

FF for Gender Studies

Welcome to your first lesson in Gender Studies.

This study aims to help you understand how gender is nothing more than a construct.

You'll write a diary about your experience as the opposite biological sex you will live as for the duration of the course.

Gender Studies

Flipped? ←

We just need to write a small diary?

Haha!

That's easy! You made a good choice picking this subject, Steve.

Haha!

I told you, man! This will be a breeze!

You understand this isn't a simple study, correct?

We're going to flip your biological sex for the next semester.

Steve and Rick!

Yeah right, sure.

It's true.

Slide!

Woosh...

With the help of this device, your bodies will be altered to make them that of the opposite sex, down to the DNA.

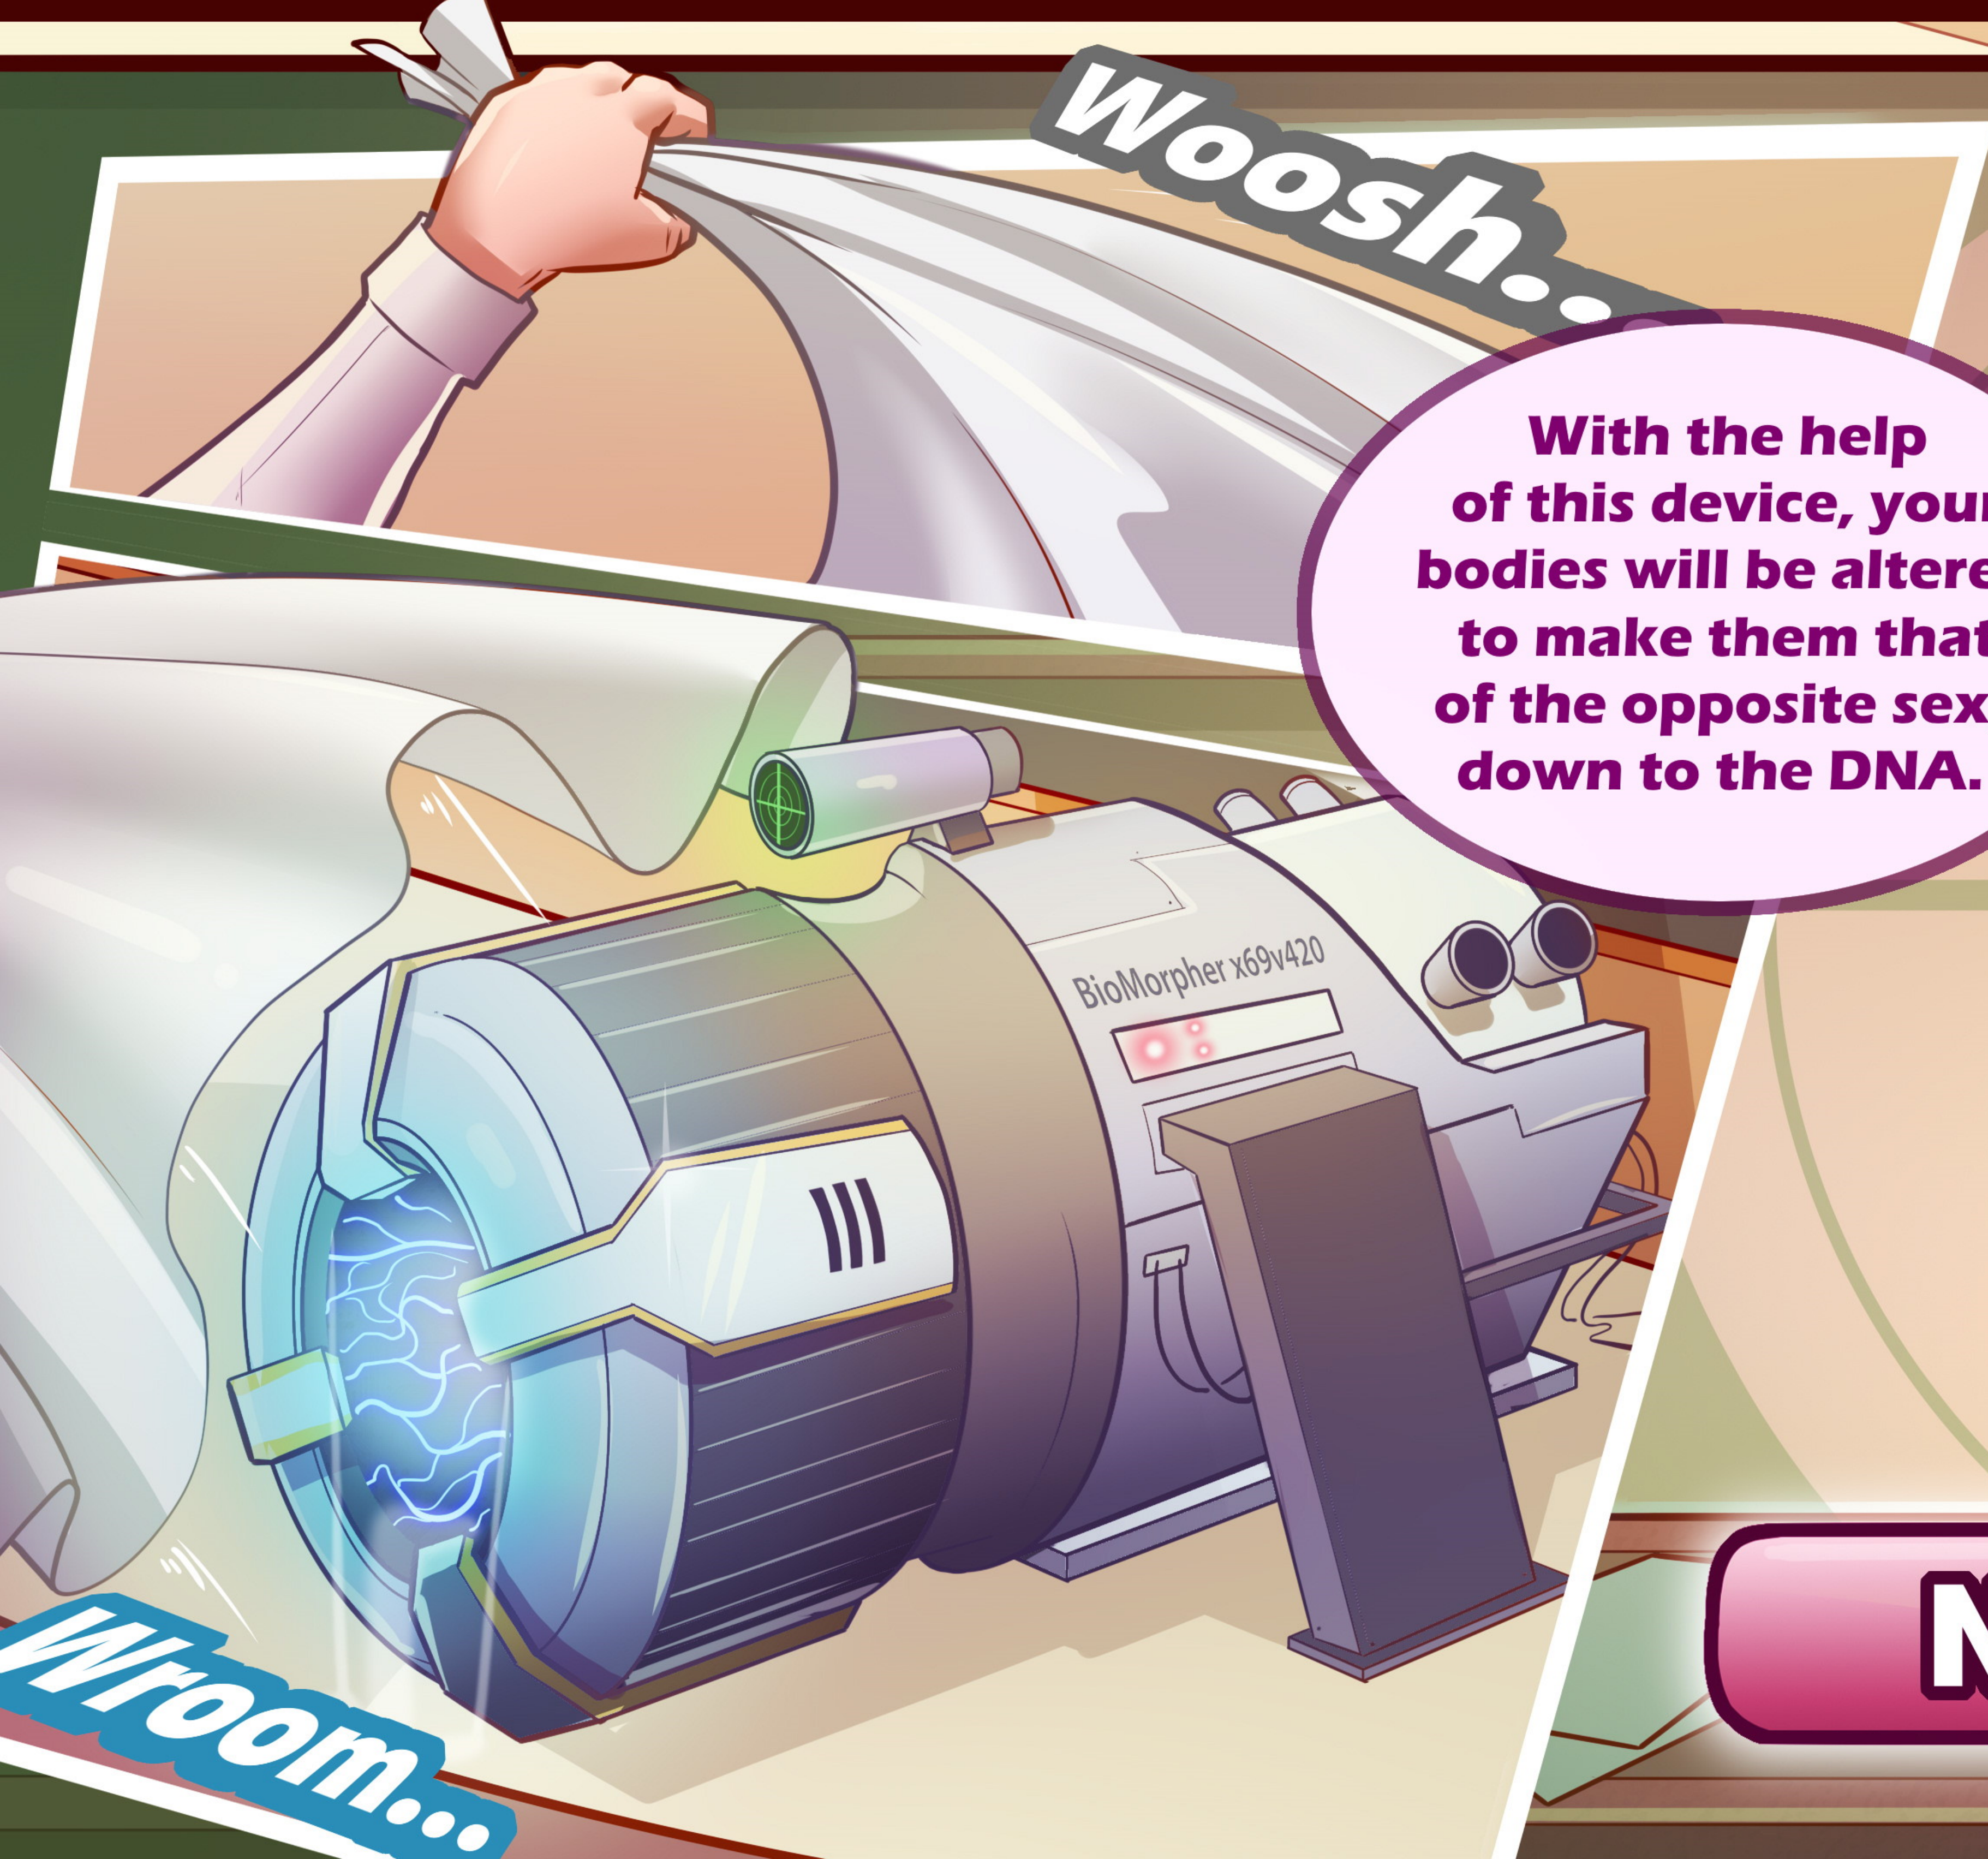

Uhm...

Do you wish to continue?

NO

YES

Wroom...

Option selected:

