«Excuse me, miss, you can't take that in your handbags, or you need to put it in your hold luggage» The security crew said to Marie, showing her the costume gun, as she was picking up her belongings from the Airport security treadmill.

«Oh, Hugh, I... It is just a toy...Can't I keep it with me? It is very valuable to me... to us actually~» Marie managed to say, suddenly feeling anxious, before turning toward her husband.

«Right, Er... I mean Joel?~»

«Yeah, sure, it was To...my wife's idea to buy this as a souvenir, and we don't want to break it in her luggage. Look, it has no combustion chamber or barrel, it is really just a decorative toy» Joel explained, backing up Marie, suddenly as anxious as she was.

The security officer looked at the gun, and at the couple, before sighing and giving it back to them.

«Fine, I'll let you go. But be careful, this thing looks too realistic»

Marie took the gun back, letting out a sigh of relief as they walked away.

«That was close... I didn't think about it...~» She whispered.

«Me neither... But it worked out. Now, we can finally enjoy our new lives in the USA» Joel said, as they walked

to their terminal, ready to board their flight.

«You really seem to enjoy your new life as my husband~» Marie teased, nudging him playfully, her boobs pressed on his arm.

«I do, I must admit. Being able to check such hotties at will and fuck whenever I want, is amazing. Even if I have no idea what I should do for the businessman side» Joel confessed with a shrug.

«You'll figure it out. In the meantime, I'll be right here to support you... and enjoy all the perks of being a trophy wife... you know, wrapping those delicious tits around your dick when you feel tired...sucking you under the desk whenever you are a little tensed when working from home~» Marie giggled, linking her arm through his, winking as she noticed the bulge forming in his pants.

The flight back to the USA was long but comfortable, thanks to Joel's business class tickets, which allowed the two friends to have some privacy, making it possible to have sex during the flight, at least twice.

They landed at the Airport, the warm Italian sun replaced by the cooler, bustling energy of New York City.

A chauffeur was waiting for them at arrivals, and it drove them back to their place.

«Holy shit... this is their house?~» Marie gasped, looking at the mansion in awe, realising how modern and big it was.

«Apparently, yes. But as long as we wear them... this is ours» Joel said, with a mixture of awe and excitement. «I knew it would be an awesome idea to not stay in Italy and travel back to their place to continue our holiday as them»

They entered the house, and their jaws dropped at the sight of the luxurious interior.

«This is even bigger on the inside! Look at that, everything smells like wealth!~» Marie added, her head scanning the entrance, before she felt Joel's hand grab her breasts, massaging them above her shirt. «Huuuum, looks like someone is getting turned on again? This looks like a living room over there, let's try how soft are their couch~»

As they headed to the living room, Joel's hands still on Marie's boobs, while her hand was on Joel's bulge, they heard a noise from the living room.

A teenage boy was sitting on the sofa, playing a video game, headphones on. He paused the game as he saw them, a look of surprise on his face.

«Mom? Dad? You're back early» He said, taking off his headphones.

«I thought you were supposed to be back in a week»

Todd and Eric froze as the reality of their new life crashed down on them.

This wasn't a holiday; this was a complete identity theft.

They had stolen more than just a couple's bodies; they had stolen their life.

Marie, recovering from the initial shock, plastered on a dazzling smile and glided across the floor.

Todd tried his best to act as the mother, getting closer to the son, and trying to hug him.

«Huurgh, what are you doing mom? We never hug, that's gross!» The son said, before putting back his headphones, and resumed playing the game.

Marie turned back toward Joel, and with a discreet gesture, informed him that she wanted to get to a more private place, to talk seriously just the two of them.

They quickly moved away, and went upstairs to the master bedroom.

Once inside, Marie's confident face faded away, replaced by a mix of anger and anxiety.

«Marie and Joel have a son, Eric! This was never part of the plan! Gosh, I knew I shouldn't have listen to you, we should have stayed at their hotel in Italy, and finished the holidays as them, before turning them back~» Todd said as Marie, starting to panick.

«What are we going to do? I can't pass as this guy's mother, and you can't pass as it's dad!~»

«Todd, relax! To him, we are his parents! Sure, he might find something is weird, but what can he do? We are literally wearing his parents, we became them fully, as long as we wear their skinsuits» Eric replied as Joel, trying to calm Marie.

«Plus as you could see, they don't seem that close to each other. So relax, we will see»

«You better be right...~» Todd sighted, looking around, discovering the master bedroom, trying to find where Marie's clothes were stored.

«Now that we are here... I think it is only natural for a couple to get comfortable and relax a bit, right?~»

She found them, exploring everything Marie could wear, making a mess in the wardrobe while Joel helped her find sexy outfits.

