WIFE TRANSFORMS HUSBAND INTO A WOMAN

Dear Forced Womanhood,
When I found out my husband liked to crossdress I found your magazine in a local adult bookstore. I showed it to Robert and he liked the idea. I started him on your vitamin hormones, which over the year feminized his body, made his skin softer and built up his breasts to size "A" so he could have nice "C" implants. Now I have everything. A sleek, sexy feminine woman and Robert, now Roberta as a nice penis. Our sex life is absolutely incredible!

Thank you,
Ms K

ENTICED/ENSLAVED AND MAID TO SERVE BY GWENTV

Dear Forced Womanhood,

I am a very dominant fetish focused tranny and since I live in Belgium I like to have overnight guests come and play with me. I really like to entice young, new submissive trannies over for a kinky weekend of party and play. I start out slow and tell "My Pretty" that we are both going out on a NIGHT ON THE TOWN. Of course, I make her take a shower and while she is busy I put "His" keys, wallet and other personals away in my back room for safe keeping!

Right away I start the bondage games after "My Pretty" serves me a nice dinner and of course I relax and use her as my new human ash tray. I can tell this fluffs her up so I blindfolded her and tied her hands behind her back. Then I shoved a ball gag in her mouth and strapped a dog's leash around her neck. As I opened the door and led her down the stair's to my SLAVES LAIR in the basement you said to her, " Well, well, My Pretty I am going to make that fantasy you wrote me about how you fantasized about being enslaved and trained to be a cocksucking house slave a reality beyond your wildest wet dreams."

After putting her in bondage, verbally abusing her and punishing until she cried and whimpered. I also informed her that she would be servicing and sucking cock soon! I took a few more photos and then I called some of my horny blow job loving tranny-chasing tricks that I favor. I told them I have company for the weekend and that I'm going to have another one of my hot "My Pretty" parties and invite all your friends.

MAN GETS TURNED INTO A SHE-MALE BY DOMINANT COUPLE WHO'S MADE TO SERVE IN EVERY WAY

Dear Forced Womanhood,

I met this couple in a bar when I was dressed as a simple TV. They recognized right away that I was a man. They invited me to their table and asked if I was willing to be turned into their she-male maid. My eyes lit up. "Yes," I said.

They told me they would be strict and very possessive over me. I didn't realize how severe they would get. Over the weekend they showed me your magazine and told me this is what they intended to do to me.

Over the next year I was made to only wear a maids uniform, a collar, stockings and high heels. I was kept in bondage constantly in my own room. I was not only made to clean house and cook. But to give oral sex to both.

After a year they made me get breast implants and to make sure I didn't run away, they chastised me.

I'm satisfied with my life, as I have no choice now. But a warning to your readers, be careful what you fantasize about as it could happen to you.

