

Three hours later...

Wow, it's nearly two in the morning, but I've never felt more awake. It's gotta be all this adrenaline, right?

It's great, isn't it? Now you know why I always come home ready to jump your bones.

You did great out there on the floors, by the way. I saw you give at least four guys lap dances.

Five, actually. One of them invited me to give him a private dance.

I can't believe I got nearly \$500 from those guys alone.

Not bad for your first shift. You made more than I did.

But now that we're done here, it's time to change back into Clayton.

Do I have to? I was kinda hoping to stay this way for a little longer.

You don't have to, but I'm a little worried that the necklace might be affecting your mind.

I'll make you a deal: If you put on this necklace, I promise to call Keshawn first thing in the morning.

Well... alright, you've got a deal.

Can this necklace really alter my mind?

I'm not sure. There's a lot of things that happened tonight that I can't explain otherwise.

For one, I never expected to see you eagerly sucking another man's cock.

Or calling him "daddy".

Heh, alright, I'm starting-

To see your point.

Seeing you dance for other men is just so strange from my angle.

I never expected you to go so hard.

Oh yeah? If I recall, you gave a lucky guy the full-service treatment on your first shift.

Fair point, but I've felt I did it because I wanted to be intimate with someone like you. Someone who understands me.

That, and I needed your money to change back.

I know, I'm just messing with you. But you do always go hard.

You always made working here seem so fun, so I wanted to go just as hard.

But I promise that I'm still me. No magic necklace will ever take that away.

Good, because I don't want to lose the man I love to some stripper pole.

Since we're still feeling that adrenaline, how about we head home and let off some steam?

You know I'd never turn down an opportunity like that, babe.

That really was one of the most liberating nights of my life. And I hope there's more to come.

Especially if Gerald brings his throbbing cock around for me.

I'm not sure why Jazmin is concerned. I feel great.

I'm glad Clayton is being reasonable about this. I was worried that he wouldn't give up the necklace.

Honestly, I'd rather he not wear the necklace again until we learn more about it from Keshawn.

Two weeks later...

Seriously, this is all very sweet, but you didn't have to treat me to a fancy dinner, babe.

I know, but I love to spoil my man every now and then.

Especially since you've been acting awfully unhappy since that day at the Vixen. Is everything alright?

Oh yeah, I'm totally fine. I've just had a lot of other things on my mind lately.

I hate lying, but I she'd freak out if I told her that working at the Vixen is all I can think about.

So then you're not interested in going back to being Caitlyn again?

I guess so. It felt good to explore my curiosities, but I've moved past it.

Being Caitlyn was just a... a one-time experience.

But I wish it wasn't. I can't stop picturing all those men fantasizing about me, especially Gerald and...

His thick cock getting hard just for me.

Mmm, Gerald did have a nice, thick cock.

So then you're not interested in going back to being Caitlyn again?

Hmm? Oh uh... no, not particularly. My boss still hasn't hired anyone else in my department.

And he's denied my attempts at a raise.

Heh, maybe I really should consider being a stripper? I'd make a lot more money that way.

Giggle!
That's a good one. You'd probably make more money than I would, and I don't like competition.

Twenty minutes later...

Mmm, I did miss the feeling of Jazmin's hands all over me.

But I miss the feeling of Gerald's touch even more.

As great as that felt, I shouldn't let the past ruin this moment.

I haven't wanted to jump your bones this badly in weeks.

Get on the bed and let momma take care of you.

Damn, Jazmin really is stunning.

Not as stunning as Caitlyn, though. She's got nothing on me.

And it felt pretty damn amazing to be so attractive.

Yeah, but... damn, why is it so difficult to push these thoughts aside, even when there's a beautiful woman in front of me?

Mmm, that's it. Jazmin really does give the best blowjobs.

I should use some of her techniques the next time I'm with Gerald.

He'd love a blowjob that's this good.

Look at Jazmin go. She's such an inspiration.

I love her so much, but at the same time... I can't help imagine being in her position.

If I try to be like her, then I can get all the men I want.

Especially Gerald.

Wait, Gerald?

R-right. Sorry, I got distracted for a second.

moan... That's it, baby! Fuck me harder!

I've got to remain focused. Give Jazmin what she wants.

Mmm, but her moans are so satisfying. It would be great to feel as satisfied as her.

Oh! Much better, Clayton! Give it to me!

Nothing would feel better than getting fucked like Jazmin right now.

Gerald would be happy to do that for me every day.

He would treat me like a queen and give me everything I'd ever want.

It would feel amazing to be treated that way by Gerald.

Gerald isn't just a craving. I need someone like him in my life.

Oh god, I can't stop thinking about him. He's just so... attractive.

Don't stop now, babe. We're just getting to the good stuff.

Gerald is more than attractive. He's confident, attentive and has the thickest cock I've ever seen.

moan...

I'll never get his cock out of my mind. But I want more of it!

I... I need him so badly!

Oh fuck, I can't hold it back!

I'm cumming!!

MOAN!!!

Wait, already?

Wow uh... that was a little unexpected. I guess you were really pent up, huh?

I'm so sorry. I don't know what came over me.

Shit! Did I really just cum to the thought of another man?

I'm just not used to you cumming that quickly.

And honestly, you did seem a bit distracted. You're usually so attentive during sex.

I know, but... I've just had a lot on my mind.

Didn't you once say that our sex helps to take your mind off all your problems?

I... yeah, I did say that. I fucked up, didn't I?

I'm so sorry, Jazmin. Let me make it up to you. Would you like to keep going?

I appreciate the gesture, but I'm not in the mood any more.

I've got a call to make in the morning. Why don't we call it a night and go to bed early?

Y-yeah, sure thing.

Are you going to call Keshawn in the morning?

I'd rather not talk about it right now. Let's sleep on it, alright?

Okay, I understand. Good night, Jazmin.

I never expected Clayton to be so disappointing in the bedroom. I usually orgasm two or three times before he cums.

