Me And My Giantess Maid 55

Master: [Lying back on a small round inflatable float, his head tilted all the way back as he stares up at the wall of gigantic women towering over him from the pool water.] Holy fucking shit... what a view. Look at all of you from down here on this float. You're like mountains rising out of the ocean. Estella, even on your hands and knees in the shallow water your ass is blocking out the sun, those massive tits of yours hanging down and dipping into the pool creating ripples that rock my little float. Natalee, Stella, Imane, Abigail... from down here I can see straight up your bikini bottoms while you stand over me, your pussies practically at eye level and your tits casting shadows over my entire body. Estella: [Giggling as she crawls through the water on all fours, her enormous breasts creating waves that splash against Master's float, her ass raised high and dripping water down on him.] You like the view from that tiny float down there, Master? I'm not even standing up yet and my tits are already heavy enough to create their own tide. One wrong move and I'll capsize you with my wake. Natalee: [The shortest standing girl, water splashing around her thick thighs as she looks down at him on the float.] Better hold on tight to that little inflatable, Master. Once Estella stands up the waves are going to toss you right into her cleavage.

Master: [His jaw dropping as he focuses on Estella's massive form crawling toward his float, his cock straining against his wet shorts while he grips the sides of the inflatable.] What the fuck... Estella, she grew so much. You were just at my shoulder yesterday and now you're on all fours in the pool and your back is still arching above me while I lie here on this float. Your tits are the size of wrecking balls hanging down toward the water and your ass could smother my entire float completely even while you're crawling. How was that possible? Estella: [Looking back over her shoulder at him from her hands-and-knees position, water cascading off her expanded curves as she shakes her massive hips and creates waves that rock his float.] I don't know, Master, but I woke up feeling so fucking tight and swollen in my bikini, and now look at me. Even crawling through the water makes me feel like a sex goddess. My tits are so full they're aching and dragging in the pool, and my ass... god, I can feel how wide and heavy it is bobbing above the surface. I haven't even stood up yet and I'm already the biggest thing in this pool.

Master: [A sly grin spreading across his face as he strokes his hardening cock through his soaked pants, gripping the float tighter while watching Estella's massive ass break the water surface as she crawls closer.] She is a giantess now... but hey, I've got a plan. Let's make it interesting and surprise Estella. She's crawling around the pool thinking she's the queen with that fat ass in the air creating its own wake, but what if we give her a little competition? What if we make someone else grow while she's stuck on her hands and knees in the water, watch her try to stand up and realize she's not the tallest anymore? I want to see that look on her face when she rises up from the pool and has to look up for once, see her wet pussy get even wetter when she realizes she's been dethroned while she was crawling.

Stella: [Her eyes popping wide as she stands in the water looking down at Estella on all fours, her mouth hanging open as water drips off her tits.] What the fuck... huh? What happened, Estella grew? Abigail: [Standing taller in the water, looking down at the kneeling giantess, her hand flying to her mouth as her float toy bobs nearby.] Oh my god, she's enormous even on all fours! Look at that ass breaking the surface, it's fucking massive! Imane: [Pouting, standing in the water with her hands on her hips, looking down at Estella's position.] How did she get so big so fast? That's not fair, I wanted to be the next one to grow, and there she is with her tits dragging in the water like massive buoys. Natalee: [Squinting down at Estella from her standing position, water lapping at her thighs.] Well damn, girl. You went from tiny to titanic while crawling. Those tits are about to burst out of that bikini top and smother us all.

Abigail: [Her voice breathy and high, fanning herself as she stands in the pool staring down at Estella's kneeling form, the fourth tallest standing over the crawling giantess.] Oh my gosh... she grew a lot, she must be huge. Look at the way her back arches when she's on all fours in the water, her spine dipping down while that massive ass stays up in the air breaking the surface. And her tits... fuck, her tits are so swollen and heavy they're creating their own currents in the pool. I just want to bury my face in her ass and worship every inch while she's stuck crawling in the shallow end. She's going to crush us all when she finally stands up.

