

Eternal dream

Chapter 6

By Ron512 and Kami1

18⁺

On the way home...

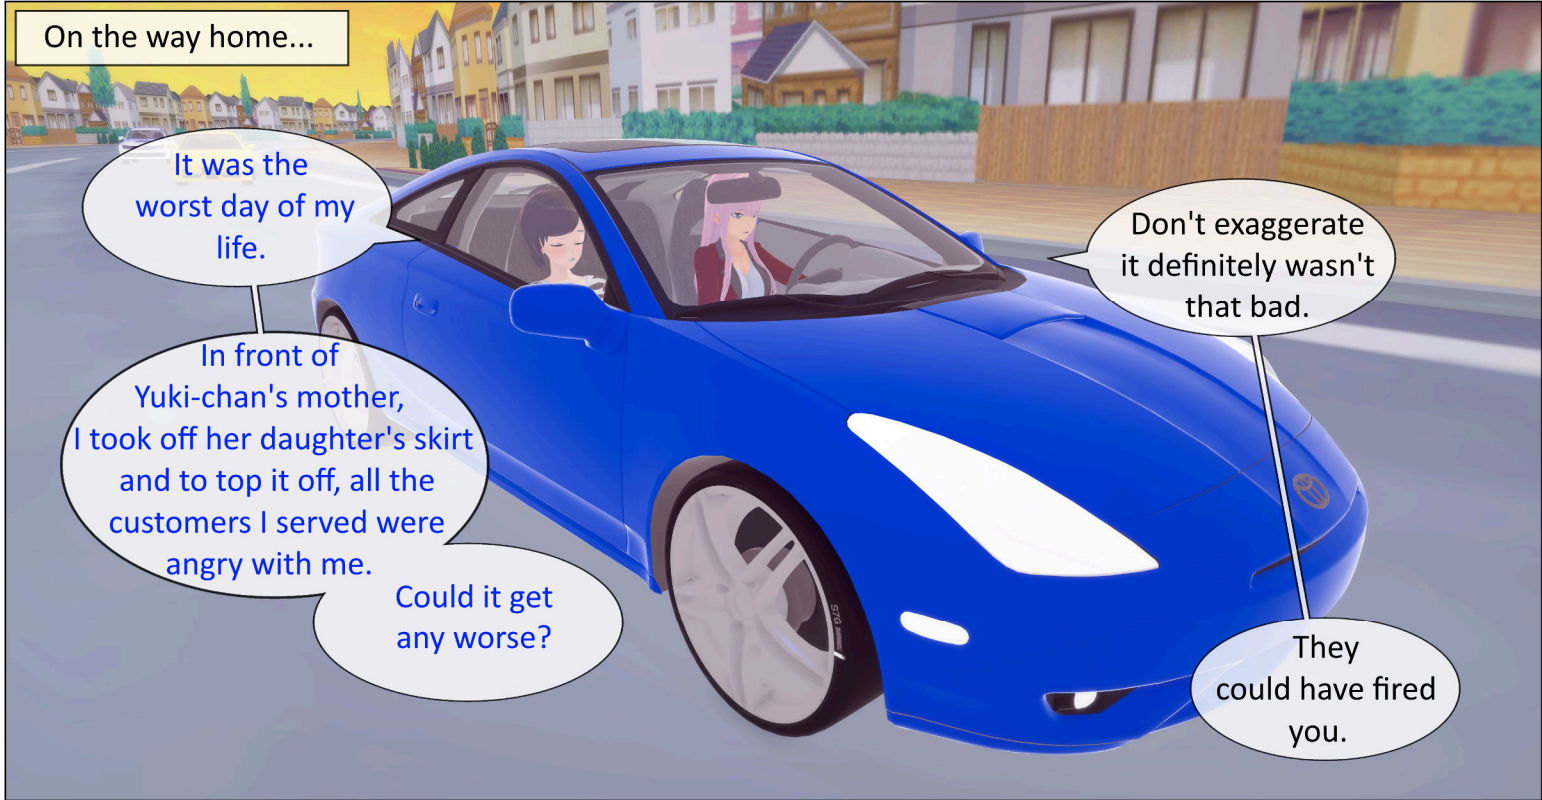

It was the worst day of my life.

In front of Yuki-chan's mother, I took off her daughter's skirt and to top it off, all the customers I served were angry with me.

Could it get any worse?

Don't exaggerate it definitely wasn't that bad.

They could have fired you.

No worries,
I'm sure they'll do
it tomorrow.

What's with the
weird itch since this morning.
I thought it would go away,
but it's getting worse.

Right after
they see how many
plates I broke

I was so nervous that
so many people were looking
at me and I couldn't concentrate
on walking.

Why did you
keep tripping, after all, from
what I saw earlier, you can
walk in heels?

So it's just as
I thought.

Fortunately, Yuki-chan and I have devised a plan to help you with your embarrassment.

A plan, what plan?

