

MISTRESS CHANGES SISSY MAN INTO EROTIC SHE-MALE SLAVE TO GET FUCKED AND SUCK COCK

Dear Forced Womanhood,

I slammed the knotted wet towel into Corey's firm belly, showering him with water and making him retch for breath, nostrils flaring widely above his mouth-stretching, red rubber ball-gag. A wet, knotted towel may sound harmless but it hurts like hell. The only "good" thing is it doesn't leave marks; still the victim's body aches and throbs for hours.

Stretched drum-tight, Corey hung by his wrists from a ceiling hook, toes barely touching the floor, trim ankles attached to a ring bolt. He wore only his long black wig, stay-up hose, 5" ankle-strap heels, with tiny padlocks, and FLA Frenum Chastity. In 6" black boots and black leather cage teddy, blonde hair piled atop my head, I was disciplining him for trying to run away. He should have known he couldn't get far in stiletto heels and leather wrist and ankle hobbles, as we live in a restored farm house twenty miles from town. In spite of his bondage and feminization (he also wore a combination corset and padded bra and black panties) Corey had hoped to stop a passing car, which he did—only it turned out to be me returning home.

It all started a few months ago, shortly after Corey had moved in to be my bondage/love slave. One day I came back from work with copies of your magazine and your TRANSFORMATION and TRANSVESTITE catalogs and said, dressed up, Corey would look as sexy and erotic as any of the models. Intrigued, he agreed to my desire to dress his shaved, slight, almost girlish body in those incredible clothes.

Soon the sexy items began arriving, from baby-dolls and lingerie to dresses and accessories, more leather bondage things, wigs of all colors, and creams and pills, whose labels I removed. It was fun to dress Corey up and even have him do the cooking and housework in a skimpy French maid's costume and leather wrist and ankle hobbles. I made sure he took the pills, and often rubbed the creams on him myself. He even went along with the Frenum being put on his penis. It was a novelty to lead him around the house and out on walks by a leash attached to the Frenum's ring.

Soon Corey noticed he was getting lumps on his chest, his waist was even slimmer (due to constantly wearing a very tight corset), and his face and body were smooth and hairless. He wanted to stop the pills and creams but

I firmly ordered him not to do so. It was a hot night and he wanted to sleep tied up naked instead of in the corset, baby-doll and heels. I angrily spread-eagled him between the bedposts and beat him long and hard with a wet, knotted towel. Wearing a blonde wig, corset, baby-doll, and 6" mules, Corey spent the night in the closet gagged and in a strappado tie-up. In the morning I made him eat my pussy, then dildooed his ass before I freed him. He collapsed wearily at my high-heeled feet, and I told of my plan to transform him into a she-male. Tonight he tried to escape, and I am now punishing him soundly.

It is now two years later. Corey used your creams and pills faithfully, and his breasts grew and his penis shrank while his body became more shapely and feminine, helped by the corset, too. At various times I still had to whip him savagely, particularly when he protested his small cock being permanently locked in a FL2C Frenum, with the screw heads broken off, and more recently when his breasts were ready for implants.

Now "Coral" looks and acts like a complete woman, and I am proud to take her places as my companion. It thrills me to tie and gag her, in panties, garter belt, nylons and stiletto heels, while I have sex with various men. Her penis is useless, but her mouth is well trained in pussy-eating and cock-sucking. I also love watching her being both ass and mouth fucked

by men, often cleaning their pricks afterwards with her lovely mouth. As an even further humiliation, I let the men bind, spank and whip Coral. Many of her tie-ups are very ingenious and strenuous, and I later use them myself.

I was certainly right: all dolled up Coral looks as sexy and erotic as any professional she-male model. Perhaps sometime soon I'll dress her sexily, tie her up, and take some pictures of Coral for your magazine.

INCREDIBLE SEX LIFE

Dear Forced Womanhood,

My husband and I have been reading *Forced Womanhood* and your fabulous *Transformation* magazine. When I married Alex he had already confessed to me that he liked to crossdress. I think this is why I married him. I never liked hairy macho type men. I have always been attracted to the more feminine type. I had a few lesbian relations and enjoyed the feminine soft skin of a woman, but I also really liked the feel of a penis. Marrying Alex was the best of both worlds. He loved being feminine and wearing sexy clothes.

Three years ago he agreed to take your triple Strength Mammary, Feminique and Natural Feminizer twice a day. The combination of these have not only softened his skin but have enlarged his breasts already to a nice size "B" cup. Plus your vitamin hormones don't take away his penis or sex drive.

We go everywhere now together. We shop together for clothes, shoes, lingerie, go out to dinner and everywhere with him dressed. In fact he is always a lady now. Even at home he wears sexy lingerie and is a woman in all ways. I now have everything I could possibly want. A nice feminine body and a working penis. I have a man and a woman all wrapped into one person.