Having too many to choose from, Marie just decided to undress, purring in relief, taking off her way too tight clothes.

«Oh gosh! It is fun to be a hot whore, but wearing tight-fitting clothes all the time feels so weird man~» Marie commented, finishing removing her pants, ending up only in underwears.

She then sensually looked at Joel.

«Now...what does my husband want to do?~»

«We have a teenage son downstairs... I don't think we can be too loud» Joel answered, even if the idea of fucking her now was turning him on.

Marie just giggled and crawled on the bed, her ass facing Joel.

«Then I will do my best to stay quiet...But I can't promise anything~» she teased, looking over her shoulder.

Joel didn't need any more encouragement. He quickly stripped, revealing Joel's hard cock, before joining her on the bed.

He grabbed her hips, pulling her towards him, before entering her from behind.

Marie moaned as he filled her, her hands gripping the sheets before she bit them to muffle her voice, her body trembling with pleasure.

They fucked this way, until Joel couldn't hold it anymore and came inside of Marie.

They collapsed onto the bed, panting and spent.

«That... was... amazing...~» Marie panted, rolling onto her back.

«I can't have enough of the woman's pleasure, it is way too good~»

«And I can't have enough of fucking such a hot girl» Joel replied, catching his breath. «Even if it is a bit strange...»

«What do you mean?~» Marie asked, propping herself up on her elbow.

«Well... It's strange to think that it's you, Todd, inside that amazing body. And also, I keep having these... urges. I was never good with women, and suddenly, as Joel, I feel like I am a master at it, so confident, so... Alpha. And I have this nagging feeling in the back of my head about... work. Emails, meetings, quarterly reports. It's driving me insane» Joel confessed.

«this is fucking me up, I can barely sleep since I wear him, I have to take his face off if I don't want to have my brain polluted by all of this»

«We'll figure it out. For now, we just need to enjoy all that they have. And if that means I get to be your sexy, horny wife... I'm more than happy to play along~»

Marie said with a giggle, before kissing him, turning serious right after.

«We just need to get rid of that son... we can't have fun with him around~»

«And how are we going to do that, exactly? We can't just make him disappear!» Joel whispered, sitting up.

«No, of course not. But we could... change the rules a little~» Marie said, a wicked glint in her eyes.

«Remember what we did with Marie and Joel? What if... we had a third skinsuit to play with?~»

Joel's eyes widened as he caught on.

«You don't mean...»

«Oh, I do~» Marie grinned.

«Imagine the possibilities. Joel is probably working all day long, leaving his hot wife alone at home, and their son can miss a few days of college to stay home... help his horny mommy yo satisfy some sexual needs... if you get where I am getting at~»

«Are you... are you sure about this, Todd? This is getting way out of hand» Joel said, shaking his head.

Page 5/10 - by *ARIBETH TS*

«You said it yourself, dude, you are tired of having his disturbing thoughts, and besides, I am not sure you can handle his work... so both ways, it would be better if you stay as the son, don't you think?~» Marie explained, standing up, picking up some clothes to wear.

She began to slide her panties up, Todd enjoying the feeling of the fabric running on Marie's smooth legs. But when he was about to put them fully on, he felt Joel's cum sticking on the fresh panties.

«Ooooh shit, I am not used yet to this... women have to flush down the cum after a creampie... otherwise it will leak out...~»

«What are you complaining about? it is the same as emptying your flesh lights you hide in your drawer... well... this was before you decided to become one, hahaha» Joel laughed, making Marie frown at him.

«Ha...ha...ha... very funny. You know I can just decide not to fuck you, and go out to find a sexbuddy!~» Marie replied, before going out of the room to pee, coming back a few minutes later, finishing dressing up.

«To come back to the topic, how do you plan to handle the husband once he reshapes back? He will most likely want to fuck his hot wife, also notice the mother is closer to her son than before...» Joel said.

«Twice more sex for me! I can't refuse~» Marie

smirked, putting a few clothes on.

«Don't worry, the son is around our age... I don't think you will have any problem passing as him. Now, wait here, I am going to use the costume gun on him~»

With those words, she went out of the bedroom, the costume gun in her hand.

She went back to the living room, where the son was still playing his video game.

She crept up behind him, a sly smile on her face.

«Mom, what are you doing? For fuck's sake, wear more clothes!» The son said, looking at his mother, who had a weird smirk on her face.

That was the last thing he said.

Marie raised the costume gun, and fired.

A soft zap, and the boy slumped in his chair, deflating into a perfect, empty suit.

She picked it up, it was surprisingly light, and headed back to the bedroom, a triumphant grin on her face.

«Here is your new body, my dear husband~» she said, tossing the son's skinsuit onto the bed.