WOMAN TURNS SWEETHEART INTO HER OWN SISSY FOREVER TO SATISFY HER LESBIAN URGES

Dear Enslaved;
Because of my secret lesbian urges I was always drawn to effeminate, submissive men, so Terry and I were the perfect match. My tall, blonde beauty contrasted his slim, medium height, darkhaired, almost girlish voice and looks, and made him the envy of the macho, jock-strap crowd. He obeyed my every wish, including letting me make up his face and do his longish hair in a femme style. With the excuse that I didn't want him to get carried away and try to do something improper, I would tie his hands behind him before we made out hot and heavy. Our red waxed lips touching softly was a real turn-on and I could imagine I was kissing a pretty girl, unless I looked at his clothes. Soon it was an easy matter to dress Terry in my frilly lingerie and have him shave his sparse body hairs. To ease any guilt he might have about enjoying his feminization, I tied him hand and foot, gagging him whenever I got tired of kissing, and told him he was helplessly under my power.
There were several parties around Halloween, and I was able to solidify Terry's complete acceptance to his feminization. I went as Xena, the warrior princess, in a brief black leather costume and stiletto-heeled boots, and Terry timidly went as a schoolgirl, in a short blue print dress, knee length white stockings, red Mary Janes, and a fake blue carnation in his long hair. He was relieved to see a few boys also dressed as girls (and looking great), and I further put him at ease by acting a dominant Amazon and tying his hands behind him with a rope I brought. He thought it was in fun so he stayed tied (even dancing with me and others like that) until our date ended. From then on Terry went as a bound schoolgirl to all the costume parties. On other dates he'd change into a set of my lingerie and high school girl clothes after picking me up, then I'd tie him, a coat or sweater hiding his ropes, and we'd go to the movies, then a drive-in (it was fun hand-feeding him), and last lover's lane to make out.
We attended the same local college and Terry's feminization bondage continued. We discovered your magazine and were intrigued by the photos of lovely, bound sissies. Terry eagerly agreed to my suggestion that he become one after graduating. Taking jobs out of state, we shared a place and saved our money. Terry would be bound and feminized from after work until we went to work the next day, and the whole time on weekends and holidays. From your Transformation catalog we got him sissy lingerie, dresses, shoes and wigs; he had to cut his long hair for work. Over two years later, through wise investments, we moved to another town, opened a home computer business, and began his feminization with your pure female estrogen pills and creams.
Things were great until Terry noticed his small cock was shrinking as his body became more feminine, with nice breasts, smooth, feminine skin and shapeliness, and silky hair. I didn't care; I never let him do anything but lick and finger my pussy while I did the same to his cock. He always came prematurely which was fine with me. Hands tied behind, he was marched up to the attic in only a ruffled "Forever Sissy" bra and panties, knee-length white stockings and Pedal Baby Doll "T" strap shoes with a dainty buckling 1" strap. I kept him there for over a week, spanking and lashing him with whips, binding him in a ball position and making him eat my cunt while a humming vibrator filled his ass; he also ate tied that way. When he sobbingly gave in I still kept him up there two more days and really whipped, spanked, dildoed and face-sat him until he passed out, just to impress on him that my word was law! Then I locked his prick in your PR3 metal chastity and took him downstairs to resume his female behavior lessons.
At last Terry's jugs were ready for implants and his tiny cock was locked permanently in a FL2C Frenum chastity, and he became Tina, my gorgeous, sissy slave forever. She obeys my every command, loves being tied up even more now that she has a lovely female body, and loves my pussy to exhaustion. I am content with my sissy, who totally fills my lesbian needs, and don't need to see others or share her with any one. She spends almost every minute in some sort of bondage, even when working or doing house chores. A home business gives me lots of time for sex, fun, and domination of sissy Tina!

THE FAIRYLAND FINISHING SCHOOL FOR SISSIES

As headmistress of The Fairyland Finishing School For Sissies the majority of our new students arrive with the misimpression that they've been enrolled by their wives, girlfriend or Mistress to be taught and trained to become glamourous, sexy, make believe women. The poor, naive things actually arrive eagerly and willingly. They're not aware of the real name, or purpose, of the school until they've signed all the admitting forms and, of course, as the door closes behind them it's much too late.

Naturally, at first, they're in shock and in complete denial. Even after they've had complete hair removal from the ears down. Even after they see their sissy titties and their doll-like makeup permanently tattooed on. Even after seeing their sissy hair style and cute nose bobs. Even after they hear their lisping, girly voices. they look in dismay seeing themselves in their school uniforms for the first time. Not in tight, sexy outfits, nylons and high heels. No, the Fairyland uniforms consist of cute, little plaid skirts, little girl panties, short, all too tight sailor's tops, childish mary jane shoes and schoolgirl, white stockings. Before putting on their panties a ribbon is tightly wrapped around their sissy dickies, tied in a big bow and frequently inspected throughout the day to be painfully spanked if it's broken.

Even after seeing themselves for the first time as a sissy they refuse to believe it, and absolutely refuse to co-operate. This is to be expected, but new sissies quickly find out that Fairyland has a zero tolerance philosophy when it comes to even the slightest show of resistance. Our motto is, "A Good Sissy is an Obedient Sissy".

What we instill, from the very first day, is a high fear factor. After being uniformed the first thing a new sissy experiences is a quite severe caning. Then they're forced to the floor and with their chin flat to it a short chain is attached to their nose ring with the opposite end attached to an instructor's heel. Forcing them to crawl behind as fast as they can with no other thought than to keep up. It keeps them in nicely terrified state.

We call it, "bringing a sissy to heel" and if a new sissy is especially obstinate it may be weeks before they're allowed "off heel" to learn the dainty, mincing, sissy step.

WOMAN TURNS MAN INTO SEXY SHE-MALE SLUT

Dear Forced Womanhood: It wasn't until I found your magazine and other publications in an adult bookstore, and then punched up your website, that I learned about she-males and how to make a man into one. I was so turned on that I dildoed and finger-fucked myself most of the night! With money wisely invested and a high paying job, I could easily afford to support a she-male slave, and "she" would relieve me of all the boring household jobs. I began searching the Readers Columns of your various magazines, both past and recent issues, for a likely candidate and finally settled on Reed, who lived less than fifty miles away.