YES

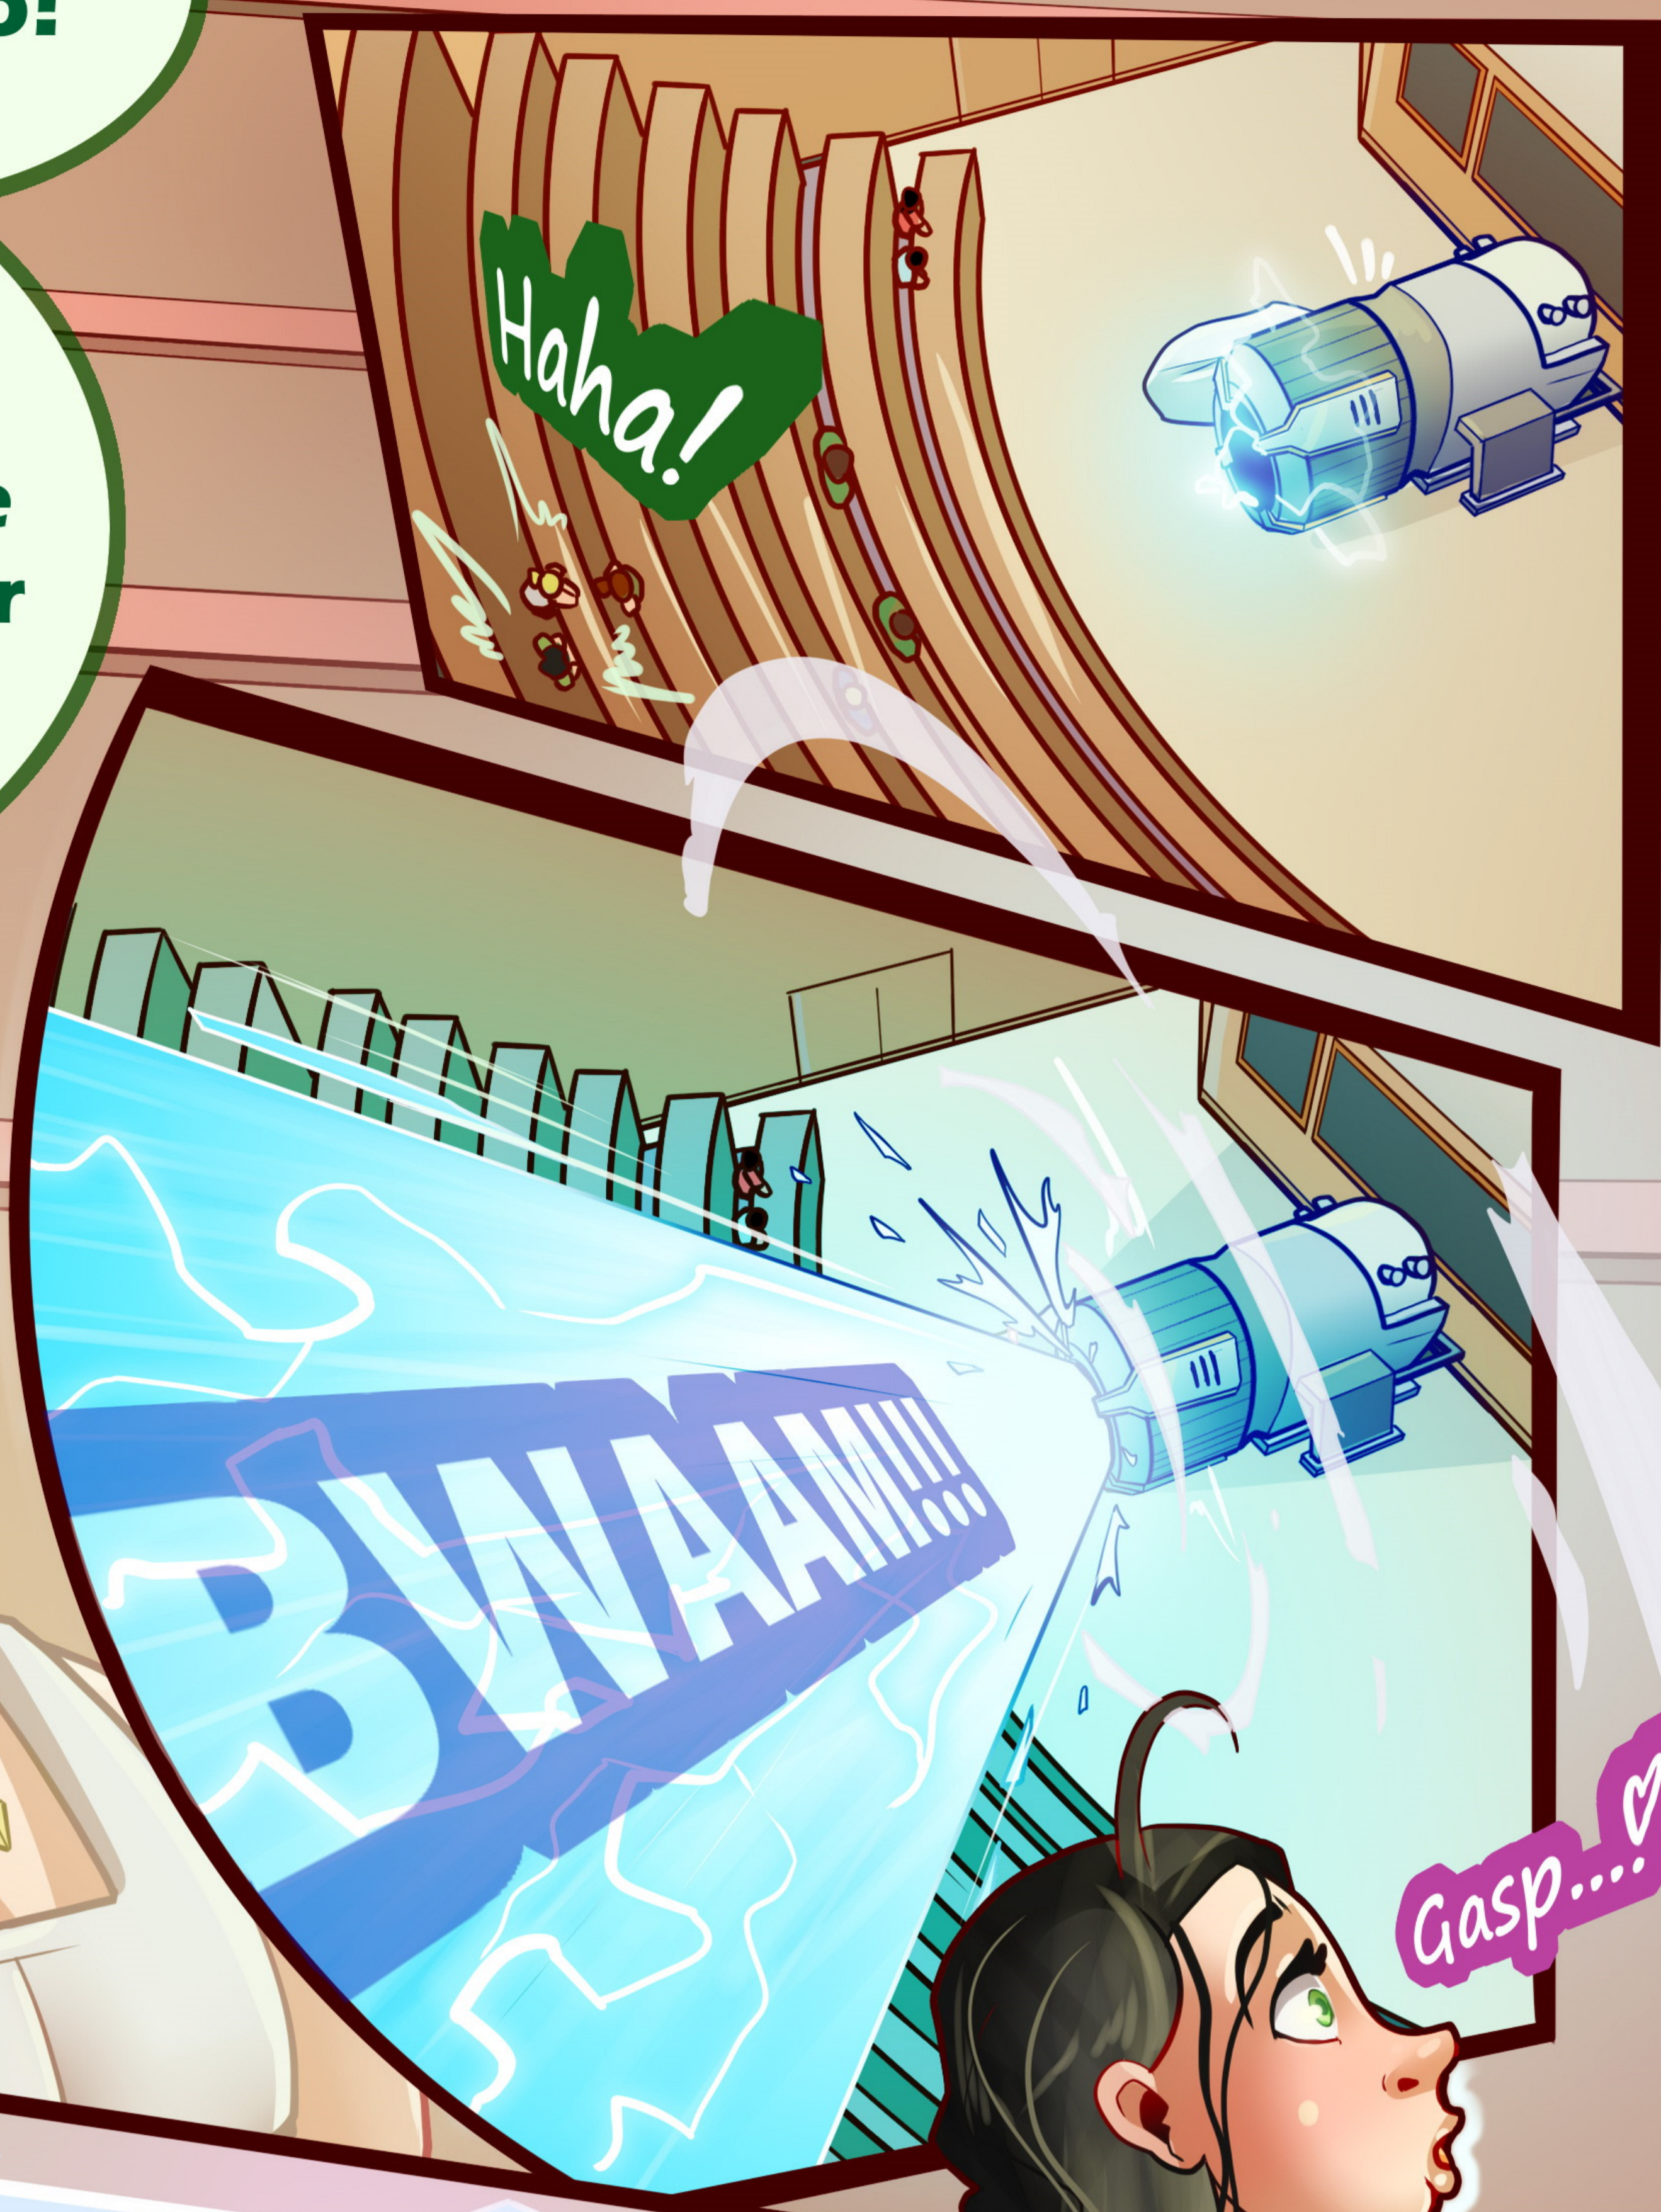

Sure, let's go!

Change me into a girl! Haha! I want to have those big ol' titties! I'll wear dresses and skirts!

Uhm...

Haha!

Gasp...♡

Urgh...

EEK!

Boing!

Huh?

NO WAY!!!

WHAT THE FUCK DID YOU DO TO OUR BODIES?!?!

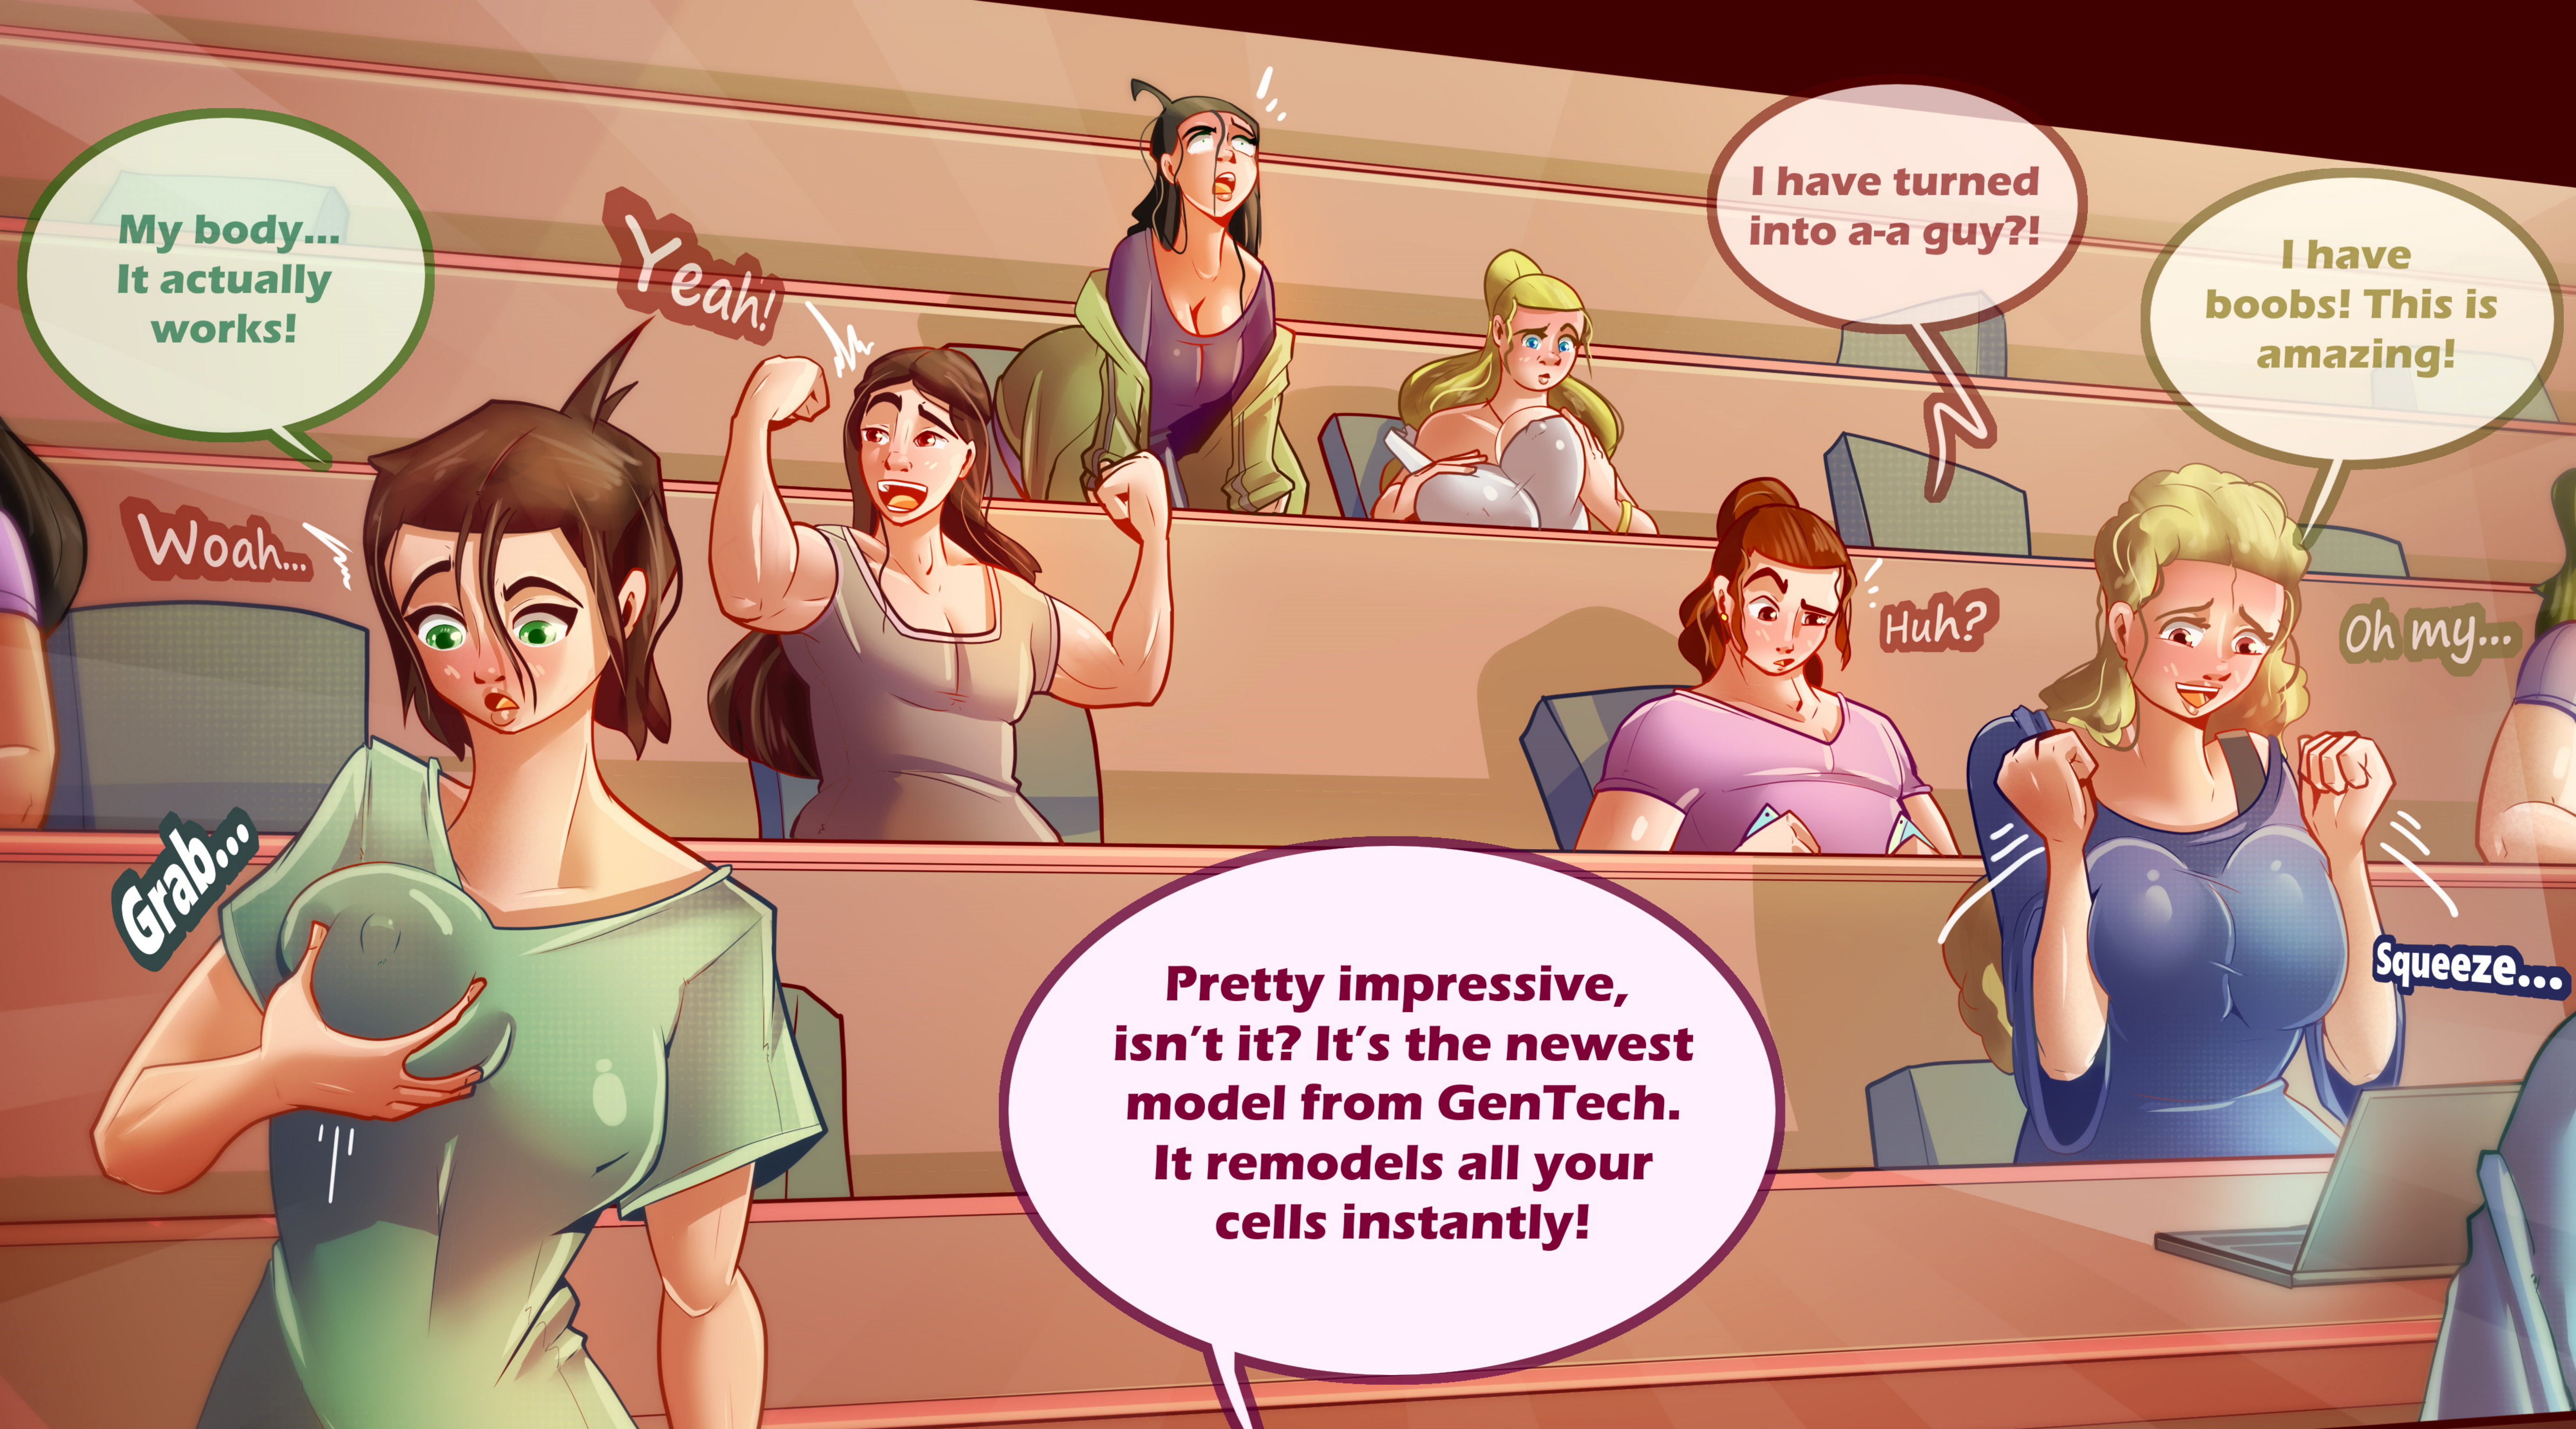

Squish!♡

Jiggle...♡

oh my...

