After taking the device back from Amanda, Amber examined it out of her reach with Pete in the palm of her hand. The giantess wasn't thrilled to see what Amanda did to Pete and knew that something had went wrong when Sara went over to use the shrinking ray.

Don't worry Pete, everything is going to work out I promise. It looks like she has the device set to shrink so maybe we should use it on her first before we adjust it. I know we should probably save the energy, but I think it's best we deal with that girl. She didn't seem to want to show any mercy towards you so why should we be nice to her?

Normally Pete would disagree with Amber, but she was the one with the power and after everything Amanda had done, he didn't feel one bit bad about shrinking her down again. Aiming the device right at her, Amanda tried to beg the giantess to spare her. Her pathetic cries only encouraged Amber to follow through. Just like all the times before, she saw the bright light emerge as her body began to change for the worse. The power trip she was just on for the short amount of time had come to an end.

No please don't do this, oh fuck! I can't be shrinking again, I hate you Pete! I swear I'm going to get my revenge on you for all the things you have caused. This isn't over!

When the effect wore off, Amanda found herself at about a foot tall still. She wasn't completely tiny, but the feeling of hopelessness was there. Being shrunk by Amber was something completely new, and what she feared the most was what her intentions would be. Libby was evil herself, but now she was at the mercy of this giant woman who wanted revenge. Her heart rate started to rise as wicked thoughts ran through her head.

Here you go Pete,
can you hop off right here on the
table? You are so small now I want to be as
careful with you as possible. I'm so glad you aren't
any smaller because it would be difficult to handle you if
that was the case. I can't imagine how big and scary
everything around you is. It's okay though, we're
going to fix this problem before we do
anything else.

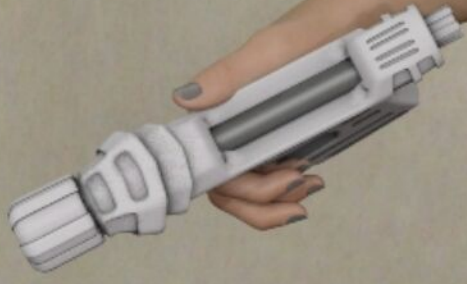

After being placed on the table, Pete looked up to witness Amber's butt like he had never before. At his current size it was gigantic. He stood in awe from his position admiring her ass while he could. As much as he wanted things to return to normal as soon as possible, he would be lying if he said he didn't want to enjoy this for a moment. Amber hoped that she could now return herself to her normal size so she could leave her home and rescue her daughter and Rachel.

Seeing that Pete and Amanda were shrunk on this same setting, Amber aimed the device at herself and slowly pulled the trigger. She made sure to gently do it, making sure it would not get out of hand. The giantess could feel her body go through the same process as when she was reduced before, only this time it wasn't by accident and that this time she would only be returning to normal.

Oh my god Pete it worked! It's felt like forever but I'm back to my regular size. You don't know how good it feels that I can actually go outside and get things back to normal. Enough about me though, I know you've waited even longer than I had to, not to mention all the hell it was along the way. Let's adjust the device so we can grow you next.

This was a nightmare situation for Amanda. She felt helpless as Amber placed the device on the table and out of her reach. Witnessing the giantess return to her normal size with the intentions of growing Pete back as well was the last thing she thought that would happen today. There was no plan running through her head as there seemed to be no hope. She could only wait and hope for mercy.

Alright Pete,
hopefully you aren't too small to
adjust the settings you need to. I can't hear
you at all so I would rather you just wave up at me
when you think everything is all set. For now I'm going to
check on our little hostage over here. I think she's sitting
a bit too comfortable at the moment for all the cruel things
she has done. If you're having trouble just turn your
back on me when I come back over and I'll try
and put you in my ear if you have
something to say.

Pete didn't waste any time before getting right to work. Even though he was the smallest he's ever been, he felt safe with Amber protecting him. She was like a giant goddess to him, one that he felt would do anything to keep him safe. With his tiny arms, he made some adjustments in hopes of switching the device to grow. The worst case scenario would be for it to backfire on him again, but even if it did he would have his giantess by his side to help him through it.

Now I've heard a lot of things about you Amanda. Enough to the point that I would just love to crush you out of existence right now. But lucky for you I'm not that type of person. I don't think I could ever be as evil as you, but at the same time I think you deserve some sort of punishment. After all, your plan was to keep Pete tiny for the rest of his days, and you would of probably shrunken me too. I can't ignore any of these facts, you don't deserve to be treated fairly.

Emotions started to pour out from the giantess. She feared for her daughter and what might be happening to her, but also thought back to what Pete had to go through with Amanda. The tiny woman felt as if things weren't going to go well with Amber. Wanting to demonstrate her power, she took a powerful step towards Amanda, hoping to shake her up a bit.

Let's make one thing clear here, I don't care how you feel about it but you are mine now. Maybe it's not right to limit your chances. However, you had an opportunity to make things right when you came over with the device. If you think about in any way disrespecting me or Pete ever again I will end you tiny girl. You're no bigger than my foot so I can do whatever I want to do. I have some ideas from some stories I have heard as well, but we might not need to go that far as long as you behave.

