## DOMINANT WIFE MAKES HER SHE-MALE SLAVE SUCK HER STRAP-ON AND GET FUCKED

Dear Forced Womanhood,

I have turned my submissive husband into a pretty lady. So, he should know how it feels to be a woman and what women have to go through for men. I got tired of giving myself to men. Now I have my husband chastised and all he can do is suck my breasts and I don't have to have anyone fucking me. I do get turned on seducing and fucking him. Ms. "Dom"

# LESBIAN WIFE CHASTISES HER SHE-MALE HUSBAND BECAUSE SHE LIKES TO EAT PUSSY

**Dear Forced Womanhood,**  
I married my husband because he was submissive and very feminine. I just don't like to have intercourse anymore. I have had enough from asshole men.

What I really enjoy doing is turning other women on by playing with their breasts and giving them oral sex. I like to bind my husband up when I have a lesbian lover over. The other day I had my husband all

decked out in sexy lingerie and heels. I brought him out to show my lover. With his hands cuffed behind him I led him by a leash attached to the chastity on his penis. My lover

got a good kick out of this. Sometimes I wear a strap-on penis harness and fuck both my lover and my slave husband.

## SLAVE TIED TO FENCE IN THE GARDEN

**Dear Forced Womanhood,**  
The other day Mistress Kristin invited Mistress Jennifer over for beer and pizza. Mistress Jennifer said she would bring her slave patty to serve as the slave maid. Since my services were not needed, Mistress Kristin tied me to the fence in the garden at the end of the driveway. Even though blindfolded, I knew the first car was Mistress Jennifer and slave patty. I knew because Mistress Kristin brought them over to see the size of the padlock I have to wear on my balls. I'll bet slave patty now wears the same size lock. The second car and person to see me was probably the pizza delivery person. I could only imagine the story back at the pizza shop. "These two women had these guys made up into girls and one was tied to a fence naked." I wonder if anyone would believe that story. All of us know it's true and now your readers will know too.

## SUBMISSIVE HUBBY WILLINGLY BECOMING SHE-MALE BONDAGE SLAVE/WIFE

### Dear Forced Womanhood,

Here are photos of my husband of one year who's just begun his transformation with your feminizing pills and creams. On our first date he showed me your magazine and told his desires, and from then on he was dressed, made up, and tied on all our dates with a coat over his bound arms when in public. Soon he quit his job to be my slave/maid. I put him in bondage before going to my high paying job, and he didn't do housework until I returned. For our marriage he wore your bridal gown and chains, and afterward was called Sheila. I kept him bound on our wedding night to impress his slave/wife status so he would always obey me. We love him tied and he's almost constantly in ropes. As I prefer oral sex, he agreed to become a she-male. So he doesn't change his mind, I've locked away his clothes, except for a black and a white slip, stay-up nylons, 5" stilettos, bra and gloves, and he's tied, gagged, and blindfolded (which heightens his senses) whenever I go off. Sometimes I see a lesbian lover and am out all night. It's arousing to think of Sheila helpless at home while I'm having great sex. Often I bring the beauty home, and it's a big turn-on for us to "do it" while tied, gagged, and blindfolded Sheila listens. Later he obediently licks our pussies for hours. Sheila and I look forward to his total change into a she-male bondage slave/wife. Thanks!

Mistress Karla

## WIFE ENSLAVES AND CHASTISES HUSBAND

### Just a quick note to Forced Womanhood.

Hi Everyone! I have totally enslaved and turned my husband into a pretty lady. I make him dress in whatever I want. Lately, it's been as a schoolgirl. He's been chastised and always made to wear one of your lock on collars. I keep him bound often. Usually, he's at my feet while I watch television.

# WIFE UTILIZES 5 STEP PROGRAM TO TOTALLY FEMINIZE HUSBAND

## Dear Forced Womanhood,

You'd think that when a wife discovers her husband secretly dressing in her clothes that she'd be outraged and disgusted. Well, I couldn't have been happier, as it solved a big problem. For months I'd been thinking about divorcing Frank. I'd finally met the real man of my dreams, and unlike my husband, an enormously well hung one.

Frank was wealthy and I wasn't about to give up a life of luxury and go back to being a secretary.

"So this is what you do when I'm out? God, you look ridiculous," I said, catching him prancing around in one of my best dresses. Naturally he turned red, over and over repeating how sorry he was and that he just couldn't help himself.

To his total surprise I said, "Well, I've read about this, and to my thinking, it's harmless. But, if I'm going to let you do it you're going to do it right. I'll help, but only if I get a 100% commitment from you to everything I say." Pathetically he couldn't have been more relieved, or excited.

The following day I told him I was going to put him on a five step total immersion program. "Like what actors do to get into a role?" he asked.

"Precisely. You'll live, breathe, act and think like a woman 24/7 or you don't ever put on another dress. Understood?" I asked sternly, and got a nervous, "Yes".

"Very well, the first thing you'll do is to box up every stitch of male clothing as a test of your commitment and put them in my trunk. With that done I explained Step One. "First thing, obviously, is to look more like a woman. We're going down to my beauticians for a total makeover. Give her even a hint of trouble, and that's it," I warned.

Poor Frank, I suppose he thought a makeover would involve a little makeup and hair styling. It didn't. It started with a full, rather painful waxing, including his crotch. Plucked eyebrows, long, upper and lower eyelashes, much fuller, red lips, eyeshadow, mascara and eyeliner. His ears were double pierced and she applied impossibly long, red nails. His hair was permed, put in curlers, and dyed blonde. Then we glued enormous fake tits on him.

When he saw himself he couldn't believe it.

"Get used to it," I chuckled, "I told Helen to make everything permanent."

"P-Permanent? What do you mean?"

"Your makeup and lipstick I had her dye on. The glamorous eyelashes and steel nails are permanently glued on. The same with your tits, impossible to remove without a special solvent, that I told Helen to lock up." I gloated, loving the horrified look on his face. "Now, just one more thing to give you the girlish figure I know you're dying to have."

