Eternal dream

Chapter 8

By Ron512 and Kami1

Moments later...

Yes, from what the doctor said you have too much testosterone and not enough estrogen.

Not at all.

I have elevated hormone levels.

That's great.

Why, after all, a guy should have a lot of testosterone and estrogen is, after all, a female hormone.

That's right, but a
guy also needs to have
some estrogen.

On the other hand,
if a guy has too much
testosterone then the testicles
can start to shrink.

Not at all,
have you ever seen
bodybuilders.

And you noticed
that from taking hormones
they have such testicles and
penis.

What, you're
kidding, right?

Shocked

Yes~

Yes, probably if we don't do anything yours will shrink soon too.

Relax, I've already signed you up for next week.

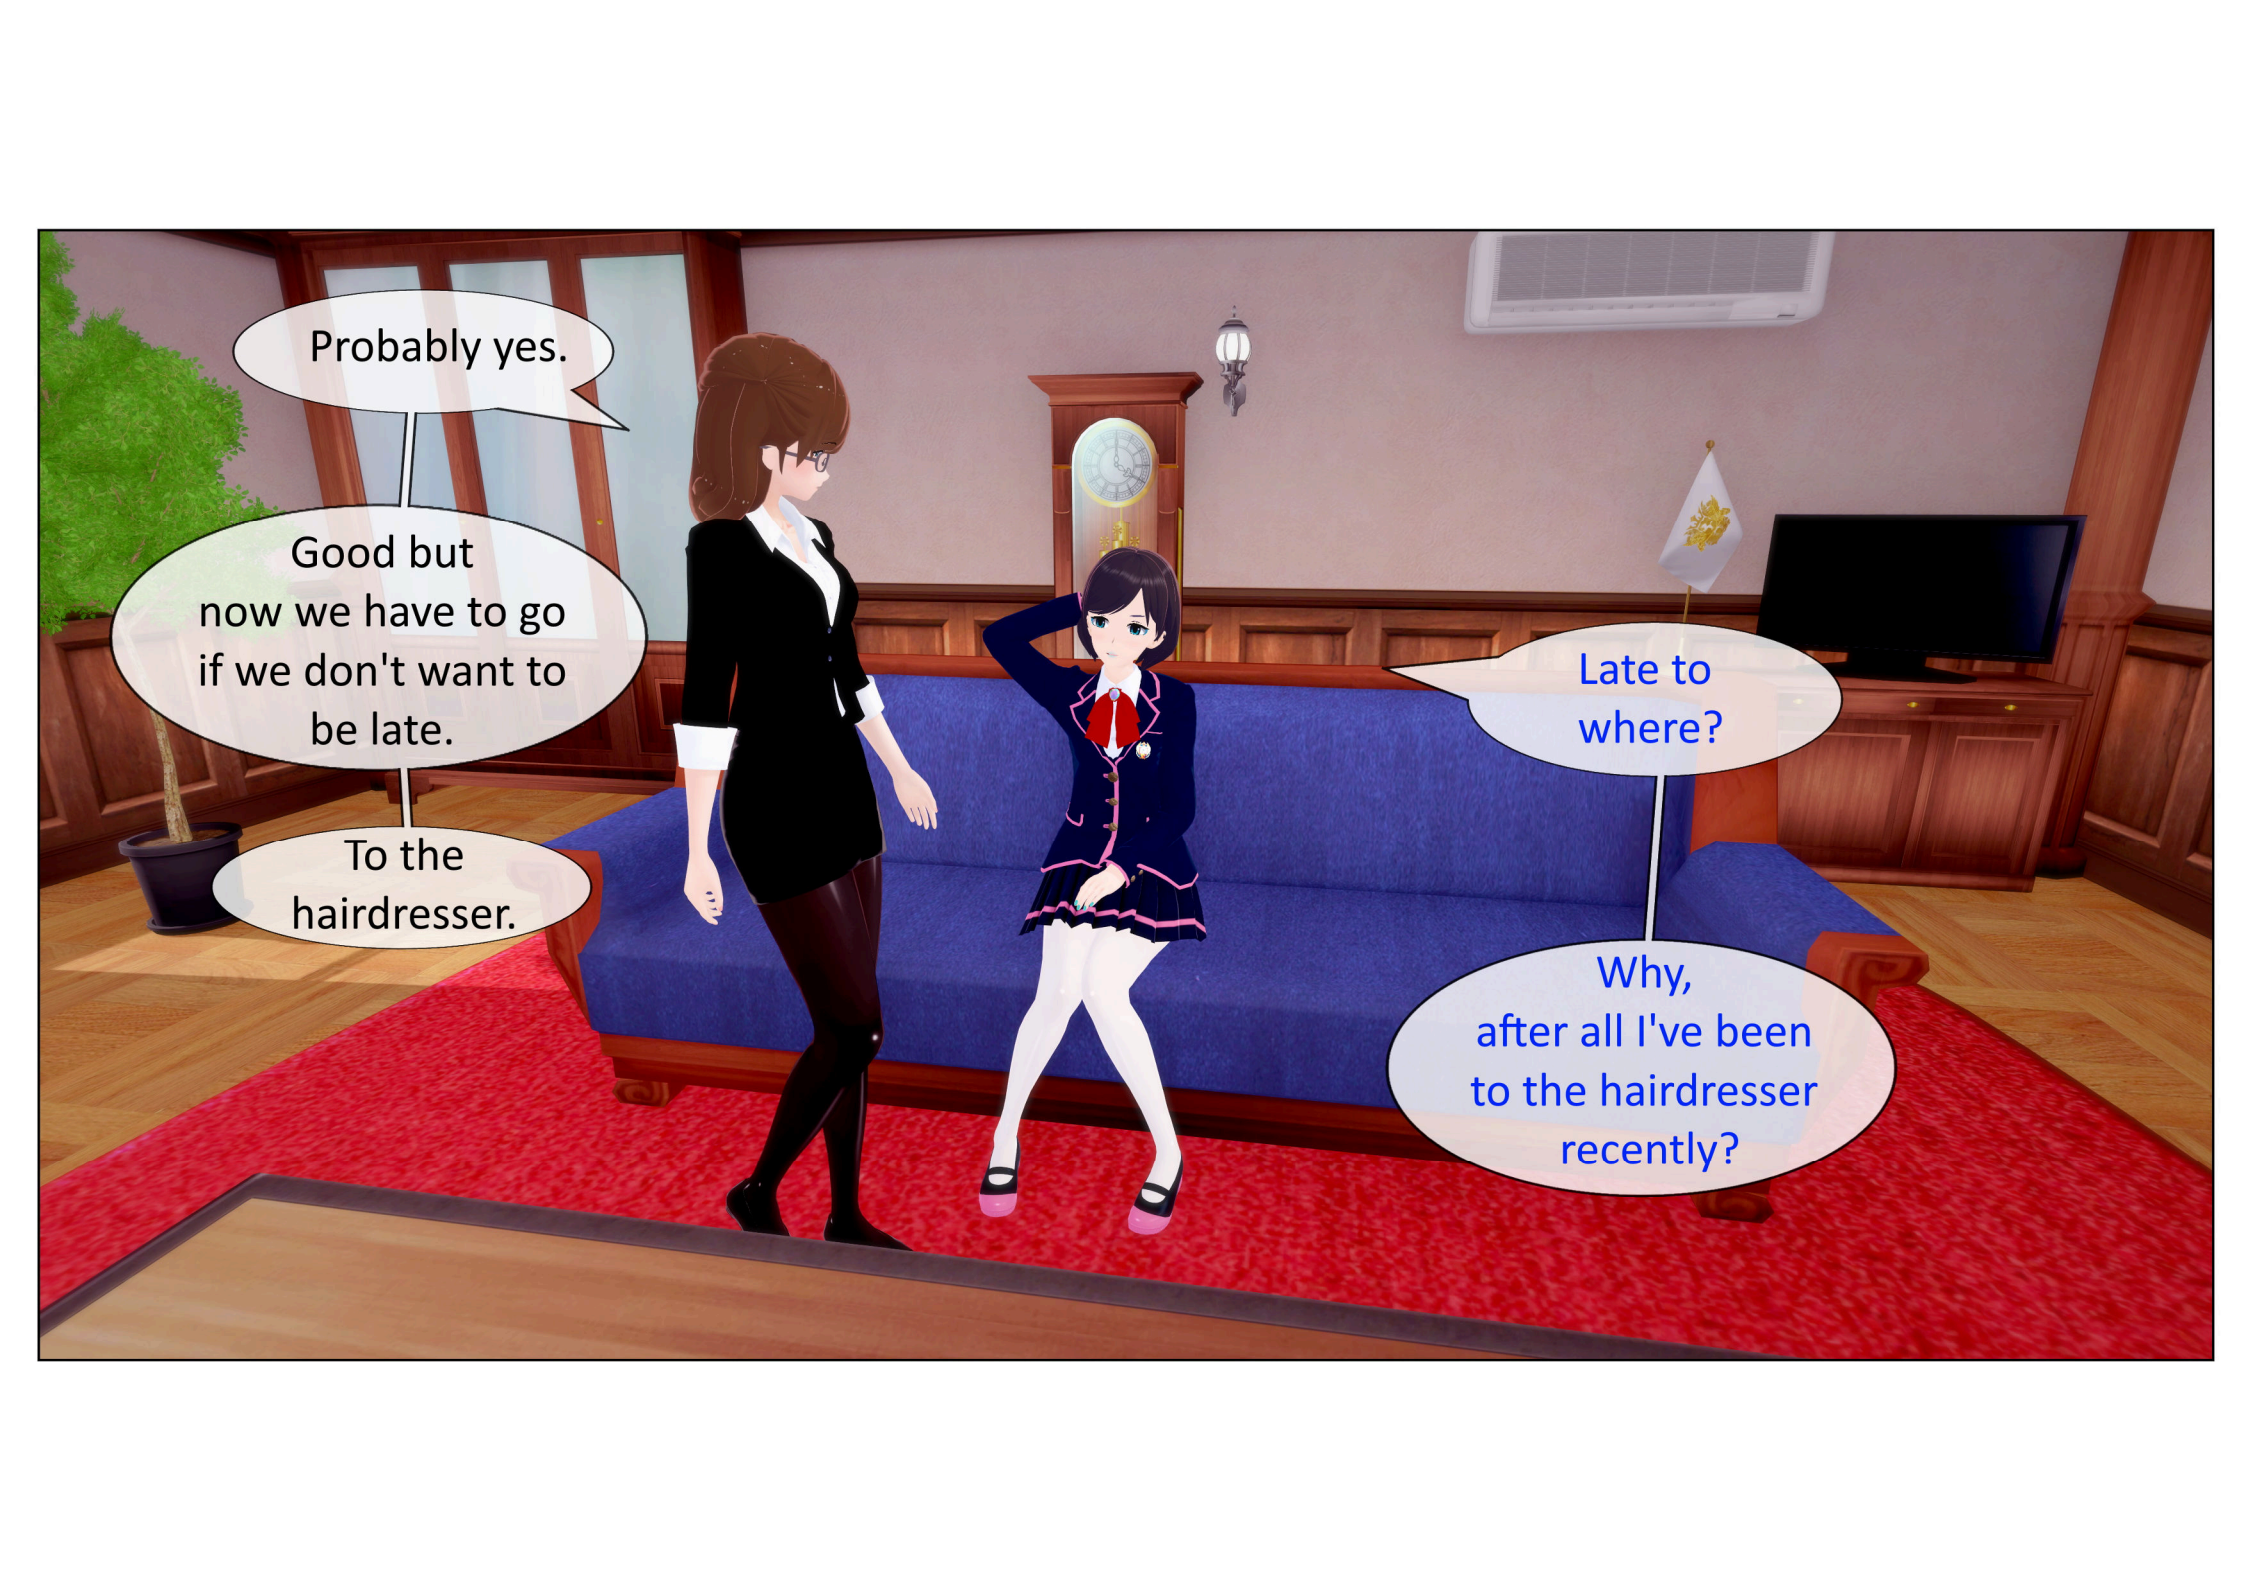

That's why their things are so small.

Scared

But I don't want my penis and testicles to shrink.

Auntie we need to go to the doctor quickly.

Thank you, that's probably what the strange itching is from too.

Probably yes.

Good but
now we have to go
if we don't want to
be late.

To the
hairdresser.

Late to
where?

Why,
after all I've been
to the hairdresser
recently?

To improve your disguise. After all, we talked about it yesterday.

Why not you have an hour off anyway.

And I have to take a break because later I have to stay late at school.

Yes, but today?

I see.

