

## Eva Nap

Today, Eva came back from classes a while ago. She's been pretty busy lately because of exams and decided to skip lunch as she changed her clothes into more comfortable ones. Afterwards she lay down on the sofa in the living room and began to chat with her friends.

Eva's parents were not coming back soon, so his stepbrother Alvin came back with his friend Mike to play videogames in his bedroom and have fun. When they arrived, they found Mike's sister sleeping on the sofa, completely asleep with her phone next to her.

"Hey Alvin, your sister is sleeping on the sofa!" said Mike as he got closer to her, glaring at her naked legs, her belly and her barely covered breast.

"Huh, don't wake her up"

Mike ignored his friends' words as he kept staring at Eva, hearing her soft breathing and imagining a world of possibilities. He had a crush on his

friend's sister since he came to his home for the first time a few months ago. But she didn't want to hang out with them, so he never got able to get close to her until now.

"Let's leave her alone, Mike. We're here to play videogames..."

"Wait! Let's play a joke on her while she's asleep"

"Are you crazy? She's going to get mad at us!"

Mike didn't think twice before getting closer to Eva, he gently moved her arms and caressed his fingers on Eva's skin as he began to pull down her shirt without much resistance, slowly revealing her breast.

"D-Dude... What're you doing...?" Alvin asked as he stood there looking at what his friend was doing to her sister.

"Your sister is so hot... I could spend the whole day touching her breast"

He took out his phone and quickly took some photos of Eva's face and breast as he ran his fingers over her chest. Alvin was so surprised to see her stepsister's body that he was unable to say nothing. He knew his friend was going to fur, but he wanted to see more, though he would never admit it.

After taking some photos, Mike kept carefully undressing the girl without saying a word to his friend. Eva was sound asleep because of all these nights staying up late studying. Up to this point she was a doll for the boys' desires.

After leaving only her panties on, Mike took a few seconds to digest what he was looking at: Her crush was peacefully sleeping and almost naked, and he took photos too! His hand started to move by itself as he pulled down his pants and reached for his dick.

"Shit man... She wants to suck my dick, she just opened her mouth a little, did you see it?"

"You're crazy Mike, she's going to kill you if she wakes up!" Alvin was enjoying himself at that moment, but his friend keep going further. Is she saw what they were doing he wouldn't be able to look at her for the rest of his life.

"Let's take a look at her pussy, I want to see it..."

With some coordination, Mike and Alvin pulled down Eva's panties, leaving her completely naked. Mike took some time to look at her panties while he was holding them, but his attention quickly moved towards Eva's pussy, which was helpless right in front of the young boys.

"L-Let's spread her legs, I want to take closer look." Said Mike, spreading Eva's right leg and bringing near his dick. At the same, Alvin gulped and nodded. He took the left leg and raised it, holding it tight.

The boys heartbeat just keep increasing, Mike put his hand on top of Eva's belly, using his thumb to caress the girl's pussy as he used his other hand to touch her ass. This only made him more excited, and started to move his hips against her leg.

Eva's body twisted as his pussy was massaged by the boy, letting some moans escape form her mouth.

Mike took off his shirt and got on the sofa while Alvin stepped back letting his friend have his way with her sister.

"W-Wait, what're you going to do?" said Alvin nervously. He didn't want to see his friend fuck her stepsister, but he was unable to do anything about it.

Ignoring his friend's words, Mike used his hands to spread Eva's legs and took a few seconds prepare himself for what he was about to do. At this point, he pushed his luck to much, the boy's movements and stimulation finally woke up Eva, who let out a gasp as her body stiffened.

Instinctively, Eva tried to close her legs, but Mike held them tight, making her efforts pointless. She only had a few seconds to realise what was going on...

"O-Oh my god... Mike?!" screamed Eva "What're you..."

Suddenly Mike pushed his dick against her pussy going inside as much as his dick could. Eva stopped and let out a gasp. Her mind couldn't catch up with what was happening to her.

"Ngh...! S-Stop!" said Eva while she tried to move away from Mike using her hands. The young boy had no intention of letting her go, not after coming this far, and continued moving his hips as fast as he could.

Just a few seconds later, Mike wasn't able to stop his body from cumming anymore. He let out a small moan as he filled Eva's pussy with his semen. He was shaking some much with excitement that he some of his semen landed on her belly.

Eva's mind was blank, she screamed as she felt the disgusting cum inside her. Completely helpless on the sofa she was so peacefully sleeping jut some minutes ago.

Just after that, Mike got up and stood there, looking at his friend' stepsister who dragged herself on the sofa to gain some distance. Eva kept heavy breathing as she looked at the boy in horror and disgust. She was still in shock, being completely naked with semen coming out of her pussy.

"Mike...?! What the fuck is wrong with you?!" She gathered all her strength to open her mouth "D-Did you just rape me...?!"

Eva's stepbrother left just a moment ago. Mike was there, admiring her body, ignoring Eva's words. His silence only made her more anxious, she just wanted to run away but she was feeling exhausted.

"That was fun, Eva. But I better get going!" said Mike, unable to think a better excuse. He quickly got dressed and ran off outside.

"W-Where're you going...?! I'm going to tell your parents about this!"

She tried to stop him by threatening him, but that didn't affect him. They left as soon as they arrived.

Eva wanted to go after him and beat his ass, but she had another thing to worry about: she checked her pussy and ran to the shower. She spent almost an hour trying to get rid of the semen inside her.

--THE END--