His face turned deathly pale when I held up the most fearsome looking, hourglass corset. It took both of us to lace him as tightly as we possibly could, all the time ignoring his desperate pleas to stop, that he couldn't breath. "Well, at least that's a beginning," I giggled, fastening a padlock in back.

"Ready for Step Two? In Step Two you'll need to discard everything that reminds you that you were once a male, so that you think of yourself as a woman every minute of the day. Your name is no longer Frank, it's Fluffy. Now the biggest problem you'll have forgetting you are, or were, a man is this little thing," I said, holding his dick in my hand, which immediately got stiff.

"Naughty, naughty Fluffy. Girls don't do that," I said, apply-

ing an ice pack to it. Once it was shrivelled to a couple inches, at most, I pulled it through the FL2 Frenum Chastity sheath, from Centurians, and locked it on.

"Now this will be difficult for you, Fluffy. Whenever I ask you what this is you will say it's your pussy. And when I point to the hole between your cheeks you will say that's your cunt. Now tell me what they are," I demanded.

"Oh p-please, please, I can't," he begged.

"Oh my, let me explain something about this total immersion program. It comes with a punishment/reward incentive. Step out of your role just a little and you get this. Bend her over and hold her, please, Helen," I asked. All it took was ten strokes with a cane for Fluffy to be screaming out that "she" had a pussy and a cunt.

Step Three was initiated at Leather & Cuffs, a delightfully kinky boutique. Step Three was easier on Fluffy, but just as humiliating. "In this step you'll be dressed the part. Which I'm sure will excite you," I smiled. What she was dressed in was a sexy, black French Maid's uniform with a short skirt, several petticoats, fishnet stockings, apron, cap and five inch heels that she could barely stand in. It was when I dictated the alterations I wanted made that she turned pale.

"Shorten her skirts up to her ass, then make the hem in back three inches shorter than the front. I want her always showing off her panties, and her entire ass when she bends over. Then lower the neckline to just the tips of her nipples so everyone can admire her luscious tits. Yes, I know she'll have to be very careful with that one, or heavens, both will pop out," I laughed.

Step Four arrived a week later in the form of an express package from Centurians. Fluffy's face had the most delightfully scared expression as I unpacked one item at a time. "These will all help to train you to act totally feminine at all times," I explained. First out were black, patent oxfords with six inch, spike heels, that laced and locked on, to remove the temptation of ever taking them off. I then locked pink ankle cuffs connected by a short, eight inch bar to teach her to take the daintiest steps. A posture collar, to hold her head up, was laced and locked on. A set of wrist and elbow cuffs were on to train her to hold her arms correctly.

