MEET SLAVE FRANCES

Dear Forced Womanhood,

Enclosed is a photo of my slave Frances. I thought you may be able to use them in one your publications. As you can see, slave Frances is a mature submissive. I would suggest that other Mistresses do not overlook older submissives. They are easy to break as slaves and as their testosterone diminishes it is easier to have them develop nice breasts. Slave Frances is not permanently chastised yet. What I do require her to wear is a large padlock on her little balls. The lock is heavy and she never forgets that she is my property. After 3 or 4 days of the lock, slave Frances will get sore and begs to have the lock removed. She knows that in order to do that she has to get dressed and go out in public wearing her locked on sissy collar.

What I usually do to humiliate her is to go into a women's store or grocery store and leave the keys to her collar and balls hidden somewhere. She has no choice but to go in and find them.

To add excitement, I usually move the car when she is in the store. I love to see her frilly skirt looking for me. Needless to say, she draws attention. Other women catch on to what is happening and seem to enjoy it. The guys all look dumfounded and look away.

There is a great feeling of power when you can train a slave like Frances to go out in public as a forced female. Especially when the slave knows she will be considered as a male being made into a female by a superior female. Mistress Kristin

STRONG WILLED WIFE TURNS WEAK HUBBY INTO A SHE-MALE TO SPICE UP HER AFFAIRS WITH OTHER MEN

Dear Forced Womanhood,

Short, slender and girlishly handsome, I felt intimidated by other males both in school and later out in the world. Shy, I didn't date much and contented myself with my hobby of collecting female bondage pictures and imagining I was the victim in the photos and drawings. Then I found your magazine and sister publications, and I also saw myself as the bound she-male beauties. Intrigued, I ordered wigs, shoes, lingerie and various erotic clothing from your Transvestite and Transformation catalogs and began dressing up and binding myself. One night I went halfheartedly to an old school chum's party, and that's how I met Sondra. A dominant lady, she sized me up immediately, and we soon left together and went to my place, where I showed her your magazines and my wardrobe. Almost before I knew it, I was dressed up, made up, and tied up. I stayed that way all night and we had only oral sex. Sondra remained the rest of the weekend, and I had the best time ever. We dated, with me always tied up and feminized, and soon she told me that we were to be married. Meekly, I agreed. It was a private ceremony, with me dressed in your bridal gown, my wrists and ankles in cuffs and chains. Our honeymoon was in a mountain lodge, where she convinced me to begin using your female hormone pills and creams that she'd bought me as a wedding present. I was bound and feminized the whole time, in walks in the woods and all over the lodge. We tried fucking but Sondra liked oral sex best, and that was fine with me. On the drive back we detoured to Reno and went to your Romantic Sensations Boutique, where your staff helped us in selecting my complete erotic she-male wardrobe, as my male clothes had been given away. Sondra had bought a secluded house outside of a new town, as she later planned to pass me off as her sister. Wealthy, she didn't need to work and so she stayed home and gave me many hours a day of female lessons, afterwards binding me strenuously for an hour for each mistake made during the lesson. I did cooking and cleaning as a French maid, then changed outfits several times a day to please us both and came to look forward eagerly to each new bondage position her fertile mind dreamed up for me. She also insisted that I triple the use of my feminizing pills and creams.

At first I was pleased with the wonderful feminine changes in my body, helped by wearing a corset constantly and 5"-6" opera pumps. I loved to sleep tied and feminized, so I didn't think anything about being bound so I couldn't loosen the corset or remove the stilettos. Then I became aware that my penis was shrinking as my body continued to become even more feminine. Sondra said she loved her pussy tongued instead of fucked and wanted me as a she-male. Overpowered, I was stripped to only a corset, garter belt, nylons and 6" opera pumps and bound and gagged in a store room closet and was tormented for a week with dildos, spankings, face-slappings, suspension bondage from overhead beams, being walked on in 8" heels, which I had to lick clean, and hours of face-sitting.

After promising tearfully to increase my pills and creams even more, I was freed to do my chores as a chained French maid and then severely bound and gagged and locked in a closet when Sondra went shopping. My cock was put in your PR3 metal penis chastity until it was too small and could only take a FL2C frenum that was put on permanently. My jugs were soon ready for big implants, and I became Valerie, a lovely, submissive she-male who passes easily as a real woman.

There are times Sondra wants her pussy fucked (once is about her limit, then the man gets to fuck me the rest of the time) and a new tongue inside her; she does enjoy 69 with a man for hours. In a brief, sleeveless dress, a rose in my blonde hair, small ball gag in my mouth, I'm tied on the couch with clothesline, ropes below my knees so that my feet are free and my panties can be pulled down about my ruffled socks and 5" opera pumps to reveal my tiny frenum-encased cock. I watch Sondra get screwed (something she rarely let me do), and then go 69 with the man. Next it's my turn and he also tit-fucks me and cums in my face, making me lick it off. Sondra later joins him with her dildo, and I'm simultaneously fucked in both ends to exhaustion. Still, I love it and find myself begging them for more!

