Dear Jeri

I've enclosed a photo of me training my wimpy husband upon your request for photos on page three of your magazine.

I just started about two months ago with your hormones and some of your bondage equipment. I've always been very demanding and dominant over him. After reading a couple issues of your incredible magazine I decided it would be more fun to change him into a girl and make him wear dresses. It's going to be a slow progress turning him into a girl, but I'm going to love every moment. Especially the bondage and discipline.

Ms. Katie

Hello Everyone,

We love your publications, especially Forced Womanhood magazine. Me and my girlfriend read every issue from front to back to get ideas to enslave and turn my husband into a woman. Actually, my girlfriend and I are lovers so we decided to turn my husband into a woman when he wanted to join us in our sexual fun.

We told him if he was a woman he could join in. I showed him your magazine and he actually agreed to become a she-male. What he didn't like was the high doses of hormones to shrink his penis and then having it chastised so he could never use it. Now he's a woman, not a man with a penis. We use his butt as his vagina. We also have to bind him up and force him to be a woman.

CUSSANDRA SEEKS DOMINANT MISTRESS OR MASTER

Dear Jeri

My name is Chris but I like to be called Cussandra, as I just love being a T-Girl more than anything. I would just love to thank you for all the informative magazines that you publish, it sure helps me with my changes. Transformation is very helpful. I also love being a she-male slave and I would just love to meet A dominant Mistress or Master or sister, who would love to completely transform and enslave me into their feminized she-male slave, as I would just love to be chastized, and enslaved to be a girl forever. Oh Jeri, I just love being a feminine she-male slave more than anything in the world. I have wanted this more than anything, but I just haven't found any one willing to take me and make me their she-male slave. So if you would please print this and my pictures and my mailing address. I would really be very grateful to you, and I will answer all replies. I really love and want to be a girl forever.

Thank you, Jeri

FORCED WOMANHOOD 5

WIFE FINDS HER HUSBAND SENDING ROSES TO ANOTHER WOMAN, THEN ENSLAVES AND CHASTISES HIM THEN LEAVES, TURNING HIM OVER TO THREE MEN

"You seem to have overtime every Tuesday."
"I'm sorry honey," I answered. "But we always get a rush order on Tuesdays." I smiled at my wife despite her wearing the ratty old bathrobe I detest.

"Oh, I understand," she murmured. "It's just that I had made plans." With that she slipped the robe off her shoulders.
Under it she was wearing a bra, panties, stilettoes garter belt and stockings. My wife never wore anything like that. I would have sworn she didn't even know they existed.

"Sweetheart, you know my back hurts after all that overtime." I said as she wrapped her arms around me. "All I want to know right now is what are you doing?"

"Handcuffing you," she explained. "I forbid you to make any excuses tonight."
My hands were locked behind my back, palms to the outside. It was a hard position to hold. I could feel my shoulders tightening.

"What brought this on?" I asked, trying to think of a way out of it.
"A phone call from your florist," she answered, loosening my pants.

"What?"
"They apologized for messing up your order today and said next Tuesday's roses would be at the house."
I was now naked except for my shirt.

"Roses? They must have had a wrong number," I said.
"Who gets roses every Tuesday, loveboy?" She yelled, yanking my hair back painfully.

"There's been a mistake!" I cried.
"I told you no excuses!" She was tying something into my small ponytail. "And no lies! Who are you fucking? You dipshit!" She wrenched my head back harder, tearing out my hair.

"No, Stop!" I pleaded. "There's ..."
She attached the rope in my hair to the cuffs and pulled my arms up. My shoulders screamed in agony. More of my hair was being pulled out as she knotted the rope.

"Honey, please stop!" I begged between sobs. "You got it all wrong!" I could no longer feel my hands.
"Is that lipstick on your dick? You fuckbubble!" She screamed, tying a rope on my balls. She jerked the rope with each word, almost ripping my balls off.

She tied this to my cuffs. Now if I moved my wrists I would pull my head back, or my balls up. I tried to get away, tried to calm her down. Nothing worked, everything hurt.

"I dressed like a slut to make you happy, and this is the thanks I get. You never even said I look nice."
"You... look nice." I croaked.

"I Do?" She asked brightly. "Do you like my shoes?"
"Very much!" Maybe I could calm her down.
A sharp pain ripped across my ass. I stumbled a few steps forward, torturing my balls.

"Do you like my shoes now?" She asked as she beat me with one of them. "Do you like them Now? (smack). Now? (smack) How about NOW?"
She slammed the shoe into my balls and I passed out, screaming.

Something warm was dripping on my face. I tried to turn away, but that hurt my ears. I couldn't brush it away because my hands were trapped. I fought myself awake to see my wife's pussy hovering a foot above my face.

She pissed on me.
Right in my open mouth. I couldn't close it, couldn't move... I couldn't breathe!
She had plugged my nose! I had to swallow piss to get air.

Gasping, gagging, I tried to close my mouth to the torrent, but she had some metal thing jacked in it to keep it open.
Finally drained, she leaned down to me: "You pissed away our marriage. I thought I'd return the favor."

Her hands pulled on my ears. "Like your new pierced ears?" They made it easier to secure your head to the floor. Besides, "She grinned. "They go with your new shoes."
Blinking away her piss, I saw what she meant. I was wearing the stilettoes she had on earlier. And her stockings, and her panties and probably the rest of her outfit.

All my weight was on my shoulders. She had bound me with my head on the floor and my ass sticking straight up, leaning against the bed. My legs were crossed and tightly roped. My arms were on the floor and bound under the bed.

She sat next to me. "I've been thinking. Maybe I overreacted. Maybe you haven't been fucking some bitch behind my back. She lowered, or considering my position, raised my panties. Her hands lightly stroked my cock.

The way I was tied, it hung about six inches away from my open mouth.
"So I decided to give you a little test," She continued, stroking me harder.

"If you can come in two minutes, I'll believe you. Let's face it stud, the longest you ever have lasted with me was half that."
Her hand was a blur on my dick, squeezing it tightly as she moved up and down the shaft.

She was moving too fast, it started to hurt.
No, it wasn't hurting, it was burning. The more she rubbed me, the greater the fire.

"Oh by the way, sweetness," She purred. "The only lubricant I could find was that stuff you rub on sore muscles. One minute left, better come soon."
I was blubbering, trying to twist away from her merciless attentions. Drops of her oils were landing in my mouth, searing my tongue.

"Times up," She said happily. "Just for fun, let's see how long it takes you to pop! Don't worry about messing up your pretty new make-up. I'll aim every drop in that lying mouth of yours."

Stroking with one hand, she held a small mirror to show me what had been applied to my face.
Cheap didn't come close to describing me: bright red lips, garish blue eye shadow, cheeks so heavily rouged I could have sold balloon animals.

"Wow, you sure are taking a long time. Let me see if I can encourage you!" She switched hands and used her slickened fingers to prod my exposed ass.
She forced a hot finger in me. Then three.
My ass tightened around them as I came.

