

FOUR MONTHS LATER...

You know you're not as sneaky as you think you are, right? I know you've been standing there for a few minutes.

Sorry about that, love. I can't stop staring at you in those yoga pants.

You're up awfully early this morning. Is everything alright?

I've had a lot on my mind lately, especially with the wedding coming up.

I've been trying to plan out the perfect wedding for us, and it's more stressful than I thought.

Especially since I still haven't told my folks that I'm going to be the bride.

I know how excited you are to get married, but you don't have to stress yourself out about this.

No matter how our wedding goes, I'll still love you with all my heart.

I just... want to start the next chapter of our lives on a perfect note.

And I can't wait to start our next chapter together, too.

I know things have been a bit chaotic since you became Caitlyn full time.

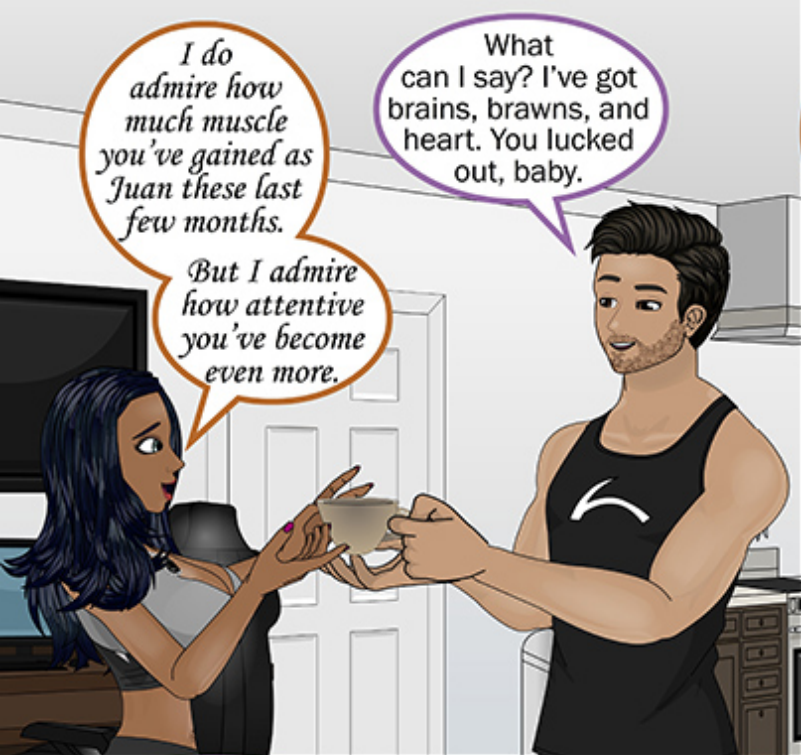

But the way you've embraced being a woman with open arms has made me love you even more.

And seeing you being a better woman makes me want to be a better partner for you.

I know you said you wanted to plan the whole wedding, but please let me help.

That way, these big, broad shoulders can carry your stress for you.

Mmm, is it just me, or have you gotten even more impressive back here?

I'm glad you noticed. I've been doing a lot of extra squats lately.

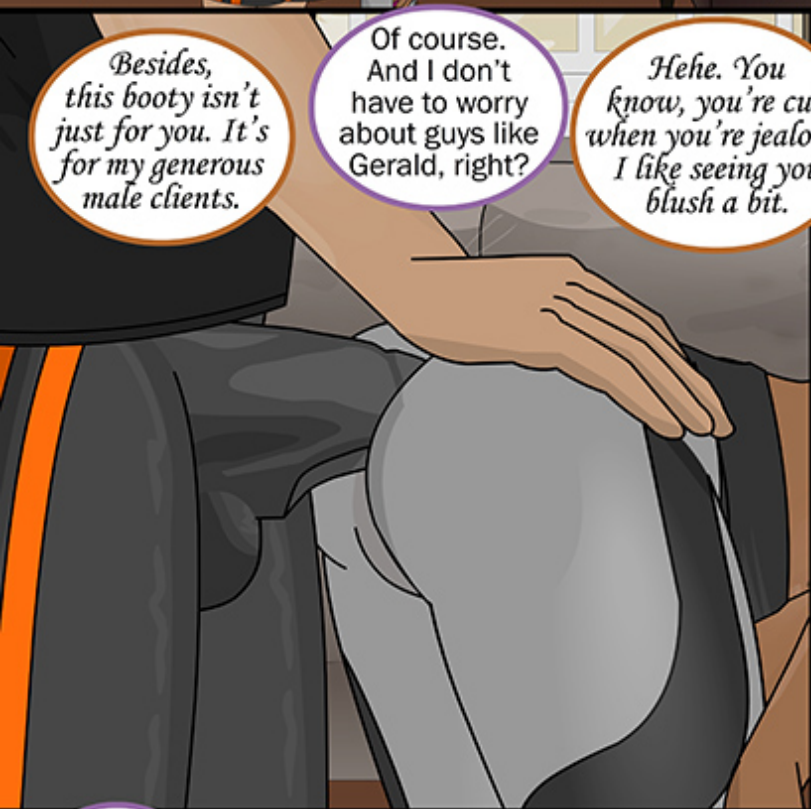

If I'm going to be an erotic dancer, then I've gotta keep my body thicc in all the right places.

You're not the only one who's been putting in the work at the gym lately.

God, I'm lucky to have you for a fiancé. You know exactly what I like.

You won't find many women who know men as well as I do.

Besides, this booty isn't just for you. It's for my generous male clients.

Of course. And I don't have to worry about guys like Gerald, right?

Hehe. You know, you're cute when you're jealous. I like seeing you blush a bit.

But as much as I like making you sweat, you never have to worry about him.

Guys like Gerald are just work.

But YOU can have me any time you want, love.

MOAN!

You really have come a long way from the shy, timid Clayton I used to know.

Now, you're a seductress, and proud of it.

And I couldn't love you any more if I tried.

Oh yeah, baby. I love it when you flick my clit like that!

I love it when we both start the day feeling frisky and horny.

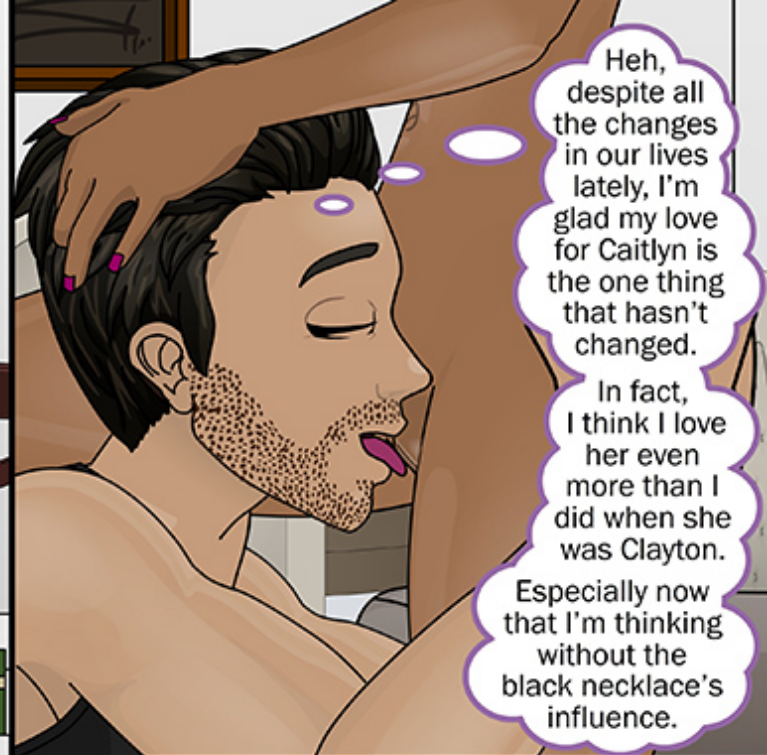

MOAN!

I don't recall learning about this move in yoga class.

I wonder what they'd call it? Pleasing the Kitty?

Ohh! Whatever they call it, don't stop!

Heh, despite all the changes in our lives lately, I'm glad my love for Caitlyn is the one thing that hasn't changed.

In fact, I think I love her even more than I did when she was Clayton.

Especially now that I'm thinking without the black necklace's influence.

Now I know the necklace was making me want to be a cock-hungry slut.

I still love being Jazmin, especially when I get to be the center of attention.

But now I'm only cock-hungry when I want to be.

And right now, the last thing I want to think about sucking is a cock. Especially when my fiancé needs me.

Fuck, I love it when you kiss my neck and play with my tits at the same time!

But as great as that feels, I need to feel your tongue between my legs again.

So get on your knees for me, baby.

Anything for you, gorgeous.

Mmm, I love how sweet and generous Juan's gotten since I fully embraced being Caitlyn.

moan...

That's it, baby! This is the perfect stress relief I needed.

You always do such a great job taking care of me, Juan!

Of course. You always did the same thing for me when I was Jazmin. Now I'm just returning the favor.

As sweet as that is to hear, I didn't tell you to stop down there.

I'll bet you're getting awfully hard in those board shorts.

Why don't you let your friend out, and let him stretch a bit?

Actually, I've got a better idea. It's been ages since we got intimate with me as Jazmin.

And I know how much you miss her. So let's spice things up this morning.

Really? I mean, I'm not opposed. I just don't want to make you uncomfortable.

You could never make me uncomfortable, Caitlyn.

Besides, I've been craving some lesbian action lately.

Well, Jazmin is still the hottest chick in the world. I'm so glad Juan didn't fully give her up.

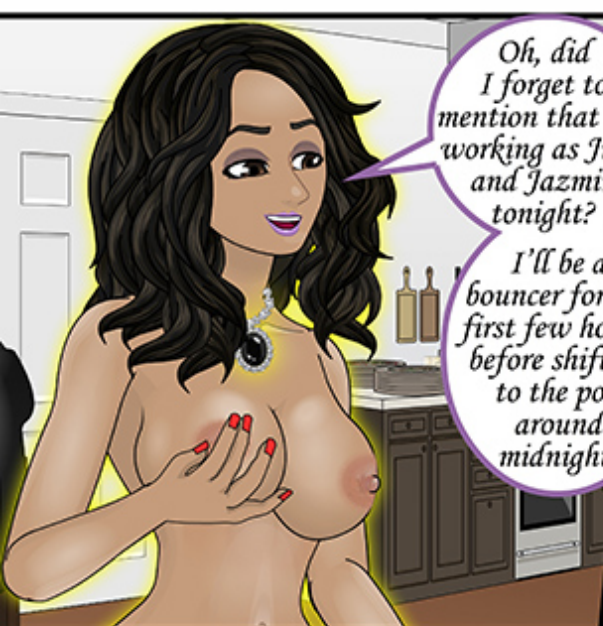

Besides, I still enjoy transforming into Jazmin every once in a while. Especially if it makes you happy.

I'm always glad when you put on the black necklace.

You just normally save that for when you have a dancer shift at the Vixen.

Oh, did I forget to mention that I'm working as Juan and Jazmin tonight?

I'll be a bouncer for the first few hours, before shifting to the poll around midnight.

Heh, it amazes me that you still want to dance as Jazmin.

For a while there, I thought you'd give up being a woman altogether.

And miss out on being a gorgeous bombshell? Fat chance of that.

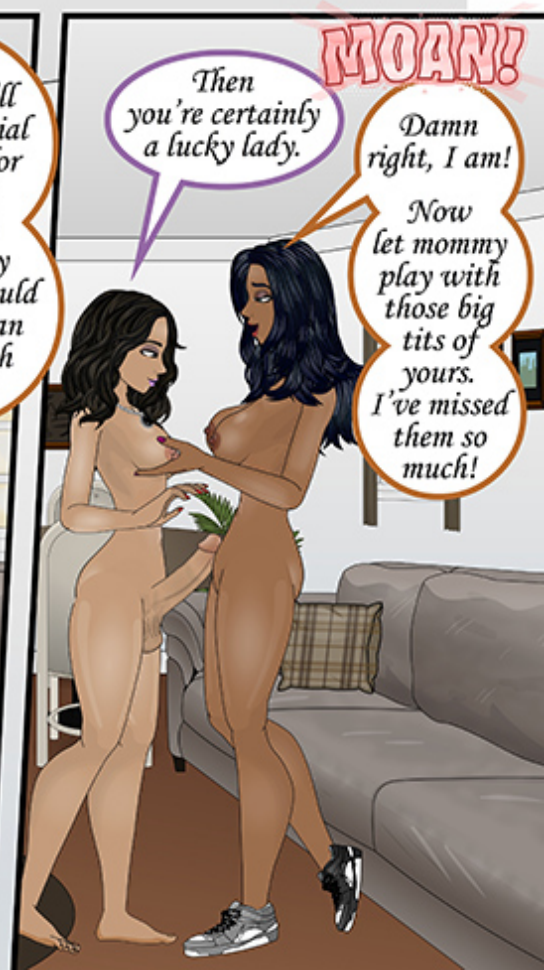

I might be free of the black necklace's influence, but I still enjoy being Jazmin every so often.

Now, I just get to be Jazmin on my own terms.

I'm just glad that the necklace didn't drastically alter your sexuality.

Oh, it did. But I'll make a special exception for you, love. I like to think any woman would turn lesbian to be with Jazmin.

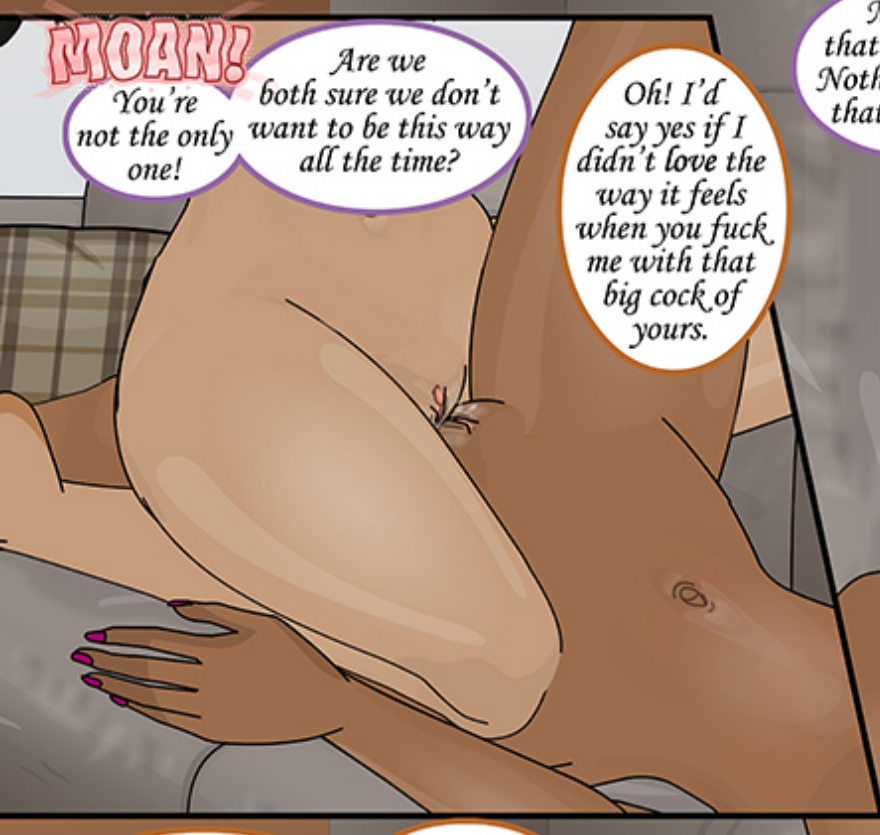

Then you're certainly a lucky lady.