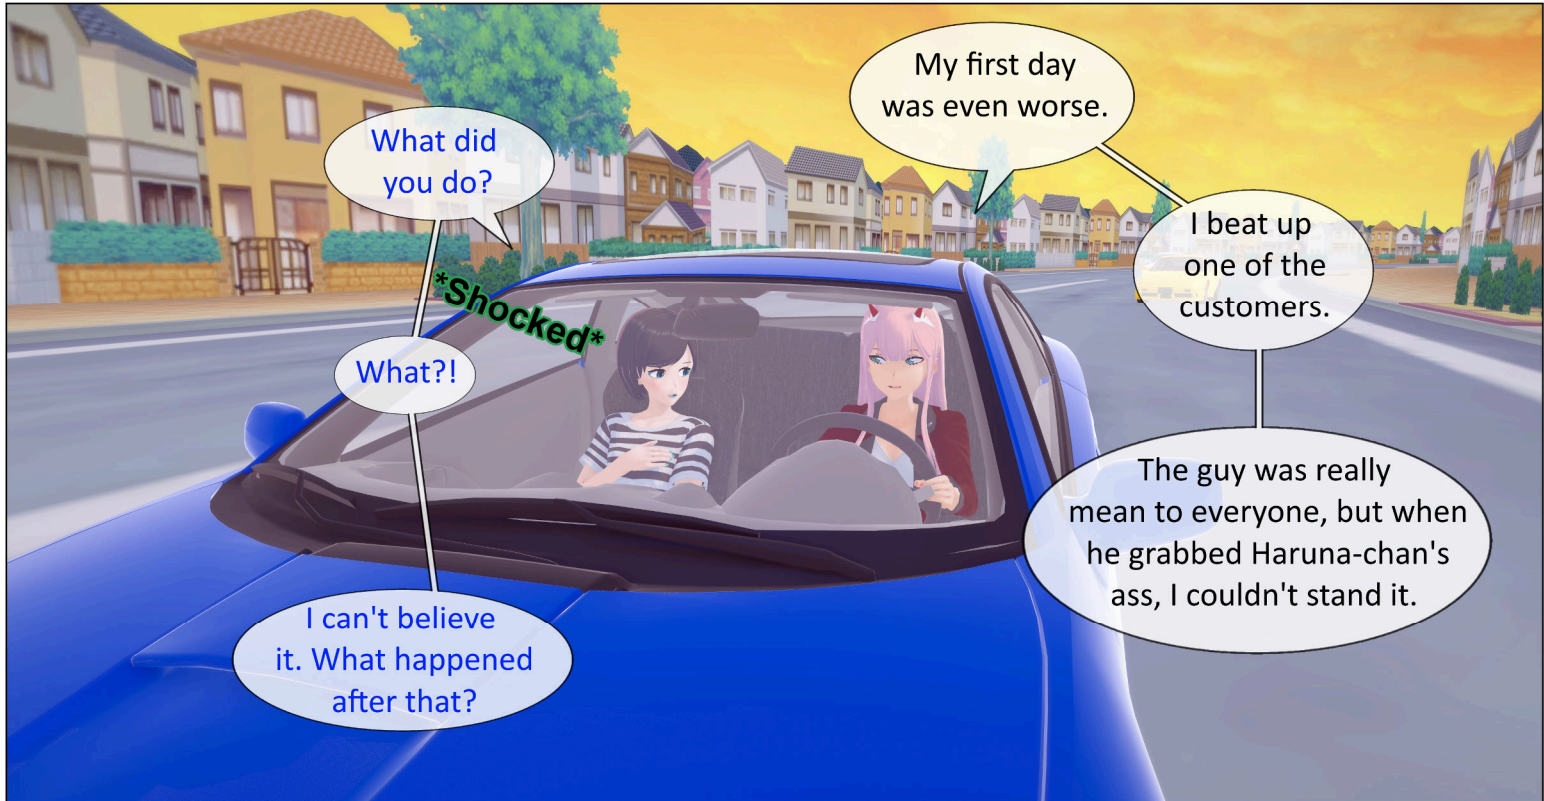

You'll find out tomorrow. hehe

And don't worry about the broken plates, they'll deduct it from your paycheck and it's no big deal.

Maybe I should tell Aunt Sora about the itch.

Better not, it's probably nothing serious anyway.

You think you're the only one who broke some plates. But then again, no one breaks that many in one day.

What did you do?

My first day was even worse.

I beat up one of the customers.

What?!

The guy was really mean to everyone, but when he grabbed Haruna-chan's ass, I couldn't stand it.

I can't believe it. What happened after that?

Shocked

What about this guy?

Amazingly, Zero Two is almost my opposite, completely unafraid of anything.

I wish I could be like her, then everything would go better for me and I wouldn't be such a loser.

The boss complimented me for standing up for one of her employees.

I don't know, he hasn't been seen since, he was probably ashamed that a girl beat him up and he moved out.

So you see not only you had a hard start. So don't give up so quickly and keep fighting.

Evening in the bathroom...

I can finally take off these stupid panties, what a relief.

I've been waiting all day for this.

Hmm...?

What is this?

What happened
to my nipples?

Could this be the
cause of the strange
itching?

I didn't pay
attention to it before
but they seem kind of
different, weird.

Is it some
kind of allergy?

Ngh!

What's going on, why are my nipples suddenly so sensitive?

I guess I have no choice, although it's humiliating I'll have to tell Aunt Sora about it.

Although strangely it's even pleasant but it shouldn't be like this.

It's definitely not a simple allergy.

Before it gets any worse.

Hina-chan, are you using your usual voice again? We already talked about it.

Auntie, can you come in for a minute?

Ymm... Yes, you could say that.

I have no other choice but to tell Aunt Sora, maybe she'll know what it is.

Is something happened?

Okay, I'll be right there.

A moment later...

