WE HAVE ADDED A NEW SISSY SECTION TO FORCED WOMANHOOD

erotic art by Aldo, Baker, Patrick and Kagan

PUBLISHER'S UPDATE ON THIRTEEN YEARS OF FORCED WOMANHOOD

We have now been publishing Forced Womanhood for around thirteen years. In this time we have received thousands of letters from women, men, Mistresses, Masters, TV's, lesbians, gay men, she-males and slaves. Forced Womanhood is the only adult magazine distributed only to adult stores and our own Centurian mailing list that has a sell out print run of now 9,000 copies per issue. Most adult magazines only have a 3,000 print run and they don't sell out.

HOW MANY SLAVES ACTUALLY GET CHASTISED PERMANENTLY?

We get many letters from men and women who really want to chastise their husband or slave. We've had thousands of letters from men and women who have made either full time or part time TV's into their slaves. About 75% of the letters we figure are for fantasy and only part time because of work or family. Some of these part timers have actually chastised their mate, or if you will - slave, permanently.

In the thirteen years we have sold approximately 1,200 Frenum Chastities. That's a lot of men or slaves being chastised for their wife, Master or Mistress.

We get tons of letters with no photographs. We send these letters to our artists and they try and depict in part what the letter says. That's why we have a lot of art. Sometimes we use photos to describe their stories. One of our artists illustrates and changes some of the stories to make them more interesting.

In reality 99% of men turned into slaves, she-males and some chastised permanently are very willing to become someone's slave and to be turned into a beautiful TV or she-male. We had many letters from couples asking for information or if we know of anyone they can write to so they can have a live in slave that will do anything. And they can change into a beautiful she-male slave.

We also had many letters from men, women, TV's, etc, turning their slave into sissies, maids, college schoolgirls. That's why we came out with our latest magazine ENSLAVED SISSIES AND MAIDS a year ago. This magazine you readers have already made a success with a print run of 7,000 copies in less than a year.

Men love to see a beautiful lady or beautiful TV or she-male in these type outfits. They turn men on, especially when they're kneeling at their feet. Be sure to see our huge all color sissy catalog for all kinds of these outfits.

WRITE US IF YOU ARE LOOKING FOR A TV TO TRAIN OR ENSLAVE, OR IF YOU WANT TO BE ENSLAVED

If you'd like to be turned into a she-male or, if you are looking to change someone into a female slave - write us. We'll publish your letter if accompanied with a photo. Use a P.O. WIFE CHANGES HUSBAND INTO BEAUTIFUL SOFT FEMALE TO MAKE LOVE TO HER

Dear Forced Womanhood,

My husband years ago showed me copies of your magazine. I instantly liked the whole concept. I never really liked the feeling of a hairy macho man making love to me, but I did and still do like a real penis. So the idea of changing my husband into a she-male was a perfect way for me to enjoy him and sex with a clean shaven beautiful lady with breasts and a penis. I now have both. Your hormones have softened his skin and it now is so soft instead of rough. I now love him to caress me all over then make love to me. I do not intend to chastise him because I enjoy his nice penis.

COUPLE TURN JAMIE INTO JANE TO BE THEIR MAID AND GIVE THEM ORAL SEX

Dear Forced Womanhood,

We met Jamie from one of your readers ads in Transformation magazine. We read all your publications and wanted a live in that we could change. My wife enjoys lesbian sex, I enjoy both sexes so the thought of having a she-male would satisfy us both. My wife and I like oral sex and now Jamie, a year later, is now Jane with breast implants, some facial surgery and hormone treatment. Jane at all times must be available to us dressed in various maids uniforms of our choice for the day; high heeled opera pumps, stockings, and garter belt with ruffled panties. She has a nice virgin tight ass. During the day she takes care of our household and has dinner waiting for us.

We now pay her a wage of \$250.00 a week which she is saving.

SISTER TURNS BROTHER INTO HER SISTER SO THEY CAN DATE MEN TOGETHER

Dear Forced Womanhood,

My name is Pamela and it started a year ago when I turned my brother Tim into a she-male slave. When he told me that he would like to be a girl for life I said to my brother Tim, "So you want to be a girl? Then a girl you will be for life."

"Since you want to be a girl, you will be my sister and your name will be changed to Tiffany. We need to get started on the process by giving you female hormone pills and shots and then you will have your breast implants done to a size 38 Double C."

"Oh yes, Tiffany, you will have permanent makeup put on," Three weeks later I let Tiffany see her brand new titties. "And now Tiffany you are going to learn how to suck cock and take it up your ass." And now poor Tiffany is my she-male sister and slave for life.

For the ultimate humiliation for Tiffany I made her get down on her knees and suck my black lover's cock and I told Tiffany keep sucking his cock. My lover was rock hard and put his huge cock in her ass and fucked her hard.

And now my she-male sister loves taking it in the ass and sucking cock. She told she is happy to be a girl for life.

And now I am letting Tiffany have her own boyfriend. He is good looking and sexy and sometimes Tiffany and I switch boyfriends. I am pleased about turning Tiffany into a she-male and she is glad to be a girl at last.

Thank you,
Mistress Pamela

MAN OWNS AN ESCORT BUSINESS AND TURNS MAN INTO A BEAUTIFUL SHE-MALE WHO IS NOW HIS BEST MONEY MAKER

Story on Page 7

I met Larry two years ago in a gay bar. We met a few times and I asked him if he would let me change him into a real looking female. He agreed readily. I own an escort service and I needed a she-male as I have had many requests for a beautiful she-male. I told Larry what I expected of her. Heavy hormones, permanent makeup, surgery for breast implants, wearing of tightly laced corsets to

trim her figure as she exercises and loses weight. She would have to be a lady and be an escort for my customers and satisfy them any way they want. I told her we would pay for her up keep, food, hormones, surgery, etc. and she would have to pay me back when she started. I told Larry that she would get 50% of the money to start with and he could make as much as \$1,000 a day.

Larry agreed and over the next year I turned her into a beautiful she-male. She's now one of my best earning escorts. She has class. I dress her well, and men clamor for her.

MAN WANTS TO TRANSFORM MAN INTO WOMAN

Dear Forced Womanhood,

My name is Albert Spurlock. I have enjoyed your magazine ever since I discovered it. I am a 34 year old man who likes she-males. Seeing them arouses me. I am hoping that there is a man out there who is wanting to be changed into a woman. I find changing a man into a woman, and seeing them going through the transformation is a fantastic experience. So if there is any man who would love to be changed, contact me at the following address.