Stella: [Standing in the water looking down at Estella on all fours, then looking down at Master on his tiny float, biting her lip as water drips from her hair.] Ooh my, she did grow, it looks perfect. Look at how her bikini bottom is straining between those massive thighs while she kneels in the water, her pussy lips practically spilling out the sides and glistening wet. Imane: [Nodding, standing in the water with her arms crossed under her tits, looking down at Estella.] Yeah, she's fucking massive now. That ass could smother a boat, let alone our little Master on his float, and she's not even standing yet. I want to see her try to get up and realize how much of the pool she displaces. Natalee: [Licking her lips while looking down from her height.] Perfect is right. She's a fucking mountain of sex even on her knees in the water. I want to climb on her back and ride her while she's stuck crawling and Master watches from his float.

Estella: [Moaning loudly from her position on all fours in the pool, her hands roaming over her own gigantic breasts as they hang heavily toward the water, her ass raised high and dripping, creating waves that rock Master's float.] Oh fuck, I feel so horny and gigantic even while crawling in this water, I fucking love this. My skin is buzzing, my pussy is soaked and dripping down my thighs into the pool, and I can feel every eye on me looking down like I'm some kind of water goddess. I'm enormous and I want more. [She reaches out with her tongue, dragging it up Natalee's standing leg above her, then between her thighs, lapping at her pussy through the wet bikini while Master watches from his float below.] Mmm, you taste so good from down here, little Natalee. I could eat you out for hours while you stand over me and I stay on my hands and knees in this water like a good little giantess pet.

Natalee: [Looking down at Estella from her standing position in the water, the shortest of the standing girls now towering over the crawling giantess, her eyes wide with shock and arousal as water beads on her skin.] Oh my god... you look huge, what happened? You're fucking massive, Estella! Even on all fours in this pool your back is as wide as a raft and your tits are bigger than my head. How did you get so big? I can see your wet pussy glistening between your legs from up here, and you're heavy as fuck making the water level rise when you crawl. This is insane, you're a beast on all fours and I kind of love looking down at you from above.

Estella: [Looking up from her position on all fours in the water, her massive breasts hanging down and swaying, dripping pool water, her ass still raised high above the surface, smirking up at the standing girls while Master watches from his float.] Yeah... I did grow. I felt like I was the tiniest, always looking up at all of you with your big tits and thick asses in my face while I stood in the water, and I don't want it to be like that anymore. I wanted to tower over everyone, but first I wanted to feel what it was like to be this big even on my hands and knees in the pool, to have my tits drag in the water and my ass block out the sun. I wanted to feel this power, this size, to make you all look down at me while I crawl like I'm your pet. And now I do, and my wet cunt is throbbing thinking about how small you all look from down here, and how huge I'll be when I finally stand up and rise from this water.

Stella: [Laughing melodically, standing in the water and looking down at Estella on all fours, realizing that even crawling she's massive, but when she stands Stella will be tiny again.] Yep... I'm the shortest again. What a big fucking surprise. Look at me standing here in the water while you're on all fours, Estella. My head is higher than yours right now, but once you stand up from that pool I'll barely reach your tits. I'm going to be tiny compared to you and it makes my pussy so fucking wet. I love knowing you're going to rise up from that water soon and tower over all of us, looking down at my little body from your massive height with your giant ass and wanting to smother me with it. Grow more, Estella, stand up and crush me with your size until I'm just a toy for your pleasure while Master watches from his float.

Estella: [A sudden, loud moan rips from her throat, her whole body trembling on all fours in the water, her massive tits swaying heavily beneath her.] AHHH! OH FUCK! Something's... something's happening inside me! Stella: [Jumping in the water, confused, looking around.] What the hell? What was that? Why is she moaning like that? Abigail: [Spinning around in the pool, water splashing, looking confused at the other girls.] I didn't touch her! Did one of you do something? Imane: [Squinting, shielding her eyes, trying to see what's wrong.] She's acting weird! What's happening to her? Natalee: [Leaning forward, concerned and curious.] Estella? You okay? Why are you making those sounds?

Master: [His voice coming out strained and breathless, his perspective completely changed as he's now wedged deep inside Estella's massive pussy, only his upper torso visible above her bikini line, his legs completely buried inside her wet heat.] Oh god... oh fucking god... I'm inside... I'm actually inside her! I climbed right into her giant cunt and she swallowed me up to my waist! She's so fucking tight and wet in here, even with how big she is, her walls are squeezing my legs like a vice!