And what is that?

embarrassed

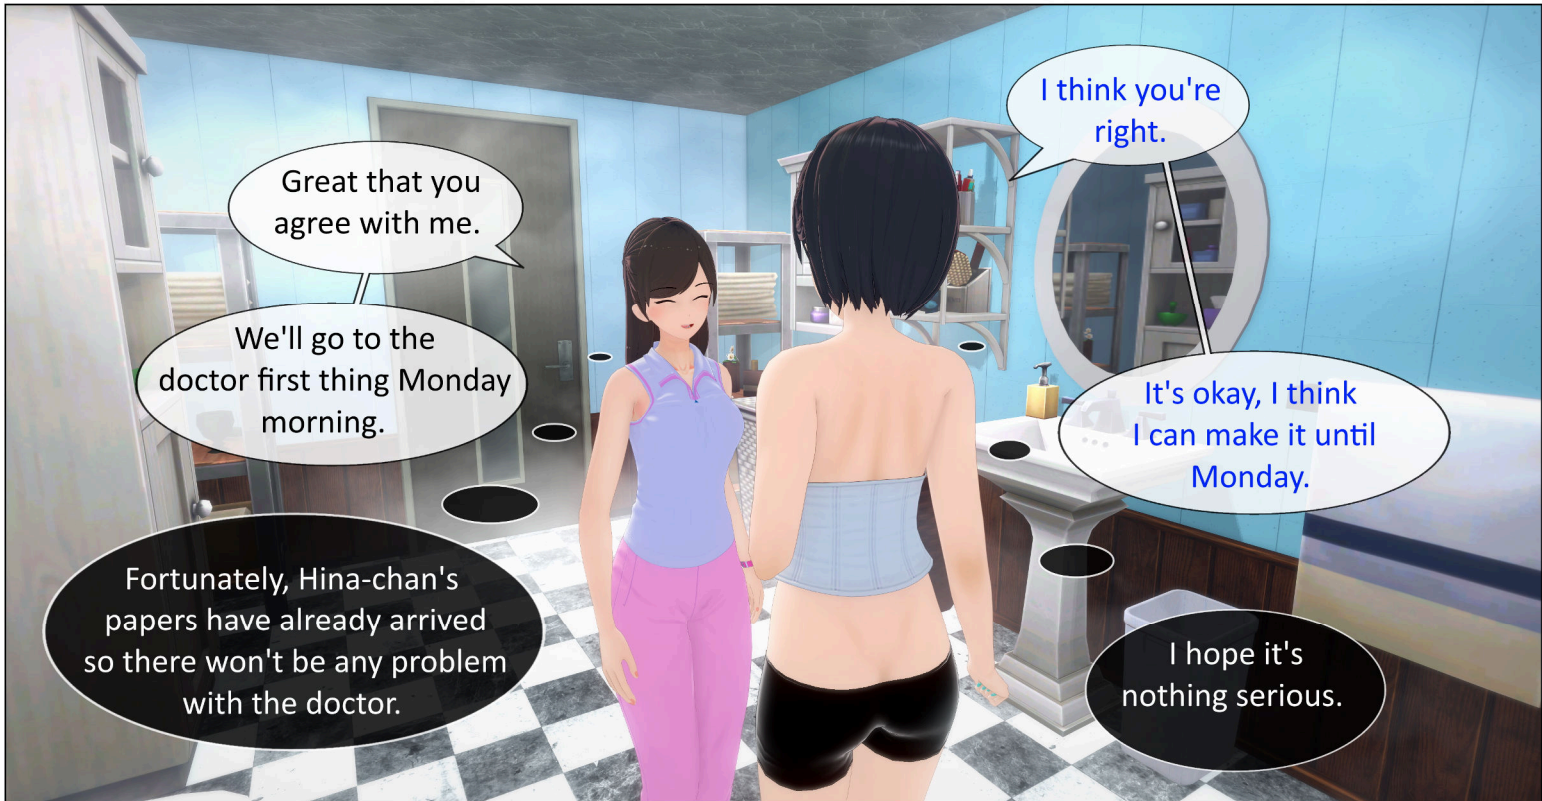

Is this really necessary? Maybe it's just an allergy.

I think slowly the hormones I'm giving him are starting to work, great.

I don't know, I'm an educator not a doctor. I'll take you to the doctor on Monday before school.

I know you're embarrassed, but health can't be ignored.

Great that you agree with me.

We'll go to the doctor first thing Monday morning.

Fortunately, Hina-chan's papers have already arrived so there won't be any problem with the doctor.

I think you're right.

It's okay, I think I can make it until Monday.

I hope it's nothing serious.

The next day
at breakfast...

I hate vegetables,
especially broccoli.

But I don't think
I can count on that
right now.

Does Aunt
Sora ever eat
meat?

I'd like some
meat, preferably
chicken.

Although there is something worse than vegan food anyway.

Aunt Sora, do I really have to pretend to be a girl even at work?

And couldn't I just work as a waiter

Of course, you work as a maid after all. Hina-chan

No way, the girls would notice right away that it was you. Besides, Mayumi hired you as a girl, not as a boy.

And if I had
fired myself?

No~

Mad

What!!!? Are you
kidding me? You know
how hard it was for me
to get you that job.

You know
how much I had
to ask Mayumi to
hire you.

Actually,
she suggested
that she hire
Hina-chan.

Not only did I help you
get a job so you could have
your own money, but you're
still complaining.

No gratitude.

Besides, you seem to have forgotten why you're even pretending to be a girl.

But I'll remind you. You pretend to be a girl so you can go to school without any problems.

No, I haven't forgotten

I know, I'm sorry.

Hina-chan, when will you understand that I'm not doing this for fun but to help you?

Otherwise, your problems will never end.

So that everyone will forget what you did and you can still go to school or work normally.

If no one sees you for a while, everyone will forget about what happened.

That's why you pretend to be a girl.

I understand,
but do I really have to
pretend to be a girl for
three months?

And then
what?