TWO FRIEND'S BONDAGE CONTESTS ARE HARD ON THEIR SHE-MALES

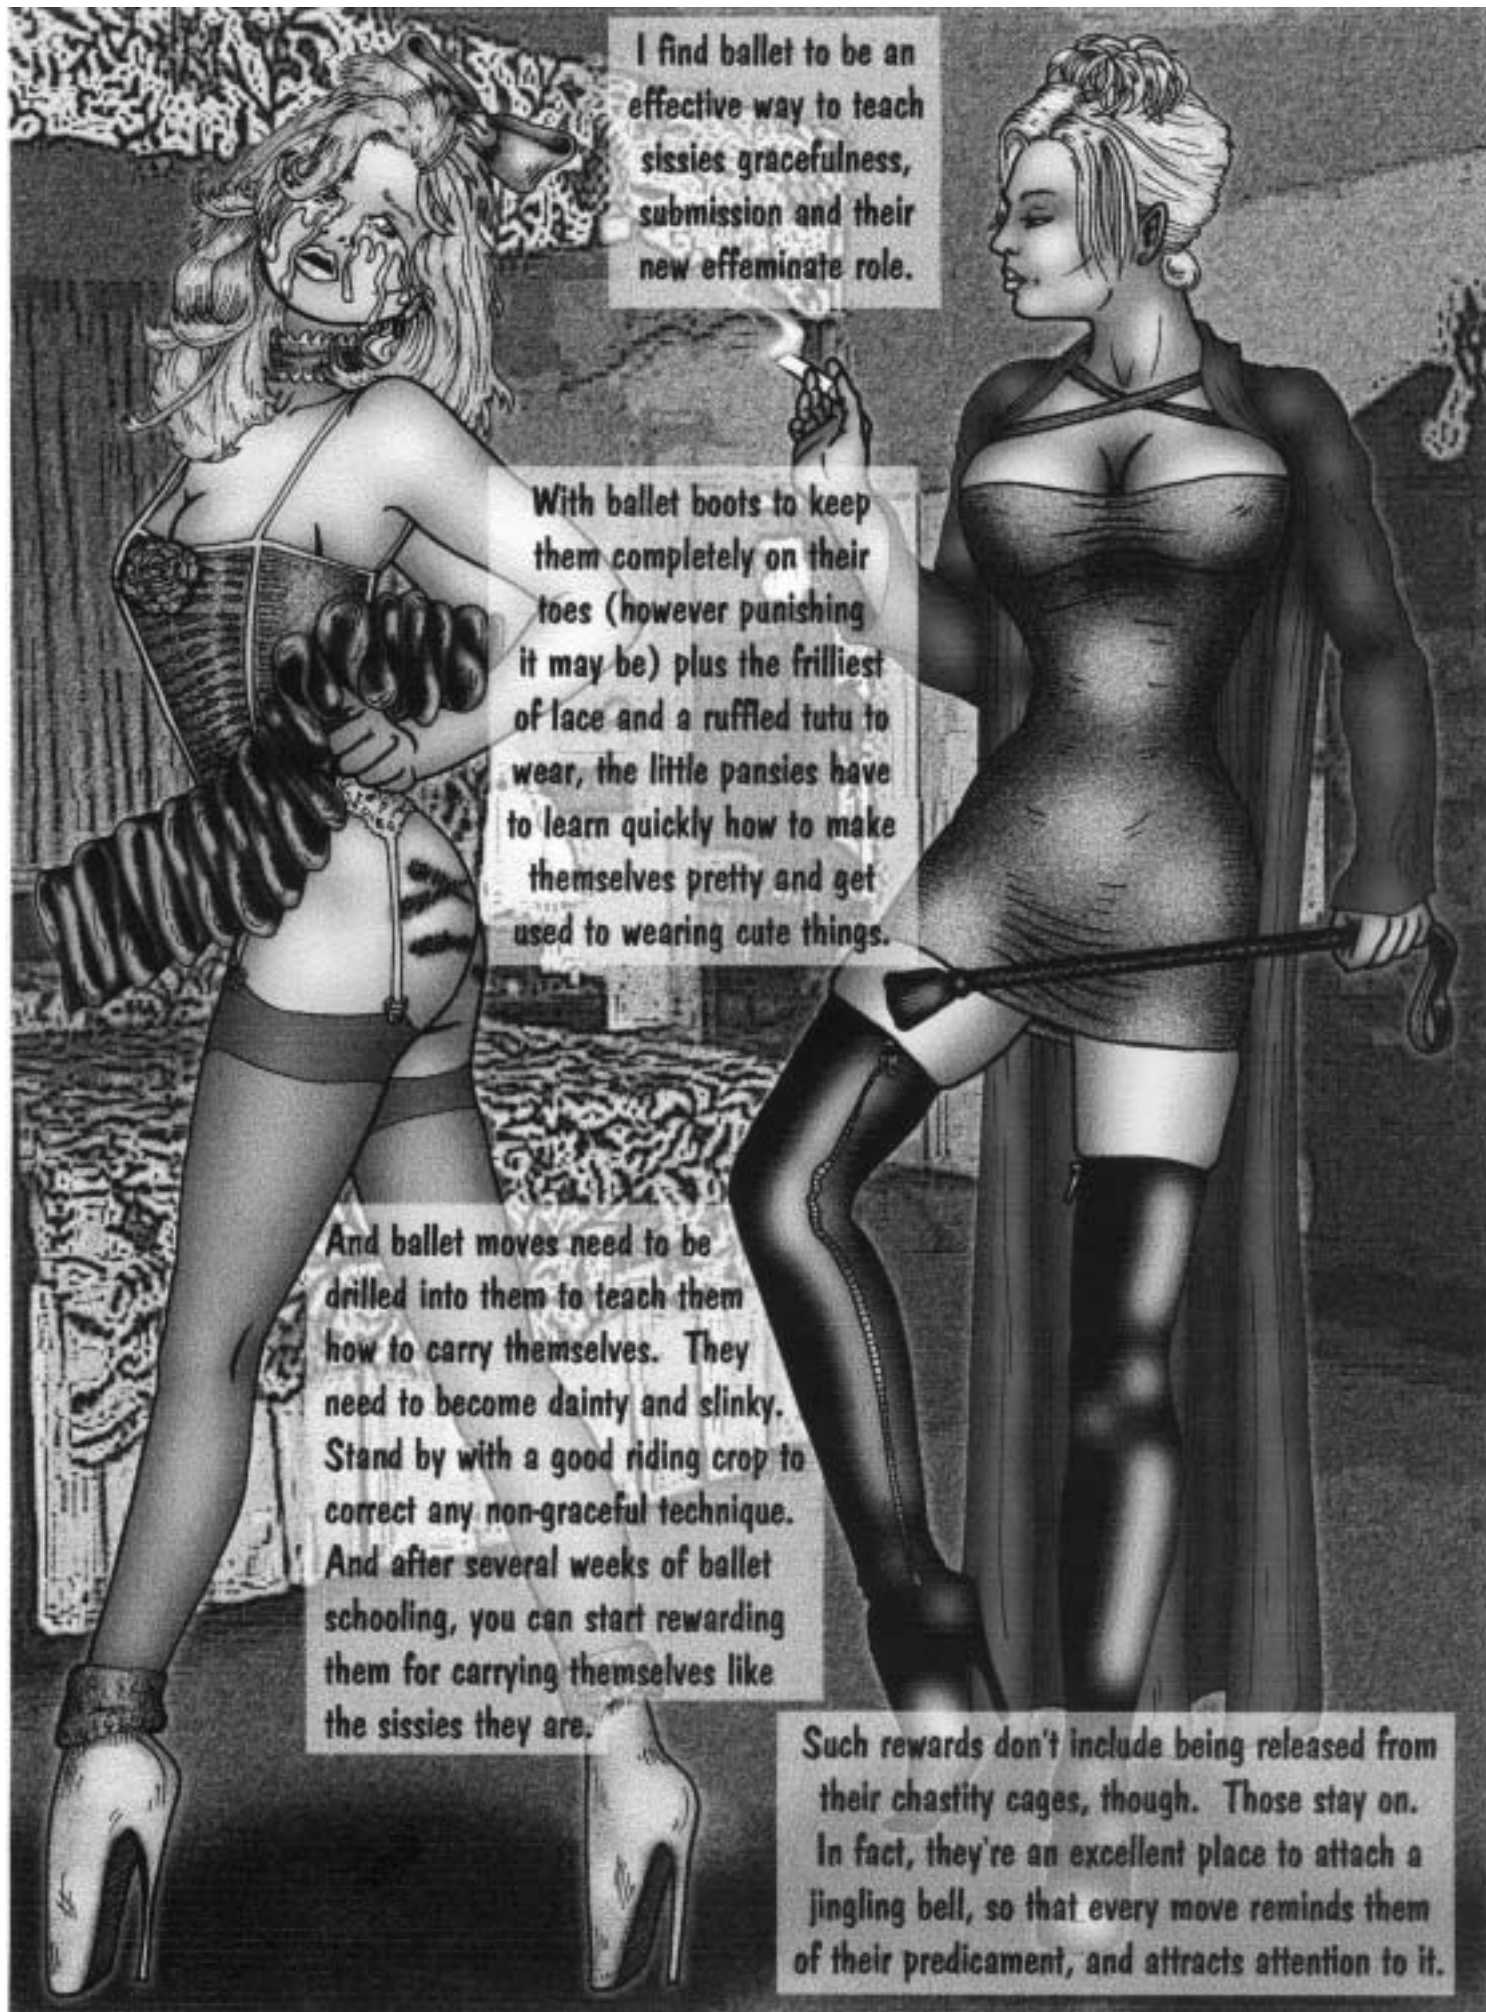

My best friend, Kim, and I have darling little she-males that we love to put in bondage. Actually, they, being submissives, enjoyed it too, until we started to make a game, or contest, out of it. Whenever we decide to go out for the night we make a contest to see which of us can truss up our she-males the most. The loser has to buy drinks.

Well, a couple nights ago, when we decided to go out hunting for a couple of young studs we tied for the first time. Not even the two friends going with us could decide a winner.

Kim had started her she-male squatting in the cellar against a brick wall. It didn't appear too difficult, at first, to me. Although Kim did have her ankles in a spreader bar. "Ah, but look what's attached to it," she proclaimed. When I looked closer I thought she was a genius. She'd chained his chastised dick tautly to the spreader bar. She didn't dare move her feet, nor even raise up an inch. The only way she could avoid a painful tug on her tiny dick was not to move a muscle. Then we journeyed to my place. As usual when I go out the favorite place for my sissy is in the closet. All the girls clapped when they saw my she-male lying there on her back. Wrists and ankles stretched to their fullest and locked to a spreader bar. In her mouth a huge penis gag. A strap, cinched tight with an equally huge plug stuck up her ass was what made it a tie for that night. So Kim bought first the round of drinks, and I bought the second, both of us wondering how we could top each other.

I find ballet to be an effective way to teach sissies gracefulness, submission and their new effeminate role.

With ballet boots to keep them completely on their toes (however punishing it may be) plus the frilliest of lace and a ruffled tutu to wear, the little pansies have to learn quickly how to make themselves pretty and get used to wearing cute things.

And ballet moves need to be drilled into them to teach them how to carry themselves. They need to become dainty and slinky. Stand by with a good riding crop to correct any non-graceful technique. And after several weeks of ballet schooling, you can start rewarding them for carrying themselves like the sissies they are.

Such rewards don't include being released from their chastity cages, though. Those stay on. In fact, they're an excellent place to attach a jingling bell, so that every move reminds them of their predicament, and attracts attention to it.

CORSET AND RUBBER DRESSES CURE PAULETTE OF WANTING TO DRESS UP

Dear Jeri,

When I married John I didn't realize half the reason he married me was for my clothes. Being about the same size I couldn't keep him from going into my closet when I wasn't there and trying on every outfit I had.

It really pissed me off, so I thought, fine, if he wants to wear women's clothes that's just what he'll do, full time. Not as my husband, but as my maid. He actually didn't mind all the work I had the housekeeper load him down with as he'd gotten his wish. He was in skirts full time.

But then he kept nagging me. Did he have to wear maid's uniforms all the time? Why couldn't he wear some of my outfits some of the time? Well, as far as I was concerned a maid is a maid and should always be dressed as one.

To cure him, or her, of thinking of herself as a real woman and not a lowly servant which, by now, is all I regarded her as, I had a special dress made for her.

When I showed it to her she went into raptures not believing I'd actually gotten it for her. A full

length gown with tiers of huge ruffles at the bottom. It appeared to be made of satin, but looks are deceiving. Especially when she was down to her panties, and with the help of the housekeeper, ready to help put it on.

She didn't know why she'd need help putting it on, until I turned it around. When I did her delighted expression turned pale. I called it her ball room corset bubble dress for I had it made so it laced all the way up the back with no less than 50 eyelets. It took the housekeeper slightly over an hour to get her laced into it. I'd emphasized I wanted it laced as tightly she had the strength to lace it.

When she finished "Gigi", as I've named her, couldn't even put one foot in front of her. She couldn't sit or even bend in the slightest. All she could do is stand rigidly erect and shuffle her feet.

"Don't you just love it?" I smirked.

"But I can't move and it's so tight it hurts."

"Yes, but you look lovely in it, I do hope you like it, you'll be in it all day. Now shuffle across

the room and then back. No stopping or I'll leave you in it all night," I laughed, then added, "Since you want to dress up so badly I've decided to allow you to wear it, or another one, one day a week."

Well that cured her. I didn't hear anymore pleading to get out of her maids attire.

But, to make sure she spends, as promised, one day a week, miserably I might add, in her special ball gown. Although shortly I'll give her a choice. I couldn't resist sketching out another very feminine gown for her. When I showed her the sketch she fell in love with it, it was far more feminine. Not nearly as hobbling, and thinking it was made of black satin. In reality I would have it made out of the heaviest gauge of rubber. So, she could have her choice. One gown she couldn't move in, the other she'd probably sweat ten pounds off wearing. I planned to save it for one of the hottest summer days and then send her outside in it.

I've included the sketch of Gigi's special rubber dress. Even the gloves and stockings are rubber.

THE WICKED WORLD OF MISTRESS CINAMON SHE TRAINS NAUGHTY MEN TO BE SISSIFIED

INTERVIEW

MARLAYNA: What's new and sexciting in the life and world of Mistress Cinamon?

MISTRESS CINAMON: Well, there is never a dull moment in my life. I am always in the midst of a whirlwind, primarily because I am the whirlwind! Currently am still Webmistressing my own membership site, www.Behind-the-Pink-Door.com, working on my new website www.Tyro-One.com/WorkitDomina.htm which offers alternative business tools and ideas for the enterprising Pro-Domme.

As to my sexciting life, well, I must keep my male lovers separated one in each west coast state (they have a tendency to fight when together.) That way I always have someone special to play with when I travel. And of course, I have my two live at home female submissives, the Divine Miss J and the nymphet Sylphie.

MARLAYNA: At what age did you discover that you had a kinky/dominant side to your personality?

MISTRESS CINAMON: Well Marlayna, to hear my dear departed Mamma tell it, I almost bit the finger off the neighbor boy at the "tender" age of two when he wouldn't do what I wanted. What was that you ask? Hmmmmm, some things are better left unsaid my dear.

MARLAYNA: Did you find yourself dominating the other boys and girls when you were a child?