«What should we do with Joel's empty suit? We can't just leave it here...» Eric, as Joel, asked.

# FREE HOLIDAYS – PART 2

Page 6/10 - by ARIBETH TS

Marie's eyes scanned the room, before landing on a large trunk at the foot of the bed. She opened it, only to find it empty.

«Perfect. We'll just store him in here for now. Maybe we'll need him later~» she said with a wink.

Joel sighed, but knew she was right. He put his hands in his mouth, and tore his face open, revealing Eric's face behind. Then, Eric proceeded to take off Joel's skinsuit fully, until he ended up naked, Joel's skinsuit on the ground.

«Oooh, but who are you? A friend of my son? I never saw you before! Well, my husband seems to be gone for now, so...huuuuum... I am alone... horny... will you be the man to take care of me?~» Marie teased, coming close to Eric, pressing her breasts on his arm.  
«I am such a cheating whore... you seem to have a big dick for me to play with~»

«Haha, very funny, I-» Eric was about to say, before Marie took his dick in her hand, and smirked at him.

«DON't you want to do it for yourself? I remember back in class last month, how much we wanted to nail Louise, the hottest girl on the campus. Now you have a woman 100 times better than Louise, having your dick in your hand, and the will to fuck your brain's out~» Marie teased, bending on her knees, ready to take Eric's

dick in her mouth.  
«What do you decide?~»

«Is that even a question, bro? Make me feel as good as when we were on that plane!» Eric smiled, looking at Marie happily starting to work on his dick with her mouth.

This was not the same as when Eric was in Joel's body. This was raw, this was real. He couldn't believe this was happening. Him, Eric, the nerdy underachiever, is getting a mind-blowing blowjob from a stunning woman.

He looked down at Marie, at her beautiful face contorted in pleasure as she serviced him, and he felt a surge of dominance.

«That's it, you little slut. Take it all» he growled, his hips bucking faster, as Marie opened her mouth more for him.

She could feel Eric's cock twitching in her mouth, a sure sign he was close to the edge, and with a final, deep thrust, Eric emptied himself into her throat.

Marie swallowed every last drop, her tongue cleaning him thoroughly before she released him with a soft pop.

# FREE HOLIDAYS – PART 2

Page 7/10 - by ARIBETH TS

«Does it feel good, darling?~» Marie asked, cleaning the leftover cum on her lips.

«You are so much better at this now than before... Oh my... looking at that cute puppy face with my dick in her mouth... and when you used her boobs to enhance the pleasure... oh my» Eric happily said, emptied to the last drop.

«We should do this again later... But now, we have to switch~» Marie stood up, a triumphant smile on her face.

Eric then picked up the son's skinsuit from the bed. He hesitated for a moment, looking at the empty, lifeless form.

«Well, here goes nothing...» he mumbled, before starting to put it on.

He started with the legs, sliding them on until they were a perfect fit. He then put on the torso, feeling the strange sensation of the suit conforming to his body. He put his arms in, and finally, he pulled the head over his own.

For a moment, he felt a weird shift, a strange sense of disorientation, before his vision cleared. He was now in the body of Marie and Joel's son.

«Damn, this is so...weird. I feel like I am different, but not that much» Eric said with the son's voice.

«Plus ti be honest, this is weird. For the bottom part, same as with Joel, sliding my dick in another man's... empty penis..... it felt like wanking in a condom»

«That sounds hot to me! But probably because I am in a body built to receive dicks~» Marie winked.

«Wait, isn't that weird to talk about this to my own son? I mean, you don't masturbate thinking of mommy, do you? This would be very naughty for a son, even with such a hot mother~»

«Well yes I do. Even the hottest girl in college isn't half as good as you are, ands thinking I once came out of your vagina, makes me want to slide back into it sometimes» Eric said as the son, getting closer to Marie, grabbing her butt in his hand, before slapping it.

«And that ass! Gosh, it is making everyone's head turn, but I am lucky enough to have a slutty mommy who let me enjoy it»

«That's family benefits, nothing more, hihhi~» Marie laughed, bending her butt more toward her son.

«Besides, it is only natural for such a hot mom to not let my son frustrated~»

# FREE HOLIDAYS – PART 2

Page 8/10 - by *ARIBETH TS*

«I wonder how you can make this up for me... maybe, we can fuck on the kitchen counter behind you?» The son teased, coming closer in front of Marie, putting his hands on her hips.

With a smirk, Marie began to run her hands on her son's torso, pressing her bare breasts on him, feeling his dick fully hardened, pressed on her belly.

