Dear Forced Womanhood,

Enclosed is a photo of my now she-male slave sucking my cock. I met Brian who came crossdressed to our local bar. We soon became friends and he showed me your magazine and told me that this is what he wanted. He is now my female companion and my beautiful slave. I'm a bisexual and we now both a man and woman. What could be better!

Master William

Dear Forced Womanhood,

When I found out my husband liked wearing my clothes, I decided to turn him into a real lady. I had lesbian affairs before we were married so it was easy for me to turn him into a beautiful full bosom lady. Because I chastised him, he uses dildoes on me or gives me oral sex. I use a strap on and treat him like a lady and we both have orgasms together.

Miss Francis

Dear

Forced Womanhood,

My husband and I met Ken through your readers ads in Transformation. In his letters back to us he told us how he wanted to be changed into a girl and serve us. We met and over the next year being educated by reading your magazine Forced Womanhood we changed Ken into Karen who is now not only our house servant, but takes care of both of us sexually anytime we want. I love kissing and sucking her new breasts to turn her on so she can then give me and my husband oral sex.

MAN TRANSFORMED INTO LARGE BREASTED WOMAN TO SATISFY MEN AND WOMEN

Dear Forced Womanhood,
I am writing on the command of my very handsome, strong and kind Master Robert, whose letter appeared in issue 33 a couple of years ago. My name is slave Danielle. I was captured by my Master as I did some work on his house during summer break at college. I was seduced by Amanda, Master Robert's first male slave and now my sweet sister. Three years ago my days and nights were bound and shackled staring at my naked reflection in a mirror while being injected with female hormones and anti androgens to block once and for all any production of testosterone. Despite my helpless plight and the fact my body had been shaved, waxed, hair dyed blonde I truly believed that one day I would free myself and escape. It was not to be as the last letter indicated.

MAN TRANSFORMED INTO LARGE BEAUTIFUL WOMAN

I thought Master Robert was a madman until he had Amanda reveal her body, and I was shocked that the woman who had seduced me, was in fact a male, or was one, at one time. I foolishly continued to fight, as I had always done in my life, but this was to be fruitless and counterproductive and with the sedative entering my body both through a gag in my mouth and a plug in my ass I quickly felt much weaker and psychologically was being beaten down. The image of my smooth body changing shape and my breasts becoming very much noticeable, I began to feel very different, a strange, yet not painful feeling. With my made up face, sculpted eyebrows and increasingly hairless face through electrolysis, I was losing my ability to see myself as a male and that was confusing, devastating and truly mind altering. By then I was either bound or being raped by Master Robert repeatedly and not seeing any other way out, I signed a slave contract to which I remain bound to this day. Once my breast implants were in and my breasts were 36C, I knew that this transformation would be irreversible, and not wanting to be bound any longer, I became very obedient and followed orders. My days were then spent 8 hours each day totally immersed in feminine training with a woman who helped Amanda lose all of her male habits, movements, mannerisms and thoughts. By the time my lessons were through, the only way I could move was effeminately. The clothes, especially the high heels were a big help in altering move-

ments, and wearing skirts and dresses I became very aware of how I was sitting, trying to keep people from looking up my dress. My breasts also altered the way I moved and really had to learn to walk differently to account for the added weight to my chest. At first sleeping as so difficult, until I got used to having breasts and knowing how to lay down and move.

As Master Robert said in his letter I had lost a great deal of weight, 180 at my capture and when he wrote I was down to 130. Now with strict diet and exercise and the total takeover of my female hormones, I am down to 115 pounds, trim, shapely and all girl. All except for my dormant former cock and tiny little balls, also dormant. I like Amanda have been chastised with your FL6A Fremum Chastity. Master loves to hook leashes to both Amanda and me at our chastity devices and pull us along, dutifully behind him further displaying our total devotion and loyalty to him and love for him.

Master Robert works us hard, but after all he provides very well for us. He expects the house to be spotless and he has two very well trained maids to make sure the house remains clean. He expects dinner to be ready when he arrives home, and once the dishes are done he expects us to join him to watch videos or simply to satisfy his very substantial sexual needs. Amanda and I very much love the videos that show guys being transformed

either willingly or by force, we can very much relate to them. We also very much love your new magazine *Enslaved Sissies and Maids*, because there are times that is exactly what we are. Master Robert very much likes how sissified I have become over the course of my transformation and enslavement.

Amanda and me fawn over Master Robert and are always eager to suck his delicious and ample cock and taste and swallow his delicious cum. Until my transformation I never realized all I was missing by being a straight male and never sucking cock. At first, of course, I found it sickening and most unnatural, but, in time and after repeated suckings I learned not only to accept it, but actually enjoy it and now my lust for cock is very much like the lust of a genetic female who is very much sexual. Master Robert occasionally loans me out to date friends of his who want a pretty girl on their arm and usually I wind up in their pants, and their cock winds up in my mouth, sometimes in my "pussy" too. I love being seduced by a man and the vulnerable feeling I have had since the hormones and my implants have been a part of my life. Master Robert also loves to have me and Amanda engage in lesbian sex for him to watch. His cock gets instantly hard when he sees me and Amanda kiss, embrace, kiss and suck each others nipples and kiss the tips of our chastised former cocks.

WOMAN MAKES MEEK MAN INTO SEXY SLAVE

Dear Forced Womanhood:

Carl and I met through his letter in the Readers Column of your *Maids and Sissies* magazine. He wanted to meet a gorgeous, dominant young woman who would feminize and enslave him. He looked very feminine in his long blonde wig, brief French maid uniform and leather wrist and ankle cuffs and chains and appealed to me right away. I contacted him quickly and we met one weekend at my secluded house. We talked first, and I learned he'd been raised by his divorced, dominating mother and older sister who both enjoyed humiliating him as a girl. Very early he'd come to believe that women were superior and that he was meant to meekly serve and emulate them. I allowed him to do just that over the weekend, keeping him in bondage while wearing either skimpy black lingerie or his maid's costume. He would crawl to me in ropes and kiss and suck my 7" stilettos like pricks before I dildoad his ass with them.

We began seeing each other exclusively, and my fertile mind would think up new ways to bind and humiliate him. What aroused both of us the most was when I would have a brief, sexy costume (ordered from either your *Transvestite* or *Transformation* catalog) delivered to him by messenger with a note commanding him to wear it over to my house. There was also a warning that I would check his car and he would be sent straight home if I found any male clothes hidden inside.

He took me at my word and I never found any. The excitement of it all would have us both hot and horny and ready for action when he arrived. I also sent him home like that early the next morning. Finally Carl quit his job and moved in as my TV bondage sex slave maid. I kept him in wrist and ankle cuffs and chains, often penis-gagged, while I was at work (I'm vicepresident of an advertising agency), then I would place him in very strict bondage after he'd served me dinner. Carl did all he could to please me, taking my many feminizing pills and creams and constantly wearing a corset or waist-cincher and 3" to 6" stilettos. Often he slept bound and gagged so he could not remove them or complain about their uncomfortableness. The corsets further slimmed his trim waist and gave his hips and butt a rounder, more feminine appearance, while the high heels helped his arches and tapered his ankles and firmed his calves and thighs. He also became used to loving my big tits and very horny pussy while bound, and receiving only a hand or blow job in return.