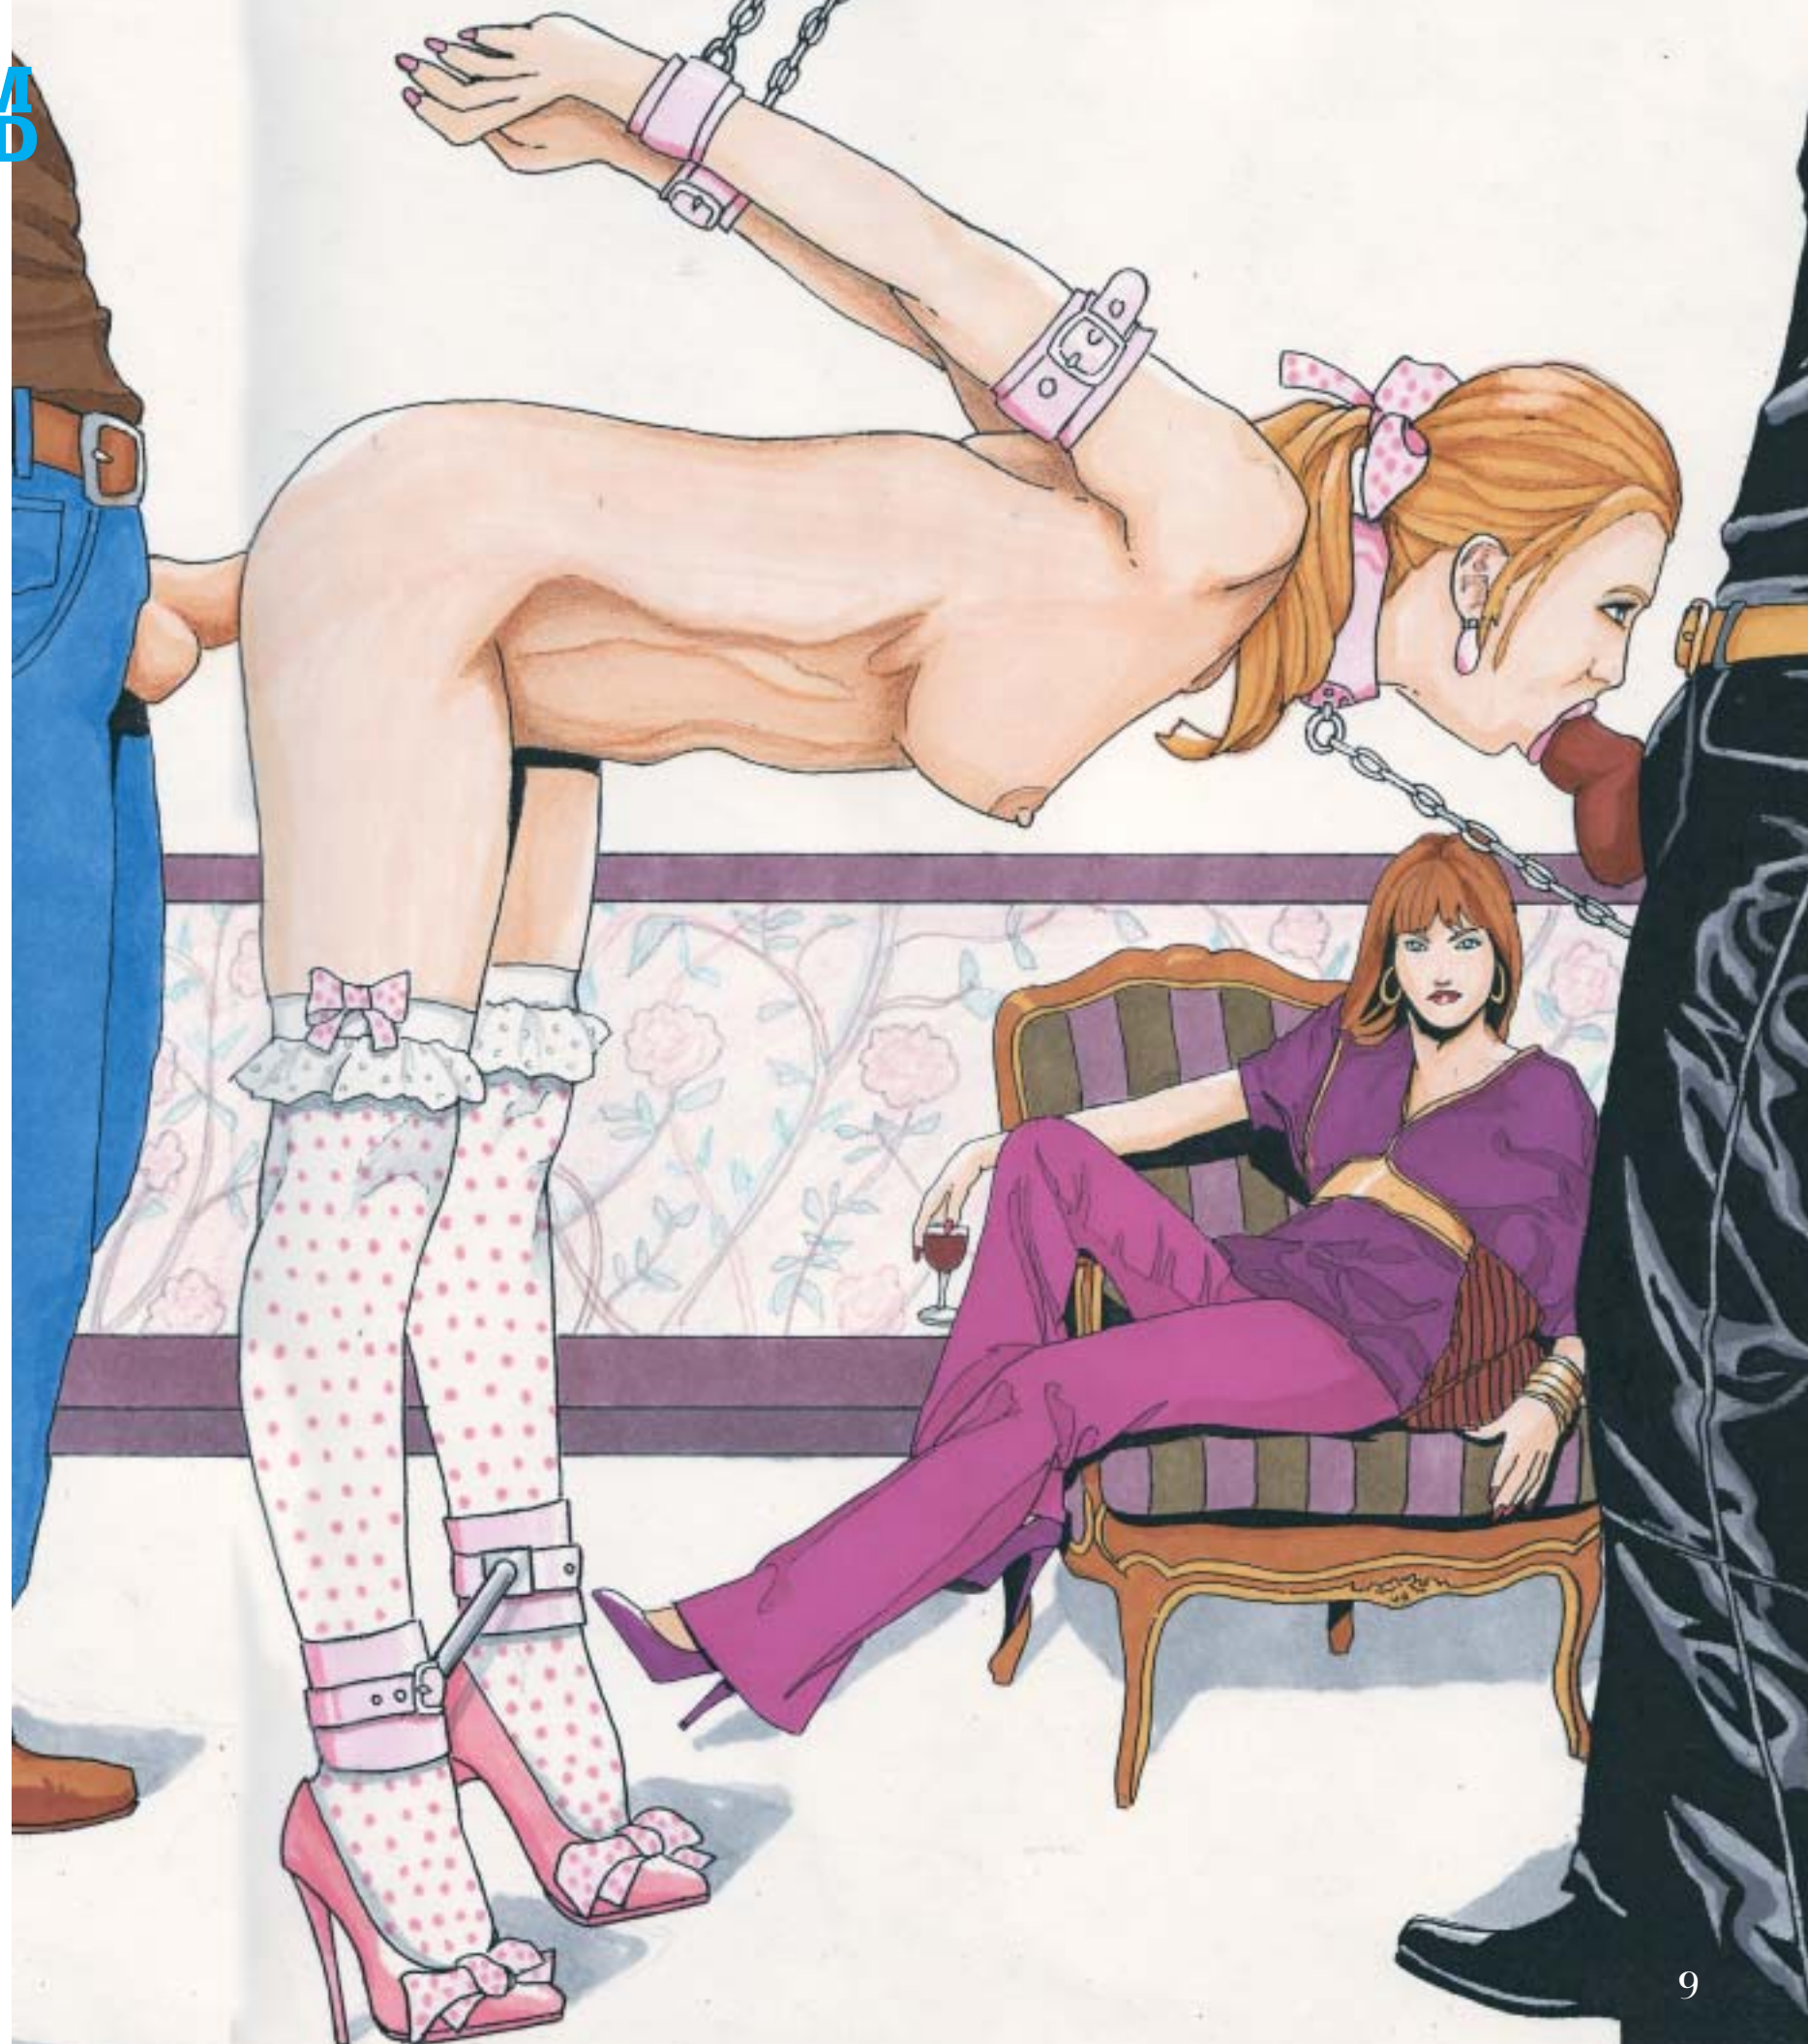

"This will be worn five hours for every ungirlish word, sentence or even sound that you make," I warned, holding up a ball gag with a locking strap.

At the end of three months of intense training and conditioning I felt Fluffy was finally ready for the final step of her feminization.

Standing her in the center of the living room I strapped her wrist and elbows behind her, attached them to an overhead chain, and slowly took the slack out gradually bending her over more and more until I thought her mouth was in the exact position I wanted it.

"I must say Fluffy that I couldn't imagine you any more feminized than you are. However to be a woman you have to feel like a real one, don't - you, especially in those most intimate times," I said, which was when the doorbell rang and I let in my lover, and one of his best friends, an enormous black guy.

"James and Bruce have kindly agreed to assist you, nightly, over the next couple of weeks in experiencing the total joys of womanhood. James, why don't you start in on Fluffie's cunt. Remember she's a virgin, so be gentle, at least the first time. Bruce, oh my, that's huge, you do her mouth. Although ease up a bit when she starts gagging. Goodness, it'll be weeks before she gets all that down her throat. Now Fluffy, just a couple suggestions. The faster you do "suckies" the quicker it'll be over, except for swallowing, that is. As Bruce shoots his load, which could take some time, try breathing through your nose so you don't spill anything," I offered, reclining on my sofa with a drink to watch Fluffie's final feminization.

# THE SISSY ACADEMY CHRONICLES

## MISTRESS AVES FUCKS ANTOINE Photos By Spanky

Finally! The big day had arrived, and after all the planning and anticipation, Antoine was quite beside himself - or herself! For over a year, he pondered and fantasized about living out his femmed-out fantasy, where he is feminized, transformed, and then have a Domina treat and use him like a fuck-slut: trained to lick, suck and worship femme dildo-cock like a two-dollar whore! Then the fuck-slut wanted to have his pussy-ass cherry popped!!!

