Ambushed by a Futa

My heart was beating fiercely in my chest as I made my way through campus. I felt like everyone's eyes were on me and that at any moment, someone was going to expose me. Doing my best to not look anyone in the eyes, I sped up a little and made my way into a nearby building. Once I was inside, I made my way into a nearby stairwell in hopes of avoiding anyone.

Once I was sure I was alone, I sighed in relief and slumped against the wall. Looking down at myself I couldn't help but blush a bit. I was wearing a white blouse that showed the outline of my small boobs as well a black and red skirt that went down to mid-thigh. I had on some white socks as well as a pair of black leather shoes.

My cock throbbed against my silky panties as I took in the sight of my own body and I could help but shiver. I had only just started taking those pills and my body was already changing so much. While I was never the most masculine of guys, I definitely had not been this feminine.

At this point, if anyone looked at me it would be impossible to tell I was a guy besides looking at my cock. Even then, it's not like there weren't women with cocks running around. I shivered a bit as I remembered the moment my professor introduced me to futas.

I could still remember the feeling of her big thick cock rubbing against my lips. The taste and smell of her cock was intoxicating and just the memory of drove me crazy. As I continued to think about it I couldn't stand it anymore and I started rubbing my cock through my silky panties.

The feeling of the soft fabric on my smooth small cock was amazing and very quickly my panties were soaked with my precum. After a few more moments of vigorous rubbing, I could feel myself getting close to cumming. Just as I was reaching my peak and my knees were shaking from pleasure, a sharp pain ran through me. I let out a shriek as the pain overwhelmed me and I dropped to the floor shaking.

Thankfully the pain dissipated almost instantly but not before it completely ruined my orgasm. I let out a moan of frustration as I was denied release but then I heard the sound of footsteps. As quickly as I could I tried to get up and get away but my legs didn't cooperate. The moment I started getting up my legs gave way and I landed on my ass.

"Are you okay?" I looked up and I felt my breath catch in my throat.

The person who had found me was probably one of the most gorgeous women I had ever seen. She had long black hair, smoldering amber eyes, red pouty lips, and a sinfully sexy body. Even though she was just wearing jeans and a t-shirt, she exuded sex appeal.

"Did you hit your head," she asked with a laugh before she leaned closer to me and carefully inspected my head. As she did this her breasts were practically in my face and I could feel my cock twitch in my wet panties.

"U-um," I stuttered out. "No. I didn't hit my head, I was just surprised."

"Oh that good," she said before she pulled back and I quickly forced myself to look at her face.

When I did, I could see the smirk on her face and I felt my face flush up even more. It was obvious that she caught me staring at her breasts.

Not wanting to embarrass myself anymore, I started to push myself off the ground. "S-so, thanks for checking on me." Getting back on my feet, I moved to walk away and I did my best not to look at her. "Anyway, I need to go do something."

Before I could even take two steps, she suddenly put her hand against the wall and blocked my path with her arm. I looked at her in confusion but she just gave me a friendly smile. "Now there's no need for that. I don't mind you staring."

Hearing her words my face flushed even more and I tried to move around her. "I don't know what you mean."

"Oh but I think you do." She placed her other arm on the wall and I was suddenly trapped between her arms. "You were staring at these." She moved her chest closer to me and because of our height difference her breasts were only inches from my face. At this point, my cock was throbbing hard in my dripping wet panties.

"You like my tits don't you, James?" Shock ran through me the instant I heard my name and I looked up at her in shock. Her smirk was still plastered on her face but now it was much more predatory.

Not knowing what else I could do, I tried my best to hide my identity. "What do you mean? Who is James?"

"Hehehe. We both know who you are a guy, James but if you want to keep pretending..." Using her right hand she quickly reached under my skirt and cupped my crotch. "Then I will just have to play with your naughty little cock."

“Ah.” I gasped the moment she touched me and very soon she turned me into a moaning mess. The feeling of her groping hand was just too much and I could feel myself getting close again. Knowing what would happen if I tried to cum, I desperately tried to push her away but she was too strong for me.

My slim slender arms had no power behind them and she chuckled as I struggled to get free. “Such a naughty little sissy you are, pretending to hate this went your panties are so wet.”

“No, please,” I said desperately not wanting the pain of having my orgasm ruined again.

“Hehehe. Don’t worry sweetie, I’m not that cruel, just cum for me.” She shoved her hand under my panties and gripped my cock directly. With only a few quick tugs, she easily brought me over the edge.

Surprised filled me as I actually came but I quickly forgot about my surprise as the pleasure washed over me. My cock throbbed and I squirted all over her hand. The feeling was blissful and after I finished I slumped against the wall, breathing heavily.

“What a naughty little thing you are,” she said with a laugh as she pulled her cum covered hand out of my skirt. “Look at this mess you’ve made.”

She brought her cum cover hand right to my face and I could smell my own mess. I tried to turn away from her but she pushed her hand right against my face and rubbed it all over my lips. “You made this mess, you should clean it up.”

I tried to protest but the moment I open my mouth she shoved her finger inside. My own salty taste filled my mouth and all I

could do was obediently lick her long slender finger clean. Once I was done she pulled her finger out of my mouth and gently patted my face. "Good sissy."

After that, she leaned forward and kissed me right on the mouth. I was taken by surprise at first but I quickly succumbed to her hungry lips. The feeling of her soft wet lips against mine turned my mind blank and I quickly became putty in her hands.

At the same time, she pushed her hands under my shirt and she went straight for my developing breasts. I moaned into her lips as play with them and I gasped when she captured my nipples between her fingers. Pleasure ran through my body as she pinched and rolled my nipples and my cock twitched in my panties.

After a long period of kissing and groping, she finally pulled away from me and I looked at her through lidded eyes. She gave me another predatory smirk and I shiver a bit, wondering what she was going to do next.

"Did you like that James," she asked me softly before she wrapped her arm around my waist and pulled me towards her. "Did you like me making you cum?"

"Yes," I moaned out as I felt her soft warm body press against me.

"Do you want me to make you feel even better," she whispered into my ear and my cock throbbed in my panties. "Do you want me to fuck your cute little sissy ass, just like professor Winter."

My eyes widen and I looked at her in shock. At the same time, I felt something thick and hard press right up against my stomach. Even though there was multiple layers of clothes between me and this thing, I could still feel its warmth.

“Y-your a—” I started to say but she put a finger on my lip.

“A futa? Yes, I am, did you think the professor was the only one.”

Seeing my stunned expression, she chuckled and gave me another short kiss. At that the same time her cock rubbed against me I shivered in pleasure. The last time I got fucked by a futa cock, I passed out in pleasure. Now with another futa cock rubbing against me, I knew I wouldn't be able to resist.

“You want my cock, don't you, you little sissy,” she said teasingly before she pushed me down to my knees. “You want me to fill both your little holes.”

I gulped as I looked at the bulge in her jeans before I looked back up at her and nodded shyly. She smirked at my reaction and pulled the zipper of her jeans down. After that, she pulled her pants and panties down and her big futa cock flopped right onto my face. Just the smell of her cock drove me wild and I couldn't resist giving it a lick.

I moaned as I tasted her cock and I lost any last inhibition I had. Taking a hold of her big throbbing cock, I put it into my mouth and started sucking. At the same time, I used both my hands and I stroked the rest of her shaft. She moaned as my delicate little mouth sucked on her cock and I couldn't wait for her to cum.

Just the thought of her shooting a thick load of her creamy jizz into my mouth made me shiver. My little sissy cock throbbed in excitement and I started humping myself against her leg as I sucked her off. The feeling of her legs through my cum stained panties increased my pleasure and I started sucking even harder.

“Hahaha, what a pathetic little slut you are.” She put her hand on my head and started pulling me closer to her. “Not just sucking my cock but humping my legs. You really are nothing but a cum craving sissy fuck toy.”

I moaned as I heard her degrading word and I realized how much it turned me on. The thought of just being treated as nothing but a fuck toy by futas pushed me over the edge and I came again. My sissy cock throbbed against her leg but only a dribble came out of me. “Cumming again?” What a selfish little slut you are.”

She gripped my hair and started roughly thrusting her cock in and out of my mouth. She went so deep that I started to gag but she didn't stop and continued to use my mouth like a pussy. “I'm going to fill your slutty little mouth with my cum.”

After only a few more thrust, she moaned and buried her cock deep into my throat. Her cock pulsed before a rush of warmth shot straight down my throat and into my stomach. She shot multiple loads of cum into me before she pulled her cock back and filled my mouth with the rest of her cum.

I slowly swallowed what was in my mouth and I savored the taste of it. Once I was done, I continued sucking on her cock hoping to get any last bit of cum out of her. After a few seconds, her cock started to grow again but much to my disappointment, she pulled her cock out of my mouth.

“Mmm, that's enough sucking for now.” She looked down at me with a smirk on her face and she rubbed her big slick cock all over my face. After coating my face with my drool and her cum she gave me a gentle push and I landed on my back. “I think it's time for me to try your other hole.”

I shivered in excitement as I looked up at her and I could feel my cock twitch in my pants.

She gave me a smirk before she moved onto of me and gave me another kiss. I could feel her big thick cock rubbing against my stomach and I moaned against her lips. After a long minute of kissing, she pulled away and lifted up my skirt.

Despite everything that we had already done, I couldn't help but feel a little embarrassed as my panty clad cock was revealed. In comparison her big throbbing cock, my cock was tiny. Looking into her eyes I could see the amusement in them and I blushed a bit.

“Aw, no need to be embarrassed about this.” She reached out and pulled my panties down revealing my little cock. “You’ve got such a pretty little cock. Perfect of a sissy like you.”

I pouted at her but she just laughed and started to play with my cock. Her smooth hand rubbed up and down my cock and just before I came she pulled her hand away. I was left humping the air whining without released. “Ah, please!”

“Don't worry my naughty little slut, you'll get to cum again real soon.” After saying this she moved back and grabbed my hips. Without any real effort, she flipped me over before she pulled me closer to her.

I gasped the moment I felt her big hot cock right against my perky butt cheeks. The feeling drove me wild with lust and I pushed my ass back against her. I couldn't wait for her to take that big futa cock and shove it into my little ass.

She grabbed my bubbly ass with both hands and gave me a squeeze, enticing another gasp out of me. After that, she roughly started massaged my ass, before she pulled my cheeks apart. My

tiny little pink hole was exposed to her, and without warning she started to push a wet finger inside of me.

“Ah.” I gasped at the sudden penetration.

She pushed her long slender finger all the way inside of me, before she curled her finger and rubbed something deep inside of me. The feeling was amazing and my whole body shook as it overwhelmed me. My cock started to leak and my arms became too weak to hold me up. In the end, I became a shaking, leaking mess with my face down and ass up.

“You really like having your hole played with don’t you.” She let out a chuckle as she continued to toy with my ass. She even added another finger inside of me stretching me out more and rubbing that spot even harder.

“Yes!” I moaned in pleasure as she continued her assault and I gasped as I came. My little cock spurted a little bit of jizz before it continued to leak more of my naughty juices.

“But fingers aren’t enough for filthy little sluts like you, right? You want something more.”

Smack!

I moaned in agreement but she suddenly smacked my ass hard making me yelp. “Use your words slut. I want to hear you say it.”

“I want you to fuck me,” I said desperately while wiggle my ass a much as I could.

Smack!

“And what do you want me to fuck you with, slut. What do you want up that tight little ass of yours?”

“Your cock! I want you to fuck me with your cock! I want you to pound my naughty little ass with you big futa cock! I want you to fill my ass with all your cum!”

“Good slut.”

She pulled her fingers out of my ass but before I could even feel disappointed her cock started to enter me. The feeling of her big slick futa cock stretching me out made me shiver in both pain and pleasure. After her cock got deep enough it pressed right up against that special spot inside of me and I let out a whorish moan.

“Ah, so big!”

She continued to push her way deep inside of me and in the end buried her entire cock inside my ass. “Mmm, your ass is so tight. It’s like it was made for my cock.”

“Ahh.” All I could do was moan as she stretched me out completely.

“Are you ready?” She firmly grasped my waist before she started to pull out of me.

The feeling of her cock rubbing against my walls and that special spot sent pleasure straight to my cock. When she was nearly out of me she pushed forward suddenly and buried herself inside of me. I squealed in pleasure but before I could even catch my breath she pulled back and slammed into me again.

Very quickly she built up a rhythm and she started fucking me for real. Each time she slammed into me, pleasure exploded through me and my cock twitched and leaked even more. I came again and again and I started seeing stars in my eyes.

“You love to be fucked like this don’t you, you little whore.” She let go of my waist with one hand and slapped my ass again and again. “You like being used like a dirty piece of fuck meat.”

I couldn’t even reply, as my tongue slipped out of my mouth and I became a drooling mess. She had literally fucked me silly and the only thoughts on my mind was her wonderful cock.

“Mmm, I’m going to fill you up completely.” Her thrusts got even faster and harder. “I’m going to paint you inside white.”

With one final thrust, she buried her cock as deep as possible inside my little ass and she started to cum. I could barely get out a moan as the warmth filled my ass and I came again from the feeling. As I came I could feel my little asshole contracting around her big thick cock and it made her cock feel even bigger inside of me.

“Ah, your ass really is perfect for cocks. It’s like you’re milking me.” She moans in pleasure as the last of her cum is milked out of her cock and she leans her body on top of me. Her wonderful large breasts pressed down on my back and she puts her whole weight on my body.

I let one last moan escape my lips before I closed my eyes in exhaustion. Her cock which was still buried in my ass starts to deflate and we both just lay there in silence. The only sound that could be heard was the sound of our breathing.

“So this is why you are late James.”

My whole body freezes as I hear these words and I tried to pretend like I had passed out. At the same time, the woman on top of me lets out a chuckle and pulls out of me to face the new arrival. "Hehehe. You'll have to blame me, professor, I just couldn't resist having my way with such a cutie."