MOAN!

Damn right, I am!

Now let mommy play with those big tits of yours. I've missed them so much!

moan...

Oh, this feels so good!
I could do this forever!

Use me, baby. Make yourself cum all over my pussy!

Oh my god, it turns me on so much to hear you being the submissive one for a change!

I can't help it! I love seeing you in charge!

I adore giving you all the power, Caitlyn.

MOAN!

Then be a good girl and grind on me, Jazmin!

Oh!
Ah! Yes, just don't stop!

Mmm, you like when I call you a good girl?

I love it! I'm your girl, Caitlyn! I'm anything you want me to be.

Oh my god! That's the spot!
I... I'm about to cum!
I can't hold it back!

MOAN!!!!

Me too, baby! Cum for me!
Let it all out!

Oh yes!
YES! YES!!!

PANT!

Wow, what a way to start the morning.
I can't tell you how badly I needed this. Thanks, love.

Any time. I told you that sex is the best way to de-stress.

And I'll never doubt you again.

As great as that felt, I feel a little bad. I said I owed you an orgasm, but I still came.

I guess I just couldn't help myself.

That's alright. You can make it up to me after work tonight.

Or, we could go for round two right now?

As tempting as that sounds, I would love even more to help you plan out the wedding.

Especially if we want to do that before our shifts.

Wow, turning down sex? Who are you, and what have you done with my fiancée?

We'll have the rest of our lives to have sex.

But we only get to plan our wedding once.

You do make a good point. Maybe you have the brains after all?

I told you: I'm the complete package, baby. You don't mind if I change back into Juan, right? I have my bouncer shift at the Vixen first.

Great. How about I make us some breakfast while we talk about the wedding?

I don't mind. I've had my fun with Jazmin for now.

I can make breakfast burritos.

I know how much you love those.

That would be perfect. Could you make some hashbrowns, too?

Oh, and some extra bacon!

No problem. You must be hungry. But my girl gets whatever she wants.

LATER THAT NIGHT...

Hey, I learned about a new dance move last night that I wanted to try out.

You want to learn it, too?

Sure thing, I'm always willing to try out some new moves.

Do you... want to be Jazmin for this?

I think I'll be alright. I honestly want to see if I'm just as graceful on the poll as Juan.

Now THAT I gotta see.

You have GOT to be kidding me, Key. Are you serious?

Girl, you know I'm always serious about the business.

Uh, hey you two. We didn't realize you were in here. Did we... come in at a bad time?

Actually, you two came in at the perfect time. You can help Keyshawn and I settle an issue.

Do you think Keyshawn is a bad manager?

Well... that's certainly a loaded question. I'm gonna need some context.

One of the new girls said that a customer has been giving her a hard time.

He keeps shouting at her while she's onstage, and makes her really uncomfortable when she gives him lap dances.

She also said he was aggressive with her after her shift ended.

And what did Keyshawn do? Absolutely nothing.

You know that's not true. I talked to this dude about everything.

He says he didn't do any of the things that our girl was talking about.

I told him to leave the new girl alone or we'd take more drastic measures.

Meaning he's still free to do the same shit to any other dancer here.

The dude gave me his word that he wouldn't do this shit again.

And you believed him? He harassed one of your girls, Keyshawn!

Allegedly. And besides, the guy is one of our highest paying customers.

I'm doing my best to protect my girls, but I also need to run a business here, Lex.

And that's your problem. You care more about the business than you do about these girls.

If one of our dancers doesn't feel safe, you need to do something about it.

That's exactly why I hired bouncers like Juan.

I know you care about these dancers, Lex. And that's why I love you. But let me do my job, girl.

So you're taking his side in all of this?

I'm not on anybody's side, here.

Well, as you can see, I can't convince Keyshawn to see things from the perspective of a dancer.

Care to offer some insight, you two?

Well... I do have one potential idea that might help.

If you want Keyshawn to see the world through the eyes of an erotic dancer, then why not make him be one?

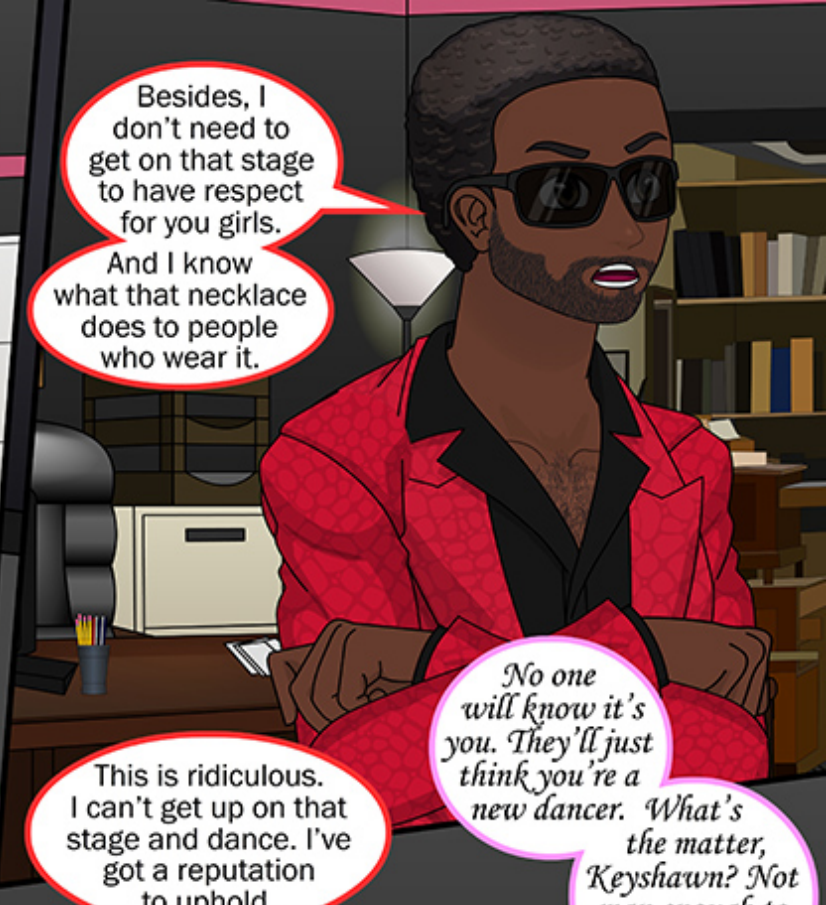

Oh baby, that's a great idea! Keyshawn can use the necklace!

Oh, hell no!

I'm not saying it has to be a long-term change. Maybe just one night?

Absolutely not. I've got too much to do tonight to be a dancer.

Besides, I don't need to get on that stage to have respect for you girls. And I know what that necklace does to people who wear it.

I, for one, think that Juan's idea is brilliant.

You always talk to me about how "easy" the dancers have it at the Vixen.

Well, if you think we have an easy job, then the job should be a cake walk for someone like you.

This is ridiculous. I can't get up on that stage and dance. I've got a reputation to uphold.

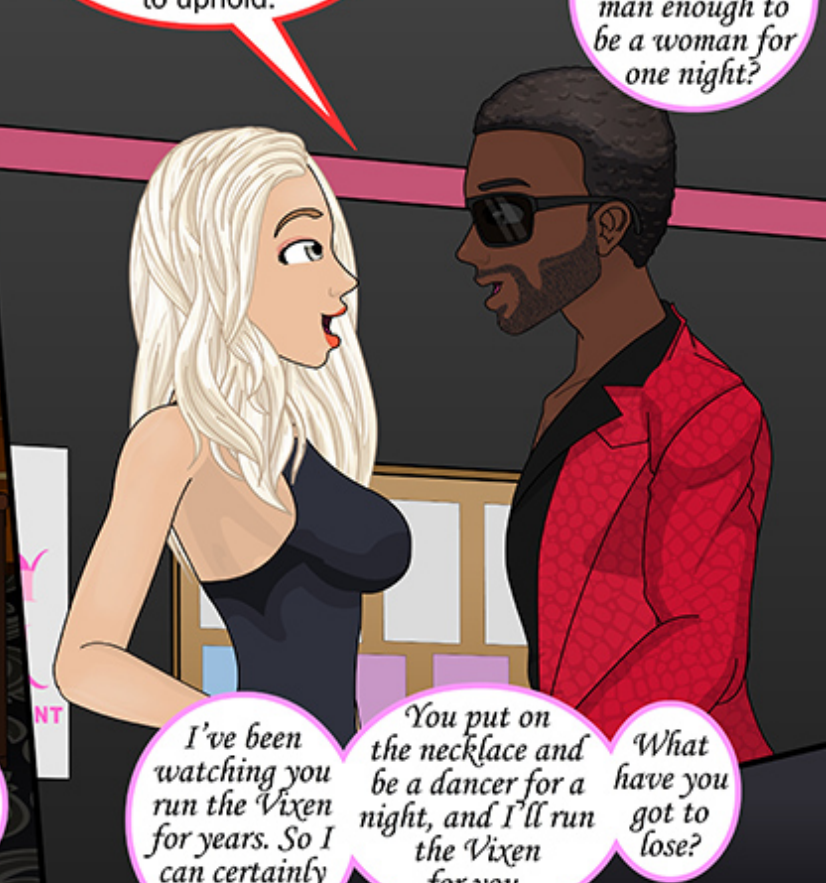

No one will know it's you. They'll just think you're a new dancer. What's the matter, Keyshawn? Not man enough to be a woman for one night?

Of course I am. You know better than anyone else that I'm down to try anything at least once.

I just... don't have the time for this right now. I've got a business to run.

Then how about you and I swap?

I've been watching you run the Vixen for years. So I can certainly handle it.

You put on the necklace and be a dancer for a night, and I'll run the Vixen for you.

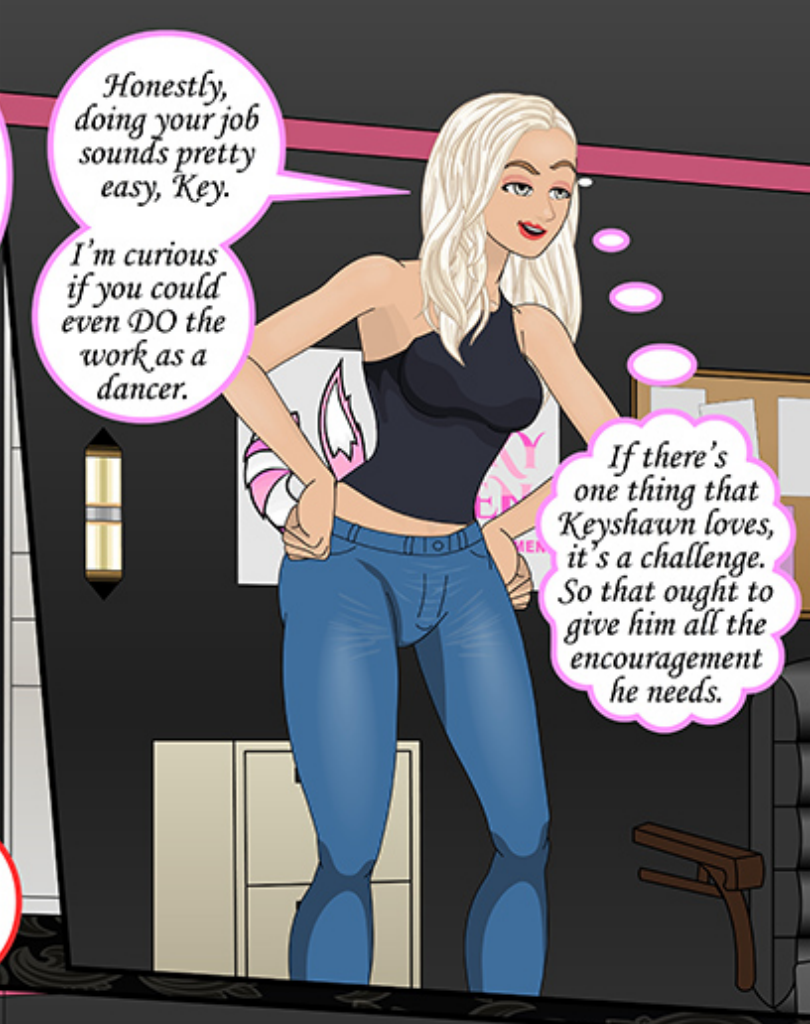

What have you got to lose?

You seriously think that you could run the Vixen for even one night?

Damn right I can. I'll do an even better job at running the Vixen than you.

At least while I'm in charge, my dancers will feel safe and protected from scumbags.

Honestly, doing your job sounds pretty easy, Key.

I'm curious if you could even DO the work as a dancer.

If there's one thing that Keyshawn loves, it's a challenge. So that ought to give him all the encouragement he needs.

You know what? If you think my job is easy, then go for it.

I'd love nothing more than to wipe that smirk off your face, Lex.

And if being a woman for a night will do that, then I'll gladly put on the necklace.

Oh, this is going to be fun! I bet you'll make the sexiest dancer. The necklace has always produced major hotties.

But if you're going to be one of my girls for the night, then you're going to get the full experience.

In fact, I'll make you a deal: If you make \$1000 tonight, I'll agree to a foursome with whoever you want.

You can earn that money however you want. Lap dances, private shows, even full service.