MISTRESS CINAMON: Oh yes indeedy. We always had to play doctor... and I was the doctor. Taking temperatures was always my forte.

MARLAYNA: Did you date a lot in your teen years and can you share a kinky story from those days/nights with us?

MISTRESS CINAMON: Gee, this is kinda mild, 'cuz I started out slow... Hmmmmm, which one shall I share? Tee hee, okay, the second time I had sex we kept on doing it again and again because I wasn't getting off, and we did it over and over again... eight times if I recollect correctly. I just kept wanting those skyrockets and fireworks, and honey they weren't happening. (Finally figured out it was the partner!)

MARLAYNA: In high school did you have any dating experiences that were kinky?

MISTRESS CINAMON: Not exactly, however, I did have some of the boys I was dating simultaneously all show up at my house at the same time. I kept them all panting. I have always been and always will be... the Empress of Tease and Denial (I stayed a virgin until well past my eighteenth birthday.) None of the boys would leave first, they all just sat there trying to out wait the others, one of them hoping to get to me. I just sashayed back and forth, serving cold drinks and smiles. Finally they agreed amongst themselves to leave at the same time and one gave the others a ride home. Poooooor babies!

MARLAYNA: Can you tell us about your first real experience doing a session with a panty slave?

MISTRESS CINAMON: He was an older gentleman who desperately wanted to be force feminized. I sat in my peach velvet recliner wearing a white lace negligee that opened down the front. I wore my "Pink Python" strap-on while I had him slowly disrobe and then spread his cheeks and display himself

Story Continued On Page 14

Story Continued From Page 12

for my approval. I had a lavender plastic pony whip with a spatula like end that I tortured his hard little clitty stick and balls with through his lacey panties. He loved every minute of it as he grimaced alternately in pain and pleasure. He finally got down on his hands and knees and worshiped my high heel clad narrow feet, begging me to fuck his little girl hole. I then instructed him to lie face down on the end of my bed, with his feet planted firmly on the floor. He slid his panties down his thighs and eagerly spread his ass cheeks for me. He whined like a little virgin even after a generous application of lubrication. Of course the Python is not for the uninitiated. It is eight inches in length and its girth is about two inches. But he wanted it so desperately, so I gave it to him, over and over and over again while Led Zeppelin's Lemon Song played in the background, it helps me keep my rhythm boys!

MARLAYNA: Please share a few of your feelings about why 'panty slaves' and sissy boys flock to you.

MISTRESS CINAMON: I believe my panty boy, as well as stressed executives, seek me out because I truly care about them. I want them to be happy, even if what they seek is humiliation and the need to be the girl for an hour. I understand the dynamics of the stressed CEO wanting someone else to be in charge for an hour. I understand that my boys don't want to be hurt, they want to be sensually dominated. All of my gentlemen understand, I do them, they don't do me. I also am privy to a lot of unknown or little known information as to why pantymen are, well, pantymen. Many of my clientele do calls just for the pleasure of conversing with me.

MARLAYNA: Have you had young sexy girls or couples contact you for training and sessions?

MISTRESS CINAMON: I have had requests from young girls for assistance in becoming phone Mistresses, I usually decline unless the young lady is exceptional because to be a true sensual dominant I believe it takes life experience, and lots of it! My favorite couple's call is from a married couple in England. She is lovely and he is just over the top, he wants to do it all and does, for hours. I even sent them their very own Pink Python strap-on to play with.

MARLAYNA: A few words please about one or two of your favorite panty boys/slaves.

MISTRESS CINAMON: My favorite panty boys clients are pantymen. The "in total control all day long executive types." They are the most fun. Bankers, stockbrokers, salesmen, attorneys, CPA's, even emergency room physicians. These gentlemen need their stressful lives balanced. Marlayna, I tilt their world for them. They love to be sensually dominated, anally seduced, either by myself or, sometimes by one of my male dominant partner's on the phone. Callers can even hear a recording with a male dominant on my 1-900-2264932 line, just choose selection number 2. Believe me Marlayna, personally, there is nothing quite like sliding my warm damp panties up the legs of my lover and then looking at his pantied bulge through my lacey panties as I slowly tease and titillate his hard cock.

MARLAYNA: Please tell us what a few of your favorite scenarios are when you play.

MISTRESS CINAMON: Gee, where do I begin. I like privacy and have my own studio for private sessions. I don't do sex during sessions, however it is certainly implied in my videos.

Story Continued On Next Page

Story Continued From Page 14

Anywho, the pantyman shows up for his session, my bodyguard always checks him for unauthorized items and then waits right outside during the session. My studio is set up like a small lingerie boutique. I play the part of the salesgirl and finally coax the client into admitting the lingerie he and I have picked out is for him. I tell him he can try the lingerie on, after all, we are all alone in the store. While he is slipping into his lingerie I slip into my Pink Python strap-on and come up behind him while he is admiring himself in the huge full-length mirror in the dressing room. I bend my knees slightly and slip the Python between his thighs, biting his ear while we watch each other's faces in the mirror then I gently push him to his knees and make him suck my huge cock (they so enjoy that huge mirror.) If they sign a release they can have a copy of a videotape for free or a private tape for a fee. I also like the variation where I help the client do a full make-over complete with wig and makeup and then we go out to a transgender friendly bar and dance and have a drink. Sometimes the client gets lucky with one of the patrons and leaves happy, but not with me. I also enjoy taking a client to my favorite boutique, Romantic Sensations. Light public humiliation is something that is easily performed there.

MARLAYNA: Please tell our readers what they will find when they visit your site. www.behind-the-pink-door.com?

MISTRESS CINAMON: All a panty boy's secret fantasies as well as gentlemen's fantasies can be found at www.Behind-the-Pink-Door.com. I myself have custom photographed my models and had myself photographed in scenes I know titillate my clients from talking on the phone with them. I webmistress the site myself to keep the quality and standards to my specifications. The site is very pink, very feminine, it shows men as well as women in panties, although it is primarily women in the lingerie.

It is not a kootchie site and it is certainly not demeaning to women. It is sheer tease and denial. The site includes original stories written by myself, clients, and my other Mistresses, website reviews, links to other great sites, guest appearances and galleries by prominent women such as Veronika, a Playboy fetish model, and Nancy Novak, the legendary femdom wrestler and personal friend, and much, much more. No annoying pop-ups, no e-mail spies as long as you stay on the path to Behind-the-Pink-door.com.

MARLAYNA: Please tell us how to contact you and how you expect a new panty slave to present her/himself to you?

MISTRESS CINAMON: I can be contacted via e-mail at MistressCinamon@aol.com or 1-866-246-2666 or 1866-746-0663 toll free. Always behave like a gentleman, and have your credit card in hand when you call.

MARLAYNA: Let's "wrap it" with a message from you to all those panty slaves that yearn for your special "time and attention".

MISTRESS CINAMON: Hello my sweet darlings, I know you yearn for an understanding Mistress, a Mistress that can be all things to you... a strict disciplinarian, a loving Mommy, a lustful landlady, a sassy stepsister, a knowledgeable older woman, the Sensually Dominant Sex Goddess of your fantasies... I can be your dream come true, or your wildest nightmare just ask for Cinamon - Light or Dark.

OWNER OF GORGEOUS SHE-MALE CAN'T RESIST SHOWING HER OFF

Dear Jeri,

My she-male, Crystal, cries and sobs when I inform her I'm having guests over that evening. She knows I'll undoubtedly put her on display for all my guests to "Oooh" and "Ahhh" over her. She finds it so terribly humiliating. I tell her she should be proud of all the compliments I get transforming a masculine, heterosexual male into such a gorgeous, alluring, and sexy she-male. Fortunately her crying doesn't ruin her permanent makeup.

If she keeps it up I give her now well-rounded cheeks a good spanking. I've simply put in too much time, effort and money not to proudly show her off at every opportunity. Yet it is so time consuming. A hairdresser to see that her hair is perfect and not a strand out of place. A manicurist to polish, file and coat her nails and toes. Then it takes so long to go over her, head to toe removing even the tiniest hair. Even to spreading her cheeks as I know some of the guests will want to lift her leg to inspect her rosebud and the huge plug I insist inserting. And it takes me so long to decide on just the right outfit. I like a slightly demure, bedroom look. Yet I do want her perfect, melon-shaped titties and nipples on display as guests often will pet them.

And I especially want them to inspect my latest addition to Crystal's little dickie. I always keep it chastised, of course, but have been reluctant to make it permanent. Allowing it to occasionally have a discharge does keep it functioning, and supplies a nice reward when she really impresses my guests.

So, sparing no expense I purchased something new from Centurian. A non-permanent, non-piercing silver chastity. It was expensive, but, I feel, well worth it. I really can't wait to show her off with it on.

An hour, or so, before the guests arrive I carefully arrange her on the coffee table I designed just to show her off. I go about it much the as I do a floral arrangement. Once I have her arranged where I want her, I stick velcro tabs on her hands, one cheek and ankles to help maintain her pose, and so that she doesn't annoy the guests by fidgeting.

When my guests start arriving she gets a strong warning to always look straight ahead, mouth always invitingly opened. Naturally while on display she's not allowed to speak, but may moan, softly, if fondled or petted.

SAILOR MAKES SHE-MALE SLAVE SUCK AND BE FUCKED BY OTHER SAILORS

Dear Forced Womanhood:

My master, Captain Jack, owns a large sailboat, and we spend the weekends at sea or else in an isolated cove, unless the boat needs work. I'm expert at polishing the brass and scrubbing the deck with my wrists and ankles tied. If I'm not needed Captain ties me, sitting, to the mast, to the bow rails, or if the marina is crowded, down in the cabin.

I am tall for a woman but little more than average height for a man. I have an excellent figure (which was aided by your creams and hormone tablets before my breast implants), big blue eyes, and blonde hair well below my slim shoulders. My small penis has shrunken so I wear a FL2C Frenum chastity. Captain says I remind him of that statuesque glamour girl who made a hit some years ago in a spy movie by wading out of the surf in a bikini. On our outings he loves me in a bikini (mostly only the bottom half) and lots of well-tied ropes.

At home I wear a French maid's costume, leather cuffs with chains on my wrists and ankles, and a mouth-filling penis gag while cleaning, and sexy leisure clothes afterwards, all from your catalogs. At night I'm in various erotic clothes or else lingerie, and for sleeping I wear teddies or nothing at all. Most of my things are black, and the white ropes wrapping my willowy, she-male body contrast nicely. On our last trip, as soon as we were out to sea I was tied to the mast in my bikini bottom, and felt just like a gorgeous heroine in an old pirate movie. Captain was aroused by my helplessness and soon ready for sex. Naked, hands tied in front, I knelt and well lubricated his stiff cock with my mouth. Then he tied me on tiptoes, facing the mast, hands above my head, ankles on either side, and we played our fantasy: "Pirate Captain and the Captive Countess".