Master: [Groaning loudly, his hands gripping Estella's massive ass cheeks for leverage as he thrashes his lower body inside her, kicking his legs and thrusting his hips to work her from the inside.] Ungh... yes... this is incredible! I can feel every ridge inside her, every pulse of her arousal! My legs are working her pussy from the inside, kicking and thrusting against her G-spot! She's moaning because I'm fucking her from the inside out, using my whole body as a dildo!

Master: [His voice rising in pitch as the pleasure overwhelms him, his cock rock hard and throbbing even though it's buried inside her along with the rest of his lower half.] Oh fuck it feels so good! She's getting wetter around me, her juices are coating my entire lower body! I can feel her muscles contracting, trying to pull me deeper into her giantess cunt! It's like being swallowed by a warm, wet, living sex machine! I'm going to make her explode!

Stella: [Finally looking down properly at Estella's lower body, her eyes popping out of her head, pointing frantically.] OH MY GOSH! LOOK! LOOK DOWN THERE! WHAT IS THAT?! Abigail: [Rushing closer through the water, following Stella's finger, nearly tripping in her haste.] Where?! What are you talking about?! OH WOW! I SEE LEGS! LEGS STICKING OUT OF HER PUSSY! Imane: [Her jaw dropping, staring in disbelief as she swims closer.] Holy shit! It's Master! He's inside her! Legs first! His torso is sticking out but his lower half is completely buried in her giant cunt! Natalee: [Leaning over Estella's massive form, her face a mask of shock and arousal.] Oh my god... he's really in there! He climbed inside Estella's pussy! Look at him moving!

Stella: [Her breathing getting heavier, her pussy throbbing under her bikini as she watches the spectacle.] This is... this is the hottest thing I've ever seen... look at her face! She's being fucked from the inside! Abigail: [Biting her lip, her hand drifting between her legs under the water.] I know... I'm getting so wet watching this... he's literally inside her! Moving around! Imane: [Squirming, her tits heaving with excitement.] I want to feel that next! I want him inside me while I grow too! Natalee: [Her eyes glued to the sight, her own arousal evident as she watches Master's torso writhe.] Look at Estella's face... she's in absolute heaven... and I think something big is about to happen!

Estella: [Her moans suddenly getting deeper and more powerful, her body starting to tremble violently on all fours as the growth begins.] OH! OH GOD! IT'S STARTING! I CAN FEEL THE GROWTH BUILDING FROM HIM BEING INSIDE ME! HE'S MAKING ME EXPAND AGAIN! Stella: [Backing up in the water, her eyes wide as she watches.] What's happening to her now?! Abigail: [Pointing frantically at Estella's back.] LOOK! HER SPINE! IT'S STARTING TO LENGTHEN WHILE SHE'S ON ALL FOURS! Imane: [Gasping, her hands covering her mouth.] She's growing! She's growing while he's inside her! Just like before! Natalee: [Staring in complete awe.] Holy fuck... she's getting bigger on all fours again and he's still buried inside her!

Estella: [Screaming in ecstasy as her body starts expanding rapidly, water splashing everywhere.] AHHHH! YES! I'M GROWING AGAIN! I CAN FEEL MY BONES STRETCHING BACK TO MY OLD SIZE! MY MUSCLES EXPANDING AROUND HIS LITTLE BODY! Master: [His voice muffled but ecstatic from deep inside her now-pulsating pussy.] UNGH! I CAN FEEL HER SWELLING AROUND ME! SHE'S GETTING TIGHTER AND BIGGER AT THE SAME TIME! JUST LIKE WHEN SHE WAS BIGGER BEFORE!
Stella: [Watching in amazement as Estella's ass lifts higher out of the water.] Her ass! It's rising up toward her old size again! Look at those cheeks expand!

Estella: [Panting and moaning as her growth accelerates, her massive tits dragging through the water creating waves.] OH FUCK! I'M GETTING BIG AGAIN! MY THIGHS ARE THICKENING AROUND HIS LITTLE BODY! I CAN FEEL MYSELF RETURNING TO MY FORMER GLORY!
Imane: [Reaching out to touch Estella's expanding back, feeling the heat and vibration.] She's burning hot! And her spine... it's adding inches while she crawls! She's becoming that massive size again! Natalee: [Backing up as Estella's expanding form takes up more space in the pool.] She's returning to that monster size! And he's still inside her! Master: [Thrashing inside her as she grows around him.] THIS IS INCREDIBLE! I'M BEING CRUSHED IN THE BEST WAY BY HER GROWING BACK TO HER OLD SIZE!