In three
months, it's summer
vacation, so to make things
simpler, you'll just pretend
to be a girl for the rest of
the school year.

It's still summer
vacation so you
won't be going to
school anyway,

And after
the vacations,
everything goes
back to normal.

In that case,
I'll try to hold out
somehow.

embarrassed

You can
stop calling
me that, it's
embarrassing.

I'm starting
to feel like Aunt
Sora's trying to
brainwash me.

Good girl.

I can't
or you'll fall out
of character.
Hina-chan

I guess I've
seen too many
movies.

Later at work...

Your order.

Two takoyaki
and two iced coffees

Would you like
some dessert on
top of that?

Or maybe something else?

Then how?

I don't believe it myself, what I just said.

How humiliating!

But Yuki-chan and Zero two said that's what I should do.

One hour earlier...

Er... am I understanding this correctly?

I'm supposed to act like I'm playing a role?

Really?

Exactly, after all, all the girls here actually play certain roles.

Yes, and you should start role-playing too.

Act as if you've never acted.

Get carried away.

But what role should I play?

Whatever you want, it's up to you.

I don't know, I don't think I can do that.

Sorry, but
I can't do that.

Besides,
what if someone
recognizes me?

And if, you
know what I'm
afraid of?

Don't worry
about it, no one will
recognize you.

Yes, I do, and
I already took
care of it.

tada!
And what do
you think?

Yeah, now
I'm sure no one will
recognize you.

Of course, now
you can do whatever you
want without fear of being
recognized.

A mask?

Are you
sure?

Really?
What's that?

And as an
incentive, if you impress
me today, I'll give you a
little reward.

It's a surprise,
but I'm sure you'll
love it.

So try, and
you'll find out
what it is.

And finally, there's one more thing you need to tell yourself over and over again.

You have to keep telling yourself that you're a strong, confident girl.

Say it again.
I'm a strong and confident girl.

Okay, and every time you start to doubt yourself, just keep telling yourself that.

What's that?

What? But I...

I'm a strong and confident girl.

Back to the present...

And what surprised me is that it really helps.

And with this mask, I don't have to worry about being recognized.

In that case, I'll have a cup of vanilla ice cream.

Okay, I'll bring it right over.

For me, too.

I am a strong and confident girl.

I am a strong and confident girl.

I am a strong and confident girl.

For the rest of the day Hiro repeated what Zero Two told him. Not even noticing that at some point he began to believe what he was saying himself. until...

On the drive home...

embarrassed

Well, I have to admit, I wasn't expecting that.

I told you to have fun and get into character.

But at some points I'm starting to wonder if you're really a guy. hehe

I overreacted.

I got too much into the role.

I want to die.

Or are you really a girl, huh?

Of course I'm a guy, you can see that

Can we please stop talking about this?

And please don't tell anyone about this, especially not Aunt Sora.

So how is it?

Actually, I'd bet more on Hiro really being a girl and just pretending to be a boy.

Why, I'm sure your aunt will be happy to hear that you're doing well at work.

Yes, but
I don't want anyone
I know to find out what
I'm doing now.

She does?

Don't worry,
I'm sure no one
will find out.

After all, she cares
about keeping it a
secret, too.

Yes, and all your
friends live far away from
here, so there' s no way
they'll find out.

Strange,
I didn't tell Zero
Two that I live far
from here.

Maybe
Aunt Sora told
her.

Yeah, I guess
you're right.

Therefore,
you don't have to
fear anything and you
can do whatever you
want.

As long as
you behave like a
girl, of course.

But even
there, I think it's
a lot of fun.

And while we're on the subject of pretending to be a girl, I have some good advice for you.

Forget that blue lipstick.

You look like you kissed a hydrant in the cold.

If you're going to use lip makeup it's better to use some kind of soft gloss and not something like that.

But I like your eye makeup, maybe it's because I use it myself?

Shocked

Some time later...

Thanks for the ride. Maybe you can come over for coffee.

Too bad. Hm? Something's happened. You look like you've been thinking.

What?

No thanks, maybe next time.

I feel like I forgot something.

Something very important and I think I remember what it was. hehe

confused

Award?

Yes, but...I...

I almost forgot about your award.

Yes, I promised you a award if you surprised me, right?

Hiro-kun even in heels is shorter than me, how cute. Hehe

I'm glad I met
you again after so
many years.

You probably don't
remember me anymore
but that's okay because
I still remember you.

And no
matter if you're a boy or
a girl you'll always be my
Darling.

What's
going on?

At my last
school, girls didn't
even know I existed.

And
here another one
is already kissing
me.

Maybe
I should tell him.

I think it's better not
to for now, I'll have some
more fun. hehe

Do girls like a guy
to walk around in
women's clothes?

If I knew that,
I would have worn
stiletos by now.

Er... I guess
not.

Yes, but I don't understand any of it.

Yeah, sure.

And how did you like the award?

Hehe. Hina-chan you're so cute.

Unfortunately, it's time for me to go. I'll see you tomorrow at school.

Strangely,
after Zero two kissed me
I have a feeling that I have
met her before.

At least
tomorrow I'll get a
break from pretending
to be a girl.

Maybe it's just
my imagination.

Anyway,
I better not tell Aunt Sora
that me and Zero Two
kissed.

I can't
wait, after all, the
doctor has to know
I'm a guy.

The next day...

I was hoping that for one day Aunt Sora would let me act like a guy.

And remember, behave as you usually do.

Of course, I mean how you behave at my school.

Auntie, wouldn't it be better if I didn't pretend to be a girl at the doctor's?

I mean, if the doctor thinks I'm a girl he might give me the wrong medicine.