Then Carl noticed his small cock was shrinking, along with his sex drive, and panicked. Much preferring a tongue in my cunt than a prick, I insisted that he continue with the feminizing pills and creams. He refused and I slammed a black leather gloved fist into his balls, doubling him over and sending him crashing to his knees. While he was painfully disabled I tied his wrists up between his

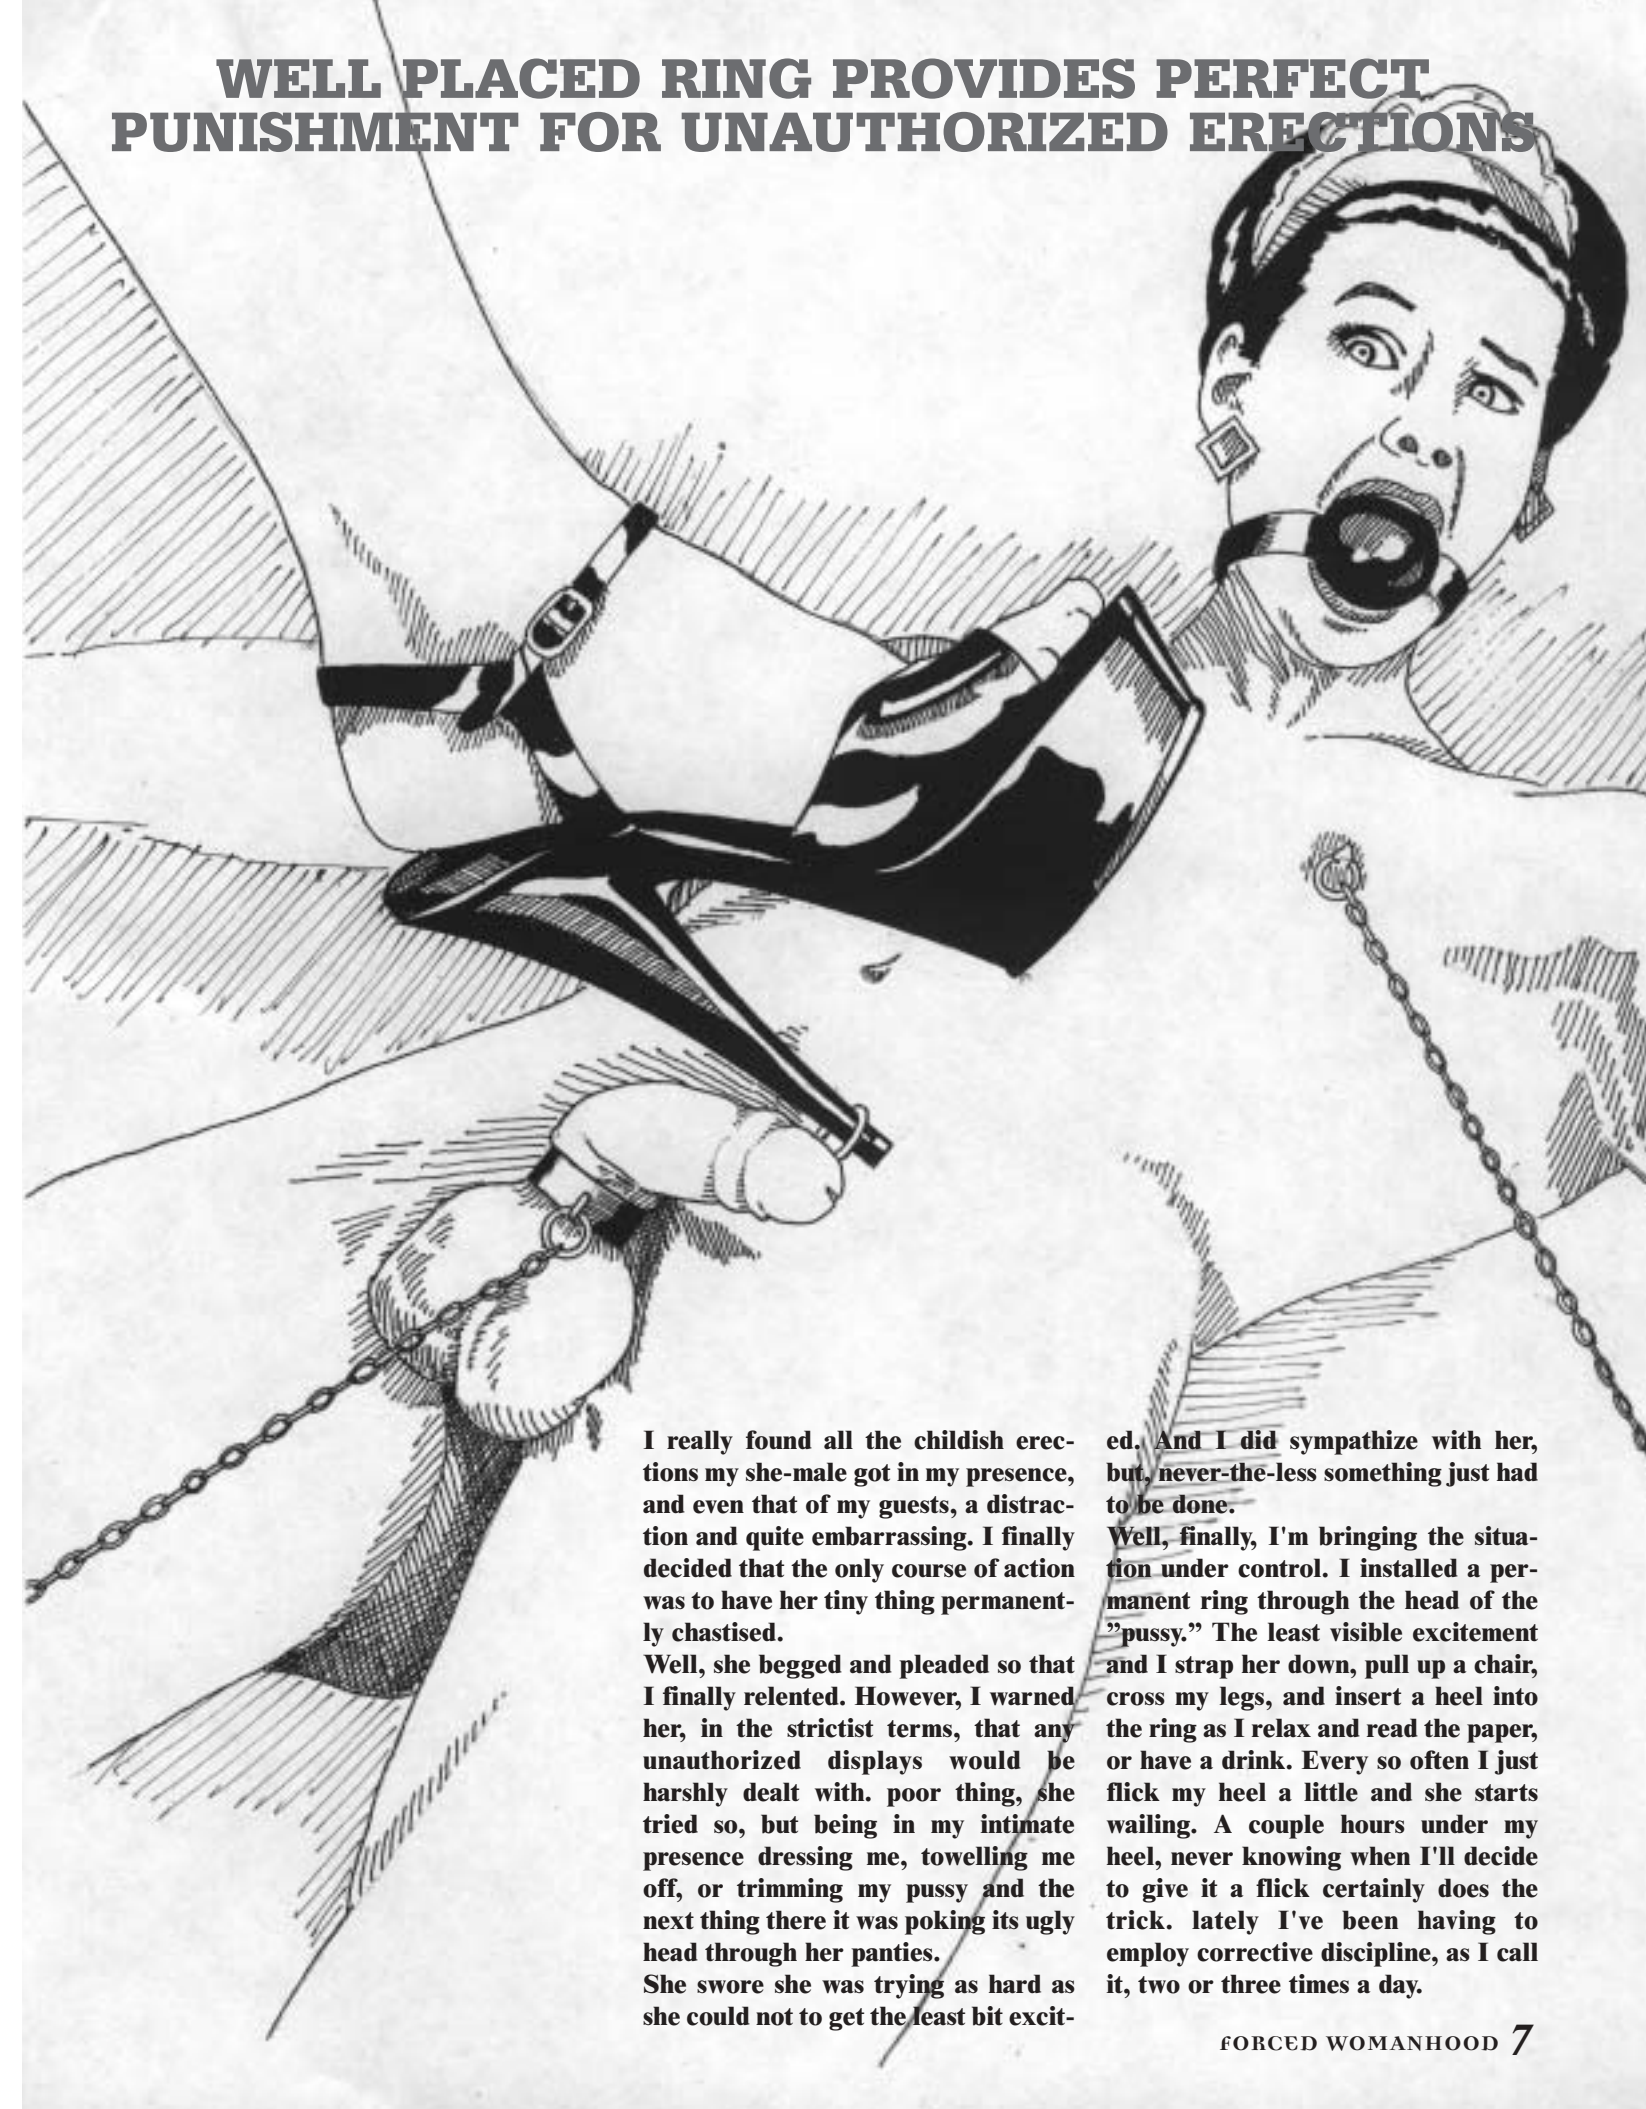

shoulder blades and ran a cinch rope up about his neck, holding them in place. I grabbed his small cock and led him down to the cellar, where I bound him in a compact ball and whipped, walked on him in high heels, and used them and various dildos on his ass. He ate from pet dishes while tied like that, a huge vibrator humming away in his well-abused ass.

Carl held out for almost two weeks before sobbingly giving up and promising to become a permanent she-male sex slave. I increased his pills and creams and gave him lessons in the art of becoming a female. The slightest mistake in voice or gestures instantly brought hard whacks on his small cockhead and balls with a thin riding crop and also down the middle of his asscrack, searing its hole and both cheeks simultaneously. At last Carl's breasts had grown enough to be ready for large implants and his tiny cock (which had been locked in a FL3 chastity that prevented erections with heavy pain) was then locked permanently in a FL2 chastity, ending his sex life.