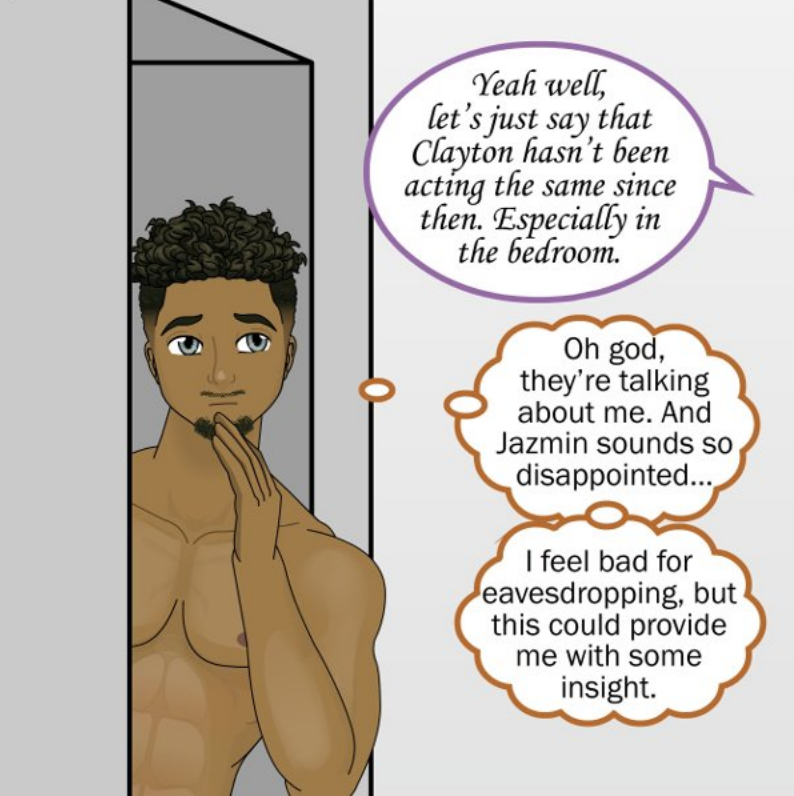

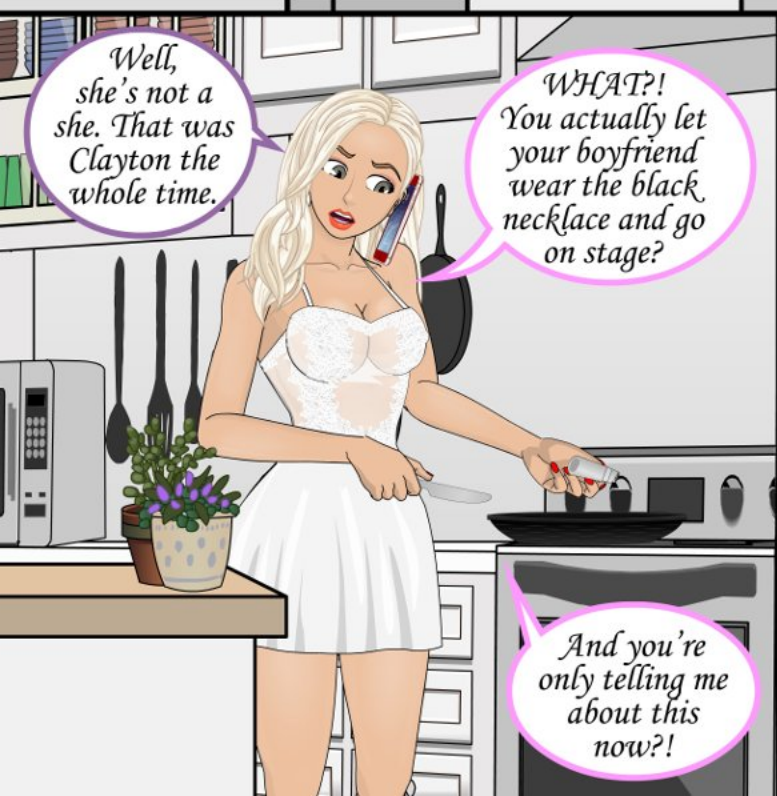

There's definitely some lingering effects from his time as Caitlyn.

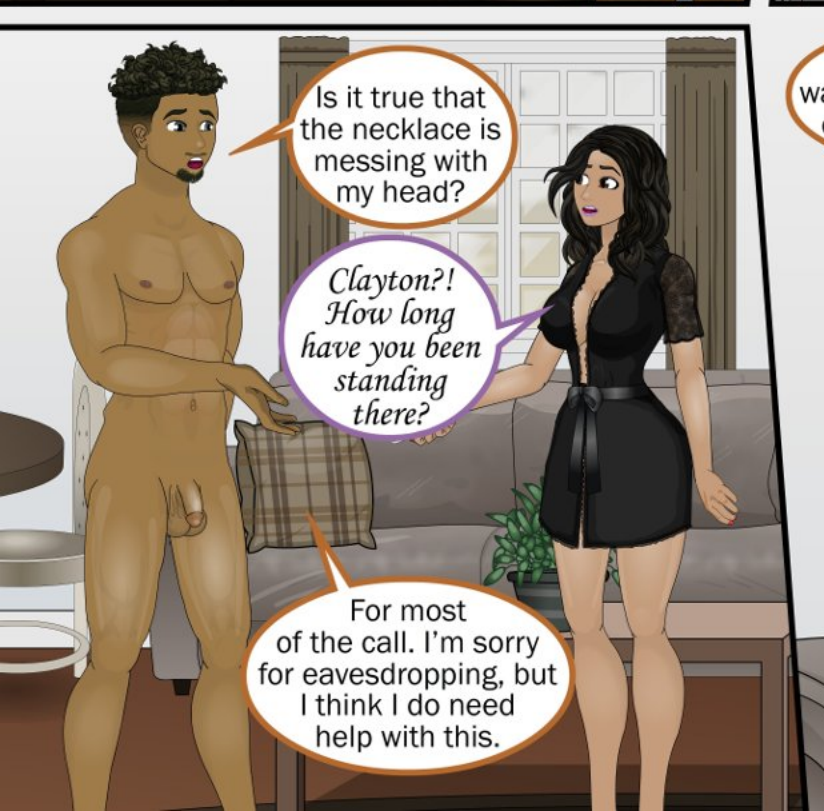

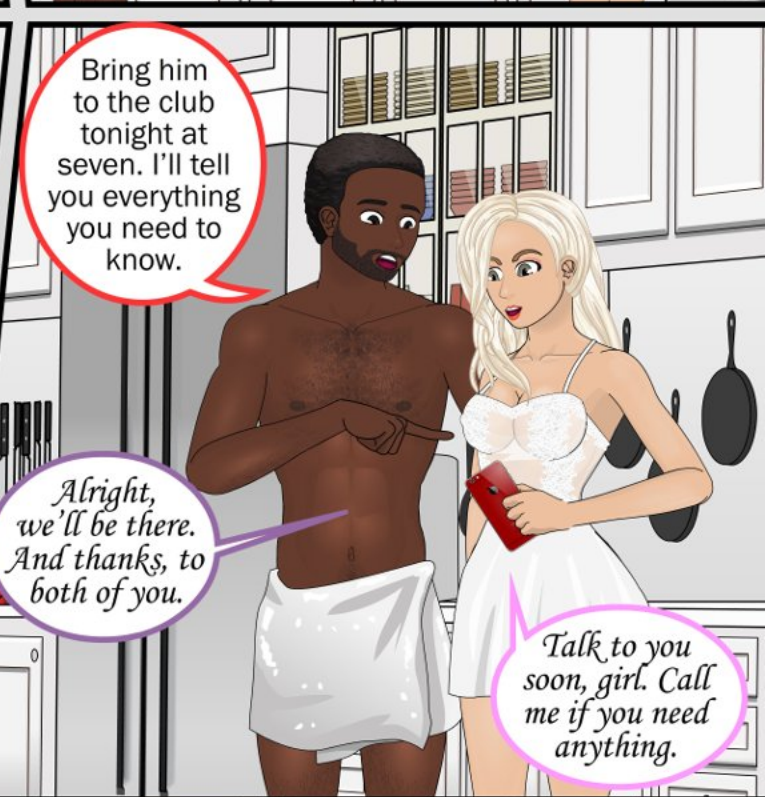

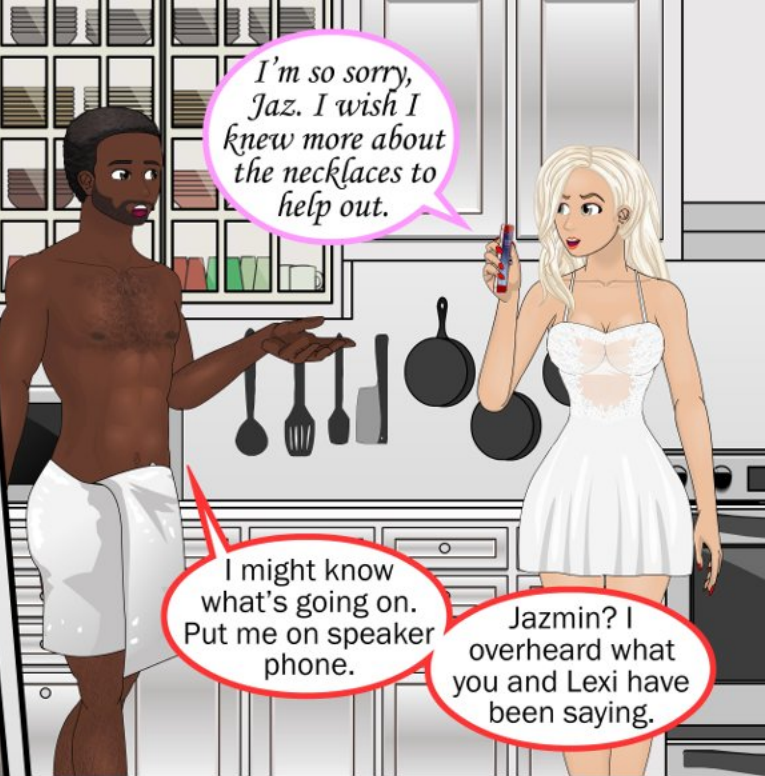

And I'm not going to wait any longer for everything to sort itself out.

I can't believe that I couldn't stop thinking about Gerald while in bed with Jazmin.

I feel terrible for leaving her hanging. That's never happened before.

Maybe Jazmin is right? The necklace could have affected my mind...

Later that night...

Evening, you two. Step into my office.

Thanks
for seeing us,
Keshawn.
What's up,
Lexi?

*Just interested
in what happens with
you and Clayton. And
I'm kinda curious about
how the necklaces
work, too.*

It's nice to finally meet you in person, Keshawn. Jazmin has told me a lot about you.

By the way,
as the owner of the
Frisky Vixen, I'm also
intrigued by how much
money you made
as Caitlyn.

Jazmin told me that you made nearly \$2500 in one night. I'm impressed, Clayton.

Oh uh...
Th-thanks. It was
honestly enjoyable,
being the center
of attention.

