Femdom Bride Pegging Her Submissive Husband

The blindfold was placed over his eyes and he looked at the black fabric in wonder. He could hear the sounds around them of people in their rooms. He can hear the swoosh of Hannah's gown. Swish, swoosh gets louder and louder in his ears as he tries to accustom his eyes to the darkness in front of him.

"Come. We are leaving the hotel now."

After a while in the car she finally stops. He is surprised at how well his other senses are working now. He can smell something cooking. Fried and hear the sounds of music from somewhere. His heart is beating faster and faster. He doesn't know just what she has in mind but he is both scared and excited by it. His nostrils flare again at the smell of something familiar. It is an apple cinnamon candle. Hannah loved the smell of them and burns one all the time in the house. Maybe that's where they were.

He heard a creaking sound like an old door that needed some oil open. Then there's a loud crash like something falling.

"Just the elevator. We're ok."

He thought of those old elevators you see in the movies. The ones with the cage doors that have to be shut before the elevator will start. Like they have at construction sites. Where in the hell were they? He heard himself pant with anticipation. She had said it was a surprise and he wanted to give her everything she wanted. She was his world and he told her this would be her night. Their

wedding night.

Hannah and Kevin had been together for almost 2 years before he proposed to her and now six months later they had finally tied the knot. Now. Well he didn't know what in the hell was going on. He had told her tonight was her night meaning he was going to make her feel good and they would be up all night making love. She on the other hand had apparently different ideas of how the night would play out. In the end he was blindfolded and led to god only knows where by the sounds of it and he couldn't help it as his dick got harder and harder in wonder. It didn't help that her hand constantly rubbed against him. At first he thought it was on accident especially due to him not being able to see but as it became more frequent he wondered if it wasn't on purpose. Was she getting enjoyment out of making him hard and making him wait. He didn't know but he wanted more than anything to sink into her and fuck her like crazy.

He remembered the one time that he had come home and she had been wearing nothing but an apron. They had fucked like rabbits all over the house. He knew she liked to be on top and had sat in the chair while she took him the way she wanted to until he couldn't take anymore and he had stood and bent her over the chair before ramming into her over and over. He could feel the blood pulsing in his dick as his thoughts started to go haywire.

He felt her grip his wrist even tighter and then he felt himself being pushed backwards. Before he knew her intent she had a wrist strapped to something and then the other one as well. His pants were lowered and then his boxers before they were removed and he heard the sound of the air as they were thrown to the side.

“Tell me Kev do you want to fuck me now?”

She had never talked to him like that and it took him a minute to respond.

“Yes.” He could feel her heat as she backed up to him.

Her skin was warm against his hard dick as she moved her ass up and down it letting it slide between her cheeks. He felt her open them and then his dick was sandwiched between them and he moaned deeply.

“More. I want inside you.”

“No. Tonight is about me not you. That’s what you said isn’t it?” Her tongue slid against his earlobe before sucking it into his mouth. “You said tonight is my night which means precisely that tonight is about my pleasure not your pig. You will bow to me. You will take everything it is that I give to you and you will still ask for more. If you ever want to fuck me again then you will do as I say or never feel my pussy again. Do you understand what I am saying?”

“Yes.” He moaned softly as she grabbed a nipple and pinched it. Not enough to really hurt too bad but enough to make him jump and gasp.

“God you are killing ME!” The last phrase was yelled as he felt the small of her hand flat against his ass. The sting went straight to his balls and made his toes curl.

“No more talking until you are asked something. Do you understand?”

“Yeyeyes.”

“Good. Now we will begin. I am going to strap in your ankles and then I will remove the blindfold for a while. From this point forward you are my pet. Do you understand? You will only direct me as goddess. You will not say my name. Understand?”

When he still didn't respond she let her hand come down on his ass again. “Yes.”