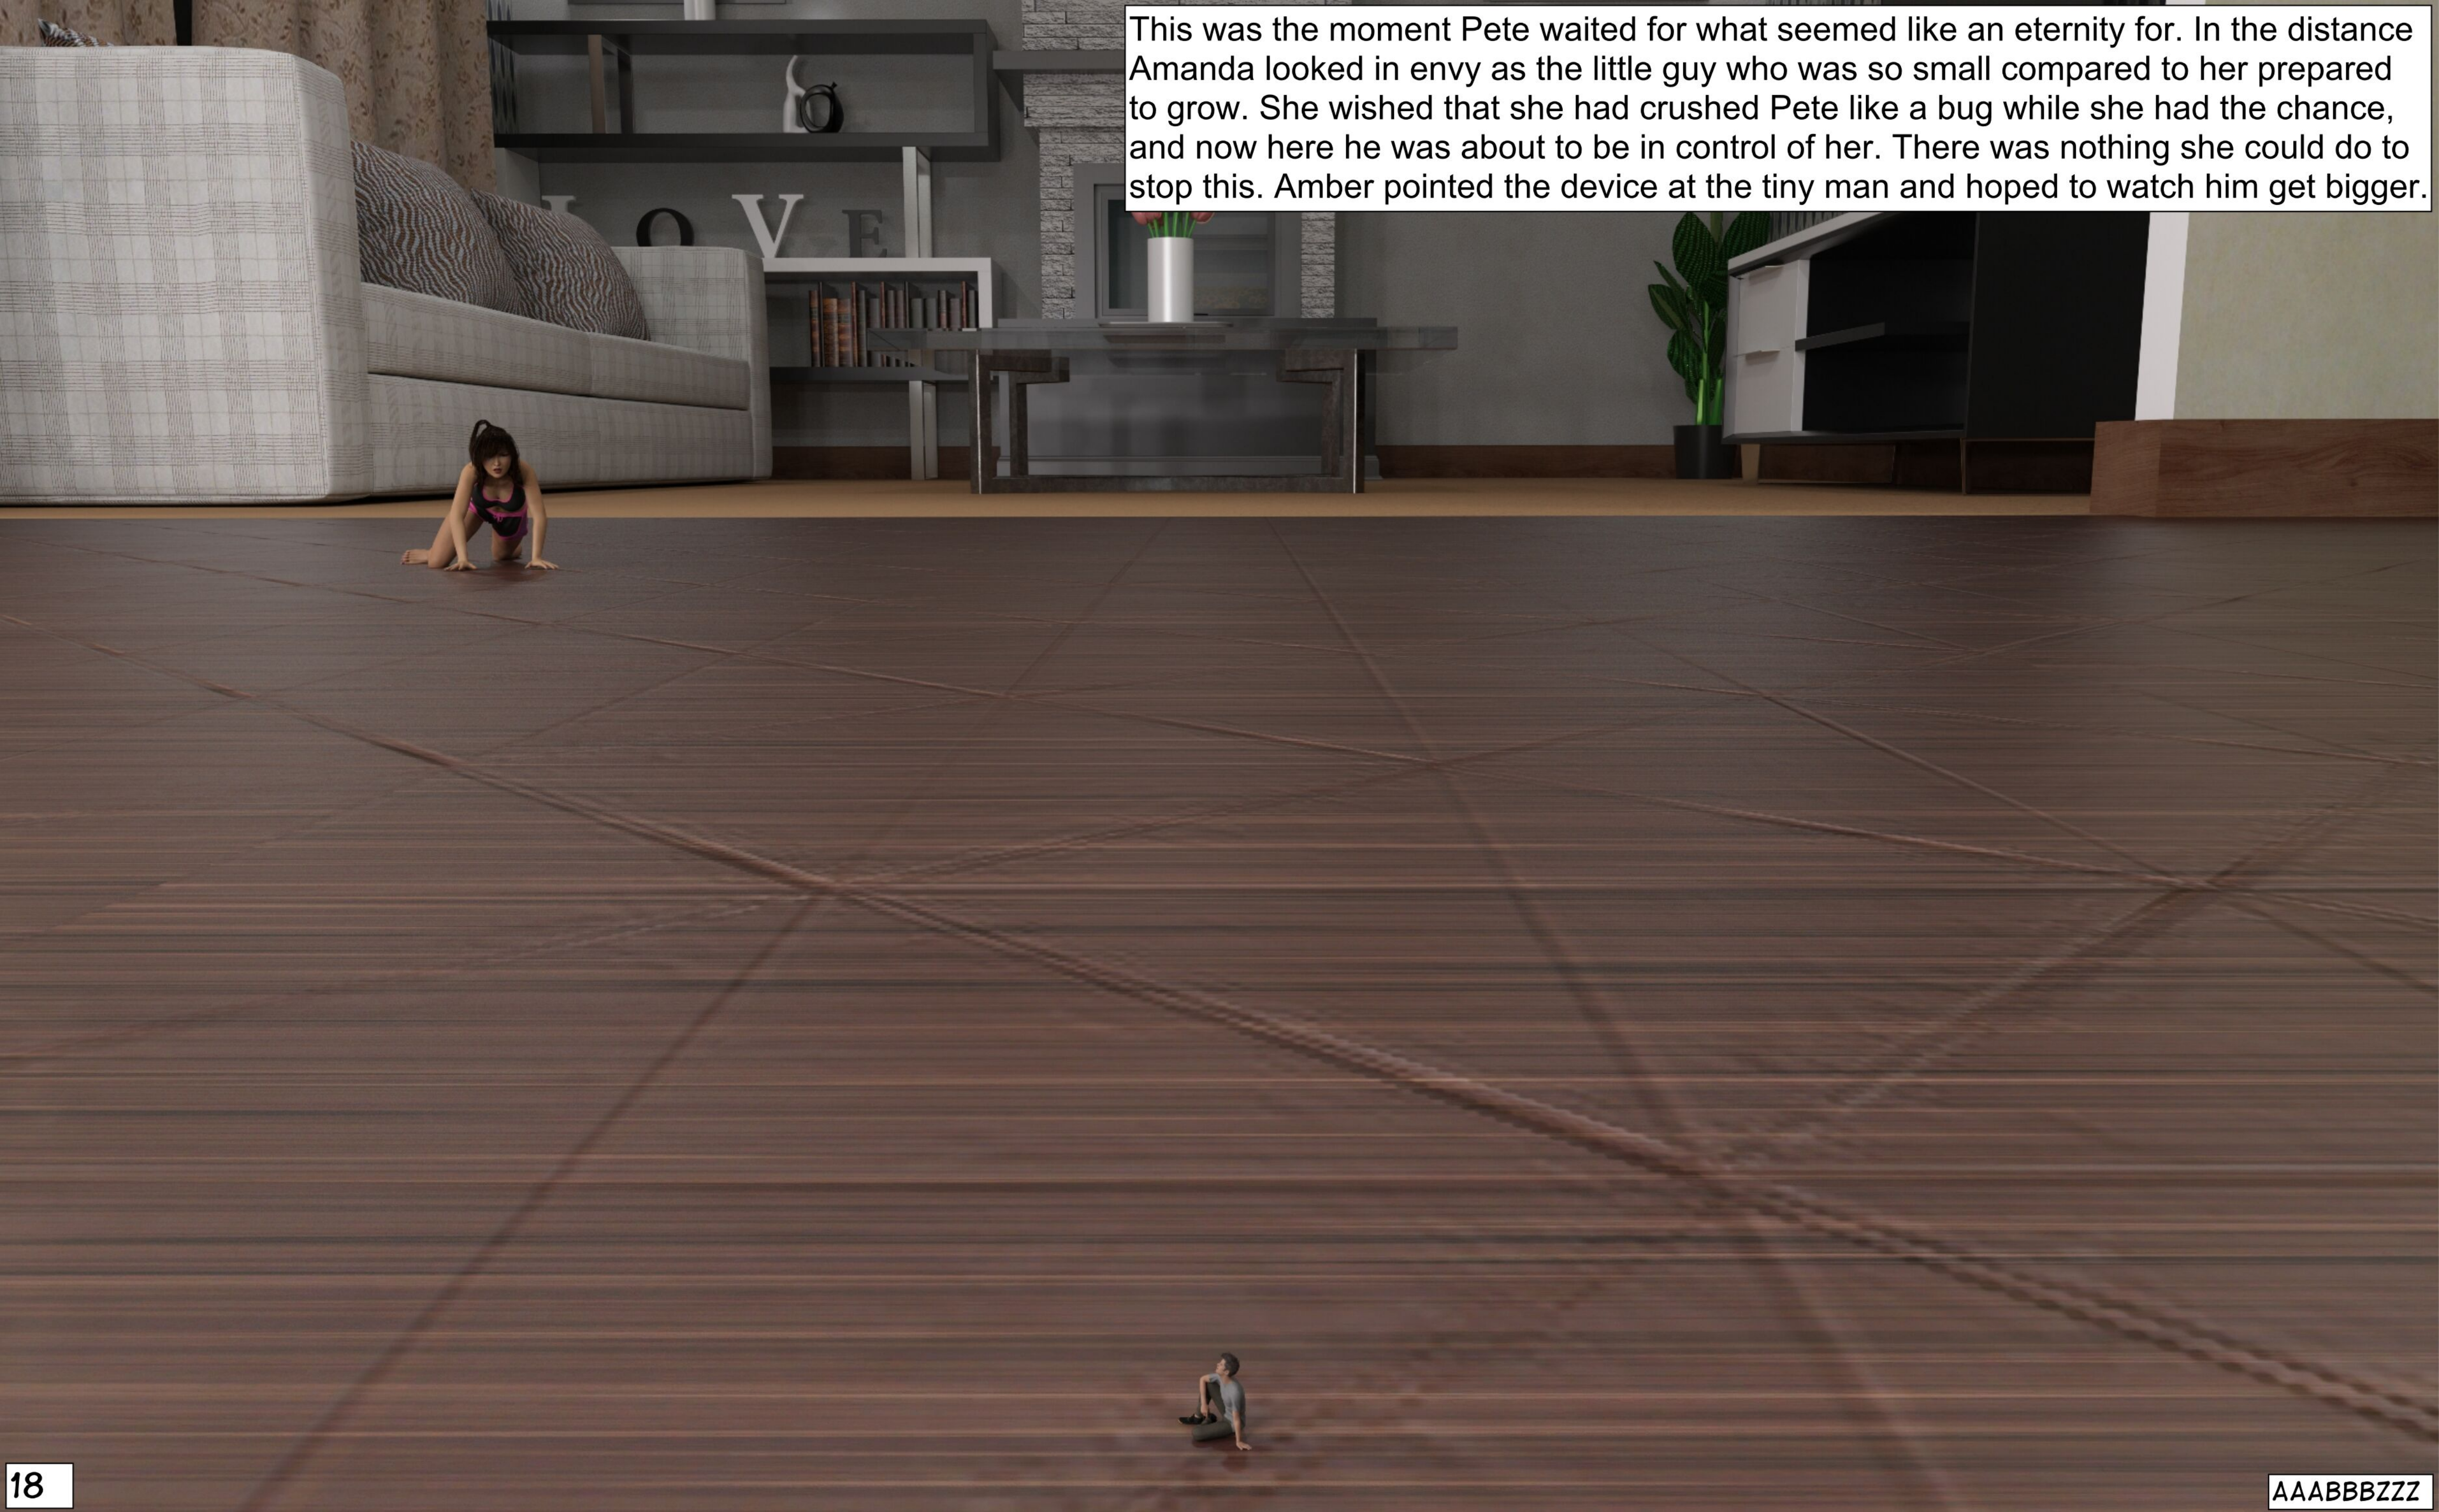

Now that Amanda was scared to death, Amber went back over to the table to see Pete waiting patiently. He had the settings set for the device the way they should be for growth. When the giantess saw this she carefully picked him up between her two fingers and grabbed the gun as well.

A woman wearing grey leggings is shown from the waist down. She is holding a tiny person on her right thumb. The tiny person is wearing a blue shirt and shorts. A speech bubble is positioned near the tiny person. The background shows a room with a wooden table, a chair, and a bookshelf.