The clerk at the hotel seemed to be looking at him intensely with his beady little eyes. Right away Antoine knew that something was up! It was then that he remembered that after he checked in, he went to a local deli for a sandwich. When he returned, the bellman had delivered his bags to his room. On the way back to his room the bell hop smiled and said, "Sir, I already brought your bags up to your room." And then the bell man winked at him as he did a one eighty and pranced and danced

down the hallway, while Antoine stood there, and tried to make it look like his face had not seen a ghost.

When Antoine was finally ready to leave for his 2pm appointment he asked the clerk at the Front Desk to call him a taxi. The clerk looked at him with a big, I know, I know look and said, "No need, the academy you are looking for is right around the block."

Antoine's mind was whooshing and whirling as he realized the bellman had opened his luggage and had a grand looksee at his wig, heels, and "girlie" things! He rushed out to the sidewalk where the doorman was, yes smiling in an odd way at him. As he passed by the doorman said with a kitty cat tone in his voice, "Now you enjoy yourself, and have a fluffy spring day". Once again, Antoine's mind was going off whirling and spinning like a new commercial Maytag washer.

As he walked around the block he realized his fantasy was now a two suitcase reality and that he was

minutes away from his first day at The Sissy Academy. It all started one night when he was looking at a website called [www.straponsissies.com](http://www.straponsissies.com). Once he logged on, right away he realized that he had no choice in the decision as it was a must that he must do this. It was like he was in a trance when he phoned and asked about making an appointment to be interviewed. Since that afternoon the minutes seemed like hours and the hours seemed like days.