We dated, and when I was sure he was right, I put it to him. Reed was more than happy to quit a job he hated that was leading nowhere, and he gave me all of his savings to invest and put himself totally in my hands. I took an isolated house outside of town and commuted to work while Reed stayed home, in chains and a French maid uniform and 6" stilettos to clean and cook. I ordered him all of your hormone

WOMAN TURNS MAN INTO STUNNING SHE-MALE SEX TOY

Dear Forced womanhood,

Lin and I met at a mutual friend's party, and he appealed to me right away. I spent most of the time slyly feeling him out, and when I was sure I invited him home. I showed him your magazine and other publications and saw his face light up with interest. It wasn't hard to convince him to dress in my lingerie and 5" heels and let me apply makeup and a wig before binding him for sex. Already girlishly handsome, he made a great "bondage belle." From that night on, Lin was my sex toy.

I convinced him to quit his job and move in as my maid.

We ordered many erotic things from your Transvestite catalog, including feminizing pills and creams. While I went off to work Lin stayed home in a black satin French maid uniform, fishnet stockings and 6" opera pumps, his wrists and ankles in cuffs and chains and a ball gag in his mouth. My phone had an answering machine so there was no reason for him to talk. After work I would have him change into something brief and sexy, tie him in a ball, and use him as a footstool while relaxing. In cuffs and chains he would serve me dinner and then do the dishes. He slept in a brief nightie, corset (to trim his waist and give his hips and butt a female roundness) and 6" stilettos that toned his leg muscles and raised his arches

Continued From Page 12

pills and creams containing natural female estrogen, as well as sexy dresses, skirts and blouses, lingerie, wigs, high heels and gloves and other accessories from your Transvestite catalog. Soon Reed's breasts grew, his skin became softer, his blonde hair silkier, and his figure (aided by a corset that trimmed his waist, supported his back, and gave his hips and rear end a female roundness) was definitely feminine. When I came home I would pick sexy clothes for him to wear and put him in restrictive rope or strap bondage. He slept in corset, brief nightie or negligee, stay-up nylons and 6" stilettos, to tone his leg muscles, trim his ankles, and raise his arches higher. I often penis gagged him day and night, since I secretly wanted him to become used to it, as I planned for him to have the real thing after he became a she-male.

Things were great until Reed found his small prick was steadily shrinking as his feminization continued. Loving my pussy licked more than fucked, I firmly ended his complaints by binding him in the cellar in only corset, stay-up nylons and 5" stilettos, and face-slapping, spanking, whipping, dildoing, face-sitting, and putting him in suspension and swinging him by his tits, cock, and balls. After a week's abuse he had more than enough and pleaded to resume his feminization. I put his cock in your Phallic Fidelity Enforcer until it was so small it could only manage a FL2C frenum chastity that was locked on permanently. By then his boobs were ripe for big implants, and Reed became Robin, a sexy, gorgeous she-male who passes easily as a genetic woman.

She's my companion, and we go many places together. It's fun to see the envious looks of other women, and "I'd love to fuck you" glances from men that we receive when we walk into a room. Little do they guess the truth, or that her long gloves hide fading marks from being tied up earlier in the car. We often go on walks, picnics, or the movies with a coat or sweater hiding Robin's tied arms. Secret public bondage is so much fun.

There are still times that I get a pussy itch that can only be scratched by a male cock, and Robin is made to watch me get what she can no longer give me. Her tongue was really much better anyway. In only a negligee, stay-up nylons and 5" stilettos, her wrists and ankles in decorative manacles, as well as her neck collar, and thin chains; chains from her nipple clamps run down to the "O" ring on her FL2C frenum, she watches me take it in all three holes until I'm thoroughly worn out. Then it is her turn to please the man or men while I watch and stroke myself. She is tit-fucked, the man's cock shoving out from her cleavage into her red mouth. At the moment of climax she takes the hot gooey cum in her mouth, face and over her boobs. I love seeing it! She's also ass-fucked, and once being a man, she knows what the horny man or men like most. When I'm rested, I get in there with my dildo and also face-sits her, and we all have a terrific time sexually abusing her for hours, often the whole night.