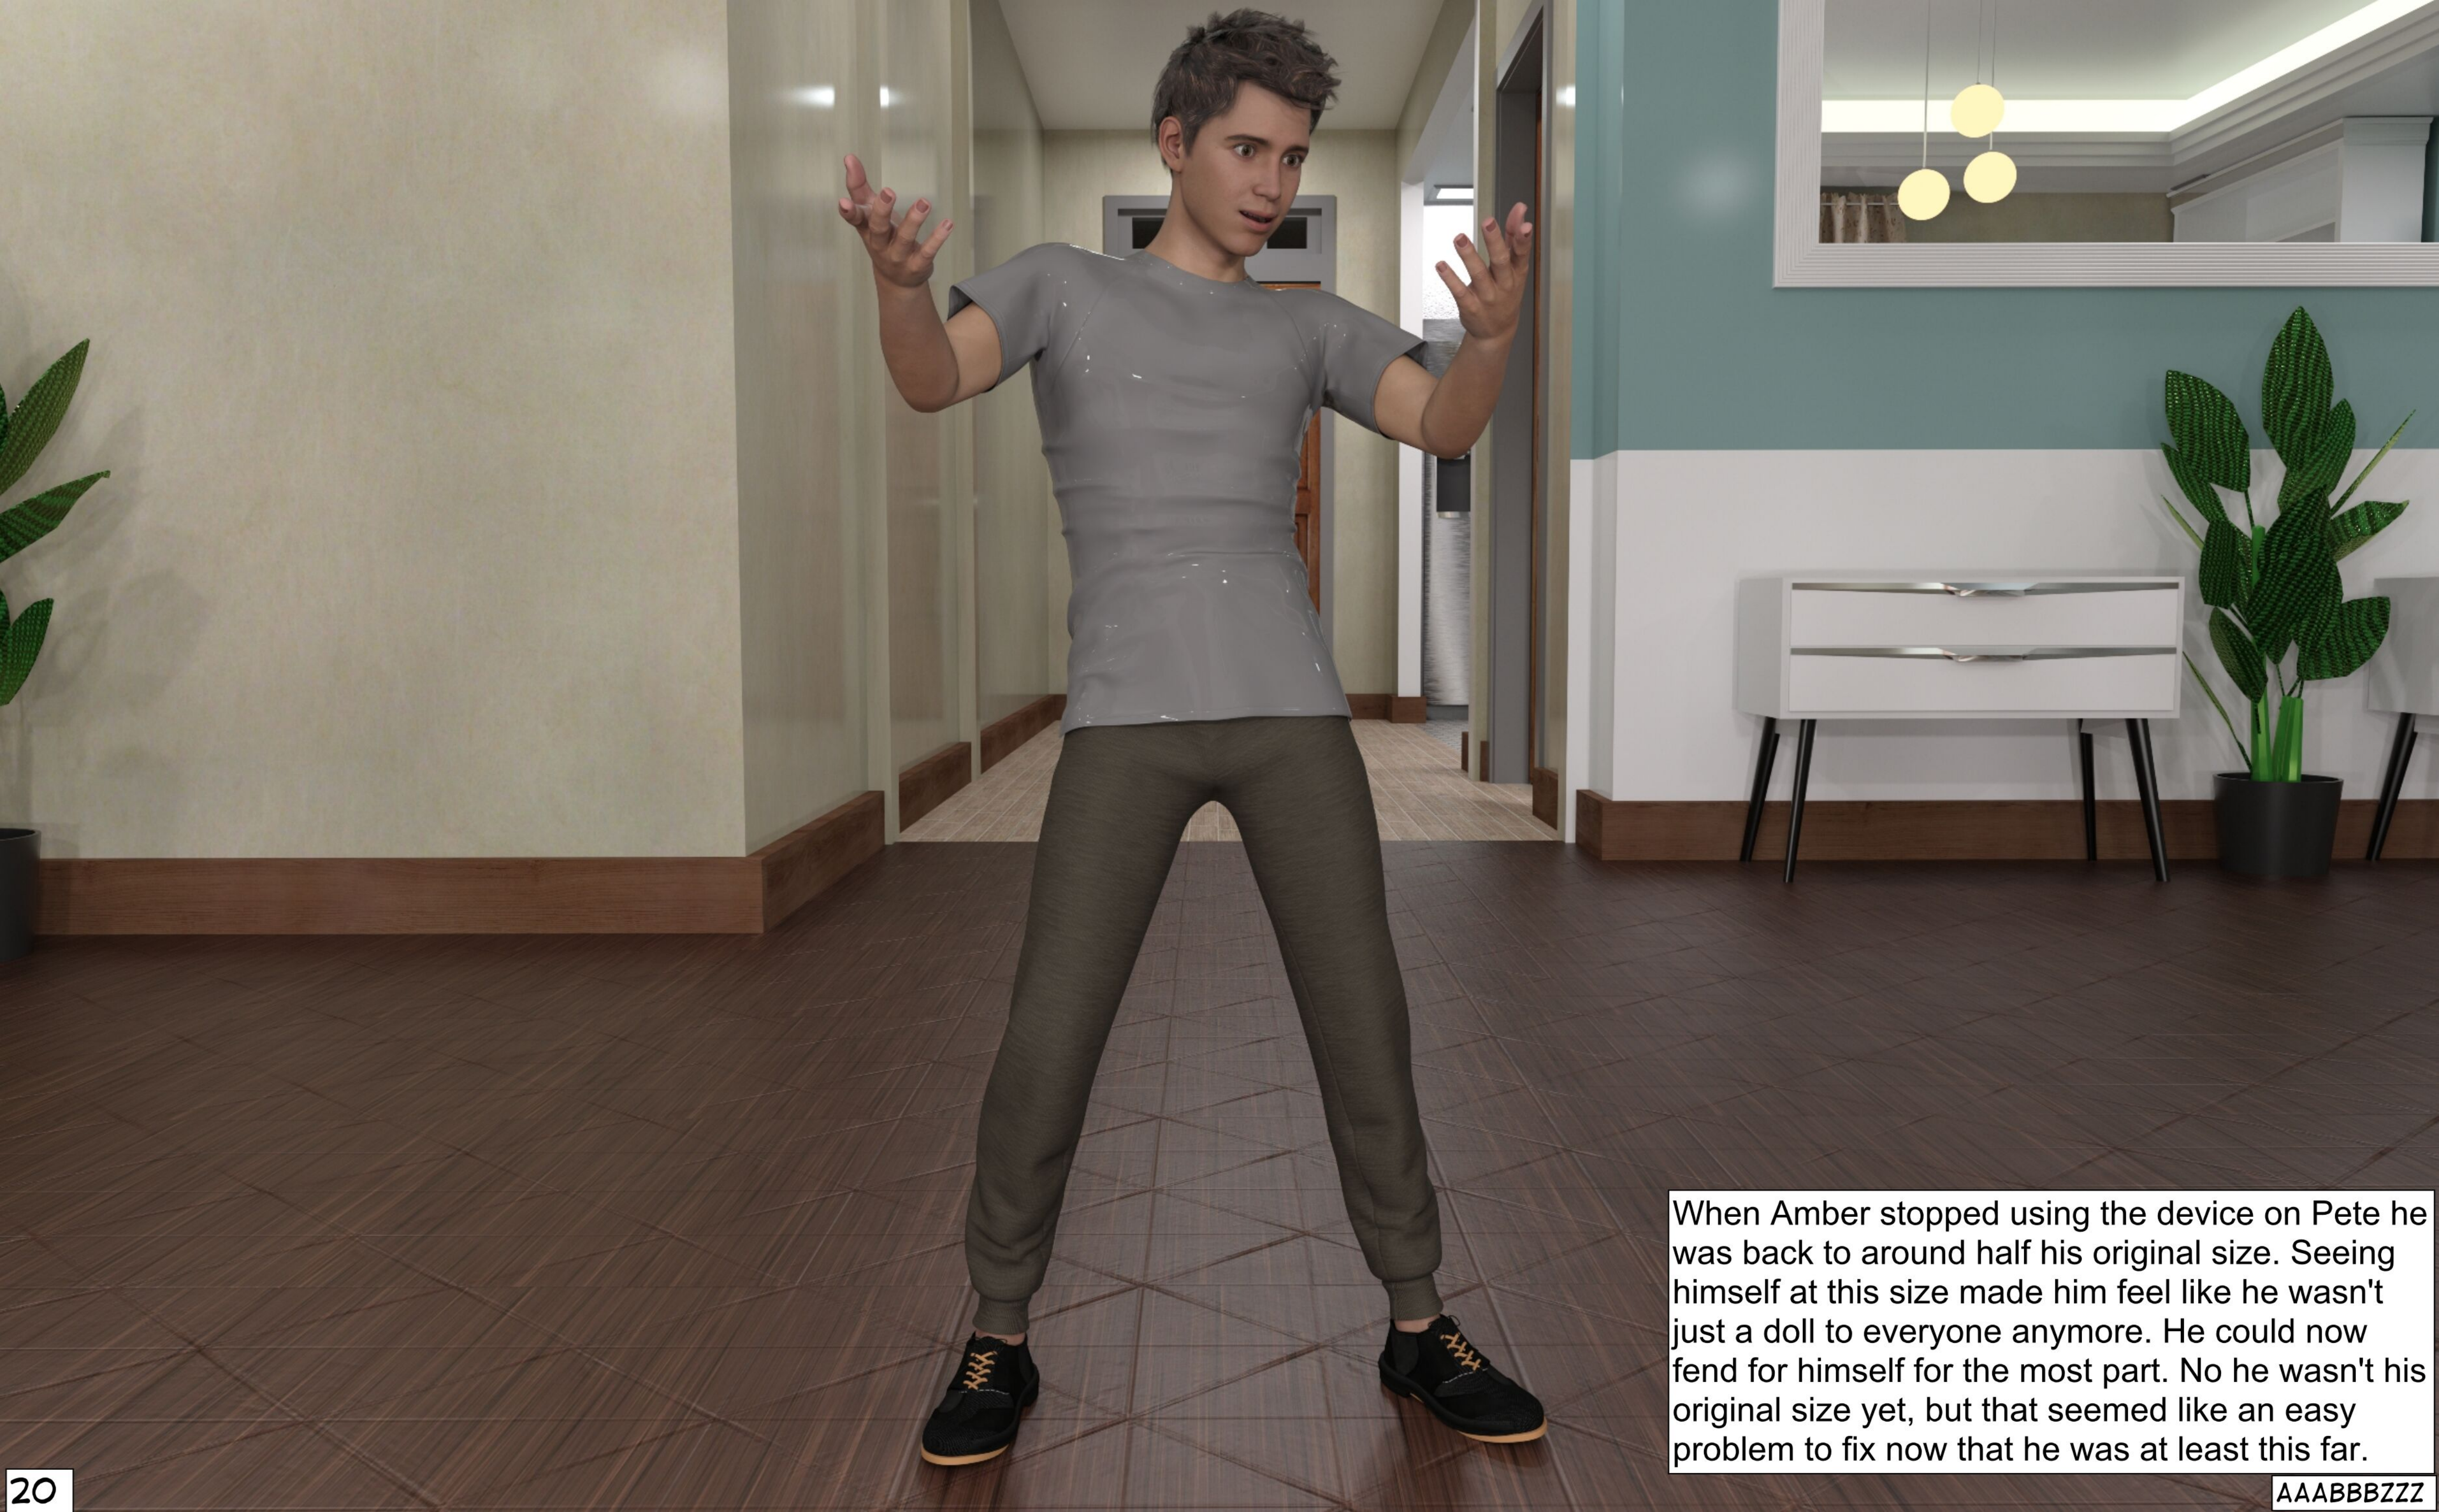

I'm so excited Pete,
I really hope this works out like it's
supposed to this time. It would be hard to see you if
you got even tinier. At least we have the device in our
control and that I can leave this house if needed. Afterwards
we should go and find Sara and Rachel. Who knows what's
going on with them right now. We're the only ones that
can help though, and we wont leave them at
mercy of that other woman.

This was the moment Pete waited for what seemed like an eternity for. In the distance Amanda looked in envy as the little guy who was so small compared to her prepared to grow. She wished that she had crushed Pete like a bug while she had the chance, and now here he was about to be in control of her. There was nothing she could do to stop this. Amber pointed the device at the tiny man and hoped to watch him get bigger.

Alright Pete here
we go! I'll try to go very slow to make
sure it's working properly. It feels so strange to
have the power to use this thing. It's even stranger than
holding a gun. Changing someone's size is so unreal. I
think I see it working so far! Okay I'm going to
press it for a bit longer until I think I will
be able to hear you.

When Amber stopped using the device on Pete he was back to around half his original size. Seeing himself at this size made him feel like he wasn't just a doll to everyone anymore. He could now fend for himself for the most part. No he wasn't his original size yet, but that seemed like an easy problem to fix now that he was at least this far.

Wow Pete, I can't imagine how you feel to be so big now. It must be a huge sign of relief that you didn't get any smaller like last time. I have no idea why it malfunctioned like it did before, but oh well here you are now! So, what should we do now, do you want me to keep growing you back?

