'Dear Perro,

I sure hope that you like the pictures. My girlfriend thought I was nuts to send these but I have been really excited thinking about this. So I shaved my "filet" like you said. Hope you like it. The other picture just shows my tits. I hope that you like them too.

The knife is to remind you about my fantasy. Maybe it will come true.

When I first heard about you and your Church on the Internet, it seemed crazy - but after reading your stories and other things and seeing those pictures. I cant wait to meet you and your "minions"

I know you said that there is a lot of planning before I can meet you but I want to do it as soon as we can. I dont really know why I want to do this. But I do. I dream about it every night. I dream about the knife you will use and the spit. Will I really stay alive for that long over the hot charcoal? Two hours seems like a long time but I guess you know what you are doing since you have done this alot. Like you said, I havent said anything to my girlfriend Debbie. I dont think she would understand anyway. Please write or e-mail soon and tell me how you like the pictures and what I should do next.

Love,
Robyn"

Aquisition Summary:

Robyn formally "donated" her body to the Holy Church of Dolcett on 17/9/97 in honor of the Prophet's birthday. (see file: RK-"o" 97 -7) and now awaits final acceptance as a "Special Girl." She has been started on diet 3-P, including prolixin to induce lactation as the flavor of her breasts should be extraordinary if producing milk when she is roasted. Care should be taken to avoid damage to her meat during recreational sexual activities even though she enjoys physical pain and abuse.