"That is no excuse." The professor sharp voice sent a shiver down. "And what have I told you Miss Fall, about touching what is mine."

"Hmm, I do remember something about you saying not to do that but..." I felt my ass get squeezed. "He is just too cute. How could I resist such an adorable little guy, especially when you've done such a good job changing him?"

"That's enough!" I wince again at the professor sharp voice and I could almost feel a phantom pain on my bottom. "Leave Miss Fall and do not touch him again."

"Fine, if you going to be like that, I guess I'll be going." I felt a pat on my butt before I heard her get up and walk away.

Once I heard the sound of a door closing, I knew she had left the stairwell. Part of me was glad because I didn't want her antagonizing the professor anymore but the other part of me was scared. Without her here, I was left all alone with professor Winter and I knew she was not happy with me.

"Are you really going to continue to pretend?" I tensed as she said this and sighed in my heart.

Gingerly, I opened my eyes and pushed myself up from the floor. As I did this, I couldn't help but let out a quiet moan as I

realized how sore my butt was. All that spanking and fucking did a lot more damage than I thought it would.

“Look at me James.” I jumped a little at her sharp command but I obeyed.

Turning my head towards her, I saw the familiar cold green eyes of professor Winter glaring at me from her glasses. Her long blonde hair was tied in a bun and there was curling going down the left side of her face. She wore a white blazer with a black shirt underneath it and she also had on a black skirt. As always she looked both sexy and cold and I couldn't help but gulp as I saw the displeasure on her face.

“Get up and follow me.” Without saying anything else she started to leave and I hurried to follow her.

Thankfully my legs cooperated with me and I didn't fall over as I scrambled to get up. Once I was on my feet, I quickly fixed my panties and skirt before I followed after her. As we made our way through the school, the fear in my stomach started to grow but there was nothing I could do.

All I could do was obediently follow after her and accept my enviable punishment. I shivered a bit as I thought of this and I couldn't help but want to put my hands over my butt. The last time she punished me, my ass hurt for days due to how hard she spanked me.

After a few more minute of walking, we finally made it to our destination. The place she had brought me was her private office and once she opens the door she gestured for me to go in first. I obediently did as she wanted, hoping to avoid making my punishment worse.

Once I made my way into the room, the door slammed shut behind me and I jumped in fright. After that, I stood still and the professor walked passed me and went towards her desk. Instead of sitting behind it, she moved to sit on top of the desk in the front. When she sat down, her skirt rode up a bit revealing her more of her soft sexy thighs.

“Strip.” After a couple of seconds of staring me down, she finally broke the silence.

I quickly obeyed her command and took off my panties, skirt, shirt, socks and shoes. Once I was done, I looked at her in trepidation and I waited for her next command.

“Over my knee.”

I hesitated for a second but when I saw her narrow her eyes, I rushed to obey. Carefully I laid my naked body over her knee and I waited for my punishment. At the same time, I couldn't help but shiver as I felt her smooth thighs against my body and more importantly my cock.

Once I was settled down, she adjusted me on her lap a bit and my cock ended up trapped between her thighs. I had to suppress a moan of pleasure as my cock was encompassed by her warmth. If I wasn't able to contain myself, I knew she would punish me harder for enjoying my punishment.

After a moment, I felt her hand rest on my bottom. I winced a bit but tried to keep myself from tensing up. I knew that if I was too tense, the spanking would feel even worse so I did my best to stay calm.

Another long moment passed but instead of spanking me, she started to gently massage my ass. I had to once again suppress a moan as her soft but strong hands started to squeeze and rub me. The feeling was very nice and I couldn't keep my cock from hardening and starting to leak between her thighs. I winced inside as she no doubt felt this and I was scared she would punish me even harder now.

Her gentle squeezing and rubbing went on for a bit before she stopped and parted my butt cheeks. I couldn't help but let out a moan when her fingers rubbed against my little pink rosebud. She could no doubt still see the signs of what happened earlier and I really hoped it didn't make her angrier.

"Hmph." I tensed up as I heard her sound of displeasure. "That bitch."

My eyes widen a bit at her language but I didn't say anything. I didn't want to make her any madder and my thoughts were still a bit clouded as my cock was still being developed by her soft thighs. Even with the threat of future punishment, I couldn't help but keep thinking of thrusting my hips and getting myself off.

"You are never allowed to go near that whore again, do you understand me, James?"

"Yes, Mistress." I of course readily agreed. While I had enjoyed getting fucked by that woman, it wasn't worth getting my Mistress angry at me.

"Good." She patted my butt softly and her voice was soft as well.

A feeling of elation went through me as I heard her and I started to think maybe I wouldn't be punished. Before I could get too

excited, though, I heard her get something from her desk. I almost burst out into a panic as the only time she had ever done this in the past she had used a crop on my ass. The memories of how much pain that crop brought me made me shiver in fear and I almost started to beg for forgiveness.

“Shh.” She rubbed my butt soothingly and a cool sensation suddenly appeared there. The vague burning which I had been feeling slowly started to go away. “I’m not going to punish you, you silly little thing.”

I sighed in relief at her words and my body relaxed as she continued to rub some kind of cream on my ass and asshole. As she did this, I moaned as the cooling sensation soothed the pains I hadn’t even realized were there.

“That wretched woman really doesn’t know her place.” She pushed her soothing finger into my ass and I gasped. “To use you so roughly like this, she really doesn’t respect that you belong to me.”

I felt a bit warm and fuzzy as I heard her declare me as hers. Even though she had said it many times in the past, the feeling of her possessiveness now made me really happy. It was really nice knowing how much she cared for me.

As I thought this, her finger went as deep as it could into me and it was soon joined by another. The moment she curled her fingers back, I couldn’t take it anymore and I came with a moan. My cock, which was far too worn out just leaked a bit more of my juices as twitched and throbbed.

“Hmm, always such a naughty little one aren’t you.” Even though she reprimanded me her fingers never stopped and in fact started rubbing even faster.

“I’m sorry, Mistress. I can’t help it.” I moaned and writhed in her lap as she continued to finger me. At the same time, she squeezed her thighs together around my twitching and pulsing cock. “It feels too good.”

She let out a sigh. “No wonder that hussy was able to take advantage of you so easily. You are really too much of a slut. Did you like it when that whore violated you?”

”No Mistress.”

“Oh?” Her fingers pressed hard against my special spot and I came again between her thighs. “If you didn’t enjoy it, why was there such a big mess on the floors? Why did I hear you like a wanton whore when I found you?”

“I’m sorry Mistress!” I moaned out in distress as the pleasure was starting to overwhelm me. Stars filled my vision.

“You should be.” She squeezed her thighs harder around my cock. “Your mine, not some random whore’s.” She added a third finger into my ass.

“I’m sorry.” I barely got these words out as my tongue lolled out of my mouth. The pleasure running through me was just too much and I could barely think. “Ah!” I moaned loudly as I came again and my whole body became limp in her lap. She rubbed her thighs together milking any last remnants still in me.

Her fingers which had been moving so vigorously finally slowed down and stopped. I slowly closed my eyes as I panted in her lap and tried to recover. That last orgasm had been even more amazing than anything that other woman had done to me.

“Who do you belong to?” She pulled her fingers out of my ass and squeeze my bottom.

“You, Mistress.” My breathing slowly slowed and I could feel myself drifting off. “I belong to you.”

“Yes, you do.” Her voice was soft again and she gently rubbed my ass up and down. “From now on and always.”

Punished by my Futa Boss

I stood there waiting in the elevator and I couldn't help but pull at my skirt a little bit. While it wasn't that short, I still felt very vulnerable wearing it. I also wasn't used to wearing skirts and the strange new feeling was not helping my nervousness.

Looking to my side, I saw my reflection in the elevator's mirror and I blushed a bit. I was dressed in a white blouse and a black business skirt that went down to mid-thigh. This would have been a perfectly fine outfit except for one little thing.

I was a guy.

Yes, I was a guy dressed as a woman, though if anyone were to see me like this they would be hard pressed to figure that out. Not only was I wearing women's clothes but my appearance was now very feminine as well. With my long blonde hair, pretty blue eyes, as well as my shapely bum, I looked like a beautiful young woman in her twenties.

Even my chest was growing out into a pair of breasts and despite their small size, they were very sensitive. The last time I touched them, a shockwave of pleasure spread through my body and the only part of me that still marked me as a man stood up hard as a rock. I leaked all over myself when it happened and it was as if I was really a woman getting turned on and becoming wet.

I shivered a bit at that thought and my cock hardened in my panties. The feeling small cock rubbing against my silky panties turned me on even more and I had to do my best not to let lose control. While the elevator I was in was empty, it wouldn't be good

for me if someone found me playing with myself when the elevator eventually opened up. Although I have to admit that the thought of me playing with myself and getting caught did cause my cock to throb even harder in excitement.

Shaking my head, I tried to banish those thoughts from my head. If that really did happen and people found out who I was, my life would be ruined. At best I would be a laughing stock and at worst I would go to jail. Just thinking about what would happen to a guy like me in jail made me sick to my stomach.

Ding!

I looked up in surprise as the elevator reached its destination and the door opened up. Licking my lips nervously, I walked out of the elevator and into a rather large and expensive looking room. If I looked out the wall-sized window, I knew I would be able to see a lovely view of the city below but I was far too nervous for that.

Instead, I looked towards the secretary desk where a beautiful looking ravenette was sitting. The moment I walked out of the elevator her amber eyes were trained on me and I saw the knowing smirk on her face. I did my best to ignore her look and I calmly walked towards her and tried my best to walk in the heels I was where.

When I finally got to the desk, the ravenette gave me welcoming smile and asked, "Hello, what can I do for you today?"

"I have a meeting with Ms. West today," I told her but I knew this was a waste of time. She knew why I was here and I knew she knew.

Sadly instead of breaking the charade she just nodded and type a bit on her computer. "Can I get your name please, and do you

have an appointment.”

“Yes, I have an appointment. My name is Cherry Blossom.” I could see the smirk on her face grow even wider as she heard the name given to me.

“Hmm,” she acted like she was checking if the records showed anything. “Ah, yes here it is. A meeting with Cherry Blossom at twelve o’clock. I’ll let Ms. West know you have arrived.”

She reached out with one of her delicately manicure fingers and tapped a button on the desk. “Ma’am, I have a Cherry Blossom here to see you. Should I send hi-, her in?”

I twitched a bit when I heard her slip up but I ignore it. There was nothing I could do about her teasing beside bear it. I was also was much more focused on thinking what was about to happen.

“Yes, send her in right now. She’s late.” The tone of the speaker was clipped and I could easily tell there was annoyance there.

I gulped a bit as I looked at the big doors that lead to the office of my boss. For a second, I contemplated running away but I knew that wasn’t an option. Taking a deep breath I walked towards the door but after only a few steps, I yelped and covered my butt with my hands.

Turning around in anger, I looked at every smirking ravenette with a hard glare and hissed out, “Blair!”

“What?” She looked at me amused and I continued to glare at her before she pointed behind me. “Are you sure you have time for this? Didn’t she say you were late?”

My eyes widened at this and I quickly turned around and headed over to the door. At the same time, I could hear a quite laughing coming from behind me but I ignore it and opened the door and walked into the office. If it wasn't for my nervousness, I would have probably taken the time to admire the expensive furnishings or the spaciousness of the room but all my attention was on the woman sitting behind the big wooden desk.

She had long blonde hair that was tied up in a bun with a few strands going down the left side of her face. She had striking dark green eyes and if it wasn't for the cold look she was giving me, I would have called them beautiful. Her blouse was similar to mine except it was black and she had on a pair lighter black pants on.

I noted all of this as I timidly entered the room before I headed over towards her. Once I was standing in front of her desk, I stood there obediently and waited for her to speak. Looking down for a second, I noted that the carpet I was standing on probably costed more than my car. I was torn from that thought when she finally spoke.

"You're late." I flinched a bit at her statement but I looked up and looked into her eyes.

"I'm sorry Ma'am," I said quietly as I did my best to hold eye contact with her.

This continued on for a few minutes and I was getting more and more nervous. I couldn't help but imagine all the ways she might punish me, which was probably what she wanted to happen. She loved playing these little mind games with me and even though I knew what she was doing, it still affected me.

Finally after another minute past she stood up from her desk. I gulped a bit as she walked over to me and I had to tilt my head up to look at her when she stood in front of me. This was due to a combination of my short height as well as her being quite tall. The way towered over me, made me feel even smaller and in her control.

“You know what happens when you disobey me don’t you?”

My lips trembled a bit as I nodded at her. I wanted to say that I didn’t disobey her and it wasn’t my fault but I knew it was pointless. Instead, I said what I knew she wanted me to say. “I get punished, Ma'am.”

She reached out with one hand and gently took a hold of my chin, while never once breaking eye contact. “And how do you get punished?”

“I get spanked,” I said with a flushed face.

For the first time since I walked into the room, her expression changed. Her cold stern look shifted into an ever so slight smirk and I shivered a bit. Pulling away from me, she gestured to a nearby sofa chair.

“Since you know that, then you know what to do next.”

I nodded meekly and walked over to the large chair and carefully bent myself over the back of it. The softness of the chair prevented any real discomfort on my part but I was far too nervous to care. I felt my skirt hike up a little as I got situated and I had to resist the urge to try and pull it down. There wasn’t any point in doing that since the only one in the room was Ms. West and she seen a lot more than just my panty covered ass.

I waited for a few seconds while I was bent over the chair but nothing happened yet. All I knew was Ms. West was moving around behind me because I could hear the gentle sounds of her heels on the carpet. After a few more moments of waiting, I felt a hand go under my skirt and touch my ass. I flinched a bit at her cold touch but I did my best to keep still, in an attempt to not annoy her anymore.

