Another useless hand

Rachel casually flicks her cards into the muck and watches the action hastily unfold around the amateur poker table.

Fold, call, raise, call, Fold, call

The field quickly thins as three players remain in the hand and the dealer deals the community cards. Rachel glances over her shoulder and smiles at her trusty gang, Tanya and Kate.

The sounds of chips clattering into the middle grabs back her attention.

This is a lot of money for a local University game

She tugs on the sides of her top, tightening the upper opening snugly around her large breasts. The busty blonde leans in and observes the action intently while her deep and sexy cleavage screams its arrival to the five post graduate males around the table. Rachel had a breathtaking figure, her large breasts, perky ass and lengthy tanned legs would harden cocks within her immediate perimeter. In fact, it would be a miracle if every male around hadn't already imagined themselves pounding her tight ass the moment she sat down to the invite only poker game.

Rachel shuffles herself in her chair, in a visible attempt to make herself comfortable and brushes both of her feet gently up the thighs of two different men.

If there cocks weren't already heard, they will be now. And if they were hard, well helloooooo pre-cum.

She winks at the blue eyed English Lit student sitting across from her. Daniel is the reason she is at this game. The green felt is home to the poker action on the table and provide the perfect cover as she slips her stocking clad feet between his legs and twirls her toes looking for his manhood. The distraction is the reason Rachel and her gang are here. In their hometown, hundred of miles away from the University dorm, the girls are known as the Cherry Popping Angels.

Cherry Popping Angels. The busty blonde smiles at the mere thought of her and her female gangs MO. When Daniel cosied up to her in the New York's trendiest nightclub and piled her with drinks, impressing her with tales of his wealth and how large his bank account was, Rachel played along. Rachel's pussy sensed he was was planning on getting in her knickers and he was bragging about his wealth hoping she would walk right into his hands. Over the course of the night, the secret dominatrix brushed her palm against his hard cock no less than ten times, and at the end of the night, Daniel's throbbing member was pounding against his trousers aching to explore her and feel her skin. The night had ended with the horny student inviting Rachel to a game of poker after she declared she can play a hand or two. The stakes were unlimited, Daniel said, and they can be raised beyond cash on the table with players staking possessions, favours and even their body. Rachel grabbed the front of Daniel's belt and yanked him closer and felt his pulsating monster bouncing off her crotch.

The night had concluded as she expected, the Cherry Popping Angels would

visit the poker game and she would find a way to strip Daniel of his anal cherry, fully emasculating him physically and mentally.

Raise all in.

Rachel thoughts snap back to the action at the poker table, Daniel and his opponent are now the only ones left after the turn card is delivered and Daniel's opponent, a clean shaven ginger male named Brett has raised all in putting Daniel to the test for the rest of his stack standing at just over \$1,000.

The undercover dominatrix wiggles her toes further between Daniel's legs and finds his manhood. Her soft big toe outlines his cock and feels his monster awakening. She looks at Daniel who is struggling to focus on the action, clearly distracted by the toes dancing over his growing erection.

Rachel winks at Daniel as he folds unable to focus on the hand I've got you under my spell now and continues stroking his hardening cock.

Her outfit is perfect for tonight's plan. There is no way they will be able to focus tonight around the poker table. The busty blonde has struggled to fit into her tightest skirt as her breathtaking ass was reluctant to squeeze. The white skirt and a matching white top screamed her ample cleavage to the entire room every time she leaned over. And my panties, how could I forget my trademarked pink panties personalised to leave Daniel with a lasting memory of what will happen to his virgin ass tonight. The busty blonde gang member looked the part of a virgin slut tonight, dressed immaculately in white sucking in the attention of the room throbbing cocks.

The next hand is dealt and all players are palmed the two cards slide to them in professional fashion by the designated dealer. The action is folded to Rachel and she peeks down at a three of clubs and a nine of clubs.

Absolute trash

Rachel knows all eyes are on her as she appears to contemplate her move. She pops her finger into her mouth and slowly sucks the tip while drawing the wet finger in and out of her cock. She could sense the cocks under the table thrusting up at the action smacking their tip under the table. The finger slide in and out for a further minute clearly holding up the action, no one complained.

Rachel removes her finger, rolls the tip over her cards, smearing her oral juices across the surface and flicks the cards into the muck “I fold”

The action is momentarily halted as the players blood struggles to rush back to their brains. The room explodes in a barrage of raises following Rachel’s action. The testosterone fuelled action dominates the table as the players attempt to out-raise each other in an attempt to impress the blonde player who appeared to be spreading her virtual legs, wet and ready for the hard member lucky enough to catch her eye.

