SEXY LINGERIE SHE-MALE SLAVE

Dear Forced Womanhood,

I am Susie, a soft and sweet she-male sissy. I am the property of Mistress Gabrielle. I am a very obedient she-male slave slut. A pretty little cock sucker who loves a big cock. My Mistress and I both love your Forced Womanhood mag. It's nice to see that I am not the only little she-male bitch out there.

**Pretty in Pink,
Susie**

Dear Forced Womanhood,

Per your request for photos enclosed is a photo of my she-male slave after two years of bondage, vitamin hormone treatment and a new breast implant. She must always wear sexy lingerie, stockings and a garter belt.

SISSY HUSBAND GETS FL6A FRENUM CHASTITY

Dear F/W Editors,

I had written you before on how I was turning my sissy husband into a she-male slave. Last week I received your FL6A Frenum Chastity, which as you can see by the photos I finally put on my slave. It really works. He can no longer get a hard-on with out a lot of pain - which then makes his penis go limp. He's very upset. He can't even masturbate. I'm in heaven. I no longer have to worry about him.

WIFE HAS DOMINANT FRIEND HELP TRANSFORM HER HUSBAND INTO A SHE-MALE SLAVE

Dearest Centurian,

We love your magazine *Forced Womanhood*. My girlfriend is a professional dominant. For the last year she has helped instruct me on how to subdue, enslave and turn my husband into a very submissive she-male slave. I am so thrilled with the outcome I had to write you. My biggest thrill was when Ben - now Bea was finished off last week after breast implants and we permanently chastised his penis.

Mistress Diana bound Bea up to watch as I had my first lover come in and make love to me. Poor Bea

was in shock. Bea realized that he - or should I say she - could no longer have sex with me, or anyone else for that matter.

I never came so much realizing my slave had to watch our entire full one hour love making. Afterwards Mistress Diana bound Bea's hands behind her and made Bea suck out all the cum from my vagina. The best of all humiliations. I came as Bea sucked it all out.
CENTURIANS I LOVE YOU!

COUPLE LOVES FORCED WOMANHOOD

Dear Jeri,

What's not to love of this great magazine? My girlfriend and I can't wait for each upcoming issue.

Here are a few photos she took of me as her house slut. We'd love to hear from others who enjoy this kind of lifestyle, forced womanhood, enslavement, submissive and dominatrix, etc...

We are both mid-30s and would also love to hear from any hot CDs, TV, or TS.

XO,

DOMINANT MAKES SHE-MALE PRACTICE

Dear Forced Womanhood,

Being a dominant, beautiful woman who believes in the superiority of women, I was drawn to Len because of his slim, girlish looks and meek manner. I took charge on our first date and have maintained control ever since.

We went to my isolated house where I said I liked to be naked at home but I wanted to tie him up, also naked, so he would not become too aroused—after all, this was our first date. He agreed and I was pleased to see he had hardly any hair on his almost feminine looking body. He even praised my rope work when I finished tying him stringently, from shoulders to feet, with a clothesline. I paraded about naked, lewdly fondling myself while he watched helplessly with an oozing erection. I sat next to him on the couch and played with both of us while we watched a television show, squeezing his balls whenever he came near to orgasm. Then I put on one of your CD videos, with a really gorgeous "victim", and studied his interested reaction, especially when I said I would love to act out the bondage and feminization with him. Len was so horny by then he would have agreed to anything. I kept him in that state until he was dressed in lingerie, heels, wig and make-up, and had eaten my pussy repeatedly, then I gave him a partial blow-job and finished by tying a rope around the sensitive spot on his cock and jiggling it until he came.

In no time I had Len trained. He would strip on entering my house, go to the bedroom where his feminine things were already laid out and dress himself. Often I would start him out with a dress or skirt and blouse then undress him a bit at a time over the evening to bra, panties, nylons and 5" stilettos. I would tie him up hand and foot while applying his makeup, taking at least thirty minutes to get it right. I would photograph him and we would make our own videos of his "forced" crossdressing, with me throwing his partly tied, lingerie clad body across my lap and spanking him with my palm and hairbrush. I tied him all over the house and out in the private back yard in intricate and quite strenuous positions, never loosening his tight knots until he promised to love my pussy for a long time. I got him used to a partial blow-job or hand-job, then he would finish himself off by having one end of a rope tied around his cock's sensitive area and the other end about his wrists (cock bent back between his thighs) or his gagged mouth, so he could bob his head and shoot off into his face.

Finally Len gave up his job and male life and moved in as my "female" slave. I bought him a complete wardrobe from your *Transformation and Transvestite* catalogs, along with various leather bondage gear and your creams and tablets. I took feminized Len with me to the many lectures I give to women's groups and he served as my bondage

ES MAN INTO TICE SLAVE

demonstration model; I even let the women practice their own ropes and knots on him and supervised their flogging him with velvet-covered whips. Len grew to love it all!

But Len didn't love his cock and sex drive dwindling while his breasts grew and his body became soft and feminine, helped also by the constant wearing of corsets and 5" to 6" heels. I quickly and mercilessly quashed his spirit. I knocked him out with my fists, stripped him to garter belt, nylons and 4" mules, then strung him up in a hogtie from a cellar beam and swung him by his cock and balls while flogging him with a rubber hose and a thin, limber whip that got into hard to reach places. I kept him down there three weeks, dildoing, walking on him, flogging him, particularly his balls and ass-crack, and tying him in very punishing positions. Len surrendered and was locked in your Phallic Fidelity Enforcer, then later in a FL4A Frenum chastity.

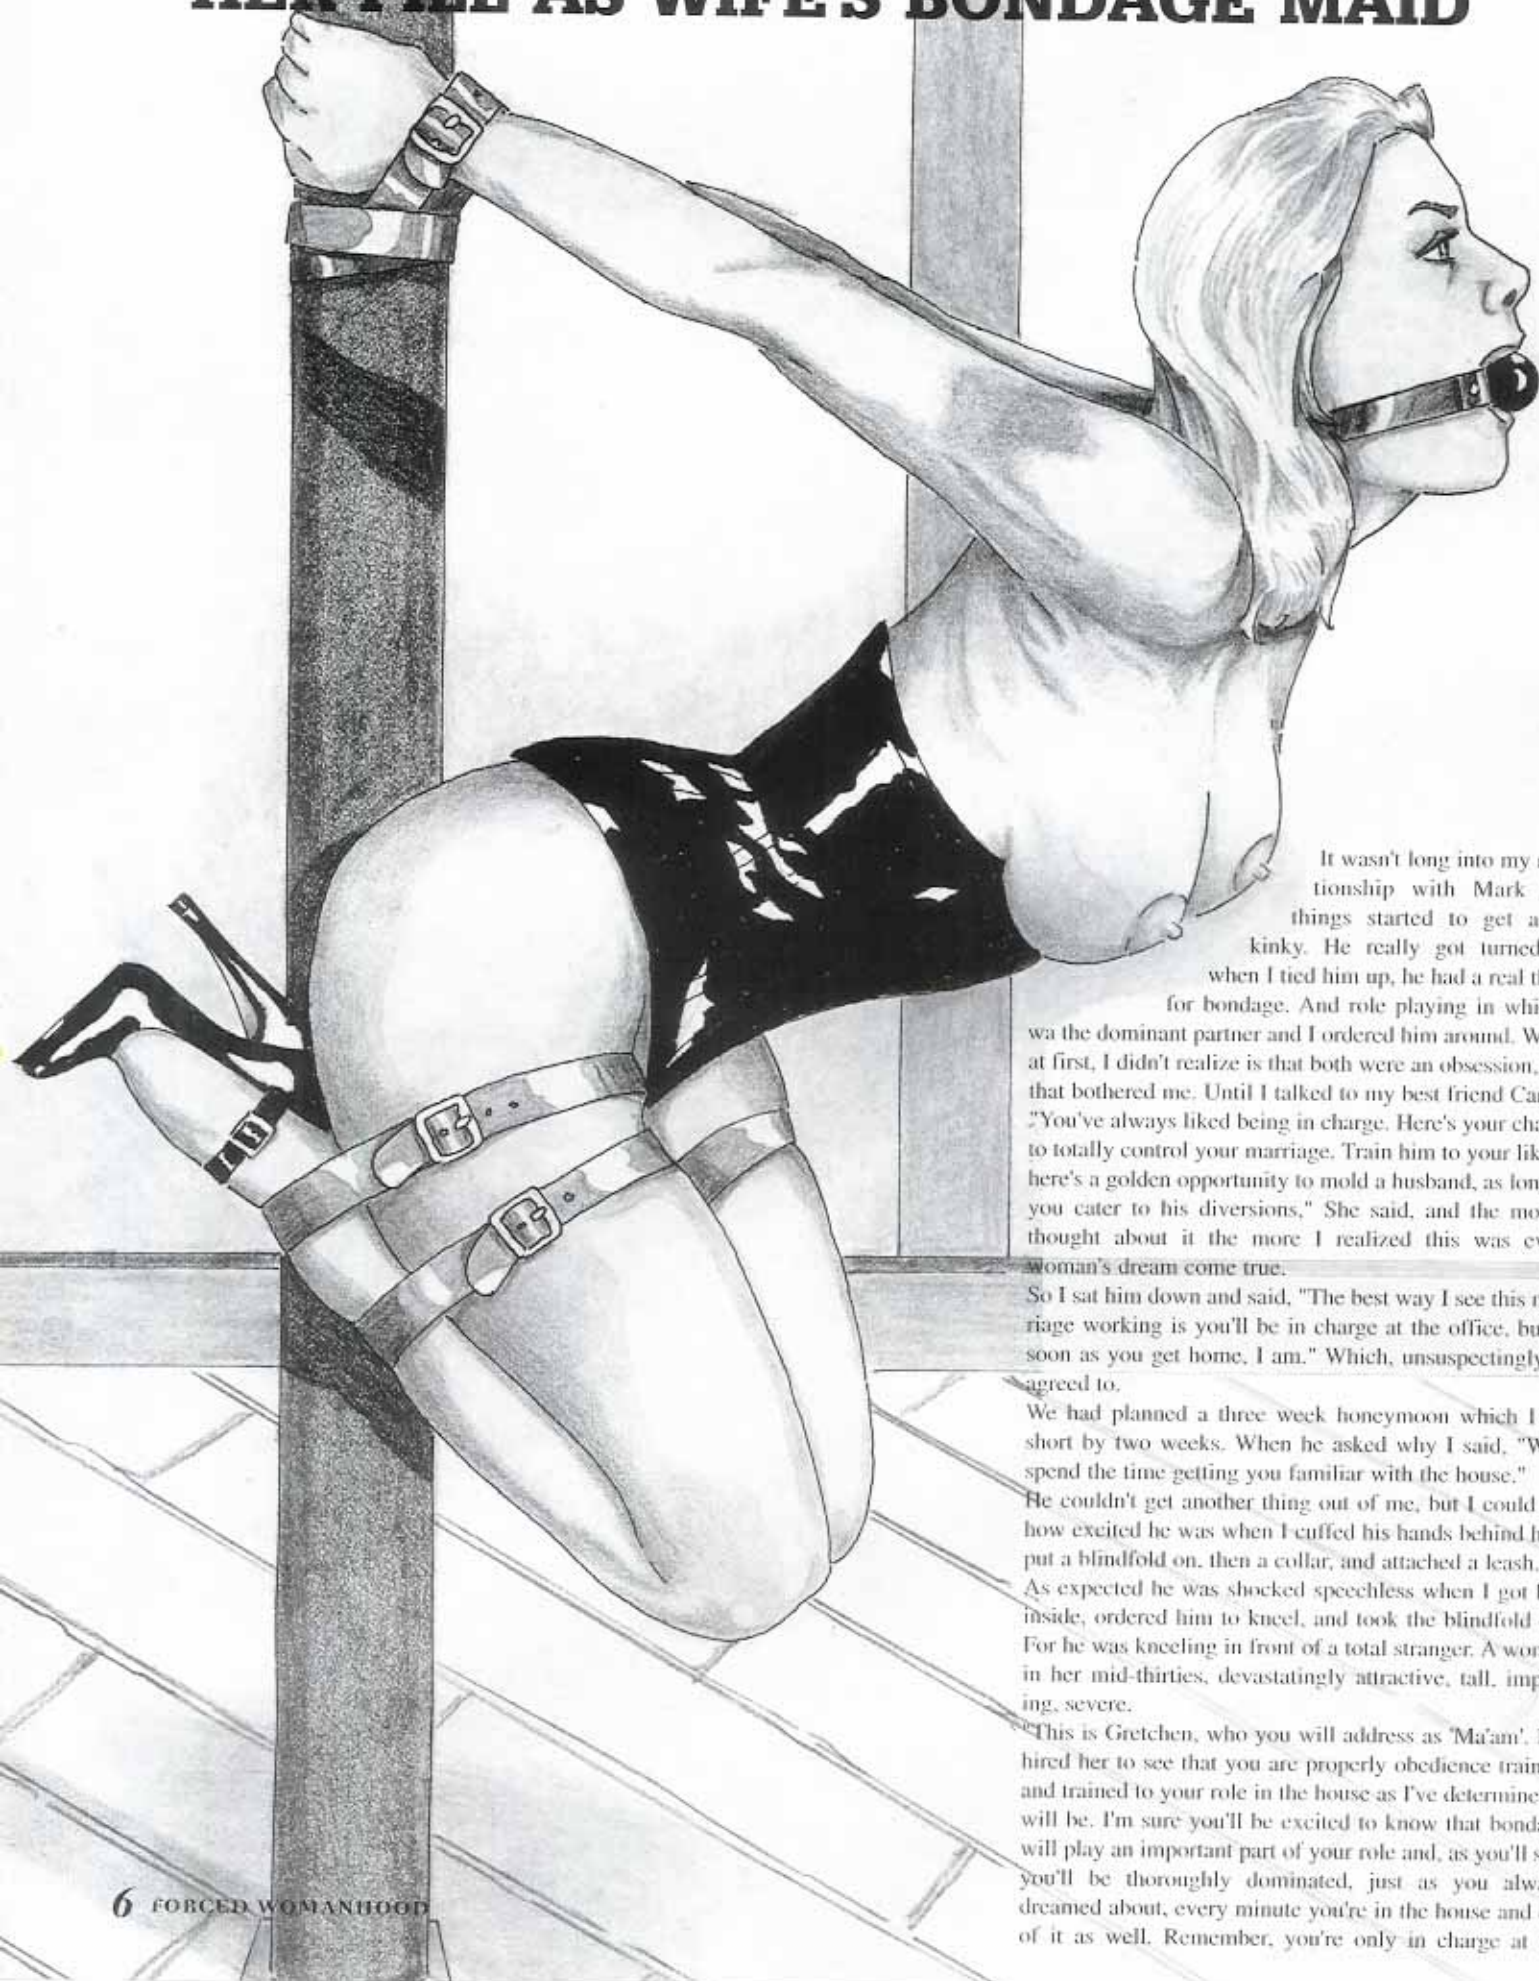

Before the "incident" I'd been giving Len female lessons, and he'd been a good pupil. I stepped them up, along with his usage of the creams and pills. Within a year his cock could only take a FL2 Frenum chastity, and I broke off its screws, denying him sex forever. I'd never used his cock, anyway. Soon his breasts were ready for large implants, then his transformation into a beautiful, sissy, shemale bondage slave was complete.