She continued feeling up my panty clad ass before she pushed her hands under my panties and caressed me directly. Taking a hold of my perky cheeks she gave me and hard squeeze and I did my best not to moan out loud. I felt myself getting hard as she continued to play with me and the feeling of my cock against the soft chair sent shivers up my spine.

I heard her sigh for a second before her groping hand retreated. "Hmm, you have such a perfect little ass. I don't know why you have to be so difficult and make me have to hurt it."

I kept silent as she talked but I felt a bit of phantom pain from my ass. Memories of the other times she spanked me surged through my mind and I was both afraid and terribly aroused. I could feel my cock leaking against my panties but thankfully my skirt kept my juices of her chair.

At best she would make me lick it up afterward if that happened. At worst she would give me extra spankings.

"Oh well. Time to get this over with," she said as if spanking me was a chore instead of something she enjoyed. After that she pulled my skirt up, revealing my panty clad ass to her before she grabbed my panties and pulled them off forcefully.

So forcefully in fact, that my panties were ripped from me and I gasped. While it wasn't that painful, it did hurt a little as the panties dug into my skin before they ripped. My only consolation was that I

dozen more panties just like those, all of which were bought for me by Ms. West.

After ripping off my panties, I heard her move around for a second before she let out a low chuckle. “What a naughty little sissy you are, getting excited at the idea of getting spanked.”

I blushed but thankfully I wasn't facing her at the moment. She no doubt could see that my panties were stained with my precum. I just hoped that she would spank me more for being so naughty.

“Well, since you are so excited about getting spanked. I should make sure I give it my all.”

Panic well up inside me as she said this and for the first time I spoke out in fear. “Wait, Ms. West please no. I'm sorry for being so bad. I promise I'll try harder- just please not that.”

I normally wouldn't have dared to speak up like this but her words struck fear in my heart. There was only one other time she 'gave it her all' and that was when she first changed my life forever. Just thinking about that night made me shiver and also made me remember why I would never dare go against her.

SMACK!

I felt a stinging sensation across my ass and I bit my lip to keep myself from yelling out. The fear welled up inside me again and I was terrified I made things worse. I debated for a second whether or not I should speak up again but she beat me to it.

“You think you can tell me no?” Her hand went back to my ass and she squeezed it harder. Her nails dug into my skin a little but not enough to draw blood. “You're mine! Do you understand that?”

“Yes Ma'am,” I said with a crack in my voice as I felt myself tearing up just a little.

The memory of the whipping she gave me with a crop sent fear through my heart and it was really hard not to panic. I could feel more tears start to well up in my eyes which were due to both my fear and the emotional instability that came with my new hormones.

“Hmm.” She made a disapproving sound and I tensed up, even more, fearing that she might have already gotten the crop.

Thankfully, instead of hitting me with a crop or spanking me at all, she let go of my ass and walked in front of me. Instead of towering over me like she normally would, she crouched down and put herself at eye level with me. Gripping my chin gently she made me look her in the eyes again and I could see a much softer look in her eye.

We stayed like this for a while before she sighed and gave me a gentle kiss on the lips. It lasted for a good ten seconds but it felt so good and I closed my eyes in pleasure. Eventually, she pulled away and I let out a little whine as I lost the lovely feeling.

“I thought you were over this sweetie.” I opened my eyes and saw the concerned look in her eyes.

I looked away in shame but she grabbed my chin again and made me look at her again. “It not your fault. I was too rough the first time and I didn't realize how much that would hurt.” She sighed a bit before she got up and then help me up from my bent over position. After a bit of movement, I was sitting in her lap and she was gently holding me.

“Let’s forget the punishment for now,” she said before she pulled me close again and we started to kiss.

This time, while it was still gentle and soft, there was much more tongue involved. Her wonderful tongue explored my mouth and I could taste strawberries and dark chocolate on her lips. I couldn’t help but let out a little moan as the kiss continued and I felt myself getting hard again. The earlier fear and terror was completely wiped from my mind and all that I could think about was how soft her body felt and how wonderful the kiss was.

Eventually, we broke apart again and a thin trail of saliva connected our mouths. I looked at her with half lidded eyes and I gave her a gentle smile. “That was nice.”

She smiled back at me before moving in again to give me a quick peck on the lips. “Are you feeling better now?”

“Yea,” I said with a shy nod.

“Good.” She moved her hand down my body and move it over my crotch giving me a soft squeeze. I moaned in pleasure at the feeling of her hand on my cock through my skirt. Her gentle squeezing was very quickly bringing me over the edge. “Why don’t we have some fun now?”

I moaned in agreement but then I got a bit of a naughty thought in my mind. “Okay but there something we have to do first.”

“Oh?” Her hand stopped moving and she raised an eyebrow at me.

“I was still late today, and I think I still deserve to be punished.” Nervousness filled me as I said this but I couldn’t help but feel excited as well.

Her eyes widened at this, “Are you sure?”

“Yes.” I gave her a firm nod and took her hold of her hand with my own. “I was being silly just now. I know you wouldn’t use the crop again but I still panicked like an idiot.”

She frowned at this before cupping my face and bringing me closer to her. “You’re not an idiot sweetie. I don’t want you saying things like that you hear me?”

“Yes, Ma'am.” I gave her a big smile and she smiled back.

We stayed like this for a bit of time before she finally made her move and suddenly I found myself over her thighs. “Well, since you want your punishment. You're going to get it you, naughty little sissy.”

I couldn’t help but giggle a little as said this but my giggle quickly turned into a yelp as she started spanking me. “Ah!”

“This is a punishment,” she said before she smacked my ass again sending a sharp sound throughout the room. “Not a game. You're not allowed to giggle.”

“Yes Ma’am,” I replied while doing my best not to laugh.

Instead of like before when I was scared and excited, now I was just excited. Each smack across my ass stung but my cock throbbed hard in against her bare thighs. I didn’t know why the pain turned me on so much but I just liked it and I loved being under her control.

As she continued to spank me, I couldn't help but rock my hips a little and my cock rubbed up and down her thigh. That feeling along with all the spanking was too much for me and I let out a loud moan as I came and coated her thighs with cum.

After I finished, she stopped spanking me and started rubbing my ass. "What a filthy little slut I have as a pet. Cumming while being punished."

I giggled at her words and wiggled a little in her lap. "I'm sorry, I'm so slutty ma'am."

She swatted my ass a few more times. "Is that the only thing you are sorry for?"

"No," I moaned out at the stinging sensation. "I'm sorry for being late today too."

"Hmph, what an insincere apology." She gave my sore ass a gentle squeeze. "Didn't I teach you the proper way to apologize?"

I felt a bit giddy at her words and my already spent cock throbbed a bit as I thought about it. As quickly as I could manage (which wasn't that quickly due to my sore little ass), I got on my knees in front of her. I had to do my best not to let my bum touch my legs or else the pain would get worse but that didn't faze me too much.

I was far too interested in the growing bulge that appeared between Ms. West's legs. Seeing the thick bulge of her cock pressing hard against dress pants, I started licking my lips before I looked back up at her eyes as if asking for permission. She met my look with a smirk before she easily took off her pants and panties and threw them to the side.

Now I had a nearly unobstructed view of her large throbbing member and my mouth started to water. Not able to resist anymore and I quickly move forward and gave the head of her cock a gentle kiss, coating my lips with her precum before I looked back up and said, "I'm very very sorry for being bad. Do you forgive me?"

Ms. West's smile just widened before she reached out and grab the back of my head. She pushed my face right up against her cock before she let go and her wonder musky smell filled my nose. The familiar smell of her dripping cock made my own little cock throb in excitement. "I think you know you need to do more than that as an apology."

I let out a little laugh before I started licking away at the side of her shaft. The taste of her wonderful cock made me moan with pleasure and I ended up coating her entire shaft with my saliva before I moved back up and took her cock head in my mouth. I gave it a quick suck and drank up all of the tasty precum dripping out of her cock.

"Mmm, you really are such a talented little cock sucker. It may be your only talent but at least you're good at it."

Despite what should have been considered derogatory words, I was quite pleased with what she said. My only complaint was that she said it was my only talent when I knew I was quite good at riding her wonderful cock as well. Just the thought of her massive rod spreading my little asshole open made me suck harder.

"Ah, you still need to do more than this if you want to prove how sorry you are." She put her hand on the back of my head again and started pushing me closer to her crotch. Her cock was pushed all the way into my mouth before it started going down my throat and I did my best to relax it. When my nose was finally touching the few wisp of hair at the base of her cock, I had successfully deep throated her massive cock.

“God your throat is so tight.” She tightened her hold of my hair and I felt a little bit of pain as she pulled on it to try and make her cock go deeper.

Instead of disliking the pain the forcefully way she was burying her cock down my throat, my cock leaking in excitement. If it wasn't for the fact that she would stop me, I would be playing with my cock nonstop as she used my face as her personal fuck hole. Instead, I just started swallowing which constricted my throat and milked her cock.

“Oh yes,” she moaned out and I would have smirked if I could. I loved hearing her pleasurable moans as I worshiped her cock and it was strangely like having control of her even when I was completely at her mercy.

This continued for a minute before she decided just burying her cock down my throat wasn't enough. She started pulling her cock out of my throat before she pushed her hips forwards and slammed back into me. This was the start of her fucking my throat and I moaned in pleasure as she used me to get herself off. My moaning caused vibrations pleasure her cock even more and pretty soon she started to cum.

“Yes!” She moans loudly one more time before she buried herself as deep as she could down my throat. After that, her cock throbbed and I multiple rushed of warmth rush down my throat and into my stomach. As this happened, I started swallowing again and my throat milked every last drop of her cum down my throat.

When her orgasm was finally finishing, she pulled her now leaking cock back out of my throat and left it in my mouth. A few small spurt of cum shot out of her tongue and I savored the taste of it. After rolling around her creamy treat in my mouth for a bit, I

swallowed it lovingly and continued to suck on her slightly deflated cock.

It didn't take long before her cock started to harden again and I started sucking harder. She reached out with one hand and I felt her gently stroking the top of my head. "Apology accepted my little sissy."

I looked up at her with delight as she said this before I pulled her now rock hard cock out of my mouth. "Then can I get a treat?"

Instead of replying, she just laughed before getting off the chair and onto the floor. With a gentle nudge, she got me on my back and soon she was right between my legs. My skirt was hiked up at this point and her big thick cock was resting right on top of my own. The stark contrast between her cock and mine made mine look even smaller and I pouted at her. "Mean."

"What do you mean," she said with amusement before she started moving her hips slowly.

The feeling of her hot wet cock rubbing against my own cock felt so good that I arched my back and thrust my hips forwards. "Ah!" My eyes closed in pleasure as I started getting closer and closer to cumming.

This garnered another chuckle from her but instead of continuing her actions and letting me get off, she pulled her cock away. I let out a little whine at the loss of contact but that quickly turned into a gasp when I felt her cock press right up against my little rosebud.

Opening my eyes again, I locked eyes with her before she moved forwards and pleasure overwhelmed me. The feeling of her

cock stretching me out was as amazing as I remembered and I let out a slutty moan of pleasure. "Oh god."

Thanks to my saliva and her cum, her cock smoothly made its way into my tight little hole. The moment her cock press right up against that special little spot inside of me, I saw stars and my cock throbbed and squirted out my juices. When she got her cock all the way inside of me, I could barely think anymore. All I could focus on was the wonderful pleasure of having her deep inside of me.

"Hehe, I loved that slutty little look you give me when I bury my cock inside of you." The amusement was evident in her voice but I barely heard it through the pleasurable haze.

Apparently a little annoyed at my lack of reply or just wanting to tease me even more, she pushed her hand under my shirt and captured one of my nipples in between her fingers.

"Ah!" I yelped out in both pleasure and pain as she pinched my nipples and my vision refocused on her smiling face.

"Look like your nipples have gotten even more sensitive."

I gave her a bit of a pout at the sudden assault but she pinched and rolled my nipples again send pleasure throughout my body. At the same time due to my own shaking her cock rubbed around inside of me, which increase the pleasure even more. "Oh god!"

"Hehe, you love that, don't you. You love a big cock in your ass and having your little nipples played with." She emphasized this statement by moving her hips and pinching my nipples.

"Yes!" I screamed in pleasure and started to shake as an orgasm washed over me and my cock continued to leak my juices all

over myself.

She let out a small laugh before she started moving even more and soon the room was filled my moans and screams of pleasure. Her cock went in and out of my ass again and again. Each time she slammed into me it felt like I had a mini orgasm and my cock was leaking nonstop.

Eventually, after fucking me for what felt like an eternity, she was finally pushed over the edge. “Yes! I’m going to cum! I’m going to fill up your sissy ass with all my cum!”

With a final thrust into me, she let out a loud, long moan and her hot thick seed filled up my ass. The feeling of her emptying her load inside made me see white and I came again for what felt like the thousandth time. My entire body was wracked with pleasure and my tight little ass constricted hard on her cock and milked her into me.

After an eternity of bliss, she collapsed on top of me and her breasts pressed against my face. I just laid there completely satisfied and took in deep breaths while smelling her as well. Exhaustion overcame me and I fell asleep with her shrinking cock still in my ass hold all her cum inside of me.

When I finally woke up, I found myself being cuddled by Ms. West on the big couch that existed in the room. Looking up, I saw her smiling face and I smiled back in response.

“I love you,” I said suddenly.

This was definitely not something I had said before and I didn’t know what came over me.

Ms. West was my boss or former boss and she turned me into a sissy toy on a whim because she wanted a fuck toy. She even told me this and I knew I was essentially a whore for her but at that moment I didn't care.

She looked at me with wide eyes for a second before they soften and she pulled me closer. She gave me another one of those gentle kisses that made me fall in love with her before she pulled back and smiled at me.

"I love you too."