Thank you so much Amber! I can't describe how good this feels, if it weren't for you I would of been at the mercy of Amanda. I don't know what to do to pay you back. As for me, I know growing takes a lot of energy from the device. Now that I'm at least this size I think it would be smart to save some of the energy until we find out what's going on with Sara and Rachel.

As for Amanda, she did not feel good about any of this at all. Her feared had more than doubled seeing how Pete was now a giant compared to her. This was not a situation she had been in before. It was always Libby or Rachel who had this opportunity before. But now the two looked down at her with revenge on their mind, especially from the giantess. Pete was more interested in finding out what was going on with Sara, but Amber had other plans for now.

Come here you little
shit! Before I get going I want to have a word
with you. You're going to tell us where my daughter is
and whether or not she's shrunken. I don't think refusing
to cooperate would be a wise choice for you
right now.

Get the
fuck away from me you
crazy bitch! I'll tell you
everything if you just make me big
again. Please don't do anything
to me, I promise to tell you
everything!

Amber did a good job at intimidating the tiny girl. Normally Amanda would be somewhat defiant, but the energy the giantess mom was giving off was just too scary. She told Amber where Libby was and how she had the girls shrunk to doll sizes. Hearing the fear in her voice made her know that she was telling the truth. Now that she had the information she needed, Amber was feeling like she wanted to do something with Amanda before rescuing Sara and Rachel.