Appropriately named Liane (meaning "binding" in French-Latin), she is my model on all of my lectures. The women are intrigued by her tiny, metal-encased cock and how well she eats pussy. In public and private sessions I urge them to bind their husbands and have sex so Liane can see what she's missing—then she gives the bound man or men blow-jobs and (all still tied) is fucked in her ass and tit-tunnel. It's fun watching her and the bound men!

HUBBY WHO LOVES BONDAGE GETS HER FILL AS WIFE'S BONDAGE MAID

It wasn't long into my relationship with Mark that things started to get a bit kinky. He really got turned on when I tied him up, he had a real thing for bondage. And role playing in which I was the dominant partner and I ordered him around. What, at first, I didn't realize is that both were an obsession, and that bothered me. Until I talked to my best friend Carla. "You've always liked being in charge. Here's your chance to totally control your marriage. Train him to your liking, here's a golden opportunity to mold a husband, as long as you cater to his diversions," She said, and the more I thought about it the more I realized this was every woman's dream come true.

So I sat him down and said, "The best way I see this marriage working is you'll be in charge at the office, but as soon as you get home, I am." Which, unsuspectingly he agreed to.

We had planned a three week honeymoon which I cut short by two weeks. When he asked why I said, "We'll spend the time getting you familiar with the house."

He couldn't get another thing out of me, but I could see how excited he was when I cuffed his hands behind him, put a blindfold on, then a collar, and attached a leash.

As expected he was shocked speechless when I got him inside, ordered him to kneel, and took the blindfold off. For he was kneeling in front of a total stranger. A woman in her mid-thirties, devastatingly attractive, tall, imposing, severe.

"This is Gretchen, who you will address as 'Ma'am'. I've hired her to see that you are properly obedience trained, and trained to your role in the house as I've determined it will be. I'm sure you'll be excited to know that bondage will play an important part of your role and, as you'll see, you'll be thoroughly dominated, just as you always dreamed about, every minute you're in the house and out of it as well. Remember, you're only in charge at the

office. I think you can take him now and get him acquainted with the role he's to play."

"Hey, wait, what's going, yeeow," he hollered as Gretchen laid into him with the cane she was holding.

Yanking on his leash she ordered, follow me, no (whack, whack) eraw!!"

Well, that was mid-morning. I didn't see him again until dinner. He was walking this time, rather treacherously wobbling, still in his leash. However now he, or rather she, was really in shock.

For "she" was dressed, quite immodestly, in a sexy, black satin, french maid's uniform.

The low-cut neckline showed off her melon sized, glued on tits. The skirt barely covered her ass. The seamed, fishnet stockings showed off her surprisingly sexy, shaved legs. She wobbled because her feet were in impossibly high five inch spiked heels. On her head was a long, blonde wig, her makeup sexy bordering on tranny.

Her wrists were locked into heavy, polished, steel manacles connected by a short chain. In it's center another chain was attached that fastened to a steel collar. Another set of manacles severely hobbled her ankles.

Gretchen coaxed her along with a mean looking cane. However, it was not attached to her collar, but was fastened around her balls.

"E-Elaine, please what's going on? Why am I dressed like..." was she got out before Gretchen really let her have it.

"Get down, crawl over to your Mistress, and kiss her feet," she screamed at her.

She had no choice of course. When she finished I put my heel on her head to keep her down, while I laid down the law.

"Once in the house you Mimi, you are no longer my husband. You are what I've always wanted, my very own, very personal maid. Specifically your

title is Mistress Elaine's Bondage Maid. Your primary duties will be quite intimate. You'll be used to service my pussy on demand, tongue and lick my ass, massage my breasts, suck and lick my sweaty toes and feet. Gretchen will spend the next two weeks breaking you in. You'll spend hours each day licking, sucking, tonguing, and massaging until she's satisfied with your technique and stamina, then you'll be put into service," I dictated.

"In between you'll be trained to act and think like the perfect maid. Once you have your primary duties down she'll train you to perform whatever useful and menial tasks she thinks would make you more useful. Serving, shaving my legs and underarms, giving manicures and pedicures, washing, carefully drying and trimming my pussy."

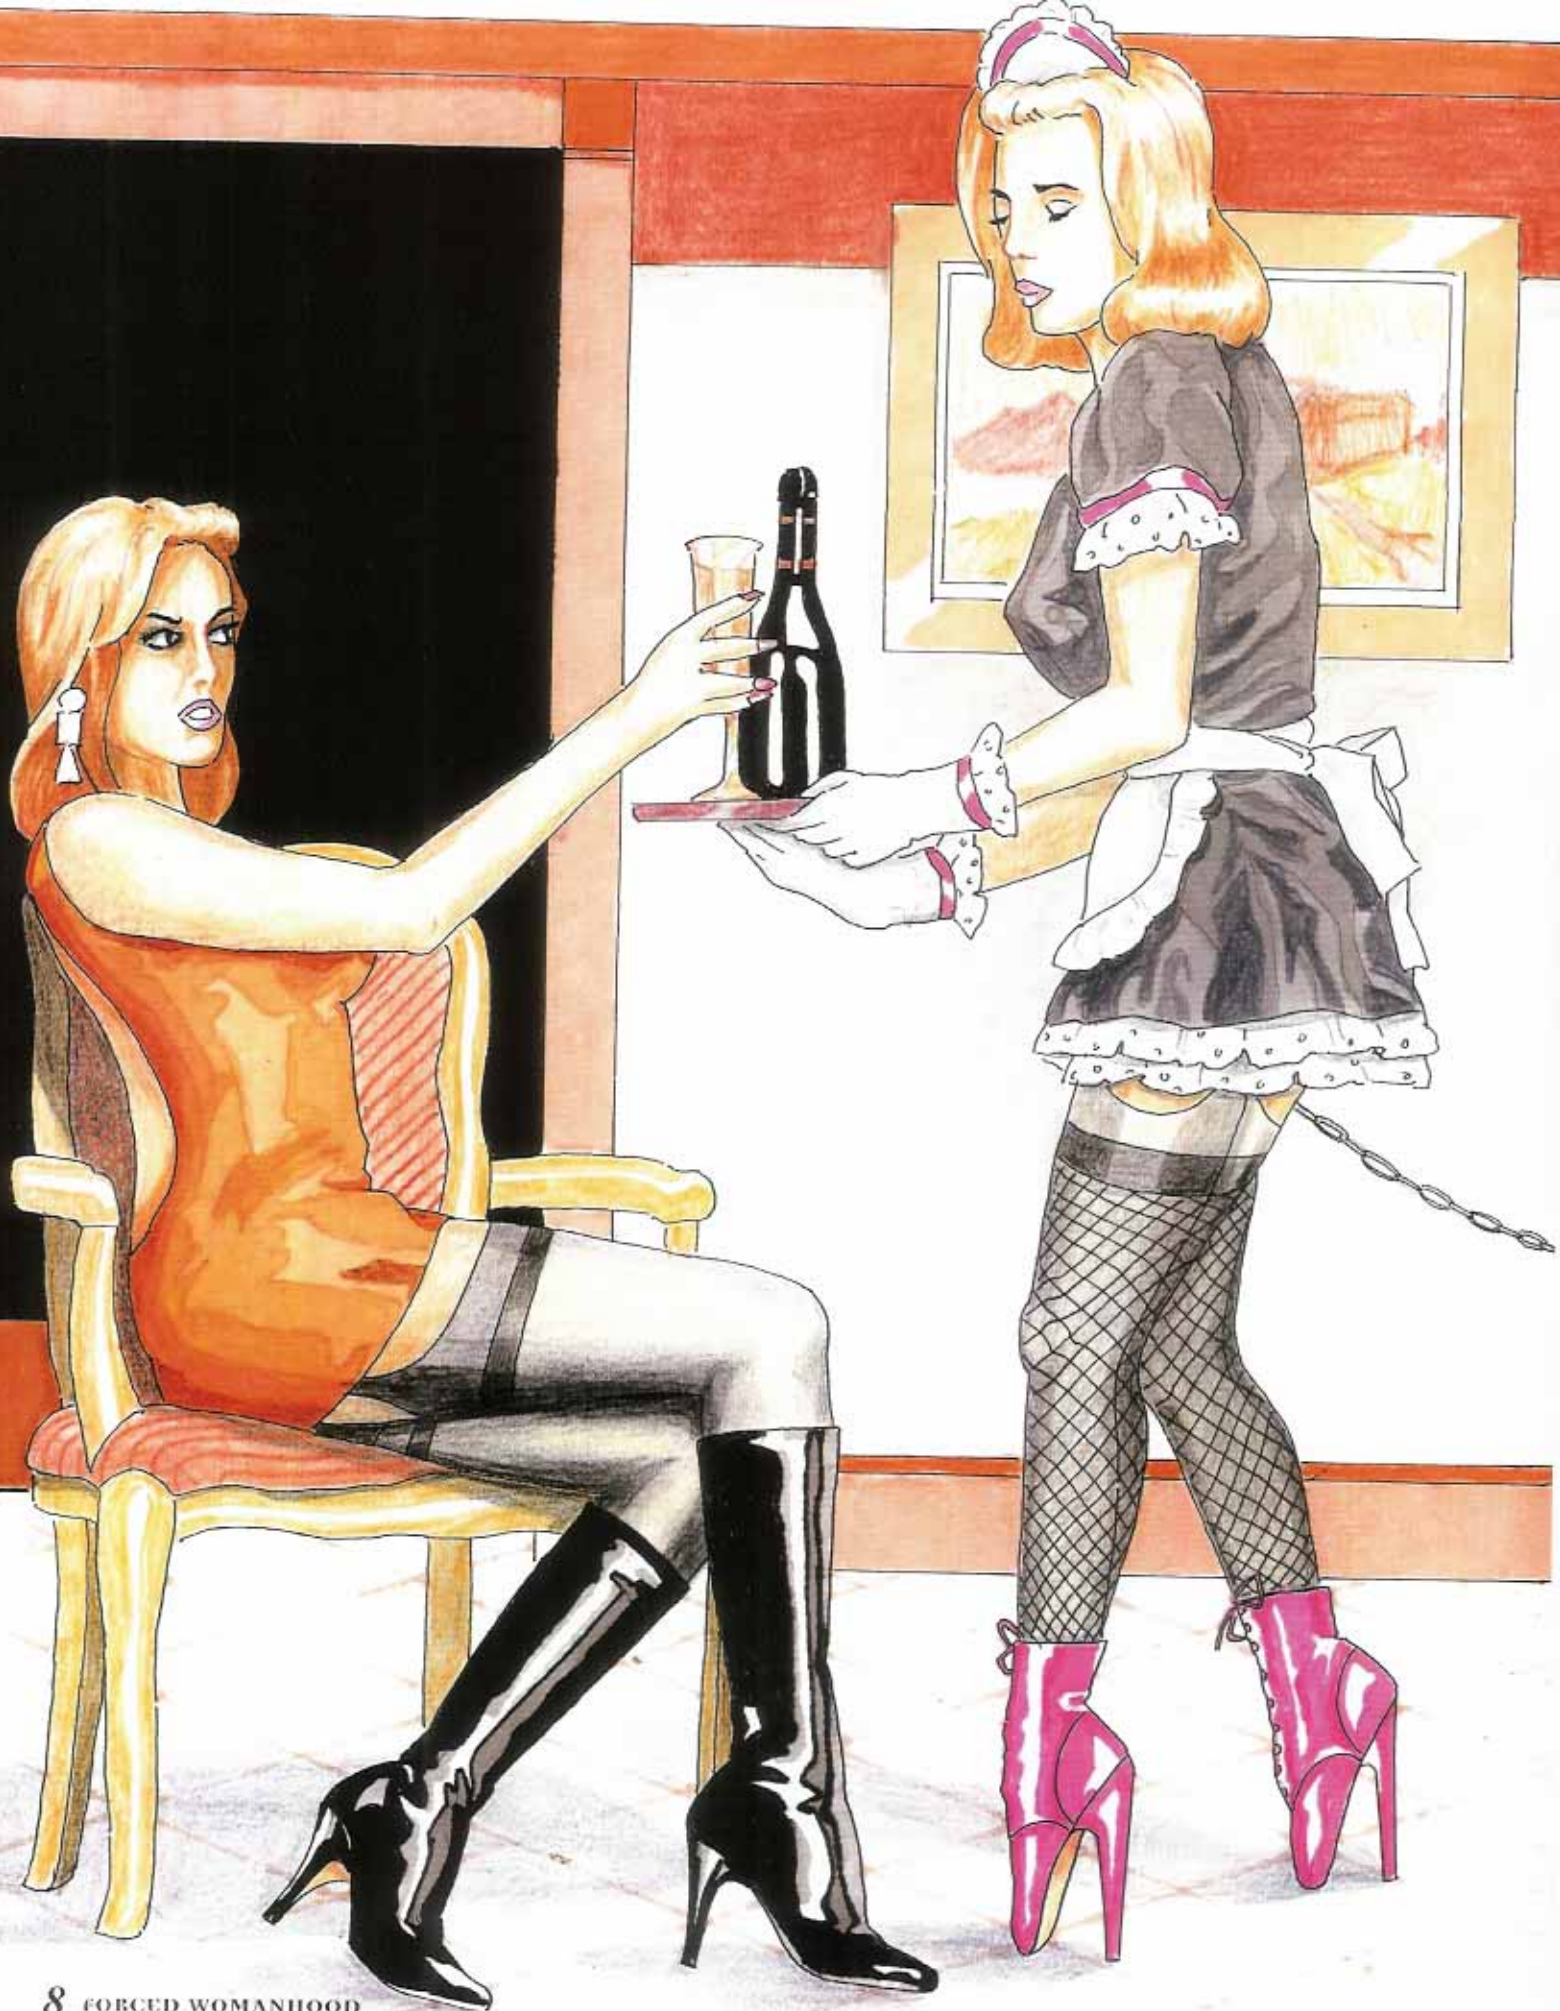

"You'll be kept restrained, chained, strapped and tied, corsetted as tightly possible, and in high heels that you can barely walk in. When you've been a good girl I've asked Gretchen to put in some form of bondage as a reward for a few hours. From her description of some I think you'll find them so exciting, although a bit stressful," I said, and turning to Gretchen asked if she'd carried out my one request.

