

A black and white close-up photograph of a man's face, showing his eyes, nose, and mouth. He has a slight smile and is looking towards the camera. In the foreground, the legs of a woman wearing dark, lace-trimmed underwear are visible, partially obscuring the bottom of the man's face.

So Tell Me What I Ate Yesterday

WHAT A TRIP..

Maybe it's due to watching porn from an early age, but I often have sexual fantasies where female shit was involved.

As luck would have it, on this particular occasion, reality far exceeded fantasy.

I had eaten too much and drank too much but had made it into my minivan canopy and was rolling the good time I had had earlier on the beach with all those travelling young people, through my head.

I was camping alone and decided to head to the nearby beach down to the communal fire and ended up having a better time than I thought. Someone had brought a bunch of food and liquor, and everyone was having a great time. Of course it would have been better had I been able to talk those two pretty young wanderers, and take them back to my warm bed in the back of the minivan.

I did speak to them briefly though. Rachael had dark hair and was from Germany and Natasha was from England. Both were stunners, with smoking hot bodies. Rachael was curvy and with light skin, but dark hair and large tits. Natasha, the blond, was thinner with smaller breasts, but the most adorable face and long muscular legs. And they had both the nicest asses you've ever seen. Plump, thick and round.

I remember feeling my cock rise and push forwards in my thin cotton shorts as we spoke. Things were progressing quite nicely, but when I went to grab

a beer, on my return I realised they were gone.

Damn.. I finished my beer and headed back to the van and fell asleep with my cock in my hands.

.....and then I awoke. I fumbled for my watch. 3:00 am. I could feel grumbling in my stomach. I could feel a massive shit beginning to fight its way out.

I tried to fall back asleep but my colon won't let me, so I sat up and put my shorts on and pulled both boots on and swearing at the chilly morning air I stumbled to the john. When I came up to the washrooms, I could not remember which side was the women's and which side I was the men's. No one was up at this time anyway, I thought. So I took a lucky guess and once inside, went right for the nearest stall and locked the door. Ah, at least the heat was on in there. I quickly pulled my shorts down and began to piss into the bowl while my stool moved inside me into position, ready to go. I could smell a faint raunchy smell in the air, as I notice the tampon dispenser. So it was the women's restroom! And that smell must have been the last woman in here.

I was amazed that my cock jumped a little at the thought of this. Just as my asshole was about to push out the first turd... I heard something!... My anus clamped shut chopping off just a tiny ball which plopped into the water. ...There it was again...muffled noises....almost like female laughter!...Oh my God I was in the women's washroom and there was a woman in the next stall!

I was very embarrassed and I wiped my ass and began to pull up my shorts, to quickly leave and use the one on the other side. Then I heard it again ...yes...laughter, and two voices! Both female.... Hmmmm. I looked at the wall that separated us and wondered just what was going on in there. Didn't

they hear me come in? The wooden wall went up from the floor to ceiling. All of the sudden I saw a fairly large hole, about 3 inches in diameter about four feet from the floor.

It was strange that there was fresh sawdust around the cut and on the floor beneath. Another giggle and more sounds. I trembled a bit with excitement at the thought of what I was about to do. Carefully I moved towards the peephole, I crouched down and looked through.

I saw nothing, well not nothing. There was a larger handicap size stall well lit, with a toilet roll dispenser and of course a toilet with the top down... and what the hell was that? Oh god, someone had left a four inch turd right there, laying on the lid. No wonder I could smell something. ...but just then, the hole was eclipsed! A dark round shape moved in front of my vision and stopped.

My mouth opened in shock, and then confused excitement. There in front of me was a naked shaved pussy. More louder laughter. My god, I just had to stare at this late night surprise. Now I saw fingers rubbing and playing with the moist pink coloured pussy. And now it was right close to the hole and I could smell her musky sweet pussy. Fingers spread her dark meat. And I peered into her fleshy wet cunt. Then all of the sudden a squirt right in the face! She was peeing on me through the hole! I sprang back with the piss dripping off my face.

"What the fuck!" The stream stopped and this was followed by more laughter and then one of them spoke in a voice that seemed familiar. "That's what you get, you little pervert, sneaking into women's washrooms and spying on them!" Then more muffled cackles.

"How dare you....!" I managed, but my wrath was quelled a little by my embarrassing position.