*I hate to interrupt
this business inquiry,
but what about the
necklace?*

Tell me, Clayton,
since you were last
Caitlyn, have things
been different
for you?

A lot of things.
The biggest is that I
keep finding other
men attractive.

It's hard to control myself around certain men, now. Very fit and charming men.

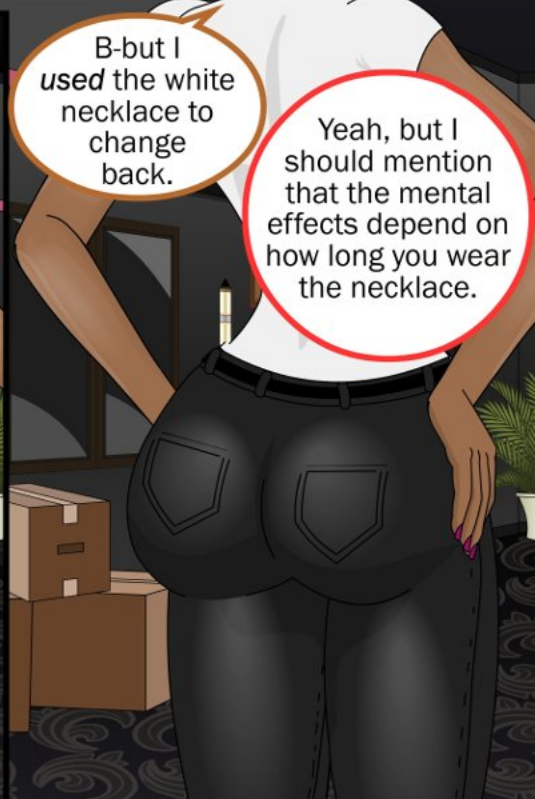

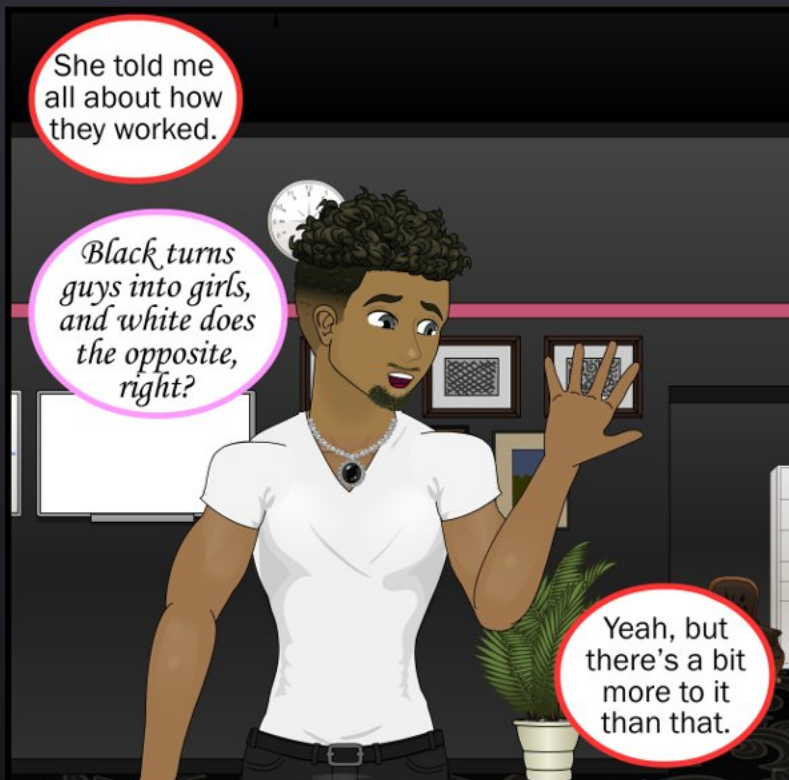

I've never been attracted to men before, but now it's like Caitlyn wants to break free and be with those guys.

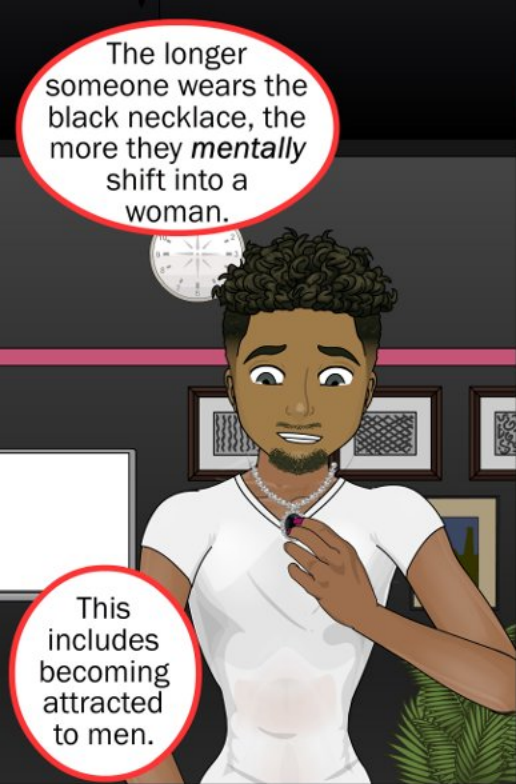

That's not unheard of, in my experience.

But I'd like to see this with my own eyes before I offer any conclusions.

Would you be willing to put the necklace on again?

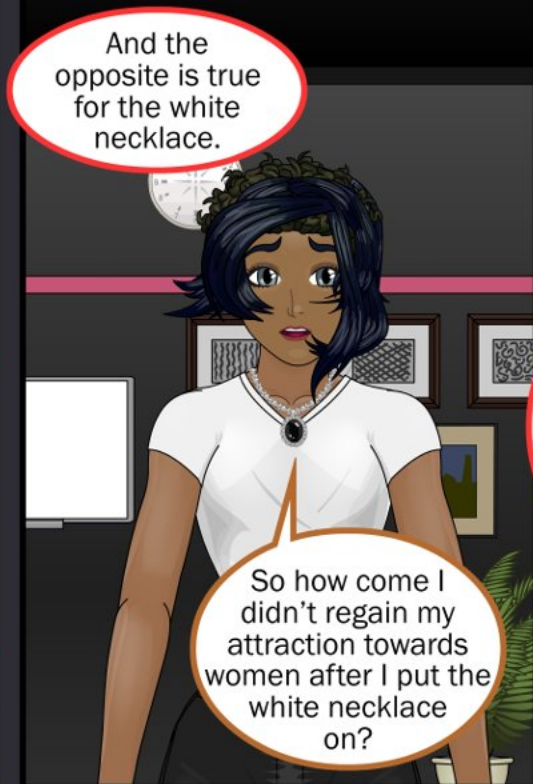

Wait,
really?!

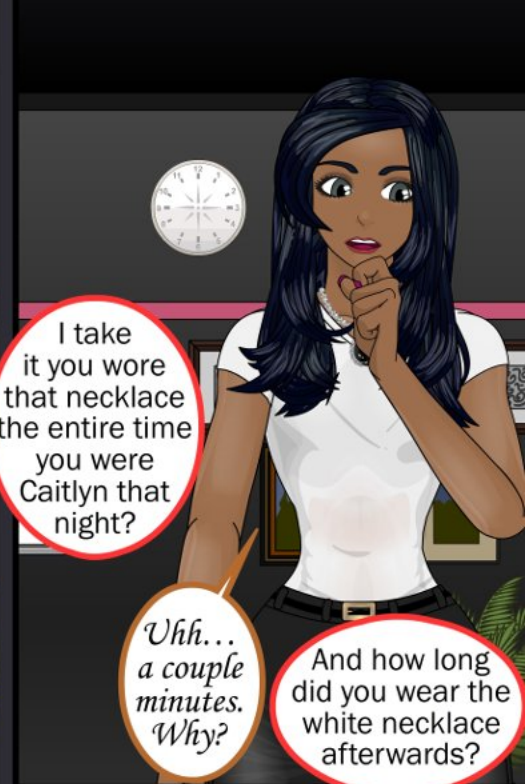

The longer someone wears the black necklace, the more they *mentally* shift into a woman.

This includes becoming attracted to men.

And the opposite is true for the white necklace.

So how come I didn't regain my attraction towards women after I put the white necklace on?

I take it you wore that necklace the entire time you were Caitlyn that night?

Uhh... a couple minutes. Why?

And how long did you wear the white necklace afterwards?

And I believe we've found the problem.

You wore the black necklace for several hours, with it altering your mentality the whole time.

But you *didn't* wear the white necklace long enough for it fix that.

So if he wore the black necklace for five hours, he would have needed to wear the white one for another five hours to change his sexuality back?