Our sex life is INCREDIBLE! We do it all ways as you can see by the photos. He likes to get screwed in his ass, and so do I. We have every type of sex a man and a woman could possibly have. We're sexually heterosexual, gay and lesbian and everything in between.

Jeri - we thank you for bringing all of us in the world your wonderful products and publications. There is no other company like it in the world. I'm sure 1,000's of women who used to think crossdressers were weird have now changed their mind because of you.

SWEETIE PIE GOES FOR AN OUTING

Dear Forced Womanhood,

I always get so much amusement taking my sissy, I've named him Sweetie Pie, out in public and putting him on display. Especially in a new outfit from Romantic Sensations Boutique. Poor thing, he cries and begs so when I announce we're going out for a nice long walk in a darling new outfit.

And probably with good reason. People honestly don't know what to make of him. As you can see I've worked really hard to give him the most adorable figure. After three liposuction treatments he has the tiniest waist that most women would die for. And his bottom, now bigger than mine, as well. So I tend to keep him in the most darling, short tops, and the tightest little shorts.

When we go out I absolutely insist that he walks as he's been trained to. Elbows in, hands out, wrists limp. Taking dainty, little mincing steps, one foot precisely in front of the other. He hates walking like a sissy, people are so cruel laughing and making snide remarks.

They can't miss how he walks as the first thing I do when I buy him a new pair of sissy shoes is to take them to a shoe repair and have the loudest, steel toe and heel taps put on them. Sweetie Pie's adorable, new, white shoes I'm sure will draw lots of attention as I had double click taps put on them.

Sissy tries foolishly not to walk so sissyish so I make him walk in front of me, and occasionally have to switch the backs of his legs with the cane I always have to take with me when I take him out.

He actually seems relieved when people mistake him for a girl, until I make him correct them. It's an honest mistake, especially when they see sissy's bra strap peeking out.

BE SURE TO SEE ALL OUR SISSY OUTFITS AND ALL OUR STYLES OF SISSY SHOES IN OUR TRANSVESTITE CATALOGS. ALL MODELED BY REAL SISSIES AND SHE-MALES.

PIERCED PENIS SLAVE

Dear Forced Womanhood,

A few minutes ago I was standing in a pair of nine inch spike heels with straps across the toes and ankles - so high I was on my tiptoes in tight black mesh stockings stretched almost to my crotch by the snaps of a tight black garter belt. An old-fashioned black lace whalebone corset cinched my waist in till I could barely breathe and I was so dizzy from lack of breath, I thought I would faint. My tiny little breasts were crushed so tightly together by the corset until they stuck out in front like a fourteen year - old's and each had a ring through the tender, pink flesh of the nipple. Long black silk gloves covered my arms from fingertips to armpit, and my arms were bound behind me, wound in loop after loop of rope and fastened to a ring set high in the wall; so that I was suspended entirely by my shoulders and toes. My girlish, little pink cock poked daintily out of the froth of black lace panties, and my wife was pulling it out tightly by the foreskin. One of your stainless steel frenum FL6A chastity devices was fitted around the shaft, and then I screamed in agony as a pin was pierced through my foreskin, and used to bolt your device on. But the ball-gag in my mouth muffled the sounds. Now my tiny penis is entirely in my wife's control. My wife left the little pinheads on, and she says as long as I am good she might take it off some day. But if I am bad she plans to keep it on permanently.

MASTER LOVES HIS SHE-MALE SLAVE'S ASS

A quick note. Jeri I love your magazine, I met Robert who is now Bonnie in a bar. What's nice is we had both read your magazine. To make a long story short, I completely changed Robert into my she-male slave. We're both very happy with the arrangement. He's now my slave slut who stays home and does all the womanly things like cooking and cleaning. I'm an ass man and your vitamin hormones have helped change her butt into a nice round firm ass, which I love to fuck. She's now so nice and tight and round thanks to your magazines. And of course, the perfect mate.

TEMPORARY OR PERMANENT CHASTITIES

Our Frenum Chastities can be put on temporary or permanently. The scare or threat for slave is, "if you can't take it off, I'll put it on permanent and you'll never again be able to use your penis!"

The Barbells on each end of frenum Stud screw on and off. We suggested in our previous issues that to put it on permanent was to use a welder's liquid solder (found at any hardware store) or perma glue on the screw threads, then screw into studs while your slave is tied down and while the glue or solder dries.

Now Centurian has invented a new device for real sincere people who want their slave pierced and no way out. See further in this article, (Permanent break off screws.)