He felt the softness of leather circle his ankles slowly and then the sound of something electronic being turned on. Then he felt his body being lifted. He sighed when the blindfold was taken from his head. He was suspended about two inches from the ground. He looked over at the woman he thought he knew in surprise.

Hannah, or rather his goddess, stood with her feet wide apart. She wore a see through bra and a pair of thongs with heels. On her arms were the long white gloves she had worn for their wedding. She was a beautiful woman he knew. Had always known but she was exotic and sexy tonight and he felt his dick swell even more as he looked at her. There was a set of steps that led up to where he was now hanging. Her ripe breasts were proud and stood at attention. The small circle around her nipple was removed slowly as she walked up to him and stood so that it was right in his face.

“Suck my nipple. Softly.”

Only wanting to make her happy he did as she commanded and rolled her nipple into his mouth before sucking gently. When she moved he did the same thing to

the other. He wanted more and began sucking even harder. She quickly stepped back making him release it with a pop. He watched as she walked down the steps and came around behind him. He felt the sting of another slap to his ass and then another and another.

“Now my pet I want to hear you beg.” She smiled with an evil smile as she walked around behind him. He heard a drawer slowly open.

He jumped as he felt a cool liquid slide in between the cheeks of his ass. He groaned when her hand wrapped around his dick and began to move slowly as she inserted a finger in his ass slowly. She went to the knuckle and then out and then in again. He moaned. Unable to withstand the stimulation he almost ejaculated all over the floor. Her hand left his dick immediately.

“Not yet. You will cum when I allow it. Do you understand me? You will not be allowed to cum until I give permission.” She waited and when he didn’t respond she smacked his ass again. And again.

“Yes. I understand Hannah.” He croaked finally.

“You will regard me as goddess. Do you understand me?”

She waited and when her hand raised again he finally spoke. “Yes goddess.”

“That is two times that you have disobeyed me and you need to be given your punishment.”

“Punishment?” He nearly choked as she showed him a large wooden paddle.

“Yes and if you keep talking back you will get even more. The first punishment will be 15 smacks. Now we will begin.”

She pushed the button so that he was raised even farther. The first smack stung. It stung badly and he nearly cringed and yelled out. Remembering the rules he bit his lip slowly as the second and third smack rang through. He hoped he could make it through the ordeal without passing out. His hands wrapped around the cuffs after the 7th smack. Then the burn began to numb his ass a little and the sting seemed to make his dick even harder. He began to push out as she kept up his punishment. When the 15th smack came he was heaving and he felt the burn everywhere. She had smacked him so hard that it had hit his balls underneath almost causing him to scream out again.

“Now I must think of your other punishment and it will be given out later. Have you learned the first lesson my pet?”

“Yes goddess.”

“Good. I should think that you will be a little faster with the responses from now on unless you would like more of your punishment. Now this is the way it’s going to go. I am first going to fuck you with my toy and you are going to like being fucked in the ass and ask for more. Got it pig? Then you can taste my pussy. If I allow it of course. But first I want to play with your ass. You do have quite the ass pet. Tell me do you have a virgin ass as well?”

His cheeks were a bright red in color and she pinched one a couple times. Whether from pain or pleasure he didn't know. As she asked the last part she pushed the pad of her finger around his anus. She pushed on the small hole causing him to grunt.

His eyes widened when he finally understood what she was going to do to him. Against what he thought, his dick hardened even more. He was humiliated at being violated the way she wanted. How could he do this and then live with himself and then he thought of her again. He wanted to fuck her again. He had fantasized about fucking her in the ass since they had first gotten together. He didn't know what it was that made him want it so much but he did and the thought of finally being able to do what he had wanted to do for so long made him choke down his fear and play along. It couldn't be that bad could it? He knew that women enjoyed it. At the moment he thought of something inside him and he shuddered. His dick bobbed with excitement again. There was a drop of precum as it slipped from the head of his dick. She looked down and smiled. He wanted it. He realized with a start and he wanted her to take advantage of him and take command. He wanted her to fuck him any way she saw fit. He wanted her happy.