He whipped me from shoulders to ass with a cat-o'-nine made from lengths of cotton clothesline with knotted ends, which only stung mildly but we both acted our parts. After a dozen lashes I gave in and begged him to "do with me as he willed." And Captain did just that. He rammed his cock into my asshole and pumped away, firing his load in no time.

I was freed, taken down to the cabin, and tied hand and foot and gagged lying on a bunk. The hatch was left open and I could see Captain at the wheel and the sky, but I had no idea where we were going. Captain likes to surprise me. I napped and was later awakened by the splash of the anchor. Captain came down, untied me, and we went up on deck.

As I'd hoped, we were in a small cove. I put on my bikini bottom, a weighted belt and scuba gear, then Captain tied my wrists to my thighs (as the arms aren't needed for underwater swimming), and we jumped over the side. We swam for a bit, then Captain removed my mouthpiece and substituted his cock. I have good breath control and I managed to suck him to a climax before my air ran out.

We returned to the boat, removed our gear and my ropes, and were resting when another sailboat appeared and two young men called greetings to us. I was sad that we no longer had privacy, but Captain welcomed the intrusion. He

enjoys seeing me with other men, then after I have satisfied them he exposes me as a she-male slave and waits for their reactions. So far no one has cared that I'm not a complete woman. After some socializing, Captain told them I had a minor vaginal problem but my other "openings" worked, and I loved doing "it" in the water.

We all went underwater and I sucked one man while the other pulled down the back of my bikini and fucked my butt. Captain watched us, and I jacked him off with one hand. We surfaced, caught our breaths, and went under again, the men trading places. Thankfully the salt water had washed the rectum taint from the other man's cock as he thrust into my mouth.

When we were aboard our boat Captain yanked off my bikini and exposed me. The men were surprised but not turned off and stayed the whole weekend, joining Captain in binding me and fucking my mouth, ass, and breasts to utter exhaustion.

WOMAN USES COSTUME PARTY TO TURN HUBBY INTO SHE-MALE SLAVES SO SHE CAN HAVE SEX WITH OTHER MEN WHILE HER SLAVE IS BOUND UP TO WATCH

Dear Forced Womanhood,

It started with a costume party and continued from then on. Kim and I had only been married a month, though we'd dated for a year. We were perfectly suited, as he loved to be tied up and I loved tying him. I also had a desire to completely feminize him, already having him wear panties and nylons for sex. He is short, slender, effeminately handsome and his body is almost hairless. My opportunity came with the costume party invitation, and I broke it to him while he was tied up in nylons and black panties. I knelt down so I could suck his cock. I kept him on the edge of orgasm until he agreed to the harem girl costume, complete with long, dark page-boy wig and long-chained wrist and ankle cuffs, tiny padlocks fastening them on.

The night of the party he looked great and thanked me for painstakingly making him up. He had complete make-up, long red fingernails, toenails also painted, and his body was shaved. He wore a purple harem costume, its bra filled with lifelike silicone inserts, sheer pants with built-in panty to hide his cache-sexe, veil and sequin headband and coin-trimmed overall, so

that he jingled when he moved. He also wore black 4" stiletto mules and the chained wrist and ankle cuffs, which I locked on and left the key at home.

We enjoyed the party, and there were several other men also prettily made up and dressed as women so Kim didn't feel out of place. He was thrilled when several times he was mistaken for a real woman. I wore a Playboy bunny costume and, being a tall, busty, lissome blonde, was very popular with one and all. Kim admitted being turned on by his public bondage, and when we came home I kept him in the chains and costume and had sex, not releasing him until morning. I had pictures of the whole evening and he was aroused by seeing how feminine he looked. From then on, he willingly let me make him up and dress him up, from lingerie to costumes and street clothes, tying him up first to keep him aroused and so he could rationalize that he was helpless to resist his feminization.

Soon Kim agreed to clothes being ordered from your Transvestite and Transformation catalogs, as well as gags and other leather bondage gear.

We had money so he really didn't have to work, and I managed to talk him into trying your creams and pills to make him more feminine. He also wore 5" to 6" stilettos every day and tight corsets, helping to make his legs even better and his waist even slimmer, with rounded hips and butt. I kept him tied up hours on end, using the excuse that I didn't want him to remove the corsets or high heels. He loved being tied up and didn't object, particularly when I would tie him so he could see his feminized self.

Finally Kim noticed that his penis and sex drive were diminishing. I told him my desire for him to be a limp-cocked, she-male bondage slave, and tied him in the closet. I then began his transformation in earnest, with heavy discipline, strong doses of hormones, and his prick locked first in your Penis Chastity Device, then later a FL4I Frenum chastity, with studs and a ring so I could attach a leash which, besides leading him by, served as a further restraint when binding him to a chair, post, etc. After he'd bent to my will I let him sleep, bound, in the bedroom, ready to lick my cunt at any time. His lessons in voice, behavior and mannerisms began, and he was lashed viciously every time he said or did something like a male.

His shrinking cock was at last ready for a FL2 Frenum, the screws then broken off so he couldn't ever have sex. His breasts had large implants, and now "Kara" is a true she-male, all in two years! No one can tell by her stunning, feminine looks, demeanor or sultry voice that she isn't a complete woman. My female friends love to bind and dominate Kara, making her eat pussy for hours and have her shapely ass dildoad. They are always amused to see her miniature, metal-encased penis.

Then there are times I crave a real man, though Kara keeps my snatch well satisfied with her highly skilled tongue and fingers, even when her slim, long red-nailed hands are tied tightly behind her. I bring her along and tie her between the bedposts, in black, backless panties, stay-up nylons and 5" stiletto sling backs, so she can watch me get what she can no longer give me-not that she was all that good to begin with. Then I let the man or men play with her, fucking her ass and tits, and whipping her until she sucks their cocks, while I watch it all. They enjoy degrading her quite perversely, and she loves every bit of it!

Story On Page 23

I just had to write and tell you how much your Forced Womanhood, Transformation and now Enslaved Sissies and Maids magazines have meant to my life.

The low point of my life occurred about three years ago, the guy I had been living with was becoming more abusive, verbally and physically. Eventually I had to call the police and in order for me to press charges against him, we both had to be taken in. His anger only increased when we went to court and were ordered to get counseling from a court approved doctor.

When the news about the police call to our home reached the paper I got a call from a woman who I had been friends with, but had not heard from in a couple of years. She and her husband were having problems then and I figured she had enough to deal with, never thinking I would one day be facing a similar domestic crisis.

Denise called, fortunately when my boyfriend Brad was out. She said how sorry she was to hear about what happened and she told me about the problems she and her husband Jack had and how humiliating it was for her in the beginning. We talked for over an hour getting caught up and crying on each others shoulder over the phone. She told me that in the end it was probably the best thing that ever happened to me and that she had a wonderful counselor who took care of their problems and that she was now happier than she has ever been. She said she thought we should see this woman, but I did not think Brad would ever see a woman counselor. Denise said Jack was the same way, but this woman was very persuasive and has a talent for getting inside a man's head and getting them to see things in a different light. I was skeptical but we agreed to get together at her house to talk about it more.

Denise looked great and her house was immaculate. We sat on the couch and Denise told me more about this miracle therapist, I will call her Dr. Veronica. She told me the doctor was a specialist in behavior modification and getting the abusive men, like her Jack and my Brad to see the many positive aspects of womanhood so they can better relate to us and of course stop the abuse. I was fascinated but Denise knew I was somewhat confused by what she was saying and what Dr. Veronica could do.

She said the best way to show her what she was talking about was to have me see the results of the work she had done with Jack. "Jaqui, will you come here please," she called. Coming down the hall I could hear a rustling and what I saw nearly put me in shock."Oh my god" I said. "Is that", she stopped me in mid sentence, "Yes that is Jack, or as she is now called Jaqueline." With my hand over my mouth I could not take my eyes off what I was seeing. The man I knew to be very much masculine in every way was standing before us in a pink maids outfit, pink stockings and high heels which were 5 inches high. Jaqueline was also wearing a petticoat under her uniform, had curly long blonde hair, Jack's hair had always been light

brown. She was wearing earrings, a necklace and bracelet and curtsayed before us. "How may I serve you Mistress and your guest?" She asked in a soft and delicate voice, unlike what Jack used to sound like. "My friend Jennifer and I want some coffee." With this Jaqueline went to the kitchen and brought a pot, two cups and saucers with cream, sugar and napkins. "Jaqueline is very obedient she does whatever I ask and has been rendered incapable of disobedience through extensive counseling, therapy and persuasion by Dr.Veronica."

Denise said Jaqueline was aware of her previous life and has been reeducated to be ashamed of it and has been taught that it is her obligation to serve the female gender in every way for the rest of her life. Denise says Jaqueline is a slave and knows nothing else anymore.

Denise said that not only had Jack's mind been altered, so had some other things. She told Jaqueline to remove her dress and bra and panties and show me. I had thought she was wearing padding in the bra, but when she took it off it revealed two well formed breasts and nipples, totally feminine. Her body was curved and she had a tiny little cock and balls, the cock was sheathed in what I later found out was one of your FL3C Frenum Chastity which not only rendered the appendage useless, it allowed Jaqueline to be led around by her cock with a leash, which Denise did for my entertainment before allowing Jaqueline to get dressed and finish making us dinner.

Denise had only met Brad a couple of times but thought he would be no more a problem for Dr. Veronica than Jack was and said she would be glad to call the doctor and put in a good word for me. I kept trying to picture Brad like that all night long as I stared at Jaqueline, and Denise could tell by the look on my face what I was thinking. Before I left I told Denise to give Dr. Veronica my number so we could talk and maybe set up an appointment. Dr. Veronica listened intently to my story and said it was one she had heard many times before, including Denise and Jack, and it was a situation she says she has had a great deal of success resolving

When I told Brad we had an appointment he was predictably upset, especially when he found out our counselor would be a woman.

I told him the court had approved this counselor and if we did not see her in the allotted time we both could go to jail. He put up a fight but knew it had to be done and he wanted to get it over with. Brad spent most of the time in the waiting room staring at the receptionist, who as it turns out, was a transformed male. Once in the office Brad was captivated by Dr.Veronica's beauty, tight leather skirt, low cut blouse, gorgeous legs, high heels and perfect makeup. Dr. Veronica had us tell our entire relationship history, first together and then while alone with her. While I was alone with her, she told me to order Feminique and Triple Strength Mammary, which I had never heard of. She gave me an order form and told me to begin crushing

these pills up into Brad's food. She said they would give me a head star, on altering Brad's body and begin the development of breasts, softer skin and a more feminine form. She said they were advertised in Forced Womanhood and Transformation magazines and had been effective on many men over the years. I had never heard of the magazines, but Dr. Veronica said I would be very familiar with them soon, because she was going to, through hypnosis, instill in Brad a desire to buy the magazines, read them intently and he would develop an interest and uncontrollable desire to learn more about transvestites, transsexuals, she -males and other non traditional sexual lifestyles.