“Wow you boys are playing awfully fast and loose” Rachel giggles as she grabs a stack of chips, wraps her palms around the tower and gentle pumps the length.

Rachel smiles as she surveys the table of horny young men, unaware they are in the presence of three of the deadliest women they will ever be in the same room with. The three females were notorious for using their luscious curves, endless

legs and hungry holes to lure men into their web of deception, trapping them until it was too late. The lucky males were trapped and would be begging to taste the young woman who would be inches away from giving them the world, the men would be dangled along far enough until they were begging to submit their anal cherries to the willing gang of dommes who would gladly add another cherry to their count.

Rachel clenches her thighs as her pussy starting pounding at the thought of increasing her tally tonight Daniel, you will be my fiftieth man this year who has submitted his ass to me. Wait until you find out. A small trickle of arousal escapes Rachel panties trailing down her thigh.

Tonight, you meet the head domme of the Cherry Popping Angels gang.

The dick swinging action ensues throughout the remainder of the hand as the horny males are eager to grab the attention of the sultry blonde. Raising and out-raising each other. Once the dust has settled, two players had gone all in and the hand ended in a split pot.

The horny cocks are walking right into my trap Rachel winks at Daniel as her toes stroke his manhood.

She is dealt a six of hearts and a seven of hearts on her next hand. The busty blonde jerks her stack of chips and announces a raise. The following two players call the raise, Daniel who is next to act smiles as his manhood is massaged under the table and promptly calls.

The community cards are dealt, five hearts, eight hearts, Ace diamonds.

Nice draw, maybe this is where the tables are turned

The horny young blonde peeks down at her cards and checks her holdings, she is drawing to a strong hand and smiles as she sets a trap. "Raise \$500" Rachel flicks in a quarter of her chips.

The following two players fold and the action is on Daniel who is the remaining player left in the hand. Rachel wiggles her toes and gently grabs the tip of his penis between her soft toes. Daniel shakes off the momentary lapse in concentration and stares back at his holdings Ace hearts and King hearts. Daniel could sense Rachel try to take his off his game.

“I call” Daniel slides \$500 in chips forward and smiles into Rachel’s cleavage, clearly distracted.

The dealer palms the turn card and reveals a nine of hearts. Rachel has turned a straight flush and Daniel a Ace high flush. Rachel’s pussy tingles, her instincts tell her Daniel was waiting for a heart and he is walking towards right into her trap and onto her strap on.

“Looks like things could get out of control” Rachel smiles sliding her toes under Daniel’s crotch and resting under the weight of his large testicles. She slowly raises her toe and scrapes her toenail under under his scrotum and announces “I raise \$500”. She eyes Daniel’s and then her stack as she calculates her next move.

Daniel almost leaps out of his seat as he fires back “Re-raise to \$1500” and jams his full stack into the middle.

He is strong, he is not going to let go of his hand. This is my moment. Rachel smiles directly into Daniel’s eyes working out how strong his hand is. Her opponent has raised the rest of her stack yet she has the best hand, her throbbing pussy is urging her to seize the moment.

“I call your \$1000 and I raise” Rachel shoves the remainder of her stack into the middle.

“What are you raising with” Daniel nods approvingly, he looks in front of Rachel and points to the empty space where her chip stack once was.

The busty blonde flicks her big toe up pinching one of Daniel's delicate testicles and retracts her leg back under the tables. She shuffles her ass under the table, and slides her panties down to her ankles. The blonde yanks them into the air and flings them onto the table. The scent of Rachel's pussy invades the air as the her lacy pink underwear sucks in the attention of the entire room. The girls can hear the cocks popping erect under the table.

“I raise you both my pussy and ass” Rachel licks her lips at Daniel sitting barebottom on the chair.

The air crackles through the wet silence in the room. Daniel stares in disbelief. He had tried to get into Rachel's underwear back at the nightclub and now she was betting her hungry holes.

“Are you trying to buy the pot” Daniel smiles, table rules stated that if a player cannot match a raise, the pot is awarded to the bettor. Daniel pauses as he contemplates his move. His cock is rock hard straining against the tight confines of his jeans, a hint of pre-cum trickles down his tip.

Rachel leans forward, once again exposing her deep cleavage to the table of erect and horny players. She scoops one arm around the chips and slowly drags then forward while seductively spinning her underwear on her finger, the smell of her pussy glided through the air and rested under Daniel's nostril.

“Are you man enough to call me down” the barebottomed blonde winks as Daniel struggled to maintain composure.

“ I call” Daniel interjects before Rachel is able to fully scoop the pot “I call your raise of your pussy and ass”

“With what?” Rachel continues twirling her panties around her finger.