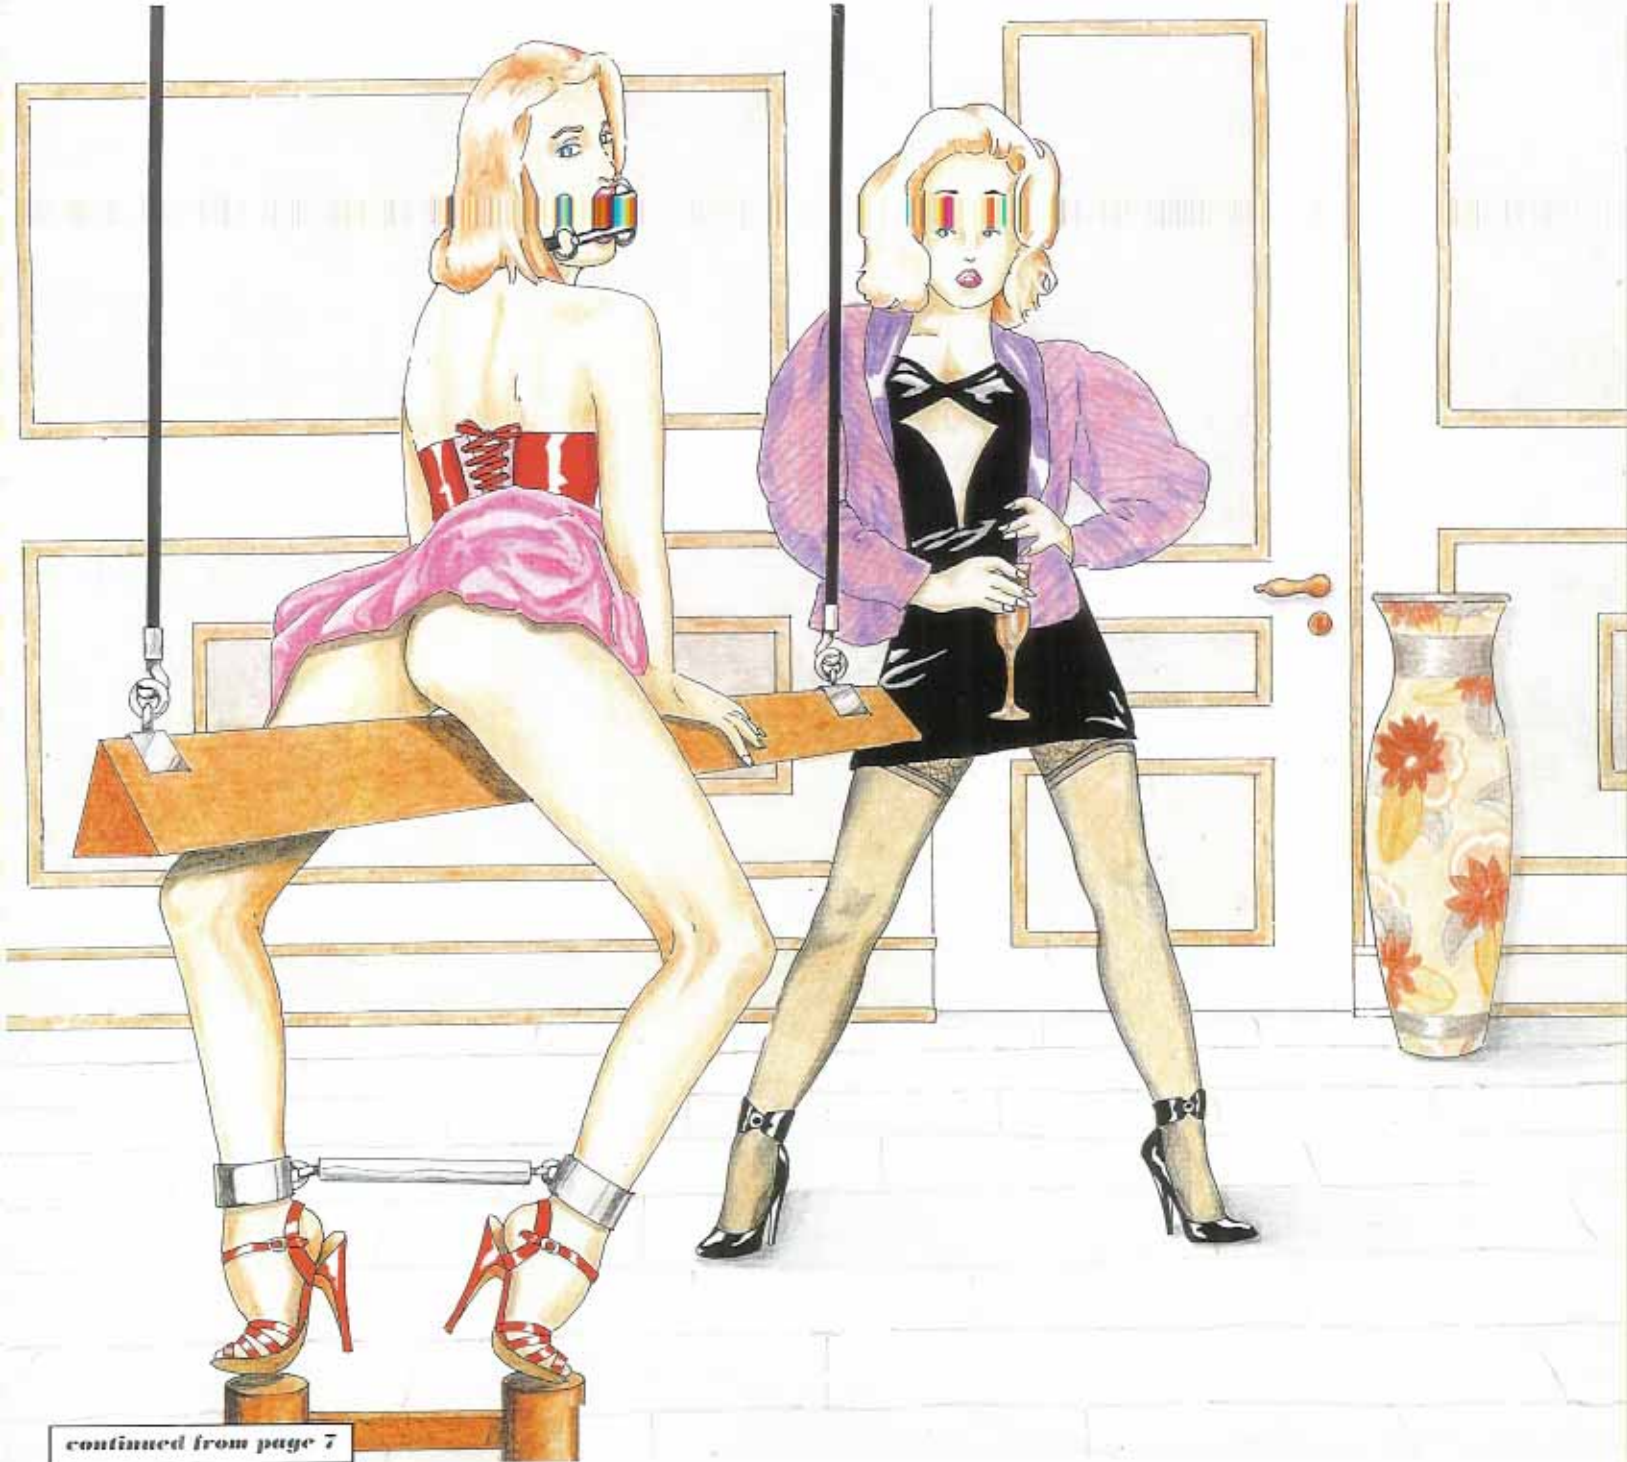

In reply she lifted Mimi's skirt.

"Ah yes, excellent. You see, my one request was that in my presence your pussy, dressed as you are we can't call it anything else, was always to be kept in the most excited, stiffened, state of arousal as possible," I explained, and, poor Mimi, it was.

continued on page 9

continued from page 7

After arousing her pussy almost to the state of no return, Gretchen had laced on a penis corset as tightly as she could, leaving only the quivering nob exposed.

"Once I get it laced on it will stay totally aroused for a good hour, at least, and virtually indefinitely if you 'freshen' her every so often," Gretchen stated.

"Like this?" I asked running the tips of my sharp nails over the head of her pussy.

"Oh g-god, I can't stand it," she begged.

"Poor thing, I can imagine how frustrating and tormenting it must feel. But, I do so want every minute you're in the house to be exciting."

"However, not to worry Mimi. At the end of each week Gretchen and I will review your performance, and if you've done well I'll play with your pussy until it has an orgasm, or if I'm too busy I'll have Gretchen do it. And once a month I'll tie you down and fuck you, exactly how I know you like

it," I informed her.

"Are you sure you actually want to fuck her. Ma'am? Most owners find it so distasteful. At most a good Christmas or anniversary fucking just to keep it functioning." Gretchen said trying her hardest not to giggle.

"Yes, I find the idea of lowering myself to fuck a maid just as distasteful. But I feel it's an obligation pertaining to our agreement. Once a month, I feel, more than meets it," I proclaimed.

"Now while I go out tonight, I'm feeling generous, be inventive and put Mimi in bondage for a couple of hours. When I'm dressed I'll come in and say 'good bye!'"

An hour later, drink in hand, I did so, and I had to admit Gretchen was certainly inventive.

"I call it the Balance Beam. As I'll always do I'll want her to be an actual participant, otherwise it wouldn't be exciting or challenging to her. As you can see the beam has a sharp edge, which natural-

ly she'll try as hard as she can not to sit on. Which she can do as long as she keeps her feet on the two circular stands, and if she tries as hard as she can not to move a muscle causing the beam to sway. As you see, her pussy is nicely excited, although, unfortunately, it will become painful if she loses her balance. I'm sure she'll find it very challenging for the next two hours," And I had to agree with her.

From then on each evening, after I was through using her, I had Gretchen put her in some form of bondage, if I was pleased with her. She had her favorites, as did I. And they were all, to say the least, quite challenging for Mimi.

One of Gretchen's favorite she called the Pole Slide. Making her climb up to the top of a ten foot ladder, leaning against a wooden, circular column

continued page 10

she strapped her to it, Arms high above her, legs doubled up, strapped together, then bound to the pole, and a nice gag in her mouth. All Mimi had to do was to wriggle, coax and/or pull on the straps, which had a bit of play in them, to inch them, and her, down the pole until her knees touched the floor. Gretchen lightly greased the pole, still depending on how exhausting a day she'd had, she could be at it a very long time.

My favorite Gretchen named the Four Way Suspension Pull. Laying her down, spread eagled, on the floor her wrists and ankles were put into comfortable straps. Which were connected by a spreader bar, stretching her arms out until they were taunt. Chains attached to the ankle straps spread her legs as far as possible, straining, but not painfully. Then after inserting a steel bit, which I favored over a ball gag, which could become achingly painful, the slack in the chains was taken up by pulling her up, equally so, at all four points. The fun part came when she was about two feet in the air. Taking out a ten pound weight with a chain attached and an open ring at the other end she closed it snugly, but not too tight, around what we called her pussy sack.

Poor Mimi, she always moaned, or gasped, I really couldn't tell which, when Gretchen hoisted her up just a bit, four inches to be precise. Naturally lifting the weight in the air as well. Which could quickly become, pardon the pun, a painful drag. However if Mimi strained in just the right way the weight would drop and rest on the ground.

Later she fiendishly added an embellishment when she thought Mimi was having too easy a time of it. So after getting her pussy as aroused as she could she attached it, behind the nob, to a chain descending from the middle of the bar. Much more of a challenge. It didn't take more than a couple of months for me to realize how dramatically our marriage had changed. Except at work it was harder and harder to remember Mark as the man I married. Not when I'd come home to be greeted by sexy Mimi. Who catered to my every need. Even dressed in a suit, to me, he was Mimi in disguise. I even called him Mimi at the office.

I wasn't sure quite what to do, thankfully Gretchen helped me decide. "With a house this big what you really need is a full time maid," she said.

"You might as well quit crying girl. You're much more valuable to me as a maid. I can easily run your business, and you'll be even more useful once you learn your new duties," I told her.

Well, it was the best decision I ever made. Now, when I get home Mimi greets me with my favorite drink, licks and massages my feet and then gives me my "welcome home" orgasm.

