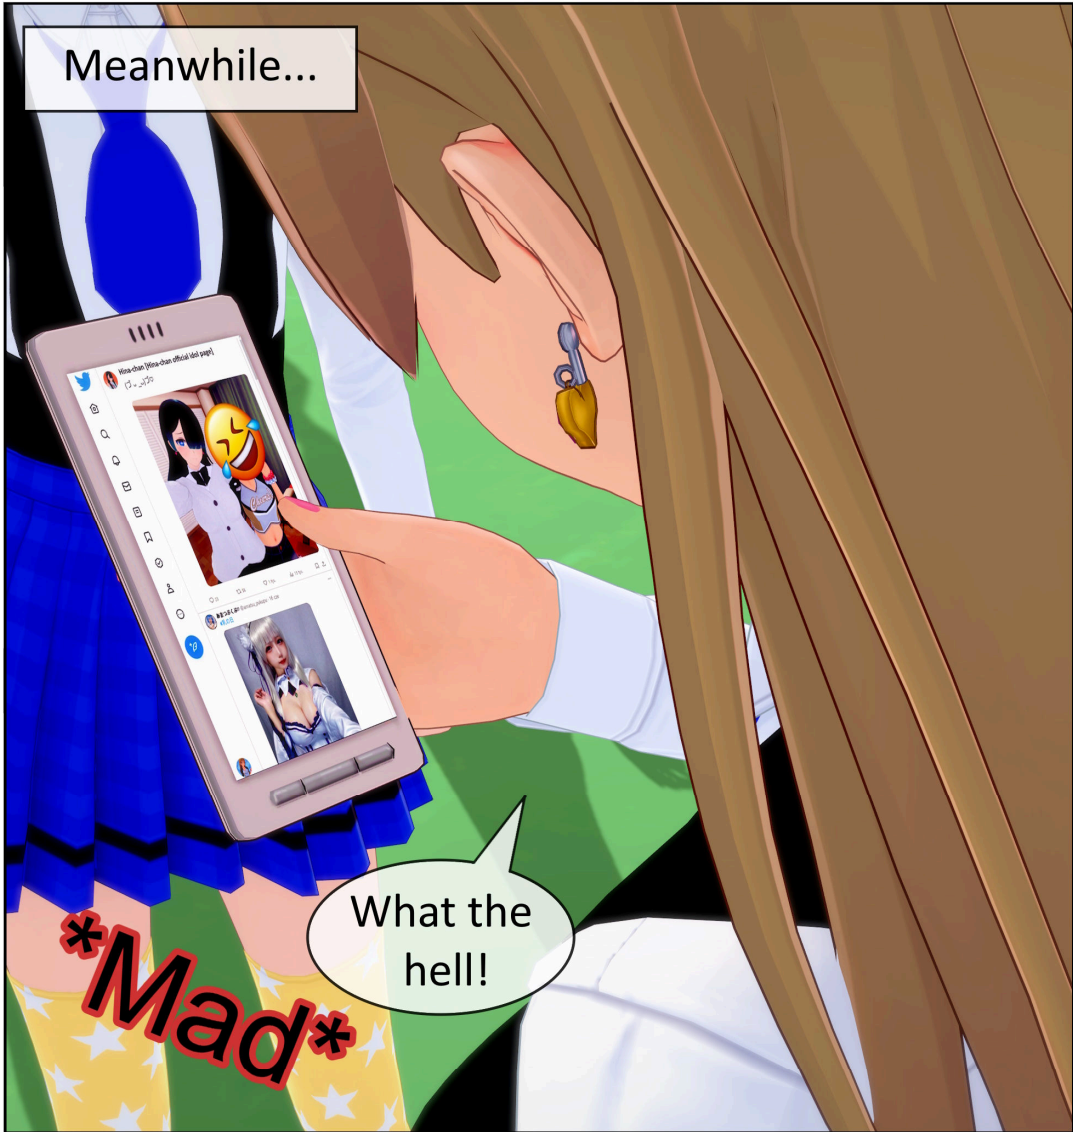

*\*Confused\**

Now I understand.

In that case, I think I'd better remove the photo.

No worries,  
I've already taken  
care of it.

Meanwhile...

What the  
hell!

**\*Mad\***

You really look like best friends. hehe

*\*embarrassed\**

That little viper!  
She fooled me!

Well... Her cousin got kicked out of school by you, and you humiliated her. No wonder she doesn't want to have anything to do with you.

In the evening in the studio...

It was great.

Next time  
we will already record  
your first song.

*\*embarrassed\**

I was supposed  
to learn about idols, not  
become one of them.

What did I  
do wrong?

Some time later...

Why did we  
come here, after all,  
lessons are long over?

I forgot a few  
things in one of the  
classes.

I'll drive you  
home right away ,  
don't worry.

You mean the one where you are cuddling with that girl.

And why do you think I'm mad at you for them?

No worries, I'm not angry, I just had to think about something.

Thanks. Oh, and just about that photo over there, you're not mad at me are you?

Yes~

Because somehow you are behaving strangely today.

That's good because I was already afraid you were mad at me because of it.