MARISSA MAKES MICHAEL, MICHELLE

HOW TO MAKE YOUR MAN THE PERFECT WOMAN

By Michelle Young for Lustomic.com

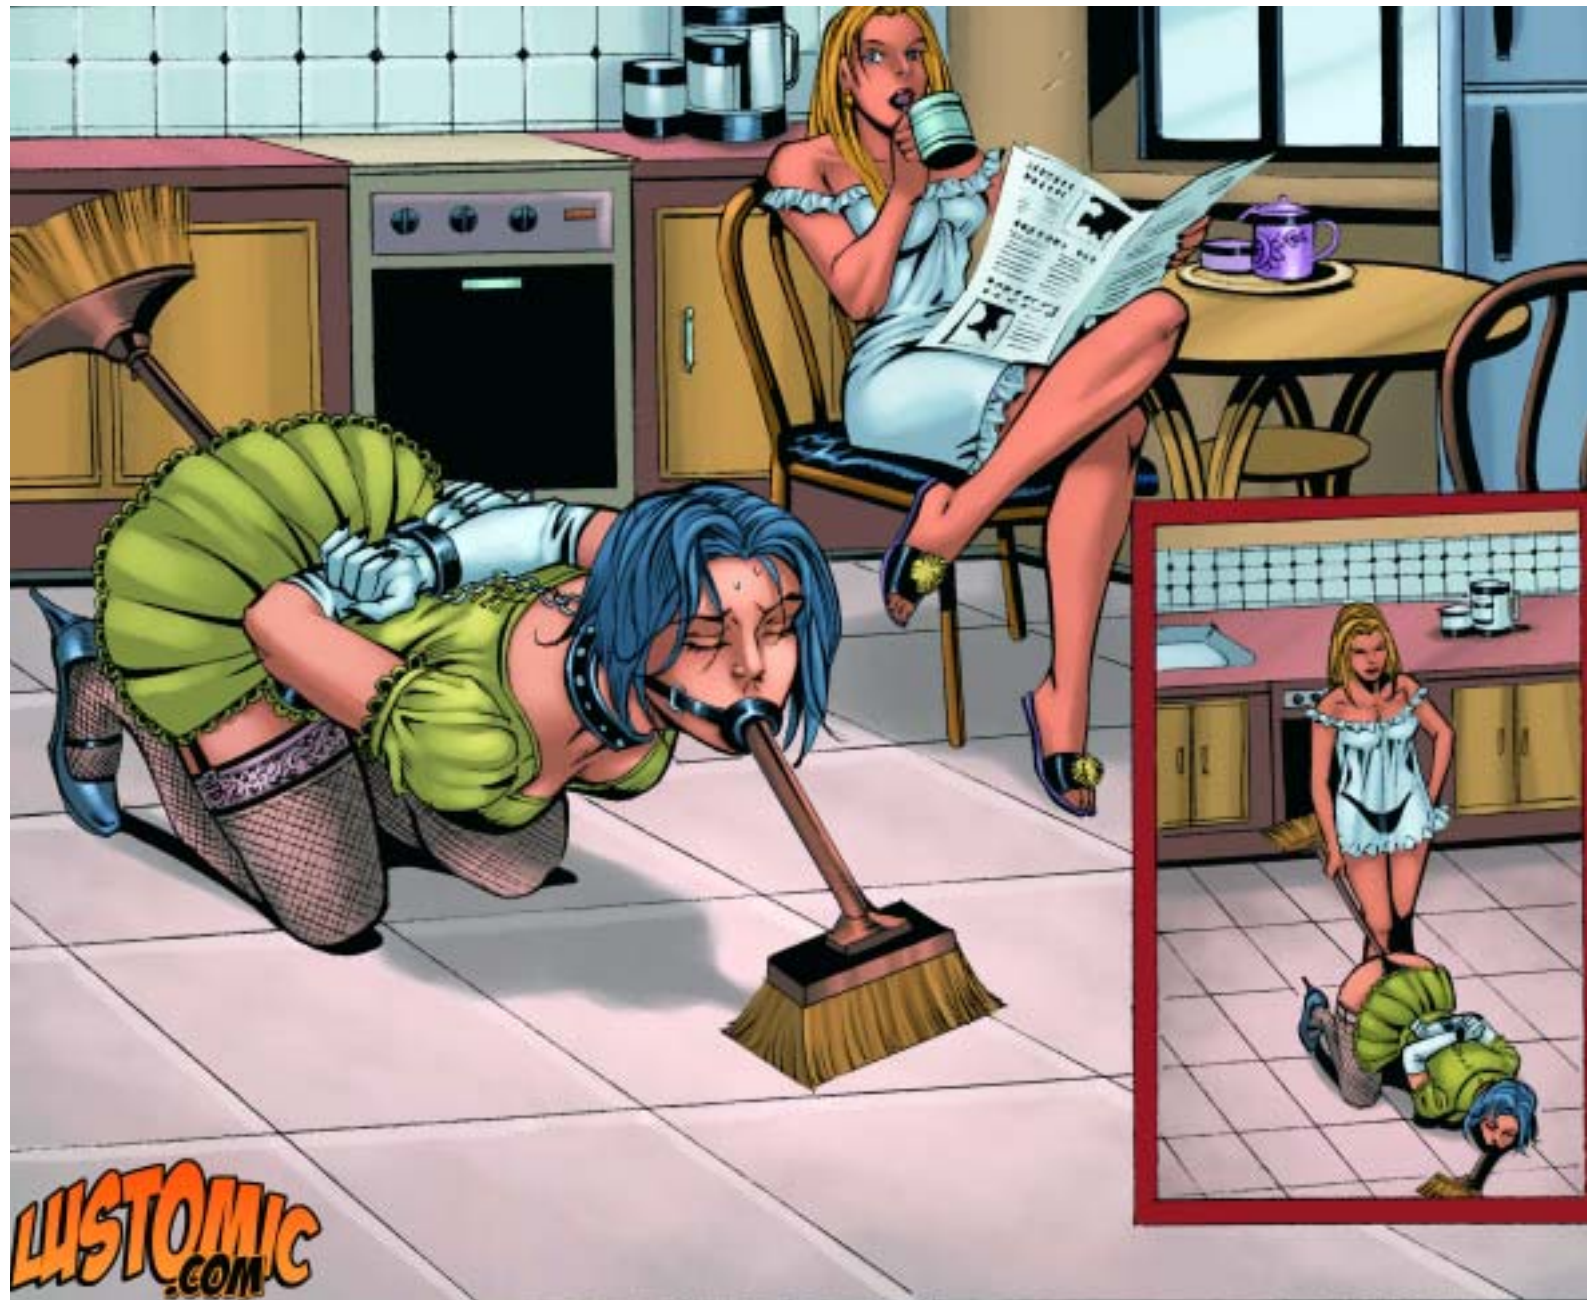

Make Your Man A Woman!

Michael has always been a little pantywaist and I really only married him because he had connections in the business, ya know. It's not like our sex life has been all that great... I mean what sex life!?! As if! Even on our honeymoon he insisted on rubbing his pathetic little thing with my white thigh high bridal stockings until he made a sticky mess all over them! I mean, eeeeeew!!! Right, girls?

I Always Say That Clothes Make the Woman!

No more fitted suits and Italian loafers for my little Michael. You simply must get rid of every piece of male clothing in his wardrobe without exception, even things that could pass as "unisex." Ugh, I hate that word! He's a girl now, and he simply must dress like one! Make lingerie his daily routine and keep him in really short skirts and really high heels when he's in the house.

Continued From Page 7

From Cock To Cocklette!

There's no greater symbol of maleness than a cock. That's why you have to address that little problem straight away! Simply take it away from him... I mean tuck it between his legs, silly! Refer to it as a clit or his pussy from now on. Never, ever call it a dick, cock, tool, or throbbing love pole again! He's got to know he no longer has any control over that thing tucked away beneath his frilly panties or any part of his body for that matter.

Curves In All The Right Places!

It's time for a corset, and not one of those cheap "for looks only" models. You need something with strong steel bones, thick lacing and an unforgiving outer shell. Satin usually works best. Remember girls, buy the corset at least four sizes too small for starters. This will allow for ample reduction of her frame and repositioning of her internal organs.

Nobody Said Being Beautiful Is Easy!

A trip to the beauty salon for color highlights and girl-talk is always fun. All the girls at my favorite place know exactly what my sissy hubby is and they just love it! Shapely long nails and a French manicure will do wonders for your new slut. She'll find even the simplest of tasks quite the effort and excruciatingly frustrating, but it's all about looking pretty - not how easily she can pick up a quarter! Have her paint and repaint her nails daily so she can do it perfectly. Professional manicures are expensive and she should be able to do herself as well as the pros!

The Cock Whore!