Hot cum splattered on my face, most of it hitting my

mouth but not all. One spurt landed in my left eye. Cum combined with the lubricant to burn.
I was amazed that there wasn't any smoke. Now that I had cum, it all burned stronger than ever.

"That was fun!" She said, wiping her hands on a towel. "I wanted to see you come one last time. Now I have a little going away present for you and your whore." She tied a piece of string to the head of my penis and used it to pull it through a small metal tube. Even with my cock flaccid, this was a tight fit. The tube made the oil all the hotter.

My cock was covered in metal studs, from the base to just behind the head. At least it was protected from any other tortures.

"I was told it takes a month or two for the piercing to heal, but you ignore rules, so I guess I can too!"
She pressed an odd pair of pliers near the head of my dick. The pain was sharp as she pierced me.

She forced screws in my newest torment until I heard them snap.
"Now that tramp can get as much pleasure from that as I used to." She pulled the panties up and over my abused cock.

She moved around, untying most of my restraints, but leaving me gagged and my hands lashed behind my back.
"To your feet, bitch!"

Hooking a finger through an earring, she pulled me in front of our large mirror. Her shoes were two sizes too small for me. While they had been painful before, standing in them was yet another agony.

"You better put on a dress. You don't want to look too easy. She had me step into her red cocktail dress. She wasn't able to zip it closed, but she could pull the shoulder straps and button them in place.

"Smile," She took several pictures of me.
"Go stand at the bed, girlfriend."
She walked me over and forced me to bend over the footboard. My arms were pulled up and the rope tied to the headboard. My feet were spread widely and tied.

"You never told me the dress showed off my panties when I bent over!" She said as she pinched my ass.
"Well, that's your worry now."
"Most of us girls don't have balls. She pulled my panties down and tied a cord around my balls.

"I wonder if this will remove them?"
She dropped a weight tied to the cord.
It didn't rip my balls off. It just made me wish it had.

"I want to give you a gift to welcome you to womanhood. And as it's Tuesday, I knew it had to be roses!"
She pulled my panties lower and flipped my skirt up.
"I called the florists and their records had you buying thirty-seven bouquets.

She took two suitcases from the closet. "I'm taking the car and our bank accounts. You can keep the apartment.
"I'll be visiting your boss with these pictures. I doubt a church deacon will want you as an employee."

She opened the door for one last look.
"Aren't you wondering where I got all this stuff so quickly? Those nice boys on the third floor lent them to me. They say they have many other toys to use on a slut like you. They'll be up here soon to take you back to their place as their new sissy maid.

"Have a nice life, bitch"

GIRLFRIEND TURNS MAN INTO WOMAN AND MAKES HIM SUCK COCK

My girlfriend/Mistress and I would like to comment on Enslaved Sissies and Maids 5 and Forced Womanhood 42. We like Tom on page 7 of Enslaved Sissies, we also like the drawings on pages 8, 24 and 25 and the back cover. In Forced Womanhood 42 we like the drawings on pages 4, 21, 24, 25 and the cover. A year ago, as I moved in, some issues of Forced Womanhood fell out. That night Vikki put the issues on the bed. As we paged through them, she would ask what "girls" were pretty. She asked me if I wanted to be a "girlfriend." I said yes. She took out a note pad and wrote down what creams and tablets we would need. She ordered extra tablets for her.

2 weeks later, when the tablets arrived, Vikki and I took a tablet of Triple Strength Mammary and Estro Glan. Later that night I applied Breast Cream to her boobs, she did me.

As I looked at her perky 34Bs, she said, in 6 months I would have the same set. I let my hair grow and worked out. At 4 months I dropped to 152 pounds, had shoulder length hair and a set of 34As.

Vikki had me slip into her old Hooters uniform and brought in three girls. I was introduced to Lisa, Teri and Alison. Lisa pulled out 2 breast inserts and put them in my bra. Vikki commented I was still too small.

Teri took her top off and her her some falsies. Lisa stuffed my bra with them. Teri put an 18 inch dildo on the table. She stated that my penis would hollowed out and my balls removed.

The dildo would be implanted and a pump would be in my ball

time for sex and oral sex. After the talk was over, the ladies got up and left the room. Five minutes later they were wearing strap-on dildoes. An "O" gag was put in my mouth, I was blindfolded with my arms cuffed behind me.

I could feel someone bump my cheek, then a dildo slid down my throat, then one slid up my ass. I was slammed all night.

I now have 34C breasts, chestnut colored shoulder length hair and collagen enhanced lips. I am not mistreated by Mistress, as are some of the she-male slaves in your magazines.

**WIFE CHANGES MAN INTO
VOLUPTUOUS SHE-MALE SLAVE**

Dear Forced Womanhood,
My husband was already looking at women with big breasts. He didn't realize how hard it is on women carrying such a big load. So when I changed him into my she-male slave I had DD breasts implanted in him. Now that pig knows what it's like to not only carry such a large load but how most men stare at her tits and not her face. And poor Jenny (my husband) can't do a thing about it. All she can do is satisfy me orally. I might make her suck a cock sometime to humiliate her.

WIFE FINDS HUSBAND IN BED WITH ANOTHER MAN AND CHANGES HIM INTO COCK SUCKING SHE-MALE SLAVE

My name is Mistress Connie and it all started when I found my husband Tom in bed with another man and that man was a former boyfriend of mine. I told Tom I wanted a divorce. But then Tom said he doesn't want a divorce and showed me a copy of Forced Womanhood. He said he would rather be a she-male slave. I told him he would do everything around the house. He agreed.

The next day I started Tom on female hormone pills and shots and a few weeks later I took him to get breast implants. He now had a lovely set of C tits. I told him tomorrow that he will get permanent makeup and that his name will be changed to Debbie.

And now, two weeks later I let Debbie see her new titties. I told him to put on a blue bra and a pair of matching panties and garter belt and black stockings and a pair of blue ten inch heels.

About four weeks later my new boyfriend and I had a surprise for Debbie. We took her to Mexico to get her balls cut off. She can't come anymore and my boyfriend and I are very happy.

After Debbie was castrated we came back home and chained her up to a post and gagged her with a ball gag so my boyfriend could start welding the chastity device on Debbie's poor little useless penis. Debbie was crying like a woman when it was welded on. Then I made Debbie give my boyfriend a blow job and let out a Comstock Lode

of cum all over her face. My boyfriend was so excited he fucked Debbie in the ass and blew another all over her back.

We decided to have a surprise party for Debbie. We invited ten men and ten women. The men were going to fuck Debbie good. Debbie would then lick the ten women's pussy all night long.

At the party one of my friends suggested she would make a beautiful topless cocktail waitress at the club she manages. Now Debbie is making good money for my boyfriend and I. We're also saving up to get a real pussy for Debbie.