While driving...

No, not yet.

Go home. After all, you said yourself that I can go home on the condition that I go in stilettos.

A joke?

Have you already thought about which club you will join?

Then what were you going to do for that hour?

Hina-chan, but you know it was just a joke.

You weren't serious about it?

Hehe. Of course not.

After all, I wouldn't make you walk two kilometers on foot in stilettos for who you think I am.

I thought that when you heard that you would get discouraged and maybe try to join some club to pass the time.

I didn't think you would really decide to go home, I guess you really liked walking in stilettos. hehe.

I don't like walking in heels at all.

Hina-chan you still have a lot to learn.

But some other time we will return to this conversation.

We are almost there.

A moment later in
the hair salon....

I can't say,
it's a surprise.

No,
besides, you'll see for
yourself soon.

Auntie, by
the way, what is this
improvement you were
talking about?

Then maybe
at least some
hint.

What could
it be?

Sora-san,
great that you're
here already.

I just finished the
previous client so we can
start right away.

And I'm supposed to
do what we talked about on
the phone or anything else
that came to mind.

No, I think that's enough for one time.

We'll do the rest another time.

What they are talking about.

I wish I had been there for this conversation.

Moments later...

Hello again
Hina-chan I didn't expect
you to get back to me so
soon. hehe

What's
that sad face?
Did something
happen?

No worries as soon
as we start something
will immediately
improve the mood.

Me too, no.

No I'm just not in
the mood today.

Some time later...

Ooo... this is really pleasant, I could sit like this all day.

And when will you cut my hair?

See, I said it would make you feel better. hehe

Today I won't cut your hair.

What do you mean what? Is it your aunt didn't tell you anything?

Oh... Then probably this hair dyeing was supposed to be a surprise.

What then, what are you doing now?

shocked

No, she just said we were going here.

WHAT!!!
Shocked

Hair dyeing?

Sora-san called and said she would like to come with you for hair dyeing.

Yes.

By the way, you don't even know how hard it was to choose the perfect color for you.

But I think you'll like the one I chose.

Okay, it's ready now.

We'll rinse your hair right away and see how it came out.

It's getting worse and worse.

Moments later...

Wow, Hina-chan
is it really you?

It really suits
you with that new
hair color. hehe

I barely
recognized
you.

It came out better
than I expected.

I knew
Keiko-chan could
be relied on.

Auntie
can you stop with
the jokes?

Why
didn't you say you
signed me up for
hair dyeing?

Now
everyone will probably
laugh at me when
they see me.

Hina-chan
doesn't seem too
happy about the
surprise.

Maybe it's
better not to tell her
that this hair dye is
very resistant to
washing out.

Sorry looks like Hina-chan doesn't like what I did to her hair.

And... She understands.

Sure.

No worries I'm sure she likes it.

It's just that she's a little embarrassed by it all.

Could I pay now, we're in a bit of a hurry?

Hina-chan,
go to the car and
wait for me.

I will come
right away.

Yes, auntie.

I think I'm in
serious trouble.

It's
probably best not to
make things even
worse.

During the ride...

But Auntie...

But auntie, it's
a shame when a guy
dyes his hair.

Hina-chan, I never
want to see you behave
like that again.

No butts, it was just
a simple hair dye and
you reacted as if I had
castrated you.

So it would be less
shameful for you to wear
artificial breasts?

WHAT?! No.

So next time
think before you say
something.

Because the
way you behave may make
someone finally notice that
you are not a girl.

So you'd better
change your behavior otherwise
I'll really have to resort to
drastic measures.

I don't think I have a
choice. After all, the fact
that I have to pretend to
be a girl is my fault

Some time later...