Now he was in front of a huge brownstone that looked like it could have been a grand home or a house of ill repute! He was on Cloud 69 and he felt like he was being transported and drawn like a magnet as he climbed the stairs to the two double doors. Startled, he jumped back because just as he was about to knock, the door opened suddenly! Standing before him was a severe looking woman adorned in riding attire.

**Continued on Page 12**

**Continued From Page 10**

"You must be Antoine, we have been expecting you. You can put your sissy bags down and follow me to my office. I am known as and you will refer to me as Mistress Imeana. In the future when I tell you to do something or ask you for an answer. I will say something like, I mean ah right now, I mean ah, I am not going to wait another second." Right away Antoine recalled reading a magazine about forced womanhood and replied, "Yes, I do Mistress Imeana." This pleased her and amused her as so many had gotten this wrong. She smiled and said, "Today I am going with a friend who owns a stable and we are going horse-back riding. Otherwise I would have taken charge of you myself. On your application you wrote that you fancied our Sissy Slut class as opposed to domestic servitude and maid training. So, I am sending you down the hall to introduce yourself to our Mistress Aves. But, before I do I want to tell you a few things about The Sissy Academy."

Antoine was trembling and visibly so! Right away Mistress Imeana told him to relax and to sit down and listen to her. "For your information, the owner of the hotel you are staying at is a dear friend of mine. We make sure that everyone on the hotel staff knows when they have a 'sissy slut' client of mine in the house. Now, you are here to satisfy your own wants, needs and fantasies and that is fine. However, here at the Academy we also do what we feel we have to do to make your fantasy one that is real. Now if you had bothered to read the fine print you will see that you basically signed a contract stating that you give The Academy permission to photograph you and we will supply you with a disk with all the images." Before Antoine could respond a hot fetish girl that had the Betty Page, kinky-verlinky look going on walked in. She was sporting a tom punk-rockette, T-shirt that had Mistress's Slut emblazoned on it. Mistress Imeana said, "This is Spanky. Tell him who you are Spankers," She informed Antoine that

she was the in-house slave and go-for gurl. She was holding a top of the line Nikon camera. She looked at Antoine and smirked and said, "Come on Girlina, follow me because you're late for class already! As he followed Miss Spanky down the hall she was verbally abusing him and told him that it was all about 'reward and punishment' and that he would soon find that out. Spanky opened a door that had Dildo Dolly's Only printed on it and motioned for Antoine to go in, and as he did she started snapping photos. A sex-citing red headed gal was at the desk and it was obvious she was in a good mood and seemed amused and pleased at the situation. She looked up at Antoine and handed him a book. "It's called Justine and it was written by the Marquis de Sade. I have dog eared a page where Justine tells us how she felt she deserved to be degraded, humiliated and made to endure sexual servitude."

Continued from Page 12

"I'm not a lesbian but sexy sluts with nuts like you make my pussy wet." Then Mistress Aves barked at Antoinette like she was a bar room whore, "Look at yourself in the mirror Antoinette and think about how I am going to whore you out when I am done with you."

When Antoine took a long look he realized that he had lost his masculinity and now his new Mistress was to use and train him to be a full-time sissy slut-cock whore! Mistress Aves was on him like white on rice. Tongue kissing Antoinette, she slid her hand under Antoinette's panties and started to rub her fat little stick-clitty. Then Mistress Aves bent Antoinette over and dropped her skirt all in one motion.

"I want you to tell me how it makes you feel having Blackie sliding and rubbing your ass cheeks". By then Antoinette was almost in a dream state as she responded, "Yes Mistress, it is driving me crazy, I've never had a cock and this is too much for me."

At this point Mistress Aves was loving it and she laughed out loud and said, "Oh, too much is it?" Help me get up on the desk and get under me because I am going to stuff my cock down your mouth and fuck your face." As she grabbed Antoinette's face with her right hand, she grabbed onto Blackie and stroked and played with her favored cock-stick.

Then she laid Blackie's cock head on Antoinette's virgin pussy mouth and started to slide it in! Antoinette moaned and relaxed as the massive

popsicle cock slid in, "Suck it you whore and thank me while you are sucking it," barked Mistress Aves. It was too much for Antoinette but that was beside the point! Mistress Aves was focused and unstoppable as she had three pussy-gasms as she de-virginized and cock rammed Antoinette's new mouth-pussy.

"Oh, too much is it? You just stick that pussy ass up in the air and shut your trap and get ready! Oh, and I am being kind as I did put a dollop of lubie on my finger. Before Antoinette could react she yelped and then squealed like a suckling pig as Mistress Aves' finger slid up her virgin pussy ass. At that point in time Antoinette was only focused on her anal-pussy de-flowering and had no clue what was to cum!!!!

It took a few minutes before Antoinette could regain her composure and relax as sucking and worshipping a cock was new to her and it was a lot more work and fun than she ever imagined. Then without any provocation Mistress Aves gave her a good open handed slap on her right ass cheek that sent a wave of delicious pain through her body. For the first time she felt her nipples pop and could feel sticky pre-cum dripping from her clit-pole.

Mistress Aves verbally abused her new slut and then she said, "Get yourself up on my fuck table and say 'thank you' to me." Before Antoinette knew what was happening Mistress grabbed her ankles and as she lifted Antoinette's legs up to kiss the face of God, Aves slid her strap-on ass-plower up to the hilt in Antoinette's ripe virgin cock-hole.

Antoinette let out the "Mother of All Moans" as the love pole made contact and pleased and violated her once virgin pussy ass. "Oh Mistress, oh Mistress, please stop! This is too much for me," bleated Antoinette as she tried to catch her breath. For whatever reason hearing this spurred and turned Mistress Aves on. And then she felt a clit-twitching orgasm coming on her. So she pumped and rammed her strap-cock in and out of Mistress Antoinette's ass-pussy until she felt her cum-soaking pussy explode.