She-male slaves are delightful to own, as they are very submissive and try their best to please their Mistresses.

Mistress Andrea

even higher. Each night I would bind him in a different way so he couldn't loosen the corset or remove his shoes.

We were getting along just fine when Lin suddenly found that his cock was shrinking as his body became more feminine. Telling him that I wanted a cunt-licking she-male, I dragged him down to the cellar and tied him to an "X" frame, adding small weights to his cock and balls, and lashed him with a thin crop. His waist-cinch, seamed, stay-up nylons and 5" opera shoes gave little protection. For the next week I dildoed, spanked, lashed, and face-sat him. He ate tied in a ball with a fat dildo up his ass, and stronger doses of feminizing pills were ground up in his meals. When he finally begged to be released and promised to do all demanded of him, I first dildoed him with my 8" heels, then had him lick them clean.

His lesson learned, Lin meekly took his pills and used the creams even more than before. I gave him female lessons and whammed his cock and balls if he screwed up. His dwindling cock was locked in your PR2 metal penis chastity until it became so small it could only take a FL2C frenum that was put on permanently. Not long afterward his breasts were ready for big implants, and Lin became Lisa, a sexy, stunning she-male who passes easily for a genetic woman.

Though I am happy with my she-male sex toy, I still get an occasional urge for a big cock inside me. Also, I delight in seeing Lisa take a cock in her mouth and taut ass. So I invite a man over. I particularly like it if he dresses in sexy black leather. Then I lead Lisa out with a leash on her slave collar. She's ball gagged and her arms are folded behind her back, with leather straps around them and her wrists, and her midriff and torso. She wears long black leather gloves, a blue corset with black fringe on its top and bottom, cutout panties revealing her tiny frenum-encased penis, stay-up nylons and 6" opera shoes. She then watches us have wonderful sex until we're exhausted.

Next I lounge on the couch and fondle my firm tits and horny pussy while watching the man tit-fuck Lisa, cumming in her mouth and lovely face. He also reams her ass good with his big dong that she's made to lick clean. I strap on a dildo and give it to her in the butt while she's sucking him off. Together, he and I dream up ways to bind and abuse Lisa, such as making her writhe helplessly across the floor to our feet and lick my 6" opera shoes and his boots clean, including their soles. We play with our sex toy until she's exhausted, then allow her to rest briefly, and resume her degradation again. This goes on all night quite often, and sometimes even the entire weekend. All you dominant women out there should really consider owning a she-male slave and sex toy!

ENSLAVED-CHASTISED SHE-MALE TOTALLY HUMILIATED AS WIFE SUCKS ANOTHER MAN'S COCK IN FRONT OF HER

My husband was a crossdresser and wanted to become a real woman. When he showed me your magazine, I agreed to turn him into a she-male. I told him that he would have to be my real slave and be chastised and then I could have affairs with real men. What he, now she, didn't expect was to be bound up to make her watch me suck another man's cock - which my slave used to love. He was completely humiliated.

RONNIE TO RHONDA

I MAID MY BOYFRIEND BE MY SISSY SLAVE

Dear Forced Womanhood,

I met Ronnie when I was taking a fashion design course at the local college and right away I knew he was a panty-waist. I can spot a sissy a mile away. I mean it's not like a girl can't tell. I had him pegged as a panty-wearer right from the get-go! I was right on, he later admitted he had a panty fetish and wore them and much, much more.

But even though he is a femme-boy he became infatuated with me and I could tell he was in love. It was cute and fun for me as he lavished me with attention and gifts however sometimes it was totally annoying at the same time. Sometimes a party girl like me needs to be out whoring it up with her girlfriends and other times she just wants to be alone, and sometimes she wants to be wrapped up in the arms of a well hung and hot stud muffin (a real man-not a sissy). But, Ronnie was on me like white on rice always hanging around and I barley had any privacy.

After graduation I landed a well paying job and I moved into a nice, new spacious 3 bedroom apartment and at about the same time the dot com company Ronnie was working for folded and he lost his job. (ever notice ladies, how many hopeless little store clerks, waiters or busboys are sissies?) Something about being not too competitive with the "big boys", I think. Besides menial and lower level no-power jobs fit their pansy personalities. In other words, you could say sissies were born to serve. So why not have them serve YOU?

Around the same time I had my first experience with a lipstick lesbian who worked at the same company I did. She had a major dildoe fetish and soon I had my own collection of plastic fantastic cocks, butt plugs, vibrators and more.

