

Thank you so much for inviting me staying over summer at your place Martha!

I hope that by the end of the summer I will be able to get back on my feet!

I promise I will do everything you tell me if it helps me

No problem Allan, you know that you're my favorite nephew

I myself will make sure that you will arrive well and I will help you see the world from a different perspective

Don't forget what you just said, go get some sleep we will start from tomorrow

NEXT MORNING

What was even wrong with my old clothes?

ok, but why do I have to wear sandals, they seem to be women's

At least something I'm good at

I offered you some much more comfortable clothes and you're complaining?

As I said, they are much more comfortable than your shoes, from tomorrow we will start training to help you feel better

I almost forgot, take these vitamins, they will help you with energy so you don't feel so tired anymore, take 2 a day

TWO WEEKS LATER

I understand that I got an allergy from the pills and started to develop breasts, but why do I have to wear this in the house

I feel very exhausted from eating, I only ate salad and only worked legs, when do I work other muscles too?

My hair has also grown, I have to cut it

Because this material is much better for your skin

At the moment, until you get over it, we'll only work on the legs, because we don't know how the allergy affects it, I'll talk to a doctor

I will also make an appointment at a very good salon

ONE WEEK LATER

WHAT DID THEY DO TO  
ME ?!?

And why did you throw  
away all my old clothes,  
now I have to wear yours....

Now I can't look like a man  
even if I want to..

I bought the premium  
package and because of  
your new assets they  
thought you were a woman

We're going to buy you  
clothes, I think leather suits  
you  
*\*giggle\**

Maybe I can style your hair  
a little to make you more  
presentable

3 DAYS LATER

I hope no one recognizes  
me

\*cough\*

Sorry aunt, but you really  
need to call me Ann?

Ha ha ha! it's not that funny  
to me. I can't wait to go to  
the doctor to put an end to  
this whole mess