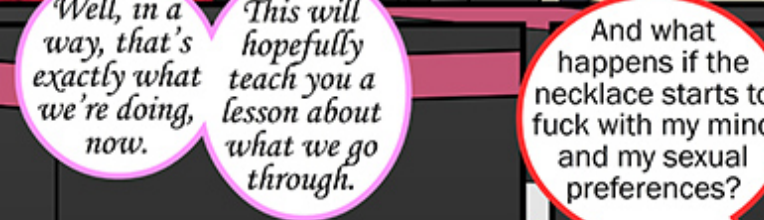

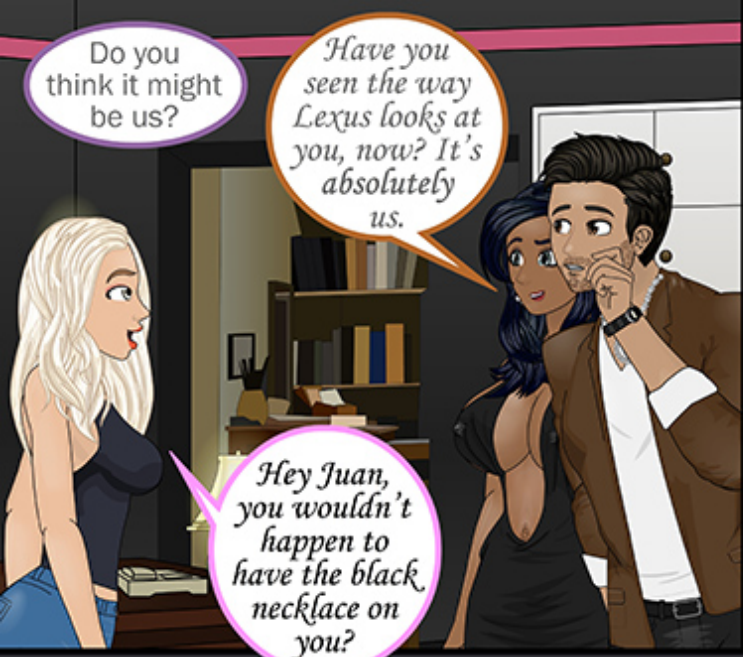

You've got yourself a deal.

I didn't realize that Lexus and Keyshawn were so competitive.

Yeah, but they clearly have fun testing each other.

I also wonder... who does Keyshawn want to have a foursome with?

Hmm, Keisha. I like it. That's a very cute name.

Yeah well, don't get used to it.

I might be a girl for the night, but I ain't gonna be cute.

Damn, I'm practically swimming in this jacket, now.

Then take it off, Keisha. Show us some skin.

If you're gonna be a dancer for the night, then you'll have to get used to stripping.

You're enjoying this manager stuff a bit too much.

I'm just making sure my girls know what they're doing up there.

Think of this as a little try-out, baby.

After all, you made Jazmin and I strip for you when we first started.

Alright, you got me. I'll put on a show for you. But you gotta wait.

Wait for what?

Damn, Key. You're taking this a lot better than I expected.

For these melons to become fully ripe. I figure you'd dig that.

When you've seen as many men turn into women as I have, you kinda get used to it.

But if there's one thing I know... it's how to put on a show.

I just... didn't expect you to be so alluring, so quickly.

What's the matter, Lex? You're looking a little hot under the collar.

Like I said, if I'm gonna be a woman, I'm doing it with confidence.

I've been in the game long enough to know what my customers like most.

And there ain't nothing sexier than a woman who knows she's the hottest, and owns it.

Oh! Although, I didn't expect these breasts to be so sensitive.

Even the tiniest touch is sending pleasant vibes up my spine.

No wonder Lexus loves it when I play with her tits.

Ohh! Is someone getting a little excited down there?

I have to admit, a dancer with her own pole would be pretty hot.

I uh... didn't realize how intense this part of the transformation would feel. It caught me off guard.

Heh, then it really is your first time. The intense pleasure is one of the best parts.

For sure. Nothing quite beats discovering how euphoric it feels to become a woman.

At first, it feels like your senses are overloading. Like your head is in the clouds.

Yeah, and as your senses adjust, the waves of pleasure help you to relax and wash any anxiety away.

I agree. And by the time it's over, it feels like you're sitting on top of those clouds.

Giggle!

I think Keisha's head is definitely in the clouds right now.

This is unreal and jarring. I don't even recognize myself.

How am I expected to go on stage in such a foreign body?

What's the matter? I thought you said that you'd be a confident woman, Keisha.

Besides, you've forced women like Jazmin to go on stage after transforming, whether they wanted to or not.

Isn't it about time for you to get the same experience?

Th-that was different. I was trying to teach Juan a lesson about treating my girls with respect.

And that's exactly what I hope YOU learn tonight.

You're a great guy, but sometimes you prioritize what the customer wants over what your employees need.

And I can't think of a better way to teach that lesson than spending a night working the pole.

Alright, you've made your point. I promised that I'd do this, and I'm a man of my word.

Just promise me you won't burn down the club while you're in charge?

Don't worry your gorgeous head about a damn thing, tonight. I've got everything under control.

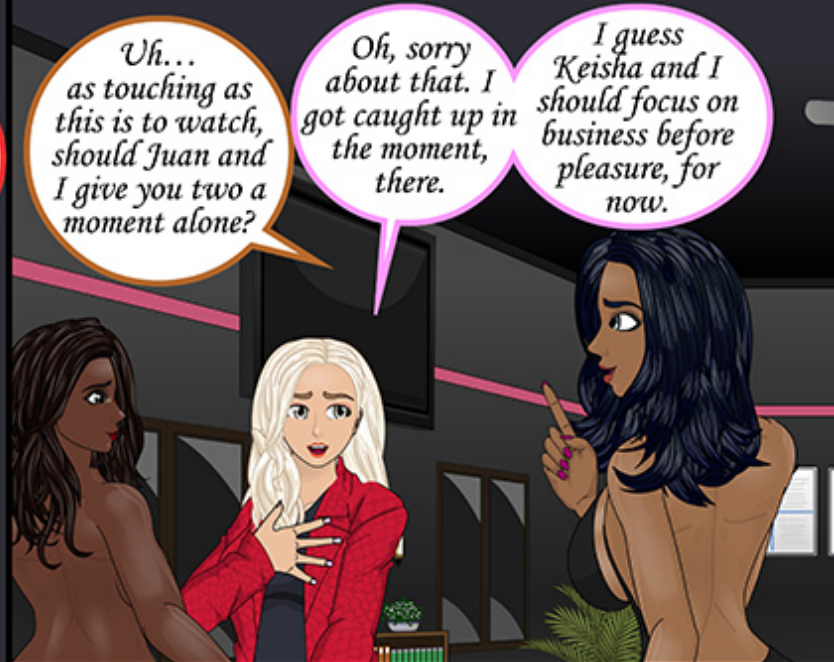

Mmm, you know, you really did turn out sexy, Keisha.

I'm finding it difficult to resist you.

Yeah? Then why resist at all?

Heh, even when he's a woman, Lexus, can't resist Keyshawn.

That's true love, right there. Reminds me of us.

So, I assume you know where to find everything here, Keisha?

Uh... not really, actually. I haven't been back here in the women's changing room in months.

I always liked to give you girls your privacy.

No problem, I'll help you find anything you need.

Outfits are over on that clothing rack. Let me know when you've picked an outfit, and then we can decide on which heels to wear.

Do I... really have to wear heels tonight?

You don't have to, but I'd definitely advise that you wear them.

It'll help you get a lot more tips.

I guess that's fair. I do want to look my best for tonight, even if I don't want to wear heels.

If only to show Lexus that I can be a great dancer as well.

Plus, as great as those tips sound, I'm more eager to feel their throbbing erections while I work them tonight.

Wait, where the hell did that come from? I've never been that thirsty for other dudes before.

Must be the necklace altering your sexual preferences.

Though I've never seen it work that fast on a first-timer before.

That was even more jarring than I expected. Especially since it felt so natural.

But at the same time, it wasn't an awful thought, either.

The thought of satisfying an eager stud is turning me on more than I expected.

I wasn't planning on offering customers the full service treatment tonight, but I might need to experience it.

Just to learn what it feels like to get fucked by a big, strong man.

Damn! These feminine urges don't mess around.

I don't know if I should be excited or concerned.

Everything alright, Keisha?

Huh? Oh, uh... just got lost in some "new" thoughts for a moment there.

Can I ask you a question? Doesn't it feel weird, knowing that the necklace changed parts of your mind?

When I'm a woman, everything seems simpler and more fun.

If that's how the necklace wants me to feel, I don't mind that. It's a great feeling, and I don't want it to go away.

Even if I was a man, I'd want to keep feeling the way I do right now.

I think people react differently to their experience with the necklace.

Juan, for example, likes the power and allure of being Jazmin, but also wanted to feel in control.

But me? I love the bliss and simplicity of being Caitlyn.

I love that I have a purpose like this, and someone who loves me for who I am.

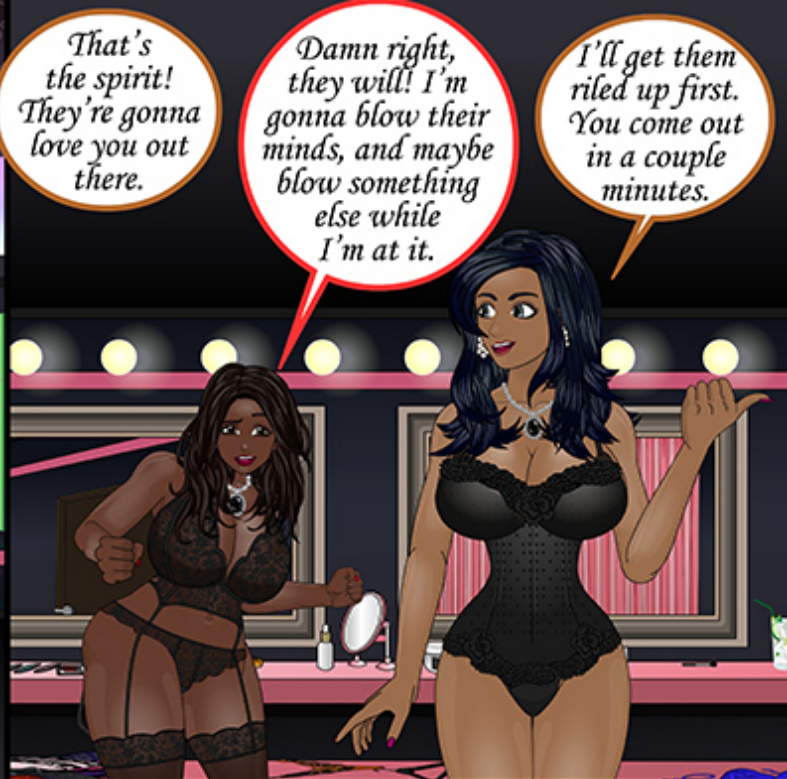

Especially since he and I have a very bright future together.

I didn't know you felt that way about being a woman. In that case, I'm very happy for you and Juan, Caitlyn.

Alright, are you ready for your big debut, Keisha?

Not really, but I don't have much of a choice, do I?

That's the spirit! They're gonna love you out there.

Damn right, they will! I'm gonna blow their minds, and maybe blow something else while I'm at it.

I'll get them riled up first. You come out in a couple minutes.

I don't know if I should keep the necklace on while I perform out there.

I'm not fond of my mind being affected, but it's making me eager to please those guys out there.

I guess a little while longer with the necklace couldn't hurt.

Alright, alright! You've been waiting all night for her, and she's been waiting for you, boys!

Give it up for Caitlyn!!

I'll never get tired of hearing the DJ calling my name like that.

Or the way these guys act like I'm the center of their universe.

Then again, I just love the power I feel by being Caitlyn.

Oh, is that Gerald I see in the audience tonight?

He's probably still infatuated with me, even after I told him I have a fiancé.

Still, I'll bet he's looking for a wild time tonight.

Thankfully, I know a new girl who will love his money. I'm sure Gerald will adore how confident Keisha can be.

It's funny. A few months ago, I would take every opportunity I could get to jump Gerald's bones.

Even his offer to pay me to be his girlfriend didn't sound awful.

But around that same time, Juan became even more attentive and supportive.

I always knew Gerald only cared about one thing. But Juan really is different.

Being with Juan makes me feel like a complete person.

So sorry, Gerald. Juan will always be my man. Now more than ever.

Alright gentlemen, you're in for a special treat, now!

Joining Caitlyn on the main stage is our newest dynamite babe!

She's thrilled to meet you, so give it up for the lovely Keisha!

Wow, I don't think I've ever had so many people all looking at me at once.

I can feel my heart pounding. Almost matching the beat of the music.

But it's not pounding out of anxiety. It's pounding out of excitement!

And I might as well let it all out! That's what these guys wanna see!

Damn, Keisha isn't wasting any time!

I've never seen a new dancer own the stage so quickly before.

I've seen enough acts over the years to know what works best.

And now that I've got this attractive body, I'm curious if I can pull off the best dance moves I've seen.

This was always one of my favorite moves to watch Lexus perform.

And tonight, anything she can do, I can do, too.

If Lexus wants me to be a dancer tonight, then I'll be just as good as her.

In fact, I bet that I can earn more tonight than she normally does.

Oh, my first customer!

Aww, thank you so much, baby. Stick around, 'cause there's a whole lot more to come.

\$980 more, and you'll be having that foursome you want so bad.

Hey, any hint on who you wanted to ask?

I have a couple in mind, but I'm not sure if they're interested.

I have a feeling that couple is more interested than you would think.

I'll bet they're pretty kinky, like you and Lexus.

But I wonder... will this couple want you to be Keyshawn? Or Keisha?

If they're down for anything, then so am I. Especially since I'm enjoying how much energy I have as Keisha.

You know, I'm surprised you've never used the black necklace before.

After all, you've had something really powerful at your fingertips all this time.

True, but the way I look at it, the real power in this world isn't magic.

It's always been about money. It can turn a nobody into a somebody.

I didn't expect to see you out here. Come to make fun of me for dancing on the pole after all these years?

Why would I make fun of you? It takes a lot of courage to get up there and dance.

Honestly, I'm proud of you for doing that.

Especially since you were actually really good up there.

It would have been easy for you to crash and burn, but you were just as good as any other top dancer.

Yeah, well... thanks, I guess. I learned a lot from you, babe.

So then, why are you on the main floor right now?

I'm checking up on my girls. Making sure that they're not being mistreated.

I appreciate the help, but is that really necessary?

It always helps the girls to have someone on their side. It makes anyone feel protected.

Especially given our line of work.

And since I know you're about to work the floors for the first time, I wanted to give you something.