She's got to learn the fine art of teasing with her lips and tongue first. Although the strap-on is always rock hard, she'll be using her techniques on the real thing soon enough. On her knees before you, take a full fist full of her hair and slap her

pretty pink checks with your dick. That'll show her what she really is - a little cock hungry whore. Get her to beg for it the right way. "Please let me suck, Ma'am!" Well, that's usually how it starts anyway. A little lame, don't ya think? "I want you so deep in my throat I gag on your cock and gulp your pre-cum until I become nothing more than your personal little glory hole cock sucking bitch!" Now, that's begging... Mmm!

A New Boyfriend For You, Ladies!

I met David at the studio's premier party for our new series: Bad Boys, Nasty Girls. He went after my Michelle like a heat seeking missile. Could have been the get-up I had her wear to the event, I suppose - white vinyl hot pants, pink fence hole fishnet tights, white patent leather ankle boots with five inch heels, and a shimmering sheer low cut hot pink blouse. Well, one thing led to another, as they say, and I was telling David all about my Michelle while she stood there taking it all in, her face flushed with embarrassment to match the hue of her blouse. To my surprise, David was getting all hot and bothered by my story. His hand reached down between Michelle's legs to confirm the

obvious and I found my fingers playing in his chest hair, which wasn't exactly rebuffed.

The next thing I know the three of us are in my bedroom and I'm getting slammed like a porn princess. All Michael, I mean Michelle could do then was to kneel beside the bed and watch while his wife got the fuck of her life. It was cute when she started to tear up a bit.

And A New Boyfriend For Her Too!

Now, you might want to find a real boyfriend for your little sissy. I'm certainly not suggesting you do anything illegal, ladies, but there's also the prospect of pimping out your little pussy princess. The money she earns will work sort of like an allowance. You keep all of it, of course, but she can use a little to buy new clothes or makeup when needed. I was so amazed to learn that there are so many guys out there looking for a pretty prissy to penetrate and they want to pay for the privilege! Michelle has a steady stream of regulars now and it's been quite lucrative. More than enough to pay for her girly things and more

shoes for me! Now, that's making the most of your missy, girls!

Do You Promise To Honor And Obey Until Death Do You Part, Sissybitch?

So, after the wedding vows were exchanged, I brought my little Michelle down to the tattoo place to permanently affix my name on her ass, It was such the perfect location for our honeymoon! Like I'd spend any money taking her someplace nice. For what? She's got everything she needs right here at home and now she's got big bold letters forever etched into her bottom - I'M A SISSYSLUT OWNED AND OPERATED BY MISS MARISSA MCCLEARY! I also had them draw in a cute pink stiletto heel with a big bow on the toe! It's so cute.

MAN TURNED INTO WOMAN TO DO WHATEVER SHE WANTS

Story On Page 17

Attention To Forced Womanhood:

I started dressing in women's clothes in college. I wore panties under my jeans and after dinner I would go to my room and put on a bra. I had skirts and dresses I would slip into when I was alone. If I were someplace where no one knew me, I would get dressed and go out as Eve.

After I graduated I found a job as an adjustor with an insurance company. That is where I met my wife. Sometimes I had to travel and that was where Eve got to come out. I never told my wife about Eve. Women sometimes take that sort of thing the wrong way.

One day I came home and found Sharon in tears. She'd found my lingerie stash and thought I'd been having an affair. When I told her they were mine and I liked to wear women's clothes I think she would rather it had been an affair.

Sharon threatened divorce if I didn't agree to counseling. Actually, that turned out to be a pretty good thing. Our therapist explained to Sharon that while it isn't exactly dirt common for men to dress in women's clothes, it isn't all that unusual, either.

"Don't you like to wear his things?" She asked. Sharon had to think that over.

"What's a few more panties in the laundry, right?"

Then I found a copy of "Forced Womanhood" next to her side of the bed. The next night I came to bed wearing a silk camisole and tap pants. Sharon was wearing one of my tee shirts and boxer shorts over a strap on dildo.

After some intense foreplay she coaxed the dildo out of the fly of the boxers and made me suck it. Then she put a rubber condom on it and mounted me in the missionary position. And that night Eve was finally a woman.

After that we named the thing "Moby." I don't think Melville ever said, but I always figured Moby was a sperm whale.

The following week I came home from work to find a French maid uniform. It was black satin with white trim, crinoline petticoats and bloomer panties with frilly lace on the seat. Yum! I couldn't wait to put them on.

But then I had to fix dinner and clean the house. It was midnight before I was done. Then I had to satisfy Sharon with my tongue before I could go to sleep.

Saturday I was told to put on a dress, makeup, and

go to the supermarket for groceries. I got some strange looks and a few snickers from teenage boys.

That night I had to put on a leather corset, fishnet stockings, and very high heels. Then she put a penis chastity on me and warned me that I'd be punished if I took it off before she got back home. Then Sharon went bar hopping.

It was after 1:00 when she got home with a man I'd never seen before. He looked rough and I was frightened of him. He was big and hairy and had tats all over his powerful arms. His name was Shane.

"This is my sissy slave," Sharon said. "She'll do what ever you want like a good little whore."

"Right now I'd like a blow job," he said. He unfastened his leather motorcycle pants and they dropped to the floor around his ankles. He wasn't wearing any underwear. His uncircumcised cock was long and thick as my wrist.

"Don't make me do this," I begged. They laughed. I got on my knees in front of him. A pearly drop of

pre-come oozed out of the slit. I licked it off. Then I took it in my mouth and started sucking. Shane sighed in satisfaction.

I don't know how long he kept pumping his big thing into my mouth, but it seemed like an eternity. Then he grabbed the back of my head and pushed it in as far as it would go. I felt it swell and twitch as he deposited big wads of yeasty sperm at

the back of my throat. He wouldn't take his cock out until I swallowed every drop.

That night I had to sleep on the couch while Shane and Sharon went to bed. The next morning I had to dress up in the French maid costume and fix them breakfast.

After breakfast Sharon told me that Shane was an actor she'd hired to teach me a lesson and make me her permanent sissy slave, a role we've both come to enjoy.

THE MISS-ADVENTURES OF MIKA

KIDNAPPED AND ABDUCTED IN LOS ANGELES

After she got off the bus Mika went to a pay phone at the bus station and per her instructions called Mistress Louann from www.cdbondage.com. This was the second time Mika had made arrangements to meet up with Louann and the first time they were going to hitch up. Mika had to cancel and failed to call and notify her new Mistress. Mika was worried that Louann would be upset with her but this did not seem to be the case and new plans were made.

Mika read the e-mail from Louann and walked to a cheap/sleazy motel and made sure she was presentable. She was full of anticipation and excited thinking about having Louann instruct and train her to be a full fledged sissy maid!

Mika was about half a block from the corner where Louann was going to pick her up when she noticed two ladies who were obviously dominatrix's! And as she walked past them the domme in the black latex skirt approached her and said, "We are friends of your Mistress Louann and she told us to tell you that she is running late and we came here to pick you up. By that point in time Mika was totally confused and wondering what the hell was going on.