Now you're getting it.

So you're saying that even the straightest men will become heterosexual women if they wear that necklace long enough?

In theory, I guess it's possible.

Thankfully, Clayton hasn't gotten that far. We can still help him.

At this point, it isn't Clayton that I'm concerned about.

I wore the black necklace for weeks when I started out as Jazmin, and barely ever wore the white one.

Does this mean I only started feeling like Jazmin because the necklace *MADE* me feel that way?

So all these changes to my mind can be undone?

Great, then let's get the white necklace, and start the process.

Hold that thought, Jazmin.

Giggle!

Most definitely. You'd just have to wear the white necklace for the same amount of time that you wore the black one as Caitlyn.

I forgot how good this part feels.

Damn, I didn't expect your boyfriend to have a bigger rack than yours, Jaz.

I'm starting to see why the crowd went wild when they saw you on stage, girl.

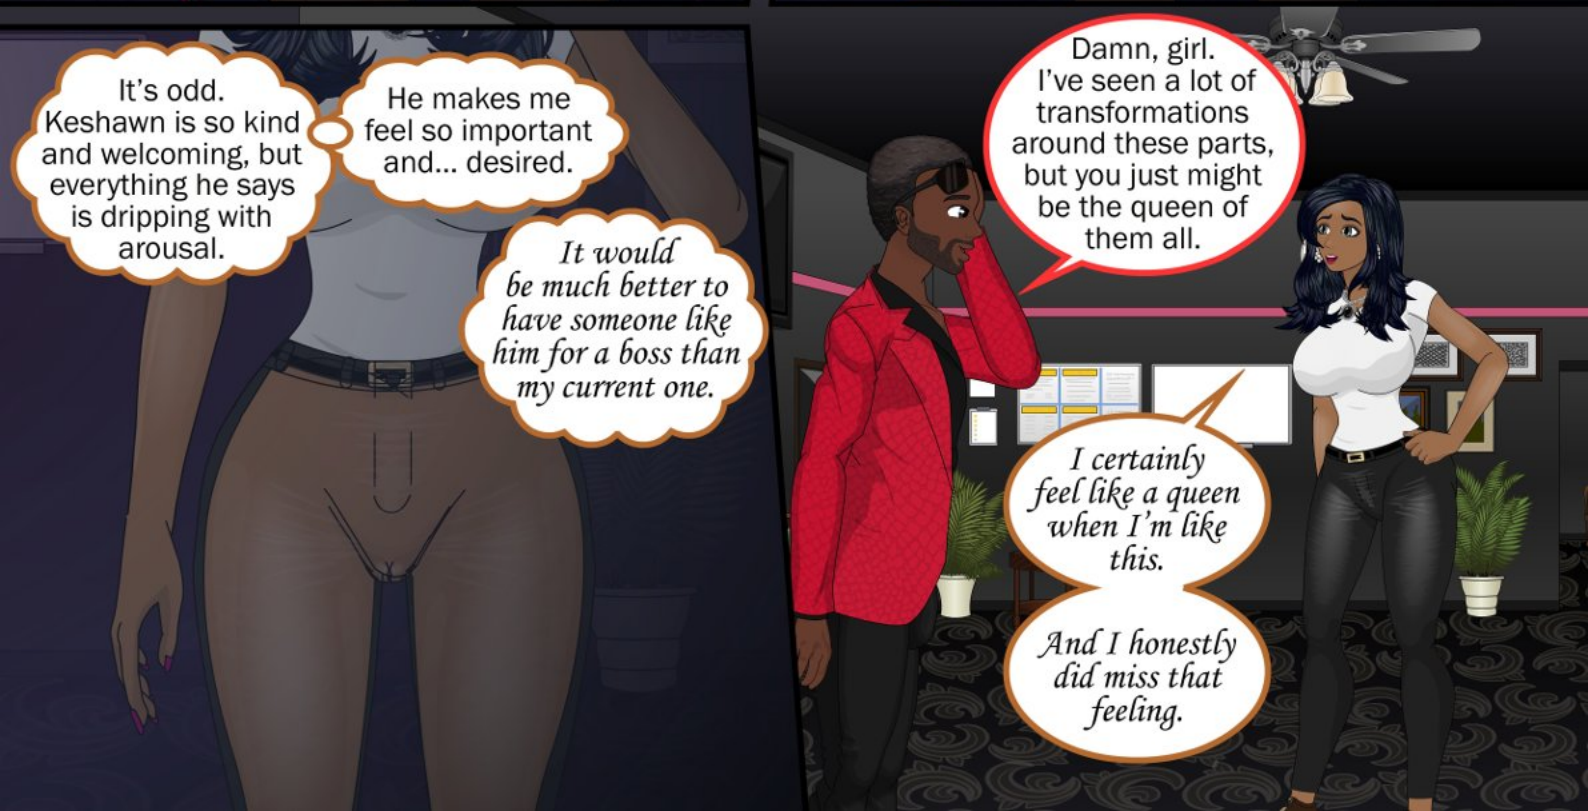

I'll bet you had a lot of great moves up there, too.

Flattery is a nice touch, too. But I was told from very reliable sources that you were quite eager.

I admire anyone who has enthusiasm when pleasing others.

Just a few moves I picked up from Jazmin.

Really? I-I mean, I've always loved helping other people.

It's odd. Keshawn is so kind and welcoming, but everything he says is dripping with arousal.

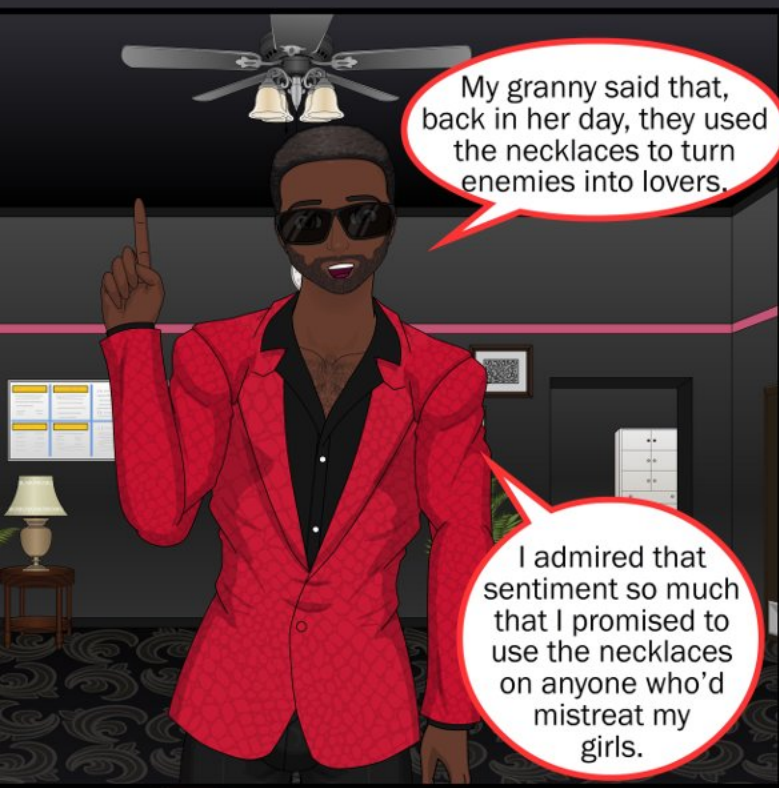

He makes me feel so important and... desired.

It would be much better to have someone like him for a boss than my current one.

Damn, girl. I've seen a lot of transformations around these parts, but you just might be the queen of them all.

I certainly feel like a queen when I'm like this.

And I honestly did miss that feeling.

I would give you the grand tour, but you probably know this club better than some of the other dancers.

However, you definitely can't hit the floor wearing that.

I was wondering if you could help me pick out a new outfit.

You always pick out the most head-turning looks, Lexus.

So you're absolutely sure that you want to go through with this, Clayton?

I've never been more sure in my life. I want to have as much fun as you do on that stage.

I know I made being a dancer sound great, but I really think you should take more time to think this over.

Like how that necklace makes you more attracted to men the longer you wear it.

It could be making you into a totally different person.

And I don't want to see such a great man be lost to a necklace.

I know you're having fun, but I think you shouldn't just jump right in without considering more.

It's not just about having fun on stage.

When I'm at my other job, I feel so insignificant and powerless. I can't even provide for you.

But here, people love me. I turn heads with ease. I feel like I matter here.

You matter to me, honey.

I know. And we can still be together when I change back after my shift.

Maybe it's time you and Clayton consider an open relationship, like Keshawn and I?