**Thank you,
Mistress Connie**

WOMAN FINDS AN IDEAL TAMPERPROOF CONTROL DEVICE FOR HER CHEATING MAN

I am a 32 year old woman.

I met a blue-eyed, blond man, Hans through an ad in a magazine.

One day visiting him in his place I found a few Forced Womanhood magazines hidden in one of his drawers.

I did read through some of these magazines and I got quite excited of the idea to control a man.

I asked him, whether he also would like to be turned into a strictly controlled and chastized she-male sex slave and have me as his Mistress. I warned him that after he has been chastized and feminized our relationship will continue, but I still need from time to time an unchastized other man. But he didn't seem to be at all worried about that. Perhaps he believed, that this never will happen, or happen in the faraway future.

He is a macho man and has had, until now, everything always under his control.

Just now he was so excited that his lifelong fantasy was becoming reality, him becoming a real life Forced Womanhood slave to a beautiful Mistress. He agreed to be my obedient she-male sex slave.

As soon as I could, I took him to a body piercing place and got a hole pierced into his penis foreskin. I ordered also from Centurian a FL4E Frenum Chastity for him.

In the body piercing place they put a silver ring on his penis through the pierced hole. One night after the hole had completely healed I pushed his penis into the FL4E Frenum chastity. Then I locked the chastity with a barbell and told him that from now on he can not have intercourse with me any more and he has to get used to licking my pussy to climax whenever I ask for it. A slave has to give pleasure to his Mistress, not have pleasure for himself.

When I told him that he cannot have intercourse with me he looked very sad. He had not expected it. Then I told him if he will be a good slave and buy everything nice I want, he can have his chastity removed from time to time and still have intercourse with me. Particularly I like the doggy-style love making that he did so well!

After a few months, I discovered that my slave Hans was taking his FL4E Frenum chastity secretly off his penis and putting it into his pocket when he was not with me and he was taking it off also during his business trips. He had to go out of town from time to time.

Because I am, by nature, a very jealous woman, I didn't like him to date any other woman when he was away from me and while he was traveling out of town. I always felt very cheated.

I realized that I needed a different male-chastity device attached to his penis, a tamperproof locking device, which he could not remove. I also made him take Triple Strength Mammmary tablets and Feminique tablets every day, so he would become more feminine, more a she-male than a man and less interested in women.

I was now looking around for some tamperproof penis lock for him. Finally I found the right solution: a lightweight, tamperproof dick-lock, which can not be removed by the wearer without cutting it off.

After I discovered this new chastity device, I made my slave Hans wear it all while he was away from me. On the enclosed pictures it is shown how this plastic dick lock and the small plastic balls are attached to my slave Hans' penis.

Each of these locks has a number printed on it. A man cannot put the same dick lock back on his penis after this lock has been cut off and removed

from his penis.

Now my slave Hans is perfectly under my control. Since I was a little girl I have always wanted to have a man or boyfriend who is completely under my control. Hans can not have an intercourse with any other woman with this lock and ball contraption hanging on his penis. Now he cannot fool around anymore, without me knowing of it. I keep a little supply of these numbered penis locks in my purse. I remove his lock, when he is visiting me and I'll hang always a new lock with a different number on his penis, when he leaves me. I write this number and his visiting days date in my little "Hans' Control Book". During quite a few of his visits I don't cut the lock off, I just lease him! Or ask him to lick my pussy. This makes him extremely horny. Because of his chastised condition he will give extremely good oral sex to me. I am his Mistress, he has to do what I say when I say it, otherwise he gets a spanking!

Centurians Feminique tablets and Centurians Triple Strength Mammmary tablets, which Hans have been taking now regularly, have started to work already on him and making him quite feminine with reduced male sexuality. Therefore I think I have to find for me soon another real man and keep Hans as my chastized she-male sex slave.

In case any other woman wants to try out these tamperproof penis-locks for her man, please write for information to:

Mistress Helen

Dear Forced Womanhood,

I'm a 32 year old crossdresser who is in search of a dominant female or she-male who is located in Northern California and is willing to help me finish my transformation and feminization into her perfect cock sucking, clit servicing, cock fucking, cum loving little submissive she-male slave, maid, slut, bitch or just plain cum whore.

I have already had my ears and nipples pierced and my worthless manhood is chastised so I can solely concentrate on my training. Right now I am training how to deep throat a huge cock and also take it up my tight fuckhole and stamina training on clit servicing and proper techniques to make my Mistress come several times. I hope a Mistress can find it in her heart to help out a lowly she-male in training.

**Submissively and Totally Yours,
Alexis Marie XXXO**

P.S. I've enclosed several photos that I hope you can publish with my letter. Send replies to: alexismarie69@hotmail.com

Dear Forced Womanhood,

I have been a crossdresser for years until my wife caught me and turned me into her maid and slave. I had to do all the housework, bathe her, and worship her hose covered legs, feet, ankles and her pussy both before and after sex and also rim her round sexy ass.

She had me chastised until she remarried then I was turned over to a TV/TS friend to be her sissy maid slut. I love to dress, even though I don't pass. I love my 8" pussy plug and 12" dildo I would share with a Mistress or couple.

I am more passable now since I have nice perky tits growing. I want a TV/TS Mistress or couple to take my still cherry pussy and train me to be all the sissy slave I can be. If anyone is close to Wisconsin or in Wisconsin and wants to write or talk please send letters and photos.

WIFE MAKES HUSBAND INTO A WOMAN SO HE CAN FIND OUT HOW IT IS TO BE TREATED BADLY BY MEN

I married Jim when I was young. He was all I ever wanted in a man, my knight in shining armor. Over the years the armor tarnished and I felt more and more neglected. I wasn't feeling the attention he had paid to me earlier in our relationship and I hadn't felt special in years. I completely lost my temper, enraged if you will, when he came home at 2:00 am drunk from a night out. That evening had been my birthday! The next day I picked a huge fight with Jim, the biggest fight we had ever had. I screamed at him, telling him he didn't appreciate my feelings and didn't understand women. He apologized and promised to make it up to me but I wasn't going to let him get away with just taking me out to dinner! He was still hung over when I presented him with the terms of the deal. He would spend the coming weekend, Friday night through Monday morning, as a woman, to better appreciate how women feel. During this time he would have to do as I say! He realized how badly he had angered me and readily signed the agreement. I picked him up from work that Friday. As soon as we got home I had him strip and shave all his body and facial hair. Next he had to do his nails in bright red. I put makeup on his face, explaining what I was doing along the way. Then he had to remove the makeup and put it on himself. I had him do this twice. By now his nails were dry, so on went his panties, corset, stockings and 4 inch heels. I was having fun and hadn't had