The sounds of car keys clattering against the felt shakes the poker chips “I match your underwear with my car” Daniel was confident he had the best hand and was going to win full access to Rachel’s breathtaking body.

“I’m afraid it has to be a like to like raise” Rachel slides his car keys back

“I’ve bet you access to my ass, if you want to call” Rachel winks “You bet your access to your ass for me”

“Huh” her opponent looked confused.

“I’ve thrown my panties on the table betting my body that I have the best hand” Rachel leans in swinging the panties in front of Daniel’s face “If you want to call and have a chance at winning this and every inch of my body, then you call by betting your ass on the line”

“M...M....My.....My.....My ass?” Daniel stammers

“Yes, your anus” Rachel closes her eyes and sniffs her underwear, before gently throwing her delicates back in the middle of the table.

The action had captured the attention of the room. The male players were witnessing a hand they had never before seen while Kate and Tanya simply smiled at each other.

The scent of Rachel's moistening pussy is joined by the wetness growing between her fellow gang members.

There is no turning back now, put your ass on the line and let's get this party started. Rachel shuffles in her seat and awaits the inevitable.

“All you have to do is call and win” Rachel smiles and slides her feet back between Daniel’s legs “And you can take my body in any way you want, no hole are off limits” As her toe slides back across his manhood, Rachel homes in and circles the pre cum leaking through his jeans.

The scent of her wet pussy trickles in the air egged on by the sniff of pre-cum shooting from the male players. I bet every single one of these has a wet patch right now in front of their crotch Rachel smiles to herself.

Daniel's thoughts are filled with invasive scenes of every possible lewd act he will take Rachel's tender and willing body through. He peeks down at his hole cards and back at the board to double check his holding. The thought of winning the pot of \$4000 and owning the busty blonde's body for the night weighs heavily on his mind. His cock controlling his thought. If he wins, Christmas has cum early and he only has to put his anus on the line "What are the chances I am behind in the hand" Daniel thinks out aloud.

"How long are you going to think for?" Rachel's big toe spreads his leaking pre-cum across the face of his jeans.

"I call" Daniel announces flipping his cards over and slamming them on the table. He is sure he will be enjoying the fruits of Rachel tonight.

The players, Kate and Tanya crowd around the table depriving the enclosed circle of air.

"Atta boy" one of the players slaps Daniel on the back "Ace high flush, looks like you've won my son"

Daniel struggles to contain his wide grin and he starts to wrap his arms around the chips signalling his claim to victory.

"Not so fast big boy" Rachel smirks as she flicks over one of her cards revealing the six of hearts.

Before she turns her second card over, the room knows the outcome. Kate and Tanya knew the moment Rachel moved all in with her underwear she held the poker 'nuts', but now, the realisation hovered in the air inches above the players.

“Do you really have it” Daniel questioned, his smile replaced by a look of serious concern.

No words were needed as Rachel turned her final card over to reveal her straight flush beating Daniel's Ace high flush. The final river card was drawn but was inconsequential.

Daniel slouched in his chair, his mind raced through a thousand thoughts as he attempted to come to terms with not only losing \$4000 but more importantl, losing his body to Rachel.

You are mine now sucker, time to reel you in and take you on the ride you were too frightened to ask for. Rachel can barely think over the sounds over her pussy pounding at her soaking wet walls.

The victorious domme drags some of the chips towards her, trailing her underwear with her baby finger. “I’ve won Daniel” she spins her panties around the finger sending the scent of her pussy spiraling around the poker table.

Rachel abruptly flings her pink underwear towards Daniel’s puzzled face. He grabs the delicates in mid-air and stares at the tag sewn onto the back.

A small black heart circled with the red text pops out ‘Cherry Popping Angels’.

Daniel’s cock grunts as it thumps against the underside of the table flinching at the thought of holding the busty blonde’s freshly worn underwear. He brings the undergarments closer to his face and breathes in greedily swallowing every essence of the blonde’s pussy left on her delicate fabric.

“I won fair and square babes” Rachel flicks her hair back and smirks “Time for me to scoop my pot and take your body”.

Daniel drags one more deep sniff of the pink delicates and slowly stands up, his bulge threatening to burst from within his jeans. The pre-cum screams its arrival, smeared across the front with Rachel’s toe print. Daniel unzips his jeans and tugs his boxers down, his throbbing manhood rips through the air spitting pre-cum across the table.

“Take your top off now” Rachel admires the size of his hard cock, panting and drooling, clearly expecting to taste her dangerous pussy. The blonde admires the perfectly rippled chest her opponent flaunted. Not a single hair on his chest, pecs

built to kill and a cock ready enough to pounce on . It's a shame he will be taking and not giving to her tonight. The blonde licked her lips at the thought.