As our therapy sessions continued I could see changes in Brad, mentally at first, he appeared to become more docile. He was staying home much more and when I found his stash of his new magazines I knew why. When he was out I began reading through them and was both fascinated and excited.

After months of sessions with Dr. Veronica she said it was time to take a very big step. She had me bring all our bank accounts, credit cards and other financial information, along with bank forms. With Brad now very much losing control of himself, Dr. Veronica was able to get him to sign over all of this to me, all in my name, giving me complete control of our finances. His paycheck would be directly deposited and he would receive a small allowance, which shockingly he accepted without a fight.

Next Dr. Veronica said we would be gathering for a weekend retreat with five other couples she was counseling for a very intense three days. The climax of the weekend was to come when Dr. Veronica gather all of us in a room for a demonstration of hypnotism. The women all knew about it and were told to play along and follow her lead so the men would not suspect anything unusual was up. She had us act as if we had been hypnotized and led us out of the room to the delight of the men. She told the men that she would soon have them return, but when they did they would all be dressed sexily, as the Dr. knew the men would enjoy. But that was not to be, the men would be put under with us out of the room, all six were given a post hypnotic suggestion and a phrase, upon hearing uttered by Dr. Veronica would have them do things they never would have even considered before.

As the men sat entranced, Dr. Veronica told us women that our husbands and boyfriends will be getting phone calls from her early in the morning on the day of our next group session in two weeks. In that time we all were to buy our men panties and bras, waist cinchers with garters, stockings, dresses, high heels, wigs, makeup, jewelry, nail polish, perfume, depilatory and women's razors wigs and purses. On the day of the meeting we were to have all the clothes laid out on the bed, and the makeup, nail polish and perfume out and wait for the call. Dr.Veronica had measured the men

with the help of one of her assistants and we were all given the sizes she believed we needed to buy. I had told Denise all about it and about the day it was to happen. She was thrilled and told me that it would be a day I would never forget. I could barely control my excitement as the day approached, and Brad, though obviously more subdued than in the past, had no idea what was to transpire.The date was a Saturday of a three day weekend to maximize the amount of time we would all have for this.

I was having breakfast and Brad was getting dressed when the phone rang. I picked it up and it was Dr. Veronica. She told me to put Brad on the phone and then leave the house for about five hours, returning about 3 in the afternoon. She also told me to place the video she had given all of us women near the VCR where Brad would find it, she said it was a crucial part of what was to occur but had told all of us not to watch it.

I heard Brad pick up the phone and heard Dr Veronica say, "It is time tot make yourself pretty Brenda." There was silence and then Dr. Veronica asked "Do you hear me Brenda?" Then in a nearly emotionless voice I heard Brad say, "I hear you Dr. Veronica." Dr. Veronica said, "Take all your clothes off Brenda and go to the television and watch a special video I had made for you. You will watch all of it very intently and when it is done you will do exactly as the person in the video has done for me, won't you Brenda." Again in an emotionless voice Brad said, "Yes Dr.Veronica," and with that Dr.Veronica said goodbye and I left the house.

When I returned home there was Brad in a dress,

Story From Page 21

Dear Forced Womanhood,

My wife, now my Mistress, instructed me to write and tell you how I felt the first time she had another man after I was turned into a she-male and chastised permanently.

About a year ago my wife came home early from work and caught me in her clothes. She was furious. She went through all my dresser drawers and she found a stash of your magazine Forced Womanhood. She started screaming at me, "I'd this what you want? To be an enslaved girl?" She took all my magazines and didn't talk to me for two or three days. When she finally did speak to me she was very stern, "I read all this shit! So if this is what you want, you are going to get it! And I mean for real." She grabbed my arm and dragged me into the bedroom and made me put on one of her dresses and stuffed my feet into a pair of her high heeled open toed sandals. She put some makeup on me then stood back and looked at me. "You look ridiculous," she laughed, "You need a lot of work to be turned into a real lady." She then grabbed some clothesline rope and bound me up. "If you're going to be turned into a girl then you have to do everything I want," she said. I stupidly agreed. "You will quit work tomorrow and from now on, over the next year, you'll be turned into a

wig, high heels, stockings, his legs shaved, make-up, though not perfect, pretty good for a first time. "Oh Hi Jennifer, I have been waiting for you, how do you like my new dress? Do you think it makes me look fat?"

At our next appointment Dr. Veronica said after the group meeting she, in her professional opinion believed that Brad was a transsexual and his behavior was consistent with a person who was a woman trapped in a man's body. She then prescribed hormone therapy and that accelerated the changes .

A year ago Brad lost his job, in part because he was becoming a distraction, with effeminate mannerisms and increasingly feminine appearance. He had been wearing woman's lingerie under his male clothes since the group session. A year ago Brenda had breast implants at the suggestion of Dr. Veronica, as have most of the others in our group. Since the firing Brenda has been domesticated and has become my maid just as Jaqueline is Denise's maid. When we get together it is such a thrill to see Brenda and Jaqueline go about their duties in their maids uniforms.We especially love to see them in pink and wearing ruffled pink panties which peek out from under their dresses and petticoats as the go about their housekeeping duties. I have found Brenda has become very much sissified when in her frilly maids outfit. It makes me smile when I think back on the verbal and physical abuse that sent us to court and eventually to Dr. Veronica.

Brenda has recently undergone sexual therapy with Dr. Veronica. Much in the same way as the initial therapy that made Brad Brenda, Dr. Veronica through hypnosis and the use of video has transformed Brenda into a bisexual. She now pleasures my pussy with her tongue and mouth

girl. When you look girlish enough to go back to work, you'll go back as a real woman," she explained.

For the next year I went through hell. She ordered me clothes, shoes and your vitamin hormones out of your Transformation Catalog and all kinds of bondage equipment out of your bondage catalogs. After about nine months she took me into a cosmetic surgeon and I had breast implants. This was painful for about a week. Then she took me back to have permanent tattooed eyeliner, eyebrows, blush and bright red lipstick.

Two months later, she bound me up and had a friend of hers pierce me and permanently put on one of your Frenum Chastities. For the entire year she kept me bound up at night.

Then, just last week, she did it to me. She bound me up in the bedroom and brought in a man to make love to her right in front of me. She told me afterwards that she had been seeing him for over a year now.

Even before she started turning me into a girl she would say, "When I caught you with my clothes on and read your magazines, this gave me the idea that I could have a lover and still keep you as my husband, well not now, I want you as my girlfriend."

and just this month the unthinkable happened. After having Brenda watch a video showing a woman sucking a man's cock, Dr. Veronica had a male friend of hers attend our session. The premise was this was a collegeue, another doctor who works with transsexuals. Brenda kept looking at him and crossing and uncrossing her legs, adjusting her stockings and licking her lips. Dr. Veronica had me leave the room with her so the "doctor" could talk with Brenda alone. We went in the next room and she turned on a screen and we could see the two of them in there. When he called Brenda over she wrapped her arms around him, they kissed and he fondled her breasts through her blouse and bra, then he removed them and began sucking and licking her breasts. Suddenly Brenda unbuckled his pants pulled them and his shorts down, knelt and sucked him to climax.

That "doctor" in reality was the operator of a she-male escort service by which Brenda is now employed four nights a week, bringing money in for the first time since her firing.

I now have the best of all worlds, an obedient servant and maid who prostitutes herself for me and for the pleasure of others. It is a long way from the abusive Brad to the submissive Brenda, but it was time and money well spent.

"Now Brenda bring your Mistress a glass of wine and lick my pussy like a good little lesbian should." I love my life so much. Thank you!!!!

*Sincerely,
Mistress Jennifer*

I was so humiliated and hurt watching my beautiful naked wife in only opera pumps getting screwed by this good looking guy. My wife is 35 years old and blonde with a sexy body.

It all hit me at once. I couldn't have sex with her anymore, or anyone for that matter. I had to watch as this guy fucked her and she moaned and screamed in ecstasy.

After they had both came and tears were running down my face she said, "Now Jenny, which is my name now, I want you to meet Daniel. We've been lovers for over a year and he knows what you are and he makes love better than you ever did."

He looked over at my bound up body with one of those snickering smiles. I cannot begin to tell you how awful I felt and how humiliated I was. I didn't realize how much I would miss having sex with my wife.

The next morning when we were alone she commanded I write this letter and let your readers know what really can happen to them.

DOMINANT WOMAN TURNS MEEK MAN INTO PRETTY SHE-MALE SLAVE TO GIVE ORAL SEX TO HER AND HER LOVERS

Dear Forced Womanhood,
I've dominated and feminized males since I was twelve. My widowed mother had to work, leaving me to care for my two younger brothers. When they misbehaved I made them wear my old lingerie and tied and gagged them in a closet. Later on I decided to put them to work and shortened their time in the closet. I made them clean the house and do the dishes in dresses and heels with their wrists and ankles rope-hobbled, and also gagged if they complained. Mother approved of what I did, and I continued the punishment until my brothers were in their late teens. Then I found a job and left home.

I missed dominating and feminizing my brothers, so I searched for a willing male. It took some time but I found Herb, a shy, handsome man, shorter and a few years younger, with a girlish figure. When he brought me home and came in, I pulled my act that occasionally worked on men and said perhaps I should tie him up so he wouldn't rape me. To my delight from then on I saw Herb regularly and slyly eased him into feminization. I soon had him wearing panties and stay-up hose under his clothes on our dates. When we stayed in at my apartment, I would completely make him up, including a red wig, and dress him up. Often he would spend the whole weekend bound and feminized. His meekness encouraged me to bind him more strenuously and spank and whip him. He never objected, even when I would make him crawl in ropes to me and kiss and lick my high heels. One day I discovered your magazine and catalogs, and seriously thought about turning weak Herb into a pretty she-male slave. More and more he'd come to truly enjoy bondage, feminization and domination. I had him quit his job, move in with me, and begin using your pills and creams. I lived

near work so I would keep Herb tied up in erotic clothing from your Transformation and Transvestite catalogs (if he didn't have household chores that day) and come home on my breaks and lunch hour to free his numb body for a while. Then I'd have him change into another sexy costume, tie and gag him again, and go back to the office. I would be so horny thinking about feminized Herb waiting helplessly for me to return and untie him that it was hard to keep my mind on my work.

Soon the results were beginning to show. The corsets nipped Herb's waist and made his ass and hips rounder and more feminine, his breasts and hair grew, and his small penis, which I'd put in a FL2C Frenum Chastity. Usually the guy would go along once or twice, but I'd never met anyone who really liked being tied up until Herb. He meekly stripped at my suggestion that he not get his suit wrinkled, then sat submissively on the couch while I tied him, and stayed bound all night without a word.

We continued this for some time and suddenly Herb changed his mind and wanted to stop. I wasn't about to let him, as Herb was well on his way to being a lovely lady.