this much of his attention in years! I instructed him how to walk and move like a woman. To hold his posture and be ladylike. When he failed to get it right after instruction, I told him he got one demerit. He laughed and said, "Was I back in high school?" I let his comment slide and continued his training! Saturday morning he was assigned chores cleaning the house. In the afternoon we went shopping. Jim was appalled when I told him we were leaving the house. He was wearing his heels, a thin blouse and a very short skirt over his stockings, garter belt and push up half bra. His panties were removed. As we walked around the mall Jim had to carry my purse. As we went from store to store he became more comfortable in his roll. Saturday night I invited some of my friends over and made Jim wear his heels, stockings and corset, plus a lacy, see-through apron (his house attire). He had to wait on my friends, first serving drinks and hors d'oeuvres, then himself (he really enjoyed this)! When Sunday evening rolled around he was doing well. He was comfortable in women's clothing and expressing his relief that this was just about over. That is when I pointed out to him that our deal wasn't quite over yet. I pointed to the clause, which stated for every 20 demerits, he owed another weekend. Furthermore, an added weekend included the weekdays in between! He had earned 47 demerits

that first weekend! As I controlled the demerits, I was in the driver's seat, provided I didn't over do it and abuse my position. I was going to be careful as I really enjoyed the past weekend! Monday, Jim left for work wearing panties, garter belt, stockings and a bra under his clothes. I continued to make him dress in his "house attire" when he was home. He was especially uncomfortable when one of my girlfriends stopped by with her man accompanying her. During the second weekend I got lucky and met an acquaintance that was invaluable! She was a gynecologist who was going through a divorce. She was not happy with her husband, or men in general. I had Jim start going to her office, in full drag, for his hormone injections. That was 9 months ago, (he still owes 3 months worth of demerits and always will!) I now have his full attention, he waits on me hand and foot and sex does not come too quickly, as it now comes with his tongue. Several months ago I informed Jim we needed to modify his training, as he still wasn't getting his lessons right. To that end he has been wearing a Phallic Fidelity Enforcer. I have since noticed Jim is more focused when he isn't dwelling on sex. From the results, I think I will make that permanent with a Frenum Chastity! I have never been so happy! I want to thank my good friend Mary for all her help! I am now known as Mistress!

Forced Womanhood,

Mistress Kristen and Mistress Sabrina thought your readers would like to see what happens to slaves who misbehave. The other day Mistress Sabrina caught me acting like a male. I was fondling myself under my maids uniform. I was immediately taken outside and tied to a tree. I was told to think about my misbehavior and to come up with a punishment that they thought was sufficient to allow me back in the house.

They agreed to this: First they stripped me naked. Sandpapered my nipples and put on the clamps. Next a leash was tied to my balls. I was turned and tied to the tree by my balls and wrists. I was then given a vicious ass beating.

Next I was taken and strung up between two trees. My balls were stretched out and my cock and balls beaten with a wooden stick. I was clotheshopped and left to suffer for a long time.

When Mistress Kristen and Mistress Sabrina came back again I was given an ass beating. They then took my ball leash and made me crawl back towards the house.

At this point I sensed that some others were present. I was told to kneel, given a handful of sandpaper and ordered to masturbate.

Once I came I was forced to lie down and lick up my cum from the stepping stone. I was told to lie down until the car left. I'm guessing with the visitors. I was allowed to clean up and put my uniform on and come back in the house.

Now two days later my cock, balls and nipples and ass are still tender. This, you can be sure of, will be a long time before I ever think I'm not a female.

I also suspect it will not be a long time before I am loaned out to the neighbors for maid service. I recognized the sound of the car as belonging to the woman next door.

SLAVE ORDERED TO WRITE LETTER

Dear Forced Womanhood, Mistress Kristen and Mistress Sabrina have ordered me to write to you. She thinks your readers would like to see these aspects of my transformation to a female slave. The first photo shows some of the discipline training I am subjected to on a regular basis both indoors and outdoors.

14 FORCED WOMANHOOD

The second photo shows me coming back from a salon where I was taken on a leash to have my nails done.

Your readers will note that I am not allowed to wear a wig. My Mistresses wants me to be seen in public as a male who is being made to look, act and live as female slave.

ON THEIR THIRD WEDDING ANNIVERSARY WIFE FINDS HER HUSBAND WEARING HER CLOTHES

Dear Forced Womanhood, My name is Mistress Tina and it all started three weeks ago at our third wedding anniversary party when my husband, Bill, was wearing my clothes and that's when he told me that he wanted to be a female slave and I was so shocked.

Then I told Bill that if he wanted to be my female slave then he would be a woman and I will start the process today by giving him female hormone pills and shots. He also gave me permission to have sex with other men.

I also told him that I would make an appointment tomorrow for his breast implants and in the coming weeks he will have permanent makeup tattooed on and his name would be Betty.

Then I told him to put his arms behind his back so I could put handcuffs on him. I put a ball gag in his mouth and put a chastity device on his penis. I saw tears as I broke off the screws from the device. "Betty, you will never be able to use your penis again!" I said with a sneer.

Then I made Betty Lou wear her red lingerie with stockings to match and 10 inch white heels. Betty was on her knees now and I chained her to the floor.

"Yes Betty Lou, you're going to watch me having sex with two men and when they're done with me, they're going to fuck you good and hard. One in the mouth and the other in your ass!"

Thank you, Mistress Tina

CHEATING HUSBAND BECOME WIVES' MAIDS

Jena and I were best friends, and our husbands, Rob and Brad were best friends. Jena and I thought we had perfect marriages and great husbands. That is until I was paying bills one day. Something I left to Brad, who was a CPA, and did all our finances. But Brad had been in the hospital for a couple of days with some sort of virus. What I saw made me livid. Calling Jena I said, "I think you'd better check your Visa bill, you won't believe what I found." She found it, too. A thousand dollar charge from an escort service. We went back over a year and discovered that every time the two of them went out of town for business there was a charge for an escort service. We were shattered and hell bent on revenge. Now it just so happens I own a beauty salon and Jena is a plastic surgeon. So, with a vengeance, we put our two talents together. A month we later sold both our houses and bought one for ourselves and our two maids, Ditzzy and Mitzy. "Where the hell are our maids? Get your sorry asses in here," Jena hollered, and we sat on the living room sofa. We both had to grin as Mitzy and Ditzzy tottered and minced in with looks of fear on their faces. And what a satisfying sight! Both were dressed in the most scanty, revealing blue uniforms. We chose blue to remind them they were once boys. But no longer. Jena had really outdone herself. Their D cup boobs bounced and jigged all over. She'd given them the fattest asses, then reduced their waists smaller than ours. For my part they had no hair, except what was on their heads. I'd weaved in permanent hair extensions, tattooed their makeup on, pierced their ears and given them nails so long they had the hardest time just picking something up. Still in a vengeful mood and wanting them to suffer every morning, we laced the poor things into bonecrushing corsets, then locked towering stiletto heels on their feet that we sincerely hoped would be agony by the end of the day.