My body... It actually works!

Yeah!

I have turned into a-a guy?!

I have boobs! This is amazing!

Woah...

Grab...

Huh?

Oh my...

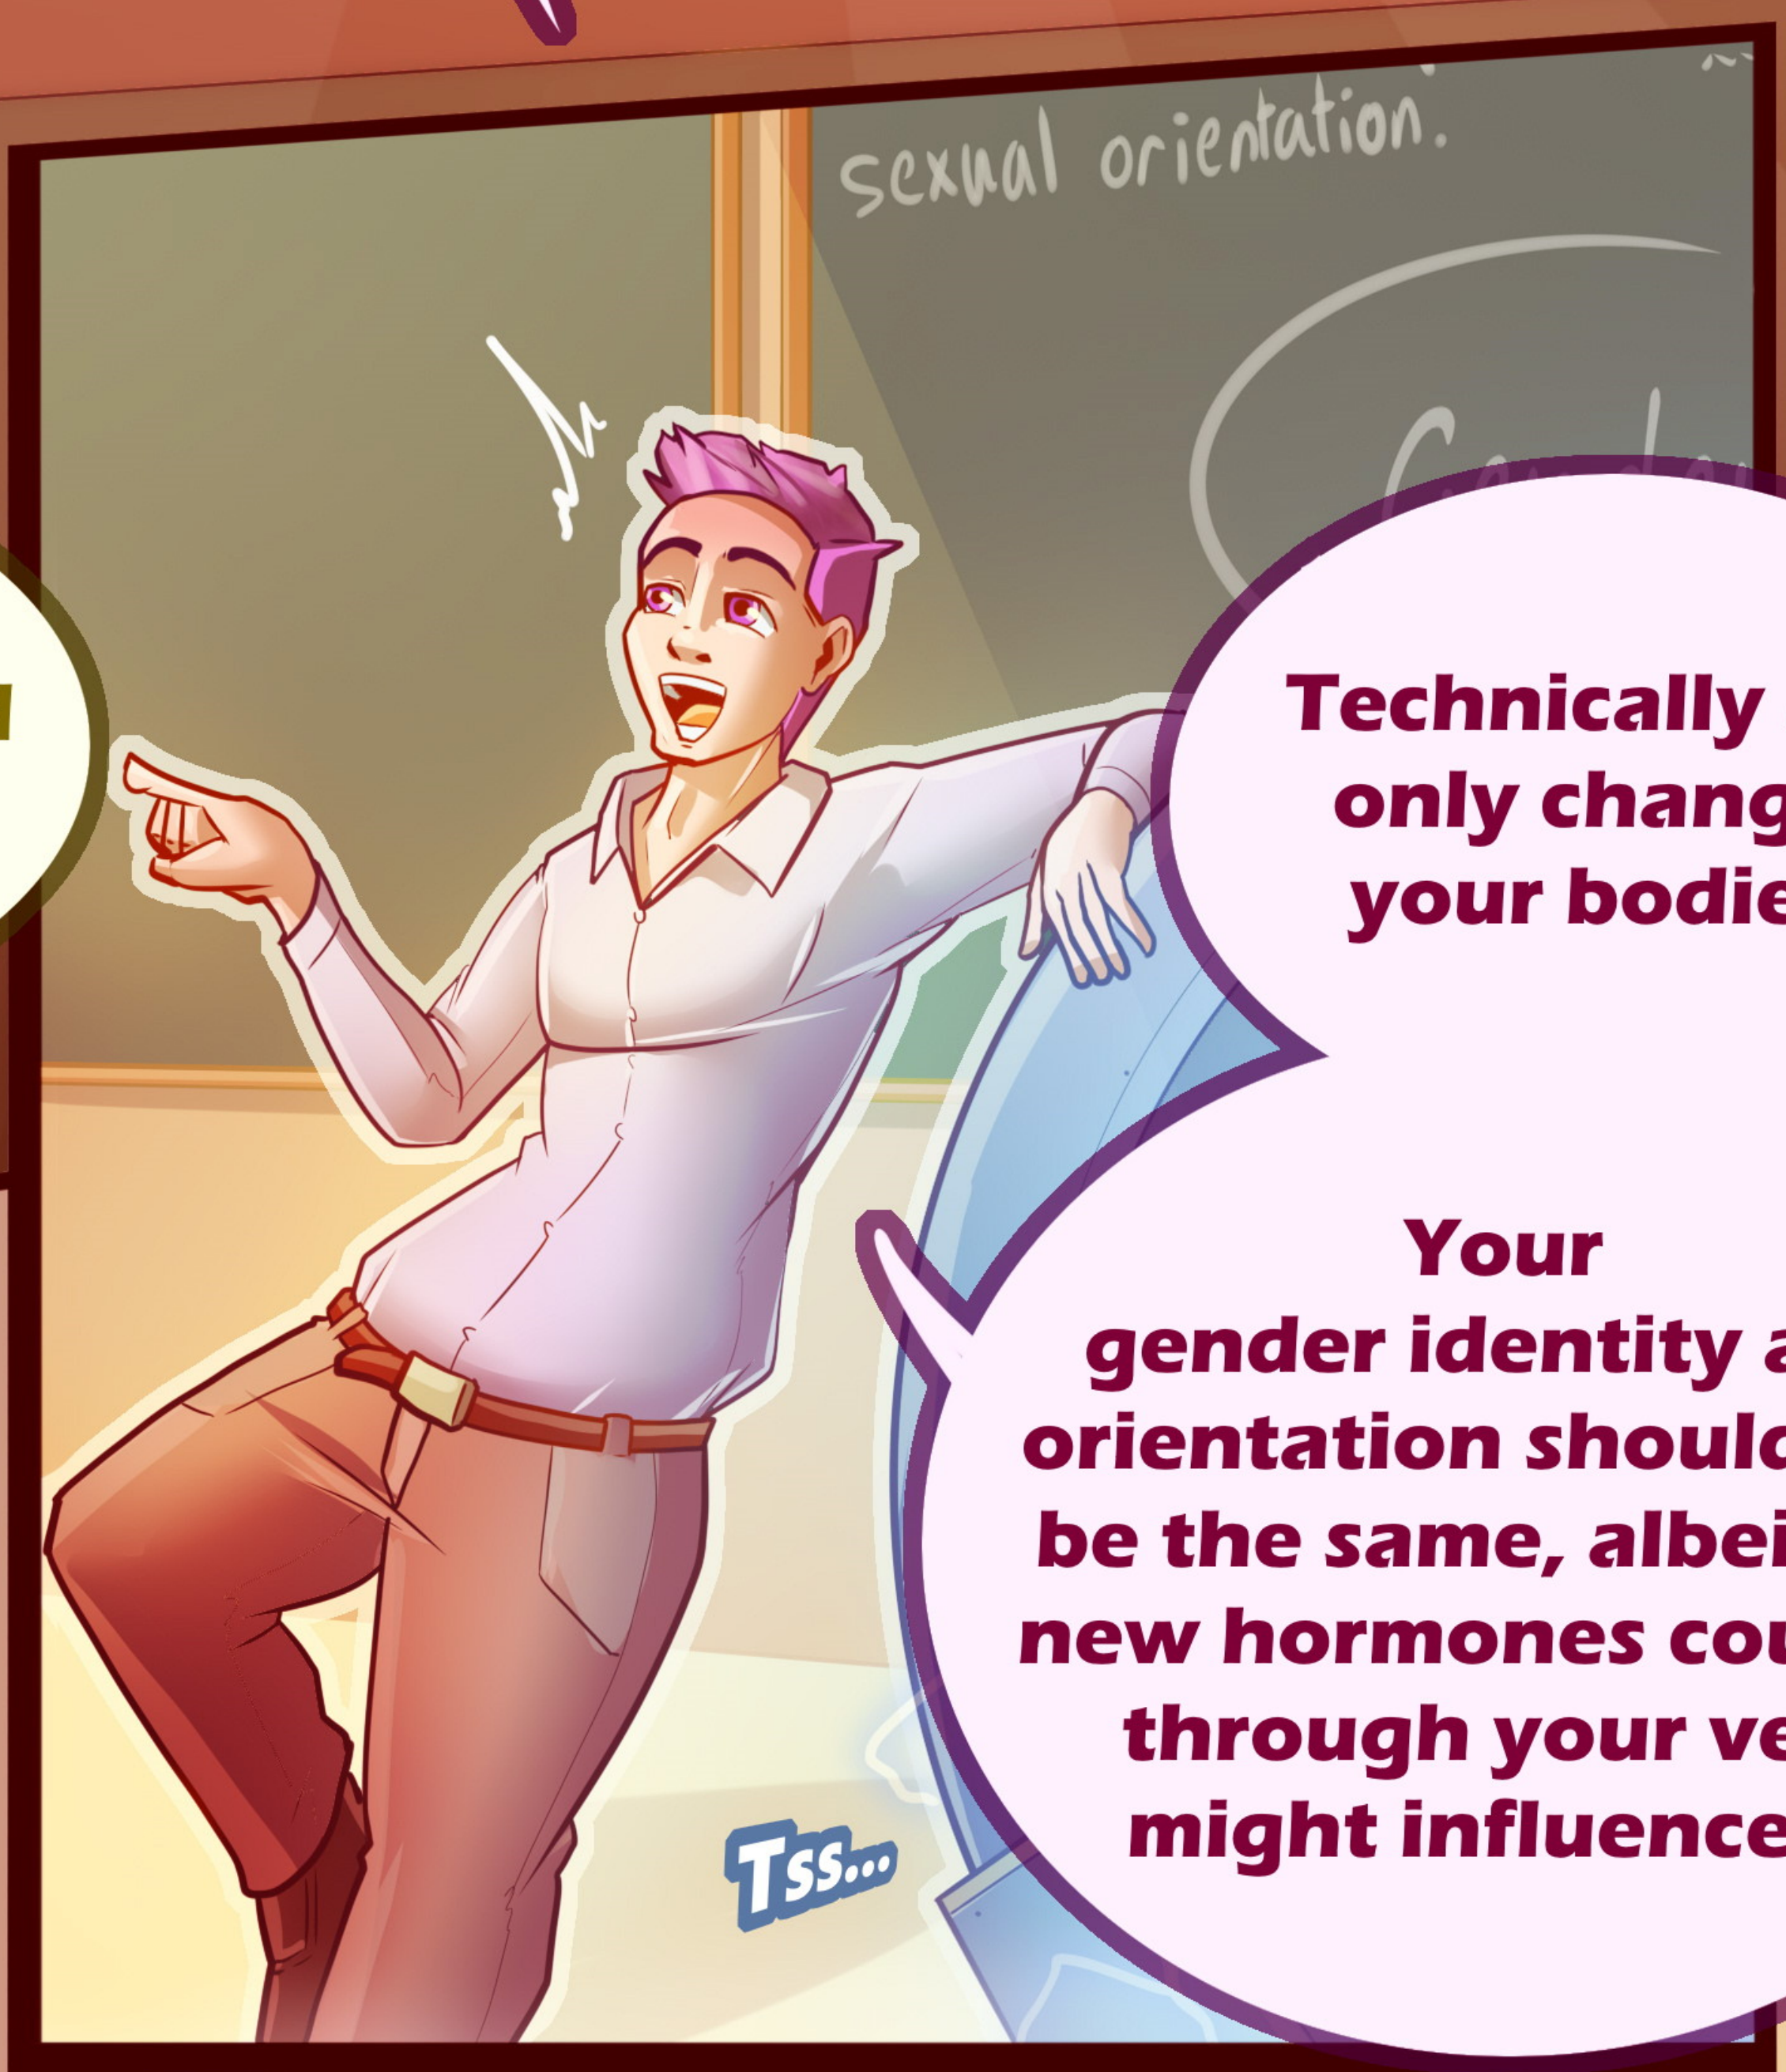

Squeeze...

Pretty impressive, isn't it? It's the newest model from GenTech. It remodels all your cells instantly!

You've changed us into girls!

Jiggle!

Technically I've only changed your bodies.

Your gender identity and orientation should still be the same, albeit the new hormones coursing through your veins might influence it.

Tss...

Fuck...

Shake...

