

"Ivy's Hideout"

I don't recall ever making this.
Might as well give it a try.

Feeding time
my darlings.

NO! Why can't I control it!

AH!

WHACK!

Grrr.....
That's the last
time I use that
potion.

AHH! I can feel my mind slipping away...

... And yet, I find my self not giving a damn any more...

WHAT!?!

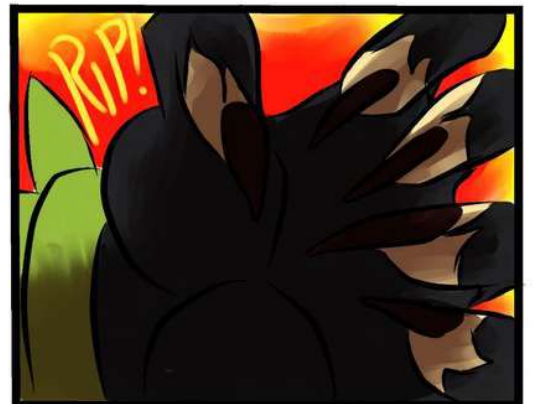

... I'm going to turn you like me.

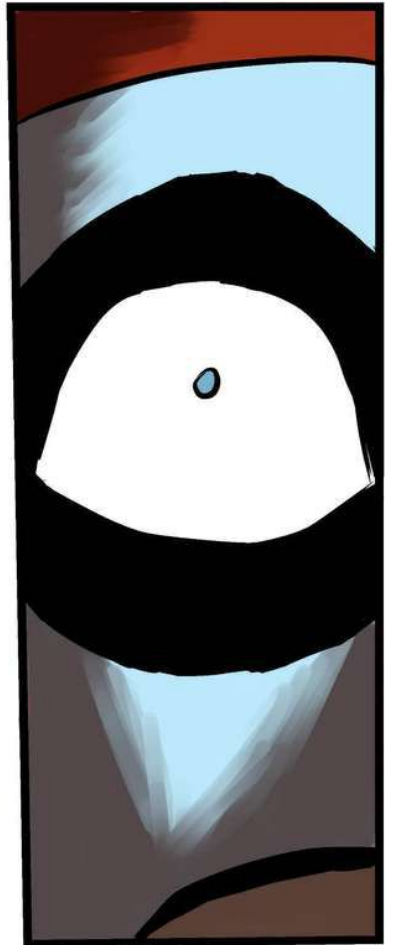

AH!