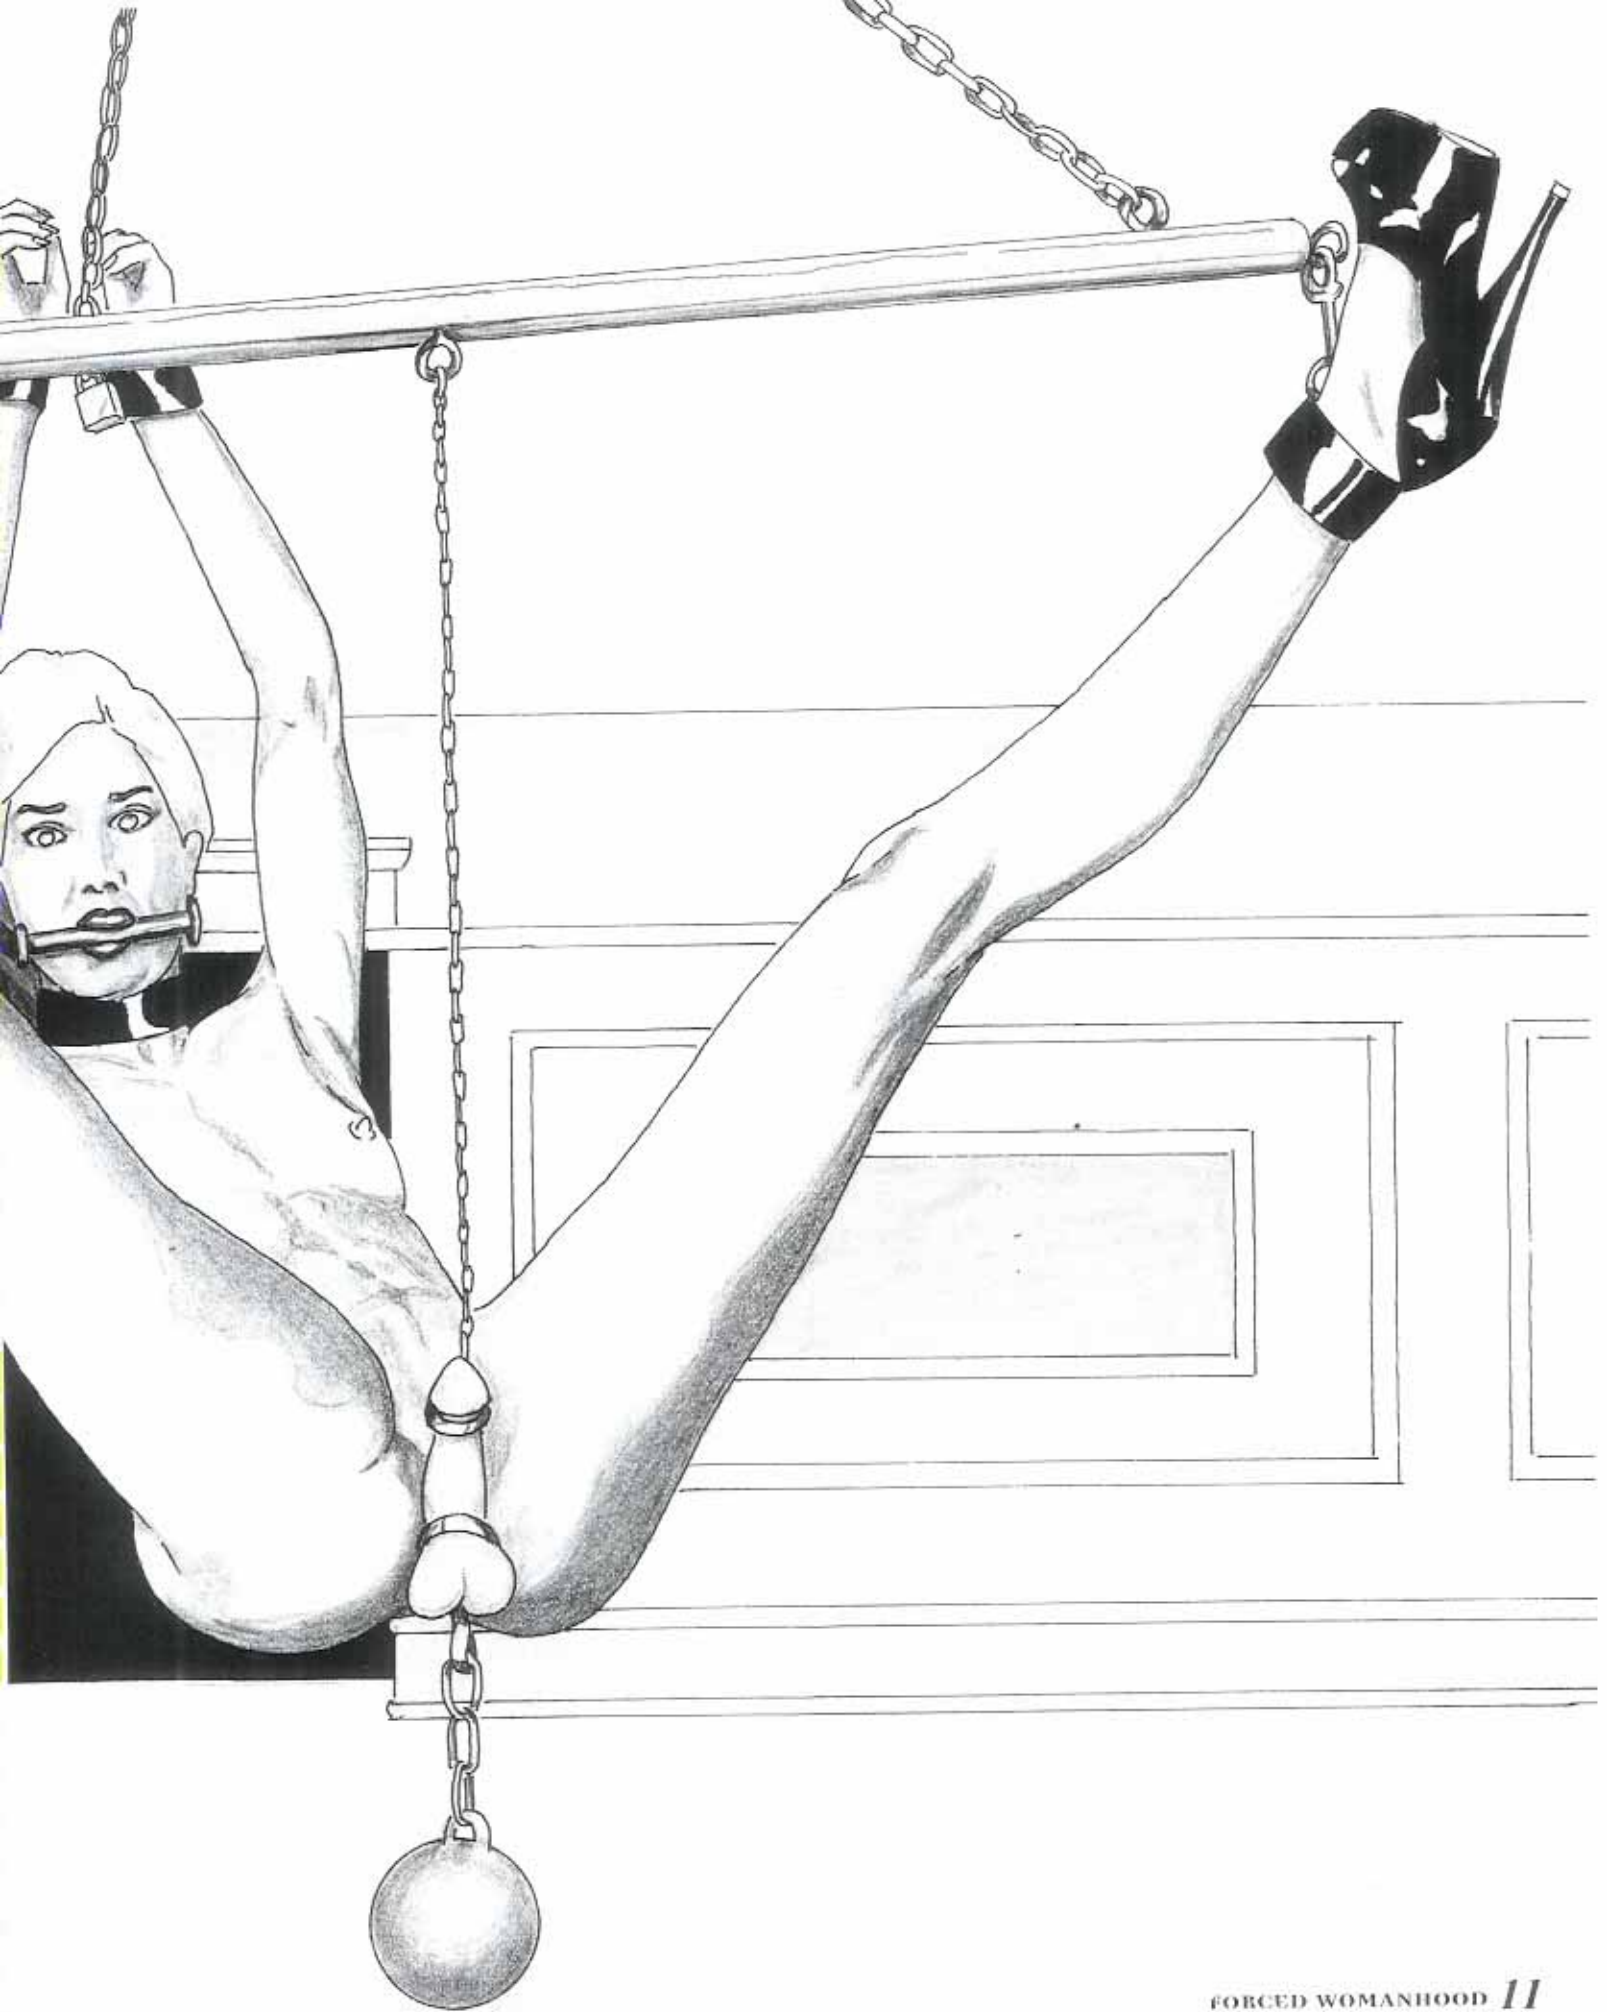

I really can't believe how much more attractive and sexy Mimi has become. With her position in the house now permanent it enabled us to enhance her looks dramatically. Of course her melon - sized tits are now real, as is her long blonde hair, and permanently made up face. Between several liposuction treatments and her corsets laced tighter and tighter she has the daintiest figure and biggest ass. Her legs, now that all muscle tone is gone, are quite sexy, and to enhance them I have Gretchen put her in higher and higher heels.

When Gretchen suggested the ultimate in high heels, ballet shoes, Mimi begged and pleaded so when she saw the ballet boots that were to be put on her hapless feet.

There was no need to keep Mimi manacled, and they were hampering her getting her chores done. Gretchen's solution was to replace her leash with a long chain. Attaching it to her pussy sack she then welded it on.

Her fantasies certainly have come true, sort of. And After all I kept my end of our bargain.

LADY LOVES THE WAY HER ONCE VERY DOMINATING MAN, NOW HAS BECOME VERY DOCILE SINCE HIS TRANSFORMATION INTO A WOMAN

Dear Forced Womanhood,

I could not agree more with "A Woman who knows" whose letter was in issue 32. I once believed the idea of dominating a male was unnatural and somewhat repulsive, especially with my boyfriend at the time, who wanted sex when and how he wanted it without regard for me, he was the boss, he was egomaniacal, controlling and used me in every way, for sex of course, but also to cook, clean, run his errands and wait on him hand and foot. I had seen a couple of TV shows on the subject of female domination of men

and I found the subject somewhat intriguing, but was skeptical and began to do some research on the nights when my boyfriend, Ryan was out with his friends, which was getting to be quite often. It was during this research I discovered Forced Womanhood and have been a reader ever since. Two years ago I decided I had to do something and rather than lose him, I just had to try, and see if all I had been reading about were

LADY TURNS EX HUSBAND INTO SHE-MALE COCK SUCKER

Dear Forced Womanhood,

My ex-husband, Mark, and I are divorced and it all started when Mark was cheating on one by getting my two best friends pregnant at the same time.

Then I made Mark sign a slave contract to be my beautiful gorgeous female slave and now I started the process by giving my ex-husband female hormone pills and shots and I put him in a green bra and garter belt and a pair of panties and stockings with ten inch heels.

And then I welded a chastity device on her little penis. The next day told Mark you will have permanent makeup put on and in two days you will have breast implants done to a size 40DD and tomorrow we are going to see the judge to have your name changed from Mark to Maureen. I am also going to see about having your ass tattooed with "slave" and two roses.

And now for the ultimate humiliation for Maureen! She is going to give my live - in lover her first blow job. I won't forget to have him fuck her up the ass either.

My live - in lover told Maureen he is going to fuck her five times a day for cheating on me. And now Maureen dropped from 230 to 118 pounds and for more humiliation we took Maureen to the beach and chained her to rock so my male friends could could the hell out of her.

I told Maureen this will teach you a lesson by getting both of my friends pregnant at the same time.

Four days later Maureen and I went to see the judge to have legal papers for mark to be the natural real mother to the two babies.

And Maureen will learn how to be a real mother to her kids. Please publish this letter in Forced Womanhood.

Mistress Judy

true. I am very happy to say the answer was yes and he is now my slave Roxanne.

I began wearing very sexy lingerie greeting him at the door in it or sometimes nothing at all and initiating sex. He began staying home nights and weekends and became addicted to the new me. It was so much fun watching him beg for sex and for me, and my masculine boyfriend revealed a previously hidden submissive side to me and began to exploit it.

It began with me wanting to be on top during sex looking down on him as he craved my body and all I could do for him. I got him to slip on a pair of my panties and rubbed his cock through them while I whispered into his ear and got him to climax without intercourse for the first time.

From that day on he had to put on panties before I would become amorous. It aroused him incredibly and I began adding a bra and pantihose to our love sessions. A year and a half ago I came home early and found Ryan in our bedroom in my panties, pantihose, and bra along with one of my slips.

I told him that he would be feminized and would wear the clothes he seemed to love as often as possible, weekends and nights and was to shave his legs body and underarms and would always wear

panties and pantihose or stockings under his work clothes. I had him have his paycheck direct deposited into an account in my name and would give him a very small allowance and required receipts to account for every penny.

I ordered the FL9 Frenum chastity and installed it on his penis preventing my slave from having sex unless I decide to remove it, and then only to allow him to masturbate for me.

I also threw out most of his clothes! I began ordering new clothes and your Feminique, Estroglan and Triple Mammary pills which have worked wonders both physically and emotionally. I even found the slave contract you had printed in an earlier issue and checked off the appropriate items and had him sign it. I myself began seeing a dominant woman who has helped teach me the art of dominating a male and she took the slave contract to her lawyer and has it on file should there be any legal problems later.

Now I bring home all the money and Roxanne takes care of the house and I get to relax after work all the time. Roxanne has become a very attractive woman, and hears all the crude harassing remarks men make when they see her. I know she hates it, but it is another valuable lesson learned and it makes me smile to think those men are harassing one of their own and don't have a clue.

I like to keep Roxanne dressed very sexily, smooth

shaved, perfumed, makeup perfect and alluring high heels, nylons and frilly dresses. It is a constant reminder of the self consciousness and vulnerability we as women and girls have felt all our lives.

Roxanne magnificently pleases me daily, dutifully licking my pussy and inserting her tongue inside me burying her face between my legs for as long as I desire, with not one thought of her own pleasure. Her penis has become much smaller and is now incapable of pleasuring me, even if I desired it, which I do not!!!

Roxanne now gets to meet others like her as I bring her along when I go to my Mistress for lessons. When not called upon to serve us, the slaves are locked in a room where they can read women's magazines or magazines like yours or are permitted to listen to audio tapes or watch videos on the superiority of the female gender and the subjugation of males.

Men should be dominated and controlled for the betterment of the world, look at what is going on in the world today, men are responsible for it all. Dominance and discipline are the keys and the sooner you begin the sooner you too will have a feminized slave to care for you and your needs and your life will be much better than you could ever have imagined.

MAN THOUGHT SUCKING COCK WAS A GIRL THING UNTIL HE GOT CHANGED INTO WOMAN

I was driving down to Las Vegas a few months ago when I decided to stop in at a brothel that was out in the desert. It was a small place, just a couple of big travel trailers grouped around a main house and bar.

The bar was dimly lit and a whole lot cooler than the scorching heat outside. There were six girls that I could see, although they referred to another out in the trailer. Working was what they said, and asked me if I wanted my cock sucked.

Sure I wanted my cock sucked and the girls asked me if I liked cocksucking. They teased me and told me that if I wanted my cock sucked I would have to speak out loud and tell each of them that, "I liked cocksucking!" When I did they all laughed and told me that I will really like it better tomorrow if I stayed over night.

I told them how I had the next three weeks off and had no specific plans and I would like to stay awhile. That statement made them all smile and I slowly sipped a beer as the girls pulled down my pants and sucked like the professionals they were. Every few minutes the girls made me tell them how much I liked cocksucking and after a few hours of beer drinking and licking, I hardly realized that the girls had me telling them how much I liked to suck cock. Over and over they asked me if I was sure that I liked to suck cock and if I knew cocksucking was a girl thing.

I told them that sucking cock was a girl thing and then they reminded me how I told them I liked to suck cock and before I knew it they had me naked

and putting on a bra and panties, makeup and a wig. We were all having a wild time and then I looked in the mirror and the sexy, slutty woman in the reflection was me. They asked me if that woman in the mirror liked cocksucking and I said, "YES."

The girls took my glasses and explained that I would be able to find a cock without them just fine and besides, girls did not wear glasses. They took away all my clothes and drove my car away and hid it. I was pretty drunk and did not realize that I was sitting in the middle of a bar in the middle of the Nevada desert telling people that I liked cocksucking.

Later, I was surrounded by several of the girls out in the travel trailer, when a young man came in. The girls laughed and I laughed with them as they explained that he wanted his cock sucked and since I was the new girl, it was my turn.

Before I could protest, my arms were pulled behind me and bound. Two girls held my nylon encased legs and pulled my feet, that were strapped into high heels, back behind me too. I was on my knees held by four prostitutes as the man forced his cock between my red shiny lips. The girls kept chanting over and over, "You like sucking cock!" His throbbing meat slid in and out and the girls took pictures and then a blast of hot, sticky cum shot into my mouth. "Swallow it, they all screamed!" and I did.

The girls laughed and told me that I would be untied later if I behaved myself. That, they explained, would be for me to give 6 more blow jobs that night and that I was to show pleasure each

time my mouth was filled with cum.

That night as the girls watched, I allowed my mouth to be used by horny men and each time I was instructed to tell them that I liked sucking cock. Especially their big ones.

In the morning I found myself hobbled by a chain that was locked around each of my ankles. The 5 inch high heels were also locked on. My car and cloths were gone. I was informed that the girls liked having me around and if I were a good girl then the next -three weeks of my vacation would go well. I sat down and cried. My mascara ran and I was a mess.

The girls all comforted me and gave me a large purple vitamin pill and juice and told me that I had better pull myself together because I would have my first customer very soon. They fixed my makeup and hair and had already shaved my body while I slept. Long red nails on each hand matched my lipstick.