But the most satisfying thing we did was to deal with the source of our humiliation. In the Centurian catalog, where we got their uniforms, were all sorts of chastity devices for males. We only debated a few moments before deciding that since we were never going to use them again, neither would they. Oh, how they cried and begged when we put them on, permanently! Then Jena, with an evil grin, got the greatest idea. She got a heavy, twelve foot length of chain that weighed a good ten pounds and locked either end to their chastized dicks. Now they go everywhere together very carefully. My inspiration was to add a big cowbell to the middle of the chain. Instructing them that if they ever allowed it to hit the floor, and we heard it, both their sixty asses would be cated. We only had Mitzy and Ditzzy for a couple of months so the novelty of thinking up new ways to humiliate them hadn't worn off. I remembered how Jena had exploded when discovering Rob had been cheating on her, screaming, "Miserable cocksuckers!" "I agree, and I think that's exactly what we should turn them into," I said, which is exactly what we did every Friday night. "Now girls, you do remember this is Friday? Time for Harold and his 'monster' to make its appearance." I smiled, quite immune to their pathetic sobs and pleading. What we'd done was to ask all our friends who had the biggest cock in town. "Oh that's Harold, we call his thing 'The Monster,'" Sally said. So every Friday Harold brings his "monster" over and we play a game that's really so amusing. Harold lies down on a cocktail table with Mitzy and Ditzzy kneeling on either side. Attaching chains to their earrings to get them real close, both have to take a firm grip on Harold's cock, not let go, and start licking it for all their worth. When Harold finally shoots an always enormous load the winner is the one who gets the most of it on her face. We both die laughing seeing cum literally dripping

off their faces, actually fighting each other to get more of it on them than the other. You might ask why, well, you see, the loser is the one who becomes the cocksucker. "She" gets another load from Harold, only down the throat. And the rule is the entire length of Harold's "monster" must be in her mouth the whole time he's unloading or it doesn't count and she has to start all over. We keep making up rules as we go along. To their misery, and our glee, we kept inventing new games for them to play. "We have a new game for our girls to play," I said, last Saturday night. "We think you're going to really love it. We're sure it will be a whole new experience for you." "And also be educational," Jena smiled. "Are you eager to play?" "Yes, Mistress," they both quaked fearfully. "Right then, let's have you kneeling with your asses facing each other. Stick them straight up in the air, girls. Now back up until we tell you to stop." I ordered, stopping them until they were about two feet away. We then put collars on them and with a chain connected one to the other. Then we cuffed their legs to each other. "Now here's the fun part, girls," I said, so enjoying their look of total fright, as I approached them with a pink, semi-hard, double-ended dildo. After adding just a little lubricant I stuck one end up against Mitzy's hole and the other against Ditzzy's hole. "The object of the game girls is to force as much of the dildo into the other's ass while resisting her attempt to do the same to you. There's no time limit, the game continues until one of you manages to force half the length of the dildo up the other's ass. The loser, unfortunately, spends the next 24 hours with it stuck up her ass." I declared, then grinning, added, "Don't start until the girls all arrive and everyone's placed their bets."

SISSIE NEEDS WELL HUNG MAN TO SERVE DAILY

Dear Jeri and Forced Womanhood,
It's been awhile since I wrote. My story was printed in Issue 31. It was when I first started my journey to become a full woman. Well, to catch up, I live full time now as a girl. It's been four years now. My name and sex was legally changed, my body and breasts are very fem, 36B with pierced nipples and nice bikini tan. My former cock has shriveled to a tiny thing. I go in the hospital at the end of the month for an Orchietomy (removing balls) the doctor said will shrink more then. My Mistress plans to have me a complete pussy in about a year. We live in a rural area on five acres, there are two other dominant women living there too. They are looking for a sissy slave also, they love what Mistress has done with me. They want to start training sissies for other Doms. So if anyone is interested, write us. Ms. Cindy is also looking for a well hung man for me to serve daily. She said we have plenty of room. Please publish this in either mag so others can see what has happened to me and can write me or Mistress.

PRINCESS ON PARADE

Dear Forced Womanhood,

Mine is a story that I have wanted to write ever since I met Master Paul and I began the steep decline from manhood to sissy-hood. Please bear in mind that I'm not complaining. I have been trained that complaints require corrective punishment and that only leaves me whimpering. I work for a large insurance company doing data management which allows me to work mostly from home. In January my computer crashed and I was forced to take it to head office to get it fixed or replaced. I was nervous because I've been visiting my favorite website called the House of Sissify located at www.sissify.com and I knew the internet history would show that I had spent hours at The House. I normally would have erased the history prior to having my computer serviced but this wasn't possible.

20

After a few nervous days, I got a phone call from the head of MIS, Paul Owens. He told me he knew all about my fantasy stories and my celebrity status as a Princess on Parade at The House. "You will follow my orders precisely or I will be sending your mother some very embarrassing photos of the daughter she didn't know she had, do you understand?" "Yes," was all I could say - I was in shock. "Your weekend starts on Friday with a trip to Glamour Beauty Salon - your appointment with Nadia is set for 10:00am, I will meet you there that afternoon. Do what Nadia instructs and by Monday your old hard drive will be returned to you. You will give Nadia your credit card to pay for her services and you will be very polite to her. Do you have any questions?" he asked bluntly. "No, I guess not," I

said quietly. "No, I guess not, SIR!" he shouted back. "You will always address me as Sir or Master, understood?" "Yes Sir," I replied obediently. On Friday morning the Glamour Beauty Salon was empty when I arrived. I introduced myself to Nadia and she said, "Come to the back, sissy, and we will begin." I was ordered to strip as she examined and measured me. A wide leather belt with 2 loops was buckled around my waist and my wrists were placed into the loops leaving me bound with my hands at my side. "I have prepared a very special cocktail for you that you can drink for the next few hours," she said, producing a ruby red penis-shaped gag that she forced between my lips and buckled behind my head. "What you taste is a highly potent dose of female hormones and voice altering serum. Within

an hour you will have a convincing lady-like voice that will last for 3 or 4 hours."

She then began waxing my legs, arms and chest followed by a Brazilian bikini waxing - all of which were very painful and left me sore and almost crying. She used electrolysis on my facial hair and my eyebrows were shaped into a feminine arch.

She then put a pink bikini on me and made me lay on a tanning bed. "Your Master gave very specific instructions that your tan lines were to be very deep," she said as she removed the harness and closed the lid. After what seemed like an hour the lid was finally opened and a man was standing over me who Nadia introduced as my new Master, Master Paul.

Master Paul stood several inches taller than me, handsome, well dressed and in his mid thirties. He smiled at me and handed me several shopping bags. "Here is your outfit for tonight meet me in three hours at Studio 69 down on Queen St. and don't be late," he said briskly. He turned and whispered to Nadia and strode confidently out of the store.

While my dye-job took hold, my ears were pierced and I had 1" pink ceramic nails glued in place. My hair was bleached blond, permed and cut into a feminine style. With only 1-1/2 hours left before I was to meet Master Paul, Nadia removed the penis gag and began applying my makeup. "Pay attention sissy, Master Paul will demand perfection every day," she said and provided a running narrative as she transformed my face from pale to radiant.