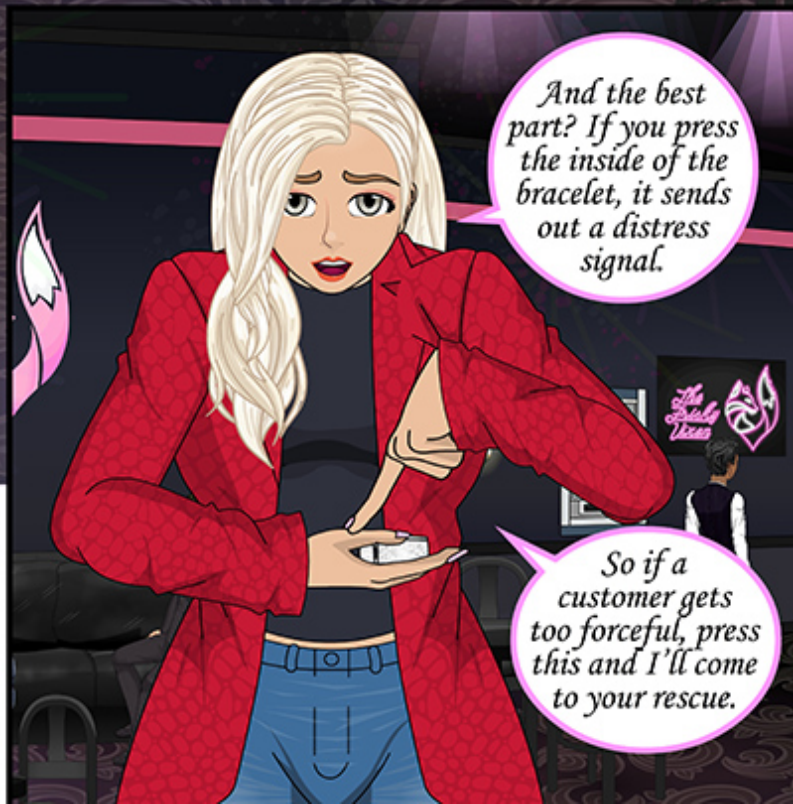

A bracelet? Thanks, but jewelry really isn't my thing.

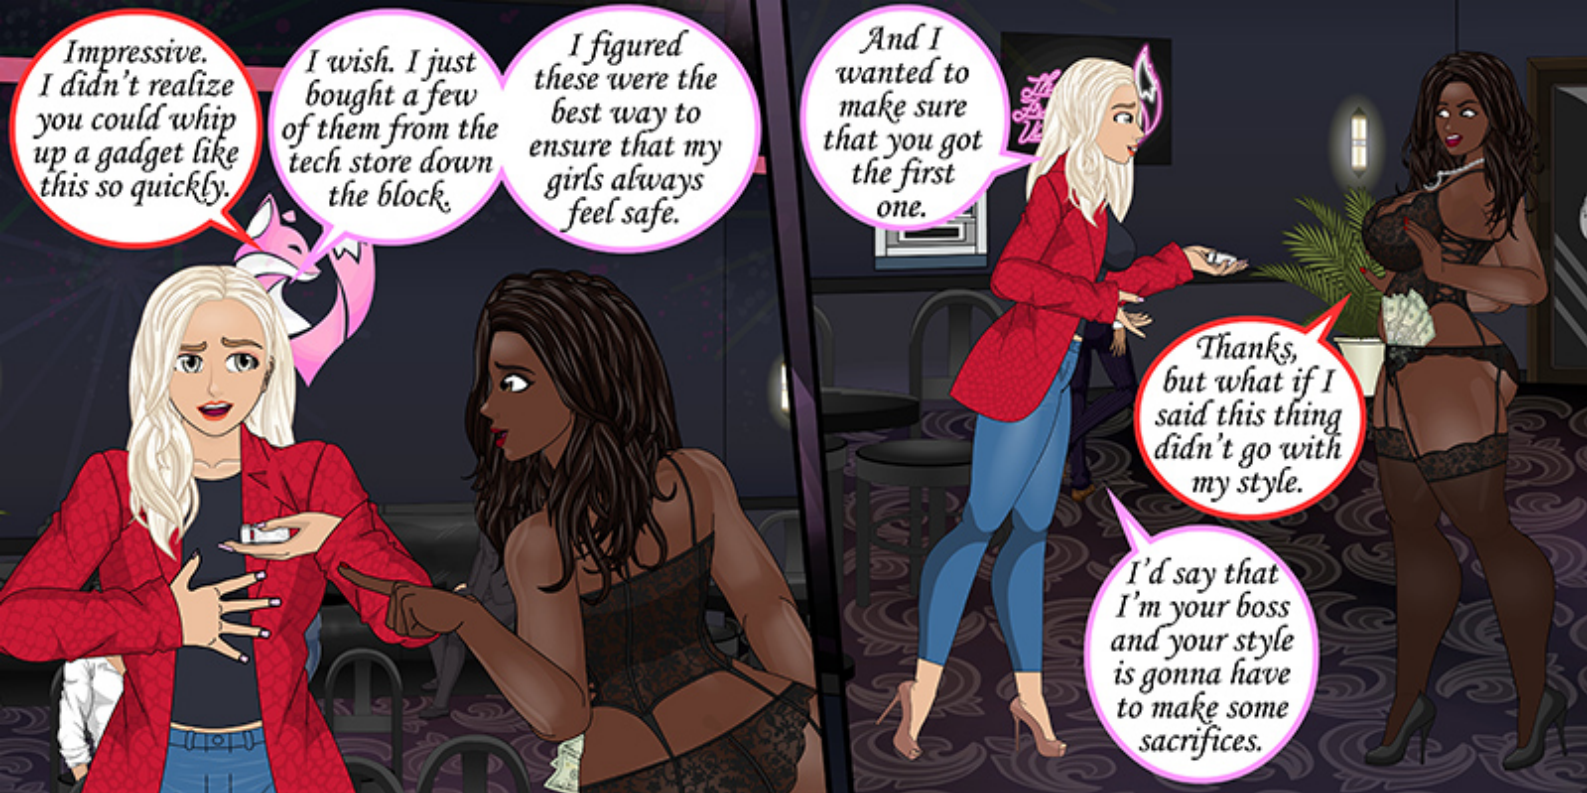

I know, but this isn't any ordinary bracelet.

It has a tracking chip inside of it, so that I'll always know your location.

And the best part? If you press the inside of the bracelet, it sends out a distress signal.

So if a customer gets too forceful, press this and I'll come to your rescue.

Make yourself comfortable, big boy. I know I will.

Glad to hear it. By the way, I assume you provide the full service treatment, right?

I uh... haven't decided yet. I've never done anything like that before, but I'm feeling adventurous tonight.

I guess I'm just a little nervous about going that far.

In the meantime, how about we take things slow, and feel each other out?

If that will help you make up your mind, then I'm down to try that.

Well, if it helps, I'd be willing to pay extra for that treatment.

I'll keep that in mind. Thanks for telling me.

For now, sit back and let me take care of you, Gerald.

God, that feels so weird to say out loud. Is it because I've never said that to a dude before?

I'm used to saying that to Lexus all the time. Especially after she's had a long shift.

So then why does it feel off to say it in this situation?

I guess... it's because that's something special between Lexus and me.

She always gives it her all on stage, but still always has enough in the tank for me.

For us.

She really does complete my world. I don't know who I'd be without... Oh my god! Am I having second thoughts because I love Lexus?

I haven't thought about it that way. But the more I do, the more it makes sense.

I really do love Lexus more than any other person I've known.

The way she puts everything she's got into all she does. She's incredible.

And the fact that she stepped up to be manager tonight.

I know I fought it at first, but I love her for doing that.

I think that's why I'm so confused.

Then again, I haven't slept with anyone except Lexus in months.

But then why is this such a big deal? She and I are in an open relationship.

So now is the perfect time to get back at her.

After all, she's slept with dozens of clients. Why should she have all the fun?

Besides, she said it's fine if I give the full service treatment.

Like Lexus tells me: It's not really cheating if it's just for work.

There's no reason to feel guilty about enjoying my time as a woman.

So then why can't I help but feel guilty?

Lexus and I have something special that I've never had before.

And it's something that I'd hate to lose, even if she said doing this is alright.

I know Lexus does this every night, but I don't think I could be like her.

She's stronger than I am.

I worry that the necklace will make me want to do this again and again, and then I'll lose my love for Lexus to this lust.

Am I really going to let Lexus have all the fun, then?

I have all the fun I'll ever need with Lexus.

What's the matter? You were so into me a second ago.

I... I've been giving all this a lot of thought, and I've made my decision.

I don't think I can go through with the full service treatment tonight.

Are you for real right now? I thought you were into me!

I'm very sorry, Gerald. Believe me, it has nothing to do with you or anything you did.

I just don't feel comfortable with going any further than this.

If you'd like, I can finish giving you a lap dance.

That's not good enough anymore. I told you, I need to let off some steam.

I know, and I apologize. I can help you find another girl who could-

Ow! Hey, don't grab me so hard!

I'll do whatever I want with you, bitch. I'm tired of being denied.

I paid for a private session with you, and I'm gonna get it!

Shit, I can't overpower him! He's so much bigger than me, now.

Please, you're hurting me! Let's talk about this.

Why? So you can change your mind again? I'm through with having women toy with me!

No! Please stop, Gerald! I heard you were always a respectful customer.

Sure, when I get my way! You think that'd be easy in a club full of slutty strippers. But you deceived me, and now I'm fed up.

First Caitlyn, and now you! All I ever wanted was to treat you girls to a good time.

Wait, the bracelet the Lexus gave me! She said to press it if I was in danger.

I'm too scared to think of anything else, so I'll give it a shot.

Shit! I don't know what to do here. I feel so... powerless!

How am I supposed to stop Gerald?

I thought all strippers wanted to fuck as badly as I do!

I'm sure that you really want to, deep down.

You just need to be reminded of how badly you want it!

Wait, Gerald! Please, stop!

I've had enough of your protests, bitch.

One way or another, I'm getting what I came here for.

After we're done, maybe you'll learn not to change your mind on a customer anymore.

If you stop struggling, things will get a lot easier for both of us.

If you stop screaming, I'll make sure you even like it.

No, please! I said no, Gerald! Get off me!

SLAM!!

I don't know what to do, now. I've never felt so helpless in my entire life.

He's acting like I'm just a piece of meat without any feelings.

Is this how it feels when a dancer is accosted by a customer? I had no idea!

Keisha! I came as quickly as I could!

What the hell is going on in here?!

Lexus! He's assaulting me!

Get the fuck off her **RIGHT NOW!!**

Look, I don't know what you think is happening here, but we were just having fun.

I'll give you a piece of my mind in a minute.

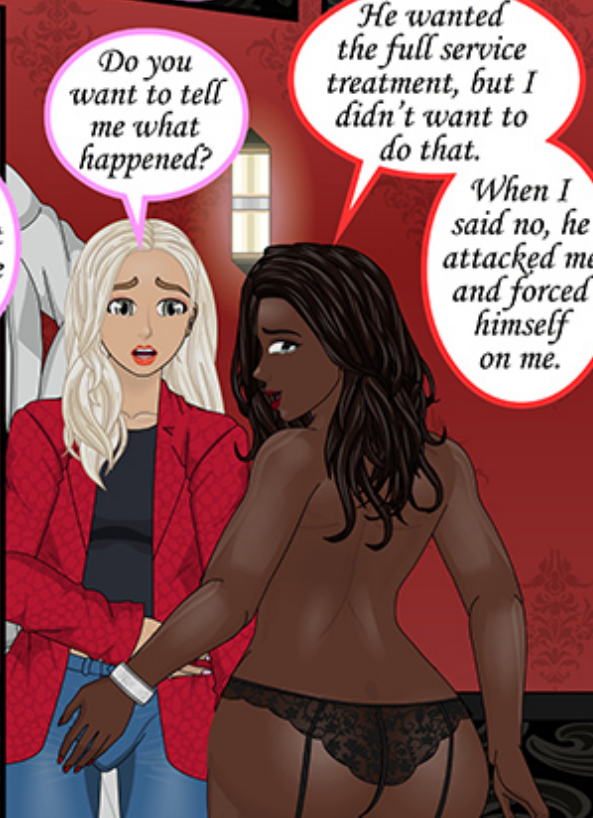

But I've got something more important to take care of.

Are you alright, Keisha? Did he hurt you?

I'm fine, thanks to you. God, I was so scared!

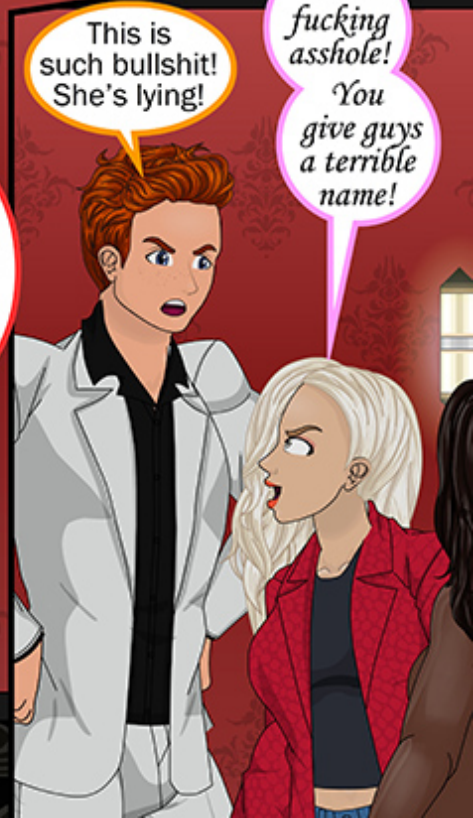

It's gonna be alright now. I've got you.

Do you want to tell me what happened?

He wanted the full service treatment, but I didn't want to do that.

When I said no, he attacked me and forced himself on me.

This is such bullshit! She's lying!

You... fucking asshole!

You give guys a terrible name!

What? You're seriously going to believe her over me?

You're damn right I am! I'd be a terrible boss if I trusted you over her.

This is ridiculous. I thought the customer was always right!

You're the manager, now? Please, like Keyshawn would ever let a woman take over.

Oh wow, so not only do you lie and assault my employee, but you're sexist, too?

You're a real piece of work, you know that?

Customer satisfaction is always important, but it's not as important as the safety of my girls.

And that doesn't make the customer right.

Especially when that customer can't see how he's made my girl feel.

Whatever. I don't need to be lectured by you or her.

If neither of you are going to give me what I came here for, then I'll just leave.

You're not going anywhere. I'm not done with you, yet.

You really think I'd let you assault one of my girls and get away with it? Think again.