In the classroom...

Something is  
not right here.

Are you  
sure you're not  
mad at me?

Of course  
I'm not mad  
at you.

But you need  
to get a little lesson  
for what you did.

After a while...

So, who was this girl and why were you hugging?

You are lying!  
Also, address the teacher correctly!

In that case,  
why did you hug her?

Excuses.  
I guess I will have to punish you properly.

I really don't know who this girl is.

**\*embarrassed\***

I don't know, ma'am. I met this girl only a few times.

Because she made me do it.

Have you already forgotten?

Maybe in that case I should refresh your memory?

Hooo~

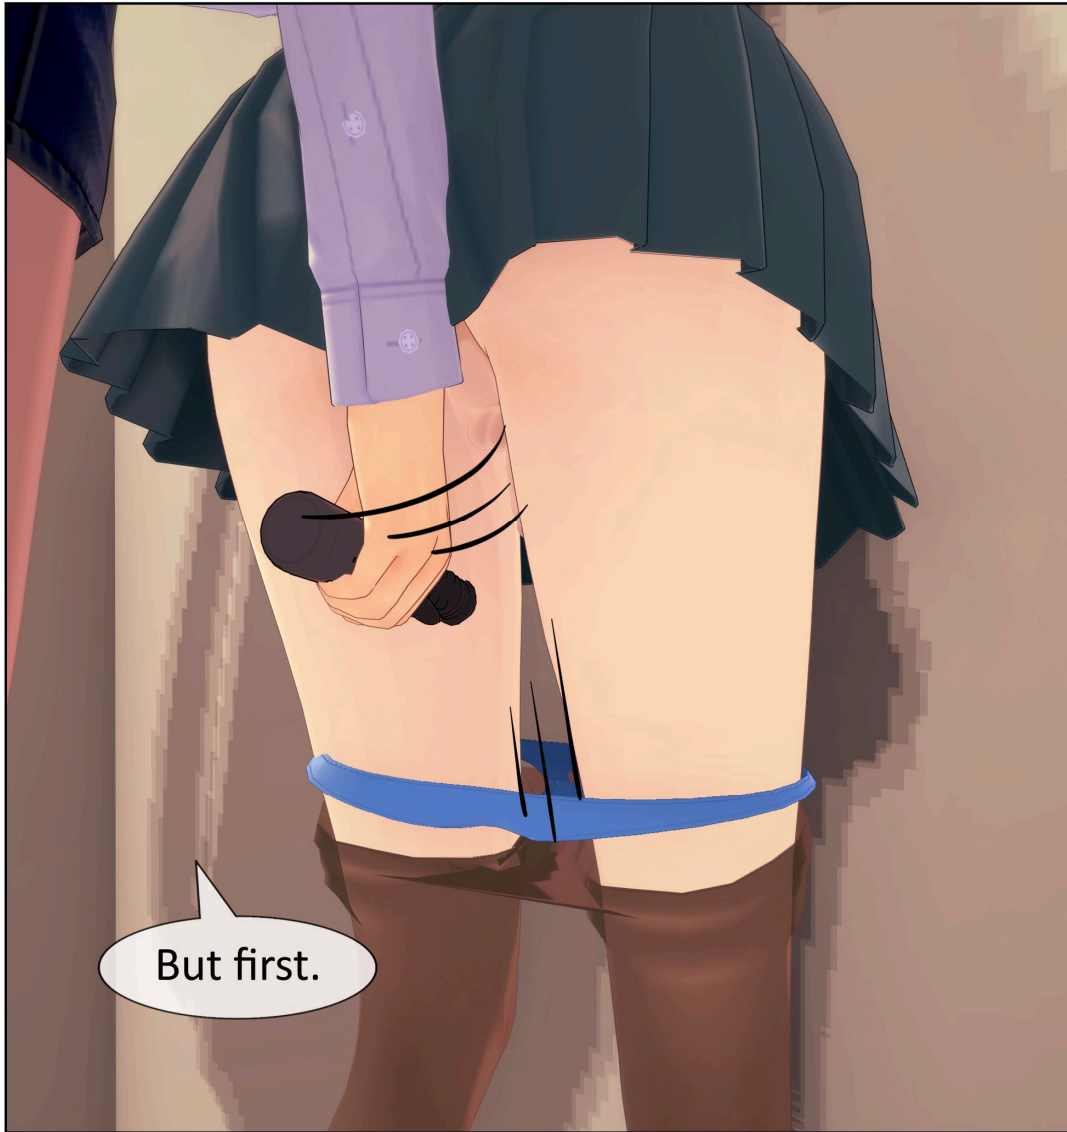

Yes ma'am.

And how do you know how to address me?

Great.

Have you not forgotten something else?

Are you sure?

Sorry! Sorry! Sorry!  
Sorry! Sorry! Sorry!

I won't anymore.

No ma'am.

Hngh!

Sorry!

I swear I won't hug any girl again.

Ah~

Uwah~

Finally.

You know, it's not very nice to see your boyfriend posting pictures where he cuddles with other girls.

Although maybe I should say "your girlfriend".

Fine, I'll let you come for it.