"Look through here, baby, we want to talk with you." I heard come from inside the stall.

"Yeah right!" I pooh-poohed.

"Come on, boy, I promise I won't do that again if you don't want. We'll move back here so you can see us."

So there was two of them! I stared at the hole and listened to the giggling and shuffling on the other side and after a moment, for some reason crept forward and peered once again through the opening. That's why she sounded so familiar! (Of course you readers had guessed it, why couldn't my main character?) But there they were. The two gorgeous travel buddies from earlier! Both nearly naked, except for their underwear. Natasha was crouched beside the toilet with Rachael behind her, with her hand around her, squeezing her breasts. "Stanley! It is about time you arrived."

They had no way to know that I would appear at that moment, but who was I to argue at a time like this?

"We were just starting to make some poo from that monstrous dinner... would you like to watch us?"

I could only stare through the hole as my cock answered for me and lifted up.

"Turn around Natasha and show Stanley what we have already done."

Natasha smiled and did as she was told exposing her nice round ass to me. Her panties were stained brown. "Look at what my sweet girlfriend has given me already." And she picked up the brown log laying on the seat as she peeled down the back of Natasha's soiled panties. Her white spongy ass flesh bounced as the elastic was heaved all the way over her ripe round buttocks.

There before me was such a sight, at once delicious and depraved at the same time. Natasha's perfect ass was ringed with brown smears. Rachael smiled at my shocked face, "Oh don't look so shocked, Stanley, we know you like it, I love my girlfriend, she has given me a tasty hole to lick." And with that, her head turned into her poo partners ass and I heard a soft wet sucking sound, as she began to lick her messy rear.

I could not help but begin to stroke my hard cock as I watched this unbelievable sight. After a minute of this Rachael's head pulled up and

Natasha's asshole was shiny and clean, although the dark-haired girl had a brown ring around her sweet open lips. "There, all ready for the next one! Here Stanley you can have this one to play with."

And then she actually walked towards the wall and pushed the smelly turd through. It dropped softly on the floor in front of me. I looked down at it not knowing just what I was feeling, other than that I was very turned on. I heard whispers coming from Natasha's mouth, and Rachael turned to me and said, "Natasha wants you to rub her shit into your cock and then she will let you watch her shit again." They looked at each other and giggled. Rachael spread her friend's ass cheeks very wide for me. "Come on Stanley, she can't wait all night"

I felt like I was in slow motion as I picked up the soft stinky turd and begin to rub it into my rock hard cock. The foul smell exploded into my nostrils, but my cock got even harder as I began to stroke the English shit into it. My eyes were fixed on Natasha's asshole as it slowly expanded and I watched another brown treasure show its head through her stretched hole. Rachael was fingering the emerging log softly and then licked it a bit before allowing it to gush out completely into her hands.

"Oh thank you Natasha dear, a wonderful tit wash for me.", Rachael said. And with that she walked forwards and knelt right in front of the opening and began to coat her ample tits with the warm thick anal mud. I stroked madly as her hands kneaded the shit into her soft white breasts. Suddenly Natasha was there and I watched fascinated as she began to suck her own waste right off of her friend's tits. As she sucked I was fascinated to see another warm fresh log ooze out from Natasha's perfect ass, and even more turned on to watch as Rachael began to smear it over her crack as fast as it came out.

"Mmmmmm that feels so good, baby. Stanley, if you want to see more, then it's your turn to clean Natasha's sweet ass, ok?" It took me a second or two to register this unspeakable request, and all the while both girls smiled at me in the most lusciously lewd manner possible, while they licked their dirty fingers.

"O-O-Okay", I mumbled. And with that, Natasha backed into my view with her gorgeous ass until only her gaping shitty rear filled my sights as it's pressed into . The smell was very strong, but something made me do the nasty deed. I watched her hole open and close slightly, with small soft pieces clinging to the edges.

My tongue began to lick softly at first and then harder over and into her pungent anus. I nearly gagged on the taste at first but the more I licked the more excited I became. I licked and sucked back the small lumps, savouring them in my mouth. I continued to bathe all around her anal area with my tongue as she gyrated around so I tasted more of her. Her moans and squeals told me that she liked it, so I licked until her hole was spit polished and my mouth had the rich flavour of her pungent/sweet excrement all through it.