Well, needless to say, Ronnie came to me and he begged to move in with me. So I let him stay on "GUEST" status in my over sized walk-in closet. Besides the boyish little bed I bought for him seemed so right for a nonsexually-active sissy like him. At first he just laid around doing nothing all day (except probably jerking off his tiny little cock, like sissies tend to do!)

After putting up with this nonsense for two weeks, I let him work off the rent as my "houseboy." Quite soon he was regularly doing my laundry, some organizing, cleaning my bathroom and toilet bowl, picking up after me - the usual domestic things subbie boys like Ronnie seem to have such a natural talent for.

He had hissy fits and pouted openly when I began to date men and women openly. He hated being left lone on Friday and Saturday nights when I was out partying and playing with my dildoe addicted gal pal or trying to get some hot stud to plow and

Continued On Page 18

Continued From Page 18

"Obviously Ronnie, you're a sissy, not a man. I mean, you wear panties, and little skirts, do my housework for a living, and sleep in a little single bed - with rubber sheets no less. And sissies need to know how to suck cock! " I explained firmly. He blinked at me with tearful eyes.

"Ever hear of a 'sissy facial', I asked the pansy. He shook his head 'no'. Well it's when a sissy is on his knees in front of a real man, and after some cock-sucking or as the man is jerking and pleasuring himself - well, you know - squirt, squirt," I said with a giggle. Ronnie looked horrified.

It was then I told him that I was going to train him to serve and service all my boyfriends. I told him that I was going shopping and to "GET BUSY" with his house chores and I was going to purchase a few gifts for him.

When I walked through the door I showed Ronnie his new wardrobe and told him that that I wanted him to be as "girlie" as possible. I could tell he was bewildered as I made him put on the skirt and when I painted the lipstick on his cock ready lips. I informed him that I had a few male friends coming over for a late night fuck-suck fest and that they would refer to him as Rhonda.

As he sucked on my dildoe cock I made him look at me and into my eyes as I slid and bobbed the rubber dick head in and out of his pussy-mouth. As I stuffed it all the way down his cum hole I said, "Now I am going to be the first one to cock-stick you and fuck your virgin pussy-ass Rhonda, and I won't be the last."

CHEATING HUSBAND GETS WHAT HE DESERVES

When I found out my husband had an affair with my best friend, I was ready to divorce him until I read your magazine. I confronted him and said I wouldn't take all his money and property if he agreed to become my she-male slave, He agreed, but he didn't how far I'd go.

I started with your hormones, then the breast implants. When I chastised him, he cried. I had to bind him up to do it.

Now he can't have sex or get a real woman. He is always wearing one of your lock-on collars.

I have more than gotten even with that cheating fucker. When I have a boyfriend over I chain him to the next room and leave the door open so he can hear me and my lover's moans of sexual ecstacy. Matt now Mary, cries quite often. He didn't realize how far I'd go to get even.

HUSBAND SUGGESTS WE NEED A MAID, I COMPLETELY AGREED

After two rotten marriages the last thing I wanted was another macho, neanderthal with an over inflated ego. but, I did enjoy being married. What I wanted was a husband I could wrap around my finger, so infatuated that I could get him to do anything.

My search ended with Brad. He was perfect. Quiet, shy, four years younger, five inches shorter and thirty pounds lighter than me. He adored me, like a puppy dog, but with my domineering, assertive personality and stunning looks I also intimidated him. And that's precisely how I wanted to keep him.

Married life was great, for a while. Brandi, as I called him, did everything for me. While I teased him unmercifully, carefully doling out sexual favors more and more infrequently as rewards. One day I suddenly realized he was actually more a housewife than a husband. My old yearnings for a real stud who'd fuck my brains out came back strong, but I didn't want to lose my housewife.

He worked at home and while he already did all the house chores I began leaving him longer and longer lists of chores. I also expanded them to include such tasks as polishing my shoes, hand washing my panties, bras and nylons. I taught him how to manicure, pedicure and paint my nails, shave my legs and comb my hair. Then I insisted he wear an apron when doing chores and serving my dinner and handed him the frilliest, white pinafore, rubber one.

When he complained, as I know he would, that he wasn't having time to do his work and that we could really use a maid, to his surprise, I fully agreed.

"I think you'd make an excellent maid," I declared.

"M-Me?" he stuttered, shocked.