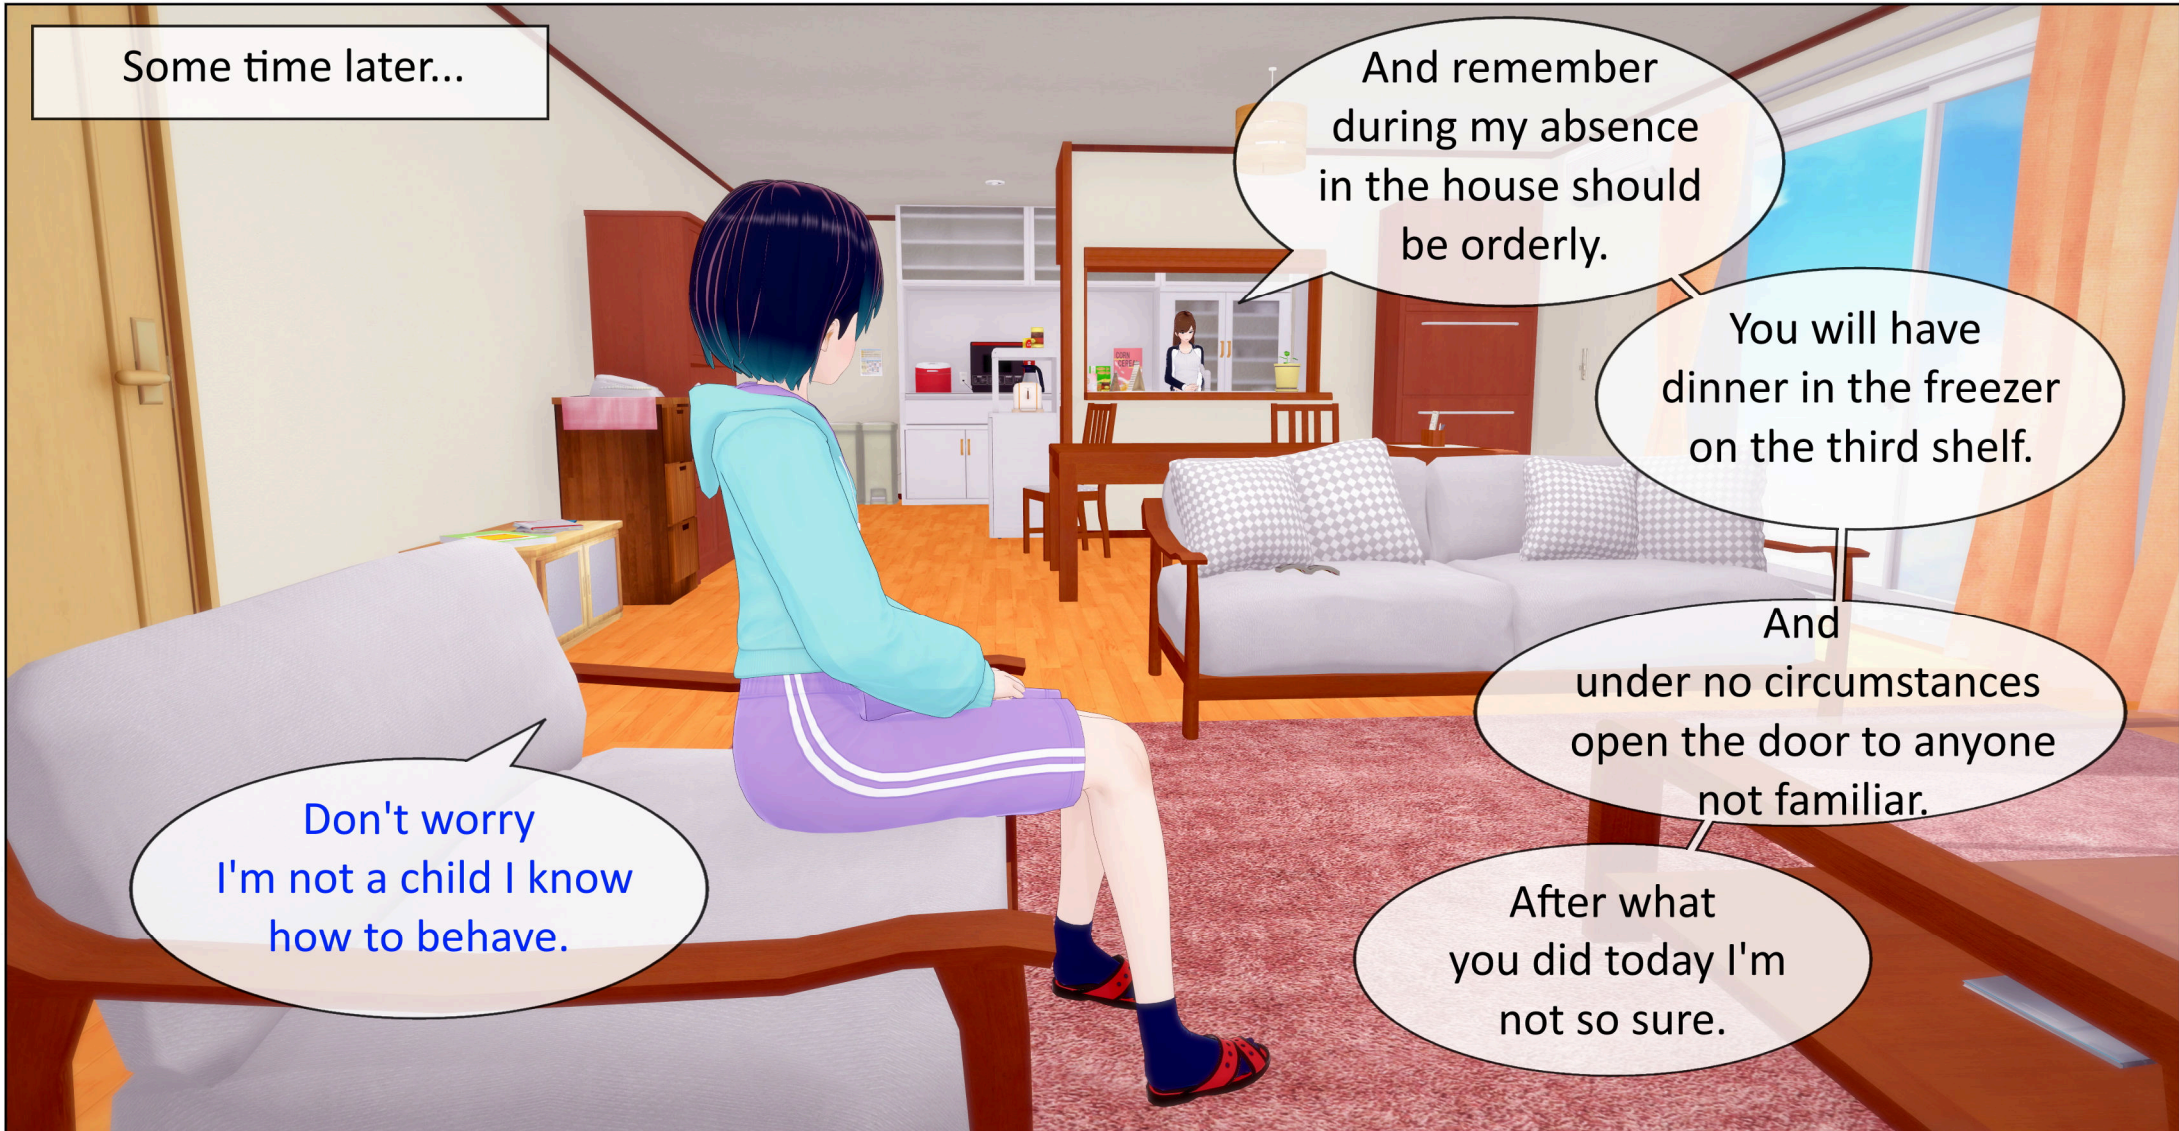

Don't worry
I'm not a child I know
how to behave.

And remember
during my absence
in the house should
be orderly.

You will have
dinner in the freezer
on the third shelf.

And
under no circumstances
open the door to anyone
not familiar.

After what
you did today I'm
not so sure.

How many more times do I have to apologize?

I already understood that it was for my own good.

In that case, I hope it won't happen again.

Great.

I think Aunt Sora is still angry on me for what I did.

I promise.

Knock on door

It's probably
Zero Two, I'll ask her
to wait a while while
I get dressed.

Sure.

Okay, just don't
make her wait too
long.

Later in Zero Two's car...

Sorry it was so long, I still had to change my clothes.

I also had to fix that stupid makeup.

I never thought it took so much time.

Nice haircut, have you been to a hairdresser?

Yes.

Aunt Sora didn't even tell me what she was planning and once I figured it out it was too late.

I probably look like the last idiot now.

I'm not at all surprised that you find it so amusing.

Hehe.

It doesn't amuse me at all.

Then
what were you
laughing at?

Do you really
think so?

From the fact that
even if you knew what
was going on it wouldn't
change anything.