«What kind of son have I raised... growing you into my personal fuckboy... I want you to show me how you would do girls your age... just make sure not to make me pregnant~» Marie purred, sitting on the counter behind her, spreading her legs open and letting her son take her panties off.

The son didn't need a second invitation, and with a smirk, he entered her.

Marie moaned, her hands gripping the edges of the counter.

«Ooooh, yeah~» she gasped as her son started to thrust into her.

She wrapped her legs around his waist, pulling him deeper into her, as her hands were exploring his body.

«This is so good~» she moaned, her breasts bouncing with each thrust.

«It is so wrong... and so good at the same time~»

«Don't worry, mom, I will make sure my hot mom gets what she deserves» The son grunted, his pace quickening.

He could feel Marie's pussy tightening around his cock after a bit, telling Eric she was close to finish.

Marie cried out, her body convulsing in pleasure as she came, her pussy clamping down on his dick, milking him for all he was worth.

The feeling of her orgasm pushed him over the edge, and with a final, deep thrust, he emptied himself into her.

With a final, powerful thrust, he sent Marie over the edge, her body trembling with pleasure as she cried out, her nails digging into his back.

Her orgasm was so intense that she didn't even feel her son cumming inside her.

«That... was... amazing... son...» Marie panted, her head resting on her son's shoulder.

«I need... a minute... to recover... before we... move on...»

# FREE HOLIDAYS – PART 2

Page 9/10 - by *ARIBETH TS*

«Of course, mom, anything for my beloved slutty mother» The son replied, a wide grin on his face. «I need a minute too. You drained me!»

Marie laughed, her head still resting on his shoulder.

«We need to clean up. I am leaking your cum again... oh shit look, it goes on all the side of the counter~» she said, her voice still a little shaky, looking at the trail of love juice forming from her pussy on the counter.

«Those new holidays in the USA are starting so great! This incestuous role-play is turning me on so much, for some weird reason» Eric smirked as the son, pulling out of Marie.

«True, it is more exciting than fucking as the couple, hihhi~» Marie laughed, hopping off the counter, a trickle of cum running down her thigh. She grabbed a paper towel and cleaned herself up, before turning to her son.

«I can't wait to see how things go once we put Joel back to life~»

«He will work all day, and we will have all the house for ourselves» The son replied, a

mischievous glint in his eyes.

«We can fuck wherever we want, whenever we want, and no one will ever know»

«My thoughts exactly~» Marie said, a wicked grin on her face.

«Now, let's get dressed, I can't let my son see me naked all day long... well... I could but...~»

She went back to the master bedroom, the son went to his, and they both got dressed.

They got back to the living room, Marie carrying Joel's empty skinsuit. She threw it on the couch, put a towel on, and shot him with the costume gun. A flash of light, and Joel's empty suit started to inflate.

«Wh-what happened? Where am I?» He asked, looking around, disoriented.

«You're home, honey. You fell asleep on the couch after a long flight~» Marie said.

«But... I don't remember...» Joel said, shaking his head, trying to clear his mind.

# FREE HOLIDAYS – PART 2

Page 10/10 - by *ARIBETH TS*

«It's okay, honey. You must be tired. Why don't you go take a shower, and then we can have a nice dinner together?» Marie suggested.

Joel nodded, still a bit confused, but complied, heading to the bathroom, as the son went out of his hiding spot.

Marie and her son looked at each other, a shared smile on their faces.

«That was close... but it worked! He has no memory of what happened!» Marie whispered, a triumphant smile on her face.

«I told you it would be fine» The son replied, a smug look on his own.

«Now what?»

«Now we wait for him to get out of the shower. And then, we act like a normal family having dinner~» Marie replied.

«Mommy...while daddy is away, do you think you have time to get some extra protein?» The son smirked, pulling his dick out of his pant, already fully hard.

«Oh my... you're such a naughty boy... but what can I say... I can't resist my son's big cock~» Marie said, sinking to her knees before him, opening her jacket to flash him her breasts.

She took his dick in her mouth, and started to suck him off, her head bobbing up and down.

«Ooooh yes... Mom... that feels so good... I am going to... yes... YES!» He came in Marie's mouth, who swallowed every last drop, before standing up, and licking her lips.

«Hmm... tasty as always~» She winked, finishing cleaning the leftover cum on her lips, minutes before they heard the shower stop.

«Right on time~»

Joel came out of the bathroom, a towel wrapped around his waist.

«I feel much better now. What's for dinner?» He asked.

«I was thinking we could order something. I don't really feel like cooking tonight» Marie replied.

«Sounds good to me» Joel said, ordering some food for his family, fully unaware that his wife and son were replaced by two horny teenagers, having a lot of fun, especially when he was away.

But to him, he was only seeing his family be happier, so he didn't bother with anything else.