Then why did you make me dress like I was going to school?

Don't worry, the doctor knows you're really a boy.

In case we run into someone from school.

Because if someone from school saw you, they would guess everything right away.

For example, if we met Zero Two, she'd know right away.

Yes, she'd probably know it was me right away.

In fact, she knows right from the start that I'm a guy.

Yeah.

And we'd rather not have too many people know about your secret, right?

So play your role and don't worry about anything.

The doctor won't make a mistake, she has your papers and it says you're a boy, right?

Yes.

Just one more thing, the doctor will treat you like a girl, so don't be surprised.

To make sure no one notices?

Exactly, I see you finally understand.

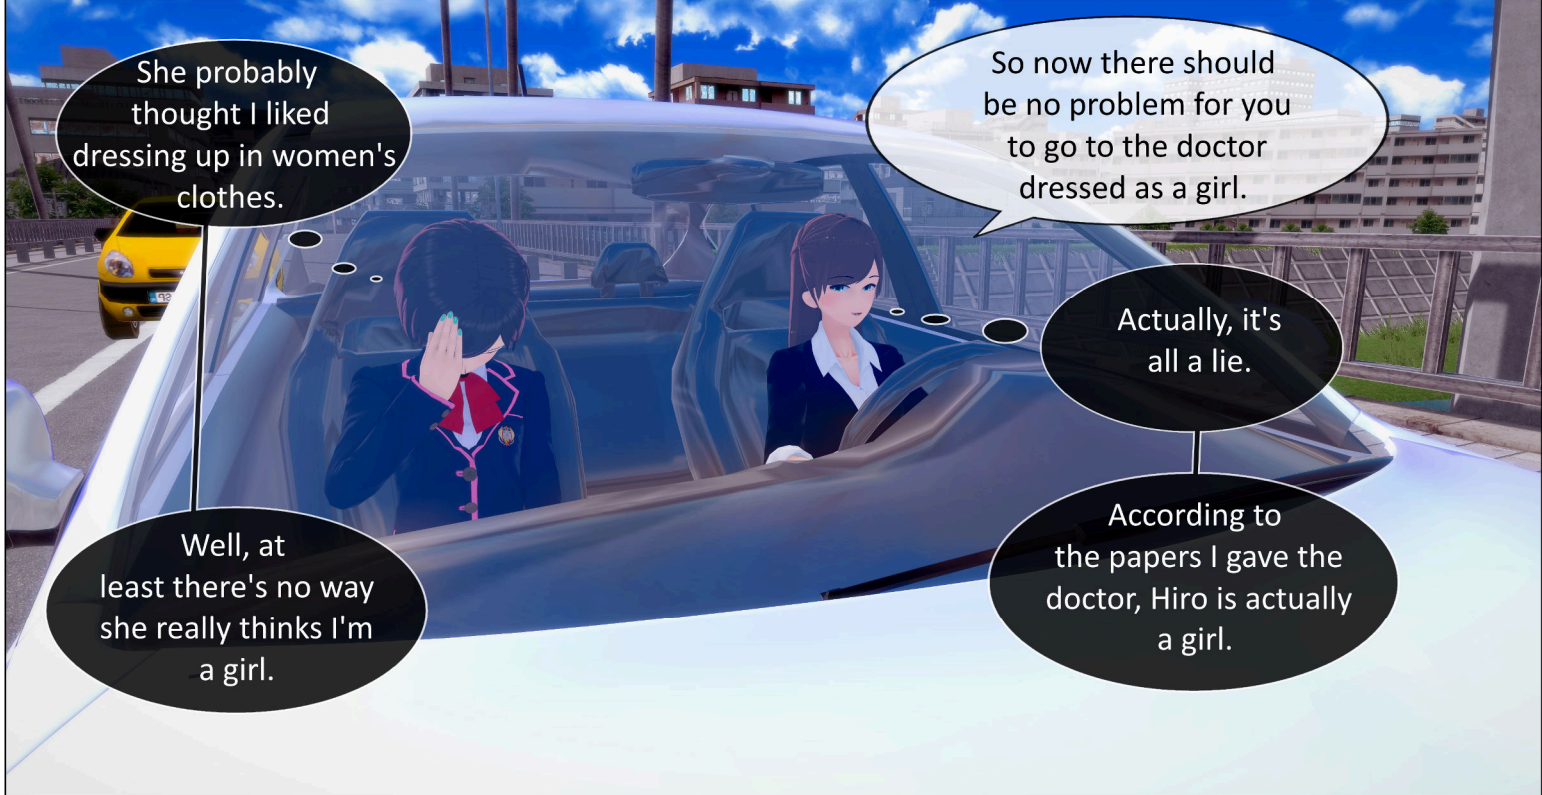

Shocked

What!!!!?

She was actually a little surprised when I asked for it.

But I told her you wanted to see what it was like to be a girl.

She just smiled and said she understood.

She probably thought I liked dressing up in women's clothes.

So now there should be no problem for you to go to the doctor dressed as a girl.

Actually, it's all a lie.

Well, at least there's no way she really thinks I'm a girl.

According to the papers I gave the doctor, Hiro is actually a girl.

Later at the doctor's office...

embarrassed

I have to explain everything to her.

Only then will she be able to help me.

So you're Hina Suzuki, nice to meet you.

My name is Akira Reina.

Now let's get down to business.

Can you tell me exactly what your problem is?

There's no way
I'm not going to do
that.

I'm not
gonna tell a strange
woman that my nipples
itch

It's just too
humiliating. Even pretending
to be a girl isn't as humiliating
as this.