Nadia was an expert and when she was finished I couldn't recognize myself, my makeup was heavy, dramatic and very slutty.

Next we opened the packages Master had brought. The largest box revealed a ruthless black satin corset that shrunk my waist 4" and left me breathless. My sheer black stockings were held in place by six garters and a black lace bra topped it off.

Next came my new D cup silicone breasts - they looked huge! Protests at this point seemed useless as I slid the breast enhancers into place.

"Panties seem useless with this in the way," Nadia said as she stroked my aroused sissy clit. "I know how to handle this," she sneered and to my shock she swiftly producing a syringe and injecting something into the base of my rigid member. "This will freeze the nerves for a few hours and allow you to wear these," she said holding up a pair of delicate black lace string bikini panties. She pulled my now flaccid sissy-clit between my legs and tied the panties tightly around my waist. Next came the black leather mini-skirt, the 5" platform heels, the see-thru beige blouse and the abundance of jewelry. When I looked into the mirror I looked like a high class call girl which was obviously what Master required.

Nadia had me practice with my new feminine voice as well as walking in heels and after 10 minutes of pacing and saying my name out loud, she said I was nearly ready. With that she opened the last package containing a large butt plug and told me to bend over, spread my legs and hold on to the chair. "This will ensure you walk like a hooker who's just been fucked," she said as she lubed my sissy pussy and fucked me with the tapered latex toy. With the 6" monster splitting me open and with my tight panties back in place I thought I was going to cry. "Now, let's see how you walk," she ordered and after two lengths of the room she declared, "Perfect, now grab those last two bags and get going girl. If you're late he'll surely punish you." She kissed me, wished me good luck and pushed me out into the sunlight.

I walked south mindlessly as I contemplated what happened in the past six hours and what was in store for me. One look at my reflection in a store window reminded me that I was now a convincing, sexy long-legged woman that was getting stares from both sexes.

I got to the bar a few minutes early, thankfully, and Paul was waiting. I hurried over to him to ask him to release me but he grabbed me and kissed me tenderly and passionately. Surprisingly I returned his kisses as his hands explored my corseted torso and pantied ass. After a couple of drinks we grabbed a cab and headed for Master's house and once there he showed me around. First the ground floor telling me that one of my many responsibilities will be to keep it spotless and to do all the cooking. Next we headed upstairs where he showed me his bedroom as well as the three other bedrooms. Then we headed downstairs. The first room had a sign on the doors saying "Sexual Gymnasium" and I was both curious and afraid to go in.

The room was filled with curious looking benches, chairs and racks that I could only assume had a special function.

He pointed to a pair of ballet shoes and leather wrist cuffs and told me to sit down and put them on. He then unbuttoned my blouse and unzipped my skirt and removed them leaving me in my corset, bra, stockings and panties. I was getting excited by his attention as he unhooked my bra, exposing my soft white flesh and pink nipples. I finished tying the boots up when he ordered me to put my hands behind my back where he quickly locked the wrist cuffs to a spreader bar. "Your progress today is quite astounding sweet one," he said. "But you have a lot of training to finished before your Mistress comes home. Mistress Jamie is returning from Europe in a week and I have

promised her a perfectly trained she-male sissy. For the next seven days your training will be intense and complete. When your Mistress arrives she will be greeted by a submissive, obedient and fully trained maid. If you think I'm tough, wait until you displease her, she will make your life miserable." With this said he walked behind me and looped a rope around the spreader bar lifting my arms and effectively lowering my head and forcing me to bend over. I couldn't see behind me but I felt him untie my panties and forcefully remove the butt plug that had been inside me for five hours. "Thank you Master, it was soooo big." I cooed. "Don't thank me yet, I have a few more surprises for you." With a single movement he replaced it with a larger butt plug. "I love the way you wiggle your ass, sissy. How does this feel?" he asked as the invader in my sissy pussy began to vibrate wildly. "Oh Godddd." I stuttered as my body quaked from my head to my toes.

"I'm glad you like it," he sneered as he came into my vision but now he was naked and his manhood pointed squarely at my face. "In a few minutes you will be in your correction and training position, sissy. Whenever I am displeased or feel you need extra training, I will say 'correction and training' and you will present yourself to me just like this, is this understood?"

"Yes Master," I said in a trembling voice. He then began squeezing my breasts and pinched my nipples. "These should help make them become more noticeable," he said and painfully placed nipple clamps with 4" chains onto each nipple. He then brought out small lead balls about 2" in diameter and clipped them on the chains pulling my nipples downward with searing pain. "We start with the 1/2 lb. weights and work up. Now let's see if you have a talented mouth," he said as he pulled a chair in front of me and sat down. "Tonight you will learn

the art of pleasing a man with your mouth and my pussy." And learn I did. Master is a man of prodigious sexual appetite and endurance and he stayed hard for hours. When he was fucking me he made me beg to suck him and when I was sucking him he made me beg for him to fuck me.

Today I live with Master Paul, he had me transferred into his department last month so I report to him night and day. He has taken control of my income and deducts room and board but provides me with a generous clothing allowance which I must spend.

My mornings start early as I must always be properly dressed in a full maid's uniform, properly doused and fully made-up as I serve him breakfast in bed each morning at 6:30. From the moment I wake up to his arrival home, I must always have a butt-plug buried deep inside me and he monitors me with web-cams that are in virtually every room of the house to ensure my compliance and to make sure I don't play with my sissy clit. He has warned me that Centurian has some very permanent chastity harnesses that he would install if I was to seek any personal relief. I have seen the pictures and read the stories so I resist the temptation.

After he leaves for work I must change into a suitable secretarial outfit and complete the data management assignments he sends me. Once that is complete, there is always housework and gardening to be done. My gardening outfit consists of cut-off shorts, a halter top, work boots, straw hat and gloves and I am constantly interrupted by couriers delivering one of my many internet purchases.

Around 4:00 each day Master calls me and says a word or two like "Nurse" or "Hooker" or "School-girl" or "Teacher" or "Maid" or "Bondage Bitch" or "Tennis Player". Each outfit requires me to quickly change and present myself to him for

inspection upon arrival. I am his fantasy toy and if he is pleased he will allow me to suck his generous cock and then beg him to fuck me like he would fuck a whore and thankfully he is always willing to do so.

Often at night, I await my Master in his bedroom shackled in my "Fuck Harness" as he calls it (photo attached) or locked onto the spanking horse with my panties always around my ankles. If I've been especially responsive and pleasing he will stroke my hairless sissy sac and clit as he fucks me. I am entirely at his mercy as he thrusts his manhood deep into me and I have a sissy climax into my satin panties.

I have been an avid reader of Forced Womanhood for many years and now I also enjoy Enslaved but Master Paul won't allow me to get a subscription, insisting instead that I purchase it from a downtown adult book store.