"Oooo, Stanley!", I heard as Natasha's asshole moved away from the hole. I could see now her shit stained face from the tit sucking she was busy with while I cleaned her ass.

"Come over here baby," Rachael cooed softly to her friend, "and wash my tits down for me, hmm?" Then as Rachael sat on the floor, Natasha stood above her and in front, with her gorgeous ass still facing me. Then I heard a hot hissing sound, a hot yellow stream, soon followed by the sight of the liquid brown mixture running down and off Rachael's large breasts as she squeezed and twisted her nipples. I continued stroking my cock in a trance as I watched Natasha spread her ass cheeks for me and begin to push out yet another steamy log from her anal hole, as she continued to hose down Rachael's shit covered boobs.

This one slid out very smoothly and as it did, I watched as Rachael's hand reached up under her companion's pissy pussy and held the bottom of the dung and guided it down, until it hung at least 8 inches down from her contracting asshole. I could tell that she must have done this before as she was an expert at allowing Natasha's full log to drop onto her outstretched hand and right away spread it thickly all down her own deep crack and into her shaven pink cunt.

Then she inserted her finger in her messy hole and began to finger fuck her plugged rear, Natasha's thick pungent shit oozing out around the digit, some of it falling in clumps to the floor. She was now spreading the ample shit with both hands all over Natasha's creamy butt and up under, coating her tiny pink slit as well.

"Are you hungry baby?" Rachael asked her friend. Without answer I noticed Natasha submissively lie down face up. Then the aching to shit ass cheeks of the Aussie girl are spread open above her friend. I could not help but watch as a tongue was inserted and rolled around the freshly browned and still pulsing hole. And just like, that two fat turds slithered out from her contracting brown anus. The first fell directly into Natasha's mouth, filling it completely, the next landed in the same place, and fell over and smeared her soft cheek.

Rachael leaned forward and dived face first into Natasha's thick poop lathered ass/pussy. All I could see was the back of her shit encrusted hair in between Natasha's sweet jiggling messy cheeks. With the sound of more of her shit crackling wetly into her young friend's face, the young blonde moaned as she writhed in her shit ecstasy.

When Rachael finally came up it looked like she had spread a thick smelly brown moisturiser on her face. She looked at me and smiled wickedly before turning around and devouring her friend's mouth in a hot passionate saliva filled kiss. Their faces squished the raw poop between them. Both were eating and swallowing the turd stuck in Natasha's mouth. The sight of their brown wet tongues entwining in passion was making my cock rock hard and I stroked its length.

After they had consumed most of the waste between them, Rachael looked up and smiled, "How about you plug Natasha's shit hole for her with your big cock, Stanley, she'd like that"

Then a messy wet asshole was spread for me in front of the hole, once again, still spitting and oozing some last glistening pieces. I placed my dick at her rear entrance and pushed. My cock seemed to slide in easily, using the shit still inside her rear hole as a lubricant. Her hot sticky inner anal walls grasped my intruder. I pulled out and saw my shit-smeared dick push

back in, deeper this time. The smells of fresh shit rose even higher as I began to earnestly fuck this innocent looking shit slut in her hot dirty hole.

Then as I was almost ready to come, she pulled away and I saw Rachael's smiling face. "Did you enjoy that, Stanley?, Now it's my turn. Would you like to fuck my shitty ass too?"

I mumbled a yes. .

"I'll bet you do - but first you must accept something from me straight into your mouth, ok?, I want to see your mouth full of my tasty waste." And without any other warning, she turned and I was presented with Rachael's spread anal button. "Get down and smell it, Stanley!"

I knelt and pushed my nose into her stinky hole, and noticed it was moving and swelling. Suddenly it blossomed open and from inside emerged the thickest nastiest smelliest turd I had ever seen. It crackled and pushed it's way through the wall hole. I could not believe I was going to do this, but.... I gently placed my open mouth in the path of this monster. Then I felt the "head" of the turd against my lips, and I opened further. The smell was overpowering, as it reached my tongue and pushed my cheeks open. All I could taste and feel was her warm fresh turd in my mouth. It was forcing its way down my throat before it finally dropped off, and Rachael turned around to see.