“I see that you understand my intentions. You see in order to fuck my ass you must earn it and what better way than to feel it yourself. First however we will play. Ok now we will begin.”

She smacked his ass again this time a little harder and he felt the tips of her fingers graze his balls as she did so. He felt something foreign as it slipped into his anus. It was a little larger than her finger and although it was a strange feeling it was not painful. Her lips sucked his earlobe into her mouth as she whispered.

“This is a small butt plug. I think we will start slow first. Now for the front.” She came around to face him and smiled.

Slipping her hand down her front he saw her pinch her nipple.

She moaned deeply. "I like it when someone pinches my nipples. I like it when you suck them hard too. Do you like it when I pinch your nipples?" She reached over and pinched a nipple lightly. He groaned.

The sharp pain went straight to his dick making it bob up and down at her. He hadn't been able to see her for three days and he wanted her so bad that his dick had been hard halfway through the ceremony which made it even harder now. The tip glistened with his precum as it turned a bluish purple color.

"Yes I think you do. Well I have something special for you tonight." She held up clothespins and he instantly knew what she was going to do.

She stepped closer as she kissed him deep and then he felt the sting and burn as she put the clothespins on his nipples. She slid down his body as she licked the tip of his dick slowly.

"Oh god." He strained to get closer to her and have her mouth close around him. There was no use however as she leaned back and then he felt the sharp pain as she applied the clothespins to the bottom of his balls. She stood back up and pushed a button which lowered his arms and pushed them forward so that he was kneeling forward towards the stairs.

"You may now lick me. And do a good job or you will receive more punishment." He nodded through the pain.

His body was on fire but he needed to cum so bad that he would have done anything at that point. He hoped that he could maybe apply some pressure to his dick and relieve the aching some but it only pulled on the clothespins as he crawled to her causing more pain to shoot to the tip of his dick. He could feel the humiliation then as he came close to her pussy. He looked forward as her parted lips and decided to give her exactly what she wanted. He knew her and knew what buttons would make her spin off the edge. He slowly licked her slit from top to bottom and then suck her clit in his mouth.

“Not so fast. I said lick not suck. I don’t want to go to fast. That’s right now lick slowly and then I want you to fuck me with your tongue. Yes right there. Now fuck me using your tongue. Oh yeah. Now you may suck it until I orgasm pig.” He did just as she said.

He sucked hard and harder still until he was sucking as hard as he ever had before. He felt her splinter into pieces with her orgasm as she yelled out. She pushed him back slightly and rose. He could hear her behind him and then she was in front of him again stroking the large plastic penis that protruded from her strap on. She smiled as his eyes widened even more.

“Do you like my toy? I am sure you do. Tonight you will worship me and since my dildo is now part of me, you will worship it as well. I want you to lick it slowly.” She stepped forward and nudged his lips with the head of the plastic piece.

“Come on.” He stuck the tip of his tongue out to glide across the top.

“Not like that. Do it slowly from the bottom to the top. There you go. Lick my

dick.” He stuck his tongue out and did as she said.

Slowly he licked it from bottom to the top and then back down again. Finally when she was satisfied she nudged his lips again.

“Now suck it. Go on pet.” He opened his mouth and began to suck.

“You’ve had your dick sucked and know what is needed to get it done. You know what you like now do it to my dick. Go on.” He sucked it harder and harder and grabbing his head she pushed in until she hit the back of his throat and then retreated when he gagged.

“Don’t make a mess pet. I am going to fuck your throat. You see this little piece right here? Yes you see. It is rubbing my clit so I will orgasm as I’m fucking your throat now open up.” He felt humiliated as he did as she commanded and let her slip the plastic dick into his mouth again.

“That’s it. Now the key is to breathe through your nose. There you go. You know how good it feels when you fuck my throat right?” He looked at her with pleading eyes as she chuckled.