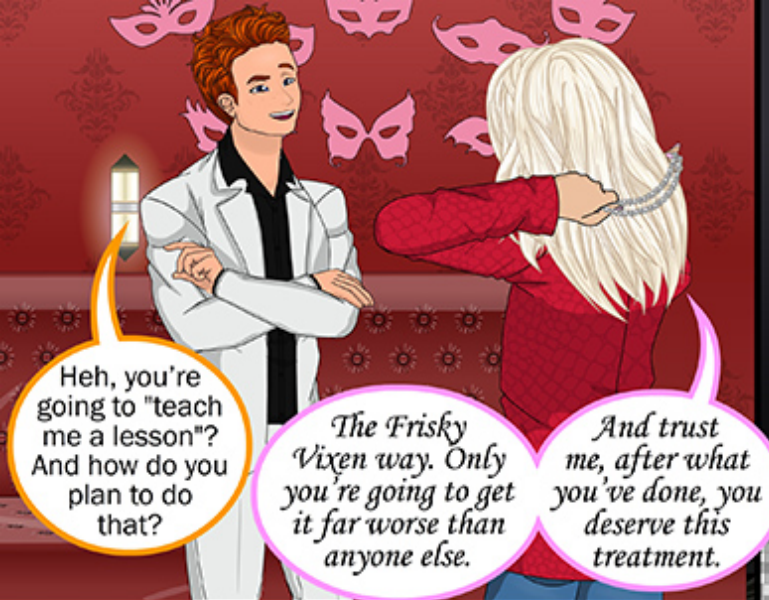

And what exactly are you going to do? Call the police? I'm a lawyer, sweetheart. I can get out of this with ease.

Oh, I have no intention of calling the cops, unless I really have to.

But I know the perfect way to deal with an asshole like you.

If you're going to look down on women, then it's time someone knocked you down a peg.

Heh, you're going to "teach me a lesson"? And how do you plan to do that?

The Frisky Vixen way. Only you're going to get it far worse than anyone else.

And trust me, after what you've done, you deserve this treatment.

Wait, you're wearing both necklaces at the same time? What's that going to do?

That's what I was testing out when I borrowed the necklaces.

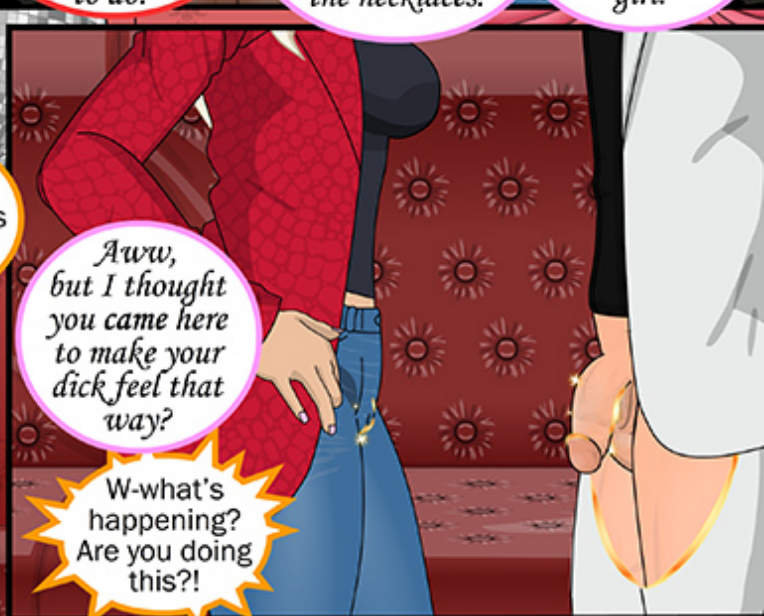

Don't worry, I've got your back, girl.

But since you really pissed me off with those sexist remarks, I'm going to try something new.

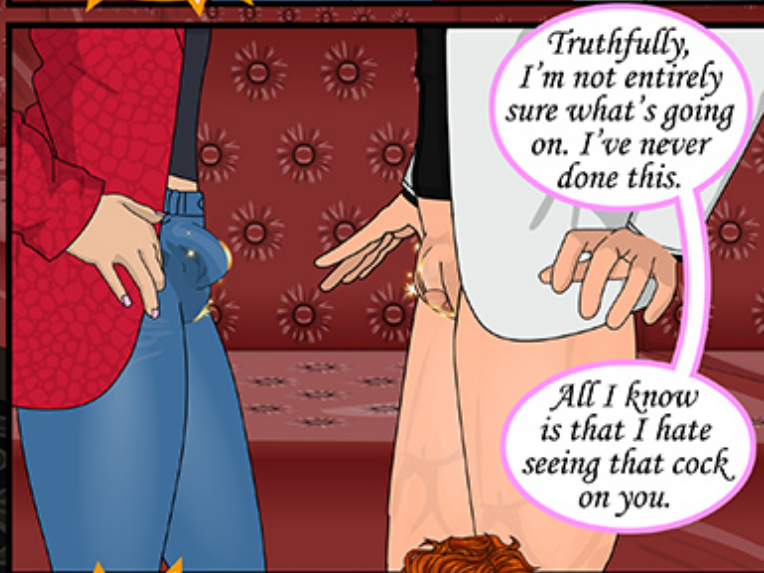

You know, I'd normally just make you wear the black necklace.

Wait, what are you doing? Why does my dick feel tingly?

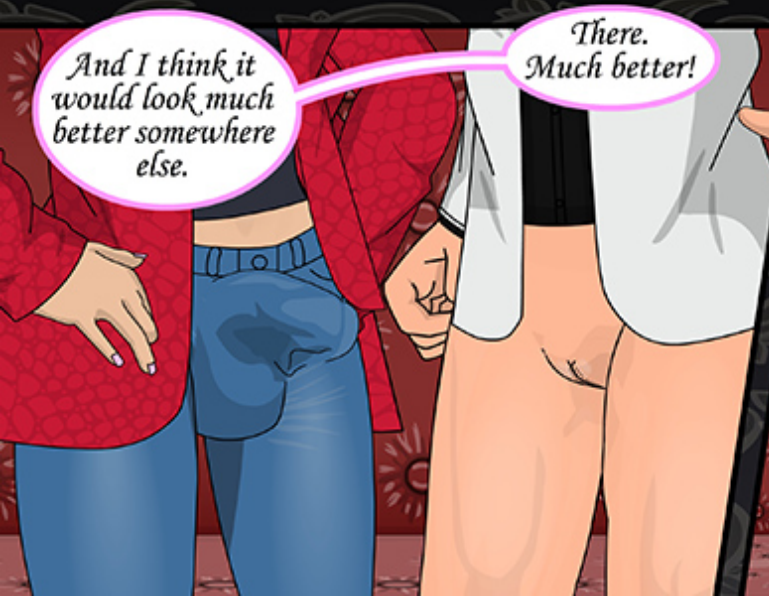

Aww, but I thought you came here to make your dick feel that way?

W-what's happening? Are you doing this?!

Truthfully, I'm not entirely sure what's going on. I've never done this.

All I know is that I hate seeing that cock on you.

And I think it would look much better somewhere else.

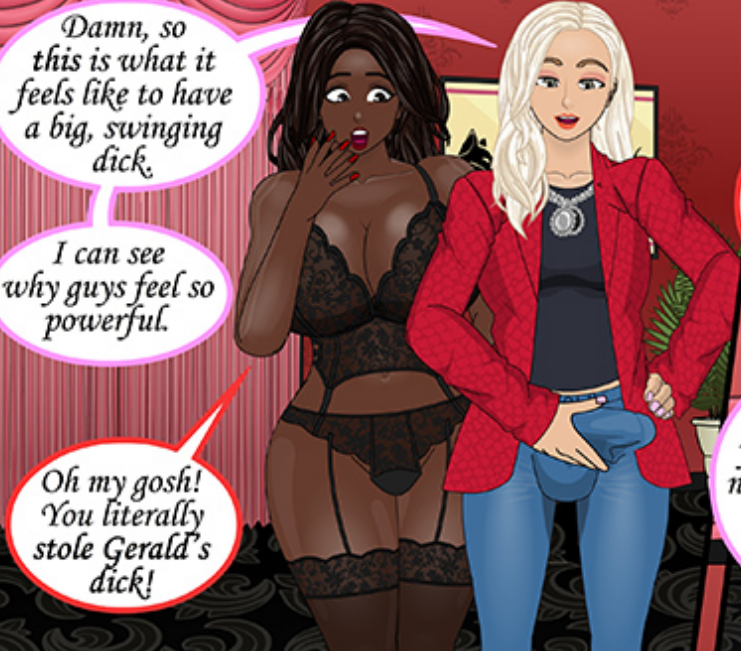

There. Much better!

Wha... What the fuck?! My dick! It... It's gone!

You crazy bitch! How did you turn my dick into a pussy!?

You can't do this to me! I need my dick! I'm not a man without it.

Damn, so this is what it feels like to have a big, swinging dick.

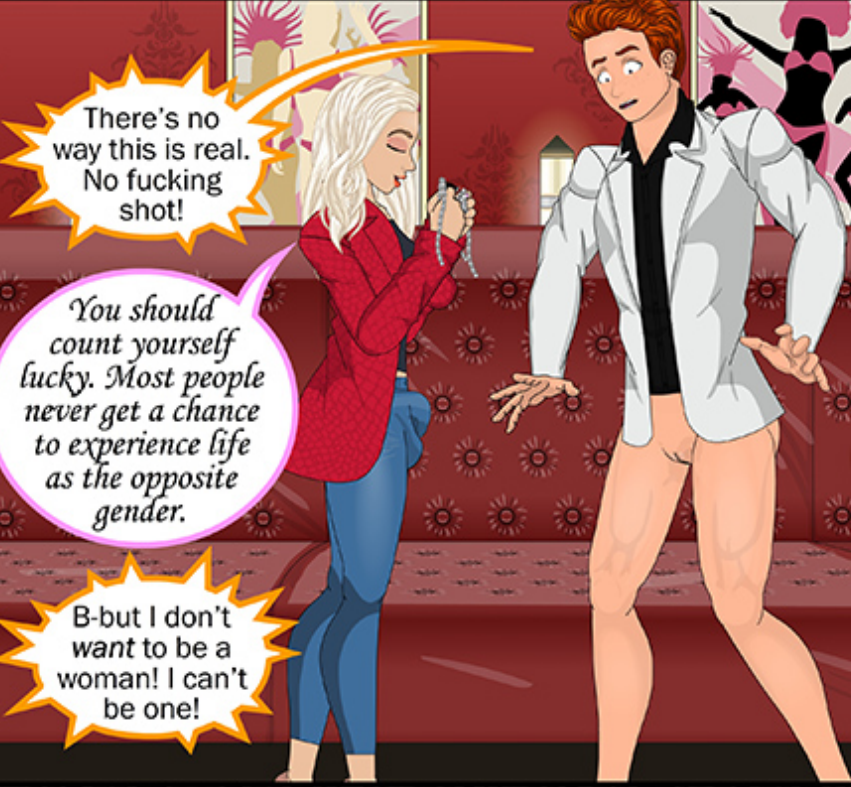

I can see why guys feel so powerful.

Oh my gosh! You literally stole Gerald's dick!

I can't believe that worked.

I didn't know that would happen if someone wore both necklaces at the same time.

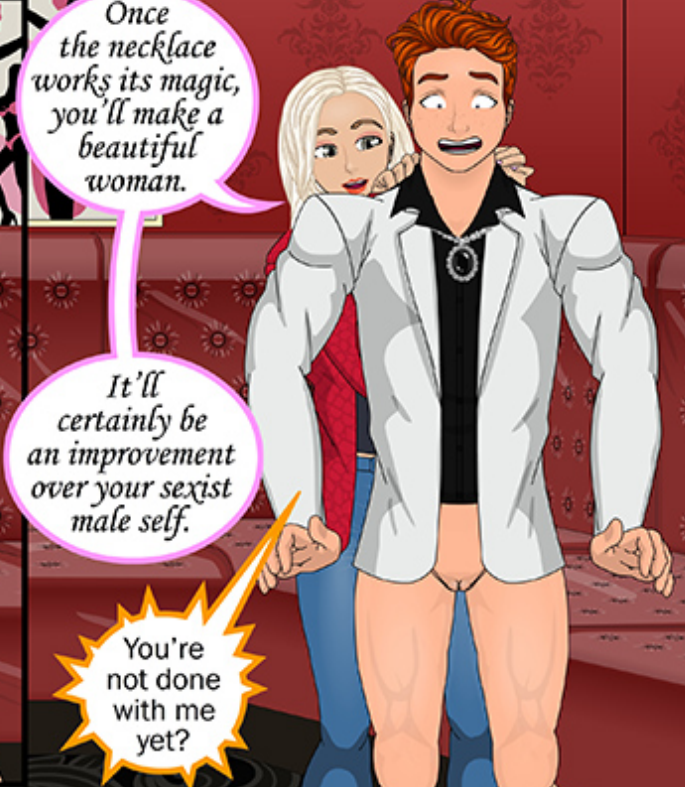

I found a parchment in your office about the necklaces. It suggested that something like this would happen.

There's no way this is real. No fucking shot!

You should count yourself lucky. Most people never get a chance to experience life as the opposite gender.

B-but I don't want to be a woman! I can't be one!

Once the necklace works its magic, you'll make a beautiful woman.

It'll certainly be an improvement over your sexist male self.

You're not done with me yet?

I'm only just getting started with you, darling.

You see, we have a special way of dealing with shitty customers at the Frisky Vixen.

Banning a guy from the club doesn't teach him how to respect women.

But putting him in a sexy outfit and forcing him to dance on stage always does the trick.

This... is impossible! Change me back! Give me back my dick.

I'm afraid your dick has a new home.

But don't worry, I'll put it to good use.

Y-you can't do this to me! Don't you know who I am?!

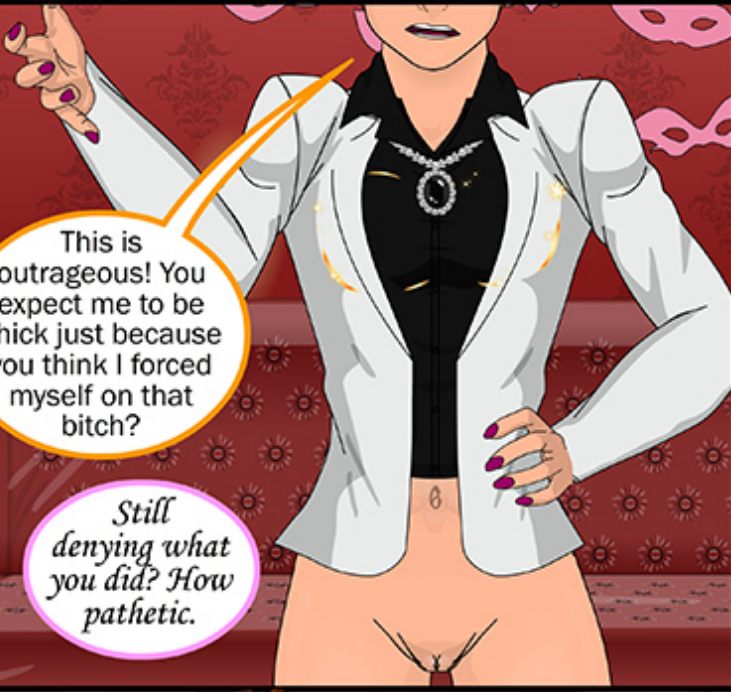

Yeah, you're the douche who forced himself on my girl.