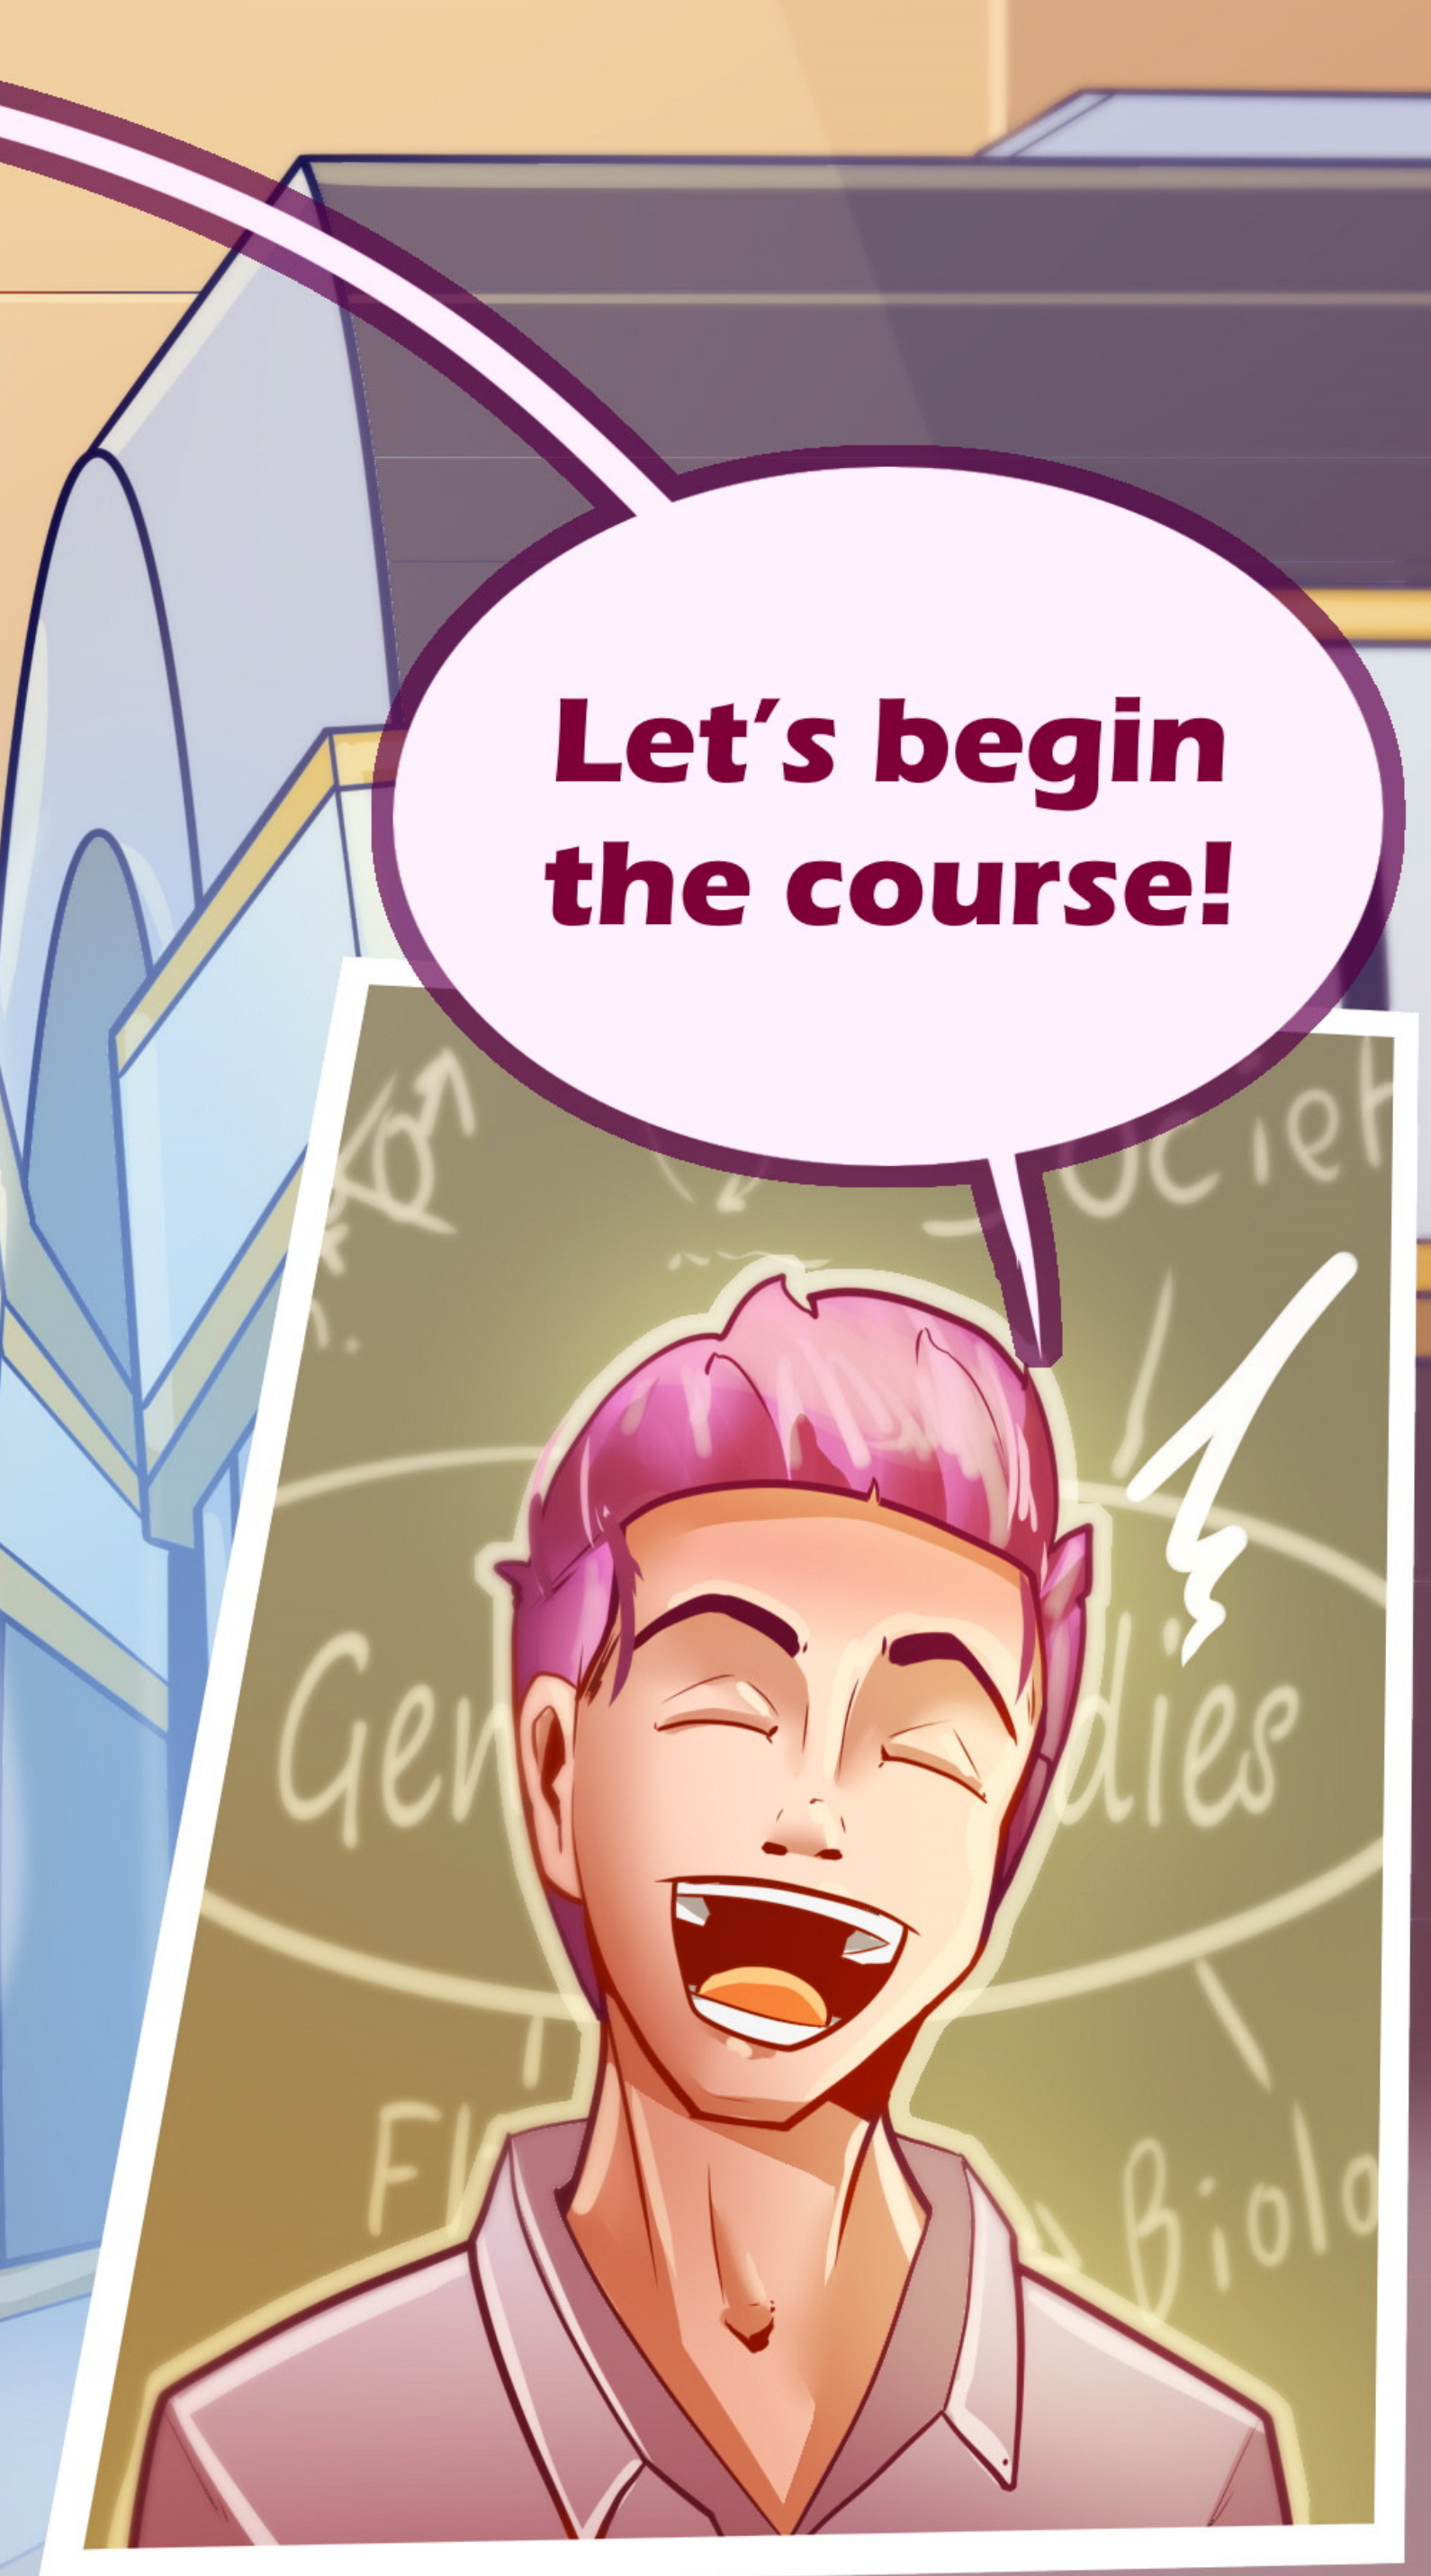

Change us back! I can't be a girl for the whole semester.

Bump!

I'm sorry, but you've all agreed to it.

And besides, I have to order a new device since it's one-time use only.

Let's begin the course!

And so begins the log of how I ~~fucking~~ hate being stuck as a girl for the next **three months!** 

Day 1
It already started on day one. My parents and especially my annoying sister were constantly teasing me.

I can't believe you were stupid enough to enroll in gender studies! Didn't you hear the news that they invented a gender changing device? Your brains were in your dick, which you don't have now.

HAHAHA!!!

I thought you knew what you were getting into, *sweetie*.

How was I supposed to know that they were actually going to use that device? **Boing!**
Boing!

I hate the fact that I can't pee standing anymore. Also this "forward" wiping motion is so weird.

I didn't know girls had three holes... wow.

I couldn't even sleep because my mattress is too firm for my soft body. I was finally able to get some sleep by stuffing LOTS of pillows around my body. Including my tits!
This is so weird. **5 pillows!**

day 2
You thought the first day was the hardest for me?
Wrong!!!!
For the second class in gender studies, we went to the shopping mall to buy the necessary clothes for our new bodies.

Huh...
Woah...

Hold...

Oh, you've got a FF cup!
I am jealous of you, big man!

I wished the bra sizing wasn't so uncomfortable. The lady must have known that I was used to being a guy cause she was just constantly teasing me.

Stretch...

Kill me...

Squeeze!

I tried picking up as much 'normal' clothing as possible. But none of these pants even have functional pockets.

After seeing that I bought plain clothes, my mother bought the girliest clothing she could find for me!

They even have fake ones? Why?

You don't want your phone ruining your figure, now, do you?

Look what I bought for you, Stephanie!

THERE IS NO WAY I'M GOING TO WEAR THAT!

Fumble!
Fumble!
Fumble!

BWAM!

BWAM!

Day 3

First time I saw my whole naked body. It's so surreal to see some traces of your old self left. I still have the same type of face, the same build, and even the same birthmark. But it's all girlier now: My jaw is smoother, my birthmark is now obscured in a fold by my tits, and my build...

damn...

I did what every guy in a busty chick's body would do. I took many pictures I can post later on Onlyfans, trying to cash out. But after this course, this girl I am now won't exist anymore, so who cares?

Day 5

I was walking with my friend Rick... well, now Raya. It comforts me that I'm not alone in this predicament. We share our struggles. How stupid this course is. But one question Raya asked me was a bit troubling.

Do you also feel like everyone is staring at you?

No?

Day 6

It never once registered to me that people would ogle me. But once I became aware, I could see that everyone (mostly guys) would not make eye contact. They look, as you can guess, down to my tits, ass, and all the rest.

It's so obvious. I mean, at least try to be subtle, god damn it!

Hey there, babe!

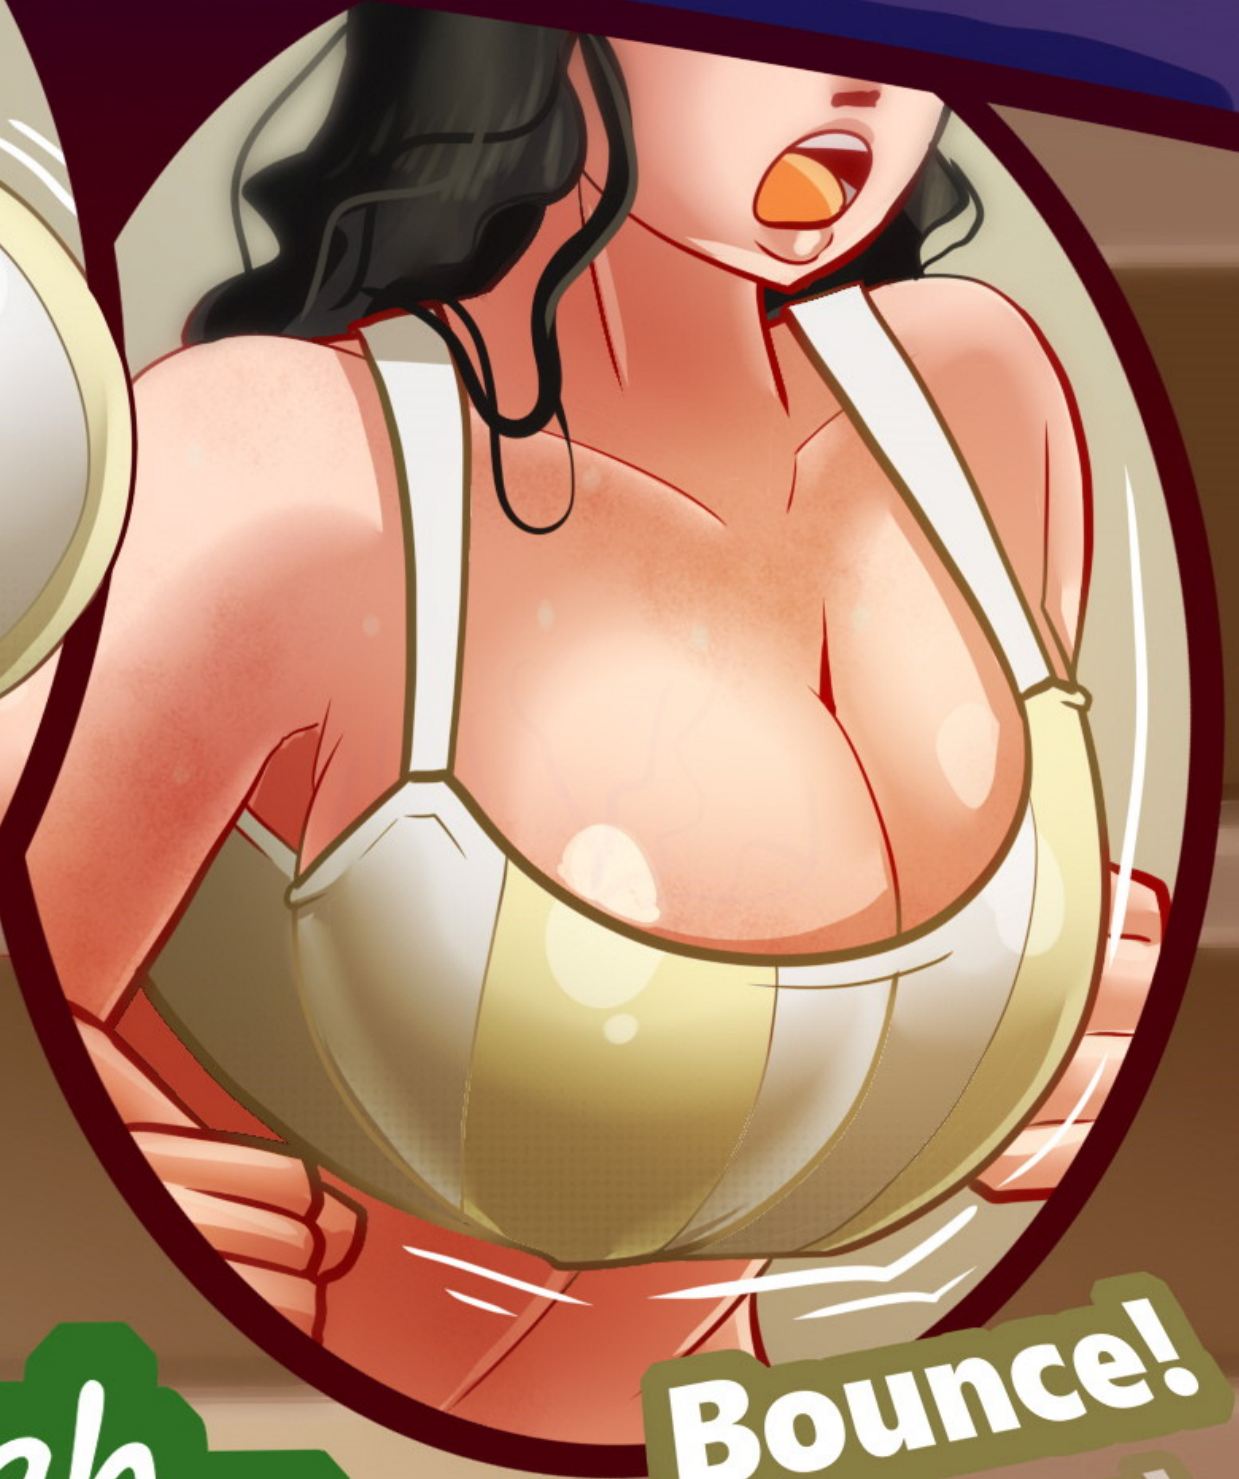

Day 8

Today, one of the drunken guys slapped my ass hard! I was so shocked that I immediately kicked him between the legs!

Day 15

I went to the gym for the first time as a woman. It was a disaster!!! I thought just wearing a sports bra would be enough, but my tits bounced all over the place! Ugh, I guess I need to get more sports bras.