I strung him up from a ceiling hook and beat him viciously from shoulders to calves, lingering on his cock and balls, with a long velvet whip that stung but didn't leave marks. His mouth-filling, rubber penis gag silenced his cries, even when I slashed the whip repeatedly down the middle of his ass crack, searing his hole and both cheeks at once. I had several orgasms without even touching myself as I watched his slim, feminized form, naked but for garter belt, nylons and stiletto heels, writhing and jerking madly under my cruel lash. It took a week of intricate bondage, severe beatings and humiliations to break Herb's will. I rel-

ished dildooing him with all sizes of rubber and plastic dongs, and also using my long stiletto heels, which he was forced to suck clean. His prick was soon so small I put it in a FL2 Frenum and broke off the screw heads, denying him sex. He really wasn't very good, anyway. Then his breasts were soon ready for implants, and Herb meekly agreed to the operation.

Now "Helen" is a gorgeous, slender, buxom red-head who easily passes as a real woman. I love taking her places and seeing the interested looks we get from men (and some women). Tied and gagged, tiny prick hidden in a G-string, she watches me fuck men, then services us with her mouth. It's great fun!

THE BUTTERFLY

My name is slave Julie and I am writing this by command of my Mistress. She wants all interested parties to know how dominated I have become. You see, I am a permanently chastised, permanently feminized bondage and sissy slave. I have been this way for two years, eleven months and three days, and according to Mistress, I will remain this way forever! Since I am in bondage 99% of the time, I can see her point! Three days ago was an unruly day for me. As soon as I was awake, my poor chastised penis was straining to get erect, and I can't explain why. I mean since I have been a slave, Mistress has administered hundreds of cock and ball torture training sessions, so for the most part I've learned how to keep calm. Sometimes, though I can't help it - I'm so easy to arouse these days! The frustration is matched only by the pain - it hurts so - even after almost three years!

Well, Mistress noticed my naughtiness early, but she let me continue my chores. She giggled at my helplessness. Since I was wearing only a lace garter belt, a pair of whisper thin nylon stockings, a pair of 5" pumps, and lots of perfume, I found that it was very difficult to calm down. Even the feel of nylon stockings against my shaved legs drove me nuts! The smell of perfume and the feel of the 5" pumps just fueled my raging hormones. After I served lunch, Mistress had me go to the Ladies Room to freshen up. When I emerged, I was directed to the Training Room. Once there, I removed the pumps and Mistress proceeded to strap me into her straightjacket. I then laid on the floor and Mistress hog-tied me. She then put a spreader bar between my knees. Mistress called this the butterfly. There I lay, helpless in her bondage. My chastised penis ached to fully bloom. My mind raced. I wished that I hadn't been so naughty.

Mistress knelt down beside me. I shuddered. She took a leather shoe lace, tied one end to my Prince Albert ring and the other to the spreader bar so that my chastised penis was standing straight up. It wasn't tied to tight but it kept my penis in easy reach.

Mistress then proceeded to coat my penis with "penis medicine" (Icy Hot ointment) then walked over and sat down to watch me wriggle and squirm. Along with sobbing and whining. The pain from the penis medicine, when applied to a chastised penis, is excruciating.

One coat lasts 30 to 40 minutes, Mistress gave me six coats before she was satisfied that I had learned my lesson. I love my Mistress, so I will endure anything to be a more docile and feminine slave.

WOMAN ENSLAVES ABUSIVE BOYFRIEND AND TRANSFORMS HIM INTO A REAL GIRL, INCLUDING BREAST IMPLANTS AND REASSIGNMENT SURGERY

Dear Forced Womanhood,
It has been over two years since I first wrote to tell you how I had my brutally abusive boyfriend Chuck fully feminized and transformed into my docile sweet slave Charlene.

I cannot thank you enough for printing my letter in issue 27. Soon after Charlene returned from her year long training with Mistress Patricia, I showed her the letter and she cried her eyes out, an emotional display like Chuck never displayed. I never saw him cry or even show remorse, and seeing that I knew how thoroughly Mistress Patricia had devastated his male psyche.

The reason I am writing now is to update you on my precious slave and what has happened to her since the last letter.

Your Feminique and Triple Strength Mammary really worked and started the bodily changes from male to female. They prepared his body well for when, after training, I took Charlene to a therapist who specializes in gender issues. Charlene was so uncomfortable at the start, but in just a half dozen sessions, she had Charlene sized up to my delights as a transsexual, citing the bodily alterations, and the way she answered certain questions, that she didn't realize, but the answers came quite naturally as a result of her intense year of feminization training. The doctor called me in with Charlene for a consultation and said Charlene was incapable being a male and said she could go on as she is, living basically as a she male, or she could prescribe hormone therapy in preparation for gender reassignment surgery, which she said she would recommend.

Needless to say Charlene was put on hormones and a year ago had her breast augmentation surgery. Last time I wrote I told you that Chuck was a breast man and I figured that I would make sure Charlene was well endowed. Charlene emerged from surgery with a set of 44C breasts. I must say she has beautiful breasts now and it excites me so much to see how she now has to deal with them, she was not able to sleep well at all for weeks not being used to having large breasts, in fact for so much of her life having no breasts at all. She basically had to learn to walk again to balance herself, and found reaching and bending a much different experience.

Charlene quickly became very self conscious about her breasts, and knew men were and still are staring at her, and seeing nothing but breasts. She already has told me she thinks those type of men are pigs and on more than one occasion has broken down and cried about being looked at for her body, specifically as a "pair of boobs" rather than a person. I told her unfortunately all too often it is part of being a woman, and just one of many reasons why I had her feminized.

Charlene tries so hard to hid her breasts when she is out, but, as much as possible I have her wear low cut blouses and dresses with a bra that lifts

and produces maximum cleavage, and for someone like Charlene there is a lot to show.

Charlene has also had collagen added to make her lips much fuller and the combination of such full glossy lips and ample cleavage makes her the object of stares, whistles, cat calls and some very crude remarks from the male of the species. She has even admitted to me that she now knows how Chuck made women feel.

All this time of course Charlene served me as my cook, maid, and my ladie's maid, not only doing my laundry, ironing and sewing, but, laying out my clothes each day, preparing my bath and bathing me, helping me in every womanly thing I do.

Unable to pleasure me with Chuck's old cock, which over time had not only shriveled along with his once mighty balls, it became Charlene's submissive duty to please me with her lips and tongue. Chuck would force feed me his cock and was quite strong then and I would sometimes have to suck his cock for hours, to climax then do it again to climax. So you can imagine what pleasure it gave me to have this feminized creature lapping away at my pussy, licking deep inside me and bringing me to new sexual heights.

Down from Chuck's weight of nearly 200 pounds, Charlene was returned to me at about 150, and over the last two years, hormones, diet, and exercise, Charlene is down to about 120 pounds. Her body is soft, curved with rounded hips and bouncing breasts, except for that little, and I mean little problem between her legs.

Thankfully this past spring Charlene became complete and permanent with her surgery. She was scared, which I suppose is natural, but had been growing more anxious about having sex and could not as she was, but can and has now. Now my once abusive boyfriend has a pussy too, and that cock that caused me so much anguish and pain is gone. Charlene has told me how much better she feels since the surgery and how she likes the way her panties fit and how wonderful it is to have sex again. Remember she has not had it since just before Chuck was taken to Mistress Patricia to be reeducated. Charlene has been dating when I would allow it since she came back to me, all men selected by me and all very much into dating she-males and transsexuals. These men