As far as I'm concerned, whoever you were before that is gone. And when I'm done with you, a respectful woman will take his place.

If you ever want your dick back, then you'll do exactly as I say.

But as a substitute, it looks like you'll have a nice pair of breasts, all to yourself.

Holy shit! These things are massive! Make it stop!

This is outrageous! You expect me to be chick just because you think I forced myself on that bitch?

Still denying what you did? How pathetic.

Anything, you say? Well, now that's quite the tempting offer.

Alright, I'll make you a deal: I'll change you back, if you work off your debt here at the Vixen.

WHAT?! You expect me to... be a stripper for the night?!

Aww, but you haven't fully emerged from your feminine cocoon, yet.

Besides, I couldn't stop this even if I wanted to. The necklace isn't done with you.

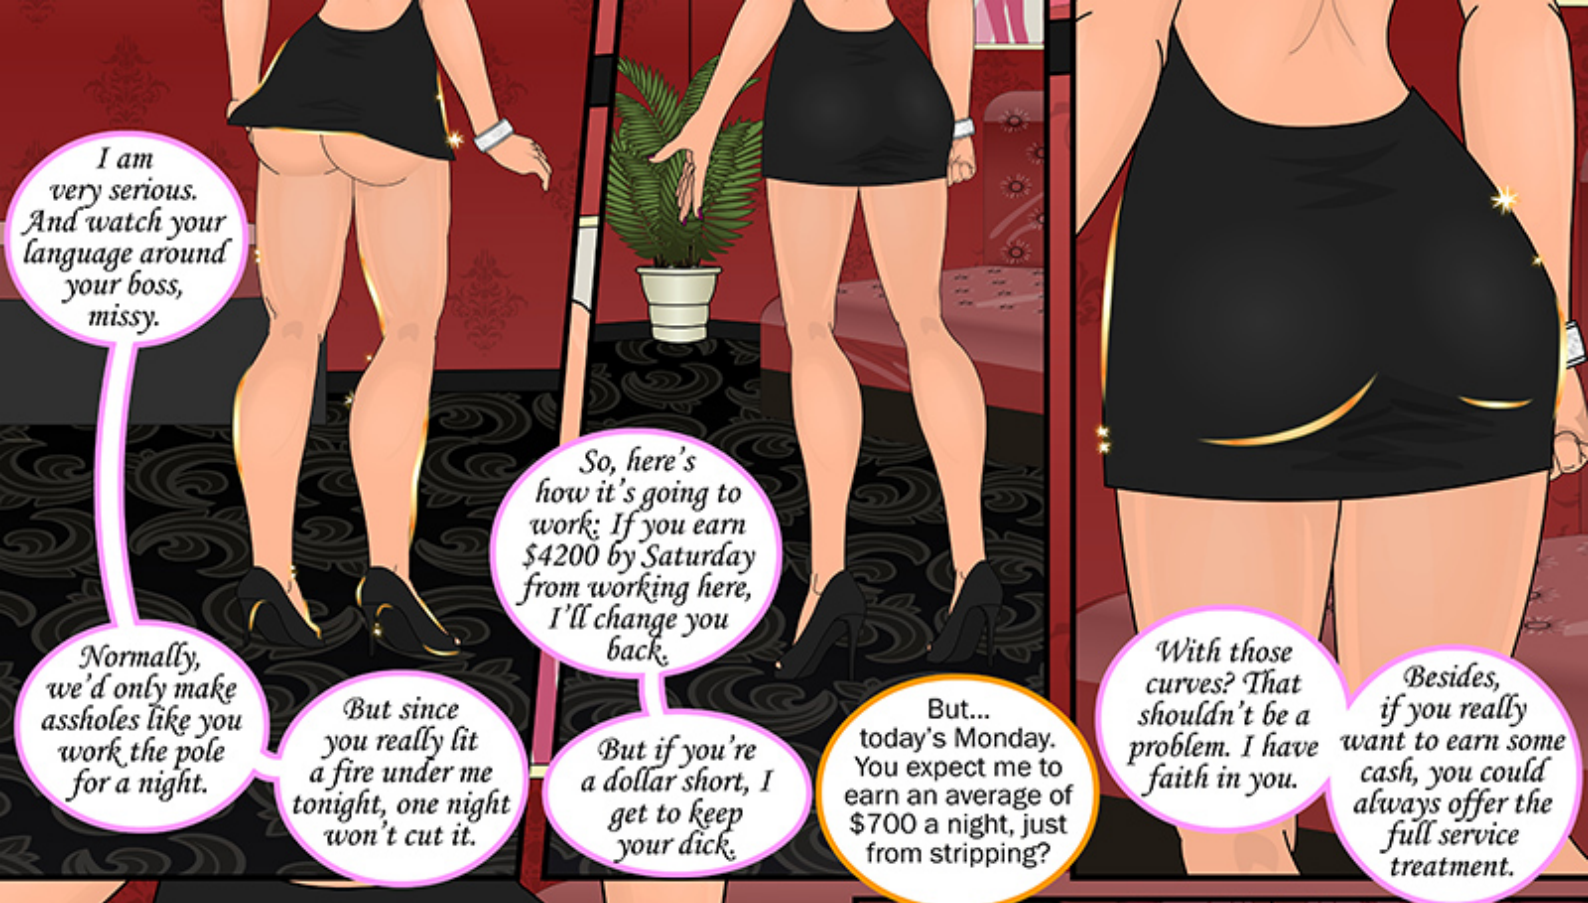

Please, change me back! I'll do anything to be a man again!

Oh heavens, no. One night is letting you off too easily.

I was thinking that you'd be our newest employee for a week.

A week?!? You cannot be fucking serious!

I am very serious. And watch your language around your boss, missy.

Normally, we'd only make assholes like you work the pole for a night.

But since you really lit a fire under me tonight, one night won't cut it.

So, here's how it's going to work: If you earn \$4200 by Saturday from working here, I'll change you back.

But if you're a dollar short, I get to keep your dick.

But... today's Monday. You expect me to earn an average of \$700 a night, just from stripping?

With those curves? That shouldn't be a problem. I have faith in you.

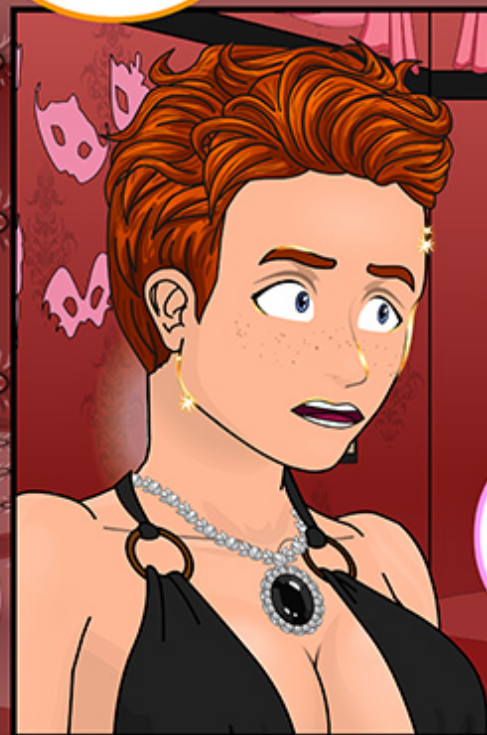

Besides, if you really want to earn some cash, you could always offer the full service treatment.

Full service?! Eww, I would never fuck another man!

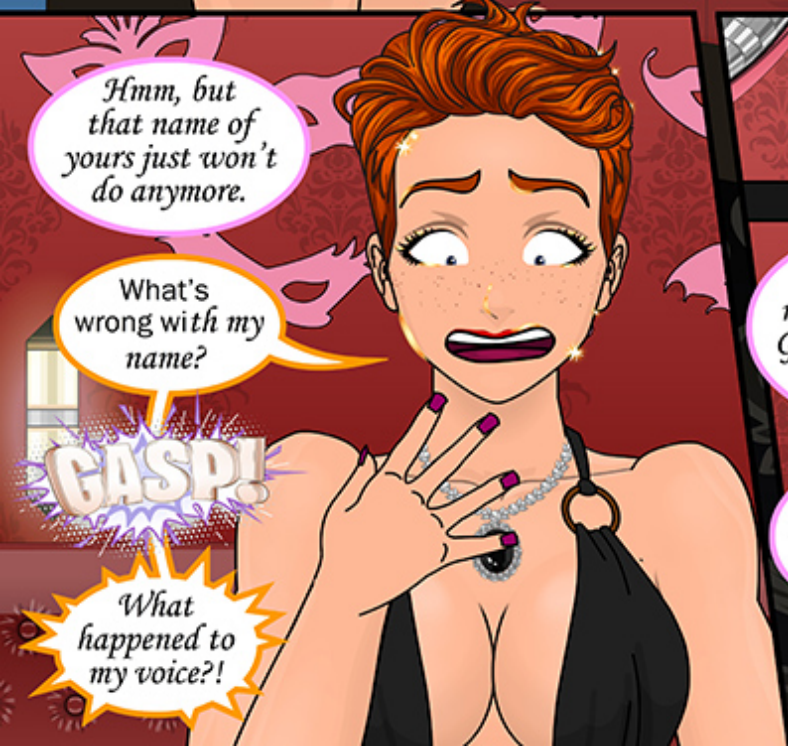

You know, I've heard plenty of guys like you say that.

And it's always fun to watch them prove themselves wrong.

Wait, this has happened to other guys before me?

Yup. You've even fucked a couple of ex-guys at this club, Gerald.

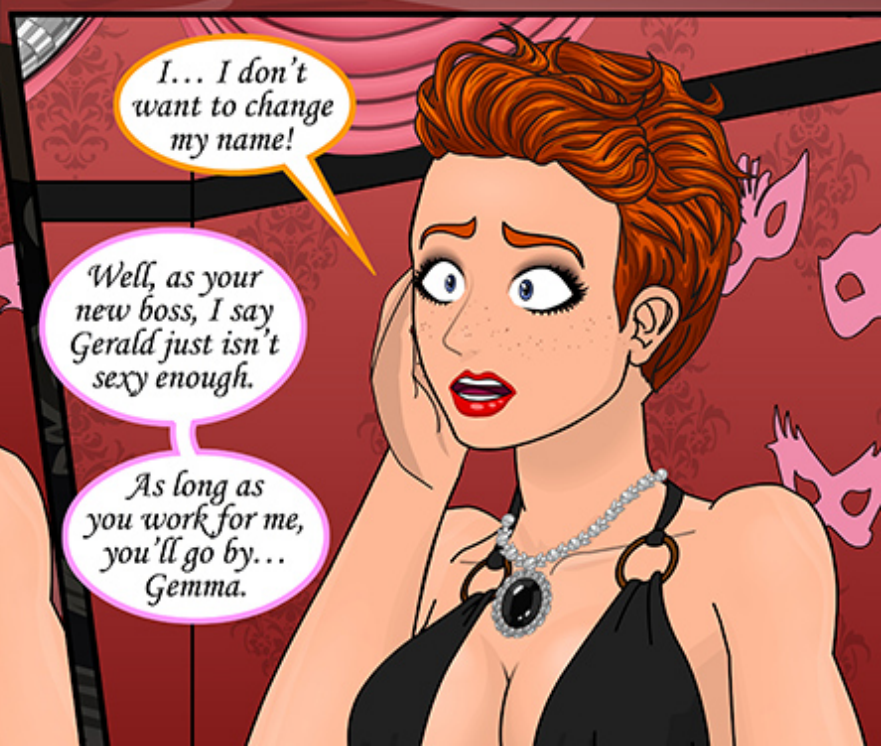

Hmm, but that name of yours just won't do anymore.

What's wrong with my name?

CASP!

What happened to my voice?!

I... I don't want to change my name!

Well, as your new boss, I say Gerald just isn't sexy enough.

As long as you work for me, you'll go by... Gemma.

Well...
what if I refused
to play your game?
I could just walk
away, you
know.

Nothing is
stopping you from
doing that.

But if
you do, you'll
be a woman for
the rest of
your life.

And what
if I told my
associates at the
law office what
you've done
to me?

You really
think anyone else
is going to believe
you?

Face it,
Gemma. I'm your
knight in shining
armor.

Only I can
save you from this
fate... But you'll
have to be a perfect
little princess.

A-alright...
you win. I'll do
anything to get
my manhood
back.

A wise choice,
princess.

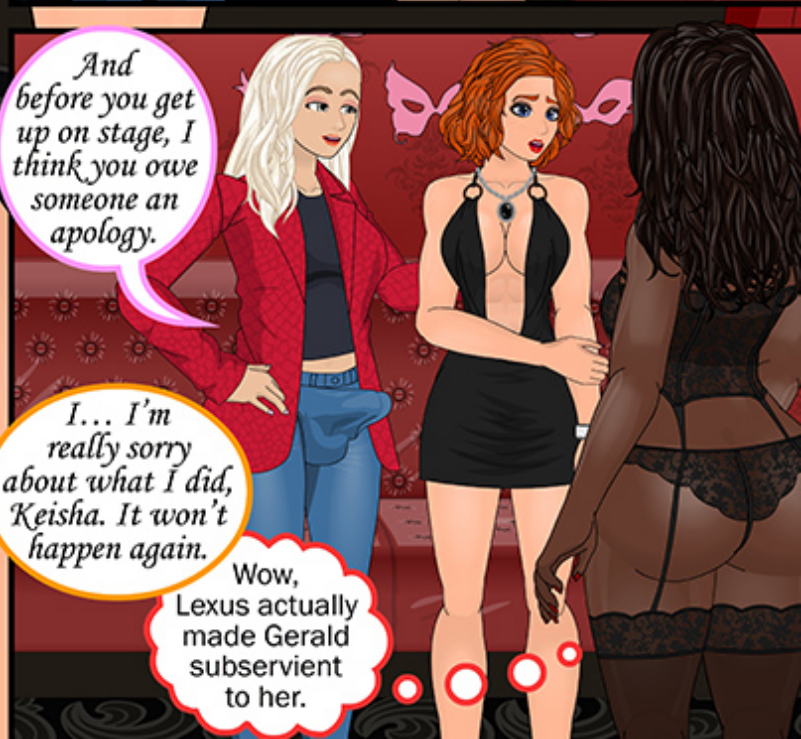

And don't
worry, we take
good care of our
girls, here at the
Frisky Vixen.