I could stay here and watch Amanda while you go deal with Libby. We'll switch the device over to shrink and you can bring all three of them back here. I think it would be most important to grow Sara and Rachel back to normal first and if there is any energy left we can use it on me. I've been small for so long already so I would rather help them first.

That sounds like a great idea Pete, but I don't think we need to go right away. I have this strange urge to punish this tiny girl. Why don't we go back to my bedroom for a few minutes and then I can leave.

Wait! What about Sara and Rachel? Shouldn't we help them first? Please Amber, we don't know what's going on over there and we shouldn't wait any longer.

It's okay Pete, this won't take long. Plus we're alone right now so I'm feeling like having a little bit of fun while we can wouldn't hurt. I have this feeling that Amanda needs to learn a lesson in this moment. It won't be the same if we delay it.

Pete didn't understand why Amber needed to do this right now when neither of them knew what Libby was up to. But since he was still only half his size he didn't want to argue with the giantess. It was obvious that Amber was a horny woman, and that she was excited to get back at Amanda. He thought that this could be a lot of fun, but at the same time he had to carefully watch Amber, making sure that she wouldn't go too far.

Okay you two, why don't we hurry this up. We don't have a lot of time to spare so make it quick and undress for me. This will be a lot of fun for me and you Pete, but probably not as much for you Amanda. Maybe after this you will learn your lesson. Perhaps in the future if we choose to grow you back to normal you will never think of doing anything cruel or evil ever again.

Before following her instructions, Amanda froze as she looked up at Pete. The half sized man looked down at her with concern, knowing that Amber had intentions that she would hate. Pete felt like he wanted to get revenge on Amanda, but not like this. If it wasn't for the giant horny woman then this might of been handled a different way. Willingly, he started to take off his clothes like he was asked to.

Did you hear what I just said or are you stupid? Strip for me tiny bitch! You should be scared about wasting any time right now Amanda. I'm not going to ask you again, if you aren't naked in the next five seconds then we'll have to make this punishment even worse.

Okay
okay! I'm so sorry I'll listen to you. I want to do as you say miss, please just give me a moment.

The three of them undressed themselves completely and waited on the bed for Amber to make her move. She seemed to have a look on her face that meant business. With the shrink ray back in hand and the settings set to shrink, Amber threatened the scared tiny woman. Amanda didn't want to get any smaller as she already felt completely helpless. All Pete did was watch as Amber seemed to lose herself to her new power.

You know what, let's show you that I'm not kidding around. When I told you to take your clothes off I expected a quicker reaction than what we got. For that I will shrink you a bit more. Maybe next time you'll understand how urgent your task is when it is given to you.

No no no! Don't do this I'm so sorry! I can't get any smaller, I'll do whatever you say right away next time I promise!

When Amanda opened her eyes her heart dropped. Looking down at her with a smiling face was Amber who looked like she just enjoyed the thrill of using the device on her. Now the once one foot woman was nothing but a few inches tall. She was worried that the end might be coming to her soon. Her chance to get her revenge on Pete was gone now as Amber placed the shrink ray on her bedside table and turned her attention towards the tiny woman. She picked her up with her fingers and laughed at her new pathetic size.

A woman with long, wavy blonde hair and red lipstick is shown from the waist up, facing right. She is holding a tiny, nude female figure in her right hand. The scene is set in a room with a wooden dresser on the left and a black table with a white handgun on the right. A speech bubble is positioned over her hand.

I wonder how much regret you have in you now Amanda. You could of done the right thing but you didn't. And then when I gave you a chance to cooperate you blew it. It's one thing after the other for you isn't it? I can see just how scared you are. Your eyes have a worry in them like they should. But let's try and play nice from now on and I will too, agreed? You're going to be a great addition for me and Pete. I think now you're the perfect size for the fun ideas I have planned.

What do you think Pete, isn't she the cutest little toy? We'll have our fun, but we're going to include her with it. Hopefully you're okay with all of this because I really want to get revenge for the both of us. I can see that you might not agree with me, but don't be such a softy. Me and you both know she deserves this, so loosen up so we can enjoy this.

I still don't think this is an appropriate time Amber. But you are right when you say she needs to learn a lesson. What do you have in mind anyways?

Without saying another word, Amber let go of Amanda, allowing her to fall onto Pete's stomach. He was shocked to see the tiny woman land right on top of him. It was a strange feeling to have someone as small as her on him when before he had only experienced the opposite. He remembered how helpless he felt and couldn't imagine how much scarier it might be for her with Amber assuming total control.

Don't act like that shook you up too much Amanda, I know that you're fine. I hope you remember that I just shrunk you and that I'm not going to tolerate you wasting any time. You better be ready to help me satisfy Pete. I'm going to give you a task you might not like, but it's not like you have a choice anymore is there?

As Amanda brought herself to her knees, Amber began to play with Pete's cock. She stared down at the tiny girl as she used her tongue to try and get the little man excited. The tiny woman was starting to know more and more where this was going. Her hopes for an easy punishment were long gone at this point. From here she only could do her best to make the giantess happy.

Do you like how this feels Pete? It seems to be that your body is giving me the answer already. Get hard for me my little man, we need you ready for Amanda and her next task. Don't be afraid to enjoy this, you deserve to feel good after everything you have been through. Just think of this as a reward for all of your struggles.

Amber's blowjob had Pete fully erect. Amanda watched from her close distance hoping she could just wake up from this nightmare, but unfortunately it was her real life. She saw how the flaccid penis grew to a size bigger than her entire body. When she looked at Pete before she could never imagine seeing his dick like this. It was a scary sight for the tiny woman who had no say in this situation at all.

When Amber stopped Amanda knew it was now her time. She looked forward at Pete's hard cock that stood right up as it waited for her. Nervously, she swallowed deeply, wishing that the giantess might be merciful and change her mind. But that didn't seem to be reality as Amber pulled herself back to raise up on her knees. She pointed down at Pete's dick and expected the tiny woman to hurry up and get to work.

Don't make me tell you twice you tiny bitch. Get over there and make my little man feel good. We'll see if you can make yourself useful at that size. If you can't then maybe we'll have to think of something else, but trust me when I say we don't want to go there. I don't care what you have to do or try, just put that pathetic body of yours to work. Now is not a time to disappoint.