I have been forced to service virtually all of his male friends and even some co-workers who used to know me as a man. They have no idea I am anything but a slutish girl when I am swallowing their cum.

Master has promised that once I agree to my breast implants that we will start making more videos. He has recorded me fucking myself with a dildo as well as sucking him off but he says I can become a porn star if I agree to the implants. I don't think I would look lovely as he pulled my nipples and squeezing my large tits around his cock as he shoots his juices over my face. The thought is very exciting but also very final.

Master Paul invites you to send your encouragements to me at rachelle@sissify.com.

Dear Forced Womanhood,

My husband turned me on to your magazines a year ago. I was so turned on by them I read them over and over again. Here I could have my cake and eat it too! In other words my husband was self sufficient money-wise and I could have all the men and sex I wanted. All I had to do is turn my wimpy husband into a sissy slave. He liked the idea of dressing in female clothes, so I had it made. All I had to do was go by your magazines to turn him into a chastised sissy. Which I have done over the last year. Your hormones helped to feminize his body. Then two months ago I got him breast implants. At all times he must be dressed to kill, meaning very pretty. He has a red wig we bought from you and, of course, some sissy outfits and a variety of high-heeled shoes and baby doll shoes. What Donna (that's Larry's name now) didn't realize is that when I would have sex with various men I'd make him suck out my lover's cum from my pussy. "This is what wimpy sissies have to do," I'd say to him. "You can no longer

have sex, so how does it feel to have to suck someone else's cum out of your pussy that you can no longer have?"

After he'd suck out all the cum, I'd have him lick my boots or high heeled shoes. Then, I'd actually cum again seeing his sad pathetic face.

CHEATING HUSBAND GETS CHASTISED AND TURNED INTO A SHE-MALE SLAVE AND MADE TO WATCH HIS WIFE SUCK COCK

Story From Page 25

I'll try and make this as short as I can. My wife came home early from work one day a year ago and found me in bed with our next door neighbor. You can only imagine how furious she was. I told her I'd do anything to make up for what I had done. What I didn't realize is that months before she found all my issues of Forced Womanhood magazine. She said, "Anything?" as she pulled out my magazines. I said, "Yes." What I didn't know was that she had this thing for some guy at work.

For one year she bound me up every night and made me take your vitamin hormones twice a day until my breasts were large enough for me to have surgical implants. After that came your Frenum Chastity and she used your permanent rivets so I can never have sex again. By now my brown hair had been bleached blonde. All my body hair had been removed and your hormones had softened my skin to a very feminine feel.

Last week my Mistress (wife) made me put on a pretty blue dress with my breasts showing and a pair of white patent 5" pumps. She bound me in the bedroom and told me she had a surprise for me. She brought in the guy who I guess she had a crush on for over a year and proceeded to take down his

pants and pulled his hard cock out and started giving him a long incredible blow job until he came all over.

She looked at me and said, "This is what you get for fucking our neighbor. You're going to have to be a pathetic sissy slave and watch me have sex from now on." I remember how awesome her blow jobs were. Now I'll never feel such pleasure again.

WIFE DISGUSTED WITH HUSBAND'S DRESS UP BONDAGE FANTASIES FULFILLS HIS WISH 24/7

I put up with Charles fantasies as long as I could. I'd heard of guys who liked to dress up in women's clothing so I thought it was harmless. I also didn't think much of it when he wanted me to tie him up so he could feel helpless. I wasn't a prude. But when he stated not being able to get it up unless he was wearing his girly things and I had him restrained in one position, or the other, I'd finally had it. He wasn't the man I thought I'd married. More like a pathetic excuse for one. Looking down at him I longed for a real man with a rock hard cock.

It was time for some major changes. "Since you can't seem to get it up anymore unless you're in your frillies, all nice and helpless, I've decided to indulge you, 24/7." I stated.

"What do you mean?" he asked tearfully.

"Well after your boob job and I get you permanently made up you'll no longer be Charles, you'll be Clarissa. And since what I need is a real cock, yours won't be of any use to me, or you, since I'm keeping it locked up from now on." I declared.

After getting dressed in my "fuck me" outfit I looked down at him and said, "I'm going to find a real man to fuck my brains out. You be a good boy, I mean girl, while I'm gone. I doubt I'll be back tonight, so try and be comfortable."

Dear Jeri,

Love your magazine. I enjoy reading it with my crossdressing boyfriend. Your magazine has given me insight into new experiences with my TV.

I enjoy watching him transform from someone truly masculine to a sissy girl who's actions I can control.

We enjoy going out to clubs, fetish events and meeting admiring men, T girls, and other couples. We love to hear from them. I get turned on being the one in control going out with other guys and telling her who she can be with and what she can do. Her transformation has been a positive addition to our relationship. I have enclosed some of our pictures for you to share with your readers.

WIFE TURNS HUSBAND INTO SHE-MALE SLAVE AND KEEPS HIM LOCKED UP IN LOCK ON MAIDS UNIFORM

Dear Forced Womanhood,

My wife, now my Mistress, has been reading your magazine and catalogs for over ten years. I've been turned into a beautiful girl through my Mistress's constant domination of me. During the day she locks on a lock on Maids uniform she got from one of your catalogs and makes me wear Baby Doll Shoes. She keeps me in bondage constantly as her slave. I've had my breast implants thanks to your hormones. She says she won't chastise me as long as I'm good.

WIFE FINDS NEW POSITION FOR CHEATING HUSBAND HOUSE COCK SUCKER

I was the breadwinner in the family. Larry was an out of work actor. I forgave him when I caught him cheating on me the first time. I was ready to divorce him the second, relenting only when he got down on his knees and swore it would never happen again. I should have known better as to my great hurt I caught him in our bed with some wanna-be actress he'd told he was single. "Divorce is too easy. I want revenge. I want him humiliated beyond what I can think of. I'm an absolute laughing stock, naturally the last person to know." I said to my best friend Nicole. She thought for a couple minutes then with a twinkle said, "You want him so humiliated he'll never think of himself as a man again, is that it?"