"Cara" is a stunning, obedient, very feminine she-male who is my slave and constant companion. Bound and gagged, she watches me get what she can no longer give me, on those rare occasions I do want a cock in my holes.

WELL PLACED RING PROVIDES PERFECT PUNISHMENT FOR UNAUTHORIZED ERECTIONS

I really found all the childish erections my she-male got in my presence, and even that of my guests, a distraction and quite embarrassing. I finally decided that the only course of action was to have her tiny thing permanently chastised.

Well, she begged and pleaded so that I finally relented. However, I warned her, in the strictest terms, that any unauthorized displays would be harshly dealt with. Poor thing, she tried so, but being in my intimate presence dressing me, towelling me off, or trimming my pussy and the next thing there it was poking its ugly head through her panties.

She swore she was trying as hard as she could not to get the least bit excit-

ed. And I did sympathize with her, but, never-the-less something just had to be done.

Well, finally, I'm bringing the situation under control. I installed a permanent ring through the head of the "pussy." The least visible excitement and I strap her down, pull up a chair, cross my legs, and insert a heel into the ring as I relax and read the paper, or have a drink. Every so often I just flick my heel a little and she starts wailing. A couple hours under my heel, never knowing when I'll decide to give it a flick certainly does the trick. Lately I've been having to employ corrective discipline, as I call it, two or three times a day.