Amanda positioned herself next to the giant dick and grabbed on. Before she could do anything the terror of this situation really started to hit her. Pete who was smaller than her for so long now had a hard on that rivaled her height. Those last few inches she lost last time she shrunk really made her nothing but a doll. Not wanting to upset Amber, she jumped on, trying to stimulate Pete the best a tiny woman of her size could.

That's it Amanda, ride Pete's cock like you mean it. It might be gigantic to you, but he's still about half his original size. Couldn't you imagine getting any smaller or doing this after we grow Pete back? I don't even think you could make him cum even if you tried. You're just too small to be any use, but that doesn't mean you're no fun at all. Having a tiny sex toy like you will make all of this a bit more interesting.

Despite her size, Amanda was able to make Pete feel a lot of pleasure. The way she rubbed her entire body had shrunken man throbbing. She pressed her arms and legs as much as possible into the flesh, giving it stimulation. Even her little tongue was a bit noticeable as it ran up and down small areas of the shaft. Not only was this turning Pete on, but Amber was also getting excited. Watching the shrunken girl was getting her hot, and she wanted to join in on the fun.

You look like a little cowgirl riding a bull down there Amanda. Nice job so far, I can tell Pete is enjoying this. But I hope you don't think this is all I had in mind. The main reason why we're in here is because I'm having such a hard time controlling myself around you little things. It turns me on so much to be so big and powerful, and having you at our mercy is just the cherry on top. This is the perfect way to get revenge on a cruel bitch like you.

The tiny girl started to get real scared when she felt Amber's hand close in on her. Her fingers wrapped around Pete's penis and pulled it back into position, all while holding Amanda in place. What the giantess had on her mind was her worst nightmare. It wasn't just all talk anymore, she was about to become nothing but a sex toy to the two giants who had all the power over her.

I'm so ready to feel both of you inside me. My pussy is dripping with anticipation. Just sit back and relax Pete, I'm going to ride you like you have never experienced before. Having you so big will be different from other times, it will be nice to feel all of that dick. As for you Amanda, you better grip on as tight as you can. Your job will be to hang onto that giant cock with everything you got. You don't want to fail us now.

Amber begun to lower herself down, allowing Pete's dick to slide right in her. She instantly felt Amanda's tiny body like it was an extension to her little man's cock. From there she started to bounce her body up and down, stimulating both giants. It felt so good to her from the very start, enough to make it impossible to stop herself from moaning softly.

Oh my god
Pete, your cock feels so good.
It was a lot of fun to play with you when
you were getting smaller, but having you at
this size now is insane. I want you to fuck me like
you really mean it. Can you do that for me? We
don't have much time, I just really want you so
badly right now. It's almost making me
forget about our tiny plaything
down there.

Before losing herself in the moment, Amber lifted herself off Pete while making sure Amanda stayed inside her. The squirms of the tiny girl did nothing but turn her on even further. Using her fingers she started to get rough, fingering herself and pushing Amanda deep inside her. This wasn't enough for her though, she was thirsty for a lot more. Getting off the bed, she asked Pete to follow her onto the floor.

How are you feeling Pete? I can tell you're enjoying yourself so far. Why don't you come join me over here where we can get in a better position. I'm dying to keep this going, I wish it would never end. I know we have things to still take care of, so let's have our fun while we can. I promise to get going soon, I just want to take advantage of this for a little longer.

She got on her hands and knees on the ground in a doggy position, ready for Pete to give it to her. While she waited though, she could feel Amanda struggling as her legs and arms flailed around desperately. The tiny woman knew this wasn't over, and if anything thought it was only going to get worse. She could hear what was happening on the outside of her dark and wet prison. All she could do was brace herself for what was about to come next.

I don't want to wait another second Pete. I'm begging for you to give me your cock. I can't stop thinking about you fucking me and ramming that tiny girl deep inside me. Let's punish her for everything she has done. There's no reason to feel bad about any of this, if anything it should feel good. I feel like this is all a dream, like a fantasy. It's hard to believe this is real life.

Not another second went on before Pete began to give his giantess what she wanted. As he inserted his hard dick, Amber closed her eyes and started to moan softly. She was lost in her own world as she took it from her little man. Even though he was still only half his size, this was the most she had ever felt from Pete.

What added so much more to this experience was the tiny woman getting what she deserved. Amber believed that this was a fitting punishment for Amanda after hearing all of the stories from Pete. She loved how it felt having her little body share the inside of her pussy with Pete's dick. As he continued to thrust in and out, Amanda was thrown around like her life was meaningless. The giant couple didn't seem to think of her as a person, but only as a sex toy to add to their enjoyment.

My god Pete, you have no idea how good this feels. It's unlike anything I've ever experienced. I wish we could do this forever, but maybe it would be a good idea to wrap it up. Do you think Amanda has learned anything yet? We'll give her a break so she can think to herself about everything. I'm not done punishing her, but maybe she will realize her new role at least. This wont be the last time I give her these duties. Grab onto Pete's dick for me Amanda! I'm going to have him pull out now.

As Amber quickly moved forward Amanda almost slipped off. She held on tight to Pete's erect penis, hoping not to slide off in fear of punishment. It was still a sight she was not used to. At her size the giant cock scared her more than anything. She could feel it throb when she held on, thinking that Pete was wanting to cum. Her hopes were that she would be left out of it if he did, but knowing how Amber was acting, she was worried.

Wow Pete, just wow. You'll never know what that's like, but it's amazing. I think you deserve a little something though before we end so soon. Amanda has done a great job as well, I'm glad she didn't ruin our fun by disobeying. She probably understands what's at stake here. How about we focus on you before we get going. I'd love to make you feel satisfied if you know what I mean.

Without any warning, Amber went straight for Pete's dick with her mouth. This sudden movement almost made Amanda lose her grip, but luckily she was able to continue to grab on. Amber used her tongue to slobber on the erect shaft, getting her little man closer and closer. Pete felt his orgasm building up and wanted to release, but before he would, the giantess played around for a bit longer.

You know we can't forget about you tiny girl. Nice job not falling off, it's like you want to wrap yourself around his dick or something. How about you join Pete's cock in my mouth, I'd love you feel you squirm around in there. I can tell our man is getting close too. That should worry you because a dick that size compared to you will have quite a load I assume.