Going against her better nature and being a bit bitchy in her attitude Mika snapped and

said, "who are you, why are you here, where is my Mistress Louann? The domme who was wearing a red dress and feather head-dress responded with more of an attitude and said to Mika, "you listen to me you bitchy little queen. You strut your ass across the street to that parking complex. Go to the first level and look for two black BMW's and you will find your Mistress Louann waiting for you." Then she stomped her high heels as a message to Mika to get her ass moving! Something in Mika's brain was telling her that this was not right and was way wrong, however she realized she was out on a strange street in downtown LA and felt that she had to go along with these ladies who seemed to have an attitude on her!

As Mika walked into the complex she realized that the two ladies were following her and for some reason she felt like she was being stalked! Before another thought could enter her mind she heard high heels clicking on concrete and as she turned around to see what was going on she was grabbed from behind by the two dommes! The lady in the red said, "I'm Mistress Zoe Von Diether and this is your new Mistress Sherrie and your

Continued On Page 23

Continued From Page 20

friend Louann passed you on to us, so now you can tell everyone some night, about how your sissy maid slave training fantasy became our fun time reality."

While they were physically abusing Mika they forced her into the trunk of one of the Beemers. Laughing and hooting the ladies proceeded to gag her with a colorful strip of red latex and then they attached a penis chastity device on her sissy cock! Then they took photos of their helpless, bound and gagged charge.

The Dommies lit up their congratulatory cigarettes and admired the handiwork and then Mistress Sherrie wrapped her hand around Mika's face and held it like one holds a puppy and said, "You disrespected our dear friend Mistress Louann by not informing her that you were cancelling out when you had made set plans to meet up with her.

We are going to take you to my house and we are going to train you to be the maid you are, and BITCH, you are going to be punished royally and more. And after you play maid at my house we are taking you to the Trannies in Trouble Party in North Hollywood. We have not decided whether we are going to turn you over to Louann or take you down to S & M (Santa Monica) Boulevard and pimp you off for cheap money!"

As the trunk closed down and she was covered in a blanket of darkness. The vibrations of the car doors slamming with the echo of Mistress Zoe and Mistress Sherries laughing voices told Mika she was in for another one of her miss-adventures!

WEALTHY WOMAN HAS A SISSY BOY, A PUSSY BOY AND, OH MY, A DILDO BOY

As a wealthy owner of my own business, I can more than afford all the luxuries that money can buy. So, after a hard day at the office I eagerly look forward to returning to my estate, and a good tonguing, a good licking, and a hard ride. Although it's not horses that I ride.

Other people of my wealth all have well-trained servants and a domestic staff, as I do. However my staff is made up completely of sissies. Which I've acquired over the years from various auctions and sissy schools. By the time I get them they're quite docile, timid obedient things. I keep them nicely on their toes and nervously fearful by harshly punishing them for the slightest fault.

I've feminized each sissy to various degrees depending on the position I decide to train them to. When I arrive home I'm met by Sissy Boy, whom I've had completely feminized as my maid.

When I sit and relax the maid brings me Tongue Boy on a leash. Tongue

Boy's only duty in the house is to lick. He spends the day locked in my shoe closet licking shoes and boots. Or he may spend all day doing nothing but licking furniture or the marble hallways. Twice a week he gives the Rolls-Royce a good tongue cleaning inside and out. But when I return home he first licks clean my shoes, then licks the sweat off my feet, and then gives them an invigorating tonguing. After he licks the sweat from my underarms his duties are finished and the maid leads Pussy Boy in, and when she has him correctly in position between my legs I lock my legs around his head. Pussy Boy has been relentlessly trained to lick my pussy for

literally hours on end. It's the perfect way to relax and relieve the day's stress with the paper and a drink in hand. After I'm completely relaxed. I turn over for an expert ass licking. His tongue, deep and up my ass, usually produces yet another orgasm.

Now I'm ready for a hard ride. Sissy Boy carefully undresses me and as I extend my feet puts on my gleaming, black patent leather, thigh-high boots. "Do you have him ready?" I ask.

"Yes Mistress, he's all ready for you. Have a good ride."

My heels clicked sharply as I entered what I called my

workout room. And there was Dildo Boy nicely stretched out on his horse bench. An enormous dildo strapped to his mouth. Swinging one leg over I mounted and gradually settled it in me as I picked up the reigns attached to his pathetic, chastised dick. With a good thrust and a sharp yank on the reigns I began riding Dildo Boy for all he was worth. I could hear him gagging from the dildo also extended deep in his mouth. I paid absolutely no attention to his panicked gagging and muffled screams every time I yanked on the reigns or spurred him with my heels.

Actually, I was a bit annoyed. You would think after a year as my Dildo Boy he'd have grown accustomed to his duties. Most probably he still remembered when he'd been my miserable excuse for a husband and thought his dick was the only thing that could bring me any pleasure. He still does, only his dick is now in his mouth.

WEAK WILLED MAN LET'S DOMINANT BEAUTY TURN HIM INTO A SISSY IMAGE OF HER FORMER LESBIAN LOVER

Dear Enslaved:

"I hope I don't offend you," the buxom, brown-haired beauty said innocently, "but you remind me of my best girlfriend in high school and college."

True I wasn't tall for a man, had a girlish face and figure and some mannerisms that came from being raised by my widowed mother, still I was flustered. The young woman put me at ease with a devastating smile, introduced herself as Vanessa, and we went for coffee. We talked for hours, then had dinner, and went to her small secluded house.

Before sex, Vanessa insisted that I shave my few body hairs, put on a wig, ruffled bra and panties, white midriff blouse, short pleated plaid

Dear Forced Womanhood:

Cal and I had been best friends since grade school, and we shared a secret: I loved being tied up and he loved tying me up. When we were young it was merely considered child's play, but when we were older it was something we had to do in private, especially after that day he cajoled me into first putting on my mother's lingerie, sexy dress, high heels, and wig. That opened a new door for us. I'd often wanted to do it but couldn't get up the nerve to tell Cal, and he'd finally come up with the idea himself. The delicious feel of silk, nylon and satin and the unfa-

skirt, bobby socks and penny loafers. When I hesitated she showed me copies of your magazine and I was intrigued by the lovely, bound sissies in all sorts of lacy dresses, skirts and blouses, lingerie and shoes. That soothed my male ego and, horny as hell, I agreed. She made up my face as well, tied me in a kneeling hogtie at the foot of the bed, then sat naked and I loved her pussy. The full-length mirror on the closet door gave the image of two beautiful women in a lesbian act. Vanessa purred that her friend Julie had been her bondage slave/lover and now I would be her sissy bondage slave. She untied the rope holding me in a hogtie, pulled me up on the bed, raised my skirt, then tugged down my panties and gave me a very long and sensuous blowjob. Afterwards, I was truly her sissy slave. That night I slept tied in the bra and panties, and then spent the whole weekend bound in sissy clothes. We only had oral sex or else she jacked me off with light, feathery fingers, again taking a marvelously long time to make me CUM. Saying she was rich and would take care of me, Vanessa asked me to quit work and move in permanently as her sissy bondage maid and sex-toy. Two weeks later I agreed to be feminized and moved in with her. Vanessa ordered me many sissy dresses, skirts