Day 23

I sound like a broken record, but being a girl sucks. It finally hit me: my first period. If the painful stomach cramps weren't bad enough, I had to deal with the stupid mood swings. One moment I'm perfectly fine, then I'm mad, then I'm bawling my eyes out over something stupid like forgetting to water the plants.

Oh fuck!

Haha!

Do you need some help, brother?

Sob!

Sloosh...

Day 27

I tried using pads, but it makes me look like a grown-up baby. So I decided to use tampons. But, my god... inserting them was...

weird

Fumble...!

Urgh...

Day 36

My first time using a sex toy as a woman. My sister gave it to me. She said it would help me "explore" my new body. Holy crap, she wasn't kidding. Girls have it so much better than guys. I thought I had good orgasms as a guy, but they're nothing compared to having multiple orgasms as a woman!

WTF?!

Day 40

This weekend I stayed in my dorm room using so many sex toys that I lost count. My record of the amount of continuous orgasms lies at 9. Nine orgasms within an hour. ~~Fuck me...~~ being a girl has its... perks!

Ah...♥

9 orgasms
Krrr...
Personal best

KYAH!♥

How do I turn this O...

EEP!

BZZZ...

THRUST!!!

Consecutive orgasms count:

Personal best: 4

WOW....

Day 56

I posted some nudes to my new Onlyfans a while ago and scheduled some for the upcoming month. I was shocked to see I already have **4,275 SUPPORTERS** paying me **MONEY! WHAT THE FUCK?!**

And the comments... Some were positive—compliments about my looks and personality. I felt so appreciated. But some comments...

Gasps!

Seriously?! I'm too FAT?!

Slam!

Day 73

Raya and I were walking on campus, comparing our Onlyfans supporter counts, when suddenly...

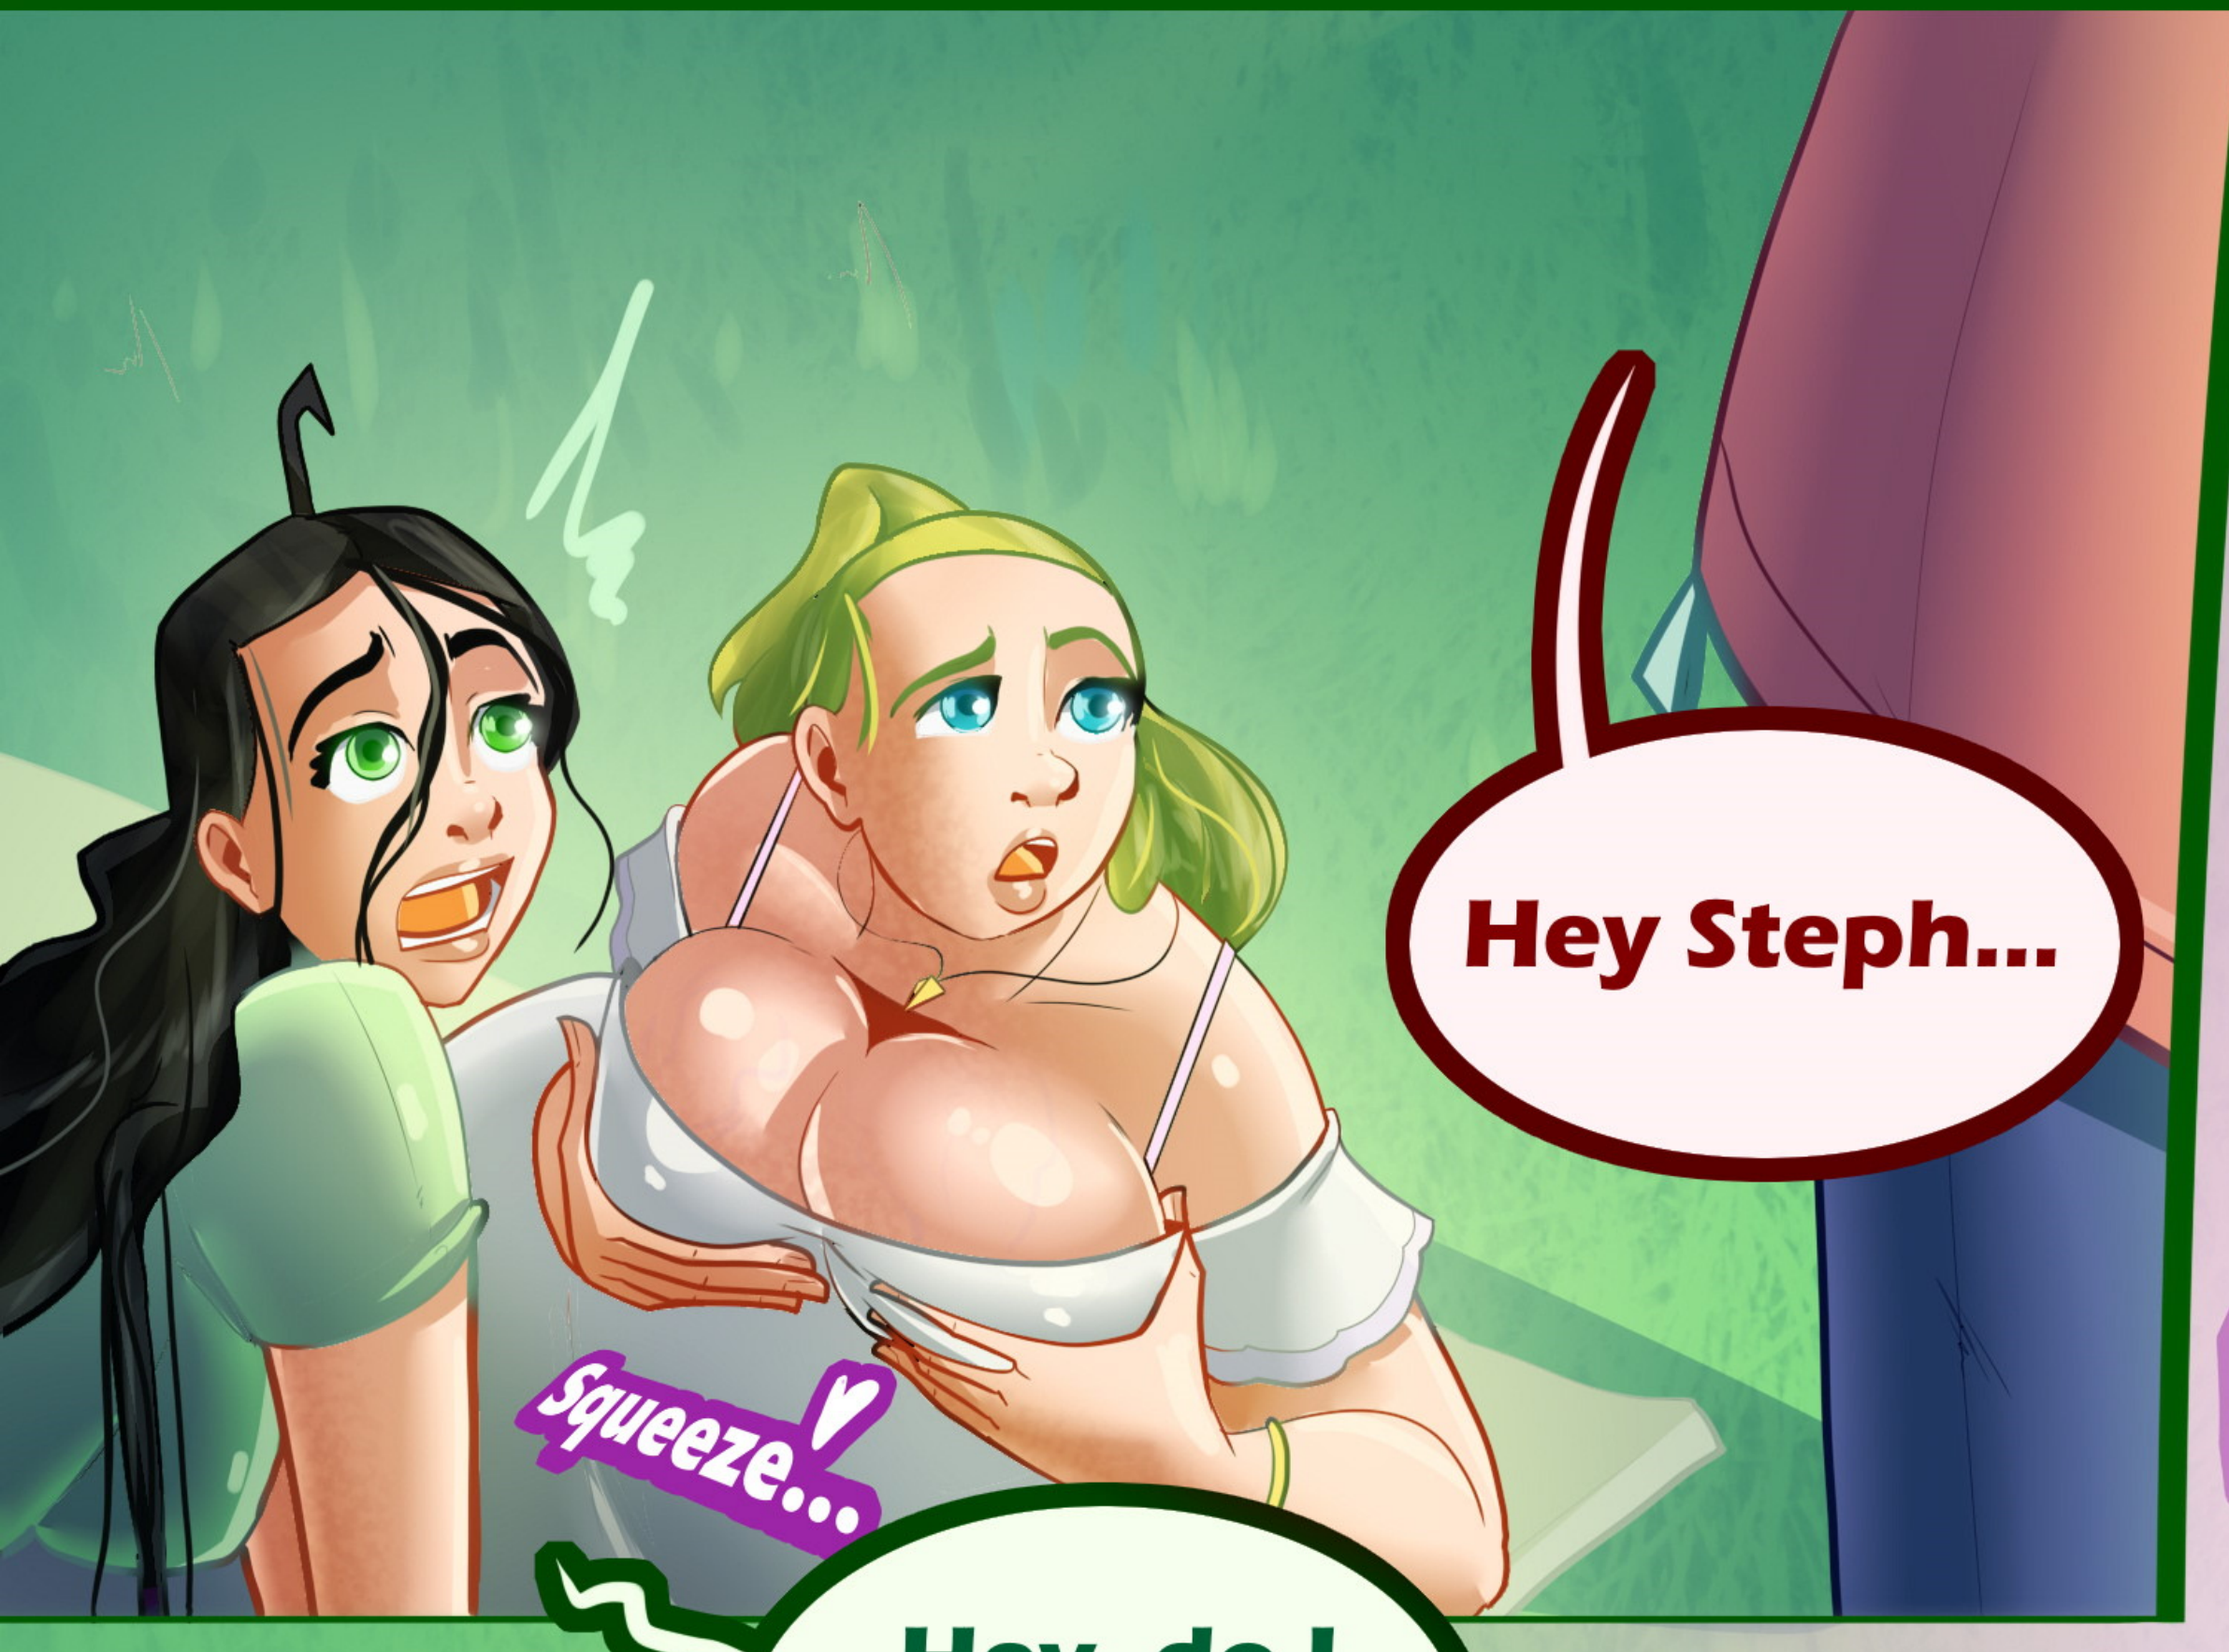

Giggle!

Giggle!

I now have 3,000 more supporters than you! Haha!

Well, I have way bigger tits than you, haha!

Hey Steph...

Squeeze...

Hey, do I know you?

Woah... you've certainly changed!

It's me, Danni. From Gender studies.

Huh?

Scratch... Scratch...

So have you!

You look great. Then again, you looked great as a girl, too. I used to want to walk up to you and ask for your number, but I always chickened out, haha.

Well... you can ask for my number now.

Uhm... sure?

Skrr...

Skrr...

It must be all the hormones!
After all, I've been a girl for almost 3 months now.

Once we're back to our original genders, then I'll call her.

Ooh, you're finally trying out the clothes mom gave you? Are you seeing a boy?