It didn't take much extra effort to suck on Amanda while blowing Pete. If anything it made things a lot more stimulating. Holding her with her giant tongue, Amber tightly pressed Amanda's body on Pete's cock and slid her up and down him. The feeling was overwhelming for the little man, something he never thought of at all the entire time being shrunk. Being small for so long made Pete forget that the device had the possibility of putting him in a situation like this.

I bet you'd do anything just to make this stop wouldn't you little woman? Well we're almost there at least, but that doesn't mean the worst part is over. It doesn't have to be all bad though, I can make you feel good as well. What do you think? Would you even enjoy it if I sucked on your tiny pussy the same way I did Pete's dick. Just consider it a small reward for participating in this experiment.

Amanda tried to resist, but her body couldn't lie. The way Amber's wet tongue licked her vagina was enough for her to get lost in the moment. Amber could hear the tiny woman scream out, she was obviously enjoying this. After all of this torture, it amused the giantess how easy it was to force her tiny toy to have fun with her games. She did this for a few moments before laying back down and placing her on her body.

Fuck, I don't want this to ever end. You two are the best lovers a woman could ask for. Do we have to return all things back to normal? Maybe we can keep this little bitch shrunk until we get bored of her or something. If she wants to grow back we'll make her earn it first. But enough of that, what I really want now is for you to cum Pete, can you do that for me? I'm excited to see you explode all over me and our little pet.

The idea of Pete blowing his load all over her was in the back of Amanda's mind, but she had hoped it wouldn't come to that. After hearing what Amber wanted, she lost all hope of this ending easily. As if all of this wasn't bad enough, the tiny woman looked forward to see Pete stroking his giant penis. She knew the moment would come soon. The half sized man leaned in, wanting to fuck the giantess for a little longer before letting loose.

Holy shit Pete, what the fuck! How does this feel so damn good? Keep fucking me like that, I want you to cum. Give me that load little man, explode all over me and Amanda. This is like heaven, the thought of everything is just so hot to me, I can't resist. Oh my god! That's the spot right there Pete, I can feel your orgasm coming. Don't be shy, let it out for me please!

For a moment Pete forgot about every worry he had as he lost himself in this moment of pleasure. It just felt insanely good to be fucking Amber from this position all while hearing her scream from the satisfaction. He could feel his climax coming and there was no way to stop it now. What added more to it was his thoughts of this nightmare being over. Just less than an hour ago he was the size of a bug and now here he was almost back to his full size having sex with Sara's horny mother.

At the perfect moment in time, Pete pulled out of Amber and let go. He felt cum shoot out of his dick as his orgasm took over every feeling he had. From Amanda's perspective it was like she was being dumped on with cum. It was a humiliating position that Amber knew would be degrading to her. All the mean things she had done as a giantess were catching up with her now as Pete continued to pump his load onto her.

Eww that is so gross, you got her with almost every drop Pete! How fitting is this Amanda? Do you think you regret any of your decisions now? I should have you around like this more often, it feels so satisfying to get our revenge on you. Just look at you, drenched in Pete's sticky load. This is so funny to watch! You pathetic little bitch, this is exactly what you deserved.

Well now, that was an experience I don't think I'll ever forget, what about you guys? I'm so glad we made the time for that, but for now we need to get going. We need to find my daughter and punish that other girl who was cruel to Pete. Maybe next time I'll use the both of you at the same time. But enough of my dreaming, I have the perfect place to store you while I deal with this last problem. You might not like it, but who says your punishment is over? This is just the beginning so you better get used to it.

Amanda knew that this hell wasn't going to end so soon, but what she didn't expect was what Amber had planned for her next. The tiny woman thought that there might be some sort of break, but if anything this was going to be far from that. With the exhausted little girl tightly in her grip, Amber slowly turned herself around and brought Amanda to her backside before quickly shoving her right inside her giant ass.

Oh my, I didn't think that this would feel like this. You're the perfect size down there Amanda. Maybe this will be a more permanent spot from now on until I start to forgive you. Not to mention I could use that other girl for something else while keeping you trapped in there. It's going to be so hard to focus with you giving me so much pleasure. Come on Pete, let's get going.

Being inside Amber's pussy was already a lot, but having her huge booty as her prison now was much much worse. The helpless woman would kick around only to be easily pushed back in by a giant finger. There was nothing she could do now but cry to herself, knowing that life from now on would be nothing but pure torture. The only chance that she held in her head was the possibility of Libby somehow turning things around. But with the way things were going, that chance just seemed impossible.

Amber's behavior is kind of scaring me, but how do I tell her without making her upset? I have a bad feeling about the power trip she is on. When she returns with Sara and Rachel I need to make sure to take back the device. Who knows what she will do with all of that control. She must have such a hard time resisting doing the right thing with such a dominate personality.

Back at Libby's apartment she had lost track of time. After pleasuring herself with the tiny girls she went to the gym and worked out to get her feet nice and sweaty. Purposely, she didn't wear socks just to make the smell even worse. When she got home she immediately kicked off her shoes and laid on the couch with Sara and Rachel on a foot each. Everything about this was torture for the shrunken women. They had no say or any chance of escaping while they were alone.

Rachel felt nothing but guilt about the entire situation. She thought that it was because of her that Sara had to get dragged into this mess. If she wasn't the way she was with Libby and Amanda when they were small then maybe they wouldn't of been so set on getting revenge. Crying to herself, she sucked it up and did her best to please Libby in fear that she would punish Sara worse.

I don't know
how much longer I can do this, why
did I grow them when I was all by myself?
Now Amanda has the device and she's going to
capture Pete and my mom. All of this is all my fault,
how will we ever escape these evil women? I really
hope things didn't go all bad back at the house.
Please come save us Pete, we will die as
her slaves if nothing is done.

Well girls, all I can say is nice job so far. I know my feet are far worse than usual, but you two seem to be keeping up pretty well. I can't wait for Amanda to return so I can make you girls even smaller. Maybe next time I go to the gym I can wear each of you in both of my shoes. That way you can really feel the heat and sweat all over your pathetic little bodies. I bet you're thinking it's break time, but I have nothing better to do right now. How about we continue for a bit longer? After all, this is revenge for shrinking us in the first place.

Libby's plan was the exact opposite of what the two shrunken girls could hope for. Without much effort, the giantess smothered them into the couch with her smelly bare feet. They both struggled for air, disgusted by the stench and unable to free themselves. No matter what they did, they were helpless to this evil woman. Their only hope was for Amber and Pete to hurry up and find them. They had the device under their control and would be the only two who could save them now.