“Oh yes I am going to fuck you like that my pet.” He knew what she meant.

There were times when he had lost control and fucked her face hard. He had held her by the hair and head and fucked her throat until she felt like she couldn't breathe. He knew he had heard that turnabout was fair play but he never thought that he would be tied up and suck a plastic dick in his throat while his wife rammed it down his throat literally. And that's what she did. He did his best to breathe through his nose as the plastic slid down his throat over and over. Just when he thought he couldn't take enough she yelled with her release. He felt her pull from him and then she was behind him.

“You see I got a toy that is the same size as you. Don't worry I will only fuck you long enough to get off once and then you can have your reward. Are you ready my pet?”

He didn't know if he could do it. His throat was raw and his nipples and balls ached not to mention the pain of not getting release coming from his dick. He wanted to cum. He needed to cum but didn't know if she would allow it. He felt her push the head inside him. And he gasped at the feeling. He felt himself pushing back against her wanting more as she slid completely out before returning with just the tip again.

“Do you want it my pet.”

“Yes goddess.”

“Tell me.”

“I want you goddess.”

“What do you want from me?”

“I want you to fuck me.”

“No no my pet. I want you to tell me you want me to fuck you hard and fast in the ass.”

He swallowed around the lump that suddenly formed in his throat. Could he do it? Could he allow her to ram 8 inches of plastic into his ass over and over? Then he imagined her ass up for the taking and being able to slide inside it. He imagined how he was going to fuck her fast and hard and he nodded.

“My goddess I want you to fuck me hard and fast in my ass please.” He pushed back a little to show her he was ready and smiling, she slowly started to slide inside him again.

She heard him hiss and knew that she was passing the largest part of the dildo through the tight little ring of muscles at his entrance. She knew even though she had lubricated well that it was still be slightly uncomfortable at first.

“That’s good now breath. I’m going to fuck you in just a minute but I need to be inside you completely first. We are almost there. You are doing a good job. Exhale now.” He did as she said and felt amazed that he grew even harder at the slight pain from the invasion in his ass.

It burned and hurt so bad that he didn't know if he could take it anymore. She was going increasingly slow making sure he could feel each inch of the plastic as she pushed in farther and farther. Just then she shoved inside him to the hilt.

“Oh yes. That's good. Now hold on honey.” She began to move and she did just as she said she would do.

She fucked him hard and fast until she let go of two more orgasms. He felt himself become harder as she pummeled his ass over and over. He felt used and abused and even though he was humiliated that he was letting her fuck his ass, he couldn't help but be excited as well. He could only imagine anything bigger fitting into the hole that had once been tiny. Now his ass was being pummeled like it was nothing. He whimpered from the pain feeling the intense burning. She had lubricated him well but after so much he could feel himself needing more. She didn't give it to him as she kept up the onslaught with her makeshift dick. She was mewling and only concerned with one thing as her movements became jerky and his state of comfort was nowhere in her thoughts as her clit was massaged into orgasm after orgasm. When she slid out of him she heard his sigh. She leaned over and grabbed the base of his dick squeezing him hard. It caused the burning in his balls to become even more intense.

“You didn't cum yet did you my pet?”

“No goddess I didn't cum. May I please have a reward now?”

“Well your reward for today will be to enjoy a friend of mine. You see Elizabeth from work was also interested in joining in on the fun. She has brought another dildo of her own and you are going to love this. It has little knobs all over it. You are going to love it when she pushes it into your ass. And it is a little bigger than mine. But that's ok. First we will enjoy some other things.”

He watched in fascination as she went to a long cabinet and pulled out what looked like a seat. She walked behind him and he could hear her slinking chains together. He could only imagine what was going to happen now. He felt himself being pulled backwards until he was sitting in a seat. He sat down tenderly on his already abused ass feeling the burn. As he sat he could still feel the air on his ass and he realized that there was an opening. He heard the door open and turned to look. He yelped with pain when goddess unclipped a clothespin only to bring it closer to the edge. It stung and he heaved a deep breath. When he looked at her she did it to the other.