Sora was right,
Hina-chan really is
very shy.

Just like she was
right that she looks a bit like
a guy but without a doubt
Hina-chan is a girl.

Sora, could
you come over
here?

I can't make an accurate diagnosis if I don't know what the problem is.

Yes, I know, I'm sorry.

Hina-chan is very shy.

Can you tell me what the problem is, then?

Of course, you see, Hina-chan recently complained of a strange itching.

embarrassed

Yes, Hina-chan
said she had a
strange itching in
her nipples.

Unfortunately I
don't know what it could
be, so I said I'd take her
to the doctor.

Itching?

That's the
right thing to do.
Unfortunately, I'll have
to take a look at it.

A moment later...

Okay, let me see.

Strange, why doesn't a girl her age wear a bra yet?

Maybe she thinks since she's flat she doesn't have to wear a bra.

Why did I even agree to this?

embarrassed

And what could it be, Doctor?

Or maybe she didn't have to wear it until now?

Poor girl, no wonder why she doubts her femininity.

Now I understand why Sora asked me to do Hina-chan's hormone tests.

There's nothing to worry about, it's nothing serious.

No, it's perfectly normal at that age.

The itching should go away on its own in a little while.

But I will still prescribe an ointment to relieve it.

That's good, I was starting to worry it was something serious.

I would recommend a blood test though.