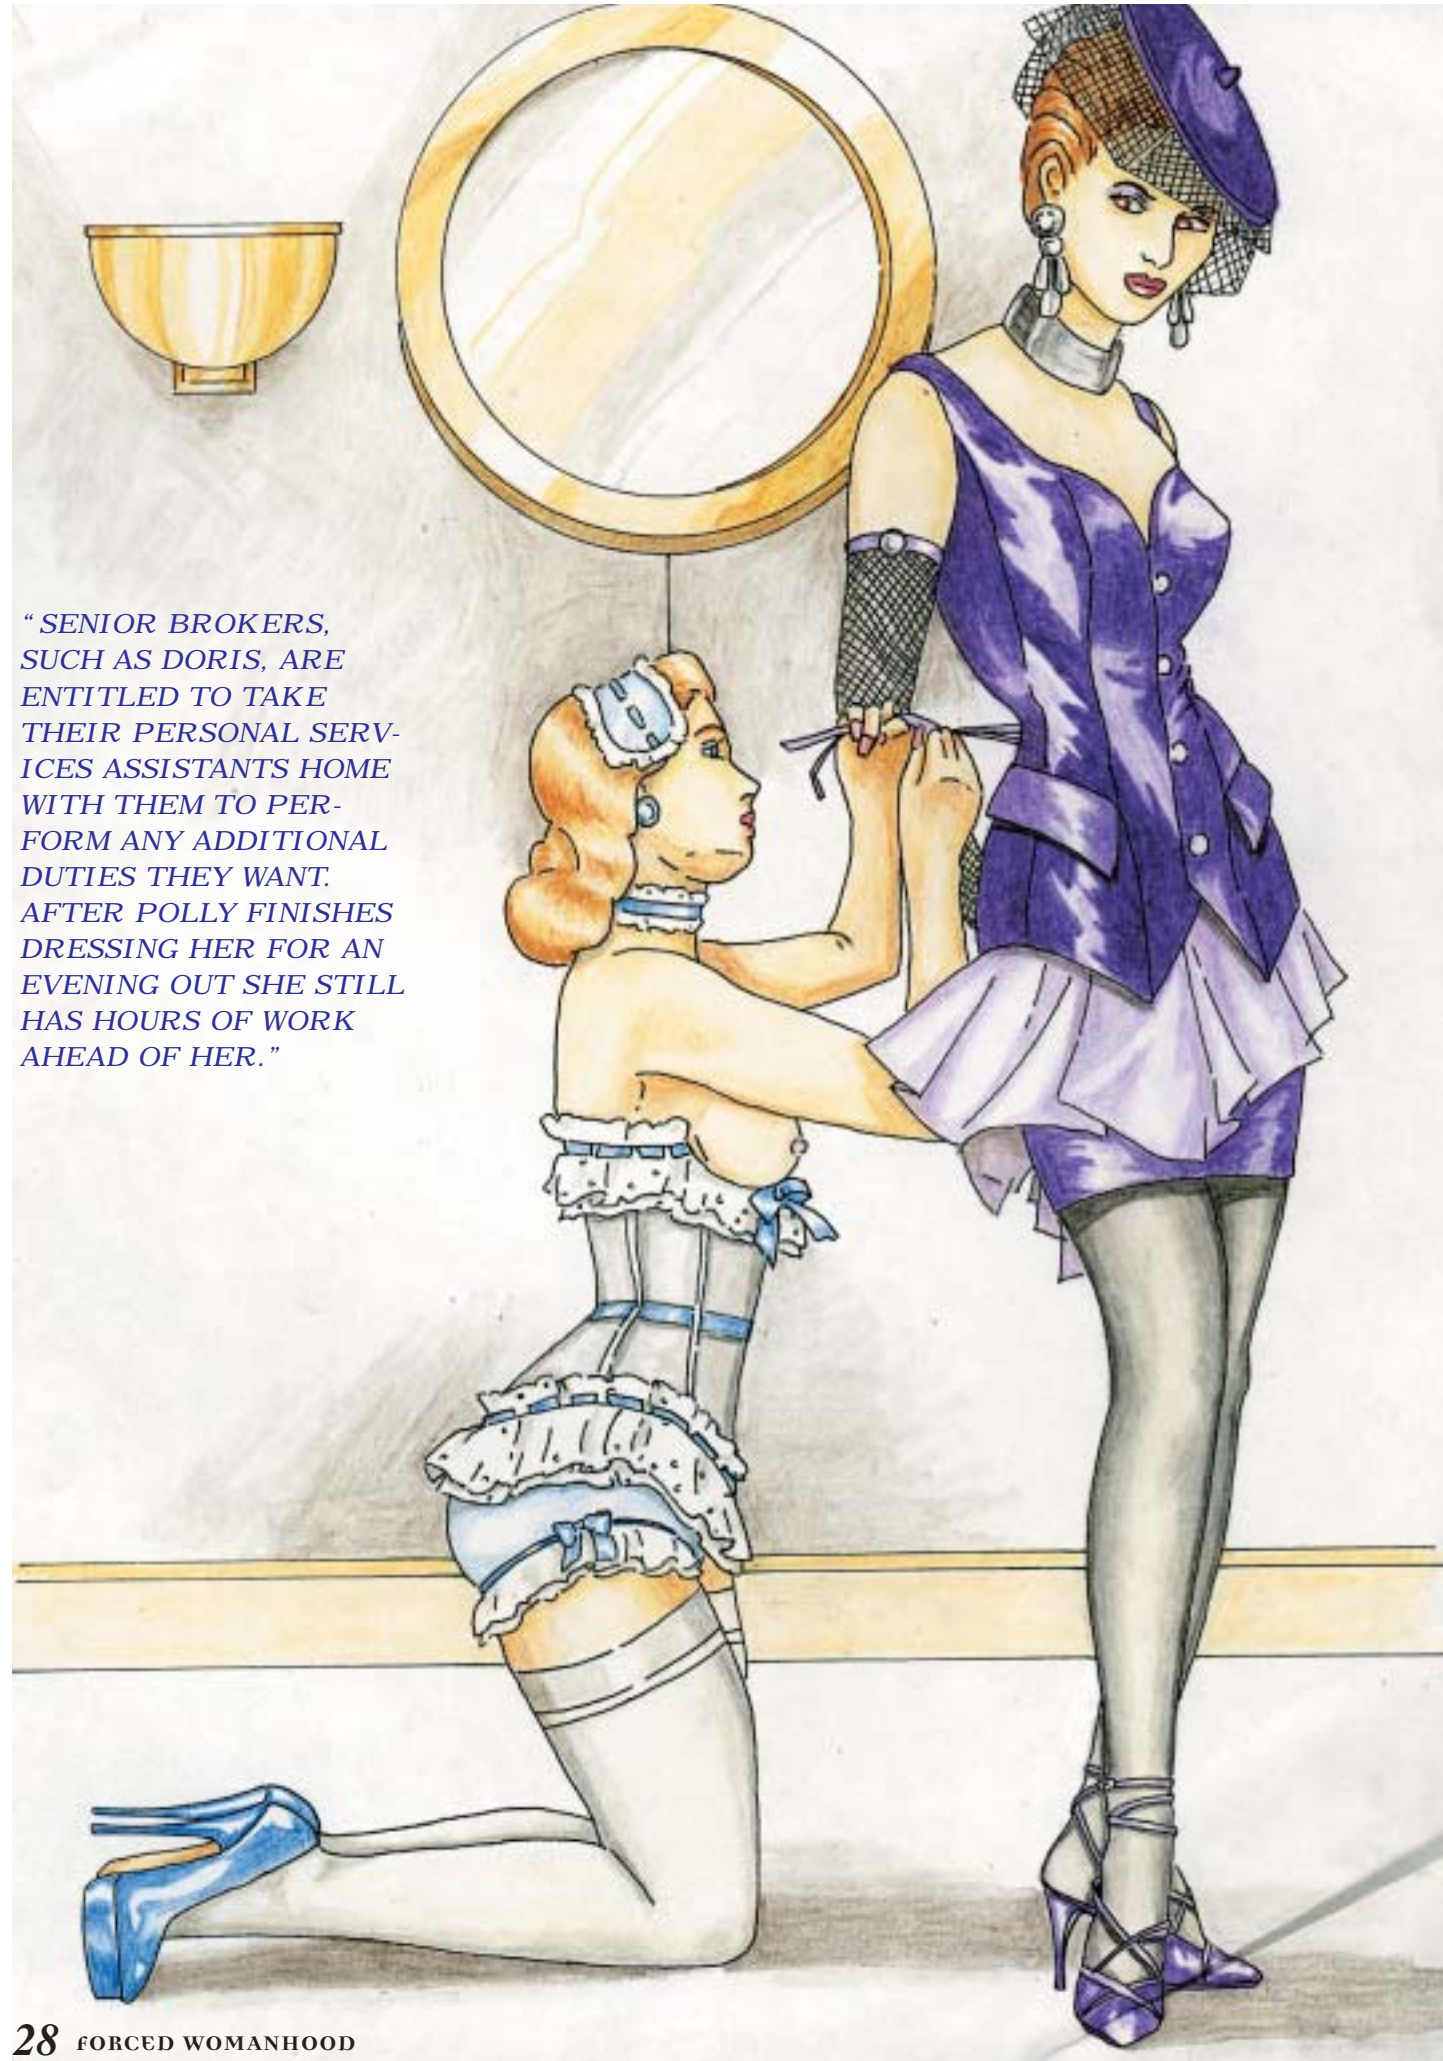

can forget she used to be one of them, because they say so many girls like Charlene are much more obedient and willing to do what they ask to please them. Charlene says she remembers how Chuck used to like to have me suck his cock, and now she uses that to please her men. I could never have dreamed Chuck would turn out so well. I have started dating again, but always have Charlene to please me whenever and however I desire. Since her surgery, Charlene has been dating a man named Jeffrey. He is very good looking and the athletic type, although as I wrote last time, Charlene really isn't into sports. They make a lovely couple and this too excites me knowing that Chuck used to be a verbal and physical abuser of women, me in particular. Jeffrey treats her well, but it is very much a sexual relationship.

Charlene has told me she does not have nearly the number of orgasms she had as a man, but says when she does they are so much more powerful, pleasurable and overwhelming. So I still have an obedient slave, my love life has never been better and Charlene has a boyfriend. Now why wouldn't any woman, especially one with an abusive boyfriend or spouse who can afford to have this done to him not do it?

Again, thank you so much for all you have done to help me and others. We wouldn't miss an issue.

*With sincere thanks,
Mistress Denise*

EFFECTIVE PUNISHMENT OF SHE-MALE IS BOTH MENTAL AND PHYSICAL

Dear Jeri,

Paulette's fantasy was to be feminized and become a she-male slave to a stern, domineering woman.

Yes, she agreed she must obey her Mistress and realized that when she wasn't an obedient slave she had to expect to be punished.

Unfortunately, Paulette didn't realize the level of obedience, and the only way to achieve this is to break them of the nasty habit of thinking. They give up the right to think when they become a slave.

As expected, Paulette was having problems adjusting to this concept. The only solution is immediate punishment for hesitating to obey for even a fraction of a second. A sure sign that she's still thinking. I also consider a slave disobedient if they fail to carry out an order to absolute perfection, or failing to do it in the required time. I actually keep a stop watch on me and time her to the second. One second late and the punishment is as severe as if she were ten minutes late.

I take an impersonal, methodical and scientific approve to punishing my she-males, although I don't really enjoy it. It's simply a necessary point of breaking them.

What I've found is that an effective punishment is as mental as physical. When I point out a fault I expect Paulette to admit that she's been disobedient. Then, on her own, she must fearfully ask me to punish her.

"Very well Paulette, you may go to the Punishment Room now and make yourself ready. I'll be in when I find the time," I say to Paulette, who already has a most fearful expression of dread on her face for she knows what that means.

Going to the barren room who's only fixtures are a tiny wooden stool and a chain bolted to the wall with a collar at the end. After removing her clothes she turns on the intercom so that I can hear her in any part of the house.

Next she places the collar around her, tightening it, as demanded. If she doesn't remain absolutely calm, she loses her breath. With the collar locked on she grows even more fearful as now she knows there is no escape. Standing she tightly cinches the five belt leg binder, attaches the nipple bells, and puts the crop in her mouth. Now there's nothing left but to sit and wait.

Which, psychologically, is actually worse, to my way of thinking, than the actual punishment. As she never knows when I'll come. It could be in ten minutes or hours later. So, as each minute that passes I know her dread increases, her nerves are shattered, the anticipation, fearfully, rises and rises. By the time I do arrive I see a mixture of relief and built up terror on her face. It's not uncommon for one of my slaves to involuntarily pee in fright when I enter.

DAILY COCK AND BALL DISCIPLINE KEEPS SHE-MALE IN LINE

Even before we were married I'd decided to feminize Ralph, my future husband. I already thoroughly dominated him, mentally, physically and sexually. He wasn't much of a man, but what I wanted was his money.

When I told him on our wedding night, after he'd laid there and I'd fucked him, that it would be a once a year thing on our anniversary, all the door-mat could do was cry. When I told him that I thought it best for our marriage, that he be completely feminized he didn't understand.

I patiently explained that I'd never thought of him as a real man, even from the time I met him, and that he proved it over and over again.

Honestly I was surprised by the amount of resistance he put up. So I decided that what "she" needed was a daily dose of discipline, centering on the last visible symbols of what he'd once been, his cock and balls.

Now, whenever I come home he's waiting, fearfully, where he knows I expect him, or her, to be. In the hallway. His arms manacled high above him, legs well spread locked in a spreader bar. Of course his little cock has been chastised, It was the first thing I did the day after we were married. I had a ring permanently installed in his belly button and keep his cock tightly chained to it. She's free to pee whenever she wants, although she has

to get down on all fours as close to her doggy dish water dish to do so. And heaven help her if she misses. Then she really gets it.

She hangs there, nicely frightened, a stage I really do think to keep her in, while I go around and inspect her days work.

"Two hours, ten pounds," I declared when I'm finished inspecting her work.

Hearing this poor Regina lets out a heart wrenching cry as I attach ten pounds to her balls. Two hours later when I return, I pat her bottom lovingly as I remove the weight. She promises not to be naughty again, but she always is.

MISTRESS TURNS MAN INTO SISSY SHE-MALE BONDAGE MODEL

I had never met a she-male until I was given a bondage calendar assignment by a TS publication. I was surprised to find the twelve "ladies" were as feminine as I am, and even more cooperative than real female models. While most women only tolerated bondage, often complaining the ropes were too tight or the positions too strenuous, the she-males never complained and even seemed to submissively enjoy their helplessness.