You could still be with Clayton, but Caitlyn could find out how great Keshawn is in the sack.

I know you've got a few clients who'd be happy to date you.

I don't know. Dating anyone else just feels off to me.

Hey, the three of us should be on stage at the same time!

You know what? That sounds like a great idea. The guys will love it.

Count me in. Caitlyn and I will warm them up.

Don't make us wait too long, girl.

I didn't want to ruin Caitlyn's good mood, but part of me really doesn't want to take the stage tonight.

I guess learning what the necklaces can do is making me see things differently.

Was becoming an erotic dancer really MY choice?

Or am I just a pawn to whatever that necklace wanted me to think?

Is being a woman really what I wanted?

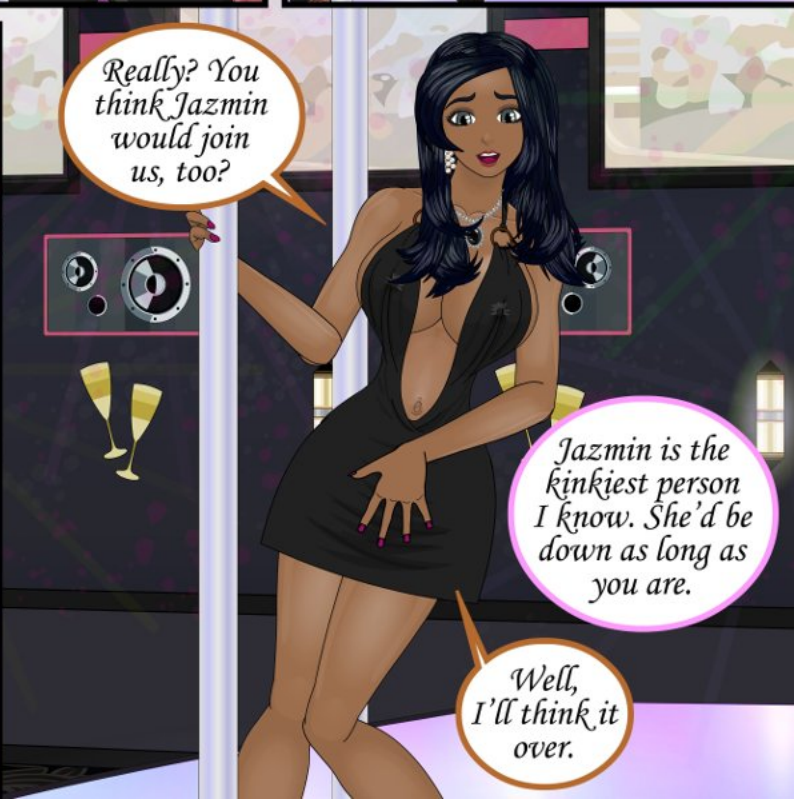

I also don't understand why Keshawn waited so long to tell me the truth.

I guess it's because he's primarily a businessman, and like this, I'm one of his best employees.

But did he screw me over by not telling me about the white necklace fully turning someone back?

I don't know what to believe anymore.

Alright, gentlemen! We have a special treat for you!

Joining Lexus and Caitlyn on stage is the one and only Jazmin!

You won't find a hotter trio than these lovely ladies!

The Fresh Venus

It's always exciting to dance with you, Jazmin.

I had a blast the last time we danced together. I did some of my best work, too.

Save some of that sexual energy for me, ladies.

Have either of you danced with two other girls on stage before?

I did once, when I was just starting out.

Then we'll follow your lead, Lexi. Go for it, girl!

It's so strange. I know this necklace is why I'm attracted to Gerald, but I couldn't care less about that.

I always feel great whenever I'm around Gerald. Why fight these feelings for him?

There's nothing strange about being attracted to such a charming, confident man.

Especially when he starts the night with a \$100 bill in my thong.

Diddle!
It's good to see you too, sweetie.

Wait, is that Gerald giving Caitlyn money? Isn't that your highest paying client?

Yeah, I guess "Caitlyn" really left an impression on him.

They were practically all over each other last time.

So it was Gerald that you and Caitlyn had that threesome with?

Damn, and here I thought Gerald only had eyes for you.

I've been trying for weeks to get him to look my way and flash me a few Benjamins.

I just wish he was paying attention to anyone else except my boyfriend.

I imagine this is all very confusing for you.

If you ever want to talk to someone about this, you can always rely on me.

Thanks, Lexus. I'm glad you've always had my back.

Let's give it up one more time for Caitlyn, Jazmin, and Lexus!

And if you want some more action from these girls, they're ready and waiting for you!

These guys will give us everything when we work together.

The three of us do make a great team. It's hard to turn down all this money.

I'll bet Gerald has more where that came from. Let's go pay him a visit.

What a pleasant surprise. I wasn't sure when I'd get to see you again, Caitlyn.

I guess I can't stay away from the spotlight for too long.

Especially when there are generous, charming men like you around.

I'm glad. I was worried that I came on a little strong last time, and scared you off.

Great job up there, to both of you.

What can I say? Caitlyn brings out the best in me.

So how have you been, Caitlyn? I was worried I'd never see you again.

I'm doing a lot better, now that I'm back at the Frisky Vixen.

Coming back here has helped to clear my head.

I'd love to hear all about what you've been up to since I last saw you. Maybe in a private room?

He's acting different from before. He's quite a bit more affectionate, now.

I don't know if I should be amazed or worried that Gerald is being so tender with Clayton.

Wait, where are my manners? I shouldn't be speaking just to Caitlyn.

The last time the three of us were alone was magical. And I'd love to do it all over again.

How's about the three of us go to a private room? I'll even pay both of you extra.

Extra, you say? I'd be silly to turn down an offer from you.

I appreciate the offer, but I'm going to decline. I'm not really in the mood to do full service tonight.

Are you feeling alright?

I feel fine, but that last dance took a lot out of me. I wouldn't want to disappoint one of my favorite customers with a bad performance.

That's too bad. I was hoping to repeat what we did last time.

Maybe we still can.

I'll bet Lexus would jump at the chance to spend time with us.

If you like her, then I think I'll like her, too.

I guess I was the same way after I started being Jazmin full time.

But now I wonder if I made an uninformed decision to become a woman.

Had I known the truth about the necklaces, would I have made a different decision?

I probably would have.

I can't believe it. Clayton has been wearing that necklace for just an hour, and he's eager to please Gerald again.

The necklace has changed him so much!

Ten minutes later...

Thanks again for agreeing to this, Lexus.

It's my pleasure. Especially since Gerald is being so generous, and paying up front.

After that dance, you've caught my attention, Lexus.

I hope to catch a lot more than that soon enough, handsome.

You two seem to admire one another, so let your passions run wild.

So you want us to take our friendship to the next level? I was hoping this would happen.

Me too. You got me all worked up while we were dancing. Come here.

After watching Caitlyn perform on stage, I am very curious how she performs in private.

I'm not normally into other women, but Caitlyn definitely isn't like other women.

I've always been a big admirer of Lexus. She's always so sure of herself, and proud of what she does.

I kinda wish I was more like her. Maybe she could give me some pointers?

moan...
Oh god! Keep playing with my nipples!

Mmm, you like that? I'd love to see you try this out on me as well.

Of course. I don't want your girls to feel left out.

moan...
Not bad, Caitlyn. I'm going to have fun working with you.

Fifteen minutes later...

You look so sexy right now, Caitlyn. I wish I was getting a lap dance from you.

I think both of these guys would love to see that. Right, fellas?

Damn right. Any chance I could get a private dance with both of you?

Hey, me too. I'll pay whatever you ladies want for more.

Wow, Lexus was right. We'll make so much more money together.

Not bad, but remember to always make eye contact with the customer.

Oh yeah? Then how come you haven't taken your eyes off ME since I started dancing?

I guess even I got caught up in the moment.

Wow, for a rookie, Caitlyn is pretty good at this.

She puts a lot of passion into pleasing every customer.

Even I'm getting turned on, just from watching her.

I never thought I'd say this, but I really did miss working here.

And as long as I can help it, I don't want to leave this job again.

Fuck my old job. My career at the Frisky Vixen has begun!

One hour later...

Maybe it really isn't just Gerald who I'm attracted to?

Seeing the look of lust in all their eyes as I rock their world turns me on so much!

I'm starting to see why Keshawn was so interested in Caitlyn.

If he invites her back to our place, I wouldn't mind joining in on that action.

Any chance you could call me "daddy" during this session?

For the right price, I'll call you anything you want.

She's a fast learner, too!