And as for
the hairstyle, in my
opinion you look
pretty good.

Of course.

All in all,
if you think about it,
it's just hair.

Worse what
did I do with the
bra later?

Which
means it's best to
wait for now.

I can always
just dye it later.

Well... I'm sure
when this is all over
I won't have to wear
a bra anymore.

In the restaurant...

Good morning
my name is Hina-chan
what can I serve
you, nyan

I hate this
"Nyan".

Wow,
you really look
great today.

Did you
change your
hairstyle?

Hehe. Yes, I'm impressed that you noticed that.

Thank you for the compliment.

Good thing he didn't notice something else.

If someone had discovered that I am a guy I would have been finished.

Although, on the other hand, it looks like that hair dye wasn't a bad idea.

Could I ask for an order now, nyan?

Ymm... And what would you recommend.

Great, in that case it's a pie for me.

For me, too.

We have a very good puff pastry with strawberries today.

Any drink to go with it? Maybe a cola.

Moments later...

Mei I have a problem.

Two customers paid too much.

And when I told them that they paid too much they said that the rest is not needed, what should I do now?

What happened, just quickly because customers are waiting?

Hina-chan,
I guess you've
never worked as
a waitress.

It's called
a tip, some
customers give it to
us if they are satisfied
with the service.

Hehe.

If a customer
says the rest is not
needed it means the
rest is for you.

Of course, you can ask if
there is any mistake, but if the
customer says that the rest is not
needed then definitely not.

So I can keep the money?

shocked

Of course.

But we're ending this conversation for now because the customers are waiting.

Sure.

Unbelievable.

Strange girl.

In the evening at dinner...

Thanks, at first I thought it was some kind of mistake.

I even asked Mei what I should do, then she explained everything to me.

And how was it with you auntie? How was the meeting?

So did you get your first tip today? Congratulations.

I can hear that Hina-chan's voice is slowly starting to improve, that's good.

It was quite boring.

At first we talked about school-related matters, and then about private matters.

By the way, did you know that everyone thought you were my daughter?

Yes, but I explained to them that you are my niece.

shocked
Really!

It's probably because we have the same last name.

You got more than 70 percent out of each. Which means you won't get your laptop back for now.

On the other hand, you got 81 percent from this overdue test.

Exactly, you will get your phone back.

Too bad.

Really?

But that means...

Of course, there is still the question of punishment.

Yes, you forgot, one part of the bet you won but the other you lost.

So I have to give you back the phone but at the same time I have to punish you.

Great, I was slowly beginning to fear that I would never see him again.

Punishment?

I remember.

And as a punishment
and to make you remember
what you lost it for, I decided to
replace your casing with a nice
pink one.

I think a pink
phone is no problem
for you right?

Now
you will definitely
remember to always
behave well.

I mean after all
it's nothing embarrassing
for a girl to have a pink
phone.

Not that
it's any problem,
of course.

Somehow
I have to put up with
the fact that he is
pink now.

If I say even a
word I won't get my
phone back again.

At least I have him
again but as soon as this
is over I will replace that
stupid pink case.

Great, just
the kind of answer
I was expecting.

I knew it
was a trick.

It looks like
my training is slowly
bearing fruit.

Hina-chan is
starting to do exactly
what I want.

What the hell is this!

Shocked

Ichigo called me 500 times.

Because I do not have a girlfriend, Ichigo is my friend.

What happened?

Wow, you didn't say you had a girlfriend.

And she called you that many times.

In any case, it's better that she doesn't find out about our secret.

I know.

Besides, I'd also rather she didn't find out that I'm pretending to be a girl.

This girl could be dangerous to my plans.

I will have to watch out for her.

Especially since she seems to have feelings for him.

After all, why would she call him so many times.

She's probably in love with him, although Hina-chan probably doesn't even realize it.

A bit sad.

Oh no, Ichigo
is just calling.

stressed

What
should I do?

What do
you mean, what?
Pick up.

Just don't tell
her anything about
our secret.

Of course.

Er... Excuse me, could I speak to Hiro-kun?

Hello.

Ichigo, it's me don't you recognize me?

Shocked

Hiro, is it really you?

In Ichigo's room....

What happened to your voice?

You sound like a girl.

With my voice?

Er... yes, I think so.

cough.

Yeah, did you catch a cold or something?