"I simply won't have a stranger in MY house. You already do chores better than any maid, and I don't know what I'd do without you. We'll give it a six month trial and see how you do. Remember, while you're the maid, you're still my husband."

Well, it's been a year now and Brandi is working out perfectly. She was, as expected, dismayed when the six month trial was up and I told her that, as a maid, she was even more indispensable, and it made our marriage even stronger.

No woman wants an unattractive maid so I really had to work on her appearance and she now has a whole closet of uniforms, that she makes herself, from my designs. It keeps her busy sewing when her chores are done.

She did have her flare ups at first, so spankings had to become part of her Performance Review. If she hasn't done her chores perfectly, or acts even the slightest "uppity", I tighten her corset and make her sleep in it. Or lock her feet in six inch heels for the day.

Naturally even maids need their sexual relief, so I felt like once a month was more than sufficient. I was back to fucking real men so I wasn't as put out as Brandi was, I suppose.

There was one other thing I had to do at the end of her six month trial. She didn't like it, but I had to lock up her "pussy" in one of Centurian's chastity sheaths. I had become increasingly annoyed as she was obviously distracted when she would lick my feet, massage my breasts or trim my pussy. Ordering her to lift her skirts the reason then was all too clear. She sobbed as I fastened the shiny sheath on her pussy.

"There, there now Brandi. We can't have you being to distracted and inattentive when doing your chores, now can we? Besides," I added reasonably, I thought, "Once a month I'll take it off, then you can do what feels best to you. Or, if you've been really good, I'll let you take it off when you're doing something yummy, like licking my toes and feet."

I thought I'd include a picture of Brandi in my latest designs. All baby blue with white polk-a-dots. I absolutely adore her in it. The ballet shoes are a recent punishment. this time for missing ironing a pleat in one of my skirts. She's terrified of them, of course, so they make an excellent punishment for less serious faults.

LESBIAN WIFE TURNS HUBBY INTO PRETTY LADY SO SHE CAN HAVE TWO LOVERS

Dear Forced Womanhood:
When I found out that my husband liked to cross-dress and I found your magazines and catalogs hidden in his dresser, I was actually thrilled. I confronted him with it and also confessed to him that I liked women. From then on our life changed for the better.
He readily agreed to be turned into a woman. We read all the back issues of your magazines and catalogs and immediately ordered from you everything to start, especially your hormones which worked wonders to feminize his body.
It took about a year with breast implants to where he really changed. My girlfriend lover and I decided to permanently chastise him because neither of us really wanted a penis inside us. We keep him bound up in pretty outfits at all times, in case we want him to participate and give us oral sex.
If we don't, we bind him up to watch us. He is now also our slave to cook our meals and clean the house. Thank you for living up my life,

STRAIGHT MAN TRANSFORMS TV INTO HIS BEAUTIFUL LOVER

I'm a straight heterosexual male. I had a friend who was a crossdresser. He came to me for help when he couldn't get a job. I let him stay at my house while he got it together. He told me he wanted to be a woman and talked me into helping him. I helped pay for some of his surgeries. Soon, Tim started looking real good to me. I couldn't help it. She-he was one of the prettiest ladies I had ever seen. She dressed sexier than real women I knew. I think Tina saw through me one day and asked me if I wanted her. I proceeded to help her take off her clothes. Her ass was so inviting. I couldn't control myself. I pulled her panties and stuck my throbbing cock into her ass.

Since then Tina and I have had great sex and an even better friendship. My question is: Does this mean I'm gay?

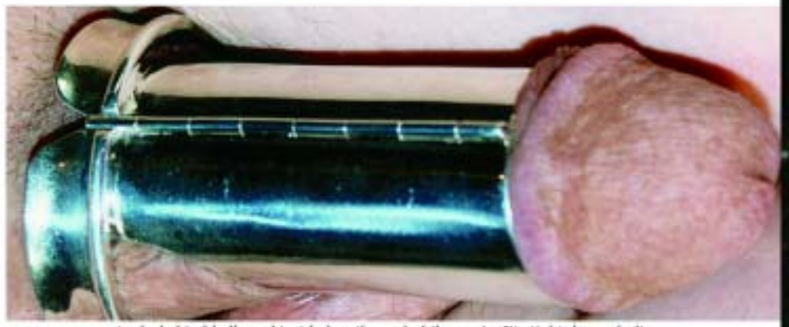
CHASTISE YOUR SLAVE WITH OUR NON-PERMANENT, NON-PIERCING PURE SILVER CHASTITY

NEW!