"I want his macho ego devastated." I reaffirmed. "Then we need to talk to Gloria," she said. Nicole, you see, was a highly paid call girl, and Gloria was the Madame who ran the house. So we went and

talked to her with Nicole explaining her idea. "Marvelous, we don't have one of those in the house. I think he'll end up being a big hit. Naturally he'll fight it every step of the way, but I have some training devices that I'm positive will prove effective," she laughed. To his shock I told him I had decided not to divorce him. "However, I'm sure you'll have to agree that I'm entitled for some degree of revenge for the humiliation I've endured." "Yes, of course Diana. Whatever you think, I'll do. I swear I'll never cheat on you again. I'll be a new person, you'll see," he said, and I almost had to laugh. "Oh I can assure you, you'll be a new person alright." On the pretense of

getting his long hair cut I got him into a chair at my beauty salon, after it had closed. And before he knew we had him tightly strapped to it. "Hey, what the hell is going on?" he hollered. "Well dear, since you're so addicted to women I thought I would just turn you into one. Now just relax, sweetie. Linda and the girls need a lot of time to work on you, then the doctor gets you." "Doctor, what..." "She's coming to give you the biggest boobs you've probably ever seen, and they'll be yours," I grinned. Well they worked and worked on him and I couldn't have been more pleased with the results. "What have you done? Oh god, I look like some slut, a whore," he cried out when we turned him to the mirror. "But Lucy, that's your new name. Lucy Lips, that's precisely how I told them to make you look. It's perfect for the new job I told them to make for you. At which you'll work till you pay me back for all the money I forked out for acting les-

sons, food, rent and so on. I figure a little over \$100,000." "Once I pay you back I can become..." "A man again? Oh absolutely. Now, let's go meet your new employer." When we entered Gloria's he, or she, said, "This looks like a whorehouse." "Why in fact it is. This is where you're going to work, and this is Gloria, your new employer." "My goodness, why she's absolutely perfect. Wonderfully slutty looking. I'd just look at those boobs and huge tits. I'd like to welcome you to our little house, honey. We've needed someone like you."

"I don't understand. What is it I'm supposed to do?" he asked.

"Why you're going to be the House Cocksucker. We have a lot of busy men who only have time for a good cock sucking and blow job. And by the time we have you trained you'll be sucking and gulping like a pro."

"I'm not going to suck some guy's dick. You can dress me up like this, but you're nuts if I'll ever suck cock. Not in a million years!" He hollered.

"Well, I'm afraid that's where you're wrong. Actually we're going to have you sucking your first cock within the hour. Carl, would you come here?" she called out, and moments later this huge brute of a man came in. "Carl, this is Lucy Lips, the new House Cocksucker. She's a bit reluctant, so can you get her ready?" she asked, and while she put up a furious fight she was no match for Carl. Who soon had her kneeling with her arms strapped to her thighs. The stiffest, leather collar rigidly fixing her head until it was completely immobilized.

"While Carl gets her ready let's talk fees. I'll be charging \$100 for Lucy's cocksucking skills. Lucy's take is 25%. After we deduct for food, wardrobe and beauty treatments I

imagine there'll be about \$10 left over. Which I assume goes to you?"

"Well, if that's all I can get out of her I guess it will do. How long do you think it will take her to pay me back?"

"Let's see," she said, taking out her calculator. "It should take about 2 1/2 years of cocksucking. But, it could be less. She'll also be trained to lick and suck balls, which we charge extra for. Then, I'm assuming, she has a very tight virgin asshole. When she's not sucking cock she'll be perfect for ass fucking. Our gentlemen clients go wild at a tight hole to bang away on."

"Diana, you can't let her do that to me, I'm begging you," she pleaded and cried.

"Now Lucy, it'll all be over in a couple years. You try to be a good girl for Gloria." I said as Carl ordered Lucy to open her mouth. Which she did, screaming, when he viciously pinched her nipple and inserted what Gloria said was a Ring Gag.

"As you can see it holds the mouth open for whatever you to insert. It's more of a trainer for average sized cocks. But she'll need to be trained to take a truly huge cock, if she's into sports I know she'll be excited to know that have numerous basketball and football players as clients. She'll get to suck their cocks. I know you just can't wait, can you, sweetie?" she laughed. "Carl, put the metal mouth gag on her and I'll show Diane how we'll train her to take the monstrous cock," she said, when he had it

installed I almost felt sorry for Lucy. It was adjustable and opened Lucy's mouth impossibly wide. She moaned in relief when Carl removed it and reinserted the ring gag.

"Alright Conrad get that pathetic, little dick of yours in her mouth. You've been begging for relief for weeks, now here's your chance. Ever been sucked off by a she-male Conrad?" she asked.

"Please Mistress, not another man," he pleaded.

"Charlotte, why don't you use your whip to get Conrad started?"

You can't believe the satisfaction I got watching my miserable excuse for a husband sucking a guy's cock.

TWO INCREDIBLE VIDEOS OF MEN TURNED INTO SHE-MALES AND SISSY SLAVES

Enslaved Sissy Maid Video

This is a story of a beautiful woman who isn't getting satisfied sexually by her husband, so she has extra marital affairs. One night after one of her flings she catches her husband wearing her lingerie. This gives her the excuse she needs, she yells and screams at him that if he's going to wear women's clothes - they will only be sissy clothes for such a wimp as him. She begins with binding him up every night and slowly changes him into a complete sissy she-male maid slave through bondage, hormones and breast implants. Then makes him suffer many humiliations of being a sissy slave including satisfying her boyfriend in all ways.

Forced Womanhood Video

This is a serious one hour movie about a wife who catches her husband at the beginning of this movie making love with another woman. She is so furious that she wants to kick him out of the house. Instead he promises to be her slave, not really knowing what he is really in for. Through bondage and discipline she slowly turns him into a she-male slave. Hormone injections, breast implants and finally she chastises him permanently with a metal chastity pierced through into penis. And the finale of this ordeal is her binding her she-male slave to watch as she makes love to another man.

How to feminize your body with natural herbs and vitamins that have natural female estrogen

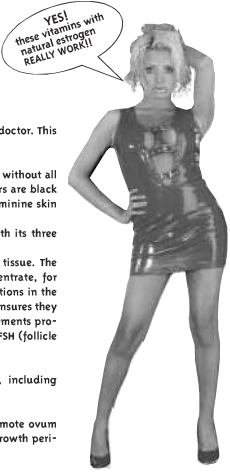

In order for you to take synthetic estrogen (Premarin), you have to get a prescription from your doctor. This cannot only be difficult to do but embarrassing as well!

But did you know? There are two herbs with natural estrogen in them that will give you the same effect as estrogen without all the side effects of possible cancer, loss of erection, etc. These two wonder herbs for crossdressers are black cohosh and blessed thistle. These two herbs will not only give you BREASTS, but softer more feminine skin and silkier hair. They will also feminize or round out your features.

If you didn't know it, TRANSFORMATION has already mastered this truly wonderful formula with its three unique vitamin hormone pills. Glandulars are the secret! Glandular therapy utilizes raw concentrates of glandular and organ tissue. The theory is that like cells help like cells. In practical items, this means that raw ovarian concentrate, for instance, contains a variety of known and unknown intrinsic factors that support ovarian functions in the recipient. The "raw" glandulars are used in Feminant are dehydrated by a special process which insures they contain all of the enzymes and hormones that are present in the natural tissue. One of the key elements provides 200mg of raw ovarian concentrates to assist in the production of the essential hormones, FSH (follicle stimulating hormone) and LH (luteinizing hormone).

These hormones perform basic biochemical and physiological changes in the female body, including increasing breast size and softening of the skin.

Other changes include development of special glands in the fallopian tubes and uterus to promote ovum implantation, enlarging of the pelvic area, faster extension of bone growth, decrease in bone growth period and mild retention of protein and calcium.