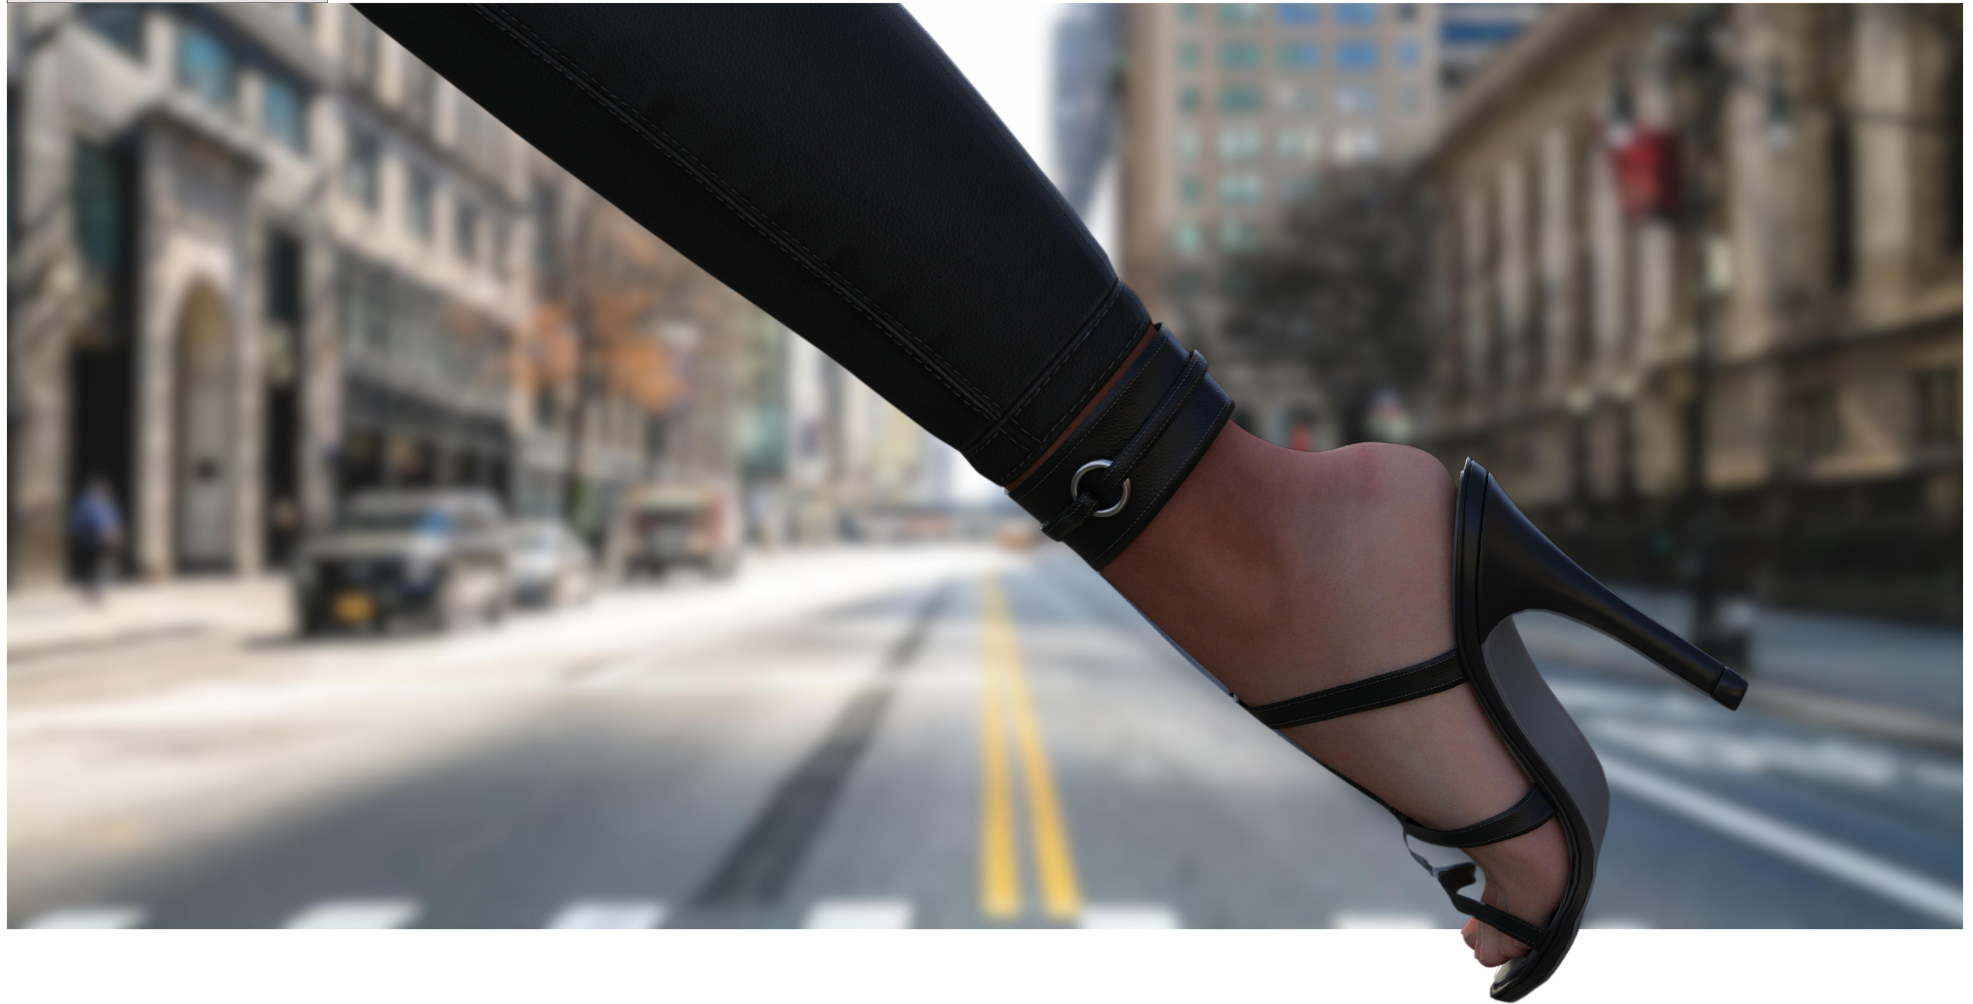

Keep calm, even if you tell  
them it's you, they still  
won't believe you, Ann  
and what I told you about  
your voice

Of course, how could I call  
my niece Allan, when she  
looks so good

I made the appointment, we  
are going next week

6 MONTHS AFTER SURGERY

6 MONTHS AFTER SURGERY

\*Click\*

\*Click\*

6 MONTHS AFTER SURGERY

I still can't figure out  
how the doctor  
confused the operation  
with someone who  
wanted breast  
augmentation

6 MONTHS AFTER SURGERY

Although now, even if I wanted to, I  
couldn't go back to my old life. Now I  
have my own apartment and a  
boyfriend who cares about me and  
fucks me every day  
Next month I will get rid of my last  
memory of my old life