Locking Penis Chastity

We've had many requests to come out with a non-permanent, non-piercing chastity, but one, when locked on, the slave cannot remove.

It is hinged on top and has two locks (included) that lock around and behind balls and around penis.
It comes 1 1/8" diameter or 1 1/4". Please give preference.
This is expensive because these are custom made for us by a special jeweler who only works with pure silver. Besides, silver or gold is the only metal that can be left on for a long time. *$849.00*



Locks behind balls and just below the end of the penis. Fits tight down shaft.

CUM FOR MISTRESS

Starring:
Mistress Noelle Cross
slave jack
slave cucky

Directed by:
Steve Lake

Enjoy the 57 minute debut of sultry Mistress Noelle Cross as She enjoys using and humiliating two subhuman males. This dark haired 27 year old has the looks of an angel and the heart of a sadist. She uses jack first, tormenting his nipples and delivering to him on the St. Andrews Cross and then whipping and kicking him on the floor. Her next session arrives for CBT and She keeps jack over to perform. Violet wand, pinwheel, cock and ball bondage and a final milking right into his open mouth. Verbal humiliation never stops and this is one beautiful Dominatrix who loves Her work.
Mistress Noelle finds slave jack hung on the cross, hooded and blindfolded. She whips him, marking him up and down, and makes fun of his small penis. She applies nipple clamps to the spread eagled submissive and then puts his cock and balls in the vise and threatens to castrate the helpless male.
With the vase hanging from his testicles, slave jack is soundly flogged by Mistress Nicole. She delights in his suffering and the marks She is inflicting. She removes the nipple clamps and vise and enjoys his screams. Releasing him, She orders jack to the floor where he is made to clean the bottom of Her shoes with his tongue. He gets to look up Her skirt and then is collared and leashed. Mistress Noelle canes him and walks him like a dog.
Mistress Noelle Cross has slave jack kiss Her ass in Her business suit and then appears in black Dominatrix attire to torment jack a bit with the violet wand. She shocks his nipples and cock. On the floor, slave jack is kicked, stomped and has his balls stepped on. Superior verbal humiliation throughout this and all Her scenes. Noelle has Her boot bottoms cleaned and repeatedly kicks jack in the shoulder. She spits down into his mouth numerous times, telling him how he is going to be eating real cum instead of Her spit soon. Mistress Noelle Cross makes jack suck a huge dildo, slapping him in the face with it and forcing it deep down his throat until he gags. She tells him it is a warm up and Her next session has arrived and has a real cock he will be sucking. Next scene large slave cucky is spread eagled in chains and spreader bar with cock dangling as slave jack is in front of him in a portable stock. Mistress Noelle ties up the large submissives cock and makes jack lick the tip as She holds it in a vise. She produces a sharp pinwheel and administers CBT, giving jack the chance to service the bound cock every now and then.

How to feminize your body with natural herbs and vitamins that have natural female estrogen

In order for you to take synthetic estrogen (Premarin), you have to get a prescription from your doctor. This cannot only be difficult to do but embarrassing as well!
But did you know?
There are two herbs with natural estrogen in them that will give you the same effect as estrogen without all the side effects of possible cancer, loss of erection, etc. These two wonder herbs for crossdressers are black cohosh and blessed thistle. These two herbs will not only give you BREASTS, but softer more feminine skin and silkier hair. They will also feminize or round out your features.
If you didn't know it, TRANSFORMATION has already mastered this truly wonderful formula with its three unique vitamin hormone pills.
Glandulars are the secret! Glandular therapy utilizes raw concentrates of glandular and organ tissue. The theory is that like cells help like cells. In practical items, this means that raw ovarian concentrate, for instance, contains a variety of known and unknown intrinsic factors that support ovarian functions in the recipient. The "raw" glandulars are used in Feminant are dehydrated by a special process which insures they contain all of the enzymes and hormones that are present in the natural tissue. One of the key elements provides 200mg of raw ovarian concentrates to assist in the production of the essential hormones, FSH [follicle stimulating hormone] and LH (luteinizing hormone).

These hormones perform basic biochemical and physiological changes in the female body, including increasing breast size and softening of the skin.

Other changes include development of special glands in the fallopian tubes and uterus to promote ovum implantation, enlarging of the pelvic area, faster extension of bone growth, decrease in bone growth period and mild retention of protein and calcium.