and blouses, lingerie, shoes, and wigs from your Transformation catalog, as well as bondage gear and feminizing pills and creams. She said I was "Julie" from then on, and made up and dressed up I did look like the pictures (some tied and naked) she showed me of her former lover. Soon I began growing breasts, had soft, feminine skin, rounded out features, long lustrous hair and a very shapely form. I cooked and cleaned in a French maid uniform and 6" opera pumps or else a pink or white satin locking sissy maids bondage uniform, lacy socks and petal Baby Doll shoes, my wrists and ankles in cuffs and chains, a collar about my neck so I could be led on a leash. Our sex was enjoyable, though there was no actual intercourse. Then disaster struck! Suddenly I noticed that my not large penis was shrinking as my body continued to become more feminine. Saying she only desired my tongue and fingers in her cunt, Vanessa knocked me out with a powerful uppercut and I woke to find I was penis-gagged and tied in a ball in the cellar, clad in a plaid micromini skirt, lacy socks and Sylvia Baby Doll shoes. She spanked my ass, lashed me with a riding crop right down the center of my asscrack, made me suck a strap-on dildo juicy, then knelt behind me and reamed me good. She also used her 7" heels as dildos which I had to

suck clean. Tied, I writhed the length of the cellar to kiss and lick her shoes and soles and suck their heels. I never knew there were so many ways to be tied as Vanessa's fertile mind relentlessly devised new, very uncomfortable positions. It only took a few days before I admitted defeat and resumed my feminization treatments. Vanessa locked my cock in your PR2 metal penis chastity until it could only take a FL2C Frenum that was put on forever. My breasts had implants and I really became Julie, a sissy whom all take for a genetic woman. Vanessa is pleased with my pussy loving and says I'm even better than the real Julie. She wants no one else in her life and often rewards me with a bondage outing to the movies or picnic in the woods. We love our home life and I'm quite used to her strap-on dildo. Often I lie on the bed on my back, arms and legs raised and imprisoned together by locking wrist and ankle cuffs, a collar about my neck, wearing a lacy dress, socks and #15 Baby Doll shoes while Vanessa fucks my mouth and ass with a large strap-on dildo. It's such fun to be her sissy bondage slave/lover!

miliar strain to my arches and legs all combined to make my bondage an intense and even more wonderful new experience. Owl-eyed, Cal watched my helpless writhing and was equally aroused. It was a ritual from then on. Cal and I went to the same college and shared a garage apartment off-campus. With no neighbors I was free to come home and change into heels and lingerie and comb my longish hair into a femme style. When Cal returned he would tie me up for hours, and I would often sleep like that all night. It was nice to finally be able to keep me in feminized bondage as long as we wanted. Our senior year Cal brought home copies of your superb magazine and its sister publications and we poured through them. By this time we were lovers, so we were intrigued with me becoming a she-male after we graduated. In the meantime we ordered me many sexy things from your Transvestite catalog. On graduating, Cal was given a large sum of money by his rich aunt to start a business. He decided on Internet mail order and sales, and I joined him. In an isolated house in another town, we began my transformation into a she-male with all of your various hormone creams and pills that contained natural female estrogen. I let my blonde hair grow much longer, and we were both pleased with how my breasts grew, my skin became softer, my body more shapely (also helped by con-

stant wearing of a corset to nip my waist and give my hips and rear a female roundness), and my body hair soon disappeared. I worked at a computer bound and gagged, my wrists hobbled, and everything was paradise-until I noticed my already small cock was steadily shrinking. Cal reminded me that I was to be a she-male and had no use for a cock. I didn't mind having a woman's face and figure but I wanted to keep my cock. For a week Cal kept me tied and gagged in the cellar in only a corset, stay up nylons and 6" stilettos. He spanked, lashed, and bound me in strenuous, muscle-aching positions. I was made to crawl to him in ropes and kiss and lick his boots before sucking his cock and having him cum in my face and over my breasts. He both ass-fucked me repeatedly and dildoeed me with various-sized ones as well as a vibrator. I sobbingly gave in and resumed my pills and creams. Mistress Saba, a leather-clad dominatrix, was brought in to give me female lessons, whacking my cock and balls with a crop whenever I let my voice or body movements become male. my dwindling cock was put in a FL4A frenum chastity, with studs and a ring for a leash to lead me about, besides tether me to things. Finally my prick was so small it could only take a FL2 frenum that was put on permanently and my pert tits were ready for big implants. Now I am Betty, a gorgeous, submissive she-male who passes easily for a true woman. Cal is proud of me, and while we spend most evenings alone together with me bound in a French maid

uniform or else lingerie while I suck his dick or he fucks my ass, he sometimes invites men friends over. Often topless, I serve them and then give them head. Cal likes to watch me all tied up sucking cock. Often I'm ass-fucked too. Having once been a man, I know all the "right" things to do to please our guests. Depending on his mood, Cal sometimes has me pull down my slip and panties to reveal I'm a she-male. Often I'm in collar with long chains connecting my manacled wrists, corset, elbow gloves, stay-up, nylons, and ankle strap heels and have sex in the bedroom with one or more men, including Cal, for hours. I love my degradation!
She-Male Slave Betty

Dear Enslaved,

It began in late childhood and has continued to this day. I was shy and there were only girls (most a bit older) to play with in my area. Judith, the tomboy leader, was pleased I was in her group, as few girls liked boy tie-up games and such. She loved wrestling me into submission, often making me strip to my undershorts as a penalty, then binding and watching me squirm helplessly for hours. The girls soon left us to play alone, which was fine. My meekness fed Judith's dominant streak and she decided I should dress like a girl, as she also liked tying them but they were content for me to be her victim. That way I could be either a girl or boy, depending on her whim. I loved being tied up, and when I was bound in Judith's frilly underwear, dress, ruffled socks and Baby Doll shoes, a red ribbon in my longish, femme-styled hair, it was "the icing on the cake." Judith liked shorts and jeans and was happy to see me in her hated girl clothes. We spent hours inventing new ways to tie and gag me, and kept my bondage and feminization to ourselves as it was our own special thing. Our obsession became stronger as we grew up and I moved from pre-teen to teen, and finally college girl clothes. We went to the local college, dated others but found we were "made for each other." Two years older, Judith graduated ahead of me and took a job with an investment company. Through shrewd investments, she was able to quit work by the time I graduated.