WOMAN EMPLOYES INSTRUCTORS TO BREAK IN NEW SHE-MALES

It was so damn frustrating. I'd work for weeks bidding on an order and just when I thought I had it signed, sealed and delivered my biggest competitor, Frank Connors, this sleaze ball, would steal it. I couldn't figure out how he was doing it, and it was driving me nuts. I finally found out that after my potential customers would go back to their hotel, Frank would send over a hooker to entertain them. Well, two can play at that game, I thought. So I put an ad in one of the underground papers for a sensitive male who loves dressing up as a maid. From past experience I found that young "trannie" males make the best ladie's maids. They're obedient, totally submissive and can be worked to the bone.

As expected I recieved several responses, so I could pick and choose carefully. The one I settled on showed up in a maids uniform. I named him Alexis. She loved the pink corset I laced her in, the towering white heels I strapped on her, and the enormous boobs I presented her with. She didn't mind at all when I asked her to get down on all fours, and got only a little nervous when I manacled her wrists.

I introduced her to a special instructor I hired to teach her one of the most important duties that she'd be performing for the company.

Monica was a stunning woman who had come well recommended. She stripped down to just her panties and thigh high black boots.

Poor Alexis cried and looked at me beggingly as I sat and watched Monica drop her panties to reveal a huge, pink cock. Monica gradually nudged the huge thing into Alexis' mouth, then getting her to suck greedily on it. Alexis choked and gagged as the entire shaft eventually disappeared down her throat. But when this happened Monica would quickly remove it and start again. She was patient, true, but relentless. Hours later, Monica was satisfied with Alexis' sucking skills and said she will resume training tomorrow.

Alexis wept as Monica strolled out the door. I informed her that another instructor was coming over to train her in another important area.

In no time, Jack was undoing his pants and an erect cock, the biggest I had ever seen, popped out. Alexis looked desperately at me as she felt her cheeks being spread.

"You'll be gentle with her this first time, won't you, Jack?" I asked, really concerned.

"Of course, they're always so tight the first dozen times or so. but, she'll eventually loosen up. You relax now sweetie and let jack do all the work," he grinned.

Needless to say, I never lost another contract to that sleeze-ball, Frank.

FORCED FEMME GANG BANG WITH MISTRESS BETKA SCHPITZ

Dear Mistress,

Can You tell me if there are any health risks involved with prostate milking? I heard there could be long-term negative effects.

texas slave

What an amusing query! Let Me begin by telling those in the dark what exactly milking entails. It is a process where the Mistress removes ejaculate by prostate massage in order to clear away that pesky testosterone juice you little beasts build up. This works particularly well when one is on a chastity program and not allowed any other form of release. I will also add for those slaves seeking the service of a Professional Dominant that this type of activity is not legal in a commercial exchange and you should not expect a Professional Mistress

to perform anything which may endanger Her career or play space. My experience in this area comes from 10 years of lifestyle experience.

As for lengthy orgasm denial through prostate milking, I have found no conclusive evidence that there are any long-term negative effects. There are a few short term effects including possible erection loss for a period of about 24 hrs, personally I think that this is well needed break for most of you oversexed men who suffer from testosterone poisoning. Also it can be dangerous not to release the fluid buildup in a serious chastity-training program where there is a lot of denial after building just short of org'asm. I believe milking is a very real part of placing someone in chastity for extended periods of time. This is for several reasons. It relieves the semen build-up from celibacy forced

by chastity and also helps to eradicate sexual thoughts and urges that are undesired when a slave is to serve in certain capacities.

My personal favorite is simply for the entertainment of the Domina. Now on to the juicy stuff, so to speak.

Prostate massage involves three different organs in the male reproductive system: the prostate gland, the seminal vesicles, and the ampulla. The ampulla actually holds the sperm just prior to ejaculation. The method for finding the prostate gland is quite similar to find the g-spot in a woman. It grows engorged and becomes about the size of a large marble. Start by inserting you middle finger into the rectum and slide it in and up. Slowly as you press up you will feel a small lump. That's the prostate! Just behind the prostate is a small trian-

Continued On Page 15

Story Continued From Page 12

gular shaped nodule, this is the bottom portion of the larger seminal vessels, which is where the ejaculate is produced and stored. The ampulla rests just underneath these muscles and this is the area that needs to be massaged to produce desired effects. A well lubricated middle and index finger used with slow, firm pressure to massage this area in a "come hither?" motion will slowly help the glands to release the fluid without the build up normally necessary in order to achieve orgasm. When ejaculate appears the best way to empty the urethra is to use firm pressure from a single finger up the underside of the base. This will push the fluid out. I find that if I have My slave consume this fluid it increases his submissive behavior and really reinforces My control over each aspect of his sexuality.

There are many different variations of milking. For instance you might cover the cock and balls with bags of ice to prevent any pleasure from that region during the milking process. Thus making it very clinical and methodical. It will most definitely be necessary to tie the beast to something though as they tend to squirm when you start piling ice on their little friend. There is also the question of when to milk, or how long to wait in between milking. This is determined on an individual basis. Most importantly you want to go as long as possible but catch them before the wet dreams begin. After putting a man in chastity for a little over a week they begin to have a problem with raging hardons, provided they are sexually functional and have a healthy sex drive. You should not go without a milking for more than 3

months of chastity. A nasty little infection can form called prostritis. This is very painful and requires a strict regimen of antibiotics to cure. As much as I enjoy medical play this certainly doesn't sound like a pervy good time! I find that if you have him masturbate daily right up until just the point of orgasm it keeps the beast deliciously frustrated, yet keenly focused. Keep in mind it is necessary to make him confess any transgression, spontaneous orgasm, or wet dream. I say a 3 months chastity for a first offense will definitely make them understand the severity of such actions!

Good Luck and Happy Milking!

WOMAN TURNS MAN INTO SISSY, SUBMISSIVE SHE-MALE BEAUTY

Dear Forced Womanhood,

I am a tall, gorgeous, wealthy, young redhead who owns a non-working farm where I have fun weekends with various men. I usually take the dominant role, binding and feminizing them, but very occasionally I am the submissive. That mostly happens when I have an attractive female guest. None of the men really turned me on until Terry, a slim, blond young man with a girlish face and figure, who was very submissive and truly enjoyed being feminized and dominated. What was supposed to be a weekend visit turned into a two weeks' stay, with him feminized and in almost constant bondage. I tied him to trees, fence posts, and all over the barn and large farm house, and he never complained, no matter how tight the ropes or strenuous the positions. That really excited my dominant trait and I experimented with as many unique bondages as I could dream up. To my further pleasure Terry even meekly suggested ways to tie him, and some were quite intricate and demanding.

We began seeing each other regularly, and I finally asked him to quit his job and become my full-time TV bondage slave.

He agreed, and I stopped having weekend guests and devoted my complete attention to dominating him. I made large purchases for him from your Transvestite and Transformation catalogs and I also discovered your wonderful magazine. The thought of turning Terry into a beautiful she-male intrigued the hell out of me, as I honestly much prefer my cunt to be fondled and licked for hours than fucked for about five minutes by a cock that usually cums long before I am satisfied and leaves me horny and frustrated. I had no trouble talking Terry into trying your various feminizing creams and tablets, and soon the remarkable changes were evident. Further helped by constantly wearing corsets, waist-cinchers, and 4 to 6 inch stiletto heels, Terry's figure became more rounded and feminine, his skin was smoother and his long hair much silkier—and he really did grow breasts!