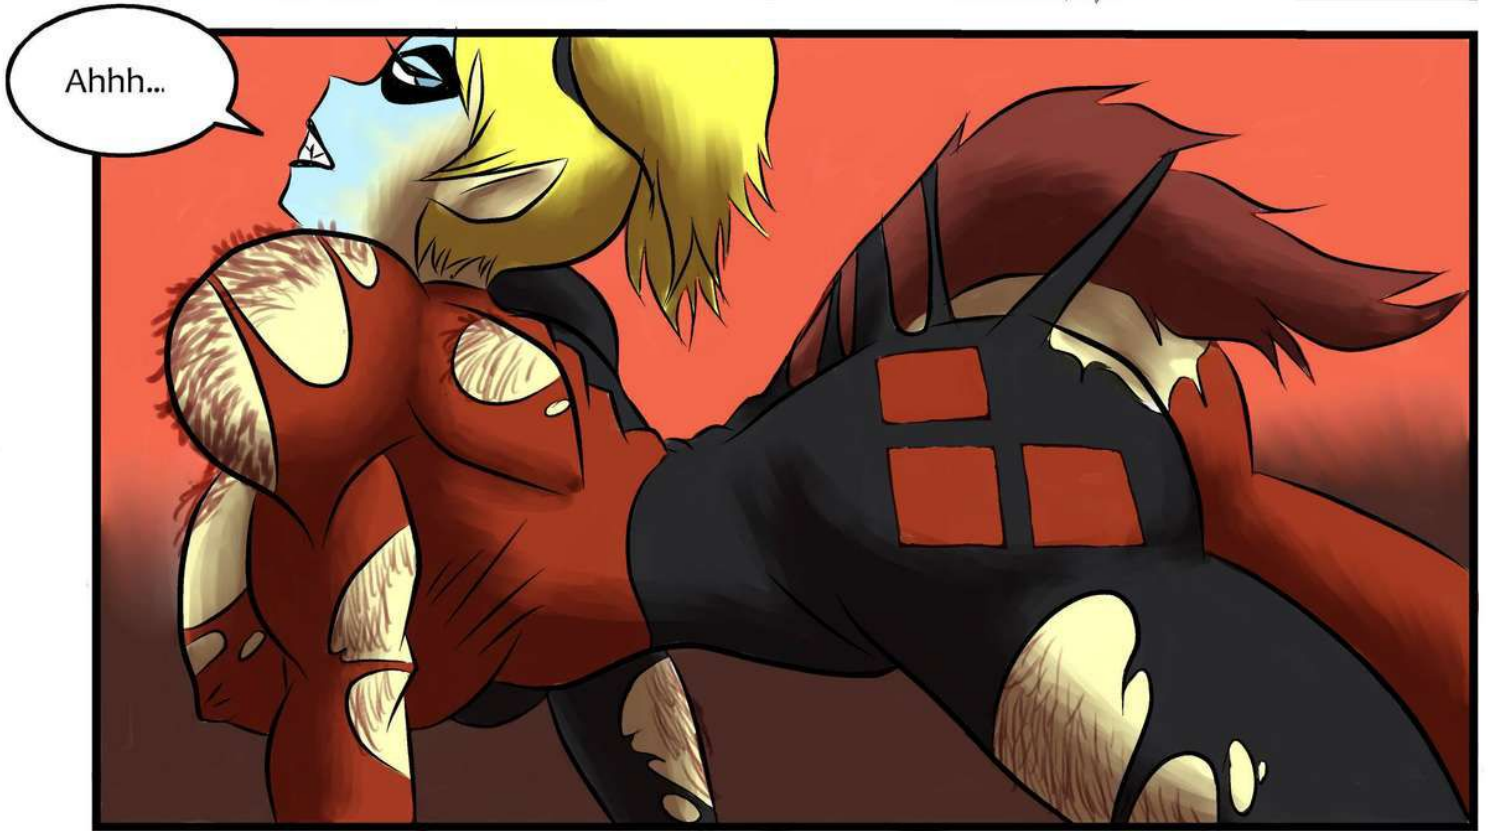

Ugghhh!!!

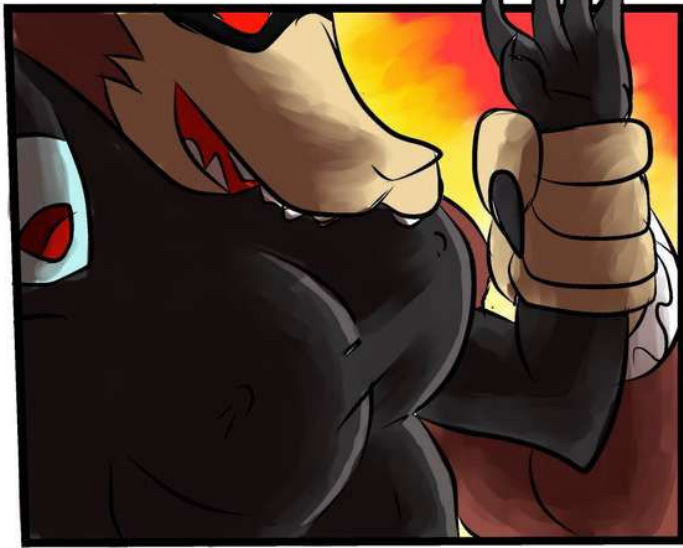

Another excellent piece to my collection...

No.... Stop.....

Catwoman, are you alright?

Was that Harley? Wait!
Where did the other one go?

Ivy!?

Now on to the next phase.

Catwoman, and I will
take on the Secret Society...

I'll leave the the
Justice League
to you two.

So... only us girls were summoned here...