Rachel saunters over to Daniel, taps the tip of his cock and draws a sliver of precum to her lips. The blonde licks the cum off her lips, leans in and whispers "Tonight, your body is mine". She can feel his body shiver as a jolt of pre-cum shoots from his cock and hits her dress.

"Do you see my girls over there" Rachel nods towards Kate and Tanya. "Well we are known as the Cherry Popping Angels" the blonde's stare breaks through her opponents shocked eyes and she wraps her palm around one of his bare butt cheeks. "We like to take men and take them on an unforgettable ride".

Daniel struggled to respond as he brain registered the words gliding between the crimson lips.

Rachel slips her wandering finger between Daniel's butt cheeks and traces his crack "Have you ever tried anal" and gently strokes his anal entrance.

Pre-cum continues dripping from Daniel's excited dick as it joins the puddle of excitement forming between his legs.

"I bet my anal entrance against yours and you lost" Rachel teased his anus with his fingernail "If you had won the hand, you would have full reign over both my holes and I know you would be hitting my ass hard tonight" Rachel's pussy started to dribble joining Daniel's puddle "Now I won the bet so it's only fair I introduce you to why they call us the Cherry Popping Angels". The adventurous finger popped into Daniel virgin hole and felt his anus wrap around her lone

finger trapping it shut.

The blonde's free hand palms the tip of Daniel's leaking cock and gentle pumps his erectness "Why are you even harder?"

Daniel looks down at the tip of his bulbous cock, he cock was rock hard and was aching for release.

"I bet it's because I have my finger in your ass" the lonely finger explores the loser anal opening as it brushes against his walls and digs itself deeper inside his virgin orifice.

"I'll tell you what" Rachel starts pumping his cock faster in rhythm with her finger massaging his anal walls "We don't need to go through with this".

Daniel stared at the anal intruder blankly.

"You give me your car keys, your clothes and the pot and we'll end this here" the jerking sped up "otherwise, you honour the bet your ass made as lost" Rachel yanked both of her hands away abandoning the leaking cock and his anus.

He wants it, I can tell by the look in his eyes the moment I invaded his ripe hole. Just admit it Daniel. You want me inside of you.

The naked and erect loser burrowed his eyebrows as sweat trickled raced his puzzled face. He was torn between backing off and maintaining his dignity while leaving his car keys and entering a world his arousal was gently tugging him into.

Daniel felt his cock twitch uncontrollably as his pre-cum continued to leak onto the growing puddle. His anus had clasped shut and began to miss Rachel exploring finger.

Rachel stares at the pre-cum glistening at the tip of his cock. She drops to her knees and pops his hardness into his mouth, gently pumping his shaft.

“Oh god, yes” Daniel moans.

The blonde swirls her tongue around the bulbous head and scoops up the cum with her tongue before gulping him in. She tugs him forward swallows the entire length tease the back of her greedy throat with his head.

“The money is yours” Daniel moans “It’s all your, the money, my body, take me”

Rachel pops the huge cock out her mouth and peers up, positioning her knees between Daniel’s legs “Are you sure”.

“Yes, you won the bet fair and square”

“Damn right” Rachel stood up and leaned into Daniel whispering gently “and I bet if you had won, you would be fucking me senseless on that poker table right now”

Daniel’s breath escaped his lips and landed on the blonde’s shoulder.

She grabbed the length of his cock “you would be taking this big weapon her and stuffing my tight ass full pumping my virgin anus with your seed” The cock jerked itself and spat an inch of pre-cum into her palm.

“But instead” Rachel licked the cum from her palm “You will be take my full length, I will be popping your anal cherry tonight” Rachel leaned back and studied her partners eyes.

Daniel’s whimper danced around Rachel playing music to her ears “Take me..... take me how I would have taken you had I won the bet”.

Rachel clasped the back of his neck and gently tugged him forward “Lay down on the poker table and present your virgin hole to me baby”.

Daniel slowly sauntered his naked and erect torso towards the poker tables, Kate and Tanya eyes clearly trained on his virgin ass as he leant over the table and presented his butt cheeks to the ceiling.

The busty blonde slid her finger down the loser's ass crack and gently parted his

cheeks smiling as the virgin hole winked awaiting for her entry.

“Let’s lube you up a little” Rachel spat between Daniel's butt cheeks and massaged her saliva with her finger gently slipping her index finger inside his hole.

Daniel moaned as he felt the invasive finger explore his inner anal walls, his anus had once again clasped tight around her lone finger and trapped it inside. His anal entry struggled to withhold the finger jerking itself out but was relieved as it re-entered joined by a second finger.