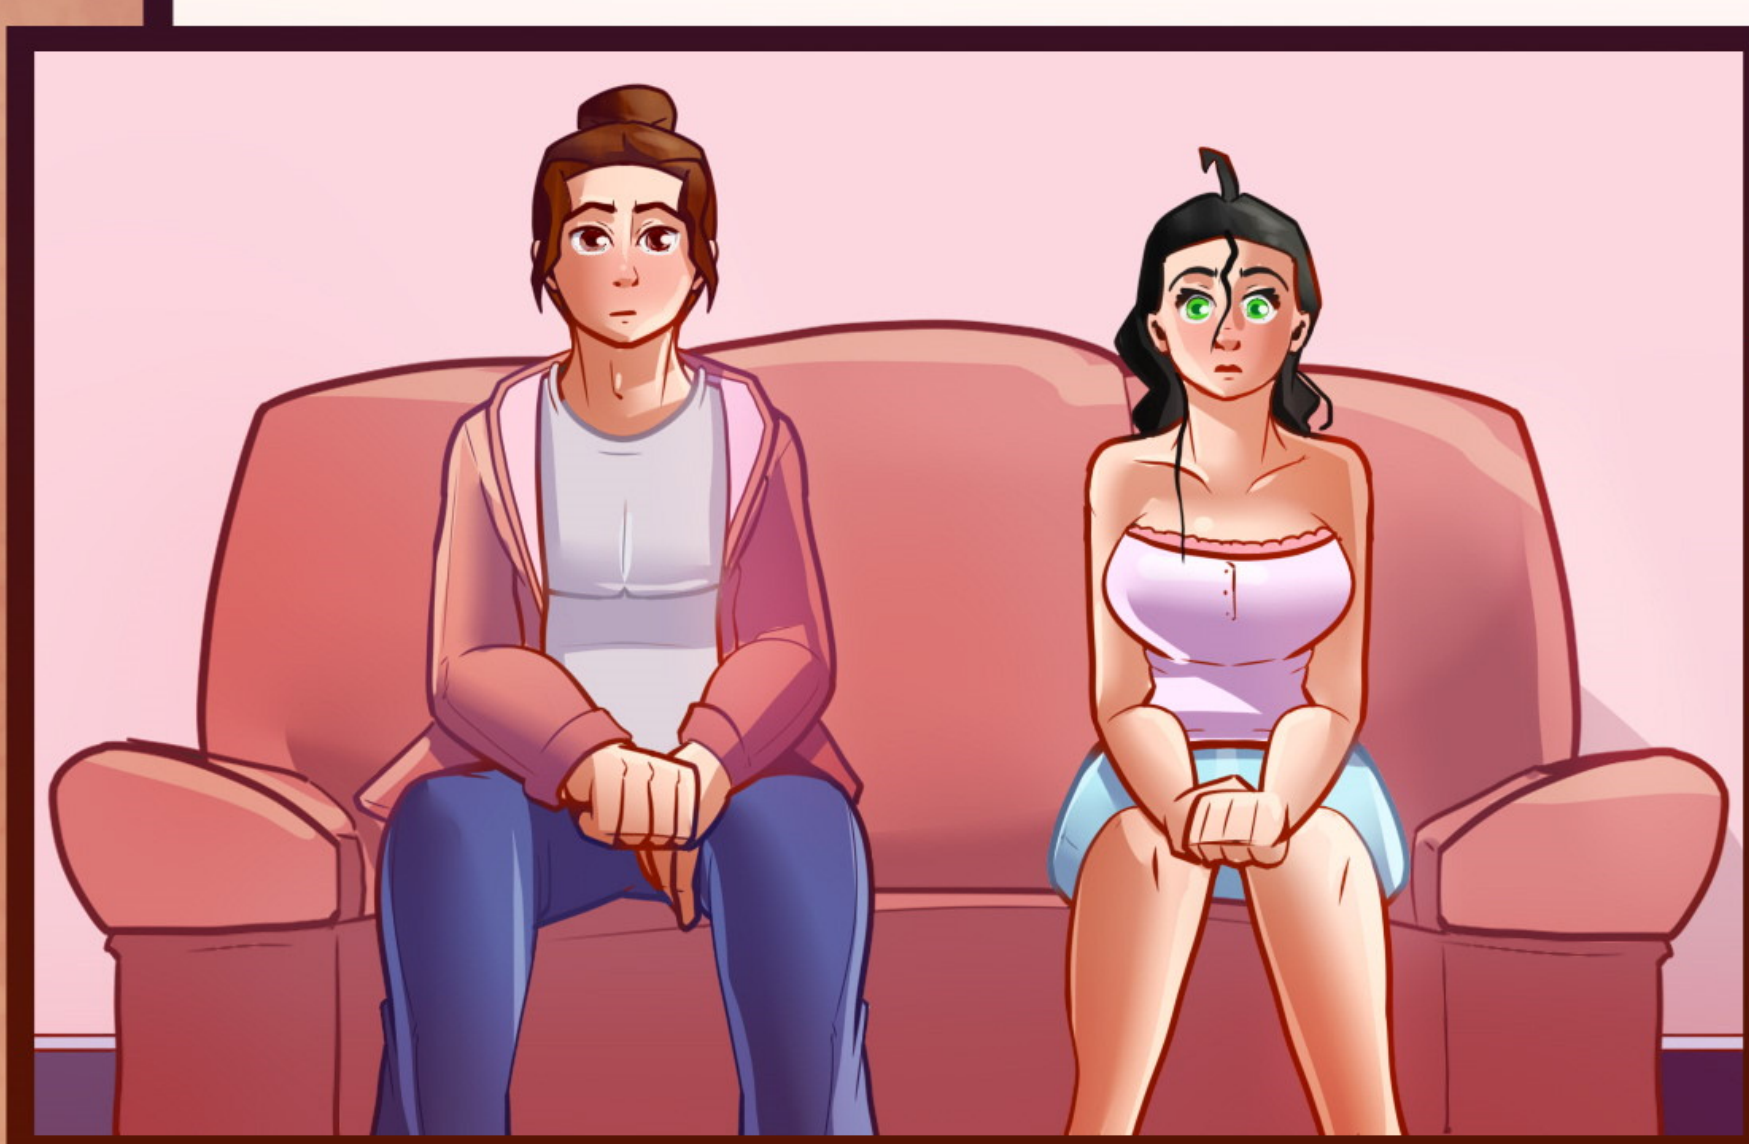

Get the **FUCK** out of my room, brat!

Giggle!

Day 75

So, I went over to Danny's.
Nothing crazy.
I just wanted to leave the poor guy waiting.

We just chatted and ~~made out~~ watched a movie.

Smooch!

THRUST!!!

MOAN!!!
MOAN!!!

Day 76

I went back at Danny's place
And we...
played Twister.

WAAAH IT!!!

Day 89

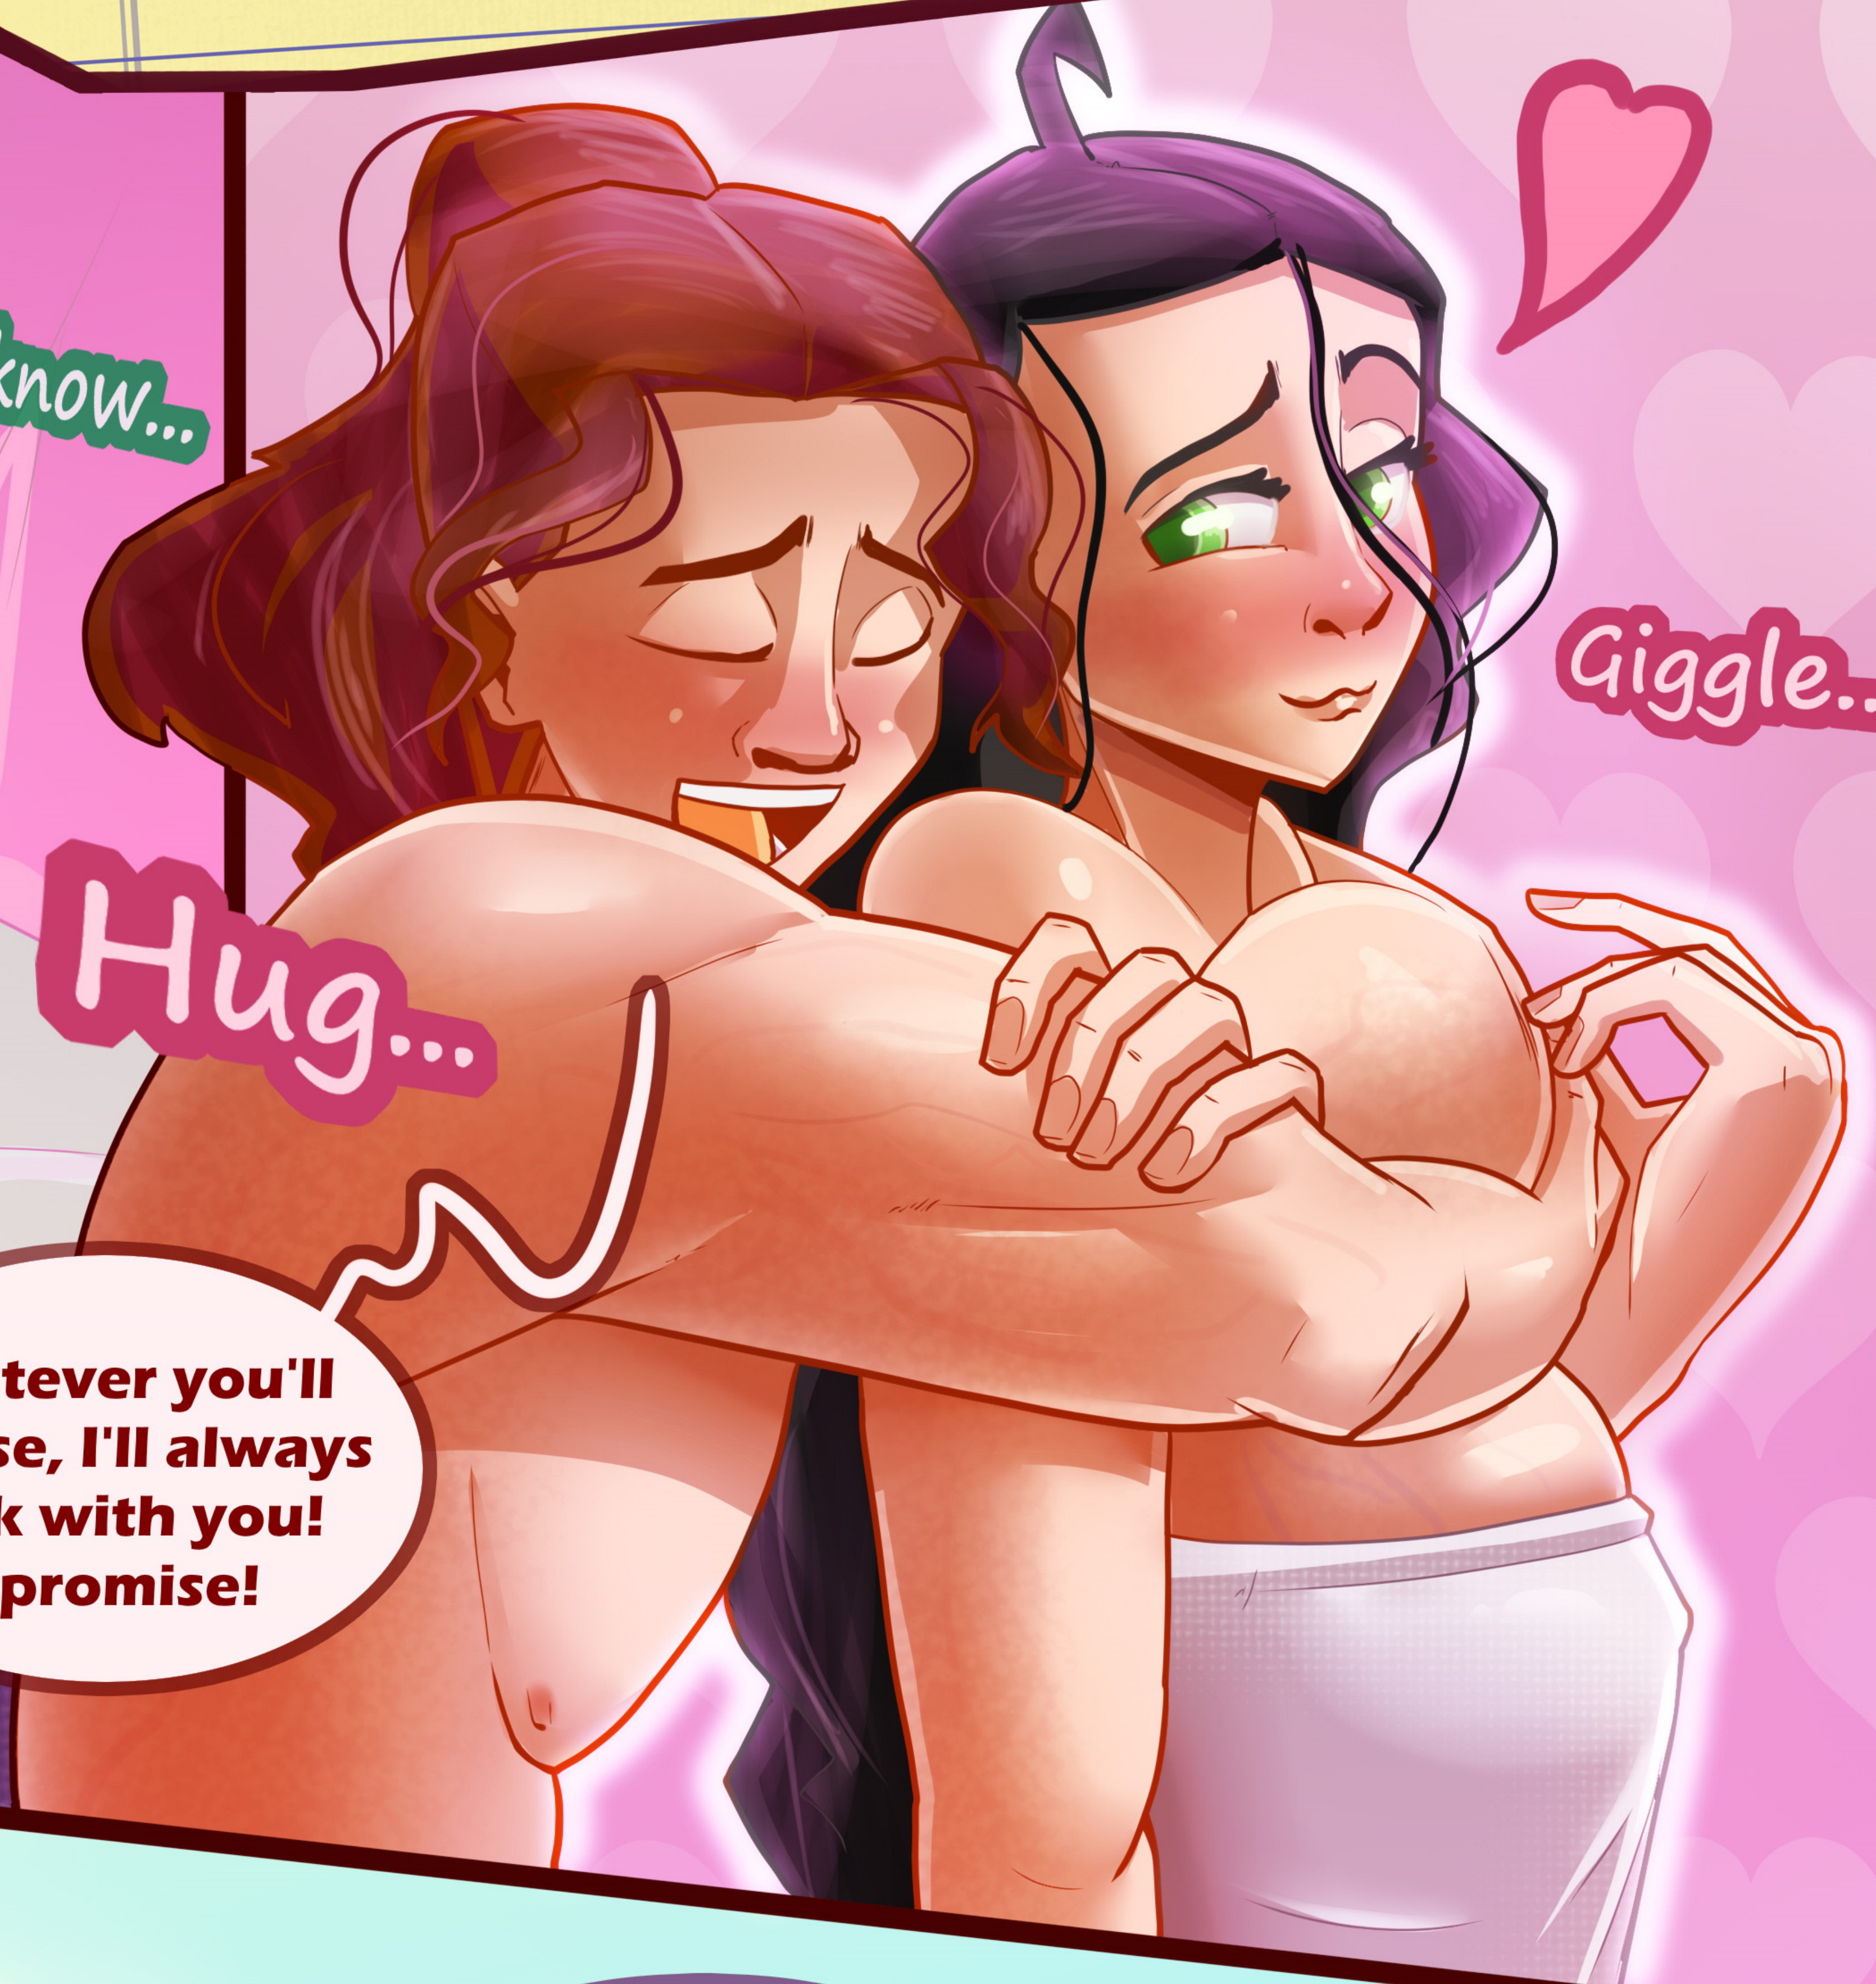

Last day before the end of the Gender Studies course.

Danny told me that at the end of the gender studies course, you could decide to stay as the opposite gender for the next semester.

I can stay as this sexy girl for another three months, maybe even the rest of my life. The thought of doing that is exciting, but also a bit scary. Danny told me that he would always stick with me.