"Mmmm Stan, that looks so tasty, here give some of that to Natasha." And with that Natasha's dirty face appeared and she began to eagerly lick at the end piece sticking out, finally breaking it off and rolling it into her mouth. I couldn't believe it but she actually chewed and softened it and then swallowed it. Then she came back for more, working her tongue deeper each time, scooping out a little more. This went on for five minutes, until I was giving Natasha a wet brown french kiss just as I had witnessed earlier between both of them. I could not help but be very aroused as Natasha's and my tongue entwined in the last of the thick brown syrup. Our lips finally parted.

"I think it's time you give us something, Stanley. Now turn around boy, and give us a hot man shit treat!"

I turned around, stroking my shitty cock, and bent over, with my ass pressed against the hole in the wall. Then I could feel two hot tongues fighting for space around my swollen rear hole. I was quite desperate and it didn't take too long before the first log began to ease its way out. I could feel their faces moving around in it. Suddenly the flood gates opened, and a monster turd coiled from my ass.

I heard muffled moans, and could feel their faces pressing into my crack, their tongues flailing madly, through the thick pungent substance. I pushed back as I finished up, squishing my load into them. I turned around to see one of their faces, completely covered. So much so that I could not tell who it was until she spoke. Her mouth was so full of shit that I could hardly understand her, but it was Rachael and she told me, "Now get up baby, and push that hard cock into my dirty arse!"

And soon, through the hole there was Rachael's shit smeared butthole spread there in front of me. Two small hands pulled her cheeks wide for me. I could see a reflection of light bounce off of a fresh lumpy new turd ready to come out, just inside her sweet brown asshole. My tongue slipped smoothly into Rachael's turd hole. I sucked and tongued it like it was a pretty young mouth. "That's it Stanley, loosen my asshole nice and wide for your big thick cock!"

I couldn't stop and think about what I was doing here or how I must look, with girl shit smeared all over my face and mashed up my nose, and all over my cock and balls. I was in a kind of trance, the shit smell was like a drug, keeping me hard and flushed. I stood up and placed the swollen purple head into Rachael's spit glistening hole. I pushed.

Ahhhhh... I had to push past a thick warm mass. It felt so naughty and hot and wonderful. There were slurpy wet gushing sounds as my cock pushed in deeper.

"Ahhhh....." Rachael moaned. I pulled all the way out and I was surprised as a fresh turd exited out from her brown hole about three inches, then I pushed through the muck, mashing it as I entered her once again. I repeated this process again and again, while the smell of Natasha's excrement, smeared over my face, took me to new heights of ecstasy as my cock started

to pump faster into this dirty nasty female asshole. I can hear loud groans and the sounds of wet kissing , and sucking on the other side.

"Ah...That's it Stanley, fill my shitty asshole with your cum." I fucked Rachael's shit caked asshole for a few more times and then I just could not hold back any longer. I came into her hot sticky asshole, so much so that cum was dripping out of her hole, stained brown from her shit, even before I finished. But I finally did, pumping the last of my cream into her crowded brown tunnel. I pulled out and the sight of her cum soaked shit encrusted rear, almost made me hard again instantly.

"Ooooo thank you Stanley. Now Natasha will have something to lick out later . I am sure you'd love to see that, wouldn't you?" she said with a wink.

"For now why don't you get clean yourself up in there, hun?"

"Yes...of course" I managed to say. I wiped myself, peed again, and cleaned up whatever shit was still on the floor. I felt my cock rising again and went back to the hole. The place looked cleaned up as well, but to my surprise, no one was there! I moved over and looked in the stall, and sure enough, they had slipped out like cats. Strange. But what a night! I looked down and saw a small round nugget on the floor. They must have missed it. Finding a small piece of shit wrapped in my pocket, I carefully wrapped my souvenir, I cleaned myself with soap and water quickly, hoping that no one would come in now, and walked back to my minivan. I soon fell asleep, with the satisfaction of the most incredible sexual experience of my life drifting through my mind.

I snapped awake the following morning. Within seconds, memories of yesterday's depravity flooded my mind. I was getting a diamond hard boner just thinking about it. Had it really happened? Quickly I found my pants and reached into the pocket. Reaching deep down, I pulled out the small wrapped piece of shit, and slowly unwrapped my nasty sample of proof. "One more night can't hurt." I thought to myself hopefully.

The End