FL2 FRENUM

Many people have their slave wear this as a sign of being a slave. Also many women like the feel of the knobs going back and forth in their vagina. Includes Frenum barbell. Comes in 7/8," 1" or 1 1/8" in diameter. \$168.00

FL2C FRENUM

This is not necessarily a chastity because it is not long enough to prevent an erection. Actually many people have their slave wear this as a sign of being a slave. Also many women the feel of the knobs going back and forth in their vagina. This can easily be put on temporarily or permanent. Includes Frenum barbell. \$275.00

FL3C Frenum Chastity

This one is 1 1/2" long and is made as a chastity and prevents erection with heavy pain. It does not have the knobs like the others, but it has ring for attaching a leash. Comes in 1" or 1 1/8" in diameter. Includes Frenum barbell. \$385.00

FRENUM CHASTITIES

In Sterling Silver

FL4A Frenum Chastity

This one is 1" long. Solid cylinder tube. Comes with studs and ring for attaching leash. Includes Frenum barbell. Barbell size is 10 or 8 gauge. \$450.00

FL6J Frenum Chastity

This magnificent chastity has been our most popular model. many of the letters we get from Masters or Mistresses are using this chastity on their slaves and putting it on permanently. It's nearly 2 1/2" long with a solid cylinder. Comes with silver studs and "O" ring. Includes Frenum barbell. \$525.00

FL4E Frenum Chastity

This one 1" long. Solid cylinder tube. Comes with studs and ring for attaching leash or anything you can think of. Barbell size is 10 or 8 gauge. \$450.00 including barbell.

FL6A Frenum Chastity

This one is similar to FL4E but with a wider opening and 1/4" longer (2 3/8" long). Comes with silver studs and ring. Open at bottom. 1" or 1 1/8" in diameter. Includes Frenum barbell. \$525.00

FL10 Frenum Chastity

Brand New!

We have had a lot of people ask for a lock and key so dominants can unlock it or lock it whenever she wants. You can also use a barbell, or if you prefer you can use our permanent rivets. One problem-the lock itself has to be made out of gold at this time because the manufacturer says gold is the strongest. Padlock \$425. We suggest you try other locks at this horrible price.

The Phallic Fidelity Enforcer

Behold, the first fidelity-ensuring device for men! Lock your husband's or sweetheart's procreative equipment in this exclusive Centurian apparatus, ladies, and know with absolute certainty that he isn't, shall we say, "screwing around." And imagine the look on his face when you tell him (as a joke, we hope!) that you seem to have misplaced the key. What price would you pay for peace of mind? In this case, only \$325. And that includes instructions.

NEW PERMANENT BREAK OFF SCREWS

We just spent \$5,000 with a special machine shop to have these permanent screws made for us.

BUY AND USE THESE ONLY IF YOU REALLY, REALLY WANT YOUR SLAVE CHASTIZED FOR THE REST OF HIS LIFE. Or you might want to buy these as a threat to your slave that if he doesn't behave, you'll use them.

Our normal barbell studs come with the screw in balls at each end. These permanent screws replace these.

Note the very end to the screw it's designed to screw in, then EASILY break off evenly with the frenum chastity hole LEAVING NO WAY to unscrew it.

90% of the length of this is just an easy tool to screw in the permanent break off screw. The plastic handle is put on each throw-away screw to enable you to screw in the little tiny screw at the end. The middle long screw is then thrown away. You take the handle off and use it for the other side. We give you three screws (an extra one, in case you make a mistake) plus the handle for \$79.95 these can be used on all nine of our frenum chastities.

Shows permanent screw being screwd in ready to be broken off even with a frenum

How to feminize your body with natural herbs and vitamins that have natural female estrogen

YES!
these vitamins with
natural estrogen
REALLY WORK!!

In order for you to take synthetic estrogen (Premarin), you have to get a prescription from your doctor. This cannot only be difficult to do but embarrassing as well!

But did you know?

There are two herbs with natural estrogen in them that will give you the same effect as estrogen without all the side effects of possible cancer, loss of erection, etc. These two wonder herbs for crossdressers are black cohosh and blessed thistle. These two herbs will not only give you BREASTS, but softer more feminine skin and silkier hair. They will also feminize or round out your features.

If you didn't know it, TRANSFORMATION has already mastered this truly wonderful formula with its three unique vitamin hormone pills.

Glandulars are the secret! Glandular therapy utilizes raw concentrates of glandular and organ tissue. The theory is that like cells help like cells. In practical items, this means that raw ovarian concentrate, for instance, contains a variety of known and unknown intrinsic factors that support ovarian functions in the recipient. The "raw" glandulars are used in Feminant are dehydrated by a special process which insures they contain all of the enzymes and hormones that are present in the natural tissue. One of the key elements provides 300mg of raw ovarian concentrates to assist in the production of the essential hormones, FSH [follicle stimulating hormone] and LH (luteinizing hormone).

These hormones perform basic biochemical and physiological changes in the female body, including increasing breast size and softening of the skin.

Other changes include development of special glands in the fallopian tubes and uterus to promote ovum implantation, enlarging of the pelvic area, faster extension of bone growth, decrease in bone growth period and mild retention of protein and calcium.