Sissy's Futa Roommate

I let out a little sigh of appreciation as I took in my appearance in the mirror. This might sound a bit narcissistic, but I just looked so pretty at the moment.

My long blonde hair cascaded down to my shoulder, framing my pretty face. My bright blue eyes really popped because of the mascara around them, and my full red lips just looked so kissable.

Besides my lovely face, there was also my body. I wore a tight fitting pink blouse that despite my lack of breast, looked quite lovely. The main attraction, however, was the pink and black skirt I wore. It was quite tight around my ass, showing off my firm round cheeks, and it only went down to mid-thigh. This allowed the smooth, milky white skin of my legs to be shown off and after this tantalizing display of skin was a tight pair of black and pink striped stockings.

All in all, I looked quite gorgeous and I loved it. I loved being dress like this. I loved looking so pretty and lovely. And I loved the wonderful smooth feeling of these clothes of my hairless skin. If I could be dressed like this all the time, I would.

It just too bad I couldn't. Despite how lovely I looked, and the fact that no one would be able to tell by looking at me, I was actually a guy. A pretty girly guy, even without the clothes and makeup, but a guy none the less.

I let out a disappointed sigh as this thought ran through my head. It truly depressed me when I thought about these things, and I couldn't help but think about what my friend or family might say if they saw me like this.

I could imagine the scorn or disgust on their faces and I felt myself tearing up.

I had to forcibly suppress those negative thoughts as well as the tears that followed them. With the amount of effort I had put into making my makeup just right, I didn't want to ruin it so soon. It also didn't matter what either my friends or family might say if they saw me like this. That was because they would never see me like this, it will just forever be my dirty little secret.

No matter how much I didn't want it to be.

I let out another sigh before I shook my head and forced all those thoughts away for the moment. Then I looked back at myself in the mirror and gave myself a dazzling smile. Just for this moment, as I looked at my perfect appearance, I could forget about my troubles and just have some fun.

There was quite a few relaxing things I wanted to do for the day, as well as some very naughty things. A giggle escaped my lips as I thought about what I had planned for later. Those things would be very fun indeed.

"You seem quite happy." These words were said rather nonchalantly, but the moment I heard them I froze.

I recognized the voice that spoke, but I hoped to god that I was somehow wrong. That maybe I hit my head earlier today, and that the voice was nothing at all. That the person standing behind me, seeing me dressed like this, was not who I thought it was.

"What's wrong James? Why won't you turn and face me?"

I shivered as her voice entered my ears, and desperately closed my eyes in hopes that this was all just a dream. It wasn't.

When I didn't answer her, she walked into the bathroom and grabbed me by the shoulders. She then spun me around and made me face her. Her dark amber eyes looked at me with obvious amusement, as well as something else.

I had no idea what that something else was, as I was too busy trying not to scream. The one person in the world, I least wanted to know about my secret, had just walked in on me. And not only that, but the devious smile on her face told me she wasn't just going to let this go.

"What's wrong James," she said moving her face closer to me as if checking if I was okay. The vanilla scent she wore hit me full force as she did this, and I felt my knees go weak. "You look like you've seen a ghost."

"W-why, are you back so soon, Katie?" This was the only thing I could think to say. With her tight fit body so close to me, her scent in my nose, and her devious smile just inches from my face, I couldn't really think.

"Well," she said, while her smile never left her face. "I finished up early and I decided to come home and get some rest."

"Oh?" I said as if we were having a normal conversation, and I was interested in what we were talking about.

"Yep," she said, popping the 'p'. "I had intended to come home and get some much-deserved rest. But then I saw something very interesting."

“What was it?” I said weakly, hoping she was going to bring something else up, but I knew this was a pointless hope.

“Well,” she said moving her face even closer to mine now. “I went to the bathroom, I share with my roommate.” She said this as if I was some random person and not the roommate she was talking about. “But much to my surprise, I found a very pretty woman there.” Despite the tension and fear in my heart, I couldn’t help but get excited when she called me pretty.

It was stupid, as I knew she was just playing with me. She just wanted to toy with me, until she got bored, and then she would humiliate me. It had happened before when we first met and this time was going to be much worst.

“But after a second,” she continued on speaking, even as my mind was in chaos. “I realized it wasn’t some random woman. Do you know who it was.”

“Who was it?” I don’t know why I continued to play along, but it was probably because I didn’t know what else I could do.

“Why, it was my silly little roommate. Dressed up all pretty and nice, like a cute little sissy.”

I don’t know why this was when I decided I had enough, but it was. There was no way I was going to just stand there and let her start to mock me. I didn’t want to hear her when her words turned cruel, and I didn’t want to hear about how she was going to tell everyone we knew.

I just wanted to get away.

So I ran. Or at least I tried to.

Despite the fact that I was a guy, I really did have too perfect of a small, petite figure. Katie, on the other hand, was very womanly and sexy, but still quite tall and much stronger than me. When I tried to push her away and run out the door, I couldn't

All I did was push against her chest, but she didn't move an inch. "Oh? What's this? Is the little sissy trying to be a man, and feeling me up? I thought I told you I wasn't interested in men."

"Shut up," I said angrily, but it came out in a sob. "Just move and let me go."

"Oh I don't think so, my little sissy," she said in a very breathy voice that sent shivers down my spine. "I know your little secret now and you have to do what I say."

"And if I don't?" I don't know here I got the courage to say this, but my emotions were in chaos. Anger, fear, and sadness ran through me like a storm, and I was just reacting on instinct at this point.

"If you don't," she said moving her face closer to me again. Our foreheads were almost touching. "I'll tell everyone you know about you little crossdressing fun. I'll tell them you nothing but a little sissy, who wants to be all dressed up and pretty. That you probably want a big thick cock jammed up your tight little bum, and ride it all night long."

At this point, my anger flared up again. I wanted to just shout at her and tell her to go ahead. Go ahead and ruin my life, because apparently that what evil people like her do. And that what I tried to do. But the moment I opened my mouth something very soft pressed against my lips, silencing me.

I was so stunned at first, that despite my eyes being wide open as the happened, I couldn't quite figure out what happened. One minute my evil, sexy, hateful, raven-haired roommate was taunting me just inches from my face, and the next I was suddenly being kissed.

Who could have done it? How did someone get past Katie to kiss me, and more importantly why had they done it?

Obviously, no one had done such a thing. It was a ridiculous notion, but the reason I even thought of this, was because the alternative was even more ridiculous. That was because the only alternative, was my roommate, the woman who had laughed in my face when I had asked her out, and continue to openly mock me afterward, had kissed me.

This was a complete impossibility, or at least so I thought. Because despite my inability to accept it, it really was Katie who was kissing me. It was also Katie who pushed her tongue into my mouth and grabbed a handful of my ass through my skirt.

I moaned at the rough way she grabbed my ass, and I could help but respond eagerly to her kiss. Despite the growing thought in my mind, that this might all be a dream, I couldn't help but love what she was doing to me. Not only was she incredibly good at kissing, but she was apparently very good at being dominating.

After a good couple minute of lustful kissing, as well as a lot of groping, Katie pulled away from me. I had my eyes closed at this point and when I opened my eyes, I could see the same devious smirk on Katie's face. A shiver went up my spine as I saw this, but instead of fearing what she might do next, I was incredibly excited.

"So," she finally said after a few seconds. "Have you decided?"

“Decided?” I asked her in confusion. The amazing makeout session we just had made me rather slow to understand her meaning.

Her smirk grew a bit wider. “Have you decided,” she said, before wrapping her arm around my waist pulling me against her. “If you're willing to do whatever I say?”

My eyes widen in realization at this, and then I nodded eagerly. At this point, I didn't care if she told anyone... Well, that wasn't completely true, but that was not the main thing on my mind. The main thing on my mind was just how amazing it might be to be completely under her control.

“I want you to say it.” She grabbed my chin stopping me from nodding, as well as making me look straight into her eyes.

“I'll do whatever you say from now on,” I said obediently, looking into her gorgeous eyes.

“Yes you will,” she said with a small laugh. “If you don't then everyone will know just what a horny little sissy you are. But you don't care too much about that right no do you?” She reached down between her bodies and cupped my cock which was trapped in my panties. It was hard as a rock but not very big. “You want to be my slave, because you're just a horny little whore aren't you.”

She squeezed her hand and I gasped out, “Yes!”

“Good,” she said, before planting a quick kiss on my lips. I desperately wanted more but she pulled away to face for me to react. “Now let's get out of the bathroom. It's far too cramped in here for what I want to do.”

Another shiver runs up my spines at that. Many things came to my mind as I thought about what she wanted to do to me. All of them made my cock throb in anticipation.

With her hand still around my waist, she pulled me out of the bathroom and we moved into the living room. I thought this would be where we were going, but instead, we were heading to her room. She pulled out a key and unlocked her room before she urged me inside.

I only took a few steps into the room, before she suddenly moved and picked me up off the ground. Before I really even knew what was happening she moved over to the bed and threw me onto it. Despite the fact, that she was treating me like an object, I never felt more turned on in my life. I realized as my back hit her mistress, and as she crawled on top of me, that I loved being treated like this.

“You know,” she said, with her arms on either side of me, and her face just inches from mine. “You really do look like a girl right now.” She reached out with one hand to caress my face. “So fucking pretty and so fucking perfect. It makes me want to fuck you brains out.” She moved her hand down my body and to my cock. She squeezed it almost painfully. “It’s too bad you have this thing down here between your legs, instead of a good tight pussy for me to fuck.”

I whimpered a bit as I tightened her grip even more, but I resisted the urge to tell her to stop. This was both in fear of her getting angry, as well as the fact that the pain also felt so good.

“But,” she said, as her hand loosened its grip and started to rub me. I gasped at the feeling. “At least you have such a pretty little ass. I bet you’d love me to fuck that, wouldn’t you.”

“Yes,” I moaned out, thrusting my hips forward against her rubbing hand. The pleasure building up was almost too much now. The feeling of my panties rubbing against my skirt just felt so good.

“Yes, what slut?” She tightened her grip on my cock and I saw white at the edge of my vision.

“Yes, I want you to fuck my little ass,” I screamed as my cock exploded in pleasure. Her dirty talk combined with the tight grip she had on me, and my own thrusting hips, brought me over the edge. My small cock, squirted all over the inside of my panties, completely drenching them in my cum. It even leaked through my skirt and onto her hands.

“Hahaha.” She laughed as I came in her hands, but she never stopped rubbing me. “You’re such a quick shot little sissy.”

I would have been incredibly embarrassed by this, if I didn’t just have one of the best orgasms in my life. In fact, I think her degrading words turned me on even more.

“What a mess you’ve made,” she said, while her hand still continued to gently rub me through my skirt and panties. “I think you should clean it up.”

My eyes widen as I heard her say this, and she gave me a very devious look. She then brought her hand, which was covered in my own cum, up to my face. “Well?” She said expectantly, pushing her cummy hand closer to my face. “Are you going to do what I said?”

“Yes,” I breathed out, while never once taking my eyes off hers. I then tilted my head forward and stuck out my tongue, and licked up my own cum from her hand.

My own salty taste filled my mouth as I did this, but all I could really think about was the look on her face. The satisfied, almost proud look on her face made me gleeful and I didn't care I was licking up my own cum. All I wanted, was for her to continue looking at me like that.

That's why I slowly and carefully licked every last bit of my cum off her hand. I then gently took each of her finger in my mouth and sucked them slowly. This seemed to turn her on even more, as her eyes were smoldering at me.

I didn't even get to finish, before she pulled her hand away and replaced it with her mouth. Her tongue danced with mine and I felt her press her body right down on to me. Her big, soft breasts pressed nicely against my chest, and her smooth thigh pressed right up against my crotch. I was in heaven again and I closed my eyes to enjoy her passionate assault.

Then I felt it. I was confused at first as I felt something pressing up against my flat stomach. I thought it was just the fabric or something else, but it felt hot and throbbed against me. Eventually, as I thought about it more, I realized what it was, and my eyes widen in shock.

When I did this, I ended up looking straight into her eyes and I could see the amusement in them. She pulled back from our kiss after a second, but not before giving my tongue one last suck.

"How?" That was all I was able to say as I felt her rock hard cock pressing against my stomach. I thought for a second she might be like me, but she had breasts, like real breasts. I also remember seeing pictures of her when she was younger, and she had always been female. So how did she have a cock?

“I’m a futa,” she said, and she emphasized this by thrusting her hips forwards and pressing her cock against my stomach. Despite the cloth between us, I felt the heat and hardness of her cock, and it drove me wild. “Do you know what this means?”

“That you’re a woman with a dick?” I tilted my head in confusion.

She let out a laugh. “No that’s not what I meant. I mean do you know what this means, the fact that I have a big thick cock?”

My eyes widen again as I realized what she meant and I felt my cheeks heat up. Despite the talk earlier about her fucking my ass, I had only thought of her using her fingers. But now that I knew she had a cock... I shivered in anticipation.

“It means you’re going to put it up my ass,” I said in a shy excited voice.

“No,” she said shaking her head. “It means I’m going to drive it up your ass, and fuck you senseless.” I shivered again and she smirked. “Do you like the sound of that?”

“Yes,” I breathed out.

“Good.” She lowered her head and gave me a quick kiss. “But before we get to the main event. Why don’t I see how good you are at sucking something besides fingers.”

“Okay,” I giggled out.

She then backed away and repositioned herself so that she was straddling my chest. I could see a large bulge in her shorts and I gulped at this sight of it. Feeling it against my stomach and seeing it

bulging against her shorts were two very different experiences. I hadn't really realized just how big she was, and I couldn't help but wonder how it was going to fit in my mouth, let alone my ass.

"Impressed?" She laughed and I just nodded dumbly. "Just wait until you see it up close and personal." She then lowered herself closer to me, while at the same time she pulled her shorts and panties down.