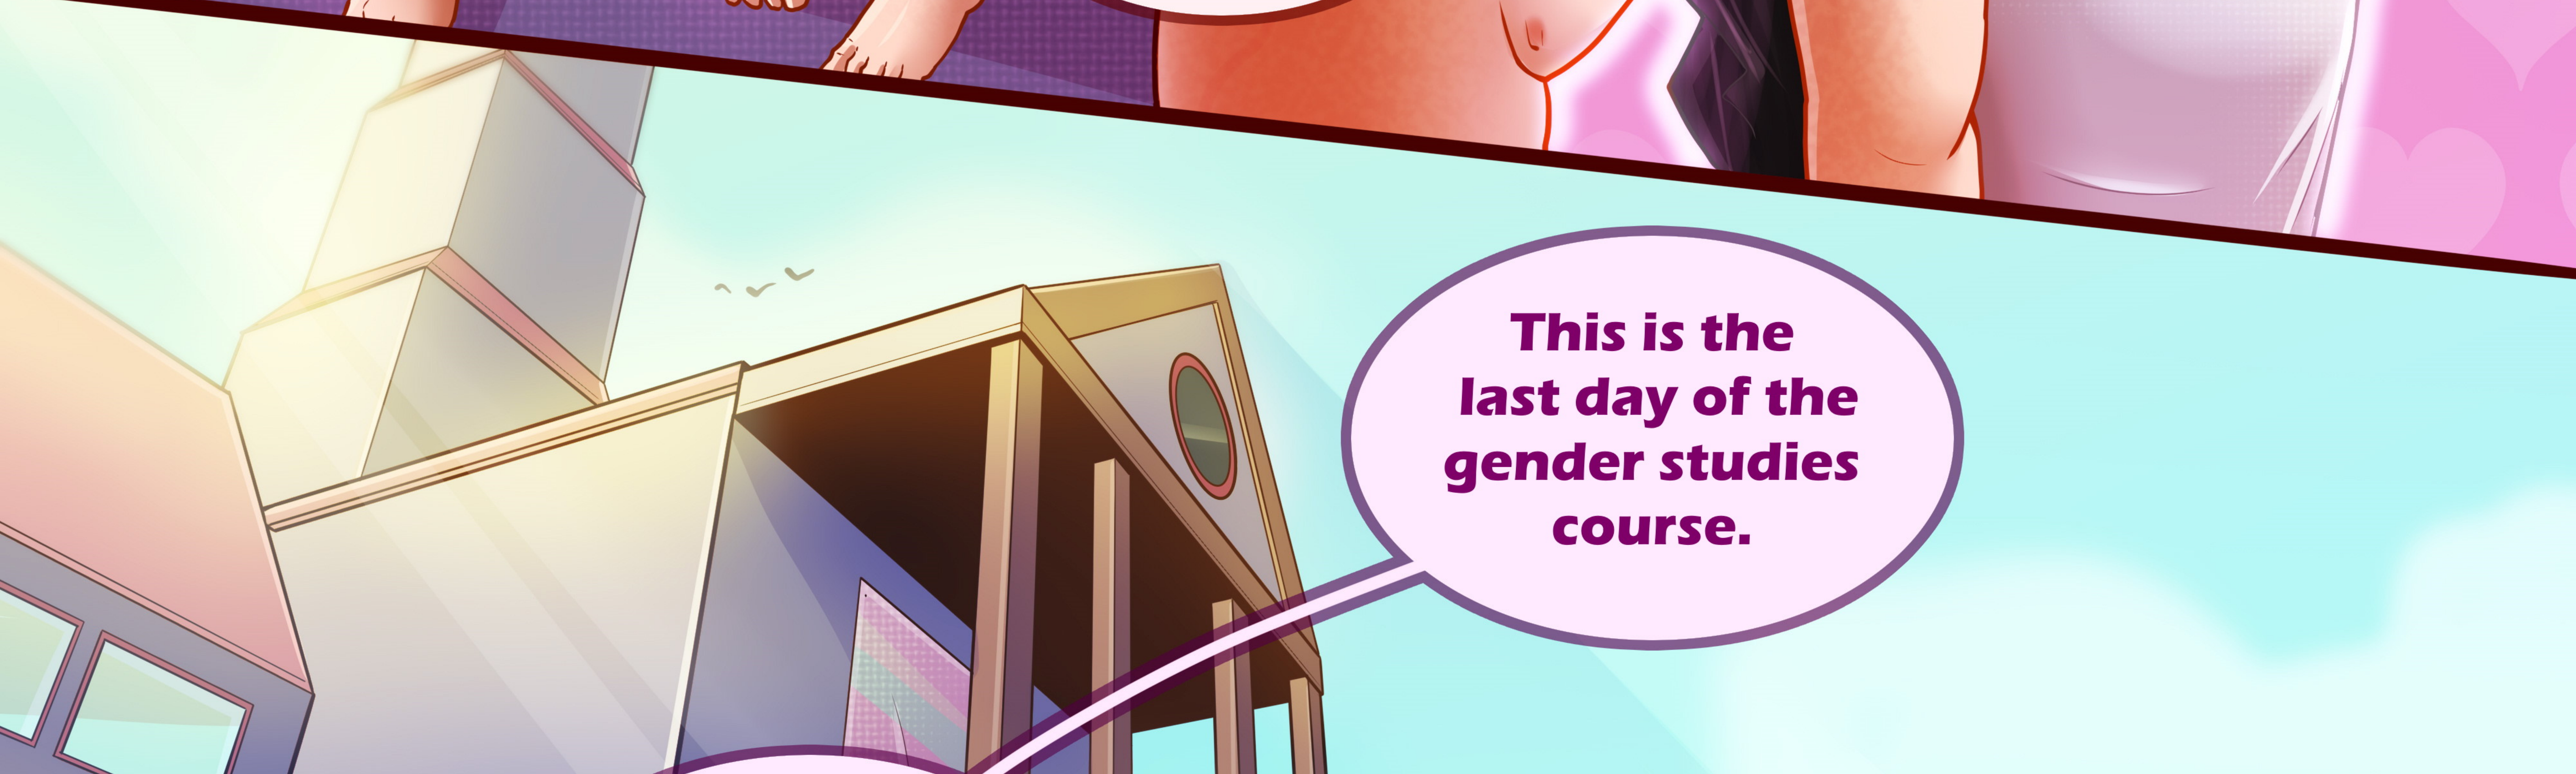

I don't know...

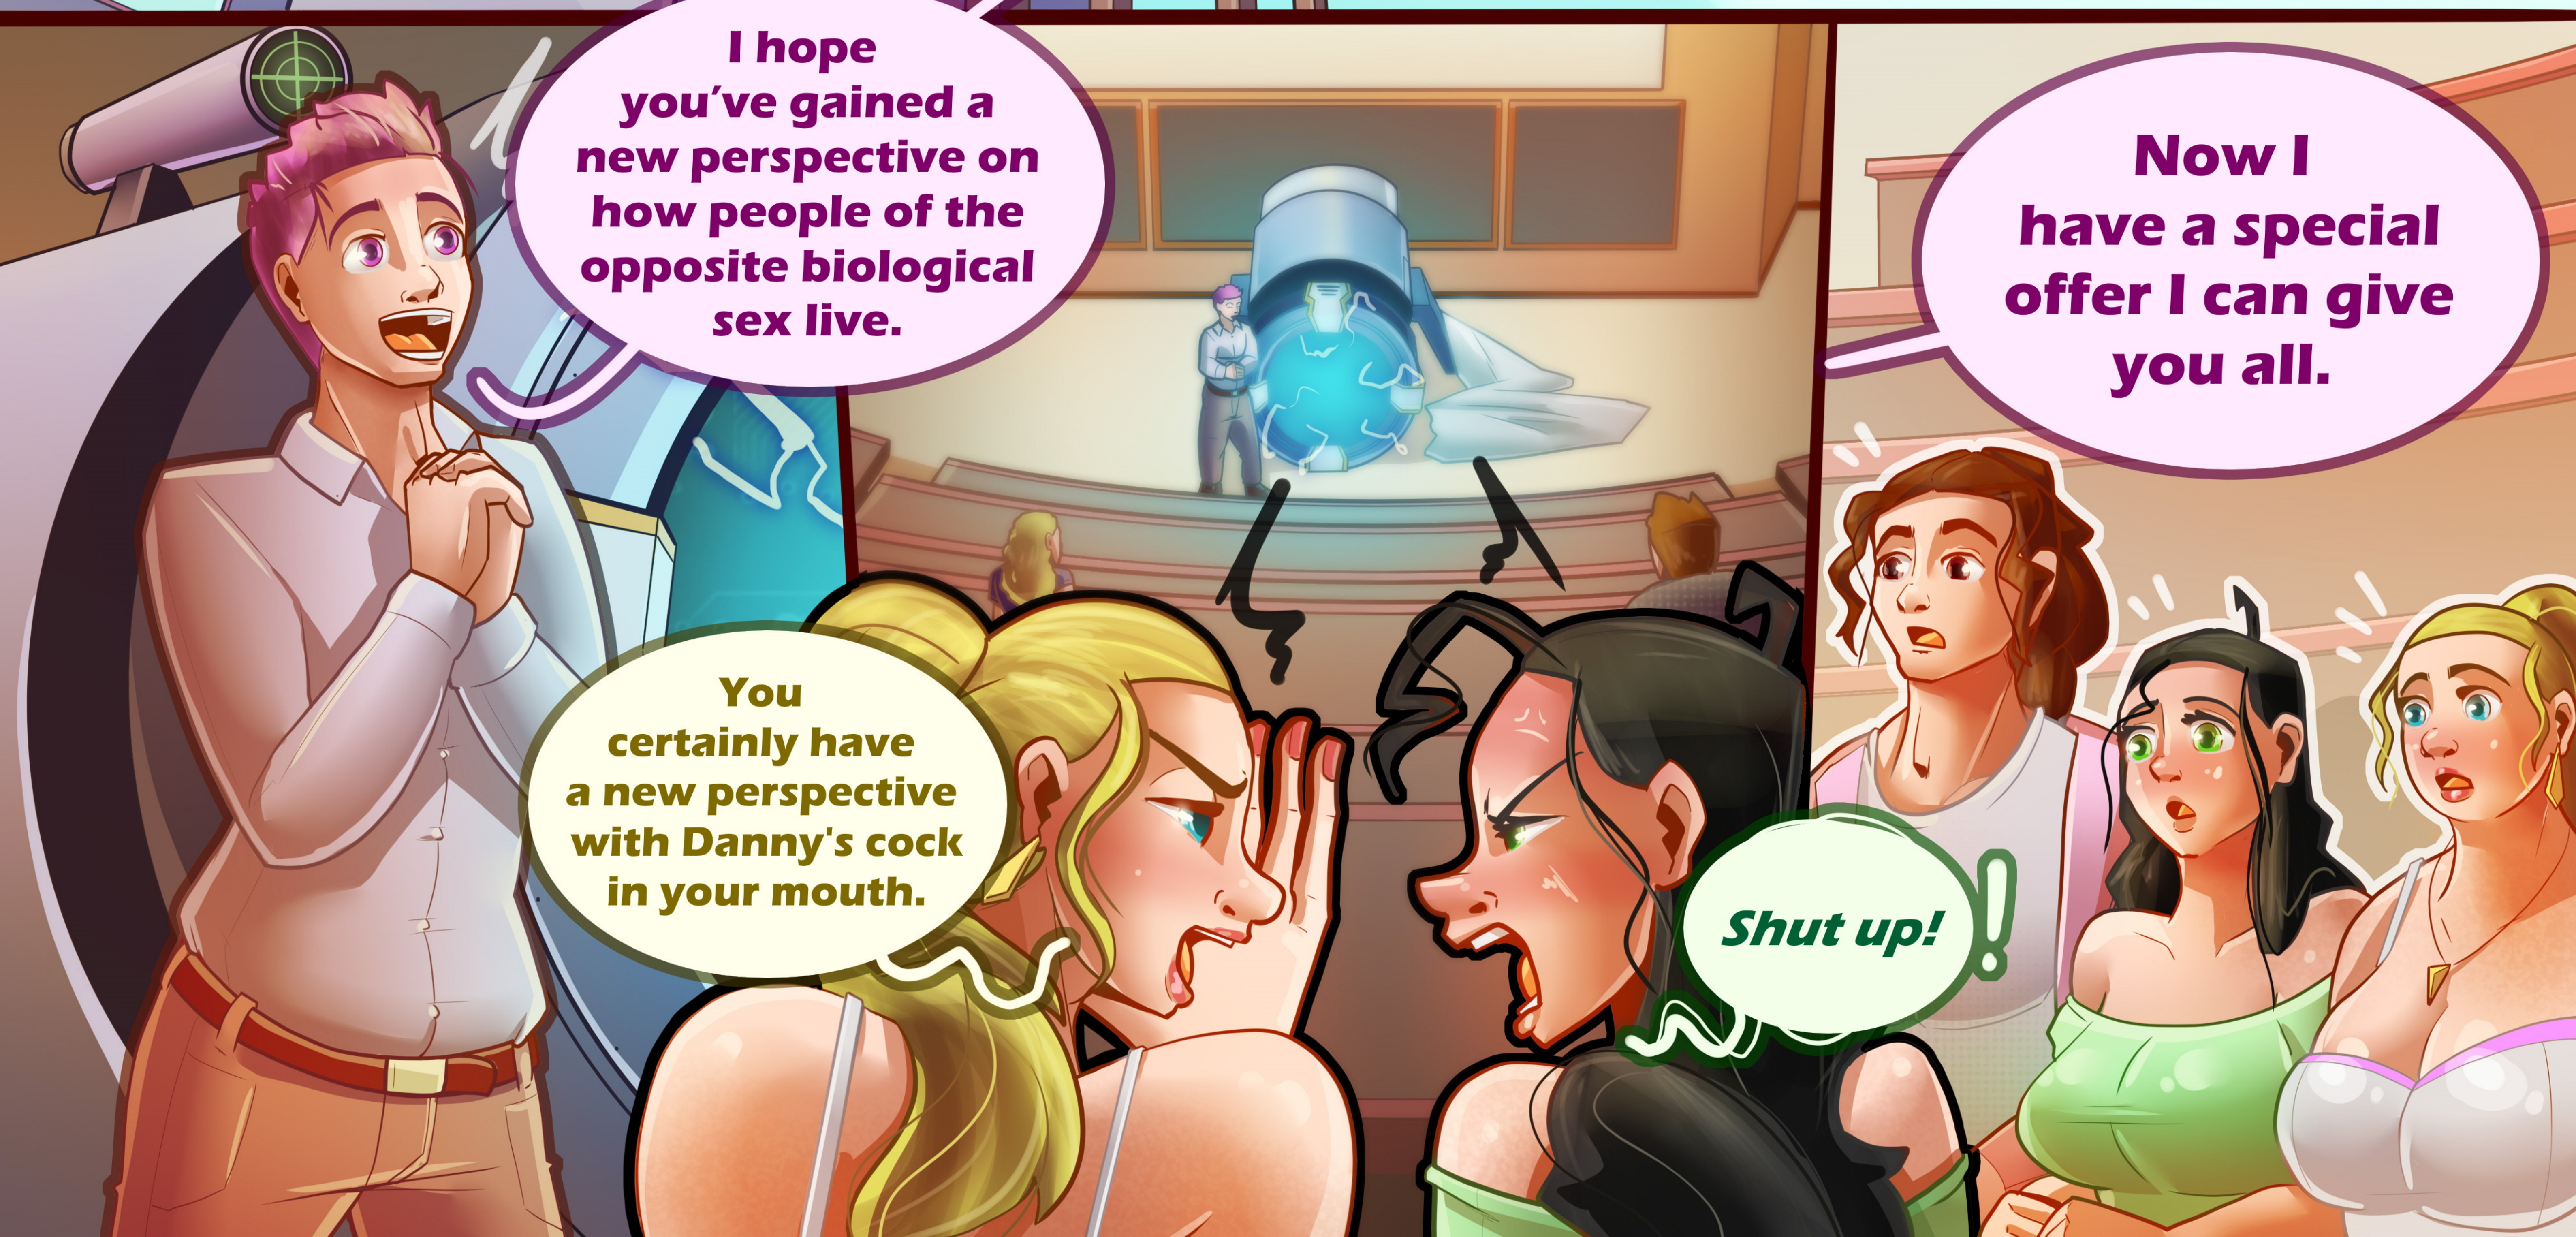

Hug...

Giggle...

Whatever you'll choose, I'll always stick with you! I promise!

This is the last day of the gender studies course.