It was then that she showed me your magazine and sister publications and suggested we live together as females in another town. Greatly intrigued by the helpless sissy she-male beauties in your magazines, I quickly agreed. We found a secluded house in the woods on the edge of a small town and I began my transformation with all the many herbs and vitamins with natural female estrogen in your Transformation catalog. Judith also bought me sissy and teen clothes, shoes, lingerie, wigs, sissy and French maid outfits, and gags and bondage gear though we both preferred me mainly in white ropes. At first things went swell. The creams and pills brought wonderful biochemical and physiological changes in my feminized body, including growing breasts, softening my skin, rounding out my features, and giving me silkier hair. I put on several fashion shows a day and was bound, photographed and video taped in everything from sissy clothes and shoes to a French maid in 6" stiletto Opera Pumps. But then I panicked at finding my not so large cock was shrinking as my shapely body became more feminine. As in our childhood, Judith easily overpowered and bound me inescapably. This time it was not in play! For over a week I was kept tied and gagged in the "play" room clad in ruffled panties, black stay-up nylons, and #30C Baby Doll shoes with 4" slim heels and a thin strap over the instep, while Judith walked on my cock and body in 8" stilettos, lashed me with whips

and spanked my ass with her hand and a ping-pong paddle. She dildoeed me repeatedly and put an extension on my penis gag and fucked her pussy on it. Common sense guided me into surrendering to her, and I resumed my feminization. She put my cock in your non-permanent, non-piercing, pure silver chastity and locked it in. My female speech and body movement lessons resumed, with hours of strict bondage and a humming vibrator up my ass whenever any maleness came through. Finally I graduated! My tits were ready for large implants and my prick was locked forever in a FL4A Frenum chastity. I am now a ravishing, true sissy slave known as Carla, and I'm kept in some sort of bondage every minute of the day and night, as we both love my helplessness. Sometimes I am allowed to go out in the world with Judith, wrists touching, elbows tied behind me and hidden by a coat or sweater. We receive admiring glances and wonder what people would think if they knew I was in secret bondage. As it's been since childhood, we relish each other's company and don't need anyone else to be happy. In red waist-cinch, long matching gloves, 6" heels and nylons, Judith ties me on the bed in a frilly blue nightie, cut-out panties revealing my small balls and imprisoned cock, and 5" Opera Pumps, then we make love endlessly. It's all such heaven!
Happy sissy bondage slave, Carla

DRUNKEN ASSAULT LEADS UNFORTUNATE MALE TO DEGRADING COMMUNITY SERVICE

I swear I don't remember a thing from the party, I was that drunk. I certainly don't remember assaulting a girl there. But the next day the cops came to my office, arrested and handcuffed me, and the next thing I knew I was in jail awaiting trial.

The Public Defender was a woman who looked at me scornfully and advised me to plead guilty and hope for leniency. Which I did.

"For two cents I'd throw you in jail," the Judge said, who was also a tough-looking woman. "But since this is your first offense I sentence you to 1,000 hours of community service. You will provide a special service to women which I'm sure will teach you respect for all women, give you a whole new perspective on women, and seriously dampen the over-blown macho image you have of yourself. I hereby remand you to the custody of the IWC until you complete your community service, after you'll be on supervised probation for the next three years."

Being prodded by the Public Defender, I thanked the Judge for her leniency.

"Oh my, the IWC, poor thing," she chuckled.

When I asked what it stood for she said, "It stands for Independent Women Club."

I'm going to be in the custody of a women's club, or organization? That's where I'll be doing my community service? I asked.

That's right, and if I'd known what, and where, she was going to sentence you, I think I would have suggested you do jail time. The IWC is a club, and an organization who believe all women are superior to men and who have little use for them. I wouldn't exactly call them man-haters, they just believe in putting a man in his place. I really don't envy you. I never did learn what happened to the last guy I represented who was sentenced there. I never saw him again."

Oh shit, what have I gotten myself into? I thought. Now I was truly scared, and, being still handcuffed there was nothing I could do. Just then two attractive, tall and very athletic women came in.

"Is this him? We'll want him shackled as well at the ankles," one of them tersely said. I couldn't believe it when the heaviest leg irons were locked on my ankles. And I was shocked speechless when the other strapped a collar tightly around my neck and then clipped a leash to it.

With a yank I was led out of the courtroom

Continued From Page 30

passed the Public Defender who looked at me regrettably and mouthed, "Good luck."

Taken out to a van, I was chained to the seat. When I asked what was going to happen one of them chuckled and said, "You're going to fill a valuable service for the women at our club once we change your appearance to better suit your position, Charlene."

Had I heard right? She called me, I was sure, Charlene. Must have been a mistake.

Before we got to our destination I became absolutely petrified when they blindfolded me. When we got to our destination I was yanked, stumbling, somewhere.

The next thing I felt was a sharp prick in my arm, and someone says, "Right on time. We have her scheduled in an hour," before I fell dead to the world.

When I awoke I was in my head. "Careful, I'm sure you're dizzy. You've been out for three days. Here, I'll help you sit up so you can take a look at the new you, Charlene. You really did turn out quite stunning," a girl standing above me said.

When I looked in the mirror I thought it was playing a trick on me. What I was looking at was a sexy blonde with huge tits. As I moved, they moved, and to my horror realized I was looking at myself!

Just then four, good-looking women came in and looked at me closely. Addressing me, one of them said, "What we at the IWC do Charlene, that's you now obviously, is to take men like yourself, worthless, offenders of women and make them into something else. We call them she-males. We didn't cut off your disgusting little thing so you can always be reminded of your crime against women. But we have taken the precaution to ensure it never functions again."

I couldn't help looking down, and what I saw made me weep. Something metal, like a sheath, imprisoned my dick, my all too little dick.

"We feel it's our duty to make as many men as we can harmless to women. Now you rest up and in a little while someone will come in, get you properly attired, then we'll introduce you to your new duties," she said, and left.

Continued On Page 32

Continued From Page 31

True to her word, sometime later two girls did come in. Ruthlessly I was laced into a corset. Nylons were put on my legs, then impossibly high heels. I shrieked in pain as they attached nipple clamps that were connected to a leash.

"I don't think you'll want to offer us any resistance, will you Charlene," she said, giving the leash a sharp tug, and I knew it was the last thing I would do.