Her big, hard cock flopped right out and smacked me in the face. It was already dripping with precum, and the slightly musky scent made my mouth water. The feeling of it on my face also drove me crazy, as I felt her hot throbbing cock against my cheek.

"Well?" She said, before she moved and rubbed her cock against my face. "Are you going to put that pretty little mouth of yours to work or not?"

This snapped me out of my slight daze. Instead of answering her, I stuck out my tongue and gave her cock a long lick. I instantly fell in love with the taste of her cock, and I licked every inch of her shaft.

"Mmm, that feels pretty good. But I you know what your pretty lips feel like wrapped around my cock." She pulled her cock away from my licking tongue, before she took a handful of my hair. She then guided the tip of her cock straight to my mouth.

I eagerly opened up to accommodate her and then she shoved her cock into my mouth. She wasn't gentle at all about it, and I gagged as she hit the back of my throat. I instinctively tried to pull back away from her, but she kept her grip on me and didn't let me go.

“Mmm, your throat feels so good. It’s like it was meant for my cock you.” She then finally pulled back her cock a little letting calm down a bit, before she thrust forward again.

I once again gagged as she did this, but instead of just holding me they're like last time, she started thrusting back and forth. Each time I would gag on her cock, and she would moan as my throat constricted around her throbbing meat. It was like she was fucking my mouth like a pussy, and I loved every second of it.

Despite how rough she was being with me, I loved it so much and my cock was twitching in my wet panties. I wanted to play with my cock as she fucked my mouth, but because of how she was on top of me, I couldn’t move my hands to my crotch. All I could do was lay there as she used me for her pleasure.

“Mmm, don’t get lazy slut.” She thrust her cock down my throat again and held it there. “I want to feel you use your slutty little lips and tongue.”

I felt tears roll down my cheeks as I gagged on her cock, but did my best to comply. My tongue caressed the underside of her cock, and I did my best to wrap my lips tighter around her. Apparently, I did a good job as she moaned in appreciation before she pulled back and continued her fucking.

“That’s it, slut,” she moaned out as she sped up her hips. “That’s how a good little sissy slut sucks a cock. You got to suck on it like you mean it. You have to worship it likes it’s your whole world, because that what it is now.”

She pushed her hips forwards one last time, burying her as deep as possible into my mouth. I gagged again around her massive shaft, and then her cock pulsed and unloaded all her cum straight down my throat.

“Yes!” She screamed as she came. Her cock shot load after load of semen down my throat, and I was forced to swallow as fast as I could. I couldn’t keep up with her so her cum overflowed in my mouth and escaped through the side of my lips.

It dripped and dribbled down my cheeks and got onto the bedsheets below us. I vaguely wonder in the back of my mind, if she would be mad about that, but I could barely think at this point. All I was really trying to do was not drown as she filled me with her cum.

After what felt like an eternity, she finally came down from her orgasm and pulled her cock out my mouth. She rested it on my face, as I swallowed the last bit of her salty cum still in my mouth.

“You did a pretty good job sucking my cock,” she praised me, while gently rubbing her still hard cock against my face. “I guess you’re just a natural born cock sucker.” She laughed at this and I flushed. “Or maybe you’ve had practice.” She pulled her cock off of my face and forced me to look at her. “Tell me James, have ever sucked any real cocks before? Have those pretty sissy lips of yours been wrapped around some guys cock?”

She sounded a bit mad as she asked this and I quickly shook my head. “No,” I said with a rasping voice, due to how rough she had been with my throat. “Only dildos” I mumbled the last part in embarrassment, but she heard me loud and clear.

“Dildos?” She asked with a laugh and I nodded. “Hahaha, I should have known a little sissy like you would have done something like that. I bet you used them on that tight little ass of yours as well.”

I nodded timidly.

She smirked. "Then let's see just how good you've gotten and taking things up your ass."

My eyes widen at this, and before I could react in any other way, she got off me and flipped me over onto my stomach. She then pushed my skirt up revealing my perky little ass, before she literally ripped my panties off of me. It tore very easily as she did this and I let out a whine. Those had been my favorite panties.

"Oh hush," she said with a laugh, before she gave my ass a smack. "I'll buy you more later. Right now I want some of your pretty little ass."

She took a hold of both my ass cheeks, one in each hand and squeezed. I moaned in pleasure as she did this, and she continued to toy with my ass for a bit. She then spread me wide opened and said, "Mmm, a nice and pretty pink hole. Just perfect for my cock."

I felt her move around behind me for a bit before I felt something big, hot, and wet press right up against my little puckered hole. A gasped escaped my lips as I felt this, and then she pushed forwards.

It hurt a little despite all the lubrication she had on her cock. She was just so big, and the dildos I've used before were not nearly as big. Another gasp, this one a slightly pained one escaped my lips, but she didn't stop. Instead, she continued to push forwards, and after a bit of work, had her enormous cock deep in my ass.

I let out a very loud moan when her cock got deep enough, and it pressed right up against my prostate. My cock leaked a copious amount of fluid and I saw thought I saw stars.

“Oh yes,” she moaned out. “Your ass is so tight. It’s even better than your throat.”

I felt a sharp pain as she smacked my ass, and I gasped. “You really do just have the perfect sissy ass for fucking. It’s like you were made to service my cock.” She gave my ass another smack and I winced.

My ass tightened around her cock every time she spanked me, and it made her cock feel that much bigger in my ass. The combination of pain and pleasure was driving me wild and I couldn’t really think. All I knew was that I wanted more and I couldn’t help but back up against her cock.

Katie let out a laugh, “Looks like you're ready for a fucking.” She grabbed my hips and pulled me closer. I could feel her pelvis against my ass and then she started to pull away from me.

“Ah, Katie,” I moaned out as her cock moved around inside of me.

She tightened her grip on my waist. “You love this don’t you slut?”

“Ye-” I started to say, but before I finished she slammed back into me. Instead of finishing what I was trying to say, I just moaned in pleasure.

“I didn’t quite catch that,” she said with a laugh as she started fucking me earnestly. Her massive cock going back and forth, inside my tight little hole. “Do you love this or don’t you slut. If you don’t tell me, I’m going to stop.”

I had to fight through the pleasure to reply to her. The only reason I was able to speak was because I didn’t want her to stop. “I

I-love i-it," I ended up stuttering out, and she just laughed and picked up her speed.

"I knew you would, you little sissy slut." She smacked my ass again. "Now why don't you cum for me you little slut. Cum with just my big, futa cock up your little ass."

She sped up even more and I felt her pelvis slamming into my ass. The friction building up between her cock and my walls was amazing, but the best part was how she angled her thrust. Every time her cock would slam into my prostate, I would see stars, and finally, it was too much.

"Cumming," I moaned into the mattress as I came explosively. My little cock, which was no longer trapped in my panties, squirted out so much and I completely covered the bedsheet beneath us in my juices.

"That's right cum for me, slut." She thrust her hips even harder. "Cum with your slutty little ass. Squeeze my cock so I can fill your whore hole with all my cum."

I just moaned into the bedsheets as my orgasm continued to wash over me. Her constant fucking and dirty words made everything even better.

"I'm going to cum," she said, after a few more thrust. "I'm going to fill your little ass with all my cum, slut."

"Yes," I moaned out with the last of my energy. The thought of her filling me up with her seed drove me wild with need. I wanted her thick cream deep inside of me.

"Here it comes," she said, emphasizing each word with a thrust of her hips. "Yes!"

She came and I instantly felt a hot rush of liquid in my ass. It felt so good as she started to flood me with her cum, and I moaned and writhed beneath her. The hot sticky feeling felt so good, that I think I came again, but I wasn't sure. The pleasure from her fucking had gotten all mixed up and I felt like I was going through an everlasting orgasm.

“God you're tight ass is milking my cock,” she moaned out, before I felt her collapsed on top of me. Her big, soft breasts pressing up against my back, as her cock continued to pulse inside of me.

Eventually, both of our orgasms subsided, and the only sound in the room was that of our heavy breathing. I felt completely exhausted and I couldn't help but start to fall asleep, even as her cock was still buried inside of me.

Before I lost consciousness, the last thing I heard was, “You're mine now.”

Introduced to the Futa Club

“Hey Becca,” I heard a nervous voice say from behind me. Turning around, I couldn’t help but smile as I took in the appearance of the guy standing there. He had a slim build and was kinda short for a guy. His big brown eyes looked at me with an unconcealed nervousness, and his cute pouty lips were just begging to be kissed. Combined with his delicate little nose and the slight natural blush on his cheeks, he looked absolutely adorable.

I felt my clit throb a little as I took in his delicate appearance, and part of me wanted to take him then and there. Pushing his smaller body against a wall and pressing my futa cock against his stomach letting him know exactly what would be happening. I would capture those pouty lips of his with my own and kiss and bite them as much as I wanted. After that, I would push him on his knee and shove my throbbing needy cock down his little throat.

It was too bad that if I did that, we would both probably get in trouble for public indecency or something. There was also the fact that my friends would be pissed at getting stood up after I told them I found such a cute little freshman for us to play with. Pushing those thoughts out of my mind, I refocused on the present instead of my fantasies.

“Hey Rowan,” I said walking up to him and smirking as I caught him staring at the generous cleavage I had on display, thanks to my black halter top. Seeing my smirk, he blushed cutely and looked away from me making me laugh.

Wanting to tease him a bit more I wrapped my arm around his shoulder, pressing my perky breasts against him and making him

blush even more. “You know, you’re very cute when you blush.”

At my comment, his adorable blush deepened and I laughed again, before I started leading him towards a building further inside the campus. As we walked I continued to tease him slightly, but eventually he got over his nervousness and we were able to have a normal conversation

“So what kind of club did you say this was,” Rowan asked doing his best to look at anything besides my cleavage.

“Well, it’s nothing special,” I said vaguely before I opened a door leading to the room we used for club activities. “It’s just something me and a couple of my friends started as an excuse to get a room on campus to hang out in.”

The room we walked into was pretty dark, but I could make out the usual couch, tv, table, chairs and the mini fridge that furnished the room. Reaching out with my hand not wrapped around Rowan, I turned on the lights and giving us a better look at the room.

“Oh, so what do you guys do,” he asked curiously taking the time to look at everything in the room. Part of me wanted to laugh and say well tonight we’ll be doing you, but that would have ruined the surprise too early for my taste.

“Whatever we feel like. Sometimes we just help each other do work, and other time we might play some video games or maybe some card game.” Technically I wasn’t lying, but that was definitely not what we would be doing tonight. Not when we had such a cute freshman to play with tonight.

I lead Rowan to the couch where he sat down, and then I headed to the fridge to get a drink. Looking into the fridge I frowned a bit when I notice there were only soda and no beer. Despite the

fact that I was twenty-one, students weren't allowed to have beer on campus, so my friends and I had to remove our stash every year before school ended. I guessed that none of them had, gotten around to restocking yet so I just took two soda out of the fridge and headed back over to Rowan.

"Thank you," Rowan said, before taking the soda I offered him and opening it up. We both drank in silence for a second enjoying the cold drinks before I turned on the tv.

"Wanna watch something before everyone else gets here," I asked him and he nodded a little. He was still sipping at his drink and his pouty had a bit of soda on them making them glisten slightly. I couldn't help but curse at my friends who were taking forever to get here, but just as I was thinking that the door open out and several of my friends walked into the room. There were two blondes, and a fellow ravenette, all of them looking at Rowan with interest.

"Hey ladies," I said, waving lazily. Beside me, Rowan looked back at my friends with growing nervousness. I didn't know if he was nervous about their expressions, or the fact that he was the only guy in a room, but either way, it only made him look cuter.

I then proceeded to introduce all of my friends to Rowan, first introducing him to Kristen the tall busty blonde, then Jenna the shorter blonde, and finally Victoria the ravenette. He was able to give them a small greeting but I could tell he was starting to close up due to his nervousness.

"So," Victoria said with a sultry voice before she walked over to our couch and sitting on the other side of Rowan. She then gently coaxed the side of Rowan's face making him face her and look at her with a blush. "Are we gonna continue this pointless talk or are we going to get to the main event."

I rolled my eyes Victoria taking charge, but it was to be expected. That was her personality and ever since she walked into the room, she had been eyeing Rowan like a piece of meat, and I mean even more so than the other horny futas in the room including myself.

“Um what d-do,” Rowan started to stutter out but lost the ability to talk as Victoria started moving her face closer to him. He seemed a bit hypnotised by Victoria amber eyes, but I wasn’t about to let Victoria have first dibs on the guy I found, so I tighten my hold around his shoulder and brought him to face me.

Before he had time to react I captured those captivating pouting lips with my own and in moments I had him whimpering and squirming in my arms. The most adorable and innocent little moans escaped his throat, as I took the time to explore every last corner of his mouth. My panties were already wet with my juices and I felt my clit hardening into my cock.

After several more minutes of intense kissing, I pulled away from him leaving a line of saliva connecting our lips. He looked at me with half-lidded eyes, and his normally rosy cheeks were a bright red from excitement and a slight embarrassment.

Just as I was about to go in for another round, Victoria took a hold of Rowan's face and said, “My turn,” before taking his luscious lips for her own. Even though I knew I had brought Rowan here to share with the rest of my friends, part of me was a little annoyed. Maybe it was the fact that out of all the futas in the room, Victoria was usually the most dominant and possessive, and I didn’t want her trying to keep Rowan to herself after all of this was done.

As Rowan continued to squirm and moan under Victoria’s sensual assault I decided to take things up a notch and started to undo Rowan pants. At the same time, Jenna got on her knees in front of Rowan and started helping me pull down his pants, revealing

his hard little hairless cock to the room eliciting giggles from everyone in the room except Victoria who was too preoccupied with her kissing. It really was the most adorable cock I had ever seen, and it certainly fit Rowan as he was such an effeminate guy.