We were both delighted with the results and increased his dosage of pills and daily use of creams. Things went splendidly until Terry found that his cock was dwindling as his lovely breasts (which overflowed an A-cup bra) continued to grow. Terry didn't mind becoming a she-male but he didn't want to become a limp-dicked one! We had a violent, shouting argument that ended with me knocking him out with an uppercut under his jaw that sent him teetering backward across the room on 6" stiletto sling-backs and crashing to the carpet flat on his back, arms and nyloned legs thrown wide. Hurriedly I gathered a large handful of ropes and laboriously tied his slender body, scantily clad in a French maid uniform, in a taut ball and shoved a jaw-creaking rubber penis gag into his red lipstick-painted mouth.

Terry awoke to find me lounging in an easy chair, using him as a footstool and digging my 8" stilet-

to heels into his body while I read and then watched television. Later I pulled down his black lace panties and dildooed his ass with my long heels. I left him with a humming vibrator in his ass for the night, then really began his harsh discipline in the morning.

For well over a week Terry was tied and abused in the barn. I beat him with whips and belts while spread-eagled in the stalls, hung him by his wrists, high-heeled feet inches above the ground, and kept him tied in the hayloft at night. I was almost disappointed when he at last pleaded for forgiveness and promised to become a true she-male. I took him back into the house and increased his dosage and use of creams, and his female training. I locked his prick in a FL4 chastity and made him love my cunt with his mouth and fingers while he was denied sexual relief.

Some months later Terry's nice sized breasts were ready for large implants and then his tiny cock was locked permanently in a FL2C chastity. "Trudy" is a she-male beauty who is easily taken for a real woman. I began having weekend guests again, and the bound and feminized men were content with me giving only blow-jobs or hand-jobs, as I then let them fuck Trudy's mouth, ass, and tit-passage while they were both bound or else the man was free. My male and female guests all love binding and sexually abusing Trudy, who submissively does all that's demanded of her. I love to watch the men, women, or couples amuse themselves with bound Trudy, then join in myself, dildooing one and all. It's so very delightful!

PORN KING IS NOW SISSY QUEEN TO GET FUCKED

In high school I had the lead in all the plays, and voted prom king, as well as most popular boy. My best friend was a big, shy, kind of nerdy guy, and even though I had my pick of the girls in our class, I'm ashamed to say that I stole his steady girl. Of course it didn't mean anything to me and I dumped her, but he didn't forget. Now, twenty years later our reunion is here and I'm about to walk in, praying that no one recognizes me! A month ago I was in a club watching female impersonators lip synch songs. I'd had a few cocktails and paid one of the 'girls' to go upstairs for a private dance. You know. Bud, my former best friend happened to be there and somehow got some pictures of my bi-adventure. He confronted me and threatened to expose my secret if I didn't obey him. For the last four weeks I have been forced to shave my body, dress and act like a woman every moment I am not at work. He made me perform oral sex for him daily, which was bad enough, but last night he...took me from behind. It was terrible! I cried and begged him not to, but he only laughed, suggesting the people at our reunion would just love to see the pictures of Mr. popularity sucking on a TV's cock! So, meekly I reached back and spread for him. I know he delighted in making me moan as his hot load erupted inside my ass. I'm wearing the clingy black dress he picked out for me with garter belt, hose and 3" heels. The blond feathery wig and makeup makes me look rather pretty I think. I am to be Bud's date, of course, and he'll introduce me to all the people I already know from our class. He told me this morning as I was dutifully sucking his cock, that we would be sitting with his old girlfriend and her husband. "Wouldn't it be ironic," he said, "If she found out that the prom king was now a sissy queen? Ha! Ha!" I'm sure he was kidding. Right?

J.G.

MARTIN TO MARTHA

The ad read, "If your fantasy woman is understanding but firm, relieves you of the stress of making decisions, has a domineering, take charge attitude, but is sensitive to your wishes and discreet; write for information about a fantasy week with the woman of your dreams."

When Martin Sauders read the ad he wrote for more information. What he received back was a lengthy questionnaire, asking him to check off those statements that best fulfilled his fantasy, and cross out those that were definitely not part of his fantasy. He was also asked to include a recent photograph and resume.

Ruth Conover, the author of the ad, knew just what to do with the naive boy when she saw his photo. Naturally, he was very nervous when he first arrived, but proceeding carefully she soon had Martin in his first frilly bra with a nice pair of falsies. His skirt and petticoats. His first stockings and heels, and, of course, his first corset. She soon had him completely at ease, and teasing him unmercifully, eating out of her hand.

"Martha," which she declared was his "fantasy name" for the week looked even prettier with a little makeup. She started lightly tying his hands behind him, but each day it became a little more severe. By mid-week "she" was accepting a mild spanking for disobeying her. He had crossed out painful obedience, such as whips or canes, on his

application and she gained more of his trust by respecting his limits.

The first sign of nervousness actually occurred on the last day of "Fantasy Week". Ruth's two young assistants led him over to a beauticians chair and strapped him in. When "Martha" nervously asked them what they were doing, one assistant said soothingly, "We know it's the last day, that's why this is extra special."

Removing her bra they glued on Martha's chest the most realistic melon shaped breasts. A large penis gag was also inserted to muffle the sound Martha would make to what was coming next.

An ice bag was pressed against his organs and kept there until they were numb. "You won't be using this for a while," the assistant proclaimed, placing a cord behind the head of his penis then pulled it through a much too small chrome sheath. Removing one limb at a time a heavy steel cuff was riveted, then welded, onto each wrist and ankle with short, sturdy chains connecting them.

When martha was stood up, a corset was laced on several inches tighter than he'd experienced. Stockings then five inch heels were forced on his feet. made to get on his hands and feet he looked in terror as one of the assistants picked up a wicked looking cane.

"Now this will undoubtedly hurt Martha, but it's really for your own good," she said, and undoubt-

edly the dozen she gave him did, and he would have screamed, if he could.

Attaching a leash to the ring on the sheath all he could do was follow, wobbling in his heels. Led into the presence of the Mistress his gag was removed with the warning. "New maids are forbidden to talk in the presence of their Mistresses, if you do, you get this," she said, holding up the cane.

"I realize this has been a rather shocking development Martha, however what we're doing, I've decided, is really for your own good, and in your best interests.

I think once the girls have you properly trained you'll make a really quite excellent maid. A position I feel you're excellently suited for. Since your ego undoubtedly won't allow you to accept this we've taken certain precautions to ensure that escaping your future is quite impossible. The first thing we must do is to deal with your ego until we've eliminated it completely. We'll start off with an easy ego exercise. When I tell you go back to the door then get down and crawl over to me. Kiss my right shoe and then lick the entire surface including the heel and sole. When both are done we'll simply repeat the exercise. My assistant will use the cane on you whenever you seem hesitant," she declared.

MILLIE'S NEW WARDROBE FOR THE OFFICE

Dear Jeri,

I spent literally months and untold money feminizing my boyfriend. At least that's what he thought he was. I saw him as a nice, but timid and submissive new acquisition for our company. Which my best friend and I own.