"Be good Lisa,!" they said. "Be a good girl and remember, that you like cocksucking!"

A little while later I walked slowly to the trailer in my high heels, all dolled up and perfumed and sucked my first cock of the day. That was three weeks ago and now I have to decide to go or stay.

I have sucked almost two hundred cocks and it has become second nature for me to get up in the morning, make myself pretty, take my vitamins and pleasure men. Lots of pictures have been taken and some published. I will always be Lisa the cocksucker from now on no matter what, so I guess that I stay.

FORCED WOMANHOOD'S A SISSY GETS CHASTISED AND ENSLAVED FOR LIFE

ENSLAVEMENT CEREMONY

The day had finally arrived. The night before, The Supreme Goddess, Mistress Aves, with the assistance of Her associate Mistress Valentina, had drawn my blood to fill the fountain pen. The slave contract had been signed and all that was left was to perform the ceremony, where i would pledge my loyalty to my Owner, 'til death doeth part'.

With Orren as our witness, i knelt before my Goddess and the High Priestess and my new destiny began. The High Priestess began: "Do you, Mistress Aves, take this pathetic, lowly worm has your lawfully owned property? To have and to hold, to use and abuse, to spit and piss upon, until you grow tired of it?"

Mistress Aves coyly replied: "I do."

Priestess continued: "And do you slave sissy, surrender your body, mind, and soul to this

Supreme Goddess? Do you vow to serve and obey, to worship and adore, so long as She deems you worthy?

Without a nanosecond of hesitation, i replied: "Yes Mistress. Thank You Mistress."

The High Priestess then presented The Ring, along with a set of nipple clamps, i placed The Ring on Mistress's finger. It fit almost perfectly, which She found very amusing. She laughed out loud at the realization that the size of Her finger was almost the size of my pathetic little pecker. The High Priestess continued. "Repeat after me. With this ring I thee enslave." Mistress Aves looked down on me and recited with a stern tone of authority "With this ring, I thee enslave. You are now My property and you will do whatever I command, whenever and wherever I want! Do you understand, worm?"

By now, it was as reflexive as a hammer to the knee "Yes Mistress, Thank You Mistress".

At this point, My Goddess placed the Frenum Chastity Device on my little wee wee. She then took a needle and pierced the head. The pain was excruciating and i screamed like a banshee. Mistress then inserted the barbell and screwed on the ends using the permanent, thread locking glue. To distract me from my pain, She then applied the nipple clamps to the tips of my budding breasts.

The High Priestess continued; "sissy, you are now completely enslaved. Your pathetic little excuse for a pee pee is locked away. You may no longer experience pleasure for yourself, but will only derive pleasure from serving others. Do you accept this as your fate.....for-ever?" Again, without hesitation, i replied: "Yes Mistress, i do, Thank You Mistress."

At this point, although my pee pee was still throbbing with pain, a warm glow of contentment washed over me. i felt as if a huge

continued on page 19

continued from page 16

weight had been lifted off my shoulders. Many slaves have to be brutally forced into sissification and servitude, but i seemed to take to it naturally, after very little training. Something deep within my psyche always knew that i was meant to serve and obey. Mistress Aves was quickly able to show me that Females are naturally Superior, Real Men are useful in sexually satisfying the Goddesses, but meek, little submissives, such as myself have no chance of ever becoming Real Men. The best place for us is to serve out our lives as sissified, obedient, servants, making life easier for our Superiors.

The High Priestess signaled for me to rise and continued: "Then by the power invested in me, I hereby pronounce You Owner and property." Looking at Mistress Aves: "You may discipline your chattel."

Mistress Aves replied sarcastically "Thank you Mistress." She then administered two stern slaps across my face; first a forehand, then a backhand. It was like no face slap i had ever received. Instead of dread, fear, and pain, the sequence was more like pride, sharp sting, and relaxed contentment. It was natural for me to be slapped. Taking pain gave my Mistress pleasure and giving Her pleasure is my destiny - it is the natural order of things and it felt ohhhhhh so good.

The Priestess woke me from my dazed state of happiness with the words "Sissy, you may worship your owner."

continued on page 20

Without thinking, the words rolled off my tongue: "Thank You Mistress". i quickly sank into an even deeper state of happiness has i dropped down to the floor and softly and carefully kissed and licked Her shiny boots. i could have gone on for hours, but again the Priestess interrupted my state of ecstasy with the following words: "That's enough slave. Now turn around. Ladies and gentleman, I present to you Supreme Goddess, Mistress Aves and Her slave, sissy."

i smiled in anticipation of the future. Soon would follow breast implants, pierced nipples and permanent tattooed eyeliner and lip liner. Mistress smiled and said She had a surprise for me to 'consummate' our relationship. She left the room while i stayed on my knees in a submissive position. When She returned, She was nearly naked except for a harness and a huge strap-on dildo. The length and thickness of this protruding phallus could make a horse jealous! She smiled and told me to bend over. Oh my god, what had i gotten my self into?

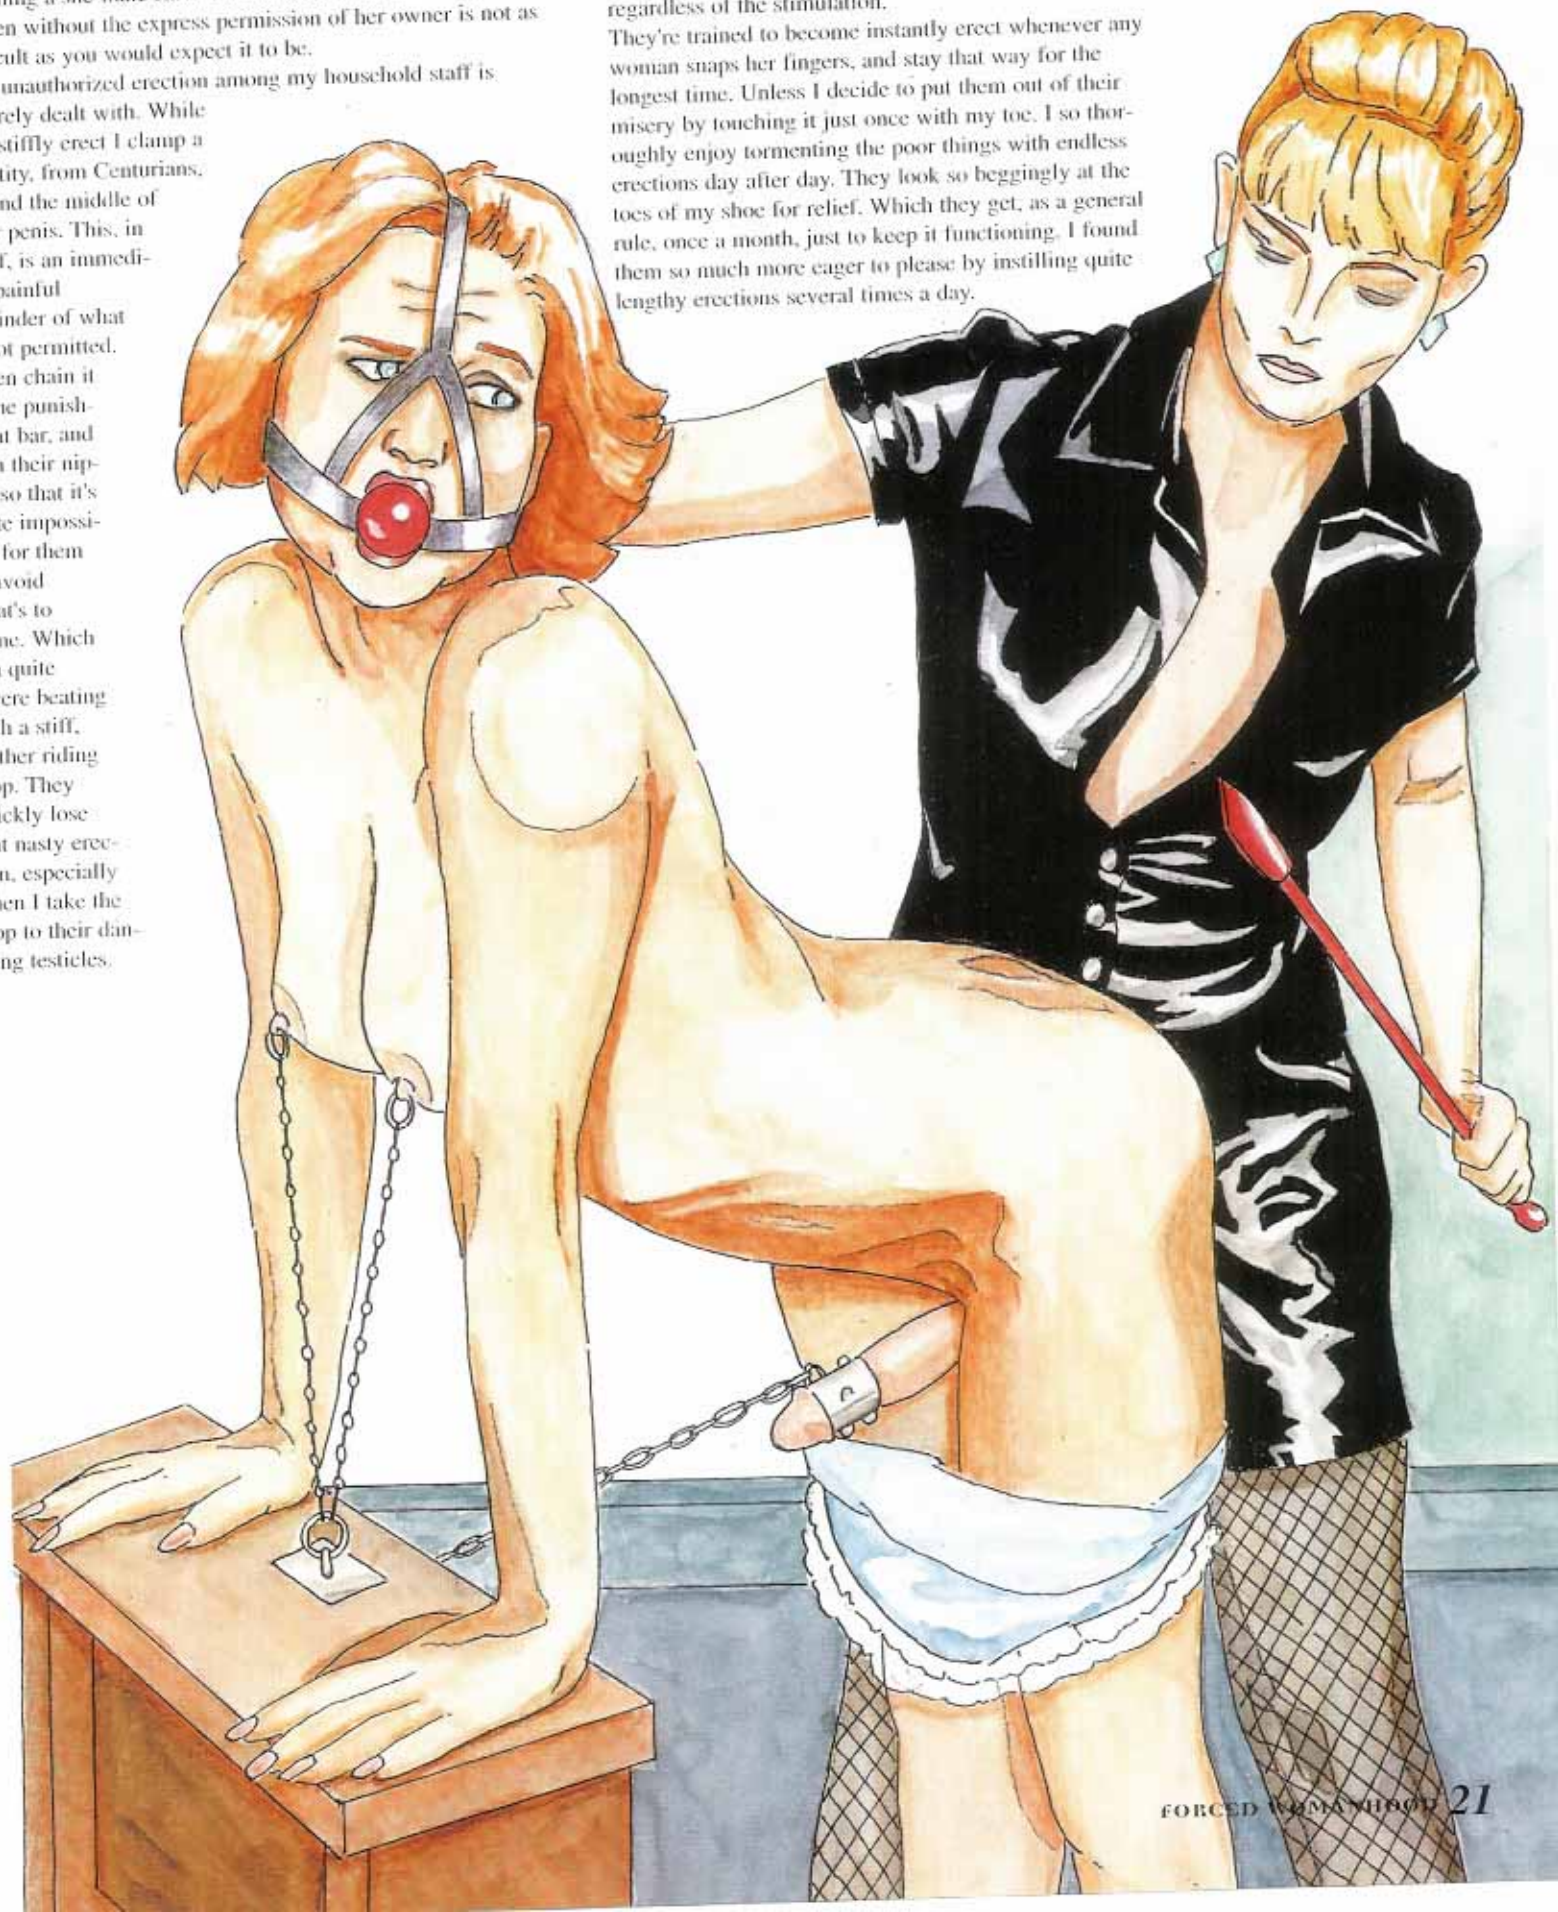

SHE-MALE PUNISHED AND ENSLAVED

Dear Jeri,
Teaching a she-male slave that an erection is absolutely forbidden without the express permission of her owner is not as difficult as you would expect it to be.

Any unauthorized erection among my household staff is severely dealt with. While still stiffly erect I clamp a chastity, from Centurians, around the middle of their penis. This, in itself, is an immediate painful reminder of what is not permitted. I then chain it to the punishment bar, and then their nipple so that it's quite impossible for them to avoid what's to come. Which is a quite severe beating with a stiff, leather riding crop. They quickly lose that nasty erection, especially when I take the crop to their dangling testicles.

All it really takes are three or four such reminders to keep their dicks hanging uselessly between their legs regardless of the stimulation. They're trained to become instantly erect whenever any woman snaps her fingers, and stay that way for the longest time. Unless I decide to put them out of their misery by touching it just once with my toe. I so thoroughly enjoy tormenting the poor things with endless erections day after day. They look so beggingly at the toes of my shoe for relief. Which they get, as a general rule, once a month, just to keep it functioning. I found them so much more eager to please by instilling quite lengthy erections several times a day.