Rowan let out an adorable little whine, no doubt very distressed about the laughter, but it quickly turned into a moan of pleasure as I took it in my hand and started stroking it gently. His cock throbbed eagerly in my hands, and it felt like it was ready to burst at any second. I took the generous amount of precum he was producing and rubbed it all over his cock slowly and coated his entire cock with it.

Not to be outdone, Jenna took the head of his little cock into her mouth and started sucking. With a gentle whimper and a thrust of his hips Rowan came and I felt his throbbing little cock pump his cum into Jenna's mouth. I continued pumping his cock, hoping to get as much of his cum into Jenna's mouth as possible. When he finished cumming Jenna let go of his cock and opened her mouth, showing all the thick creamy jizz he just release and I couldn't help but giggle at the devious look in her eyes.

Taking a hold of Rowan's shoulder, I pulled him away from Victoria earning myself a glare from the dark haired beauty. Ignoring that, I simply pointed at Jenna and after looking at her, Victoria gave me an amused smile before letting Jenna get on top of Rowan and kissed him. The poor confused and exhausted guy didn't even know what happened before Jenna was forcing his own cum into his mouth making him taste his own creamy jizz.

For the first time during the night, Rowan started to struggle, but his slim delicate arms were too weak to push the overly excited slim blonde away. Eventually, he stopped struggling and let Jenna have her way, obediently swallowing his own cum from her mouth.

“God I love it when she does that,” I heard from behind me and I let out a laugh as I saw Kristen had already taken her shorts off and was rubbing her erect futa cock. “I can’t wait to make the little sissy swallow my cum too.”

Looking back to Rowan, I noticed that he still had his eyes closed and hadn’t seemed to have heard just what the busty blonde had said. I giggled a little imagining the look on his face when he realised that we were all futa, and I decided to take my cock out to. Once my shorts and panties were off I let out a relieved sigh as my cock was no longer being restricted and started stroking my large shaft.

Apparently deciding she had enough of indulging Jenna, Victoria pushed her off of Rowan before taking him by the shoulder and bringing him to the ground onto his hands and knees. Rowan looked around in a confusion before he noticed both of the new hard cocks in the room, and stared in shock. “What?”

“Mmm that’s right my little sissy,” Victoria said, coaxing him to look at her and the bulge that was apparent in her pants. “We’re all futas.” Jenna deciding to emphasize the point took off her skirt and reveal her eager futa cock as well.

Now faced with four hard throbbing cocks, Rowan looked even more nervous than before, but I could also see the lust in his eyes. He licked those perfect pouty lips of his, and my smile grew bigger before I walked up to him my cock pointing at his face. “So, Rowan. Do you want to join our club?”

Rowan looked up from my cock and looked at my face, before blushing and looking back at my cock. “I,” he started hesitantly before I move forward and pressed the tip of my cock against his lips coating them in my precum. Unable to contain his slutty desires, he eagerly flick his tongue over his lips and let out an adorable moan of pleasure.

“Is that a yes? Do want to taste my cock?”

He nodded eagerly and tried to take my cock into his mouth but I pushed him back. Seeing him pout adorably at me I couldn't help but laugh and rub my cock teasingly against his lips again. “You have to use your words, Rowan. Tell me what you want.”

Blushing a little more he look back at my cock one more time before turning to me and saying, “B-Becca, I really want to s-suck your c-c-cock. Can I please d-do it?”

“That's a good sissy,” I said rubbing my hand affectionately through his hair, before pushing my cock against his lips. His pouty lips parted eagerly and my cock was enveloped in the wet warm embrace of his pretty little mouth. I let out a moan as he eagerly started sucking on my cock, and running his dexterous tongue along my shaft. “Mmm, he's a natural little cock sucker.”

“And he's eager too. I like that,” Kristen said from behind me before I felt her put her chin on my shoulder watching Rowan as he worshipped my cock. At the same time, her teasing hands grabbed each on my breasts and started massaging them making me moan.

“Take it a little deeper Rowan,” I said before taking a handful of his hair and bringing him closer to me. “Just relax your throat, and take all of my cock.”

Surprisingly he actually was able to take all of me at once, and I had my entire cock buried down his throat. Moaning, I could feel the pleasure building up as my cock was squeezed and milked by his throat, and Kristen played with my tits. “Get ready sweetie, I'm about to cum.”

I pulled myself a little out of his throat before thrusting back in one more time and started to cum, shooting load after load of my thick creamy jizz down his eager little throat. Rowan moaned as I filled him up with cum, and the vibrations I felt from that were amazing coaxing more cum out of me than I thought possible.

Once I finished cumming, I started pulling my softening cock out of Rowan's mouth, but he kept on sucking on it like the greedy little slut he was. Apparently seeing this Kristen pulled me away from him, making him whine a bit before he was silenced by Kristen's large meaty shaft being shoved into his whining mouth. "Mmm, that a good little slut. Suck my cock too"

Not being as gentle as I was, Kristen started thrusting almost immediately and started face fucking the poor guy. The room was filled with a wet slurping sound Kristen abusing Rowan's throat, and I could already feel myself getting hard again seeing innocent little Rowan being used so forceful.

Looking over at Victoria, I could see that her eyes were not on Rowan's dripping lips as they wrapped around Kristen's massive cock. Instead, her eyes were glued to Rowan perky little ass, and the tight pink hole that was just begging to be plowed. Looking straight into my eyes, she gave me a challenging stare and I just smiled gesturing her to go ahead. I was still warming back up from the orgasm I had earlier, and I already took his mouth cherry. It would only be fair that I let someone else have his tight ass.

Smirking at my gesture, Victoria got down on her knees and took a hold of Rowan's perfect little ass and started to fondle those perfectly round globes. She squeezed his ass hard, digging her perfect nails into his skin and enticing a pained little groan from Rowan. I sighed a bit, seeing her rough treatment and the pleased smirk on her face. She was still a bit of a sadist.

Having enough fun playing with his ass cheeks, she decided to go for the main event and pulled out a tube of lube from her somewhere. She poured a generous amount of the stuff on her hands before pressing a finger against Rowan's tight asshole making his whole body tense up. Victoria started forcing her lubed up finger straight into him, and he let out a low moan making Kristen groan out and I knew she was going to cum soon.

Once Victoria got her whole finger inside of his ass, she started moving it back and forth before adding more fingers. I could see that Rowan was really getting into it as he was starting to rock his ass back and forth trying to fuck himself on her fingers. At the same time, his little cock was hard as a rock and leaking a huge amount.

Wanting to play with Rowan a little more while Victoria was preparing him for a fucking, I knelt down next to him and took a hold of his cock making him gasp. I started milking his shaft for a bit and I could tell he was about to cum again. With his ass being played with by Victoria, my milking his cock, and Kristen using his mouth he was experiencing a sensory overload and his whole body shook as he came.

His cock lets out a few spurts of cum, but it wasn't much compared to what I spurt down his throat earlier, or what Jenna forced him to eat. Speaking of Jenna, I could see her sneaking up on Kristen as Kristen started to cum from Rowan tight little throat. Just as she let out a low moan of, "Yes!" and started to cum filling Rowan up with more cum, Jenna shoved her hard cock deep into Kristen dripping wet pussy.

"You bitch!" Kristen let out a scream of both pleasure and shock, as she was suddenly entered by Jenna, and Jenna wasted no time pumping her hips hard and shoving her cock deep into Kristen's pussy. Kristen's entire body shook with pleasure, and she shoved her cock deeper into Rowan moan.

At the same time, Victoria had also lubed up her cock and was already rubbing the head of it against Rowan wet little hole. As she started pushing her cock into Rowan, he let out a low groan and was forced a bit forward as Victoria slowly made her way into his asshole. As she did this Rowan pushed forward a bit and Kristen lost her balance making her fall backward, her cock slipping out of his mouth with a wet slurp.

Jenna having been behind Kristen and buried deep within her also fell on the floor with a slight thud, and the two of them started laughing. Seeing them both preoccupied I was about to take a second turn at Rowan's sweet mouth, but Jenna quickly pushed Kristen off her and shoved her pussy juice covered cock straight into Rowan's eager mouth.

"I made my dick extra tasty for you, sissy," Jenna said as she started fucking Rowan's mouth immediately.

Sighing at that I continued stroking Rowan cock and watched him get taken from both ends. His cock was now constantly leaking from the pleasure he was receiving from all directions. My cock throb with need, but I would have to wait for either Victoria or Jenna to finish before I could get off again.

"God I love virgins," Victoria moan out as she got her entire cock into Rowan's tight little ass. After giving Rowan only a few seconds to adjust she started pulling her cock out, before slamming back in full force, driving herself as deep as possible, and at the same time forcing Jenna's cock deeper into Rowan's mouth.

It was a sight to behold seeing Victoria slamming deep into Rowan's petite body, her large breasts bouncing enticingly and barely contained by her thin shirt. At the same time, Jenna was

thrusting away with passion, driving her cock deep into Rowan's throat and playing with her own small breasts at the same time.

“Here it cums sissy!” Eventually, Jenna started to cum first, and instead of driving deep into Rowan’s mouth and pouring her thick rich cream down his throat, she decided to pull her cock out and cover Rowan pretty face.

“I’m going to cover you up in my cum you little slut,” she moaned out as her cock shot load after load of thick creamy jizz all over Rowan face and hair. I could see the look of udder delight on her face as cover him all over in cum, and made Rowan look like the sexy little cum slut he is.

“God you look so hot,” Jenna muttered, before getting on her knees and kissing Rowan, tasting all the cum she had just blasted on his lips and in his mouth.

As Jenna continued to ravish his mouth and Victoria continued to fuck his ass, Rowan started cumming again. His hard little cock pulse in my hand and Victoria hiss out in pleasure, no doubt loving his the feeling of his anus muscles squeezing hard on her cock. With a few more thrusts of her hips, Victoria let out a low moan and started cumming, filling Rowan ass full of her cum. She continued to rock her hips slowly as both she and Rowan came together and when I could tell she was nearly done, I reached out and push her back.

Victoria let out a gasp at the push and fell backwards, her softening cock slipping out of Rowan ass with a slurp. Not even looking at Victoria as she fell on her ass, I quickly grab Rowan’s hips and pulled him over to me. “Finally my turn,” I shouted with glee.

Jenna gave me an annoyed look as I took Rowan away before she finished cleaning him of her mess, but she quickly forgot that as she was tackled to the floor by Kristen. Kristen eagerly shoved her cock into Jenna dripping pussy no doubt as revenge for

the sneaking up on her earlier, and I started to ignore them both in favour of looking at Rowan's dripping asshole.

I admired the sight of his cute puckered little hole leaking trails of thick white cum before I pressed my cock against it and pushed in. I was far too horny to do it slowly, and with Victoria cum still in him, I was able to slam myself in without hurting him. He let out a startled gasp followed by a loud moan, as I filled his cum filled hole with my cock.

My hips met his perfect perky cheeks, and I couldn't help but moan as I felt exactly how tight and warm he was. I started rocking my hips back and forth and within moments I was fucking his slutty hole with vigour, driving my cock as deep as I could into his tight wet tunnel, and slamming my hips against his asscheeks. He arched his back in pleasure as I continued to ram my cock into him, and let out another slutty moan. My grip on his beautiful slim hips tighten as I sped up my thrusts, and I could feel the pleasure building up.

Each time I pulled out of him, it felt as if his silky smooth walls were trying to pull me back in and once I slammed back in I felt him constrict around me tightly. I continued hammering away into his tight hole for a good while, and Rowan moans got even louder as he started to cum again and his ass tightening up even more and bringing me over the edge.

My entire body tense and I slammed myself as deep as I could into his silky smooth ass. At the same time, I suddenly felt something very large and very hard slam into my own pussy making me gasp. I started cumming hard into Rowan and at the same time, I was pushed over so my breasts were pressed against Rowan's back and the cock in my pussy was thrusting vigorously.

I felt a pair of lips bit painfully down on my ear before I heard Victoria's husky voice. "You should know better than to interrupt me when I having fun." She continued hammering away inside of me

even as I filled Rowan's ass up with my cum. I started seeing stars with how much pleasure I was feeling and with a final thrust Victoria shoved herself as deep as possible into me and came inside of me.

Her hot thick cum filled up my pussy and her cock continued to throb, shooting multiple loads of her cum into me. Being far too overwhelmed with Victoria's cock and Rowan's tight asshole, I lose control for a second and my full body weight pressed down onto Rowan making him collapse.

We ended up lying in a big pile on the floor with my cock still buried in Rowan and Victoria inside of me. The only sound in the room was our tired gasp as we tried to catch our breaths before I heard another loud moan. Looking up tiredly I was Jenna was bouncing up and down on Kristen's cock cowgirl style while playing with her own small breasts. I could see her tight pink pussy spread wide open by Kristen's pulsing cock and lots of creamy white cum was leaking out from the edges of her pussy. At the same time, her own futa cock was bouncing around wildly and she was spraying her cum all over the place.

Seeing such a sexy display in front of me, I couldn't help but become aroused again. My softening cock started hardening, and Rowan lets out a small whimper as his ass was stretched open again. At the same time, Victoria who felt like she never softened at all, started thrusting her hips into me, pushing me deeper into Rowan.

As the pleasure started to build up again, while my cock was hugged tightly by Rowan's ass and Victoria pounded my pussy, I couldn't help but think this was going to be one hell of a year.

Sissy Boyfriend's Futa Submission

Chapter 1:

Katie's pov:

I smirked as I laid between Ruby's legs, my face just inches from her panty clad pussy. Reaching out with my hand, I gently rubbed at her clit through her panties causing her entire body to tense and one of her hands to desperately try and bat away mine.

"Hey, Ruby are you okay? You look a little red," A voice asked, coming from the laptop resting on Ruby's stomach.

"I-I'm f-fine Alex, I'm just a little tired from all the things that have been going on today," Ruby said with a stutter making me laugh. I wonder what Alex would do if he knew what was making his pretty little girlfriend so red?