You should go to the doctor with this because someone will really think you are a girl.

stressed

Yes, I'm going next week.

You know what, I can't talk right now, I still have a lot of studying to do and tomorrow I go to work.

Do you have a job?

Ichigo, please stop.

I really
have to go now, we
will talk more another
time, bye.

disconnected

Wait, I' still...

Hiro?

Can you
hear me?

Strange,
first he doesn't answer the
phone for three weeks and
now this.

Also,
why did he sound
like a girl?

Hiro never
behaved like this.

What is going
on there?

Could it be
that Hiro is hiding
something from
me?

Wait, or maybe it wasn't Hiro at all?

Besides, I'm sure this person sounded like a girl.

After all, Hiro would never be so quick to hang up on me.

Could it be that Hiro had found a girlfriend and she was trying to keep him away from me?

hehe

After all, Hiro has never been interested in girls.

And he didn't call because he probably lost his phone.

What am I saying?

He probably just hasn't gotten used to the new school yet.

I'll never believe he has a girlfriend, not Hiro. Especially now that his voice sounds so funny.

The next day after work...

sigh

Because of that phone call from Ichigo yesterday, I was hardly able to focus on work today.

I just hope she didn't notice anything.

Darling~

What's the matter? Why were you so tense today?

Zero Two what are you doing? The girls are looking at us.

Don't worry about us. hehe

ho ho.

Your breasts seem kind of strange.

I'm not sure how to explain it to you it's best that you see it for yourself.

Is that why you were so stressed today?

embarrassed
But what do you meant by that?

What is she talking about?

No. Ichigo called me yesterday.

Who is it?

And what exactly happened?

Sure.

My childhood friend.

I don't want to talk about it now, I'll explain it to you later.

On the way home...

I'm worried
that now Ichigo will
discover my secret.

You really
think so.

Now I understand
everything.

There's no need,
I'm sure she believed
how you told her
you had a cold.

I would have
believed.

That's true.

I just hope that in the next two months she doesn't discover that I lied to her.

After all, who would have thought that you really dress up as a girl and go to a girls-only school. hehe

You see, sometimes the truth seems like something impossible.

And what will happen then?

I'll
stop pretending
to be a girl.

Yes Aunt Sora said
I have to pretend I'm a
girl only until the end
of the school year.

But I hope we
will continue to be
friends then.

Really?

Poor Hiro, he probably
doesn't even know that
his aunt is secretly giving
him some hormones.

Of course,
after all, you are
my Darlin.

The only
problem is what
about your father.

But after all, you
said yourself that your
father doesn't let any boy
get close to you.

Really?

Don't worry
about that.

No worries
I'm sure he will
accept you.

Yes.

But I am
a guy.

Hopefully.

He'll
probably never believe
you're a guy anyway.
hehe

Just kidding, I'm sure
by then we'll have worked
something out to make
my father like you.

Although I suspect
that then Hina-chan
will look even more
like a girl.

Later in Hiro's room...

Zero Two
was right.

Before, only my
nipples seemed kind
of weird.

Now I think my
whole chest seems
somehow strange.

It's like she' s slightly swollen.

What could it be?

Maybe Aunt Sora will know what it is.

In addition, it is also starting a little strange feeling.

I'd say it's fat but I've even lost weight recently so that's impossible.

But I'm a little embarrassed to ask her.

Hina-chan.

I was out for a little shopping today and I have a surprise for you.

It's not what you think.

I can explain it.

Er...?

That's good, because I'm curious about what you're actually doing.

After a short explanation.

Yes
, since you've been
with me you haven't
gone to PE and oh
that's the effects.

For sure.
Unfortunately, I can't
provide the gymnasium for
one student either.

So it's the
muscles, really?

But what
can I do?

After all, if
I start going to PE the
girls might discover
my secret.

But I can provide the gymnasium for a club.

I have an idea.

Say, do you really want to start training again?

Of course, I don't want to have flabby muscles on my chest, it looks weird.

Great.

Then from next week you will join the idol research club.

They have access to the gymnasium, so it will be perfect.

Yes, and now I'll show you what I bought for you.

Shocked

What?

Wait, the idol research club?

I'm sure you'll like my gift.

Idol research club, really?

Nothing less humiliating?

Well... I just hope Aunt Sora knows what she's doing.

To be continued....