“Face down to the floor. You do not look up until you are directed to and you do not speak unless spoken to and asked a question. Do you understand?”

“Yes goddess.”

“You may look up.” The voice was familiar and smooth and he looked up to see one of the women from Hannah’s job.

She was a blonde with long legs and a killer body. She had on a coat and he watched as she slowly removed it to reveal nothing but a g-string. Her large breasts swayed with her movement. She smiled at him.

“Come goddess and give me a kiss hello.” Obediently goddess did as she said and she kneeled in front of her to kiss her feet.

First one and then the other. As the woman looked at him she continued. “I am

mistress. That is the only way you will direct me. Understand?”

“Yes mistress.”

“Good now slut I want you to go sit on his face and make him suck your clit hard. I want to see you cum and then you can make me cum. Do you understand slut?”

“Yes mistress.” She walked to Kevin and looked down at him. “You will do as she says. Suck my clit hard until I orgasm and then I want you to lick every bit of it off.”

“Yes goddess.”

Mistress walked up to them and pushed the button making him lie flat so that goddess could straddle his arms and sit down on his face.

“Don’t worry pig I am going to finally let you cum.” Her hand wrapped around him and she slowly moved it up and down.

She began to move faster and faster and he felt his orgasm almost there. She stopped suddenly and he groaned into goddess’ pussy before vigorously sucking and licking at her just wanting her to orgasm.

“You will not cum until she does.” Knowing this he did his best to remember

how his wife liked him to eat her pussy.

He licked slowly and then sucked her clit hard as his tongue made stabs at the most sensitive part. He fucked her with his tongue and then when she was grabbing at his hair and making jerky movements he suck her clit into his mouth as hard as he possibly could and sucked harder and harder. Mistress began pumping his dick harder and harder until he groaned loudly and his cum burst from the tip. He moaned again with his orgasm and thought it would never end. He felt himself being raised to a sitting position again. He watched as goddess bowed to mistress again and kiss along her thighs. Mistress looked at him as she opened her legs. Goddess stuck her tongue out to lick along her clit. He watched as she shuddered and was amazed as he felt himself began to get hard again. Mistress smiled broadly as she watched his already dripping dick start to grow.

“Stop slut.” Goddess sat back as mistress made her way over to Kevin and proceeded to sit on his face.

He did the only thing he could do he licked at her pussy and sucked on her pussy lips as she ground herself down into his face more and more. He didn't know if he would be able to breathe much more as she pushed down harder and harder. He felt goddess playing with his dick moving her hands up and down in a motion causing him to get increasingly harder and harder. He moaned into the mistress' pussy as hands groped his body. His body was swinging in the chair a little and each movement causing the clothespins to sing and pinch making his balls burn and sting more and more. He couldn't take much more. He was going to pass out from the pain and the lack of breathe.

“Suck it pig.” He did as she commanded as she orgasmed over his.

“Lick me clean.” His tongue made long swipes of her as he licked her cum off

her pussy.

Over and over he swiped at her. The inside, outside and everywhere his tongue could touch was licked clean.

“Good pig. Now I am going to let you enjoy my dick.” Mistress rose to walk over to the side.

When she came back she had on a strap on dick. Unlike goddesses, it was a lot bigger and not slick. All around the dildo was small little nubs. Although they were small, they were big enough for him to see from where he was. He felt himself being lifted into a sitting position again and then raised so that his ass was right there at her penis. He was then tilted forward to give her better access. He felt her come up behind him and then he felt her fingers at his whole. There was a finger that inserted into his already burning hole. He grimaced with discomfort. His ass was on fire. He felt a twitch in his ass as something began to itch. He realized that she had put more than lubrication in his ass as she slowly moved her finger in and out.