He cried and sobbed so when I told him of my plan and his, or her, future as our new receptionist. He pleaded when I had his tiny organ chastised. Kindly pointing out that it really would no longer be needed. I was quite relentless in his transformation sparing no expense. Which was considerable as I saw Millie's conversion as a permanent one.

When I was satisfied that every part of her, head to toe, had been completely feminized I sent her to the best secretarial school in the city.

When she graduated I took her shopping for an appropriate office wardrobe. I'd decided that whatever she wore should be tasteful, tailored yet pleasing to the eye. Especially to the men we did business with.

I thought the grey, checked suit with pin trim was perfect. It had a Chanel look. Conservative and very business looking. It even had a matching purse. I did think the men would thoroughly enjoy the matching panties that the skirt made impossible, whether sitting or standing to hide. Millie was horrified but I told her I thought her panties looked very tasteful and assured her that with her chastised organ kept in its tiniest state she needn't worry that it would ever be noticed.

The outfit my partner, Arlene, favored was tasteful but more revealing. She felt Millie should show off her lovely titties more for the men's enjoyment. Millie blushed so whenever she wore it, without a bra of course, which she was never permitted to wear. Sitting behind her desk in blue, satin blouse, short plaid skirt and matching shoes we both felt she presented a proper image. Although that did change whenever we had a male visitor as she was required to stand and bend over as far as she could to greet him.

A not very easy thing to do as more than once one tit-tie, and a couple of times, both popped out bouncing on the desk. And until she remembered that her little tiny thing was chained to her chair proved to be quite suddenly painful.

From above her desk Millie presented a most mouth watering sight. But if the male visitors ever peeked under it, they'd surely be in for quite a shock.

WOMAN TURNS WEAKLING INTO SHE-MALE SEX SLAVE MAID

Dear Forced Womanhood;

When Lee and I began dating I noticed more and more that he seemed to be admiring my sexy clothes instead of me. I'm a tall, buxom, beautiful blonde who is used to being ogled for herself so I was naturally bugged. Then it dawned on me that Lee was actually seeing himself in my clothes! That thought intrigued me and I also imagined his slight, almost feminine figure in my clothes. With a wig and make-up he really would look like a lovely young woman, so I decided to satisfy us both.

At my apartment I suggested he wear one of my skimpy black leather outfits, complete with lingerie and 6" stilettos but he demured, saying only if he were helplessly forced to do so. I took the hint and quickly overpowered him while he put up a token resistance. Stripping him naked, I tied his hands behind him with clothesline from the kitchen, sat him at the vanity table, and made him up while he watched with wide-eyed interest, his pecker becoming stiff and hard. I put him in black panties, a stuffed bra, waist-cinch (nipping in his trim waist and giving his hips and butt a femininely rounded shape), stay-up nylons and 6" stiletto sling-backs. A long auburn wig completed his transformation, then I gave him female lessons for over an hour before we had bondage sex. Lee spent the night like that, and from then on he was always feminized on our dates. It was exciting and arousing to go to a movie or a long walk with Lee feminized, a coat or sweater hiding his tied wrists, and have no one suspect the truth.

We moved into a secluded house and Lee stayed home, in wrist and ankle chains and a brief French maid's costume, while I continued working at my highly-paid job. We bought him many sexy articles from your Transformation and Transvestite catalogs, and he eagerly agreed to begin the feminizing treatments with pills and creams. In almost no time his long hair was silky, his skin smooth, and his body femininely rounded. I insisted he sleep in a corset and high heels, and tied him up every night so he couldn't remove them, pacifying him with sucking or masturbation after he'd well licked my pussy.

Things were going wonderfully until Lee saw that his cock was shrinking as his pert breasts grew. He refused to continue the treatments and I exploded. Wrestling him into submission, I tied him wrist-to elbow, threw him over my lap, pulled down his black panties and spanked his rounded ass a very bright red while he cried, squirmed and kicked his shapely nyloned legs and high heeled feet. He then spent the next week tied and gagged in the attic while I whipped, dildoad, and walked on him in 7" stilettos, besides making him crawl and kiss my shoes and lick my cunt. Lee wisely surrendered and resumed his feminization pills and creams, as well as my crash-course in how to behave like a lady. I locked his cock in a FL4 chastity and denied him sex. He did service me repeatedly with his tongue whenever my pussy was horny. Soon Lee's breasts were ready for big implants, then his small cock was locked permanently in a FL2 chastity, ending its sex life. "Linda" is a gorgeous and most submissive shemale sex slave who is thought to be a real woman by one and all until I (at my own whim) expose her tiny, silver-encased cock. She is my constant companion and is bound to a bedpost to watch whenever I have sex with a man or woman—sometimes both. While resting I love to finger my throbbing pussy very leisurely and watch my lover or lovers of the evening abuse helpless Linda. Often she's sucking the man while the woman dildos her tightly ball-tied body, then they switch places. Mostly, the woman is much more ingenious at debasing Linda than the man, as she treats her shemale body as though she were a true woman. After a time I get back into it with my dildo, and poor Linda is really given a very exhausting and degrading work-out that sometimes continues over the whole weekend. Despite her whimpers and protests Linda loves her abuses as much as we love humiliating her. It's all so wonderfully depraved!

WIFE MAKES HUBBY INTO SHE-MALE BONDAGE VIDEO SLAVE

Dear Forced Womanhood:

It began as a sexy, fun way to make some much needed extra money. My unemployment had run out and Lori suggested we make a TV bondage video with our camcorder. She had a well paying job in a savings and loan company, and told me not to worry about finding work. She has always enjoyed dressing me up in sexy lingerie and even dresses for sex. I think my fascination with women's clothes began in early childhood when a friend used to dress us in his mother's things. Lori loved dominating and feminizing her boyfriends and then me, just as she used to do her younger brother. Being tied up removes my male ego and lets my feminine side (which all men have; some more than others) come out. I am helpless and "must" go along with being feminized. We made a video with Lori playing a wife punishing her cheating husband by feminizing and dominating him. It was great fun. I was tied up in many strenuous ways wearing everything from lingerie to sexy street clothes, and ending up as a French maid in chains. The video sold and the company wanted more. It was then that Lori showed me your magazine and convinced me to begin using your various feminizing pills and creams and let my longish blond hair continue to grow. We also ordered various erotic outfits for me to wear both at home and in videos from your Transformation and Transvestite catalogs. Soon I began to see changes in my slim, girlish body as the creams and