Afterwards, I read your magazine and learned how to make a she-male with your creams, pills and hormones, which I ordered. For some time I'd been aware that my assistant Virgil had the hots for me—not surprising as I am a tall, svelte, busty, red-haired beauty. Being slight, effeminate, and almost girlishly handsome, he offered definite possibilities. My opportunity came when a woman model canceled at the last moment, and I convinced him to be my female model. Already intrigued by the she-male models earlier, Virgil gladly shaved his body, put on the sexy lingerie (I stuffed the bra artfully), 5" stiletto slingbacks and flowing blonde wig. I applied his makeup, and then he really did look like a woman!

Virgil made an excellent model, he knew about posing and, like the she-males, didn't complain about his tight bondage.

I found I enjoyed binding him just as much as he enjoyed being bound. By the time the shoot was finished we were so horny that I had sex with Virgil while he was still tied and feminized. It was the best sex either of us had ever had. I kept him in bondage while I developed the film. The photos were wonderful, and as I showed them to Virgil I told him I wished to transform him into a she-male and make him a top model. Still horny from the newness of it all, he agreed eagerly and remained my bondage, TV sex slave for the rest of the day and also that night.

Virgil moved in with me and I threw away his clothes and kept him solely in women's lingerie at home and street wear when he helped me in the studio. He used your creams and pills and wore waist-cinches and corsets day and night along with 4" to 6" stiletto heels, which helped give his butt and hips a rounder, more feminine shape, narrow his waist by several inches, and make his ankles and calves more shapely. Things went well, as Virgil became more feminine appearing I used him more and more as my model, sometimes teaming him with a real woman model to act the part of a TV in some poses and that of a woman in others. Then he began to see that his penis shrank and his sex drive diminished as his breasts grew and his body continued to change. Virgil tried to stop taking the pills and using the many creams but I took a firm stand. I wanted a she-male bondage slave and that was that! I overpowered him, spread-eagled him upside down and went to work with a long whip until he fainted. His breasts and small prick and balls banging and grating over the rough carpet, I dragged his limp, red-marked body to a closet by his long blonde hair. I stuffed a huge ball gag in his red painted mouth, tied his girlish, high-heeled and lingerie clad figure tautly from shoulders to ankles with a multitude of thin sash cord, then locked the door and left him there for the rest of the day and night.

When Virgil was released from the closet the next day, he was meek and apologetic, kissing both my pussy and feet. I took time off from business and devoted weeks to his female voice and behavior lessons. He was a fast learner, and I only had to slap his face or lash him occasionally. Still, there was hardly a minute when he wasn't in some sort of bondage. He practiced sucking cock on various-sized dildoes that were then rammed up his ass, and also became a superior cunt-lapper. At last a FL2 Frenum was put on his tiny cock permanently, and large breasts implants soon followed.

"Virginia" is now a very popular she-male bondage model and even has her own calendars and posters. She can no longer have sex but her mouth and shapely butt (which I love to dildo while she's tied helplessly in many strenuous ways) keep me happy. Depending on my mood, I either leave Virginia tied and gagged at home while I go out for sex, or else take her along to make a threesome or foursome. The men love her, as a she-male knows more about pleasing a man than a woman does!

Dear Forced Womanhood,
Just a quick note. My husband put me in charge of turning a TV friend into a beautiful she-male slave to keep house as our maid and satisfy me and husband sexually. He now gives great oral sex to both of us and my husband fucks him in the ass. Our poor slave has had too many hormones to get a hard on so we use him in every way.

FRENUM CHASTITIES

In Sterling Silver

Our Frenum Chastities can be put on temporary or permanently. The scare or threat for slave is, "if you can't take it off, I'll put it on permanent and you'll never again be able to use your penis!" The Barbells on each end of frenum Stud screw on and off. We suggested in our previous issues that to put it on permanent was to use a welder's liquid solder (found at any hardware store) or perma glue on the screw threads, then screw into studs while your slave is tied down and while the glue or solder dries. Now Centurian has invented a new device for real sincere people who want their slave pierced and no way out. See further in this article, (Permanent break off screws.)

FL2 Frenum Chastity

Many people have their slave wear this as a sign of being a slave. Also many women like the feel of the knobs going back and forth in their vagina. Includes Frenum barbell. Comes in 7/8, "1" or 1 1/8" in diameter. \$168.00

FL2c Frenum Chastity

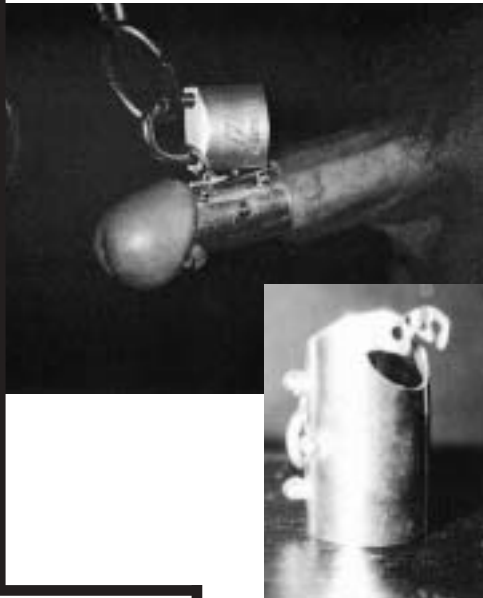

This is not necessarily a chastity because it is not long enough to prevent an erection. Actually many people have their slave wear this as a sign of being a slave. Also many women enjoy the feel of the knobs going back and forth in their vagina. This can easily be put on temporarily or permanent. Includes Frenum barbell. \$275.00

FL3c Frenum Chastity

This one is 1 1/2" long and is made as a chastity and prevents erection with heavy pain. It does not have the knobs like the others, but it has ring for attaching a leash. Comes in 1" or 1 1/8" in diameter. Includes Frenum barbell. \$385.00

FL4A Frenum Chastity

This one is 2" long. Solid cylinder tube. Comes with studs and ring for attaching leash. Includes Frenum barbell. Barbell size is 10 or 8 gauge. \$450.00

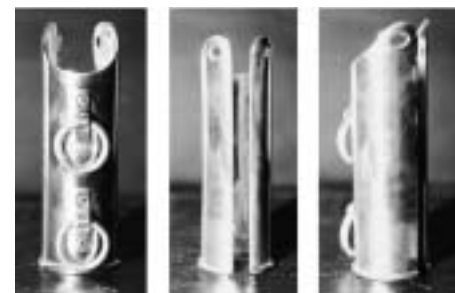

FL4E Frenum Chastity

This one 2" long. Open cylinder tube. Comes with studs and ring for attaching leash or anything you can think of. Barbell size is 10 or 8 gauge. \$450.00 including barbell.

FL6A Frenum Chastity

This one is similar to FL4E but with a wider opening and 1/4" longer (2 3/8" long). Comes with silver studs and ring. Open at bottom. 1" or 1 1/8" in diameter. Includes Frenum barbell. \$525.00

FL8 Frenum Chastity

As you know, these are made for real slaves who are not allowed to have sex. It fits the entire length of a soft penis even stretching the penis a little. The FL9 is the longest being 3 3/8" long. Completely engulfing the entire penis shaft behind the head of penis. This one is open at the bottom, the entire length. It also has two "O" rings for teetering your slave. Comes in 1" or 1 1/8" in diameter. Sterling silver with barbell stud. \$925.00

FL6J Frenum Chastity

This magnificent chastity has been our most popular model. Many of the letters we get from Masters or Mistresses are using this chastity on their slaves and putting it on permanently. It's nearly 2 1/2" long with a solid cylinder. Comes with silver studs and "O" ring. Includes Frenum barbell. \$525.00

FL9 Frenum Chastity

The length on this magnificent chastity is 3 1/8" long. It has a complete solid cylinder. two "O" rings for teetering your slave. Beveled at end for more comfort, life-time fit. This item even looks threatening and sinister. Completely hand made out of sterling silver. Comes in 1" or 1 1/8" in diameter \$895.00

PERMANENT BREAK OFF SCREWS

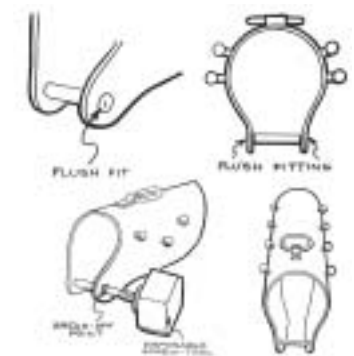

We spent \$5,000 with a special machine shop to have these permanent screws made for us. BUY AND USE THESE ONLY IF YOU REALLY, REALLY WANT YOUR SLAVE CHASTIZED FOR THE REST OF HIS LIFE. Or you might want to buy these as a threat to your slave that if he doesn't behave, you'll use them. Our normal barbell studs come with the screw in balls at each end. These permanent screws replace these. Note the very end of the screw it's designed to screw in, then EASILY break off evenly with the frenum chastity hole LEAVING NO WAY to unscrew it. 90% of the length of this is just an easy tool to screw in the permanent break off screw. The plastic handle is put on each throw-away screw to enable you to screw in the little tiny screw at the end. The middle long screw is then thrown away. You take the handle off and use it for the other side. We give you three screws (an extra one, in case you make a mistake) plus the handle for \$79.95 these can be used on all of our frenum chastities.

Shows screw solid in after being broken off

Shows how once the screw is in, there is no way to get it out again.

Shows permanent screw being screwed in ready to be broken off even with a frenum

How to feminize your body with natural herbs and vitamins that have natural female estrogen

In order for you to take synthetic estrogen (Premarin), you have to get a prescription from your doctor. This cannot only be difficult to do but embarrassing as well! But did you know?

There are two herbs with natural estrogen in them that will give you the same effect as estrogen without all the side effects of possible cancer, loss of erection, etc. These two wonder herbs for crossdressers are black cohosh and blessed thistle. These two herbs will not only give you BREASTS, but softer more feminine skin and silkier hair. They will also feminize or round out your features.

If you didn't know it, TRANSFORMATION has already mastered this truly wonderful formula with its three unique vitamin hormone pills.

Glandulars are the secret! Glandular therapy utilizes raw concentrates of glandular and organ tissue. The theory is that like cells help like cells. In practical items, this means that raw ovarian concentrate, for instance, contains a variety of known and unknown intrinsic factors that support ovarian functions in the recipient. The "raw" glandulars are used in Feminant are dehydrated by a special process which insures they contain all of the enzymes and hormones that are present in the natural tissue. One of the key elements provides 200mg of raw ovarian concentrates to assist in the production of the essential hormones, FSH (follicle stimulating hormone) and LH (luteinizing hormone).

These hormones perform basic biochemical and physiological changes in the female body, including increasing breast size and softening of the skin.

Other changes include development of special glands in the fallopian tubes and uterus to promote ovum implantation, enlarging of the pelvic area, faster extension of bone growth, decrease in bone growth period and mild retention of protein and calcium.
