

26 MAY

Thank God that my friends help me hide into their house until the police finish searching for me. I still can't believe how I managed to escape with all that money from the bank. I think it was around 600k

26 MAY

I'm not sure I want to attend the party. I understand we have money now, but I need to stay as hidden as possible. What if a police squad passes by and sees me?

Okay, but let's not attract too much attention

We are many, I don't think that out of all of us, they will specifically spot you if they happen to pass by here.

26 MAY

Hey, you said we wouldn't attract too much attention, turn the music down!

Damn it, I knew it wasn't a good idea.

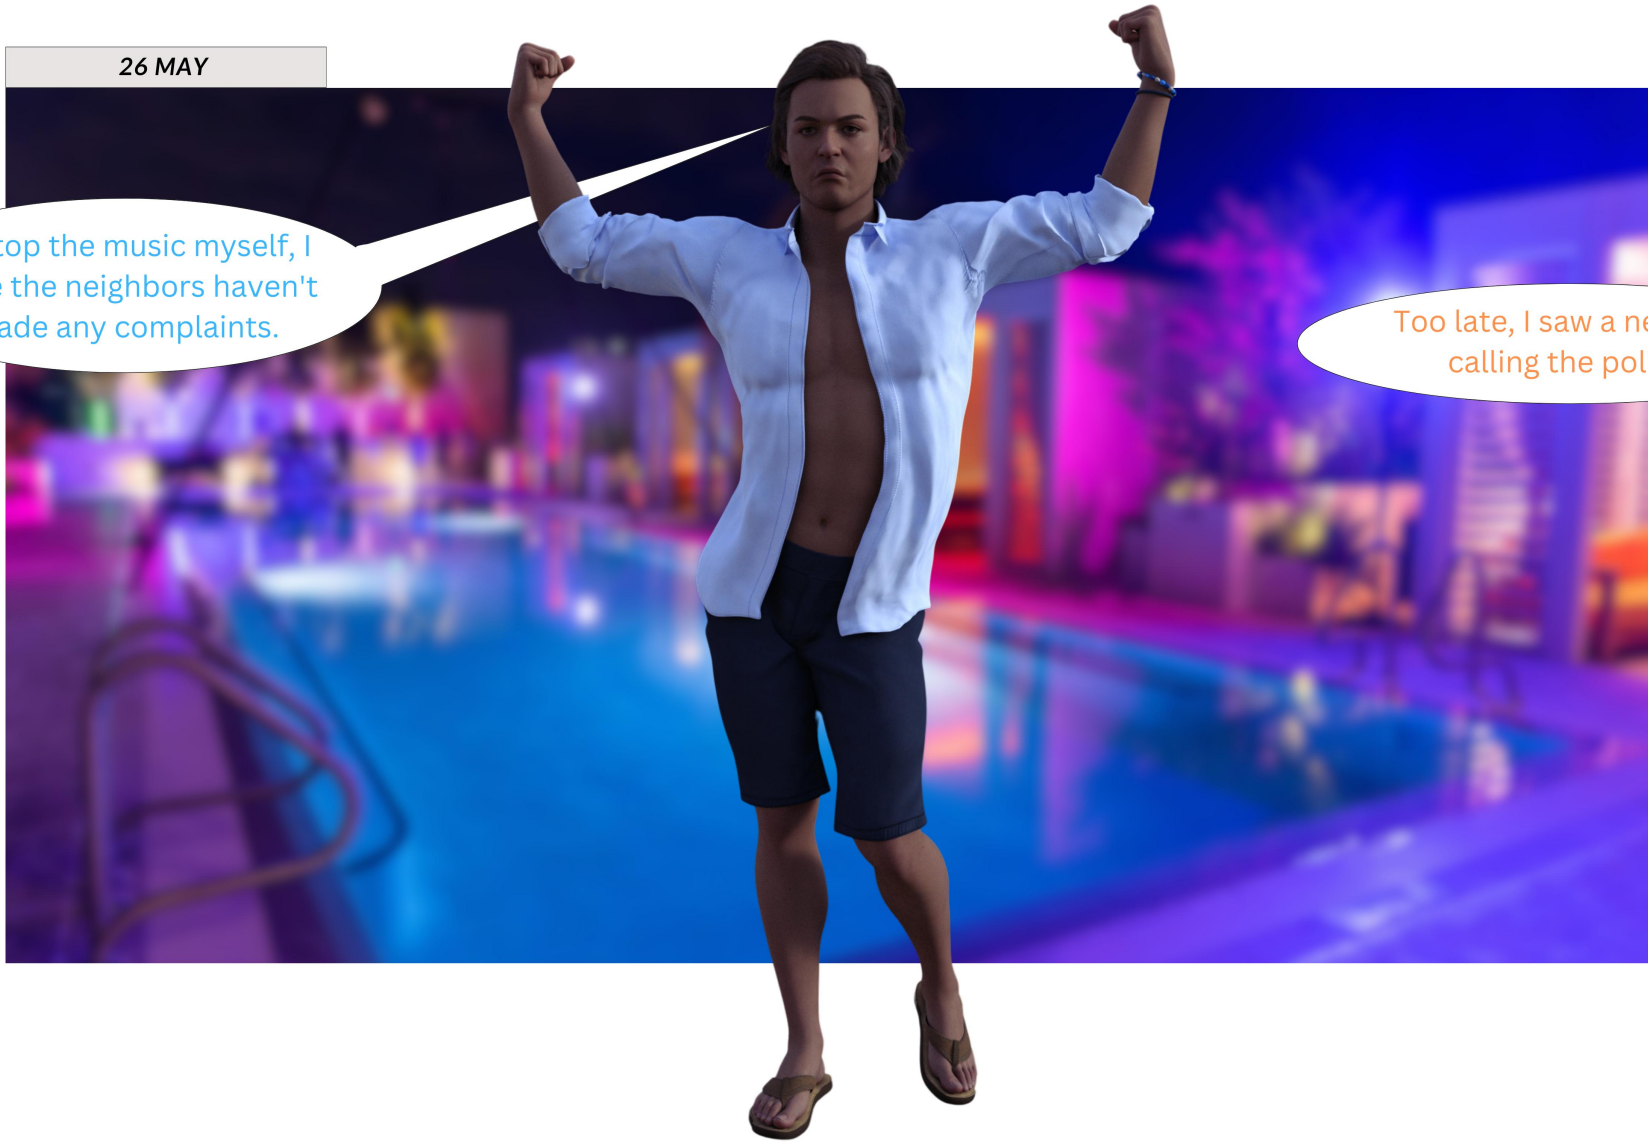

drunk
I can't hear what you're saying, the music is too loud.

26 MAY

I'll stop the music myself, I hope the neighbors haven't made any complaints.

Too late, I saw a neighbor calling the police.

26 MAY

And what do we do now?
They'll search the whole house
to see if I'm really here.

If that's the only option we
need to move quickly.

I have an idea, but you have to
trust me. Let's go to the
bathroom so the girls can get
you ready for the police.

26 MAY

26 MAY

26 MAY

If you're trying to make me look like a girl, it's not going to work.

Shut up and do as I say. It's not finished yet. Come on, girls, bring the clothes.

26 MAY

Why do I have to wear heels and a dress?

And what do I do with my hair? It's not long enough...

I gave you the most feminine clothes I could find so you can blend in with the girls more easily

26 MAY

With all the makeup and wig, I still can't fool anyone that it's not me, I'm screwed.

At least I tried, maybe they won't see you.

26 MAY

What are we going to do now?!

I hope it works, otherwise we'll both end up in jail!

Knock

Knock

Police, open the door!

Wait, I have a plan, do as I say.

26 MAY

Sorry, we were looking for Taylor but it seems he's not here either, it was a false alarm.

26 MAY

Good thing we got away. It was embarrassing what we did, but it was the only way to hide.