tablets did their work. My skin became softer, my hair silkier, my body rounder—and I grew breasts. Lori insisted I wear a corset almost constantly, to nip in my already trim waist and give my hips and rump a womanly roundness, and also 3" to 7" stilettos, to slim and firm my legs from thighs to arches. As I became more feminine Lori began having me make love to her like another woman, and my relief was either a blow-job or masturbation. She had a month's vacation, and rented an isolated mountain cabin, where we could make bondage videos and I could continue my feminization unobserved. She had me bring only sexy she-male clothing with me for our stay. Things were going great. I was tied and gagged outside to trees and other interesting objects, which helped make our videos more unique instead of being inside, as most TV and bondage videos are. I was submerging myself more and more into my female side—but then I noticed that my cock (which was never all that big to begin with) was dwindling along with my male sex drive as my lovely breasts grew larger. The month was up, and I confronted Lori. She said she'd bought the place and had quit her job, as a stock market investment had paid off grandly. I was to become a true she-male, just like those in your magazine, as she much preferred my "lesbian" lovemaking while in bondage to my cock. We argued, and it ended with me being knocked out by a hard uppercut that sent me sprawling down onto the couch. I awoke to find myself tied securely with a myriad

of ropes in a black half-bra, waist-cincher, garter belt, nylons and 5" stiletto sling-backs. Lori then delighted in locking my genitals in your device that enclosed them. That way I was unable to see my shrinking prick and balls. After well over a week (I'd lost all track of time) of being bound in the cellar, walked on with 8" stilettos, lashed with various whips and dildoes with huge rubber and plastic dildos, I admitted defeat. I was brought upstairs and Lori locked my cock in a FL4 chastity. She increased my dosage of pills and uses of creams, and gave me lessons in how to talk and act like a lady. She continued to make bondage videos of me, all of which were sold. Whenever she left to shop or such she locked away all of my clothes and left me in a cut-out bra and panties, stay up nylons, and 6" stilettos with tiny padlocks securing their ankle straps, and very well tied and penis-gagged. Finally my breasts were ready for large implants, and my tiny dick was locked permanently in a FL2 chastity. I am now and forever "Shirley", a lovely, submissive, she-male slave who passes easily for a real woman. Despite all, I love my she-male bondage slavery! She-male sex slave

LADY MAKES SUBMISSIVE MAN INTO LOVELY SHE-MALE BONDAGE SLAVE

Dear Forced Womanhood:

Marvin and I became re-acquainted in a singles bar. We had known each other as children, and I was pleased to learn he still had female "leanings." We used to play "cops and robbers" and he used to think of himself as a girl. When my parents weren't home I often dressed him in my clothes, made up his face, and we pretended he was the tied-up girl victim. Finally my parents moved and I sadly lost track of Marvin until we met in the bar. We went to my apartment, and it was just like old times. I dressed Marvin in my sexy black undies and wig, then made up his face and tied him up for sex. He spent the whole night like that and loved my pussy repeatedly before I allowed him to climax in my mouth. From that night on Marvin was my willing bondage sex slave.

Soon we moved into a secluded house and Marvin quit his job to become the "lady of the house" while I continued to work as a high-paid, executive secretary. It was nice to come home and take the frustrations of the day out on my lovely TV bondage maid, making him crawl in ropes to kiss my highheeled feet, then tossing him across my lap and spanking his pert, black-pantied ass. As submissive Marvin sank more and more into his female role, aided by various sexy and erotic clothing and many other items from your Transformation and Transvestite catalogs, it was easy to convince him to use your feminizing pills and creams. In only a few months his skin was softer, his long blond hair silkier, his body more rounded and feminine, and his growing breasts filled an A-cup bra. We were both enthralled with his female appearance, but then he found that his small cock was becoming even smaller as his breasts grew and refused to continue the hormone pills and creams. I much prefer my cunt licked and only occasionally fucked and wanted a beautiful, limp-dicked, she-male slave so I took matters into my own hands.

Being a tall, gorgeous brunette skilled in self defense, I easily forced Marvin down to our cellar dungeon/playroom and bound and gagged him tightly in only black bra, panties, garter belt, nylons and 5" stilettos and kept him in as many muscle-straining positions as I could dream up over the next two weeks. He ate from pet dishes while tied in a taut ball with a multitude of ropes, and I made him suck various-sized dildos and also

Continued On Page 26

Continued From Page 25

my 8" stilettos before reaming his asshole endlessly. I also walked on him and lashed his whole body with belts and whips several times a day. At last Flarvin caved in and resumed the feminizing treatments. I locked him in your device that totally engulfs the genitals until your FL3 chastity that painfully prevents hard-ons arrived.

During the following months I increased Marvin's hormone dosage and taught him how to talk and act like a lady. Each mistake brought a searing whack with a thin riding crop on his ass or small balls and cockhead. Until I was sure Marvin wouldn't try to run away I kept him penis gagged and well tied in a black cut-out bra and panties,

corset (nipping in his small waist and giving his ass and hips a rounder, feminine appearance), nylons and 6" ankle-strap stilettos with tiny padlocks. Finally he was put in less restrictive leather wrist and ankle cuffs and chains and a skimpy French maid's uniform so he could do the housework.

When his breasts were ready Marvin had large implants and his tiny cock was locked permanently in a FL2 chastity, and he became Marla, a very lovely she-male who easily passes as a genetic woman. Bound, I often take her to "hen" parties where she services my gal pals with her experienced tongue while another woman dildos her tight ass.

Very occasionally I get the itch for a cock in my three holes, and bound Marla accompanies me to see what she can no longer give me. The man or men love fucking her mouth, ass and tit-tunnel and say she's as feminine as a true woman.

After I have my fun I sit back and watch while she is well ravaged. During "sex breaks" we have contests to see who can bind Marla in the most intricate way. The loser is tied and fucked with Marla, so I don't mind losing—still it's fun to dildo both the bound man and Marla!

LADY TURNS MALE INTO LOVELY HELPLESS SHE-MALE SLAVE

Dear Forced Womanhood,

It started with a burglary, but I'd thought about feminizing Harold since we began dating. We were asleep in my house when a noise awoke us. I asked Harold to investigate, and he threw on my sexy black negligee and 3" stiletto mules to cover his nakedness and went out. I waited tensely in my scanty black nightie, then the ski-masked burglar entered with Harold tied and gagged, and turned on the overhead light. Wisely, I believed his promise to only tie and gag me and then leave with whatever he found of value. He hog-tied me with yards of white rope and tied a white cloth between my teeth while Harold sat helplessly on the bench of my vanity table. The man then tied Harold's trim ankles and shapely, hairless legs, and sarcastically complimenting his feminine shoes and negligee, took a blonde wig I'd worn earlier from the vanity table and placed it on his head. The burglar moved about, searching, but I was insured and kept my most expensive things in a safety deposit box, so I ignored him and stared admiringly at Harold's slim, feminized figure and girlish face highlighted even more by the wig. We were left to struggle helplessly until my maid came the next morning and freed us. During that time I rubbed my pussy to repeated climaxes against the mattress while watching Harold, whom I noticed was dividing his attention between eyeing me and his own sexy reflection in the mirrors about the room. A few nights later he eagerly went along with re-enacting the burglary, as long as we took turns being the victim. He was so aroused that he admitted enjoying being tied and feminized, and soon he was letting me make him up completely, dress him in erotic lingerie, and tie him inescapably. I would occasionally be the victim, but more and more Harold willingly played that part. I had him quit his low-paying job and move in as my French maid. I ordered all sorts of sexy outfits from your Transvestite and Transformation catalogs, as well as feminizing creams and pills which I had him use. Things went well, his skin became softer, his hair silkier, his body more femininely rounded, also aided by constantly wearing a corset that narrowed his trim waist and gave his hips and ass a

more rounded, feminine shape. The 3" to 6" stilettos helped trim, firm, and shape his thighs, calves and ankles. But Harold found that as his nicely-forming breasts grew his cock and balls shrank. He didn't mind being a TV but he drew the line at becoming a limp-dicked she-male.