Mistress Aves rubbed her panties and adjusted her cock-strap and said, "Well Miss Slut Face, it looks like you might well be on the way to becoming the first official live-in house slut. Now, in a few hours a special guest is coming in to visit us. His name is Master Markham and he owns the hotel next door and the Academy. Once I am done training you to suck, service and want cock twenty-four seven. You will be kept here until you accept the fact that your fantasy has become your reality. Oh and by the way, you are now living here as our full time sissy and cock-slut". At that point, Spanky exclaimed, "Oh this is great. I got everything on film and after watching all of this. I am hot for it and I am going to go get my strap-on Big Bad John. I'm going to be the next in line to cock-train the new slut."

# WIFE SURPRISES TV HUSBAND IN HER LINGERIE AND IS AROUSED, SHE MAKES HIM INTO HER SHE-MALE BONDAGE SEX SLAVE

**SHE LOVES TO MAKE HIM VERY SUBMISSIVE BY MAKING HIM SUCK HER COCK HARNESS AND THEN FUCK HIM**

## Dear Forced Womanhood,

When you come home early from work and surprise your husband of one year made up, wearing your wig, black lingerie and a pair of 4" heels, you have two choices: leave him, or stay and try to work things out. Luckily, I had the good sense to stay, and our marriage has become even happier. Recovering from my surprise, I immediately took control of the situation and ordered Henry to tell me about his TVism. Face beet-red despite his makeup, he stammered, embarrassed. Noting lengths of clothesline on the floor, I told him to bring them to me and lie face down on the bed. He eagerly obeyed, and moaned in arousal as I made tight knots on his wrists, arms, legs and ankles. Then I drew down his panties and spanked his butt cheeks as red as his face cheeks.

Cock rigid, voice breathy, Henry said he'd been fascinated with women's clothes since childhood, when he used to watch his sexy single mother dress and apply makeup for work or a date. When alone, he would dress up, and soon added bondage, fantasizing he was a girl, or else a boy captured and feminized by girls. His obsession grew stronger over the years, and he had no desire to change.

I had to admit that he looked great, and my cunt throbbled hornily at having a feminized male to dominate. I face-sat Henry for hours and kept him tied (often gagged too) the whole weekend, while I

took books about TVism from the library and went to an adult bookstore, where I found your magazine. I was taken with your ad for pills and creams to aid in transforming a male into a she-male. Henry had never been a good lay, and I much preferred my pussy to be licked and fingered.

I'd always wanted a mail order business and this was a good time to start. We moved to a secluded house outside of another town and Henry became my TV French maid, cook, and lady of the house. I bought him dresses, breasts, stick-on bras, wigs, 6" stiletto heels, and convinced him to try your feminizing products, promising he could quit if he wasn't happy. (Yeah, sure!) It all went well for a while. Henry's skin became femininely soft, his growing hair silkier, his breasts formed sexily, his face and body hair were retarded, a corset slimmed his waist and caused his hips and butt to have a femme roundness, while the 6" heels firmed his thighs, calves, and gave him higher arches. One day Henry noticed his little penis was shrinking as his shapely figure became more feminine and reminded me of my promise that he could quit his transformation. Determined to have a she-male slave, I smiled and said, "I lied."

A trip down to the basement, where he was suspended from beams, whipped, dildoad, walked on with 8" heels, and tied in many muscle-tormenting ways for a week, made Henry bend to my will.

I locked his prick in your non-permanent, non-piercing pure silver chastity and kept him in tight bondage whenever I went out, until I knew I could trust him not to try to run away in his French maid and chains outfit.

Finally, Henry's cock had dwindled so that it could only take a FL2 frenum that went on forever, and his breasts were ready for large implants. Henry is now Heather, a gorgeous, submissive she-male whom no one suspects is not a genetic woman. I love binding and dominating her, and she is such a good lover now that I need no one else. I put on a sexy black cut-out corset, collar, long black gloves, stay-up nylons and 7" boots, then, with a small whip in hand, make Heather kneel, leather straps about her wrists and torso, in collar, frilly white dress, nylons and 5" stilettos, and suck a dildo on my crotch nice and juicy. Then I shove her face down on the bed, pull up her hem and pull down her panties, and ream her tight little shapely ass good.

Heather is kept in some sort of bondage day and night, and services my sexual needs whenever I wish. She obeys my every whim, and I am so glad that I had the good sense to stay with her when she was a "him" and I came home to find "Henry" in my lingerie that fateful day.

# BONDAGE MAGAZINE LEADS TO FULFILL TV FANTASY AND LATER BECOMES A DOMINANT MISTRESS

## Dear Forced Womanhood,

I've been interested in bondage and feminization ever since I can remember, somehow, it just came about. When I was in my late teens I found a discarded bondage magazine and gloated over the photos with my best friend Danny. He was just looking at the sexy beauties, but I was mentally projecting myself in their places. An ad said amateur bondage photos were wanted, and Danny was sorry we didn't know any girls in our small town who'd pose so we could make some extra money over the summer. Then he must have read my secret thoughts, as he said I had a girlish face and figure and could pass as a model. I pretended to consider, then agreed. Our divorced mothers were at work so I now had the nerve and reason to put on my mother's sexy lingerie, nylons, 4" heels and wig. I did look good, and with makeup and my few body hairs shaved I would pass as a girl.

Over the next weeks we bought film, makeup, so I could practice first, and nylons, as I didn't want Mother's to get runs from the ropes. Then our mothers left on a company employees' outing for the weekend, and we went into action. I was tied and gagged inside our houses and backyards, to trees, posts and lawn furniture, in lingerie, dresses, skirts and blouses, nylons and stiletto heels. It was simply great! We wrote the magazine while waiting for the photos to be developed, only to learn that proof of adult age had to accompany the photos. That, and my face looking a bit young above my gags, put an end to our hopes of my "female" modeling career. I didn't crossdress again until I was an adult with a job and my own place. I found your magazine and sister ones, and was envious of the lovely TVs and she-males who had Mistresses. Your transformation pills and creams also caught my attention; I'd always secretly wished to be a girl. Too shy to go to a shop for femme things, I ordered lingerie, dresses, skirts and blouses, 5" heels and wigs from your Transvestite catalog. It was fun to dress up and do self-bondage, but I wanted a girl.