PREJUDICED WHITE MEN ARE TURNED INTO SHE-MALE SLUTS

Dear Forced Womanhood,

I am writing to update you on Heather and Meghan, the two white supremacist young vandals I wrote about in my first letter which, I thank you for printing in Forced Womanhood issue 30.

I am pleased to tell you that Master Luther got to follow through on his plans to have Heather earn all the money for her operation. He had her spend what little free time she had in therapy, a requirement for a sex change. Heather is so obedient she spent hours on her knees and on her back, pleasing primarily black men and handing over every cent to Master Luther for payment of her psychological and finally surgical treatment.

Heather went into the hospital in early February and had what was what was left of her cock and balls removed and now has a very pretty vagina, a pussy which works very well and had been getting plenty of use, after most of her dilation and post surgical treatments were through. I forgot to mention that last October, Heather had implants put in, to augment what the hormones had done for her breast development.

As Kevin, Heather weighed in at 185 when she was captured. Through her treatments, strict dieting, exercise and continued sexual intercourse she is down to 115 or so, her once 36 inch waist is down to 26 inches and Master Luther made sure that Heather would always attract attention, with her breasts now 38 c. Master Luther says she is viewed by all his friends and acquaintances as a white blonde bimbo, a white trash slut, Quiet a departure from her past, which continues to attract black men who love to make someone like heather pay for what she did to me and the hate and bigotry she showed in her young life.

In my last letter I told you that Master Luther was hoping for a spring wedding. On June 9th, Master Luther and Heather were married, legally binding her to him and taking his last name. I of course, some of my slaves and Heather's former partner in hate crime, Michael, now Meghan were there. Meghan and Heather were the only two white people at the wedding. Meghan was a bridesmaid and looked very sweet in her gown. I know Heather would have loved to select her own maid of honor, but Master Luther forbid her and selected another black dominatrix to be her maid of honor.

The service was held at an inner city black church and reception held at Master Luther's home. Heather had to make most of the food and decorate for her reception. Guests were very impressed with the servings and the decor. Heather has learned so much with Master Luther and has become very domesticated. She will make Master Luther a wonderful housewife.

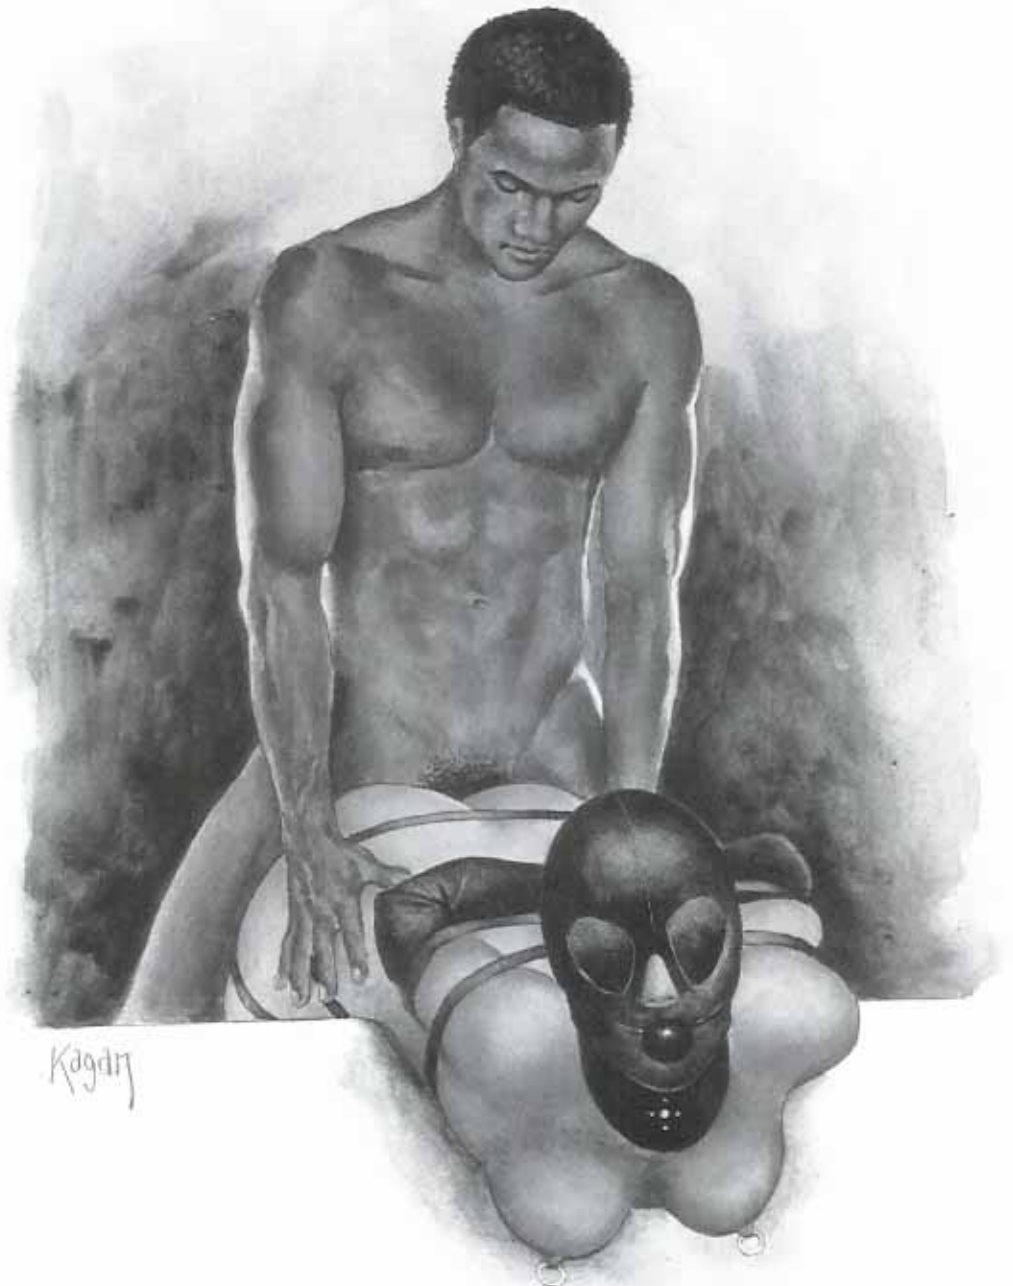

At the reception Master Luther's best man made a toast to the new interracial couple and to black power. Neither Heather nor Meghan hesitated in raising their toast the race they once sought to humiliate and discriminate against.

The most exciting and satisfying thing to me was to see Heather standing at the altar in her white wedding gown, watching and waiting and even smiling as Master Luther came down the aisle, then standing before the minister and holding hands reading the vows Master Luther wrote, including a pledge of obedience to her husband. I felt such a rush as the rings were exchanged and the couple were pronounced man and wife. As they

kissed before the congregation I flashed back to the day Kevin was captured, screaming those racial and sexual epithets as my slaves dragged him off. Now Heather, with a voice much softer and gentler is a woman with a black husband and Master and is not capable of any decision making or independent thought.

Later at a post reception gathering of Master Luther's special friends, Heather and Meghan slipped out of their wedding clothes and into their french maid uniforms to serve drinks and and snacks. I talked with both of them at length and even I found it hard to believe who these girls had been just a few short years ago.

WHITE SHE-MALE SLUT SERVING HER BLACK MASTER

Heather even thanked me for what I had done to change her life. She said she has learned so much about african americans and women and said Kevin whose name she even hates to say now was ignorant and intolerant and deserved all the pain he went through until the changes were complete. Heather says she loves Master Luther very much and though he is very demanding, she is pleased to tend to his needs and pleasures.

Appropriately Master Luther and Heather went on their honeymoon to Africa, which Heather's ample feminine sexual talents helped pay for.

Meghan is well along in her training and service to her Master James. He is very much a breast man and Meghan just had her implant surgery in April and is also a 38, but she is a 38 D. In her maids outfit there was plenty of cleavage showing, especially when she bent to pick up a glass ashtray. Master James has Meghan working for one of his friends escort services. Her clientele is exclusively black and they are willing to pay a high price to ravage this one time racist. Master James advertises Meghan's services in several publications and frequently keeps her in a hotel too, paying for the room and seeing several clients a day easily. Meghan will also have sex reassignment surgery. Master James believes it will be coming up in October. He says Meghan has done very well in therapy and has been cleared for her sex change.

I also have some good news about others in the same white supremacist group Heather and Meghan once belonged to. Both girls gave us the names of four others who were involved. Happily this past spring I along with another black Mistress, Mistress Chanique, were able to capture each one of them, luring them to our homes under the guise of a membership meeting for the KKK. I

took possession of Matthew and Eric. Both were stripped, whipped, caged and subjected to nipple cock and ball torture with constant electric shock on their tender and precious parts. I reduced, both to simpering and whimpering babies who begged to have the torture end. Mistress Chanique did the same with Patrick and Nathan.

Our lawyers drew up contracts, slave contracts, giving us free reign over each of them to do as we saw fit. In the fine print were details of what would happen to them, they were to be feminized and trained into our service. Without realizing it at the time, because they were so confused, disoriented and fatigued, they signed a contract allowing us to alter their bodies though the use of hormones, surgery and other various means. The contract also provided for legal name changes and their status as property of me and Mistress Chanique.

My slaves Matthew and Eric became Monique and Erika. Mistress Chanique named her new slaves Patricia and Natalie. All have of course been completely shaved, their once short hair, common among racist white young men is now growing out, but it will be awhile before they can be without their wigs. They have been on hormones for months and they are beginning to show those beautiful changes, their skin is becoming softer and they are beginning to get more fleshy around the breasts and their nipples are becoming tingly and sensitive.

Each day they spend hours practicing their makeup technique, their walking, sitting, talking and mannerisms. Any lapse into any male habits or attitudes brings severe punishment. This has kept all four from straying from their feminine destiny. Naturally the hormones have an increasing suppressive effect on their maleness, especially in combination with the testosterone blockers they are on.

All four are being prepared for their careers as call girls for black men. For now, they sexually please me and Mistress Chanique with their mouths, tongues and lips. Just a few months ago they were uncontrollable white bigots, now here they are eating black pussy, it turns me and Mistress Chanique on in more ways than one.

Unlike Heather and Meghan, these slaves are serving and entertaining us in a very exciting way. Mistress Chanique, who not only specializes in feminization, also specializes in the training of cock suckers. We began by having Monique suck Erika's cock and Patricia sucking Natalie's cock.

Now all have sucked each others cocks and have fucked each others pussies. A couple of months ago at a gathering of Mistresses they entertained us... Monique sucked Erika's cock and fucked Natalie's pussy, while Patricia sucked Natalie's cock and fucked Monique's pussy. All the Mistresses applauded as one by one their mouths and pussies were filled with cum and the moans and even screeches could be heard. When all was quiet, the slaves were ordered to change partners and use their mouths to clean each others cocks and pussies and lap up any excess on the floor.