Not done teasing Ruby yet, I pinned her hand trying to push me away against her thigh and pulled her red and black panties to the side, revealing her glistening pussy. Try as she might, to get me to stop the little slut was loving getting her pussy played with while she chatted with her oblivious boyfriend.

Bringing my face closer to her pussy, I could smell her gentle fragrance which made my mouth water. Not able to resist the temptation I stuck my tongue out and gave her pussy a long slow lick making her let out a gentle gasp. As she tried to come up with an excuse for her noises, I gave her no mercy and dug into her tasty pink pussy.

She tasted better than she smelt, and I forced my tongue deep into her folds, tasting every inch of her. My clit throbbed as I feasted on her tasty pussy and it quickly transformed into my futa cock, pressing hard against the tight shorts I had on. After a minute

of me tongue fucking her delicate hole, she had a silent orgasm as she tried to pretend to listen to whatever her boyfriend was saying.

Her juices flooded my mouth and I eagerly drank it all down savoring her delicious taste. Once her pussy finally stopped squirting I continued to lavish her pussy with attention licking it all over and sucking on her cute little clit. Her body continued to shake a little as I slowly started to bring her to another orgasm, and at the same time, she was trying to hide what was happening from her boyfriend.

“Okay, I’ll see you soon Ruby. Try to get some rest you look really tired.”

“S-Sure I’ll g-go to s-sleep really soon. Love you!”

“Love you too, bye,” Alex said before the chat session was canceled. The moment Ruby’s webcam turned off, she let out a loud moan and pushed her laptop aside. Thrusting out her hips desperately, she grounded her pussy against my tongue wildly and came again, squirting more of her juices all over my face. As she came I latched onto her clit and sucked on it hard making her scream in pleasure causing her entire body to shake.

Once she finally stopped cumming her hips slumped tiredly back onto the bed. I gave her pussy one final kiss before I crawled up from between her legs and grabbed one of her perky breasts before kissing her. Shoving my tongue into her mouth, I easily dominated her while making her taste her own juices. After kissing her for a long while we finally broke apart due to the lack of oxygen.

Slowly I took my cock and pressed it against her entrance. Ruby moan eagerly as I pressed my cock into her slick wet fold and I smiled. Alex might be her boyfriend, but her pussy belonged to me.

Chapter 2:

Alex's Pov

I sighed a bit as I stared at the large building in front of me. It was one of the many dorms on this campus, and more specifically it was the dorm my girlfriend Ruby lived in. After having spent months away from her because we went to different colleges, and only being able to talk to her through video chats and texts, I was a bit nervous.

For some reason, I had a bad feeling about meeting my girlfriend again after all this time. Over the last few weeks, as we conversed every day over video chat I had noticed a few things. It may have just been my imagination, but I had started having terrible thoughts about Ruby cheating on me and I couldn't get them out of my mind.

Maybe it was just my own insecurities getting the better of me, and maybe I should have been ashamed of thinking ill of her, but I couldn't help it. After having been to college for a few months and living with other guys, I couldn't help but feel a little inadequate.

Ruby had said in the past that she liked my slim figure and gentle features, but I couldn't help but think of that as her calling me girly. Now that she was at college and probably being hit on by all sorts of muscled frat guys, would she still consider me enough?

Just the thought of her being hit on by some drunk frat guys, rubbing their hands all over her beautiful body, cupping her perfect perky breasts, rubbing their fingers all over her tight little...

I quickly shook my head dispelling those thoughts. Ruby wasn't that kind of girl... Or at least she wasn't when we were still living in our hometown. When we had sex it was gentle and loving,

not a drunken mess of sweaty bodies. While my package wasn't that big, I had always made sure to make Ruby feel as good a possible during our love making. If that wasn't good enough for her and she rather have sex with... bigger frat guys or something then maybe it would be better if she did leave me.

My eyes watered a bit at that thought and I quickly wiped away my tears and put on a determined expression. There was no point in me wallowing in my own thoughts wondering what the truth is when I could head to her room and find it out. Maybe I was really being insecure, and we could both laugh about how silly I was being. Either way, the only way to find out was to go and see her in person.

Steeling my resolve I walked up to the entrance of the building and let myself in. I was so focused on keeping myself from running away that I didn't notice that a person was also coming out of the dorm at the same time. I crashed right into the person, feeling something soft and bouncy in against my chin before I started falling backwards. Closing my eyes I braced myself for the inevitable pain of my back smashing into the ground but the feeling never came. Instead, I felt a gentle arm holding me by the waist, and after opening my eyes I was met with a pair of amused brown eyes.

I was a bit mesmerized at the sight of her beautiful face, framed by her long silky black hair, and it was only when she started talking that I was able to clear my muddled mind. "You okay?"

Realizing I had been staring, I blushed a bit and nodded. Hopefully, she just thought I was a bit dazed and not staring like some creep. "Yeah, thank for catching me and sorry for crashing into you like that."

"You're welcome, and it's fine," she said with an easy smile and at the same time she help me right myself. "So are you here to meet someone?"

“Yea...” I said absentmindedly. I realised that even after she helped me find my balance she hadn’t actually backed away much. Her body was still pretty close to me and because she was a bit taller than me and her breasts were pretty close to my face. Being so close to her I could smell a vague hint of vanilla in the air, which much to my embarrassment really turned me on. I could feel myself blushing again as I took in the sight of her cleavage and I forced myself to look away.

Inwardly I was berating myself for checking out this girl. While I thought Ruby might be cheating on me, it would be hypocritical of me to be looking at other girls before I knew the truth.

Looking back at her face I could see her giving me a knowing smirk and I blushed again before looking at the floor. “Sorry,” I said in a timid tone.

“That’s alright,” she said easily, before wrapping her arm around my waist again making me tense a bit. She started leading me into the building before she introduced herself, “I’m Blair by the way.”

“I’m Alex,” I said in a bit of a squeak. I could feel her breasts against my arm and I was getting really nervous. What if Ruby saw this? At that point it wouldn’t matter if she cheated on me or not would it?

I started trying to move away from Blair but her arms tightened around me. “Don’t worry Alex,” she said right into my ear sending shivers down my spine, “I’ll take you to Ruby’s room.”

Hearing that I was completely shocked. Did she already know who I was when she met me? Was all of this one of those test girls put guys through and did I fail or something? This didn’t seem like

something Ruby would do, but maybe her roommate or her new friends convince that she should do that.

As all these thoughts ran through my head, Blair continued to lead me through the dorm until we finally stopped at one of the dorm rooms. Realizing we had made it to our destination, I decided to man up and just talk to Ruby about what had just happened. Even if it was a test or something, it wasn't like I did anything so I had nothing to worry about. At least that what I told myself as I brought my fist to the door to knock.

Right before I started knocking, though, I heard something that made my entire body freeze. "Yes! Cum inside me!"

I couldn't believe it. For a second, I hoped I was wrong but I heard another moan coming from the room and I felt my heart shatter. That was Ruby's voice and there was no way I was misinterpreting this. Tears started to fill my eyes and I tried to run away, but Blair kept her arm around me tightly.

I struggled futilely against her for a bit before I slumped in defeat. I was never a very strong guy, and Blair was pretty strong making it impossible for me to escape. Looking at her through teary eyes, I could see her amused look and I felt even sadder.

She had known this would happen and she was enjoying this. I didn't know why she wanted to watch me suffer, but all I could do was try and keep myself from sobbing. Reaching out with her hand she wiped some of my tears away in a surprisingly gentle fashion before she kissed me.

I was completely shocked at this turn of events and I didn't even struggle as she shoved her tongue into my mouth. I could vaguely taste a bit of vanilla as her tongue swirled around my own and I couldn't help but let out a little moan as she continued to

dominate me with the kiss and I could feel my cock hardening in my pants. After an unknown amount of time, she finally pulled away from the kiss, letting me catch my breath as I let out small and quick pants. My face was completely flushed and I looked at her in a mix of confusion and longing.

“You know,” she started, pulling me closer against her body and pressing her soft breasts against me. “Normally I don’t like guys, but Ruby was right. With your cute looks and all those adorable sounds, you might as well be a girl.”

I wanted to reply with anger at the mention of my disloyal girlfriend and being called a girl but all I did was let out a squeak as Blair grabbed one of my ass cheeks and squeezed. She continued groping my ass and making me moan while at the same time making me rub my crotch against her leg.

Not wanting to get caught in the middle of the hallway like this and still angry and sad about Ruby, I started trying to push her away again so I could run away. Instead of getting away I just ended up awkwardly pushing against her breasts, making her laugh. Eventually, she stopped her grabbing and I thought she was going to let me leave, but much to my horror, she started leading me towards Ruby’s dorm room.

Without even a knocking she open up the door and dragged me through her arm firmly wrapped around my waist. “Hey, girls look what I found.”

I stared in shock at the scene inside the room. Instead of some stupid frat dude bending my girlfriend over and taking her from behind, there was a beautiful blonde with very big breasts pulling her thick, cum covered cock out of bare Ruby’s pussy. I thought for a second it might be a flesh colored dildo, but it looked way too lifelike and there was still cumming dripping out of its slit.

“Hey sweetie,” Ruby said happily looking at me with a sultry expression with her face covered in cum and her short black hair sticking to her face. She then arched her back and pressed her ass against the blonde girls cock enticing a moan from the girl. At the same time, I could see a thick trail of cum leaking out of her pussy and onto the bed sheets under her.

Instead of replying, I just stared on in shock, far too overwhelmed by the situation. Not only was Ruby not ashamed of being caught cheating, she looked happy. The worst part was, as mad and humiliated I was at seeing my naked girlfriend with cum dripping out of her pussy and coating her body, I was probably harder than I had ever been in my life.

My sick little mind was actually turned on by Ruby looking me in the eyes with a smile, and at the same time rubbing her cum filled pussy against the cock that filled it. The worst or strangest part was that Ruby had been doing this with a girl with a dick. I didn't even know that was possible, and for some reason, I couldn't keep my eyes off of it. Her cock which should have just come was already hardening again and the sight of it throbbing covered in cum made my own cock throb with need.

“I think your boyfriend likes what he sees,” the blonde girl committed with a smirk and snapping me out of my thoughts. I was about to give a stuttering reply when Blair reached over and grabbed me through my pants making me gasp.

“Yep,” Blair agreed as she squeeze and rubbed me through my pants. “I think the little sissy likes seeing his girlfriend taken from him. Either that or maybe this little sissy wants some futa cock too.”

I wanted to protest, but Blair rubbing me like that made my knees weak and the only thing keeping me standing was her body.

“I think he likes to see me covered in cum,” Ruby said with a smirk looking directly into to my half-lidded eyes as I tried to not cum from just being rubbed by Blair. “Alex’s always loved eating me out even if his cum was in me. Maybe now he wants to eat some of your futa cum out of me Katie”

Katie as I now knew she was called smiled at that. “Well, why don't we let him clean you out then?” With that Katie flipped Ruby over before carrying her over to me with her legs splayed, displaying her red and dripping pussy. At the sight of my girlfriend pussy, completely filled with cum and Blair continued assault on my dick, I came with a disgraceful moan.

My pants filled with my own cum and I felt the wetness spread all over my cock and my knee buckled. Blair kept me from falling down hard but I still ended up lying on the ground, with Blair pinning me down and her hand still massaging my cock. Once she felt my cum seep through my pants and onto her hand she starting laughing making me even more humiliated.

“Oh my god, that’s funny. He came from just a little fondling and seeing your creampie.” I blushed hard at Blair comment, and when I looked up Ruby cream filled pussy was just inches from my face as Katie had set her down right in front of me. I could smell the musky smell of Katie cum mixed with the sweet aroma of Ruby juices. I couldn’t help but feel my mouth water as I saw and smelt what was in front of me, but I tried to back away anyway.

Even if Katie was a futa or whatever, I wasn’t gay. There no way I was licking someone else cum out of my cheating girlfriend pussy. Blair, however, had other idea and kept me from backing away and even pushed me forward a little making the smell of Ruby’s creampie fill my nose.

“Don’t try to run away now sissy,” Blair chastised me. “Ruby and Katie made you a wonderful pie and you should give it a taste before you try to run away.”

Ruby giggled at the comment before spreading her pussy more and rubbing the cum all over her pussy. “Sweetie I know you're confused but I still do love you.” I look up in shock at hearing that but my heart fell as she continued “It just that you’re little cock isn’t enough to satisfy me anymore.”

I looked at her with teary eyes again but she just smiled, “But that doesn’t mean we have to break up. If you want to stay my boyfriend you just have to be okay with me being with Katie too.” I was about to tell her I’d rather break up Blair gripped my cock tighter making me moan.

“Don't be silly sissy,” Blair whispered into my ear making me shiver. “With a cock like this you're much better off being a good little sissy boyfriend.”

I tried to wiggle my cock away from her groping hands but I couldn’t and she continued to play me making it hard to resist. “Besides, I saw the way you stared at Katie’s cock. You're as much of a cock whore as your girlfriend. Just admit it so you can be a happy little sissy cuck, who gets fucked by futa cock.”

I continued to shake my head even as I felt myself getting close to another orgasm. Blair’s dirty words and Ruby’s cum filled pussy just an inch from my face was driving me crazy but there no way I could submit right?

I finally stopped struggling and I looked up at Ruby, who now had Katie’s cock in her mouth. She was greedily sucking on Katie’s throbbing cock and I couldn’t help but want to join her in sucking that big sexy futa cock. Looking back at Ruby’s cream filled pussy and

imagining that thick throbbing futa cock filling it up with thick loads of cum finally broke my resistance and I started licking Ruby's creamy cunt.

