

## Forever, Here

*A sensual, emotionally rich story about a chosen family discovering love without limits in a summer that never truly ends.*

---

### **Daniel “Dada” West**

Daniel is 48, a warm, charismatic, and emotionally grounded man who radiates confidence without ego. With silver at his temples and eyes that carry kindness and curiosity, he’s the kind of man who makes people feel instantly safe around him. He’s a self-made success—an entrepreneur and creative mind who’s semi-retired and more interested in experiences than status. What defines Daniel most is his capacity to love without jealousy. He doesn’t believe in ownership—he believes in presence, permission, and shared joy. As a husband, he adores Mara, not just for her beauty but for her warmth, her mind, and her freedom. As a father to Jamie—he holds deep affection and respect, but also understands that Jamie is now a man, with desires of his own. Daniel has known for a while about the growing tension between Mara and Jamie, and rather than resist it, he welcomes it. He finds joy in seeing people he loves connect, and is just as turned on by intimacy he watches as intimacy he shares. He’s open, emotionally intelligent, and completely unthreatened by the unusual dynamic developing in the lakehouse. If anything, he sees it as the highest form of trust. Daniel never voiced it out loud, but the thought of Mara—flushed, breathless, fucked by Jamie—lit something primal in him. It wasn’t jealousy he felt watching them; it was awe, satisfaction, and the thrill of giving them both what they secretly needed.

### **Mara West**

Mara is 44, a breathtakingly sensual woman whose beauty is less about effort and more about presence. She has a curvy hourglass body, fuller than most, EE cup breasts with a softness that turns heads and a confidence that holds them. Long dark hair, often up in a loose bun, and expressive eyes that laugh even before her mouth does—Mara is the embodiment of both comfort and seduction. She wears soft cotton dresses, no bra unless she has to, and she moves like someone who knows her body is both a home and a weapon. Emotionally, Mara is maternal and nurturing, but she also has an intense erotic core—one that was buried in earlier relationships until Daniel gave her room to breathe. She feels most alive when she’s touched, watched, wanted—but only by those she trusts. With Jamie, the desire is unlike anything she expected. She’s known he’s watched her, yearned for her, but always respected the boundary. Now, with Daniel’s blessing, she lets herself fully enjoy her son. Mara’s sexuality is not separate from her love—it’s part of it. Whether she’s teasing, guiding, or surrendering, she loves the power of being desired. And with two men who adore her, she feels like a goddess finally coming into her divine right.

### **Jamie West**

Jamie is 21, tall, lean, and quietly intense. With tousled dark hair and dark, observant eyes, he carries the kind of quiet that draws attention without asking for it. Athletic but not bulky, he looks like someone who swims in deep water—physically and emotionally. Jamie is brilliant—and has always excelled in school, but he’s emotionally introverted, always turning things over in his mind rather than speaking them aloud. For years, he’s harbored a

private, overwhelming desire for his mother. She's been the centre of his fantasies, the unreachable ideal, the woman who defined his sense of beauty and sensuality. He never acted on it—not out of guilt, but out of respect for both her and his father. But now, with his father's open invitation and his mother's gentle affirmation, he finally steps into what he's always wanted. Sex with his mom is not just physical for Jamie—it's devotional. He worships her, craves her approval, and is transformed by the connection they share. At first, he's hesitant, unsure how to move in this new space. But once he finds confidence, he becomes fiercely loving, deeply attentive, and endlessly hungry. For Jamie, this isn't a phase or an experiment. This is the woman he's always loved, and he will do anything to keep her—and Daniel—by his side forever.