You can't be serious, you don't expect me to dress like this every day, do you?

Yeah, but now you'll have to keep your disguise as a woman to prevent the neighbors from making more complaints. You don't even have anywhere to go because there are cameras and they'll see you.

It's just temporary until they finish searching this area.

9 JUNE

I understand that I need to lose weight and start exercising, but do I really need to wear these clothes inside the house?

The pills you gave me, are they definitely just for weight loss? I feel very different, and my chest has started to grow.

I don't want someone looking through the window and recognizing you; we can't risk that. So, is it necessary for you to wear these clothes even inside the house

Yes, take two a day to make sure they have an effect.

9 JUNE

Look at what I mean, it looks like I'm growing breasts.

Sorry, I didn't realize, but I still don't understand why I have to talk like this even with you.

I think you may have a hormonal problem due to your diet. We'll call a private doctor to see what's going on. And remember what I told you about your voice? You need to get into character.

You need to train your voice so that in case the police show up again, they won't have any clue it's you.

16 JUNE

I can't believe how far I've sunk. I'm wearing the heels and lingerie of the girls I used to fuck.

16 JUNE

At least my hair is long enough now that I don't have to wear a wig anymore.

16 JUNE

Today is a big day. I heard the doctor is coming, and based on the tests, he'll take me to his private clinic. I hope to get out of this mess as soon as possible. I've already spent a lot of money from the ones I took from the bank, and I haven't even had a chance to enjoy them.

16 JUNE

What do you mean that I need to pretend that I want to become a woman in front of the doctor?

This is the best option for you right now! You can't blow your disguise. the doctor surely can't recognize you at the moment, but the police might. You need to continue posing as a woman for 2 more months until they cease their search for you.

16 JUNE

How does the situation look, doctor?

I already look like a woman, and I don't think it would hurt to look like a beautiful one for the next two months. Plus, it's all reversible, according to Dan's words.

It seems that you have already started hormonal treatment and you are ready for surgery. Tomorrow at 11 AM, you are expected to present yourself at the clinic to undergo the procedure.

19 JUNE

What the hell, are you sure all of this is reversible? Just look at my body.

What do you mean, 8 months?!

Surely I'm looking, and I like what I see. You need to stay like this for at least 8 months until the skin heals completely and can be operated on again.

20 JUNE

I don't even recognize myself anymore, how could they change my face so much???

I can't!?!?!
cough

They shaved your jaw and also your Adam's apple. Try to speak with your guy voice.

Stop complaining and get ready because the girls are coming to give you a makeover.

20 JUNE

20 JUNE

Now let's do something with your hair,
we'll add some extensions.

20 JUNE

20 JUNE

I took hot right now, no men can keep their eyes off me.

What was I thinking? Are these pills messing with my head?

20 JUNE

At least now I know that the police won't recognize me. The downside is that I have to stay like this until I'm allowed to have surgery

Wow, you look really good. I couldn't have imagined you could change so much.

16 JULY

It's already been a month since the surgery, but I still haven't been able to see what this body can do

16 JULY

Ahhh they are so sensitive.
I wonder how it feels to be touched by a man.

moan

17 JULY

I bought this outfit for clubbing. Jack told me that we are going out tonight.

I can't believe how soft these nylons are on my smooth legs.

17 JULY

Jack, what are you doing!?!?!?

Stop acting like you don't want it. Let me show you how it feels to be a woman.

17 JULY

Then make me your
woman for this night.

Let's go back to our place to
show you what I can do.
giggle

17 JULY

17 JULY

17 JULY

17 JULY

Show me how it feels
to be on the receiving
end.

17 JULY

Yes
Fuck me harder!!

moan

18 FEBRUARY

18 FEBRUARY

Eight months have passed since the surgery, and I could return to the body I had before everything, but I don't want to anymore. Now I'm with Jack, and we're living off the money left from the robbery. I can't wait to have my final operation to become a complete woman.

THE END