I never thought I'd be good at giving blowjobs... or enjoy it.

But they make me feel powerful, and I know exactly what men like.

I know I should be concerned about the necklace altering my mind, but I haven't felt this good in months.

It's not a big deal.

I can just wear the white necklace during my off hours, then come back here and be the best erotic dancer in town.

Oh fuck, I'm cumming!

That's it, daddy! Cum all over me!

One hour later...

You should have seen the look on that guy's face when you made him nut. He looked like he was in heaven.

Thanks. I'm impressed with myself, too. I gave three guys the full service treatment, and I'm still horny.

Is that normal?

Absolutely. Horny is going to be your new state of being, sister.

Does that change your mind about being an erotic dancer?

I never thought that would happen, but I like leaving my customers feeling very satisfied.

And unlike my other job, I feel proud of my work here.

I never thought that would happen, but I like leaving my customers feeling very satisfied.

Then you're on your way to being a great dancer.

Hey, girls. How'd your shifts go?

One of the best shifts I've ever had. Caitlyn is a natural at this.

Hey, why are you in your normal clothes already?

I clocked out a few hours ago. I just wasn't feeling well tonight.

I really don't want to bother them with what's been going through my head about these neckfaces, but there is something back here that can help me.

You look like you're in a good mood.

Let's just say I made more than I did on my first night.

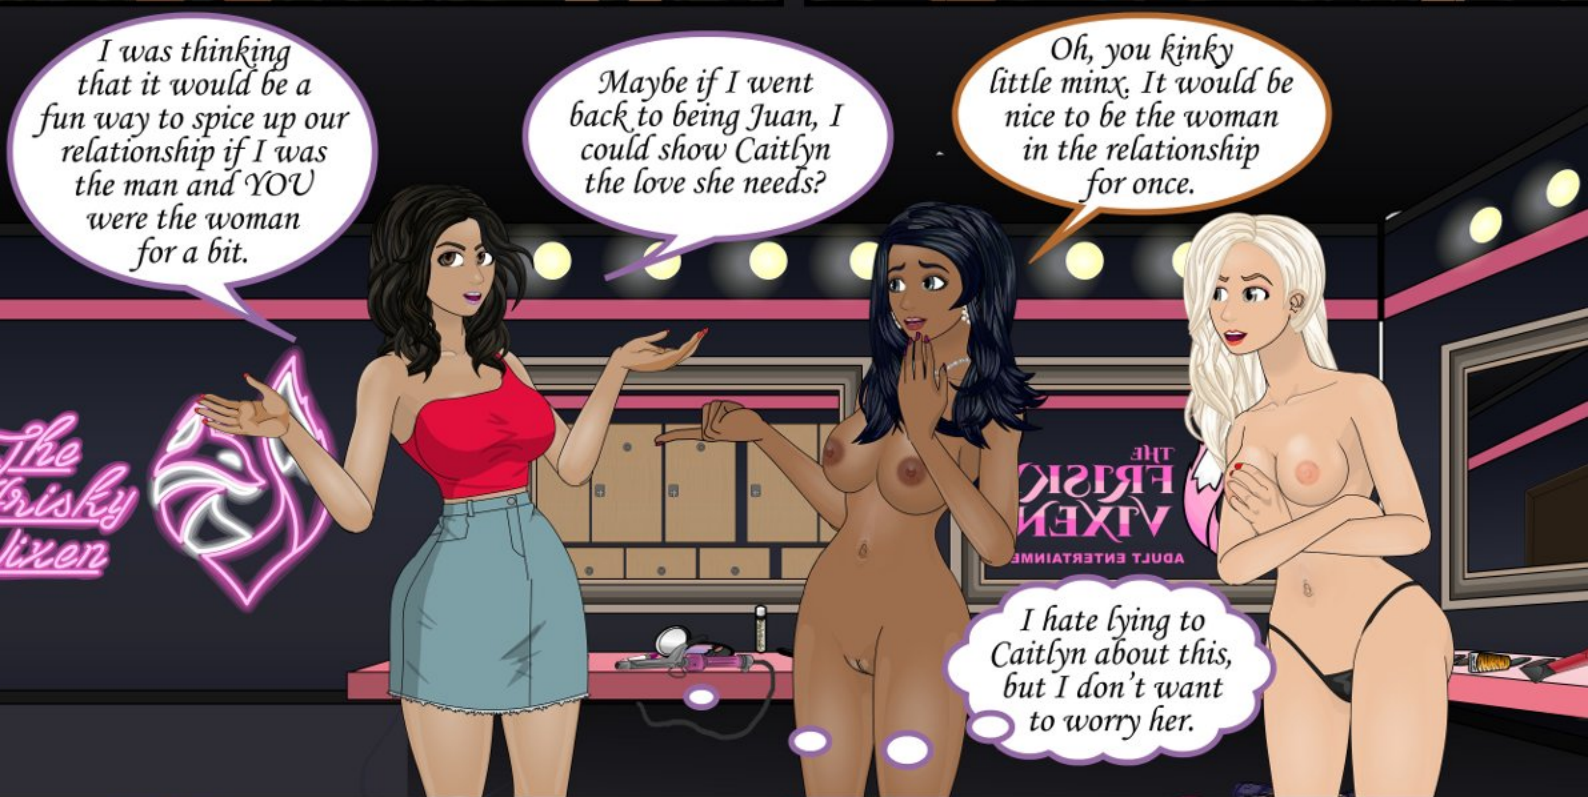

But my shift as Caitlyn is done, so I'm ready to change back.

Hold on a second. Before you put that necklace on, I have a request.

Would you let me wear the white necklace for a while?

Why would you want to wear it?

I was thinking that it would be a fun way to spice up our relationship if I was the man and YOU were the woman for a bit.

Maybe if I went back to being Juan, I could show Caitlyn the love she needs?

Oh, you kinky little minx. It would be nice to be the woman in the relationship for once.

I hate lying to Caitlyn about this, but I don't want to worry her.

I have to know if I prefer being a man or a woman, or if it was the black necklace that made me want to be Jazmin.

Once I feel like the black necklace isn't influencing my thoughts, I can decide if I want to stay as Jazmin, or go back to being Juan.

So you're okay with staying as Caitlyn for a while longer?

Sure, go ahead. I'm curious to see Juan for the first time in a couple years.

I'm a bit curious, too. I've got to see this.

I take it that you're excited to try being a man again?

A little bit. I'm more curious than excited.

I never expected you to put that necklace on again.

Neither did I, until Caitlyn put on the other necklace. Ever since then, my head has been swimming with new ideas.

Like how you find me irresistible and want to fuck me as a man?

That was certainly one idea. After watching you and Gerald having sex, I was getting a little jealous of him.

Oh babe, I'm sorry you felt left out. I promise that you never have to feel jealous of guys like Gerald. Whether I'm Clayton or Caitlyn, I'll always pick you over them, any day.

That is very reassuring, Caitlyn.

It's like you told me when we started dating: Those guys are just work. They don't change how I feel about you.

I'm so glad you still feel that way after all these years.

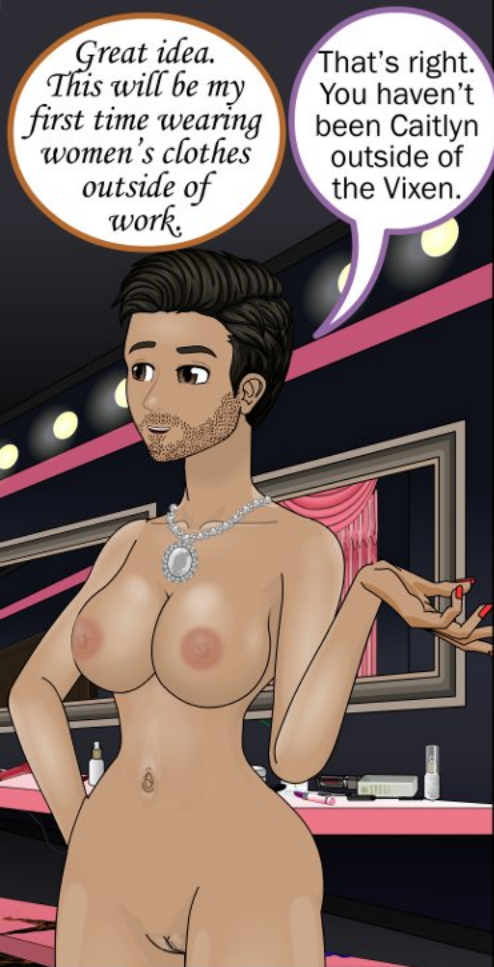

You two are adorable. Cheesy, but adorable. Now could you explain why you're getting naked?