As long
as I turn back
into a man, I'll be
whatever you
want me to be.

That's
the spirit!
But remember,
whether you go
back to being a
dude is up
to you.

As long as
you earn \$4200 by
Saturday, then we
won't have any
problems.

And
before you get
up on stage, I
think you owe
someone an
apology.

I... I'm
really sorry
about what I did,
Keisha. It won't
happen again.

Wow,
Lexus actually
made Gerald
subservient
to her.

Well, it better not. Maybe a week as a woman will teach you some manners?

Especially after you spend some time in our heels.

Now, I suggest you get started. If you want your dick back, you've got a lot to earn.

R-right! I just don't know how I'm supposed to earn \$700 tonight.

I know a way. The average full service treatment earns \$400.

Yeah, so just do two of those, and you'll be ahead of schedule, princess.

But hey, you'd better hurry up and entertain those guys. The stage is calling your name.

Yeah, I'm on it... I guess.

Wow, you really took charge back there. I've never seen you so intimidating before.

Yeah well, I might have been seeing red after I saw him on top of you.

I'm really sorry I didn't get here sooner. Are you alright?

Oh God, this is my fucking nightmare!

Yeah, I don't think he bruised me or anything.

I'm glad, but I meant how are you feeling?

Honestly, I'm still processing what just happened. I've never felt so helpless and scared in my life.

I had no idea what it felt like to be in that position until now.

It was the worst feeling of my entire life.

SNIFF!

I'm so sorry, Lexus. I'm sorry for not believing you and the other dancers.

It's alright, babe. I know you're in a fragile place right now. Let it all out.

SNIFF!

I had no idea what it felt like to be in that situation.

God, I'm such a jerk for not believing you, and putting you and the other dancers in harm's way.

SNIFF!

Yeah well, you seem like a better boss than me. Comforting me like this.

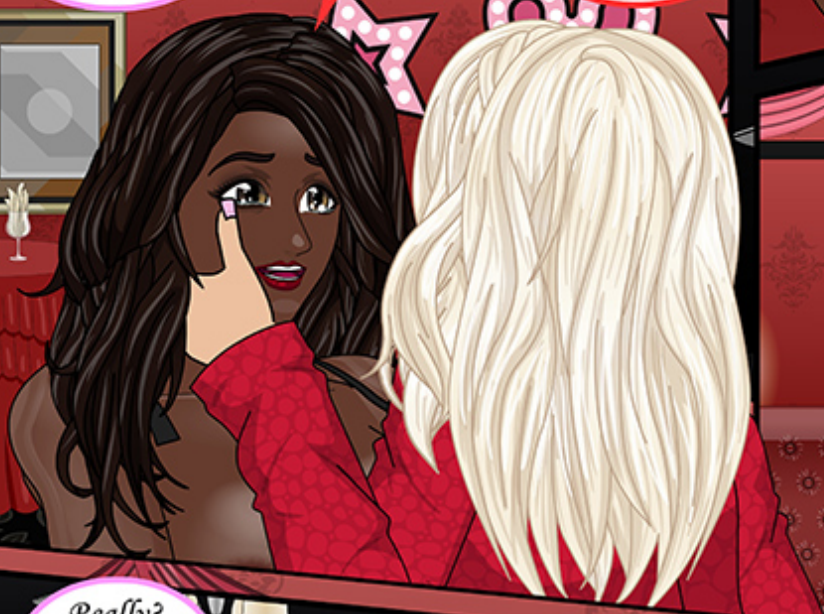

I could learn a lot from your example. Maybe you should be the boss from now on?

You made a mistake. But like a great boss, you learned from it.

Hey, look at me. You're not a jerk.

I respect the hell out of you for putting yourself in our position, and trying it out.

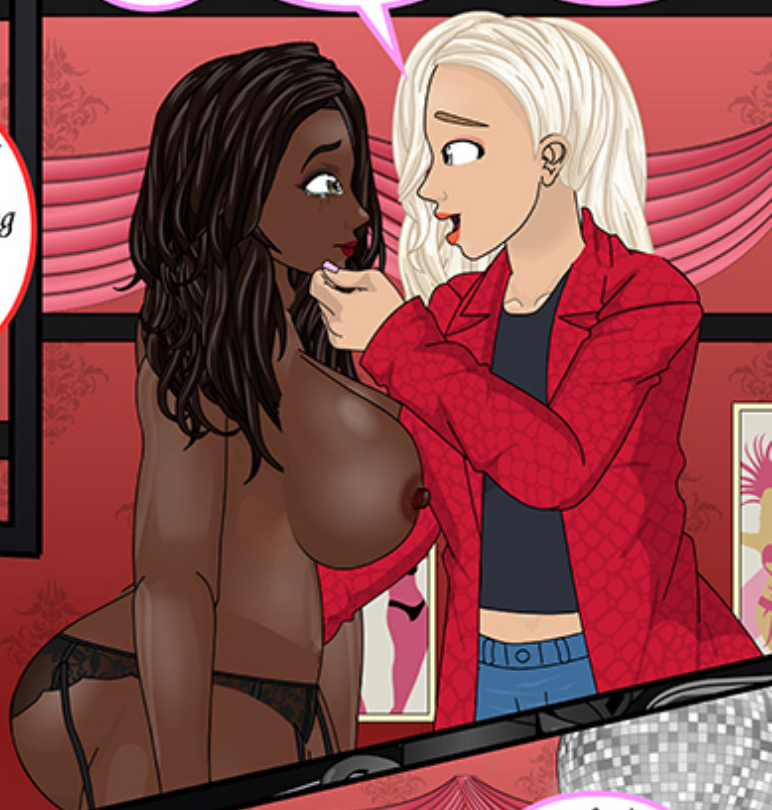

I can't think of any other boss who would do something like that.

Really? That sounds excellent.

Honestly, I was dreading having to do any paperwork. You know how terrible I am with math.

Then how about we seal the deal with a kiss, partner?

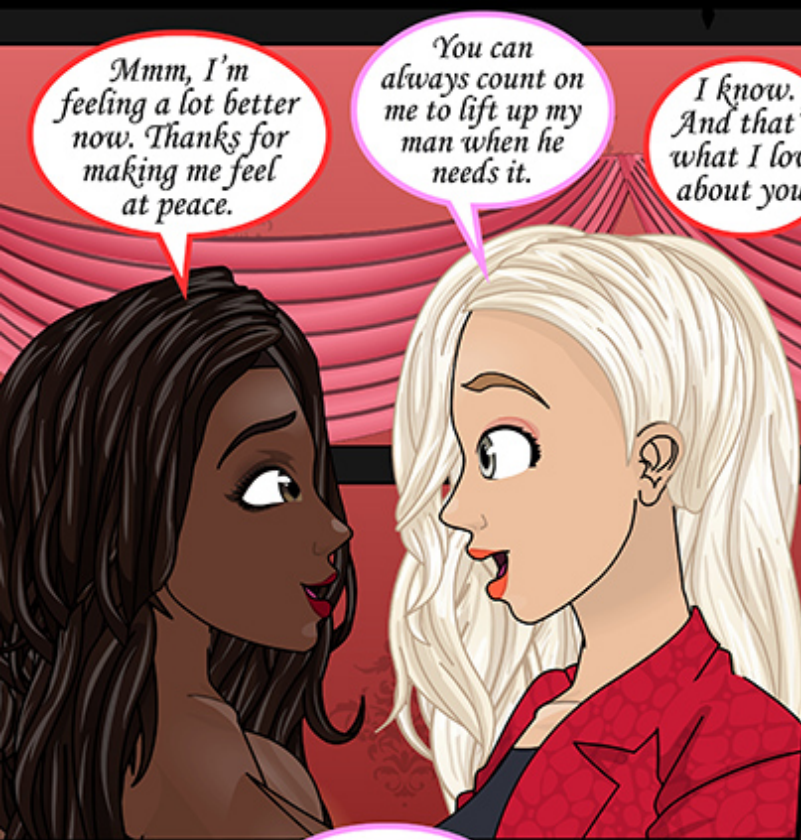

I don't know... I still enjoy the thrill I get from dancing on stage.

How about this? We could run the Frisky Vixen together.

You can manage the dancers however you want, and I'll handle the financials.

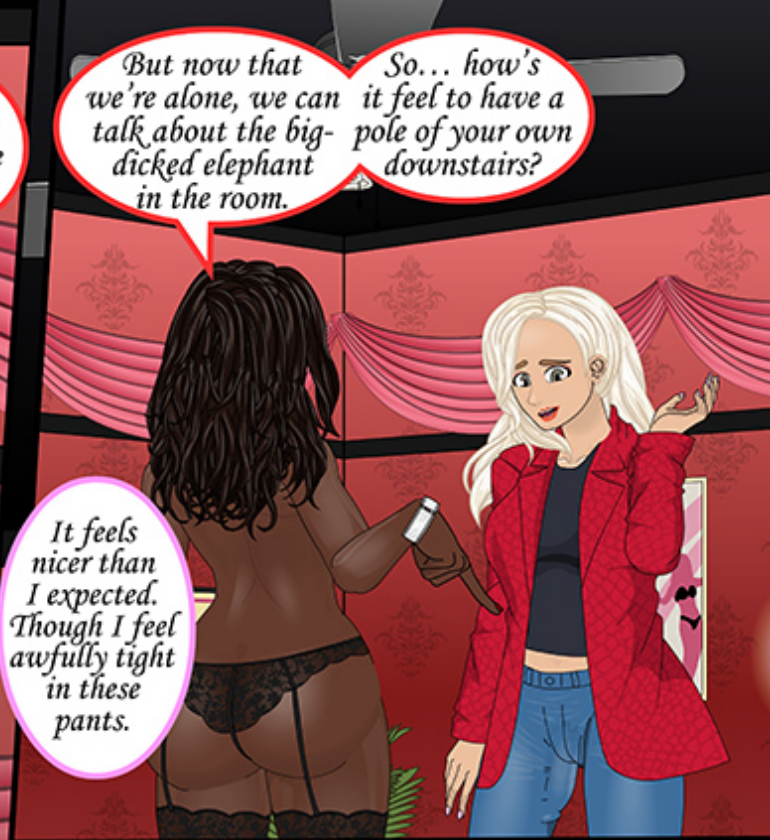

Mmm, I'm feeling a lot better now. Thanks for making me feel at peace.

You can always count on me to lift up my man when he needs it.

I know. And that's what I love about you.

But now that we're alone, we can talk about the big-dicked elephant in the room.

So... how's it feel to have a pole of your own downstairs?

It feels nicer than I expected. Though I feel awfully tight in these pants.

I'm not gonna lie, I feel kinda powerful with this bad boy.

But the weirdest part is trying to contain my arousal.

Honestly, I had a difficult time trying to not get erect while we were talking.

Oh really? I wasn't sure if you found me attractive while I was Keisha.

I think you're more than attractive. I think you're ravishing.

And the fact that I know the man I love is somewhere under there makes me adore Keisha even more.

Giggle!

I'm getting hard just thinking about fucking your brains out.

Are you kidding? I was going to beg you to stay like this when we got home tonight, so we could have a little fun.

Well, why wait until we get home to do some experimenting?

We're already in a private room, and I'm already half naked.

Let's just pretend you're my first customer, and I'll eagerly do whatever you ask of me, sir.

RISKY
WIXEN
ADULT ENTERTAINMENT

Hehe, as... tempting as that sounds, I don't know. I- I wouldn't want to abuse my position as your boss.

Giggle!

Listen to you. I've never heard you this flustered before.

But if it makes you feel better, you can always pay me.

Then we can treat this like a normal customer interaction.

Come on, handsome. I see the way you're looking at me. I know how badly you want a taste of this honey.

Heh, you know I never can resist your confident charm.

But I... I don't know. What if Gemma or Caitlyn walks in?

I've locked the door, sweetie. It's just you, me, and that throbbing hard cock you just acquired.

Mmm, fuck! Your ass is thicker and juicier than I expected.

You like that? Nothing but the best for my man, tonight.

God, you calling me 'your man' is turning me on so much!

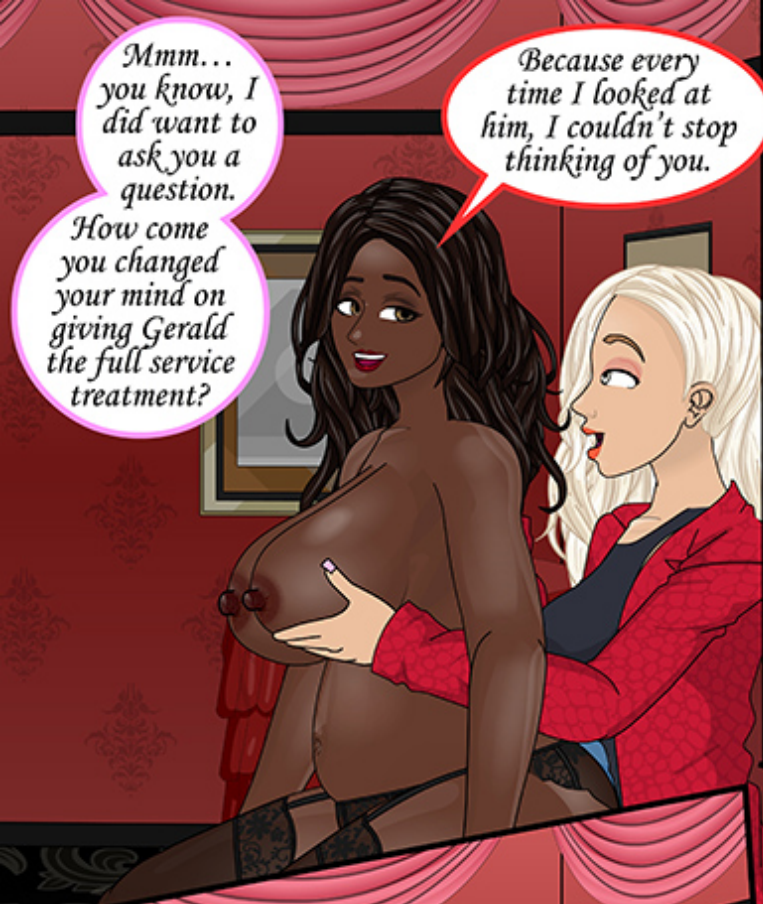

I'll tell you what. I'll give you a lap dance, free of charge.