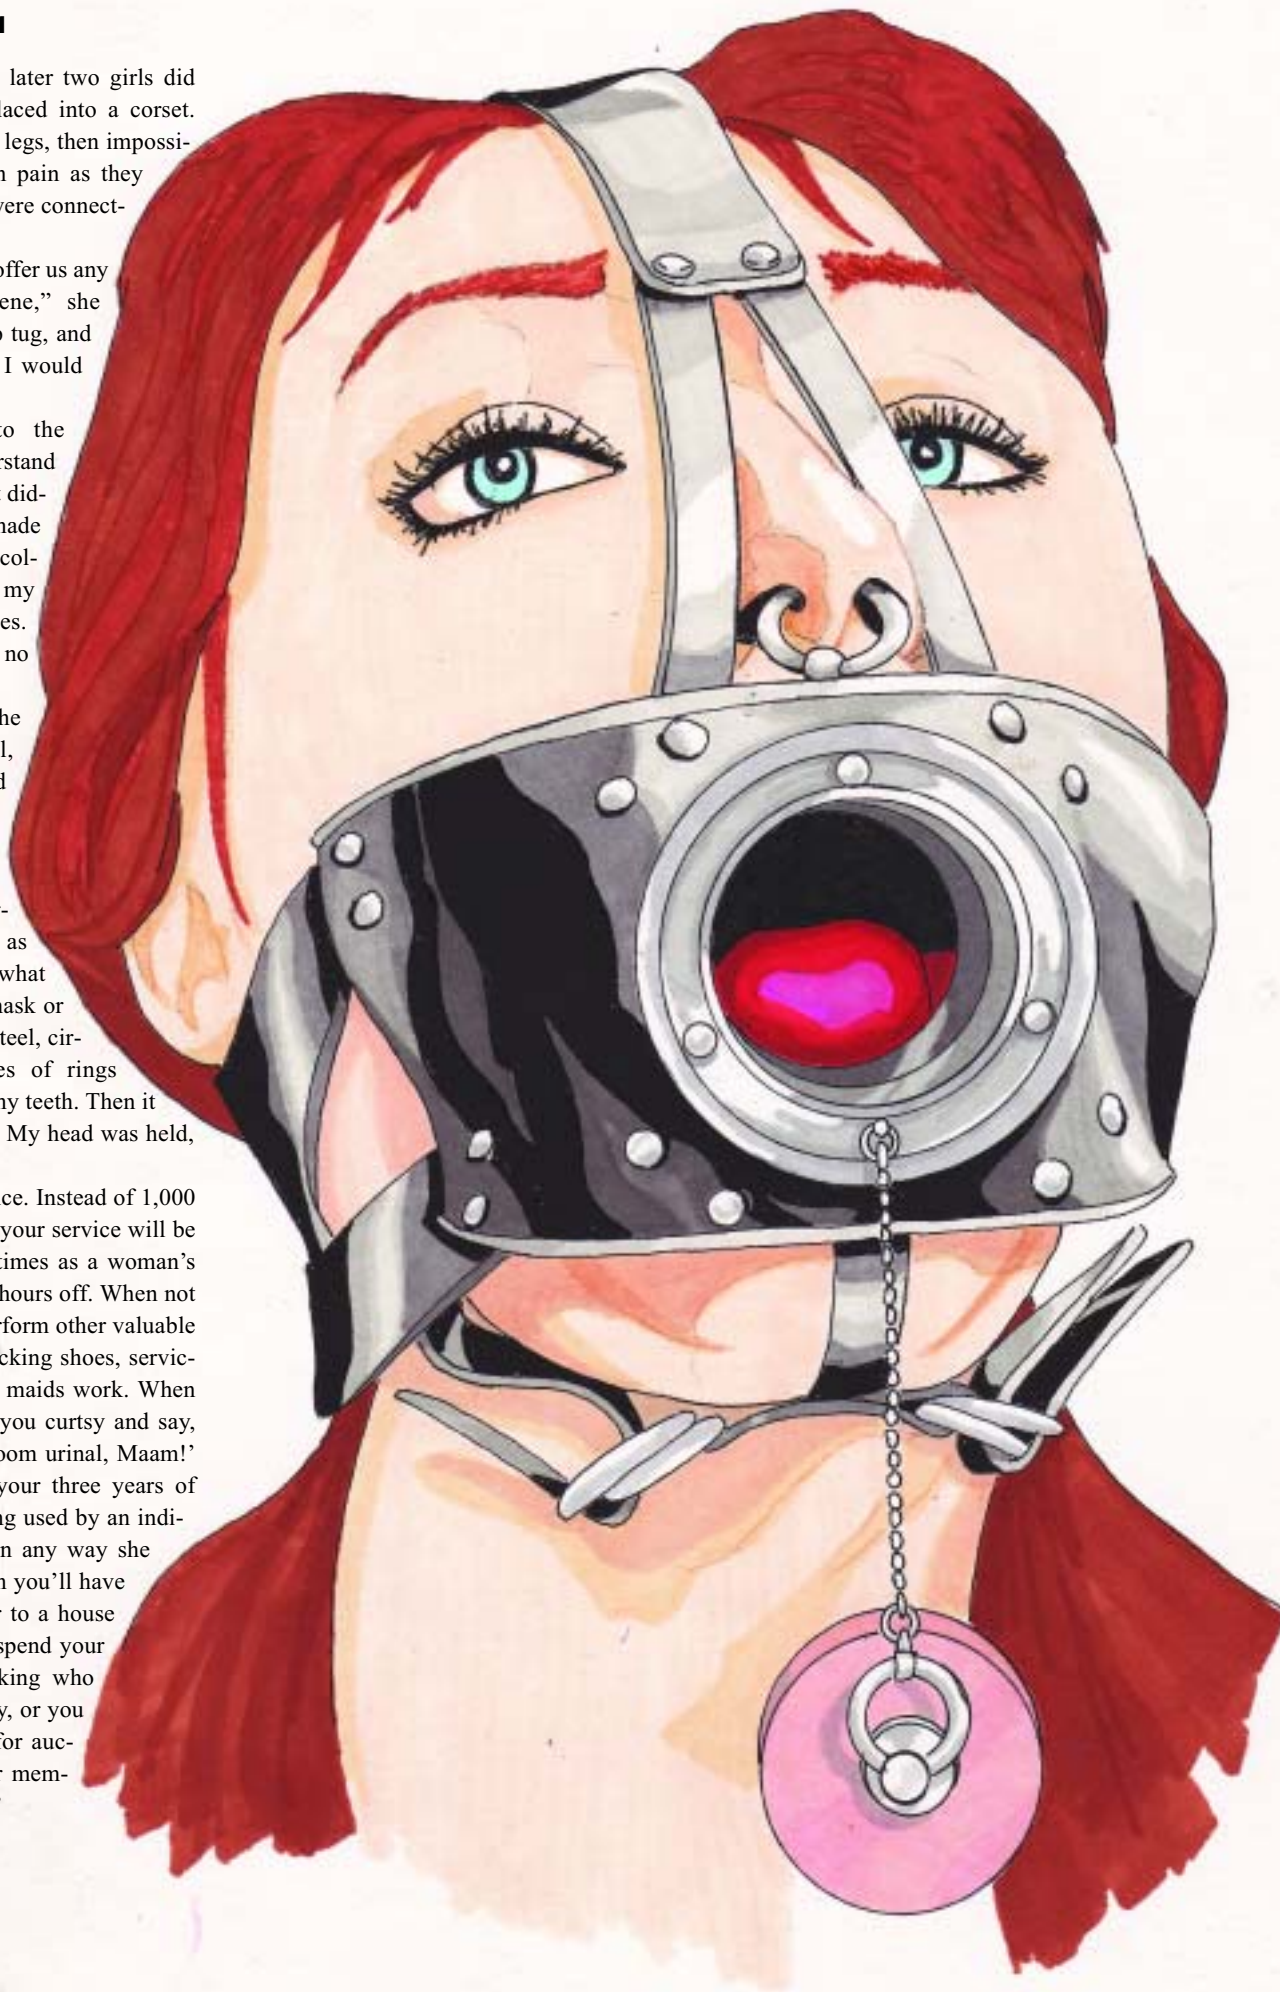

Eventually I was led into the Ladies's Room. I didn't understand why, and then into a stall that didn't have a toilet in it. I was made to kneel facing the door, my collar was chained to the wall, my wrists handcuffed to my ankles.