Out of the blue Danny was back in touch. He was dating a rich girl whose older sister liked to feminize and dominate men. He'd shown her one of my bondage photos (I didn't know he'd kept any) and she wanted to meet me. That's how Kristen and I met, and it was slave and Mistress "love" at first sight. Shortly, I was living as her French maid and was kept in some sort of bondage 24 hours a day. Then we moved to her isolated mountain lodge, where I began my she-male transformation with your many pills and creams. A corset nipped my waist and gave my hips and ass a femme shapeliness, and 6" stilettos firmed my calves, thighs and raised my arches. I wore leather, latex, velvet and other sexy she-male clothes from your Transformation catalog. But as my body became more feminine, with softer skin, silkier hair and growing breasts, my penis shrunk. Kristen preferred my tongue in her pussy so she didn't care. Bound in the attic for a week, I was suspended from beams, walked on and dildoad with 8" heels, kept in muscle-straining positions for hours, a dildo or vibrator in my ass, whipped and spanked, and made to crawl and lick her shoes, including their soles. Giving up, I resumed my pills, creams, and lessons in how to talk and behave like a lady. My cock was put in your PR2 metal penis chastity until it was so small it could only take a FL2C frenum chastity that went on forever. My breasts had big implants, and I became Linda, a stunning she-male who easily passes as a true woman.

I am Kristen's sole she-male sex slave and we are happy together. She likes to satisfy her latent lesbian tendencies by pretending I'm a woman, your life-like vagina covering my tiny cock. Other times I wear cut-out panties with it and my small balls protruding and am tied spread-eagled on the bed in a sexy, brief blue nightie while she licks my ear, kisses my red lips, and fondles me intimately. Then, in only red gloves, waist-cincher, stay-up nylons and 7" stilettos, she face sits me to have her pussy loved. Later I'm dildoad. Our lovemaking goes on for hours, often all night.

I am so happy I found the women in the bondage magazine as a teen, and that Danny later showed my photos to Kristen. Our life together is a dream come true, a total fulfillment of my fantasies!

# WOMEN AND THEIR PETS

## MAN WITH SHOE FETISH TURNED INTO BOOTSIE

### Dear Forced Womanhood,

About every couple of months I get this urge to go fishing for my favorite prey. Carefully I dress in what I call my, "gotcha" outfit. A black, halter dress with a very short skirt. Black, leather, shoulder length gloves and fishnet stockings. But, the real hooks that reel them in are my highly polished, black, knee length boots with five inch heels and 40 tightly spaced eyelets for the polished, leather laces.

It was pitiful really. All I had to do was sit on a bar stool and cross my legs. I could see every male in the place drooling. But, my catch of the day was the guy who couldn't take his eyes away from my boots. Gotcha, poor thing. To his amazement I chatted him up, placing the toe of one boot dangerously close to his crotch. He had the biggest tent in his pants that nearly exploded when I "accidentally" toed his stiffy. "I see you admiring my boots. I really find them so sexy, don't you? But, oh my, see this lace, all the way down by the toe, it's so loose. Could you possibly relace it for me. Yes? Oh wonderful," I said, planting the sole right on his dick and the heel on his balls. A few times I exclaimed that he was either lacing them, first too loose, then too tight. Each time I'd punctuate my displeasure by stamping with my sole on his poor dick, or jabbing his balls with the stiletto heel. Each time he pathetically actually apologized and I made him start all over.

After that he was putty in my hands. As expected, he stammered out that he'd like to see me again.

"Well, you can, but I have to warn you that I expect the men I go out with to be extremely respectful. I expect them to do as I tell them. I think of the men I go out with more like a pet, who I'd keep on a very tight leash. Would you like to be one of my pets, Anthony? You can't imagine how rewarding it could be. I know, you could be my boot pet. I'd put you in charge of my extensive wardrobe of shoes and boots. Why, you'd spend hours, days even in my shoe closet. When I come home, if you've been a good pet, I'd even allow you to lick my boots or shoes for me. Oh come now, obviously, like a lot of men, you have a fetish for women's shoes and boots. Nothing to be ashamed of, I think it's cute, and I can tell by what's sticking out of your pants that you'd get so excited licking the dusty, muddy boots, or shoes, I've worn all day. I also know another fantasy of yours. You've dreamed for however long about what it would feel like to wear boots with impossibly high heels. Admit it Anthony, yes, I thought so. Guess what, I think I actually have a couple pair of boots with ungodly high heels that I'm sure would fit you. I even have a special, all leather outfit I like my pets to wear. You have just this one chance to live out your fantasy. Come with me now, or you'll never have another chance."

A month later, when I come home from a hard day at the office, I'm greeted by my newest pet, "Bootsie", such an appropriate name, kneeling on all fours inside the door. Oh, "her" fantasy came true. All too horribly true. As promised I did have two pair of boots with impossibly high heels for her, a pair of black, patent leather ballet boots, that got her little dickie sooo excited.

When he hesitantly said that he didn't think he'd ever be able to walk in them, with a smile I said, "You don't have to worry about that. I know you won't be doing any walking in them."

Which was when I took out the second pair of boots. An exact match to those already on him, but several sizes smaller. He had no idea of what was to come as he obediently extended one arm. And before he knew it I had the boot on him, laced tightly all the way to the elbow.

"Oh no, please don't," he begged, and while he fought my putting the other boot on his other arm it really wasn't much of a struggle. Then I buckled and locked a wide, stiff collar on that had a long chain leash attached to it. I tightened it so he couldn't move which enabled me to permanently fix the biggest boobs on him, after which I made up his face, eye-shadow, glued on huge eyelashes, added mascara and eyeliner, and luscious red lips, all dyed on to last for months.