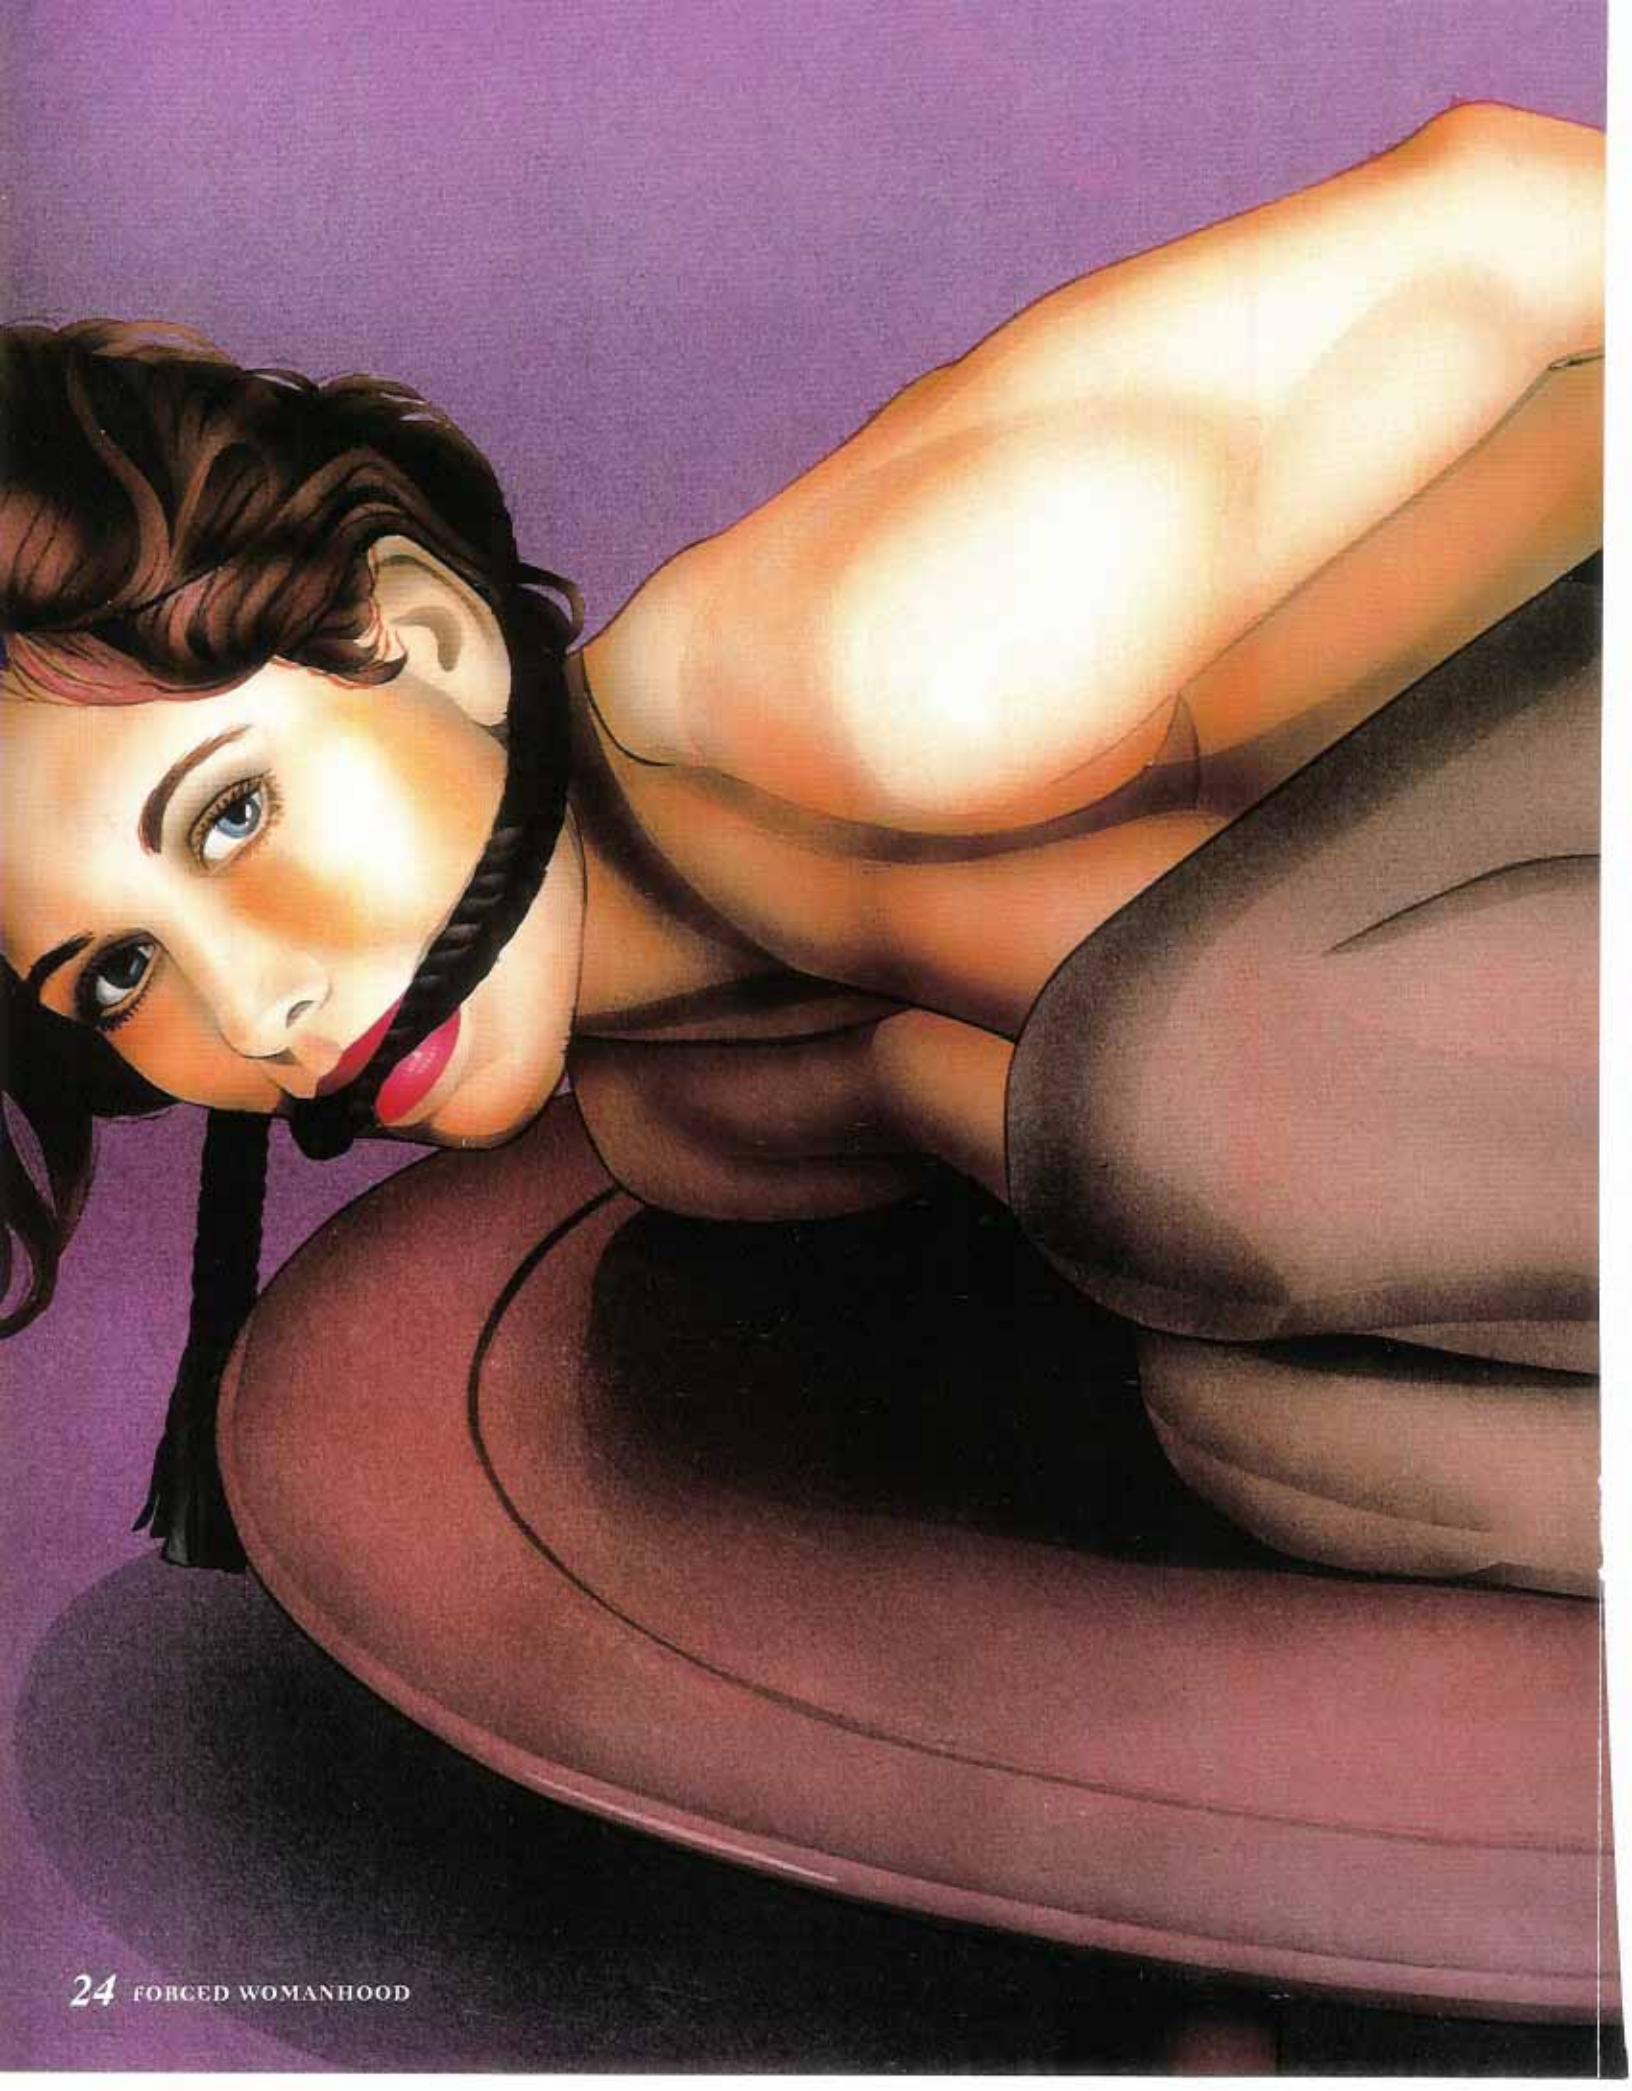

Now we look forward to this each time we meet, but know as time goes on and the hormones and testosterone blockers do their work it will be more difficult, and eventually impossible for them to have erections and have sex as they always have as boys and young men.

We will also speed the proceeds with these slaves by sending them to therapy as soon as they begin taking clients and earning money. All will eventually undergo surgery and while they may remain in our service it is always very possible that they will be sold to other Mistresses or Masters to serve and please them in all ways, just as Heather and Meghan do now.

We all enjoy Forced Womanhood very much and appreciate all the help and encouragement you have given to all who want a feminized and obedient slave.

Mistress Shula

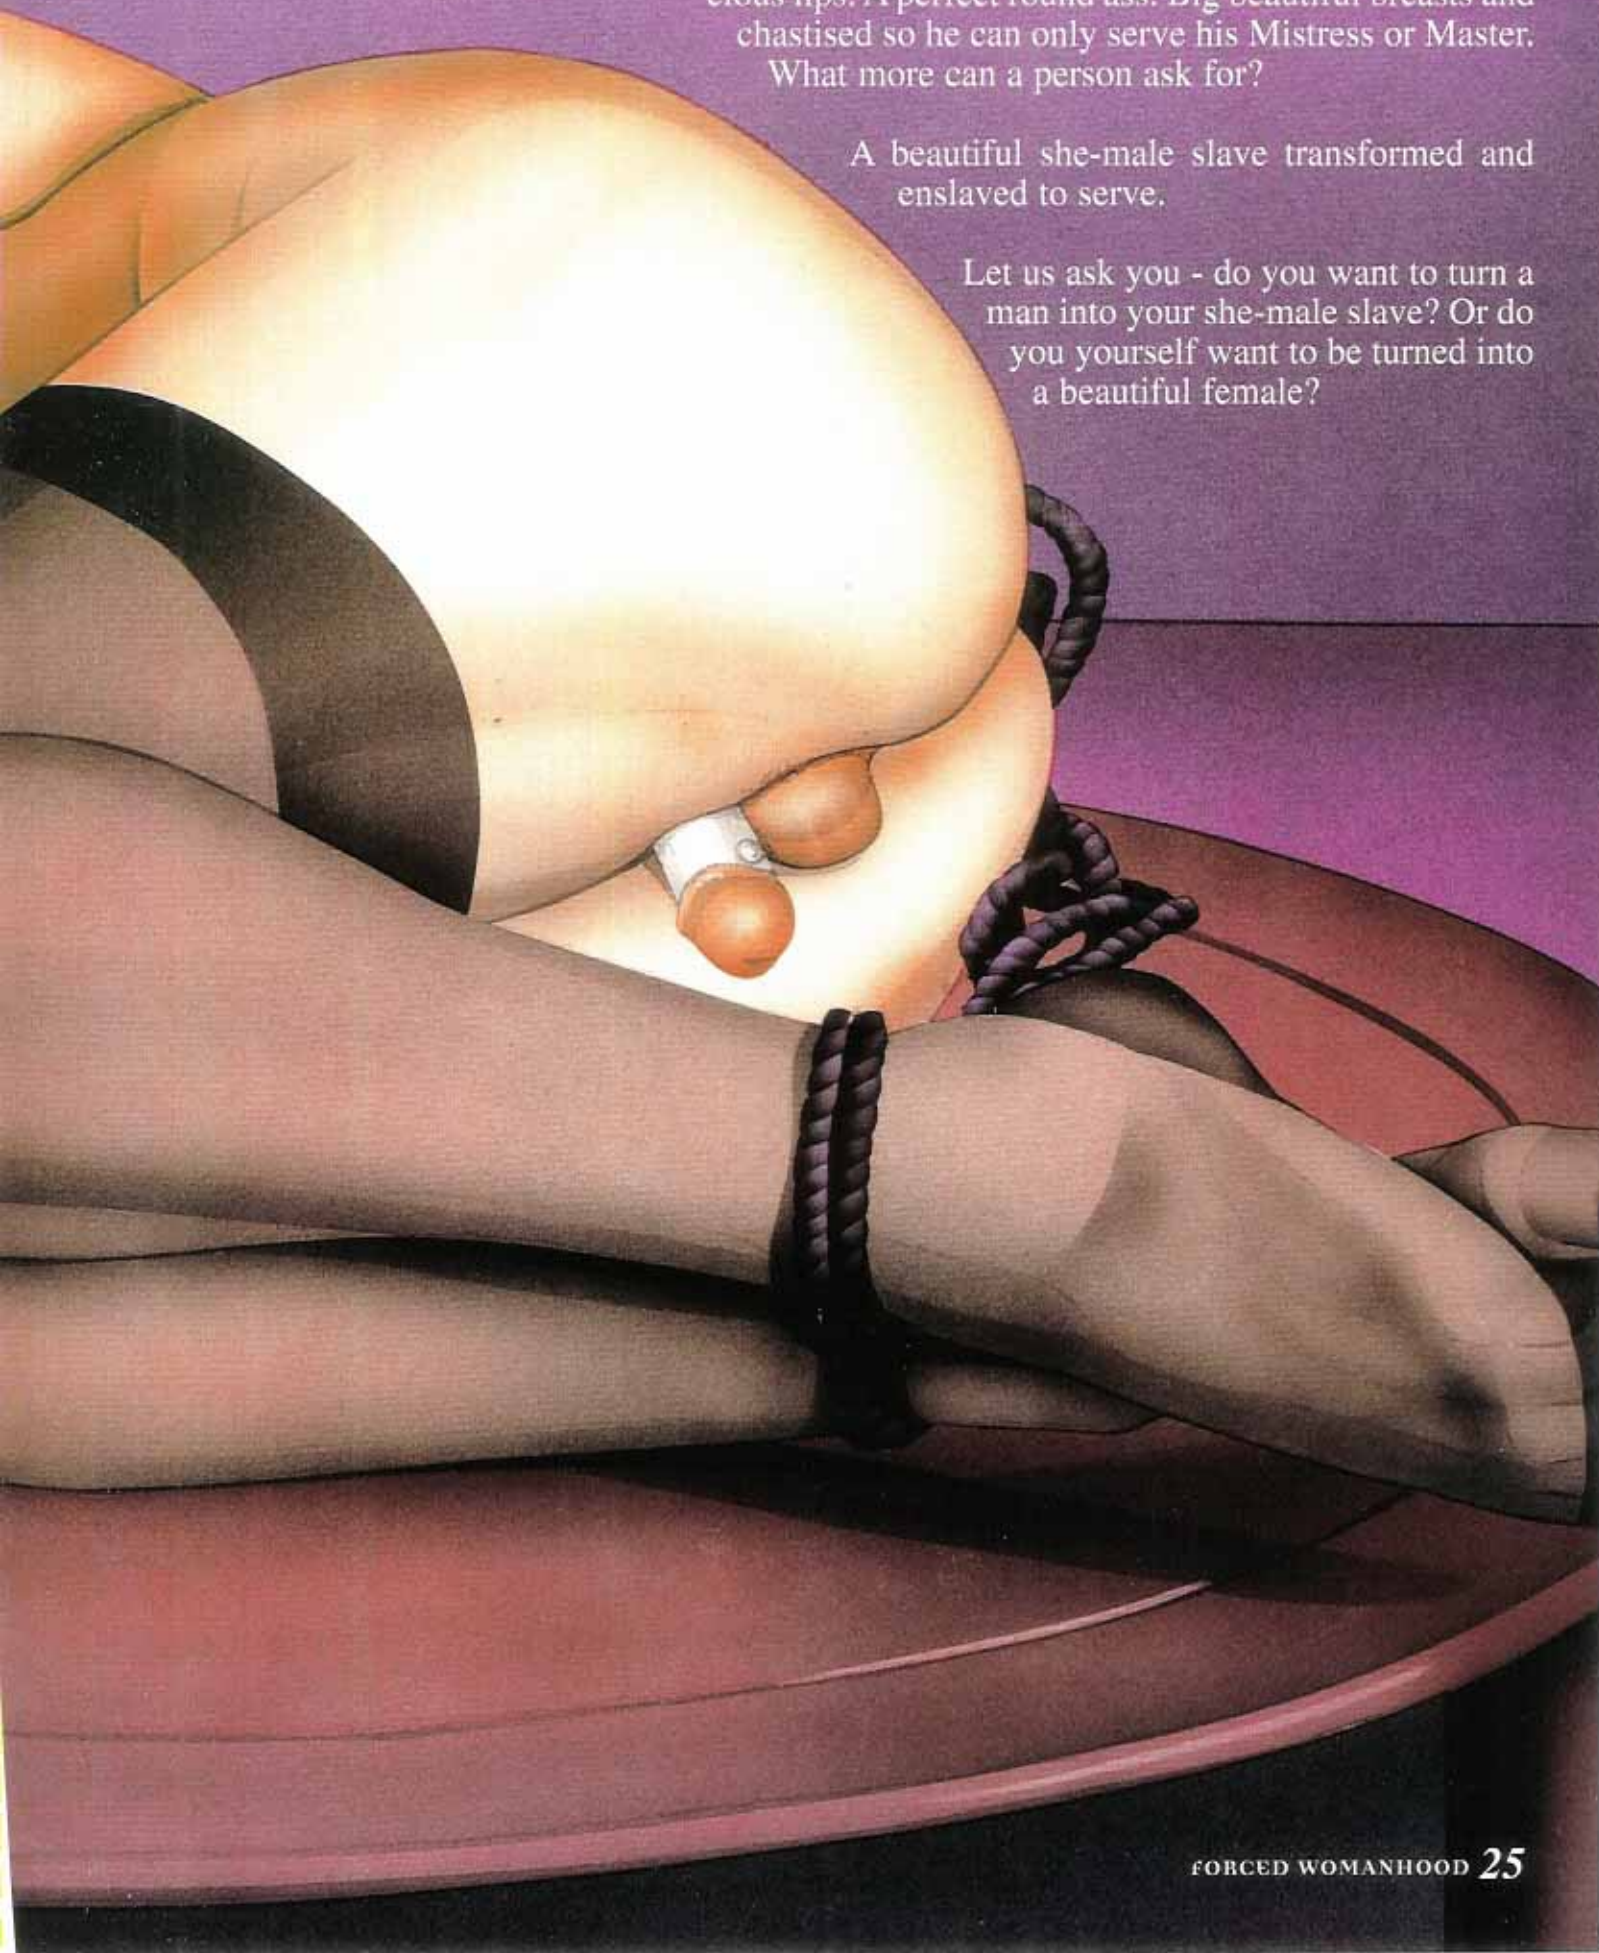

My, My! How beautiful you have made him. Nice luscious lips. A perfect round ass. Big beautiful breasts and chastised so he can only serve his Mistress or Master. What more can a person ask for?