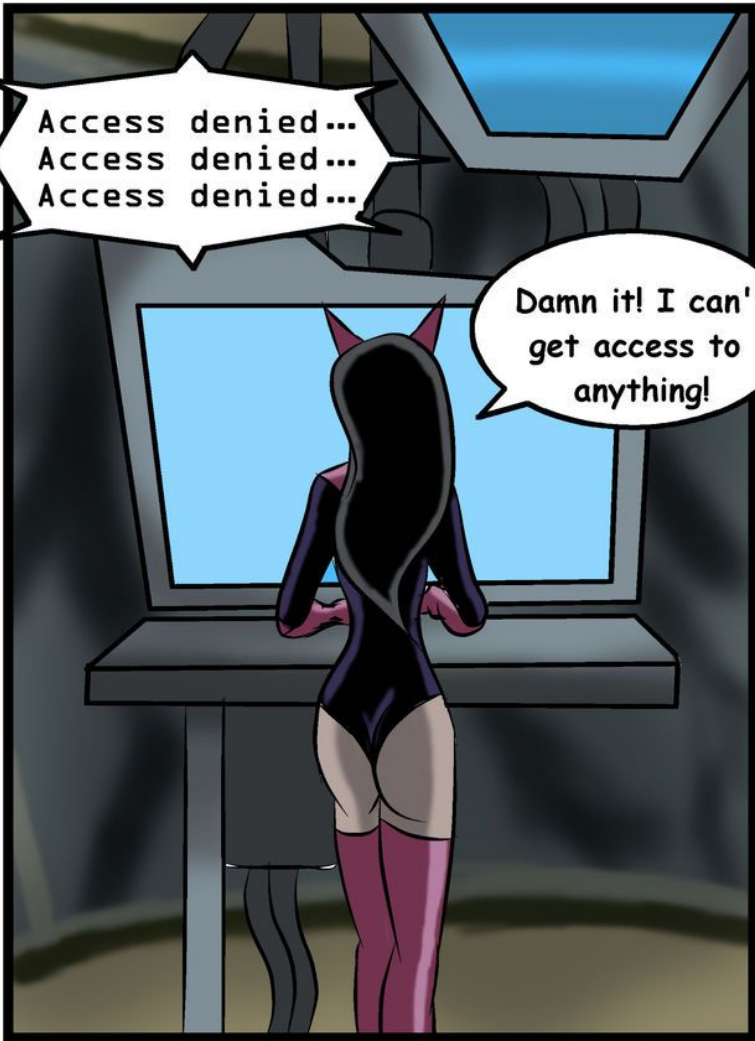

Something doesn't feel right about this.

I'm going to check on the security, the rest of you stand guard.

Sure thing, your majesty.

KLACK!

KLACK!

An intruder breaching
the gatel?

CRASH!!!

Geez, you think?
It "could" just be
the Pizza guy.

Frost, go check on
Star Sapphire.
Live Wire and I will
handle things here.

Whatever, just be sure
to have something for
me to kill when
I get back.

Get off of ME!

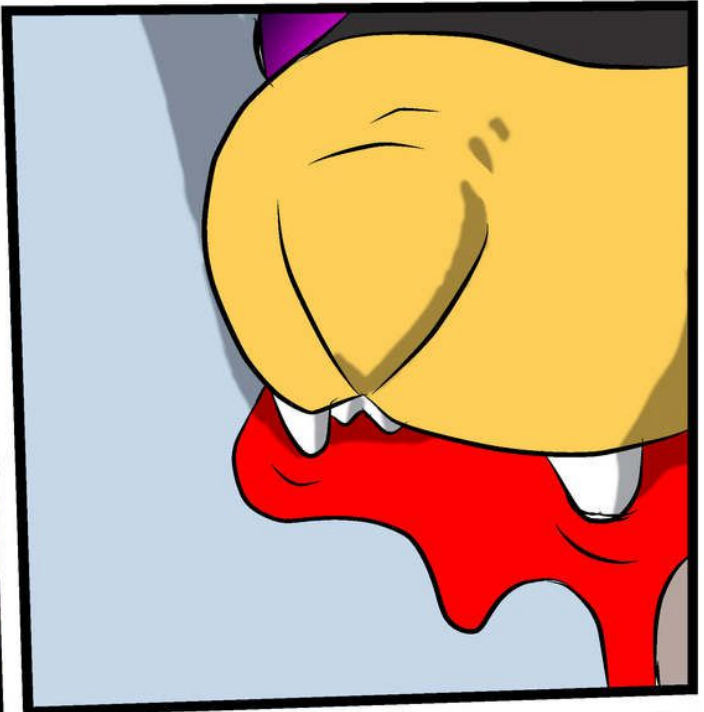

And what, have you miss the show?