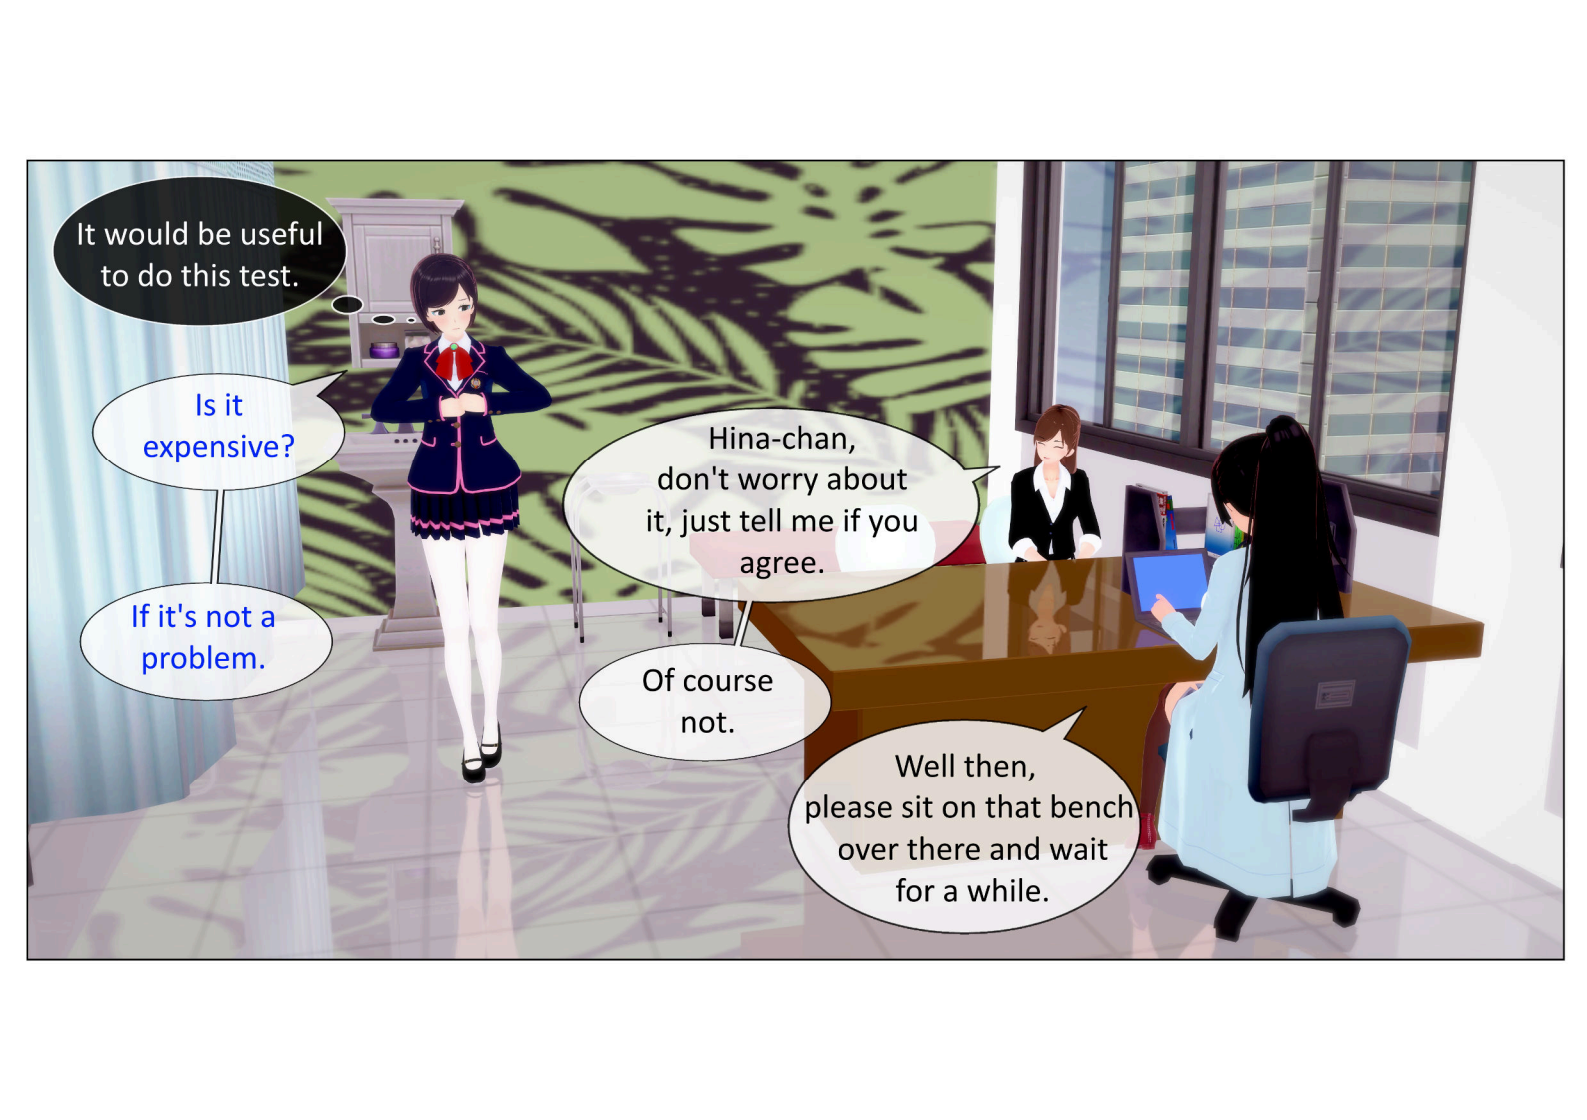

All according to plan.

I personally agree, but it's not my decision.

Of course it is not necessary, but I would recommend you do it anyway

Hina-chan, what do you think? Should I do a blood test to be sure?

It would be useful
to do this test.

Is it
expensive?

If it's not a
problem.

Hina-chan,
don't worry about
it, just tell me if you
agree.

Of course
not.

Well then,
please sit on that bench
over there and wait
for a while.

Moments later...

Relax your hand,
I can't draw blood.

Okay,
just two more
ampoules.

I completely
forgot that to take a blood
sample you have to give
an injection.

I hate
needles!

Two more!

A little while later...

Okay, I'll just write a prescription for that ointment and something else that should also relieve the itching.

And the blood test results should come in the mail in a couple of days.

Sure, I just have a little request, Hina-chan, could you leave us alone?

Sure.

When they come in, we'll come in for a consult.

Weird, either it's my imagination or the doctor really thinks I'm a girl.

Especially since she treated me like I really was a girl.

Although she didn't react to the fact that I wasn't wearing a bra.

But she has access to my records and it clearly says I'm a guy.

Maybe it's just my imagination, or the fact that Aunt Sora asked her to.

Yeah, that's probably why she treated me like a girl.

After all, without the women's clothes, you can tell I'm a real guy.

I'm just worrying unnecessarily.

Why didn't you never say you had a daughter?

Hina-chan is your daughter, right? She looks like you right away, especially from her eyes.

Really?!

Er... What?

Oh, I see. No, Hina-chan isn't my daughter, she's my niece.

Yes, my brother asked me to take care of her for a while.

So that's what it looks like.

Well... we'll talk about that another time, right now I'm going to write you a prescription for this ointment.

Don't worry, I remembered.

Great, but what about those hormone tests?

Oh, great.

Great,
thanks.

Please, here's
the prescription.

I also wrote
you something else
that should also relieve
that itch.

No problem,
and like I said, the
results will come in
a few days.

A woman with brown hair in a ponytail, wearing a black blazer over a white collared shirt, stands in a bathroom. She is holding a white card. The bathroom features light blue vertical blinds, a white pedestal sink with a silver faucet, and a silver metal stool. A large green leaf pattern is projected onto the wall behind her. Three speech bubbles are present: one on the left, one in the center, and one on the right.

Yes, this should definitely help.

I even know where the best place to buy it would be.

I've already thought about it myself.

During the drive...

What did she recommend?

If it's for my health, I don't think I have a choice.

Well, we'll just go to one place to buy what the doctor said and then we'll be on our way to school.

Ointment and something you won't like.

If you want to get rid of the itching, don't.

I knew it.

As long as it's
not a bra, I'll go along
with anything as long as
the itching stops.

Because it's
slowly getting
unbearable.

Well...

After a while in the store...

This has got
to be a joke.

Auntie,
are you sure this
is what the doctor
wrote?

Shocked

I can't let Hiro guess it's a sports bra.

Yes, I'm sure that's what MrsDoctor recommended.

After all, it is special protection for those areas, so it will definitely help you.

That's why
I said it was a special
protector.

Yes, that's
what we were talking
about when you left. In the
end, I was a little shocked
myself at what she
recommended.

Yes, but she said it
wouldn't show under your
clothes anyway and it
would bring you relief.

I see, but did
the doctor really
recommend that I
should wear a
bra?

Really?

Well... I guess
I can try...

A moment later...

What am I doing?

Am I really going to wear a bra from now on?

I don't want to do this but this itching is unbearable.

Plus this corset but it helps me to walk in these stupid heels.

Well... this situation has its good points too.