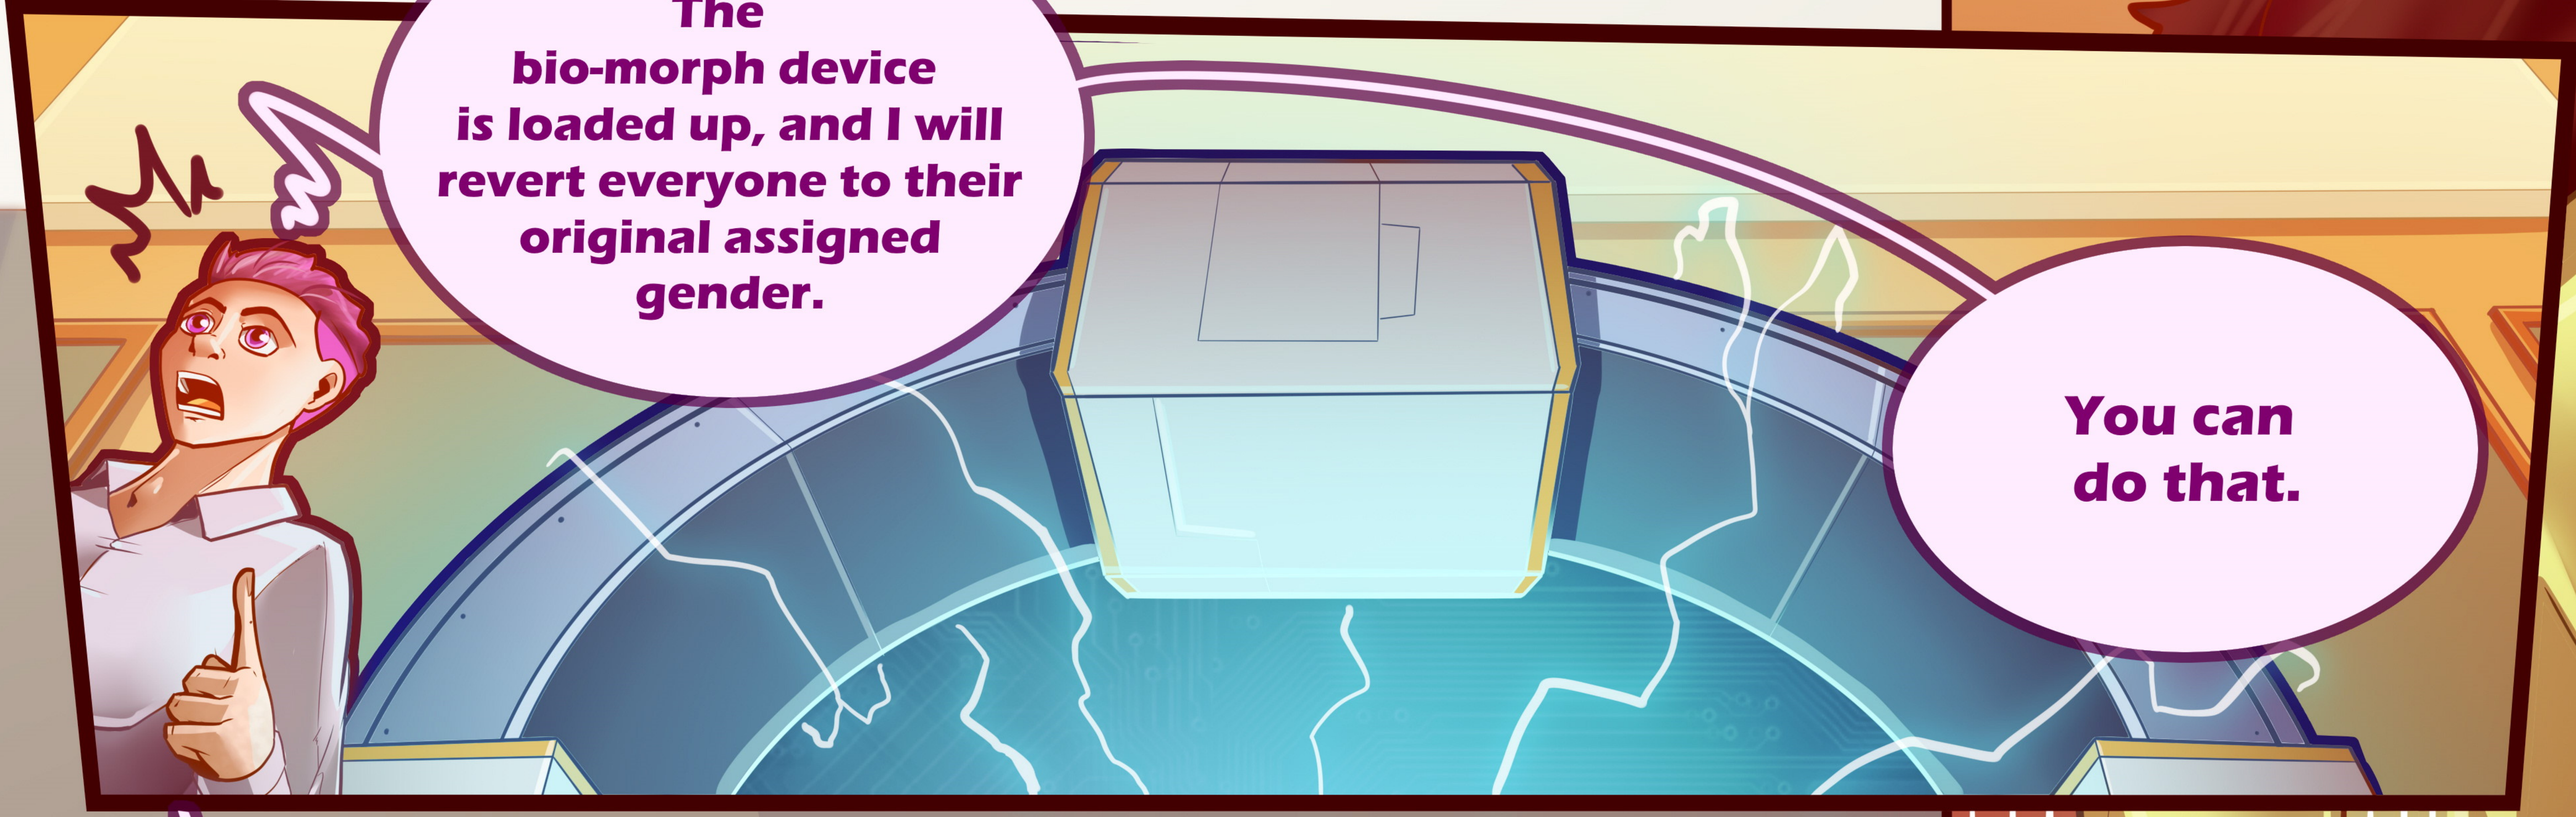

I hope you've gained a new perspective on how people of the opposite biological sex live.

Now I have a special offer I can give you all.

You certainly have a new perspective with Danny's cock in your mouth.

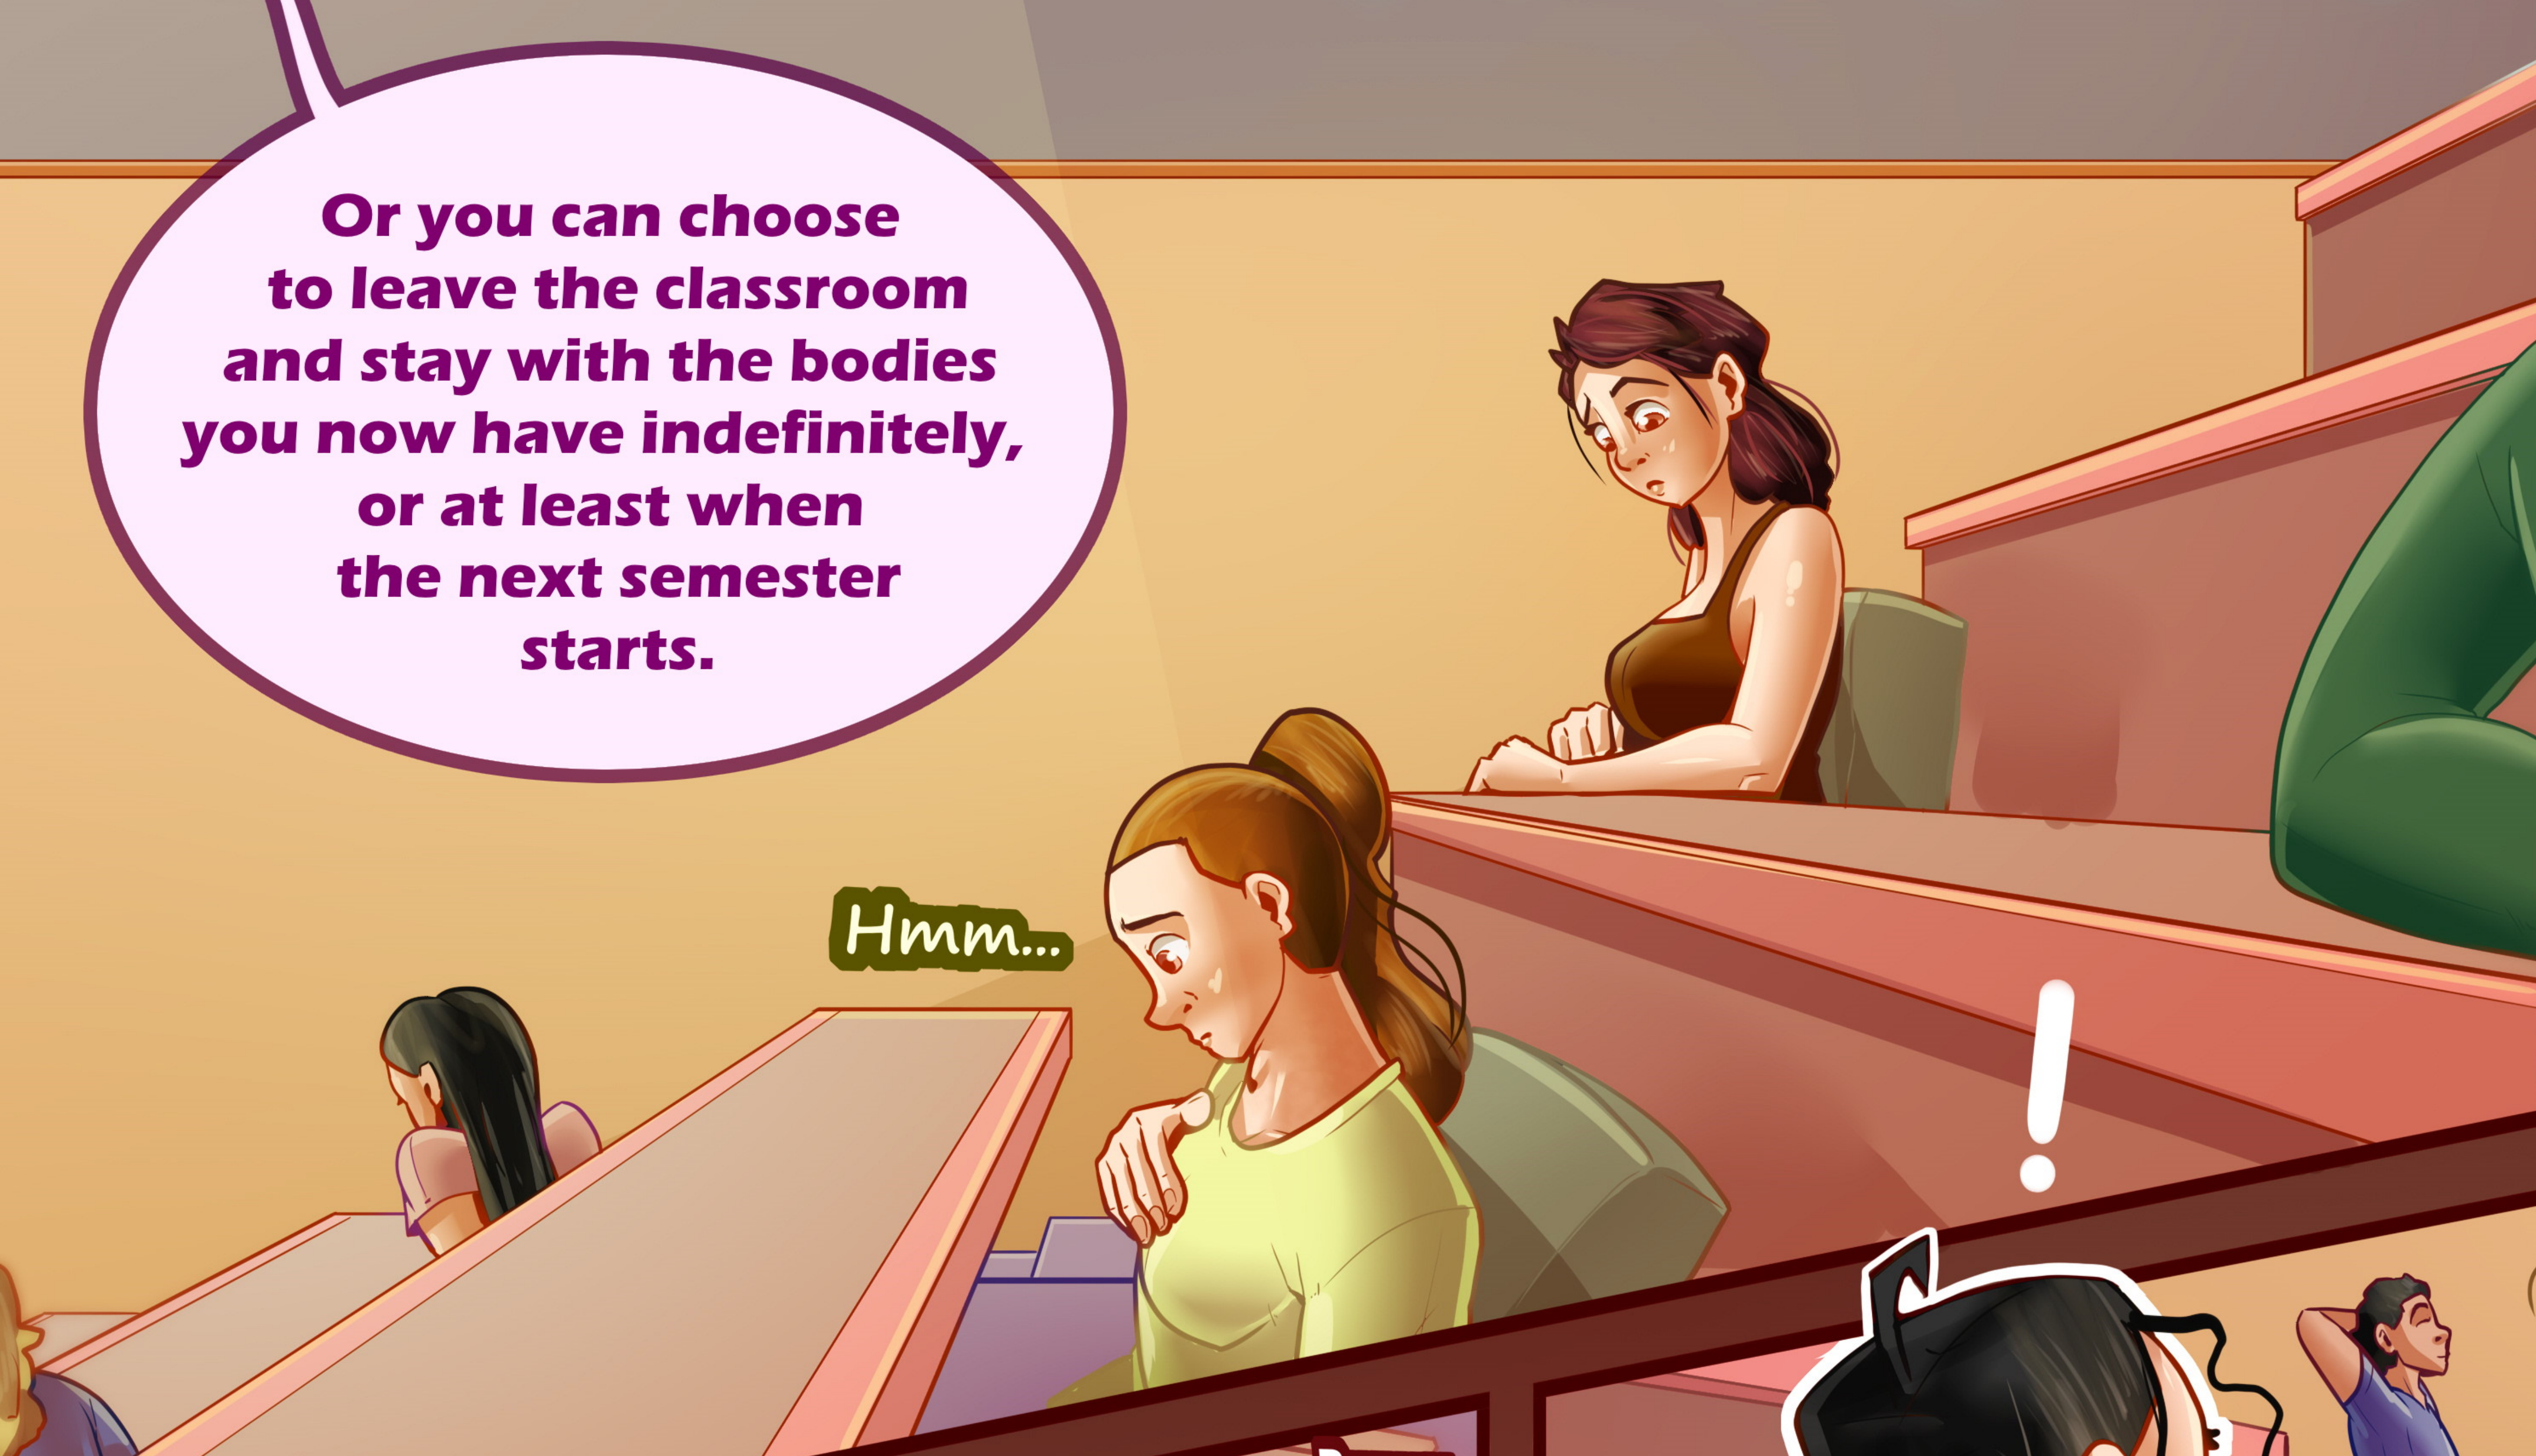

Shut up!

The bio-morph device is loaded up, and I will revert everyone to their original assigned gender.

You can do that.

Or you can choose to leave the classroom and stay with the bodies you now have indefinitely, or at least when the next semester starts.

Hmm...

Krr...

Bwum...

Bwum...

Bwum...

You too, Raya?

Yeah!

Squish

I want to try this girl lifestyle a little longer.

Wanna join?

Uhm...

STAY AS A GIRL

CHANGE BACK

You chose...

STAY AS A GIRL

I can't believe what I'm saying-

but yes!

I told you I will always stick with you!

Let's go, babe!

Is that okay with you?

Gasp...

I want to stay as a girl!

Krr...

Uhm... bye?

Woosh...

See you until next time to change back.

Most likely not haha...

That was my chance to go turn back into a guy...

You're so cute when you get embarrassed like that!

Jiggle...

I miss my old life, but-

This is soooo much better! I'm meant to be a princess.

At least you can keep building your OnlyFans account, Stephanie!

the END!