Rachel slowly started to finger fuck Daniel anus with her two finger “Hey Kat” she whistled over to the brunette who was keenly observing involuntarily rubbing the crotch of her jeans “Pass me the strap”.

Rachel clenched her thighs as she could feel her pussy starting to pound at her wall begging to burst through, the lack of panties allowed easy access for her juices to her open air. The blonde clenches her pussy muscles holding back her juices until she had broken Daniel’s seal and taken his cherry in the victorious fashion she had won the pot earlier.

Rachel retracted her finger and spat twice again on Daniel anus soaking his outer rim with her saliva.

“Relax your ass and just make sure you don't clench too hard” the blonde giggled as she advised the virgin.

Daniel could simply muffle a yes as he eagerly awaited his penetration, his world had suddenly flipped upside down and a hidden part of him whispered that he would be the true winner of the game.

Rachel fastened the strap on around her waist tugging on the ends to secure the sex toy. She dripped saliva copiously on to the tip and gently massaged the gigantic head “Need to make sure your anal walls are wet and ready to take my cock”. She wrapped her palm around the shaft of the nine inch black cock and stroked his anal opening with the tip. Daniel jolted as she teased the tip of the plastic penis half an inch in.

“Just relax Daniel” Rachel pulled out “allow your body to relax and take me in its stride” more spit was fired towards his hole before she pressed the tip against his opening.

Rachel gently eased the cock in and pushed in slowly as she allowed Daniel’s body time to accept its fate. The loser’s anal walls welcomed the wet strap on as the anus clasped shut once Rachel pushed herself in. She retracted gently and slowly started to fuck Daniel ass, picking up a rhythm slowly why her partners ass synced with.

Rachel grabbed her partners hips and thrust herself deeper as she sped up her thrusts hitting Daniel’s virgin hole deeper with each moving thrust. Each thrust was followed by Daniel grunting and each in turn encouraged the domme to fuck her partner faster.

The faster she fucked him, the louder he grunted. Rachel grabbed Daniel's hair and yanked his head back emitting a primal scream echoing around the poker room.

She continued fucking faster forgetting she was thrusting her nine inch into a first timer as her body took over and aimed to rip as deep into as she could. She continued pushing and thrusting ignoring her partners pleasure and working up a sweat. Time lost all meaning as her pussy took over and unleashed it's fury.

Rachel clenched her pussy muscles as she felt the pending wave but was unable to halt the thrashing inside her walls and let the floodgates rip open. Juices splashed around the table, with no underwear to soak in her juices, a huge puddle formed beneath Rachel as she continued to fuck her partner furiously. Rachel continued and hit her second orgasmic wave, this time, the force was too much to take. Rachel screamed her ecstasy, deafening the male player and collapsed onto Daniel's back in a sweaty relief, thrusting her dildo once more as her weight pushed the tip into uncharted territory.

Rachel leans in and whispers in Daniel's ear "Thanks for your cherry hun"

Daniel smiles and attempts to shuffle his body into a more comfortable position but is restrained under the weight of the busty blonde who just tore his anal virginity from under him.

Rachel slowly gets up and gently retracts the strapon from deep within Daniel's ass, sweat drips onto the puddle beneath her legs, a combination of sweat and her juices. She tugs Daniel up and gently gyrates her strapon against his ass cheeks. Her hand slips around and wraps itself around the full girth of his erection.

"So when is the next game" she starts to pump his neglected erection.

"Next Saturday, same time" Daniel exhales as his cock surrenders to the furious pumps "Why don't you join us again"

Rachel's hand grips his hardness tighter mid pump and feels his body lurch forward. She scoops forward, grabbing her lone underwear from the table and slides the flimsy material between her legs wiping her juices clean.

She releases her stranglehold on his cock and hangs her panties on his erection.

The words "Cherry Popping Angels" scream out to Daniel as he watches her pink delicacies swing on his cock, contemplating just what he had bet and lost. The horny University student had been emasculated in front of his friends, the

women he was trying desperately hard to fuck and her girlfriends.

Rachel leans forward and draws the poker chips and cash together, her dress strains to cover her butt cheeks under her stretch.

“Well I’ll see you next week” Rachel grabs her handbag from Kate and throws her winnings in.

The gang leader swings on her heel to face Daniel “Just remember what you are putting in the line” and gently pumps her strapon “there is more where this came from”.

Daniel’s cock twitches in both excitement and a hint of fear as he watches the trio of sexy females grab their belongings and leaves. He eyes draw to all three of the females asses and watch and they teasingly bounce out of sight.