I took things in hand quickly and forced him out to the pool house, where I kept him in rigorous bondage, fucked his butt with various dildos, lashed him with belts and whips, and walked on him in 8" stilettos repeatedly each day for two weeks before he sobbingly gave in. I increased his pills and creams and locked his penis in a FL3 chastity that prevented erections with heavy pain. He also had hours of female lessons daily, and his small prick and balls were whacked soundly with a ruler, not to mention his ass, whenever he screwed up. At last his breasts were ready for large implants, and then his tiny cock was locked permanently in a FL2C chastity.

"Helena" is a ravishing blonde beauty who obeys my every wish, even turning and crossing her slim wrists behind her back for binding the instant I pick up a rope or leather strap. No one ever guesses that she isn't a true woman, and often I never reveal it to the man or men I have over for the night, whenever I want the novelty of a cock in my three holes instead of Helena's tongue or fingers. Bound and gagged, wearing stiletto heels and one of your artificial pussies, she looks

on while the men give me a good fucking—something she can never give me, not that she was ever all that good as a "he". Then I rest and let the man or men "go to town." The times I reveal Helena's secret to them, they are intrigued and even more aroused and delight in binding and sexually degrading her, cumming in her gorgeous face and over her taut tits.

There are even times when I have the man act the burglar and Helena and I re-enact that fateful night that changed our lives forever—and we both agree for the better!

HUSBAND AND WIFE TURN A CROSSDRESSER INTO THEIR BEAUTIFUL LADY FOR SERVING THEM AND THREESOME SEX

Dear Forced Womanhood,
I have to tell you of our good fortune. My husband and I got married in the Phillipines two years ago. My friend, Phillip, for many years was a cross-dresser. When my husband and I moved to America, Phillip asked if he could come with us and he said he'd be our housekeeper. We thought this is a good idea. Well after a year in America my friend Phillip showed us a copy of your magazine and all three of us got excited over the idea of having three way sex and turning Phillip into a real girl. I showed my husband your magazines Forced

Womanhood and Transformation and told him that we could make Phillip look as good as the she-males in your magazines. That was nearly a year and a half ago. Today, Phillip has had major hormone treatment, especially your hormone vitamins to soften and shape his body. Six months ago he had his breast implants. My husband now has trouble telling us apart. he's in heaven, he now has two women to make love to any time he wants. if he wants a quick blowjob, Phillip is always handy. If he wants a piece of very tight ass, there's Phillip. Many times we have a

threesome. I now get fucked by my husband and Phillip. My husband gets to fuck us both and get blowjobs from two soft lips at the same time. And Phillip gets fucked by my husband and has sex with me. My letter to is to let your readers know how much fun you can have with a live-in she-male, who also does all the chores. The only prblem my husband has, is now he has to buy sexy clothes for both of us.

SHE-MALE STAFF KEPT ON THEIR TOES

Dear Jeri,

At the all woman law firm of Smith, Connors, Jenkins and Moore we had very little turnover in our office staf. In fact whenever we advertised we had literally hundreds of applications so we could afford to be selective.

When we did advertise it read, "All woman law firm looking for extremely attractive girly-boys with typing skills. Let your fantasies become a full-time reality. On the job training with excellent benefits for those who like to be kept on their toes."

We didn't explain what being "kept on their toes" meant until their first day at work.

"Please take off your shoes Marlene, is it?" I said to our newest typist on her first day.

"My heels aren't high enough, Ma'am?" She asked, looking down at her brand new, conservative four inch heels with little bows.

"Oh goodness no. As our ad read we really do keep our girls on their toes. Here are your office heels. Please put them on and then I'll show you to your desk," I said with an amused smile seeing her frightened look as she opened the box.

I had to help her get to her desk assuring her that it would only take a few months before she's be mincing around the office like all the other girls.

FRENUM CHASTITIES

In Sterling Silver

Our Frenum Chastities can be put on temporary or permanently. The scare or threat for slave is, "if you can't take it off, I'll put it on permanent and you'll never again be able to use your penis!" The Barbells on each end of frenum Stud screw on and off. We suggested in our previous issues that to put it on permanent was to use a welder's liquid solder (found at any hardware store) or perma glue on the screw threads, then screw into studs while your slave is tied down and while the glue or solder dries. Now Centurian has invented a new device for real sincere people who want their slave pierced and no way out. See further in this article, (Permanent break off screws.)

FL2 Frenum Chastity

PERMANENT BREAK OFF SCREWS

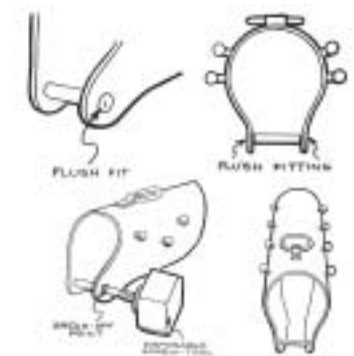

We spent \$5,000 with a special machine shop to have these permanent screws made for us. BUY AND USE THESE ONLY IF YOU REALLY, REALLY WANT YOUR SLAVE CHASTIZED FOR THE REST OF HIS LIFE. Or you might want to buy these as a threat to your slave that if he doesn't behave, you'll use them. Our normal barbell studs come with the screw in balls at each end. These permanent screws replace these. Note the very end of the screw it's designed to screw in, then EASILY break off evenly with the frenum chastity hole LEAVING NO WAY to unscrew it. 90% of the length of this is just an easy tool to screw in the permanent break off screw. The plastic handle is put on each throw-away screw to enable you to screw in the little tiny screw at the end. The middle long screw is then thrown away. You take the handle off and use it for the other side. We give you three screws (an extra one, in case you make a mistake) plus the handle for \$79.95 these can be used on all of our frenum chastities.

If you didn't know it, TRANSFORMATION has already mastered this truly wonderful formula with its three unique vitamin hormone pills.

Glandulars are the secret! Glandular therapy utilizes raw concentrates of glandular and organ tissue. The theory is that like cells help like cells. In practical items, this means that raw ovarian concentrate, for instance, contains a variety of known and unknown intrinsic factors that support ovarian functions in the recipient. The "raw" glandulars are used in Feminant are dehydrated by a special process which insures they contain all of the enzymes and hormones that are present in the natural tissue. One of the key elements provides 200mg of raw ovarian concentrates to assist in the production of the essential hormones, FSH (follicle stimulating hormone) and LH (luteinizing hormone).

These hormones perform basic biochemical and physiological changes in the female body, including increasing breast size and softening of the skin.

Other changes include development of special glands in the fallopian tubes and uterus to promote ovum implantation, enlarging of the pelvic area, faster extension of bone growth, decrease in bone growth period and mild retention of protein and calcium.