“Tell me do you want me to scratch your itch?” She laughed.

“Yes please.”

“Ok.” She inserted first one finger and then two into his ass. He moaned.

The exquisite feeling he felt as she expanded his ass was incredible. He pushed

against her as he tried to relieve the itching feeling he had in his ass. He could scratch his skin from his body at the moment. It was an intense itch like he had never known. He pushed farther back on her fingers.

“Do you want my dick to scratch that itch?” She cooed into his ear.

He gulped visibly and looked at goddess. She stood smiling enjoying the show. He felt his body twitching and knew what his answer was although it unnerved him to know it. There was no way that he could continue itching the way he did. Both women knew he couldn't take much more as they patiently waited. They had him right where they wanted him. He felt mistress' fingers open in a scissor motion as she prepared him for the large dildo.

“You will love my dick. You see the little nubs will scratch you everywhere you need it. Come on tell mistress you want her to fuck you with her big dick.”

“Yes please.” He almost screamed it, when he felt his ass on fire. Not only was there a burn from being abused already once but it was also burning from and intense itch that he had ever known. He gulped again and squeezed his eyes shut as she went behind him. He felt the large head of the dildo at his ass and he was squirming needing it inside him. His dick was so hard that it had turned a bluish color for needing release. He felt her push through and he let out the breathe he hadn't realized he was holding. She pushed forward more and he moaned. Then he almost cried out as she pushed in a few inches. He felt his ass being expanded to accommodate the dildo and he whimpered with the pain but then he felt the nubs and mistress was right. They were easing the itch that she had caused with the gel. He wanted more. Needed more.

“If you can take it all then I will let goddess jack off your dick so you can cum again. Do you want to try?”

“Yes please mistress.”

“Good. We are halfway there.”

He almost groaned aloud. She was only halfway there and he already felt like he was being torn in two. How much could he take and then he saw goddess come to him and grab his dick in her hands. He wanted her to move her hand. Needed her to. He groaned as mistress pushed in further and then he was filled with the dildo in one push. He gasped and closed his eyes trying to catch his breath through the pain. It was intense and a burning like he had never thought possible. He felt full and then the itch began to take form again and he wiggled.

“Are you ready for me to fuck you now pig?”

“Yes.”

“Don’t worry I will take it slowly at first.” She began to pull out of him and he felt the nubs slide against his insides.

When she pushed back in he felt the relief of the itch. She then began moving faster and faster. Before long she was ramming the huge dildo taking his ass. She wasn’t just fucking him she was taking his ass. Over and over she fucked him harder and harder until she was shaking with her orgasm. He felt goddess’ hands wrapped around his dick and moving faster and faster. Her hands were moving at the same pace as he was being fucked and finally he let himself go and groaned loudly with his orgasm. It was the largest orgasm he had ever had in his life. His

body shook with ecstasy and he felt he would almost swoon with the intensity of the release. Over and over, he felt himself squirt cum as he reached a peak he had never known before. He watched in amazement as the two women stood in front of him.

“Next time I think you will suck my dick while goddess fucks you. What do you think pig. Would you like that?”

“Yes mistress.”

“Good now kiss our feet to say goodbye and we will release you. But there are rules. These rules must be followed no matter what.”

“Yes mistress.”

“Good. The first rule is you are not to cum for any reason. You will not touch yourself but for urinating only. Your dick now belongs to us not you. We will do with your dick, ass, mouth and whatever other part we see fit. Understand?”

“Yes mistress.”

“The other rule is you are here to please me and goddess only. You will not imagine fucking anyone else and you will not look at anyone else. You will pleasure us as we see fit and only us. Understand?”

“Yes mistress.”

“Are you ready to kiss us and be released for the night?”

“Yes mistress.”

Both women smiled as he worshipped their feet and then released him. It was the start of a great relationship as mistress looked at them both.

“And so your training begins my pet.”