A beautiful she-male slave transformed and enslaved to serve.

Let us ask you - do you want to turn a man into your she-male slave? Or do you yourself want to be turned into a beautiful female?

WIFE TRANSFORMS HUBAND INTO WOMAN AND TELLS HIM IF YOU'RE GOING TO BE A WOMAN, YOU HAVE TO LEARN WHAT WOMEN HAVE TO DO TO SATISFY MEN AND WOMEN

Dear Forced Womanhood,

First let me tell you how much we enjoy your publications, especially Forced Womanhood. When Jamie, my husband, first showed me a copy I was immediately turned on. That was two years ago. We have every one of your issues since and have gone online to view all your past issues as you put them on.

I have always been what people call a liberated woman. I enjoy sex in all varieties. I knew Jamie, who is now Jane, had his feminine side. He agreed that if I let him dress as a real woman, I would be in charge of making him into a real woman, and he'd do whatever I said. This I knew would let me have the freedom to have my own sexual pleasures, with whomever I wanted.

I started him out on three of your vitamin hormones. These softened and rounded Jamie's body and in two years gave him small "B" size titties, which enabled me last month to get him his large double "C" implants. Your magazine gave us the instructions that if you were going to have large

breast implants, you had to enlarge the male breasts to be able to take the implants.

Last week I told him it was time to be permanently chastised and he would have to worship me with his tongue and take care of whoever I wanted him to. I wasn't losing much, as Jamie's penis was never that big anyhow. Besides, I like variety and now that he was chastised I could do whatever I want with whoever I want.

Jane was now a beautiful lady, and it was time to break her in. I told her that from now on she was just a slave to do whatever I wanted.

"I HAVE GONE THROUGH WHAT I PROMISED. I TURNED YOU INTO A BEAUTIFUL LADY. NOW IT'S YOUR TURN TO FULFILL YOUR PROMISE OF DOING WHATEVER I TELL YOU."

I invited an old flame over for the evening. I had already told him about my slave Jane. Kevin was a macho very virile man. When he saw Jane he was flabbergasted at how beautiful she was. "SHE'S FANTASTIC," he blurted out.

"I CAN'T BELIEVE HE WAS A MAN. HOW DID YOU DO THIS?" Kevin got a hard on right away with anticipation of having sex with two beautiful women at the same time.

I decided I'd be first. Seeing Kevin's hard penis turned me on. I made Jane watch on how it was done and told her, "YOU'RE NEXT." I even made Jane help slip his penis into my wet pussy.

"THIS IS HOW YOU SUCK A PENIS." I said as I went down on Kevin. I made poor Jane strip. Kevin stared at poor Jane's small chastised penis.

"YOUR TURN JANE." I said. "GET DOWN AND SUCK HIS PENIS." He did very well for the first time as Kevin got hard right away.

"NOW YOU'RE GOING TO FIND OUT HOW IT FEELS TO BE FUCKED!"

I helped guide Kevin's penis into poor Jane's virgin ass.

"THIS IS WHAT'S CALLED BREAKING YOUR CHERRY." I squealed.

Kevin is in awe over Jane's tiny chastised penis.

Slave Jane helps guide Kevin's penis into his wife's pussy.

I continued to help guide Kevin's penis and tried to relax Jane being as this was her first time finding out what it's like to be a woman. Kevin pumped her in all positions. Then I made Jane get on a chair and spread her legs. Kevin put his cock back into Jane's now wet ass.

I got in front of Jane and pulled her head into my hot and wet pussy.

"OKAY, NOW YOU'LL LEARN HOW TO SATISFY TWO PEOPLE AT ONCE."

I made him suck and use his tongue, making him lick out all of Kevin's cum out of my pussy. I was so excited, seeing Kevin's hard penis screwing both my beautiful slave's ass and me at the same time getting oral sex was enough for me to have the best orgasms I ever had.

When it was over, and Kevin had left telling me what a wonderful time he had, and asked if he could come back, I told my slave that from now on he would be my slave and be used as a sex slave for the rest of his life.

"YOU WILL NEVER EVER BE ABLE TO HAVE YOUR OWN SATISFACTION," I SAID. FROM NOW ON, YOU'RE JUST A CHASTISED SEX SLAVE."

"TOMORROW I'M BRINGING OVER MY GIRLFRIEND, WHO HAPPENS TO BE GAY, SO YOU'LL LEARN ABOUT WHAT LESBIAN SEX IS ALL ABOUT."

CLAIRE'S GRADUATION PRESENT

Dear Jeri,

Gladys and Helen Stand were wealthy spinsters. Never having married they lavished all their love on their niece, Claire. She was a senior in college about to graduate. When she did she would take a position in the family business, and would eventually not only run it, but own it.

To them nothing was too good for Claire, and they spent hours thinking of the perfect present to give her for graduation. They finally decided that the perfect gift for Claire would be her very own ladies maid. A well-trained maid who would take over all the mundane chores a young executive was too busy to bother with. Excitedly they told their best friend, Emma Oldfield, what they decided. Their friend absolutely insisted that they get a "boy/girl" maid.

"I got one for my Diane on her twenty-first birthday. That was five years ago, and she barely has to lift a finger once she's home. They're totally devoted, trained to work long hours, and also highly obedient," she declared.

Spinsters they might have been, but they'd also been out in the world long enough so that nothing shocked them. After a long talk with their friend, both smiled at each other. Agreeing that 'yes,' a boy/girl maid would be the perfect graduation present for their only niece.

After making inquiries they stepped off the plane and headed immediately to the Strictlace Maid's Academy.

After a conversation with the headmistress they learned that a new class was graduating that Saturday, and decided to stay over.

"We want only the best for our niece. She must be completely trained, and money is no object," they warned.

"Yes, I understand. I will point out two or three of our top students for you," the woman said.

As each student received their diploma they walked down a runway to be viewed and then put on pedestal, and were auctioned off and sold to the highest bidder. Neither of the women could believe they were actually boys. They were all beautiful, and with stunning figures.

The headmistress pointed out the top students and they fell in love with one in particular. When they asked "the girls" name and how old she was the woman said, "they don't have a name or any age until her new owner gives her one."

When they inquired about her background and breeding they were told, "She comes from a middle class family with a strict, overbearing mother, which is really the perfect upbringing. In fact it was her step-mother who brought her here to be enrolled. She always petticoated the boy as punishment and thought he'd make some lady a perfect maid. He was naturally submissive so we didn't have the trouble with him accepting his new status as we have with most of our students."

"She'll graduate second in her class, but scored the highest in her oral services class as well as dildo training. From the step-mother we learned that she's had no sexual experience at all, so she's only partly chastised. However I must warn you virginal boy/girls go very high at auction. If you do purchase him you'll have several decisions to make. What form of permanent chastisement, if you want him to undergo any special training, if you any additional figure or facial enhancement. Although frankly I think she's just adorable, and I'm sure your niece will love her."

The bidding was quite spirited but Gladys and Helen won out, although it cost them an arm and a leg.

Brought over on a leash they closely inspected her, deciding she was perfect as she was, although both agreed her "D" cup titties were much too big.

"A "B" cup would have been less obvious," Helen said.

"That's really no problem at all, we'll have them reduced by the time you to pick her up," headmistress said.

The women decided not to have her little "pussy" made permanently unable to function.

"We really should leave that decision up to Claire," Gladys said. they settled on leaving the sheath clamp with a combination lock on her, but did agree that a four inch ring be welded on just behind the knob.

"That way if Claire wants to let her have a reward, she can, but everything else she'll simply have to forget about," Helen said.

They decided to keep her at school taking advanced gourmet cooking lessons, business typing and shorthand, and the only time when the girl showed any distress was after the two women, after debating the merits, decided to enroll her in the Personal Urinal Class.

They named Claire's new lady's maid Gretel, after their mother and informed her she was seventeen.

TEMPORARY OR PERMANENT CHASTITIES

Our Frenum Chastities can be put on temporary or permanently. The scare or threat for slave is, "if you can't take it off, I'll put it on permanent and you'll never again be able to use your penis!"

The Barbells on each end of frenum Stud screw on and off. We suggested in our previous issues that to put it on permanent was to use a welder's liquid solder (found at any hardware store) or perma glue on the screw threads, then screw into studs while your slave is tied down and while the glue or solder dries.

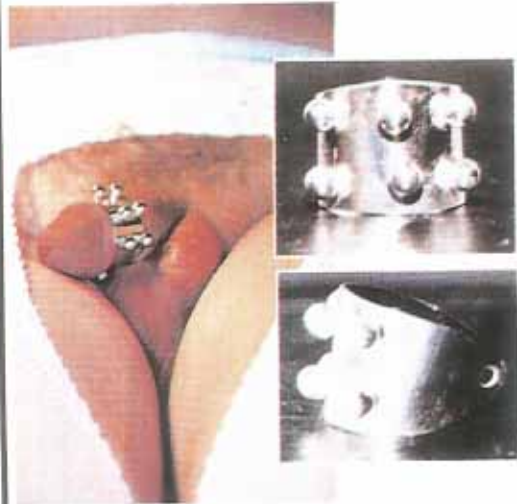

Now Centurian has invented a new device for real sincere people who want their slave pierced and no way out. See further in this article, (Permanent break off screws.)

FL2 FRENUM

Many people have their slave wear this as a sign of being a slave. Also many women like the feel of the knobs going back and forth in their vagina. Includes Frenum barbell. Comes in 7/8," 1" or 1 1/8" in diameter. \$168.00

FL2C FRENUM

This is not necessarily a chastity because it is not long enough to prevent an erection. Actually many people have their slave wear this as a sign of being a slave. Also many women the feel of the knobs going back and forth in their vagina. This can easily be put on temporarily or permanent. Includes Frenum barbell. \$275.00

FL3C Frenum Chastity

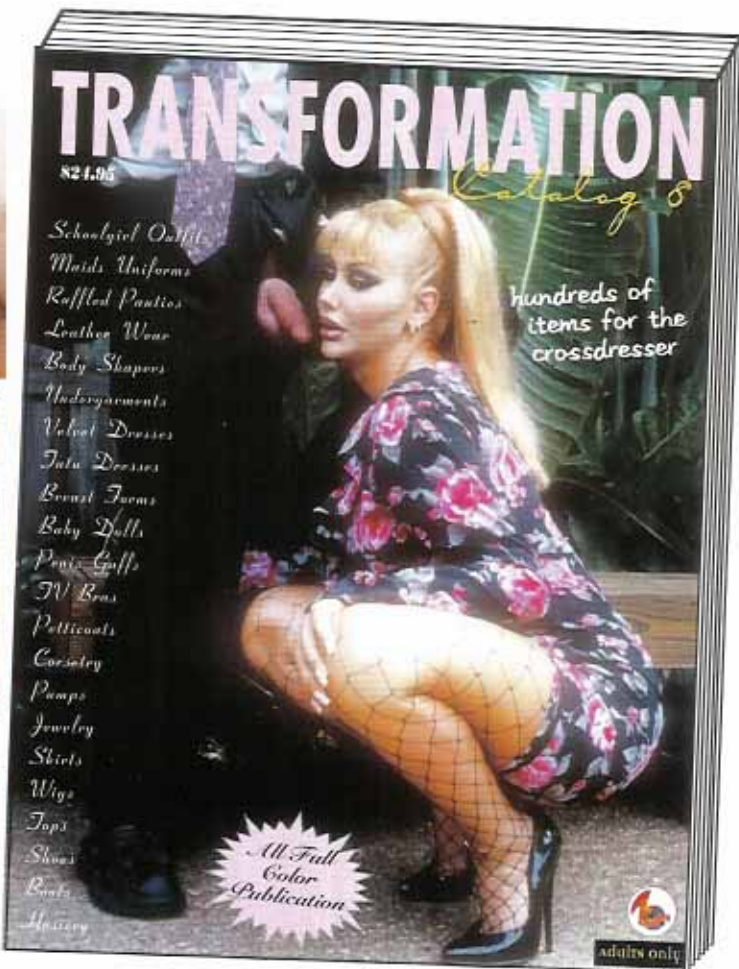

This one is 1 1/2" long and is made as a chastity and prevents erection with heavy pain. It does not have the knobs like the others, but it has ring for attaching a leash. Comes in 1" or 1 1/8" in diameter. Includes Frenum barbell. \$385.00

The makers of Forced Womanhood decided to publish a sissy magazine. It's stuffed with true accounts of dominant women tired of their husbands and boyfriends being men. They desire the perfect mate; a sexy, submissive, sissy she-male maid. These sissies serve their Mistresses as maids and sex slaves! Some of the great stories: "SISSIES FIRST PAIR OF MARY JANES", "SISSY ON A LEASH", "LADY OWNER OF BROKERAGE FIRM TURNS MEN INTO SHE-MALE ASSISTANTS FOR HER KEY EMPLOYEES TO ENJOY", "LADY TURNS LAZY TV INTO SHE-MALE MAID SLAVE", "WIFE TURNS CLOSET TV HUBBY INTO A GORGEOUS SHE-MALE SLAVE", "THE KINKY WORLD OF MISTRESS H. HEELS", "MARLENE AND DARLENE'S PUBLIC OUTING", "THE COMPANY BIMBO AND OFFICE SLUT", "WOMAN TURNS HUBBY INTO CUTE BABY DOLL SLUT", "WIFE SURPRISES HER CROSSDRESSING HUSBAND FOR HIS BIRTHDAY WITH A COMPLETE SISSY OUTFIT FROM CENTURIANS MAIL ORDER COMPANY." 48 pages of pure sissy submission.