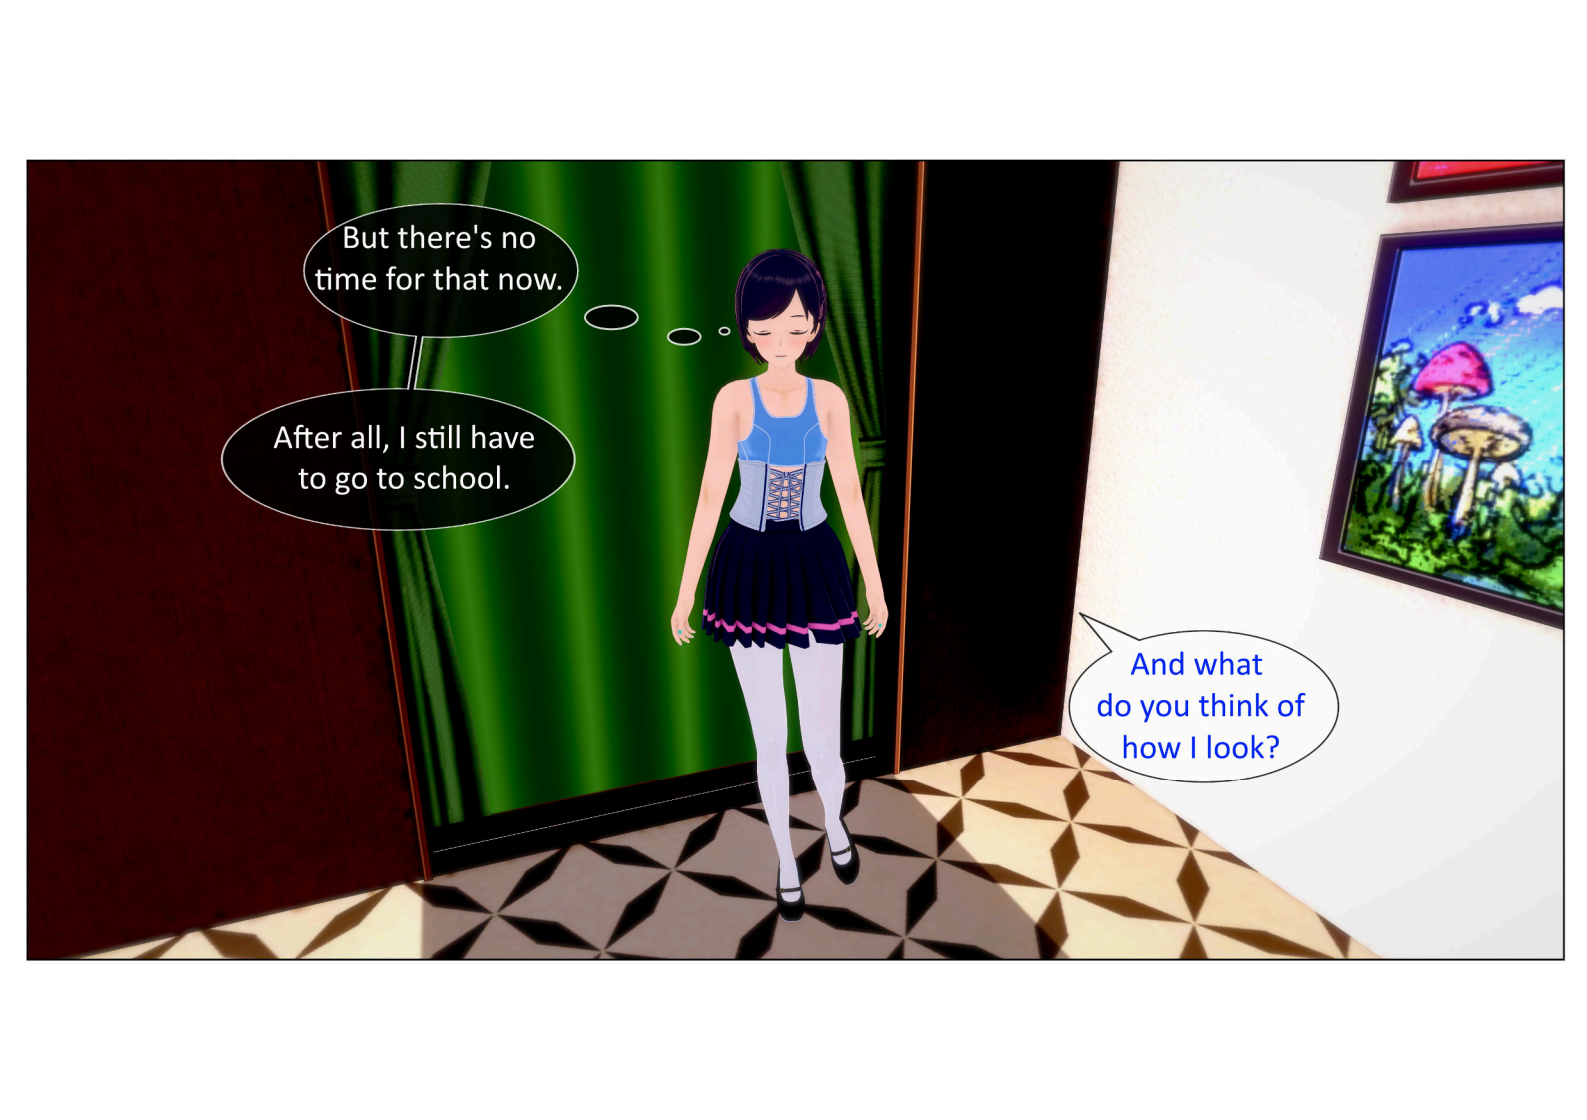

Although it's more than kissing me which is even better.

I think I'll remember it fondly someday.

Since I'm pretending to be a girl, I've already met two very pretty girls and kissed them both.

Besides, not every boy my age can boast of going to a school where there are only girls besides him.

I'm just a bit worried that I will meet someone I know.

But there's no
time for that now.

After all, I still have
to go to school.

And what
do you think of
how I look?