I didn't want to feel uncomfortable wearing women's clothes after I finish transforming.

Fair point, but what are you going to wear when you leave here?

Juan could wear the clothes that I wore as Clayton.

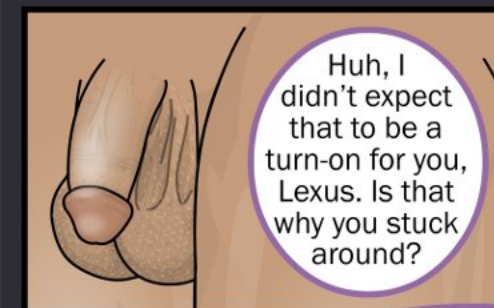

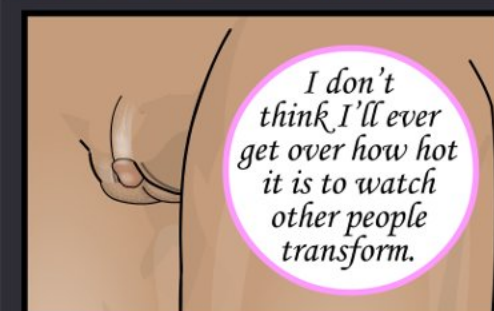

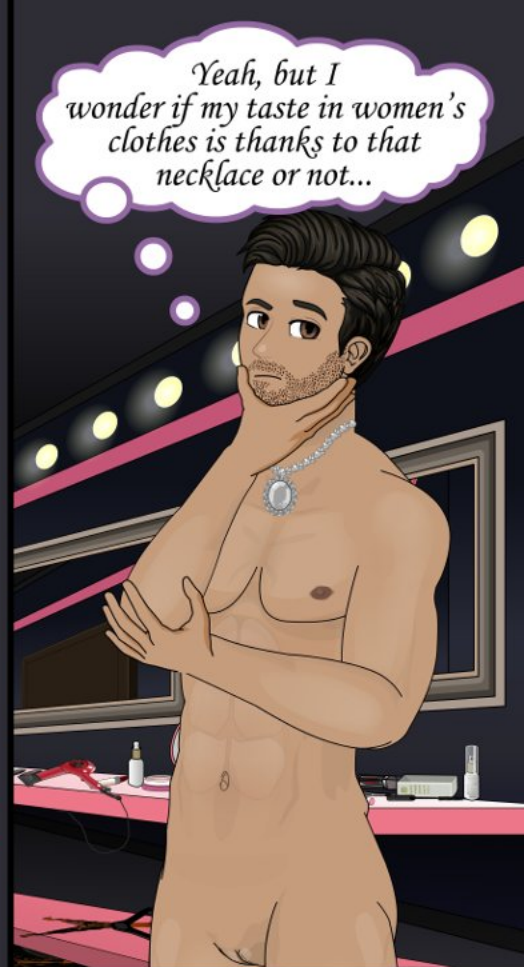

That would work. And you can wear these clothes that I brought to work.

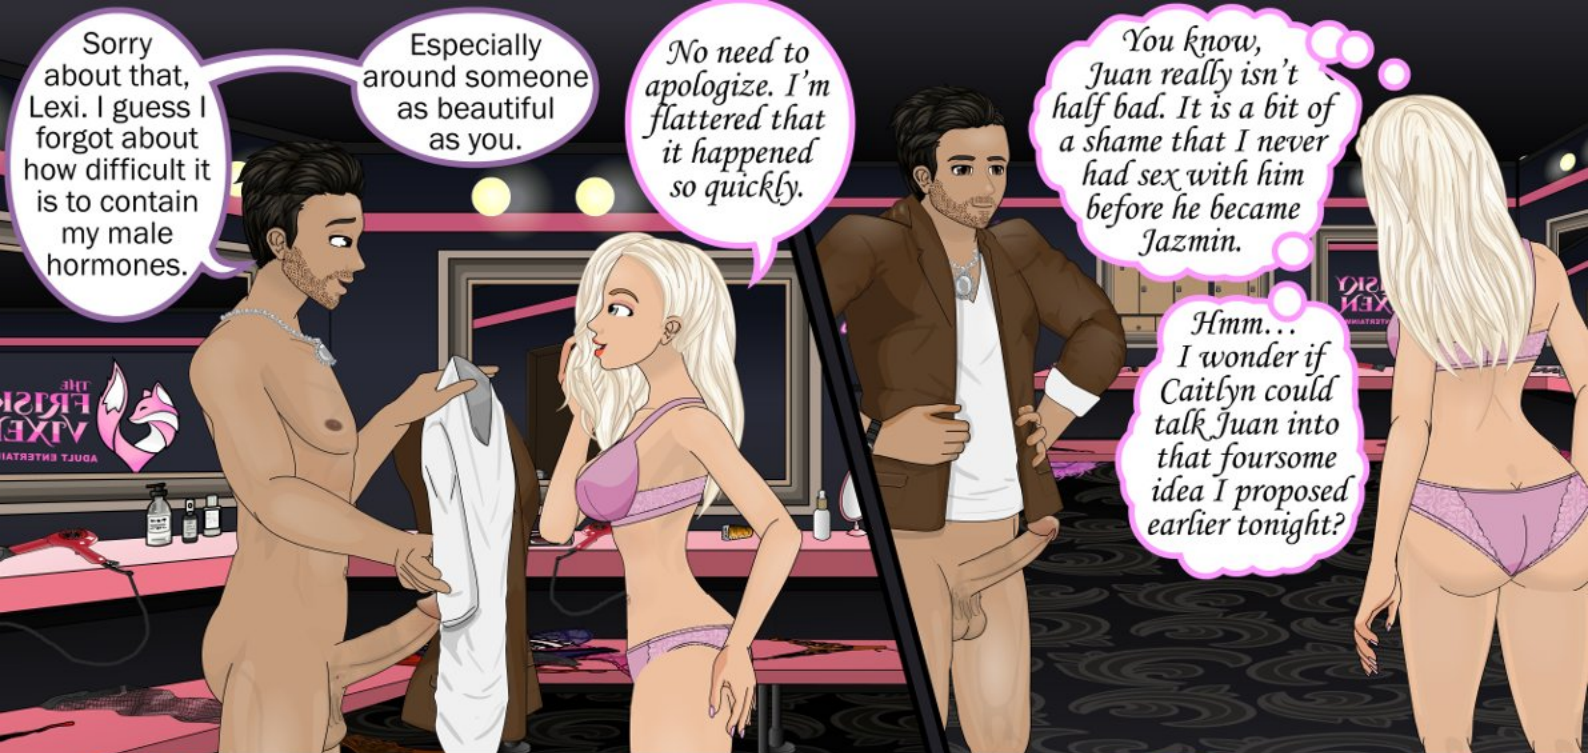

That's right. You haven't been Caitlyn outside of the Vixen.

Really? Awesome! You've always had great taste in women's clothing.

Sorry about that, Lexi. I guess I forgot about how difficult it is to contain my male hormones.

Especially around someone as beautiful as you.

No need to apologize. I'm flattered that it happened so quickly.

You know, Juan really isn't half bad. It is a bit of a shame that I never had sex with him before he became Jazmin.

Hmm... I wonder if Caitlyn could talk Juan into that foursome idea I proposed earlier tonight?

So how does it feel to be Juan again?

More jarring than I expected. My whole body feels off, especially my voice and chest.

It feels weird not being as attractive as Jazmin anymore.

Don't sell yourself short. You were always handsome as Juan.

Really? You're not just saying that to cheer me up?

I mean it. You're a stud, babe. Even after my shift, seeing you like this is getting me worked up again.

In that case, you're not the only one feeling pent up. Even though I thought you were sexy when I was Jazmin, I think you're even more gorgeous now that I'm Juan.

How's about we head home and I'll treat you like a queen?

I was hoping you would want that as much as I do. Lead the way, handsome.

Thanks for the help today, Lexus. We'll see you tomorrow.

Have fun, you two. Don't do anything I wouldn't do.

THIRTY MINUTES LATER

So is it really alright if I try on some of Jazmin's clothes?

I don't have any issues with that right now. It's not like I'm going to wear them tonight, so one of us ought to look beautiful in them.

Thanks. There are a few outfits of yours that I've really wanted to try on.

With all that money you've made at the club, you could even start buying your own wardrobe.

That would be nice. But if I stick to my plan, I'll only need a couple outfits for Caitlyn.

I haven't heard about this plan.

I'll change into Caitlyn for work, and then back into Clayton after my shift ends.