Once I work my magic, you can let me know if you want the Keisha special.

But just so you know, my booty ain't the only thick part about me, now.

Go ahead and give these puppies a try. I really want you to.

Oh! How could I say no to a ravishing beauty like you?

Mmm... you know, I did want to ask you a question.

How come you changed your mind on giving Gerald the full service treatment?

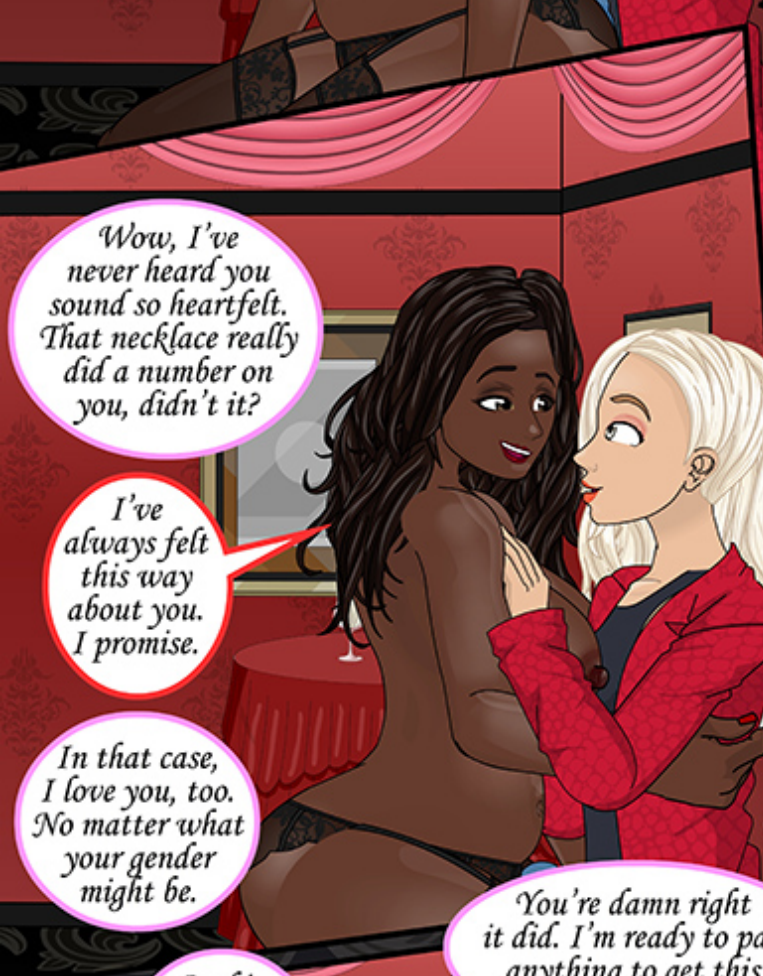

Because every time I looked at him, I couldn't stop thinking of you.

The truth is that I felt terrible about the idea of cheating on you.

I know it's work, but being with you is special for me.

And I didn't want to ruin that. I love you more than anything, Lexus.

Wow, I've never heard you sound so heartfelt. That necklace really did a number on you, didn't it?

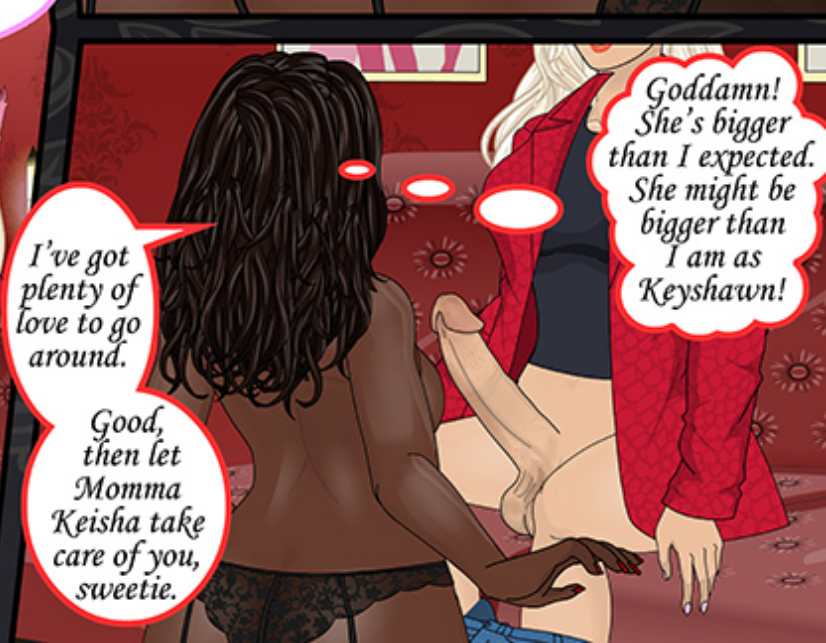

I've always felt this way about you. I promise.

In that case, I love you, too. No matter what your gender might be.

Is this the "Keisha special" you were talking about?

It might be. But the question is... did it work?

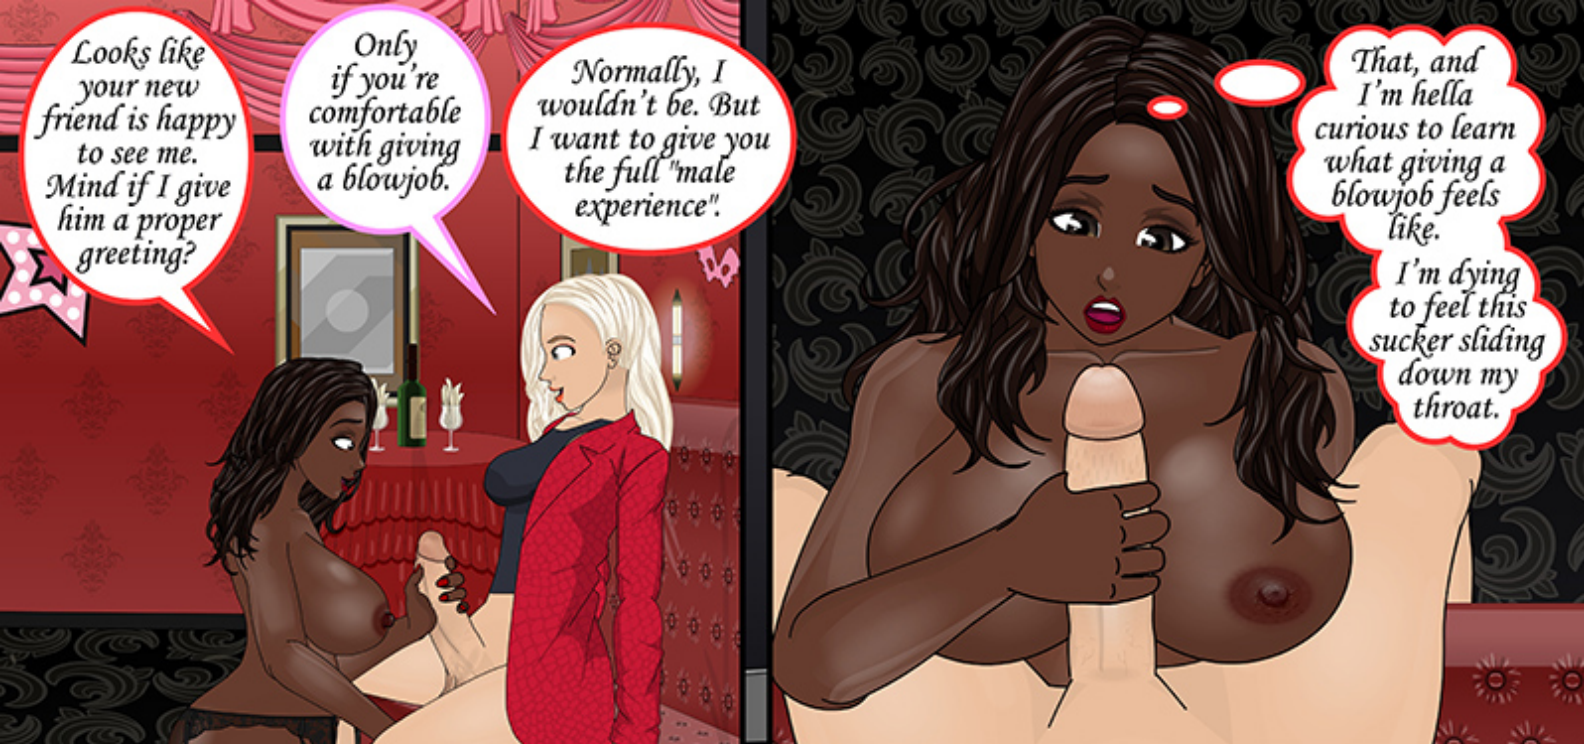

You're damn right it did. I'm ready to pay anything to get this honey pot.

I've got plenty of love to go around.

Good, then let Momma Keisha take care of you, sweetie.

Goddamn! She's bigger than I expected. She might be bigger than I am as Keyshawn!

Looks like your new friend is happy to see me. Mind if I give him a proper greeting?

Only if you're comfortable with giving a blowjob.

Normally, I wouldn't be. But I want to give you the full "male experience".

That, and I'm hella curious to learn what giving a blowjob feels like.

I'm dying to feel this sucker sliding down my throat.

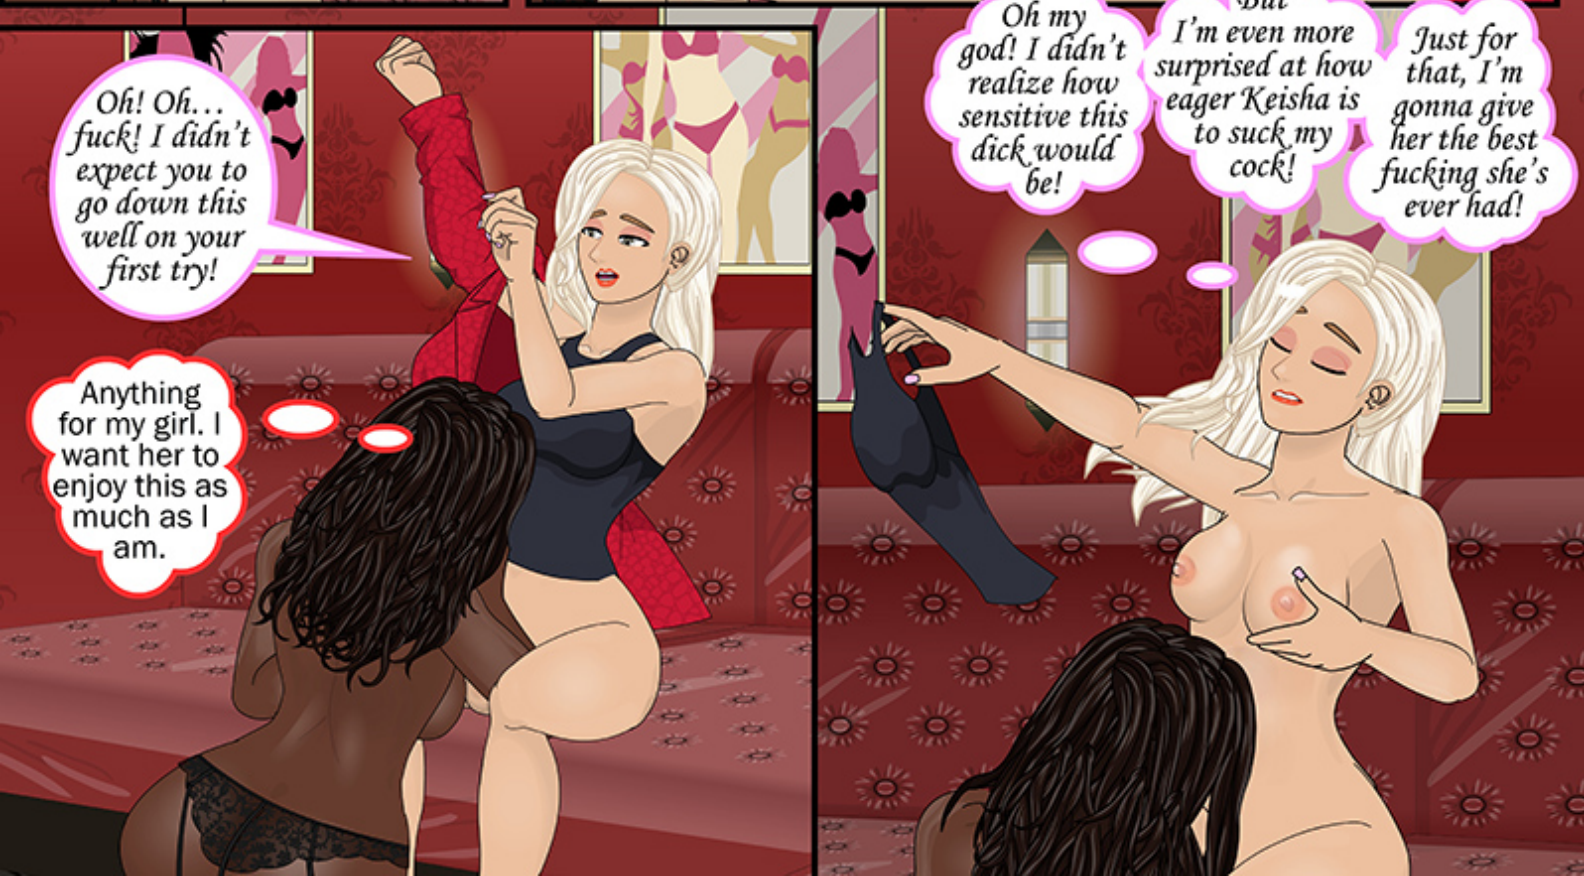

I've gotten enough head over the years to know what men like most.

So I bet Lexus will love this technique.

Heh, maybe that's why customers keep coming back for Jazmin and Caitlyn?

Well, if I wanna compete with them, I've gotta put all my experience to good use.

If that makes me a slut, then I'm gonna be the best slut I can be tonight.

Oh! Oh... fuck! I didn't expect you to go down this well on your first try!

Anything for my girl. I want her to enjoy this as much as I am.

Oh my god! I didn't realize how sensitive this dick would be!

But I'm even more surprised at how eager Keisha is to suck my cock!

Just for that, I'm gonna give her the best fucking she's ever had!