"What have you done to me? You've made me into a girl! You didn't say anything about this," he hollered in shock.

"No man who agrees to be my pet is a real man. And I didn't make you into a girl. You're now my boot licking, shemale, sissy pet. I can see your pathetic excuse for a dick, it's so excited I think if I fondled your boots it would explode into the panties I'm about to put on you. After, that is, I slip this seven inch exciter up your ass and put this cock ring on. Between the two you'll spend most of the day with a sissy hard-on that you can't do anything about," I grinned. Tired of "her" begging and pleading I muzzled her with a big, red ball gag stuffed in her mouth. Then tugging as viciously as I could on the laces of a corset dress, I laced her into the red leather outfit I'd promised I had for her. Everything, by the way, the corset dress, ballet boots, muzzle, and collar all came out of Centurian's catalogs.

I spent the next week obedience training her. Teaching her to heel, sit, fetch, lick, suck and so on. A whippy cane, liberally applied, soon had her responding instantly to whatever command I gave her.

As soon as I return all I have to say is, "lick" and he lavishly licks whatever I have on my shoes or boots, dust, dirt, mud, whatever, until they're spotless. At the command "heel" she follows, on leash, exactly three paces behind and on my right. Sitting in my favorite chair I spread my legs and order, "lick". After several satisfying orgasms I pat her on the head and say, "Good pet, Bootsie. Did you have a good day in my shoe closet? Fetch my green tennies, and then your cane and we'll go and inspect your efforts.

And since you've done all my shoes and boots tomorrow I'm going to introduce you to a new chore. All three bathrooms need a good cleaning, well licking, especially the toilet bowls. Isn't that exciting, I'm actually going to let you out of the closet. And I'm sure you'll really appreciate a little variety in your life. You really are becoming so indispensable, pet. I'm having a scrub brush specially adapted so it can be strapped in your mouth, then you'll be able to do all the floors too. But we'll hold off on that till next week. Poor thing, has your pussy been this excited all day? If I don't have to cane you after inspecting your work I'll fondle your boots and then you can do spurties in your panties. What's it been, a whole month now since your last spurties? Poor Bootsie."

# Sarah Straps On

Stars:  
Mistress Sarah, slave marco  
and slave jack

Director: Steve Lake

The incredibly voluptuous Mistress Sarah puts jack and marco through their paces for 54 minutes. Highlights include forced bi, a huge huge strap on, smoking and body worship. Several black leather outfits, boots and some new high heeled shoes provide decoration to this unbelievable young Mistress's body. Totally naked at the end, except for Her strap on securely lodged in jack's back end, this Mistress is the total package.

Mistress Sarah, in black leather, orders slut jack to put on Her black spiked heels and casually lights a cigarette. He does as ordered and is rewarded with several solid kicks to the balls. He is used as Her ashtray and She spits and flicks Her ashes into his gaping mouth. He licks the bottoms of Her shoes

clean and serves as Her floormat. In the other room, Mistress Sarah has slave marco fastened to the table and begins to shock him with the violet wand. She orders jack to suck his cock and lick his balls as She applies the nipple extender to marco.

Mistress Sarah tightens the screw so that marco's nipples are pinched and pulled form his body. She controls jack's head making him suck and deep throat the helpless marco's cock. Laughing She enjoys giving marco pain and making jack give him pleasure. She reaches for the cock pump and sucks marco's cock shaft into the device as She orders jack to lick his balls. Moving Her bare pussy over marco's face, She pumps and torments his cock as slave jack services his balls.

Her pussy on slave marco's face, Mistress Sarah has his cock trapped in the pump and his nipples in torment. Slut jack is licking marco's balls as he is bound like an insect to the table. Mistress Sarah decides it is time to fuck the long haired submissive and releases him so She can shove a dildo up his ass to loosen it up. She is wearing a gigantic strap on and slowly inserts the head into marco while jack kneels and watches wide eyed as the massive cock slides in.

Mistress Sarah finishes driving the huge dildo into marco as slut jack kneels at Her feet. His violated

hole can take no more. Now in a leather strap harness outfit and wearing black boots, Mistress Sarah has a smoke break and makes jack suck the large strap on She is wearing like the real cock he has just had in his mouth. She spits down his throat, uses him as Her ashtray and makes him eat the butt after putting it out on his tongue. More strap on sucking for jack and then he takes a bit of the crop.

Mistress Sarah strips down for some solid strap on action with slut jack. Her beautiful, natural 36D breasts bounce sexily as She rams Her cock into

his asshole. She fucks him from behind for some time and then orders him to his back, legs high in the air. After some deep drilling, She gets up and brings a large dildo back. After She has put Her cock back in his ass, She drives the dildo in along with it and laughs at his discomfort. She decides to get another, longer dildo and does the same thing. Two cocks in his ass and the topless Mistress Sarah bearing down on him make jack happy in his humiliation and debasement.

# How to feminize your body with natural herbs and vitamins that have natural female estrogen

The "raw" glandulars are used in Feminant are dehydrated by a special process which insures they contain all of the enzymes and hormones that are present in the natural tissue. One of the key elements provides 200mg of raw ovarian concentrate to assist in the production of the essential hormones, FSH [follicle stimulating hormone] and LH [luteinizing hormone].

These hormones perform basic biochemical and physiological changes in the female body, including increasing breast size and softening of the skin.

Other changes include development of special glands in the fallopian tubes and uterus to promote ovum implantation, enlarging of the pelvic area, faster extension of bone growth, decrease in bone growth period and mild retention of protein and calcium.

*"Hello, I want to tell you that the formula I came up with years ago for the vitamin hormones really work. In the 12 years we have offered these, we have never had one complaint. But we have had hundred of letters saying how well they work in feminizing the body and making breasts. They soften the skin and round you out. Now, I'm not a Doctor - But I've taken these on and off for 10 years. They have kept me young and healthy. This is a recent phot of me and I'm 66 years old and I have size "B" cup breasts so I don't have to have fake boobs."*