But you are to never do it again.

Ah...

Ah~

Uwah...

Hngh!

Yes, understood,  
ma'am!

HaaAAA~

Understood?

Great.  
hehe

Some time later....

You will have  
a lesson in what you  
should not do.

If you don't do it  
again then no.

Ouch~ My ass~.

Now I won't  
sit down for at least  
a week.

Sorry. But you're  
not mad at me  
anymore right?

Thanks, I definitely  
won't do it again.

But we will still have to do it again sometime.

I want to try it too.

Although I see that you liked it too.

Er... Maybe a little bit.

If only it weren't for the pain in the butt right now.

*\*embarrassed\**

No worries it will pass soon. And by the way you sound somehow strange.

**\*Shocked\***

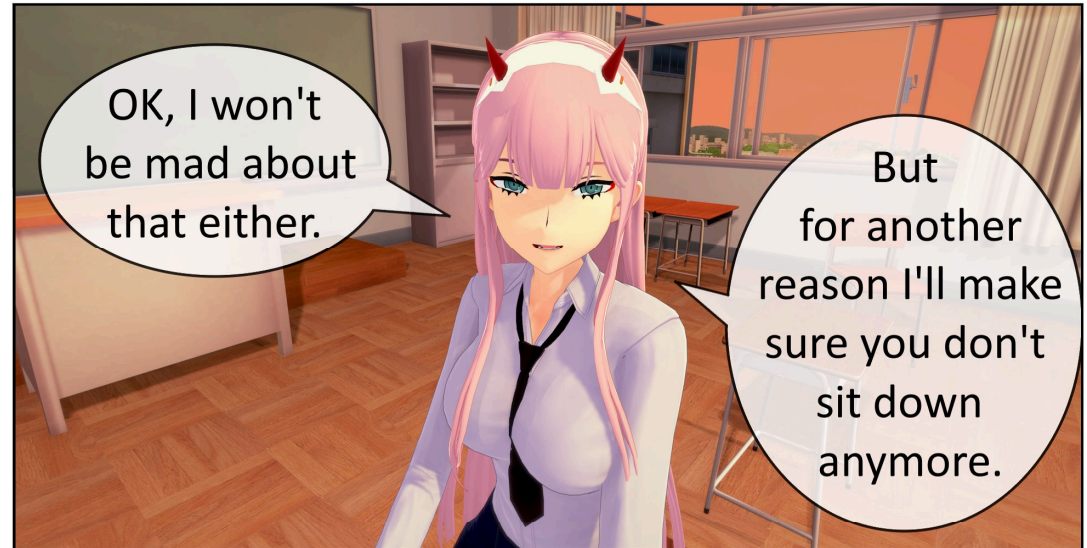

You're joking.

I must have strained  
my vocal cords.

Either it's my  
imagination or your  
voice has become  
more squeaky.

No, although  
I like it.

In the evening...

From what I've heard with your voice it's getting worse.

Definitely, you sound completely like a girl now.

You probably can't hear yourself. Better take tomorrow off from school and go to the doctor!

Yes, I think I'll have to go to the doctor again.

It's not that bad.

Okay dad, I'll go to the doctor.

Great, because people will start thinking you're some kind of sissy. Or worse, they'll start thinking you're trans.

No worries, it certainly won't come to that.

Everyone already thinks I'm a girl.

By the way, do you know what's best for butt pain?

*\*embarrassed\**

I got hit with a ball in P.E. and it still hurts.

Butt pain?

Meanwhile...

I wonder  
what must  
have happened  
there. hehe

A~ So that's the point.  
Because I was already starting  
to get scared.

Well... The best thing is  
to buy a lot of beans and  
sit on them, it helps.

Your mother it  
helped, although with a  
little different thing.

The next day at the doctor's...

Now say "a"

Okay, that's  
enough.

And when did  
it happen?

Aaaaaaaa~

Yesterday when  
I screamed.

Well... It's nothing serious with time it will pass on its own. And as for your pain... I'll prescribe you an ointment that should help.

I don't know, it's hard to predict exactly.

I doubt it, next week at the earliest. Although there are these chances that your voice will already stay like this.

And when exactly?

**\*embarrassed\***

Can it pass by tomorrow?

What?

It could be permanent.

Oh no just not that.

And tomorrow I'm supposed to meet with Ichigo.

**\*Shocked\***

At school...

Yes, Ichigo is coming tomorrow and I don't want her to notice anything.

Er... Actually, that's right.

So that's why you want to sound more manly.

But since you have to pretend in front of her that you are your cousin, wouldn't it be better if you just sounded as much like a girl as possible?

Besides, I think we were talking about other girls?

Yes, but it's not any girl I but Ichigo.

Did she just admit that she doesn't recognize her as a girl.  
*\*confused\**

Fine, in the end we can't let her notice anything.

But just try to do something more and you know what will happen.

Don't worry.

The next day...

Goro!

**\*Shocked\***

Hey.  
I know I'm probably  
not the one you were  
expecting, but Ichigo  
unfortunately couldn't  
come.

**\*stressed\***

She told me  
to apologize to you  
for that.

To be continued...