"I don't understand. There's no toilet," I said bewildered.

"Oh, but there is. You're the new Ladie's Room urinal, sweetie," she laughed and pinched my nipples so hard I gasped and my mouth flew open.

As it did it was pried even further apart and held there as another approached me with what looked like some kind of a mask or harness. In the center was a steel, circular opening with a series of rings which were forced between my teeth. Then it was buckled tightly onto me. My head was held, immobilized, in an up angle.

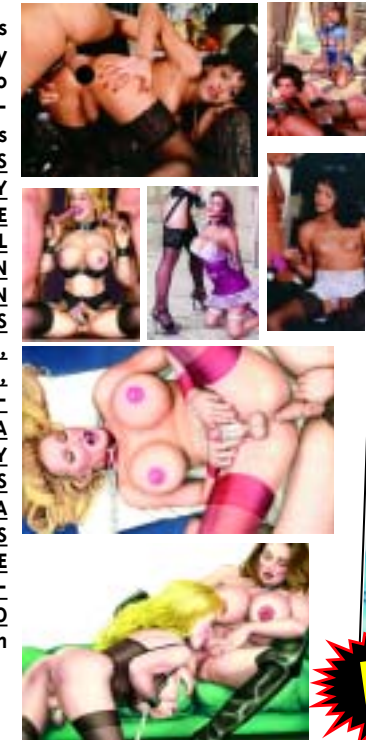

"We've amended your sentence. Instead of 1,000 hours of community service, your service will be up after you've been 1,000 times as a woman's urinal. Three hours on, three hours off. When not in use you'll be trained to perform other valuable functions in the club. Like licking shoes, servicing member's pussies, doing maids work. When someone asks who you are, you curtsy and say, 'I'm Charlene the Ladie's Room urinal, Maam!' When your sentence is up your three years of probation will consist of being used by an individual member for a week in any way she wants to use you. After which you'll have the choice being turned over to a house of prostitution where you'll spend your days turning tricks and sucking who knows how many cocks a day, or you can beg us to offer you up for auction to be sold to one of our members, if anyone is interested."

How to feminize your body with natural herbs and vitamins that have natural female estrogen

In order for you to take synthetic estrogen (Premarin), you have to get a prescription from your doctor. This cannot only be difficult to do but embarrassing as well!

But did you know? There are two herbs with natural estrogen in them that will give you the same effect as estrogen without all the side effects of possible cancer, loss of erection, etc. These two wonder herbs for crossdressers are black cohosh and blessed thistle. These two herbs will not only give you BREASTS, but softer more feminine skin and silkier hair. They will also feminize or round out your features.

If you didn't know it, TRANSFORMATION has already mastered this truly wonderful formula with its three unique vitamin hormone pills.

Glandulars are the secret! Glandular therapy utilizes raw concentrates of glandular and organ tissue. The theory is that like cells help like cells. In practical items, this means that raw ovarian concentrate, for instance, contains a variety of known and unknown intrinsic factors that support ovarian functions in the recipient. The "raw" glandulars are used in Feminant are dehydrated by a special process which insures they contain all of the enzymes and hormones that are present in the natural tissue. One of the key elements provides 200mg of raw ovarian concentrates to assist in the production of the essential hormones, FSH [follicle stimulating hormone] and LH [luteinizing hormone].

These hormones perform basic biochemical and physiological changes in the female body, including increasing breast size and softening of the skin.

Other changes include development of special glands in the fallopian tubes and uterus to promote ovum implantation, enlarging of the pelvic area, faster extension of bone growth, decrease in bone growth period and mild retention of protein and calcium.

Enslaved Sissy and Forced Womanhood DVD's

ENSLAVED SISSY MAID VIDEO #1

This is a story of a beautiful woman who isn't getting satisfied sexually by her husband, so she has extra marital affairs. One night after one of her flings she catches her husband wearing her lingerie.

This gives her the excuse she needs, she yells and screams at him that if he's going to wear women's clothes - they will only be sissy clothes for such a wimp as him.

She begins with binding him up every night and slowly changes him into a complete sissy she-male maid slave through bondage, hormones and breast implants. Then makes him suffer many humiliations of being a sissy slave including satisfying her boyfriends in all ways.

ENSLAVED SISSY MAID VIDEO #2

This video is about a wife who finds out her husband has been cheating on her. She gets so mad that she slowly, through bondage and punishment, turns him into her sissy slave to be humiliated in all kinds of ways. While he's bound up, she forces him to take hormones, get breast implants until he looks like a beautiful sissy she-male slave. She then forces him to suck cock while bound to get her lover hard for her so she can have fantastic sex in front of her new sissy slave. With constant bondage she finally brings in a man to break his beautiful cherry ass and get fucked like the sissy she is.

ENSLAVED SISSY MAID VIDEO #3

This is the continuing story of enslaved sissy Giselle. In the previous movie Giselle was a man, then she turned her husband into a sissy slave. She has now turned poor Giselle over to Mistress Foxy to be thoroughly trained as a sissy slave taught how to satisfy both men and women with her tongue, lips and mouth. That's the only way she can satisfy another because she was chastised permanently so she could never have sex. Poor Giselle is put through an ordeal of various sissy outfits until she is submissive and sweet enough to satisfy both men and women and become a complete house maid to do what ever is demanded of her.

FORCED WOMANHOOD VIDEO #1

This is a serious one hour movie about a wife who catches her husband at the beginning of this movie making love with another woman. She is so furious that she wants to kick him out of the house. Instead he promises to be her slave, not really knowing what he is really in for. Through bondage and discipline she slowly turns him into a she-male slave. Hormone injections, breast implants and finally she chastises him permanently with a metal chastity pierced through into penis. And the finale of this ordeal is her binding her she-male slave to watch as she makes love to another man.

FORCED WOMANHOOD VIDEO #2

A career woman comes home after a long day at work to find her husband slouched over a poker game with his buddy, drinking in the middle of the day and looking at porno mags. The wife, Kat, is furious, she makes up her mind right then and there that she will be the only one wearing the pants in this family and her husband will wear the panties from now on. She even takes it one step further and forces her new plaything into a permanent chastity device so that his cock won't get in the way of her pleasure anymore. Her husband is now a fully chastised she-male forced to serve using those ruby red lips to arouse and stimulate her new lovers.

FORCED WOMANHOOD VIDEO #3

This is the story of a wife and her girlfriend who decide that her lazy husband, who just sits around the house drinking and watching TV while his wife works, has to clean the house and see what it's like to be a woman. They bind and gag him then take him to their dungeon and turn him into a girl. They torture him until he agrees. They dress him up putting makeup and female clothes and shoes on him slowly turning him into a woman. Then they bring a boyfriend over and make their slave find out what it's like to be a woman and satisfy a man.