Of course, if you want me to stay as Caitlyn after work, I wouldn't mind spicing things up in the bedroom.

That's not a bad plan. But you should know, I had a similar plan when I started working as Jazmin.

Yeah, because you genuinely love being Jazmin. I might love my job at the Vixen, but I promise it will only ever be a job.

But look how I turned out. I've been a woman for the last two years.

I know how much you love Clayton. And I won't take him away from you. I love you too much to ruin your happiness.

Thanks. You always know how to cheer me up, babe.

Well, I could tell you were upset back at the Vixen. I figured if I couldn't cheer you up, then this sexy little number might do the trick.

Have I told you how lucky I am to have a partner like you?

You look incredible in that.

I feel incredible in this, too. I can see why you love it so much. I know I said I'd only buy a couple outfits for Caitlyn, but I might have to buy this for myself.

By the way, what are you going to do with all the money you're making now?

I've got a few ideas in mind. Pay off student loans... A vacation for two... But more than anything, I'd like to save up and buy us a house.

Absolutely. I would love for us to have a place to call home. I'll put up with the mental effects of some magic necklace if it means I can spend the rest of my life with you.

Really?

You have no idea how happy it makes me to hear you say that. I love you, Caitlyn.

I'm so glad that necklace didn't change who Clayton is at his core. Caitlyn is still just as caring and selfless as Clayton.

Mind if I try on a few more clothes?

Try on as many as you want. I'm going to take a quick shower.

It's been so long since I've taken a shower as a man. I kinda miss the feeling of warm water on my soft, feminine skin. But I do look forward to NOT spending twenty minutes drying my hair afterwards.

Showers as a woman were a bit of a procedure. I forgot how relaxing they are when I don't have so much to worry about. Maybe the mental effects are wearing off already?

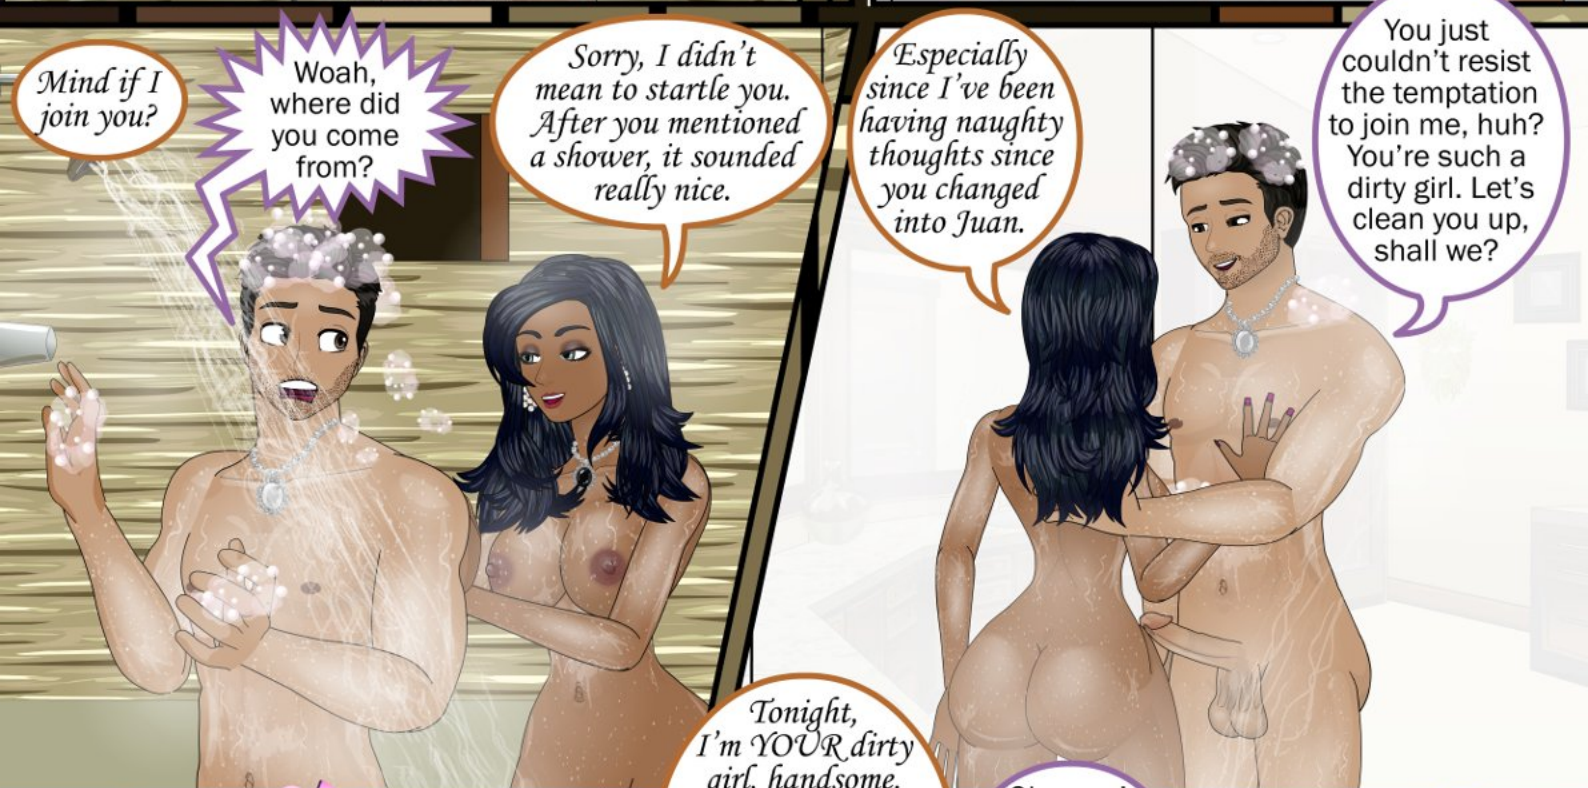

Mind if I join you?

Woah, where did you come from?

Sorry, I didn't mean to startle you. After you mentioned a shower, it sounded really nice.

Especially since I've been having naughty thoughts since you changed into Juan.

You just couldn't resist the temptation to join me, huh? You're such a dirty girl. Let's clean you up, shall we?

Tonight, I'm YOUR dirty girl, handsome. You've always been such an amazing girlfriend all these years. Now I'd love to be your girlfriend.

Oh, wow! I forgot how good getting a blowjob feels.

It certainly helps that Caitlyn's skills are excellent.

Lexus was right. She's a natural!

I always love giving Clayton a blowjob after his morning shower.

I guess Caitlyn is returning the favor after all these years.

I saw Juan naked in the gym locker room when he was a man. Mine was bigger than his by a couple of inches.

Mmm, but since turning back, somehow Juan was become so well-endowed.

His cock is now bigger and fatter than mine was.

Slurp!

Did the necklace change him?

Does it know that as a woman, I'm a size queen?

I actually find it so hot that Juan has outgrown me.

Oh, you've gotten really good at this in such a short time.

I love the way you take me all the way to the base.

Years of getting great head from Jazmin taught me a lot more than I expected.

And I especially loved it when she played with my balls.

Ahh, yeah. It feels amazing when you massage my balls with your tongue.

Part of me really did miss being on the receiving end of this.

But I've missed something else even more than this...

Hold on, Caitlyn. As great as this feels, I really want to make you feel great, too.

I want to fuck you. So badly.

I want to hear you moan.

Mmm, anything for you, daddy!

Give me that big, thick cock of yours!

Since you asked so nicely, I'd be glad to.

MOAN!

Oh god, your cock feels incredible!

Mmm, your cock looks so thick, I'm getting wet just from looking at it.

How do you want me, handsome?

It's been ages since I've gotten a lap dance.

You want this cock so badly? Put on a little show for me.

So... how does it feel to be the woman in our relationship?

It's kinda fun, actually. It was a little jarring at first, to see you as Juan...

But every time I look at your cock, I find you irresistible.

I hope you don't think I'm weird for saying that.

Of course I don't think you're weird. I'm proud of you for admitting the truth.

Most people wouldn't, in your situation.

I went through the same thing when I first became Jazmin.

But I can tell that you're still the same person I've always loved, even if you lust for cock now.

I should have warned you about that weeks ago.

Don't blame yourself for any of this, babe.

I wanted to see what life as a woman was like, and I'm glad I did it.

As long as you're happy, then I'm happy.

Ready for your reward, Caitlyn?

Yes, please!

Give it to me, daddy!

Heh, I do love hearing you say that.

MOAN!!!

Oh fuck! You feel even tighter after you came!

To be continued...