"Good boy," Blair whispered into my ear, even as she slowed down her hand apparently wanting to keep me at the edge of cumming. The familiar taste of Ruby pussy coated my tongue, and at the same time, I tasted Katie's salty cum. My cock throbbed hard as the taste washed over me and I let out a slutty little moan and savored the taste.

Blair let out another laugh as I got closer to Ruby's pussy and eagerly started lapping up all the cum that was dripping from it. "Looks like you were right Ruby. Your boyfriend is a good little sissy."

"Mmm, that's a good boy Alex," I heard Ruby say teasingly making me blush and my cock throb even more. Ruby and Blair demeaning me, and calling me a sissy and a good boy made me feel so hot, and I eagerly stuck my tongue into her hoping to get more of the delicious futa cum that filled up Ruby's pussy.

"Wow, he really getting into it," Katie said as I continued to suck up all the cum she left into Ruby. "I bet the little slut wants it straight from the source." Hearing that I paused for a second before Ruby gripped my hair and pushed me against her pussy.

"Well, he'll have to wait his turn," I heard Ruby say before I could hear the sound of her sloppy sucking. I wanted to see the sexy sight of Ruby sucking that futa cock but she kept my head firmly against her pussy.

Not able to resist, I focused back on Ruby's pussy and I continued to tongue her hole, tasting every last bit of the cum inside of her. Even as all my senses were focused on Ruby's pussy and Katie's cum, I couldn't help but think about what Katie just said. Her

cum tastes so good mix with Ruby's juices, but what would it taste like just by itself?

Gripping my hair hard and moaning loudly Ruby started to cum flooding my mouth with her juices and spraying the rest all over my face. Once Ruby stopped cumming, Blair pulled my face back a little and started licking the juices off of my face before kissing me and continuing to slowly stroke my cock, but not letting me cum.

At the same time, she repositioned herself on top of me so that her crotch was against my butt and I suddenly felt something very big and hard press against my ass. She was a futa too! And from what I was feeling she was just as big as Katie and really horny.

Feeling me tense up, Blair smirked against my lips and pulled away before grinding her thick cock against my ass. "Hehe. That's right, sissy. I'm a futa too."

I didn't know what to say, but before I could say anything I heard Katie give a loud moan. Looking back at her and Ruby I could see her cock pulsing as she blew load after load into Ruby's eager and waiting mouth. Ruby kept just the head of Katie's cock in her mouth so she could suck on it while her small delicate hands stroked the shaft eager to milk as much cum as she could.

I was completely enamoured at the sight until I heard a low chuckle from behind and Blair suddenly got off me. I heard the sound of a zipper being pulled and some cloth rustling before Blair walked in front of me and block my view of Ruby and Katie. I wanted to protest but Blair pulled me up from my prone position on the floor until I was on all fours and I was met face to face with her large throbbing cock.

It was so much bigger than my own cock and was leaking a lot of precum. I could already smell her cock musky fragrance mixed

with a hint of vanilla making my mouth water. She then took a hold of her cock and instead of bringing it to my mouth like I wanted, started to rub the head of her cock all over my face leaving a thick trail of her precum all over my face.

I gave her a little whine at this but she just smirked at me, “What wrong sissy? Do you want something?”

I pouted at her but she continued to rub her cock all over my face except my mouth, completely covering me in her essence. Finally, I stopped whining and I said, “Blair please let me suck your cock,” making my whole face heat up even more.

Smiling at, she took her cock and rubbed it against my lips and I eagerly lapped at her cock head, tasting her salty precum. “That a good boy.” She then took her cock put it into my open mouth and I eagerly sucked on it. “See, you have to remember sissy. You’re a little cock whore now, you don’t need any pride just embrace the fact that you’re a futa cock loving little sissy boy.”

To emphasize her statement she thrust her hips driving her large cock down my throat and making me gag. I flailed around helplessly as she choked me on her throbbing cock and tears started to fill my eyes because I couldn’t breathe. For a second, I thought I was going to pass out but she finally let go and I pulled myself away from her cock, desperately gasping for air. I glare at her lightly but she just smirked at me and grabbed me by the head bringing me closer to her cock.

“Hmm, you’re going to need to get better at that sissy,” she said before bringing her cock back to my mouth and moving it in slowly. This time, she didn’t go as deep and was a lot gentler, but she did start thrusting back and forth, using my mouth like a pussy. Every time she pulled out, her cock would leave a salty trail along my tongue and I would eagerly swallow it up. I was getting addicted to

the taste of her cock and I started sucking harder wanting her to fill my mouth up with cum.

“Mmm, that a good little cock sucker.” I blushed a bit at her words but didn’t stop sucking on her tasty cock. At this point, I was too far over the edge, and I enjoyed sucking on her cock too much to care about being degraded and called a cock sucker.

She continued to fuck my mouth until her cock started to throb in my mouth and Blair hiss out a, “Yes,” before she started thrusting her hips even faster and suddenly warm salty cum flooded my mouth. I tried my best to swallow it all, but there was too much and it started leaking out the side of my mouth.

“Don’t swallow all of it sissy keep some in your mouth,” Blair commanded me and I gave a little nod even as her cock pumped my mouth full of her wonderful cum. When she finally stopped cumming she pulled her cock out of my mouth and I tried my best to keep as much of her cum in my mouth as I could.

Gripping me by the hair she leads me over to Ruby, who was now also on all four taking Katie massive futa cock into her tight little pussy. She leads me right up to Ruby so I was face to face with her and then Blair slap my ass almost making me choke on her cum. “Show your girlfriend what good little cock sucking sissy you are.”

Ruby gave me a big silly grin, obviously loving the cock slamming into her and enjoying my humiliation. I open my mouth up revealing the sticky warm goo inside and her smile got even bigger. “Mmm, that a good boy. Now come give me a kiss.”

We kiss for a long time swapping the cum between us and filling the room with the sound of our wet sloppy kiss. When Ruby finally pulled away she let out a loud moan as she came on Katie cock which had been pounding away at her pussy the entire time.

Seeing the completely blissful look on Ruby's as she came on the big futa cock almost made me cum myself. She just looked so beautiful as her perky breasts heaved and her eyes clouded with pleasure, and I move forward to kiss her again eager to make her orgasm as good a possible.

At the same time I felt Blair tugging at my pants, and suddenly I was completely bare down there. My hard little cock was revealed to the room and Blair grabbed my ass firmly kneading my cheeks and making me moan.

"Now this is what a good little sissy should look like," Blair commented even as she continued to fondle my ass, "A nice perky little ass and a little sissy clitty." She gripped my small cock and started milking my shaft like she was milking a cow. I eagerly thrust my hips against her hand, but just as I was about to cum she pulled her hand away leaving my thrusting at the air and unable to cum.

I let a small whine and I could feel Ruby smile against my lips before she pulled away. "You already came earlier sissy, when Blair was just playing with your little clitty. If you want to cum again you're going to have to work for it."

"Ruby please I need to cum," I whined, but Ruby just gave me a peck on the lips.

"If you want to cum, then you need to make Blair cum to." I was about to say I already did, but then I felt something hard get pressed between my butt cheeks making me gasp. "Not with your mouth silly, with your little sissy pussy."

The feeling of her big warm cock head against my tight virgin hole sent shivers through my body. I waited for a second but Blair

didn't thrust forwards and I looked backwards at her in confusion. Blair was looking at me with a big smirk and said, "If you really want it then you need to put it in yourself."

Looking back at Ruby I could see the amusement in her eyes and I blushed and looked away, but Ruby grabbed my face and made me look at her. "I want to see your face Alex when you put that big fat futa cock into your little sissy pussy."

Blushing at her words, I looked deep into Ruby dark brown eyes and I started pushing my ass backwards, impaling my ass on Blair's massive futa cock. Her cock head stretched the tight little ring of my anus and I let out a pained moan as it felt like it was tearing me apart. Even with her cock covered with cum and spit it still pretty hard getting her cock into me and it stretched my virgin hole to its limits. It felt like I could feel every last detail of her cock as the walls of my ass wrapped tightly around her cock. Along the way, her cock press hard against something deep my ass and I let out the longest most girlish moan I had ever in my life.

The pleasure completely overwhelmed the pain and I came right then and there. My small cock squirted a pitiful amount of cum onto the floor and continued leaking even after my orgasm was over.

"Haha, you came with her just putting it in your sissy pussy," Ruby said happily with a laugh before capturing my lips with her own. As she continued to kiss me, Blair massage my ass kneading it like dough before she started moving her hips making me gasp into Ruby lips. She pulled her cock nearly all the way out of me, before slamming her hips forward driving her cock deep inside my ass and pushing me against Ruby.

The pleasure was insane, and she quickly developed a rhythm. Each time her hips slammed into my ass and she bottomed out into me I felt my more juices leak out of my cock. I was

completely lost in a haze of pleasure as Blair fucked my ass, and Ruby dominated my mouth with her tongue.

Part of me wanted to thrust my ass back against Blair invading cock but the pleasure was too much and I felt so weak. Ruby stopped kissing me when my arms collapsed and laid there with my face on the floor while my ass was in the air with Blair fucking it. Vaguely I could hear Ruby start to come again from Katie fucking, and I even heard Katie moan out that she was cumming, but I was far to focus on my own orgasm to care.

The biggest most amazing orgasm of my life racked through my entire body, as Blair continued to fuck my tight little asshole and I let out another girly moan as my ball were completely drained. My ass tightens up even more as I came, and I could hear Blair say she was about to cum as well, before she pushed as deep as she could into me.

Her breasts pressed against my back as she laid completely on top of me with her cock buried to the hilt in my ass and suddenly my ass was full of a warm sticky liquid that just kept coming and coming. Her cum felt so hot and good in my ass and her cock continued to press hard against my prostate making me cum again.

This time, I had no more cum left in my ball, and I felt my cock only dribble out a little liquid as my body was rocked with pleasure. My breathing was ragged and hard and I could hear Blair heavy breathing in my ears as well. Her cock started to deflate, but it still filled up my ass nicely. I closed my eyes feeling complete and under content lying there with her nice warm body press against me and her semi hard cock still buried in my ass.

“Mmm,” Blair moan out as she gently rocked her semi hard cock back and forth my tired little ass. “I didn’t think your tight little sissy ass would feel that good. You should transfer to this college so I can have your pretty little ass more often”

I let out a low moan and continued to relax as she continued to rock back and forth inside me, slowly getting bigger again much to my surprise. I didn't expect her to be ready again so quickly, but part of me was very excited to get fucked again despite my tiredness.

At the same time a familiar sweet and musky scent filled my sense, and after I open my eyes I saw Ruby pussy right up against my face again. She was leaking a lot of thick creamy cum, and I eagerly started lapping at it without needing to be asked.

With my ass filled with thick futa cock, and my girlfriend well used creamy cunt in my face, I couldn't help but think I was one lucky little sissy.

Excerpt From “Futa on the Dance Floor”

“D-Daphne, what are you doing,” she said with a bit of a stutter and I could see a bit of redness creep up her neck.

“Just trying to help you relax a bit Amy.” I started moving us to the beat of the music. “Just follow my lead and have fun.” Slowly we started moving to the beat of the music and very quickly Amy was getting into it. Her hips swayed quickly to the beat and we were both getting a little heated.

With how I had my arms placed, as we started to dance faster our bodies would rub against each other more and more. When Amy started to really get into grinding her pert little ass against me I could keep myself from getting hard and more and my clit grew into a cock.

“D-Daphne is that you,” she said in shock but didn’t try to move away.

I gave a little bit of a chuckle and kept her close to me so I could continue to rub my cock against her ass. “Yep, that’s all me.”

“B-but how?”

“I’m a futa silly,” I said with a chuckle before I reached under her skirt and grabbed her ass while my cock rubbed against her ass. “Do you like this?”

“Ah, I d-do, but were in public,” she breathes out as I continued to play with her.

“Hehe, don’t worry about it. Just have fun,” I said soothingly to her as squeezed her asscheek.

She continued to moan and writhe against me as I played with her bare ass, and she eagerly ground her ass against my cock. Looking around I could see a few people looking our way and I winked a few familiar faces before I focused back on Amy.

At this point, my finger trailed away from her ass and move between her legs. The moment I touched her panties I could feel how soaked she was and I could help but chuckle. “Someone is very excited,” I whispered into her ear.

“Shut up,” she said with a blush, trying to turn her head away from me. I just smirked at that before I started rubbing her through her panties making her moan again. I continued playing with her like that for quite a bit while we continued to dance next to so many people. She arched her back as my finger danced over her mound and I could see her perky breasts straining against her shirt. I gave her delicate neck a few gentle kisses as I continued my assault and I could tell she was getting closer and closer to cumming.

“D-Daphne, I’m gonna cum,” Amy finally moaned out as I sped up my rubbing fingers. Her entire body shook as she came and I could feel my fingers getting wetter as she squirted her juices.

“Mmm, you’re such a dirty little slut aren’t you? Getting off on being played with in the middle of a crowd.”

“No,” Amy whined out but wasn’t able to say much else as she tried to keep herself from moaning loudly. Not wanting to let this opportunity go, I pushed her panties aside and captured her clit with

my finger and started rubbing the delicate little nub. Not able to resist, this time, Amy let out a scream of pleasure as I made her cum again with just her clit. Lucky for her the music was far too loud for anyone to really hear her, but I got to enjoy the sounds of her cumming.

Amy body continued to shake in my arms, and now instead of dancing, she was just leaning heavily against me as pleasure racked through her body. I moved on from rubbing her little nub with my fingers to thrusting my fingers inside her tight wet pussy. Her walls hugged tightly around my fingers and I thrust them in vigorously exploring every last fold of her juicy pussy.

Feeling just how tight her pussy was, I could feel my own cock throb with need. I strained against my tight little shorts and after looking at just how many people were around us I decided to take her right there. With so many bodies blocking the rest of the party from seeing us, and just how drunk and into dancing the people around us were, I wasn't really worried about getting caught.