Estella: [Her voice getting deeper and more powerful as she expands, her head rising higher even while on all fours, approaching her previous massive height.] YES! MORE! MAKE ME BIG AGAIN! I WANT TO FEEL THAT POOL-DOMINATING SIZE AGAIN WHILE HE'S INSIDE ME! I WANT MY TITS TO BE MOUNTAINS AGAIN! Stella: [Masturbating openly now, watching the spectacle with abandon.] Look at her! She's becoming that giant again! Returning to her massive size while he's trapped inside her pussy! Abigail: [Moaning, her fingers working her clit furiously under the water.] This is incredible! She's growing back to that huge size so fast with him inside! Imane: [Pinching her own nipples hard, her eyes rolling back.] I can see her returning to that massive form! Getting huge again! Natalee: [Staring up as Estella approaches her former glory.] She's almost back to that enormous size again!

Estella: [Her growth reaching fever pitch, her body expanding back toward her previous massive proportions, her moans becoming deafening roars.] AHHHHH! I'M COMING! I'M GROWING BACK TO MY OLD SIZE! I MISSED BEING THIS HUGE! Master: [His voice barely audible from deep inside her now-massive pussy, completely buried in her wet heat.] OH GOD! SHE'S CRUSHING ME WITH HER RETURNING SIZE! IT'S PERFECT! Stella: [Screaming with excitement as she watches.] DON'T STOP! GROW BACK TO THAT HUGE SIZE FOREVER! TAKE HIM DEEPER! Abigail: [Crying out in orgasmic joy as she watches.] YES! YES! RETURN TO THAT MASSIVE SIZE! SWALLOW HIM WHOLE! Imane: [Shaking with arousal, her body trembling.] SHE'S BECOMING THAT GIANTESS AGAIN! Natalee: [Staring up in complete worship at the expanding form returning to glory.] SHE'S ALMOST BACK TO THAT INCREDIBLE SIZE!

Estella: [With one final, earth-shattering moan, her body finally stops expanding, having returned to her previous massive size on all fours, steam rising from her skin as she pants heavily.] AHHHHHHH... YES... I'M BACK... AT MY OLD SIZE... SO GOOD TO BE THIS BIG AGAIN... Master: [His head and arms sticking out from her massive pussy, dazed and blissed out, his lower half still completely buried inside her at her restored size.] Ungh... wow... that was... incredible... welcome back to your big size... Stella: [Her jaw on the floor, staring up at the restored massive creature before her.] Wooah... she's back to that size... Abigail: [Unable to speak, just pointing up with a trembling finger at Estella's restored gigantic form.] She's... she's that huge again... Imane: [Her voice a whisper of awe at the familiar massive sight.] Massive... back to that incredible size... Natalee: [Looking up at Estella's restored gigantic form even on all fours, her own arousal dripping down her legs into the pool.] She's back to that size again... and he's still inside her...

Estella: [Panting heavily, her massive breasts heaving against the water surface, creating ripples that lap against the pool edges, a satisfied and deeply aroused grin spreading across her flushed face as she revels in her restored size.] Oh god... oh fuck that felt absolutely incredible... I missed being this massive so much... having Master inside me, his whole body wedged deep in my pussy while I swelled back up to this glorious size... it was like being reborn as a proper giantess all over again... my cunt is still throbbing and clenching around his little torso, milking him with every pulse, and I feel so fucking powerful and horny right now... I could stay like this forever, big enough to dominate the pool, big enough to make you all look like toys again...

Estella: [Rising up slightly on her knees, adjusting her massive weight so her face rises to be perfectly level with Natalee's, even though she's still on all fours in the water, her gigantic form making Natalee look tiny in comparison as they make intimate eye contact.] Look at me, Natalee... look how fucking big I am again... I'm on my hands and knees in this pool like a good little pet, and yet here I am, eye to eye with you while you stand at your full height... isn't that right, my little Natalee? [She leans in closer, her hot breath washing over Natalee's face, her massive tits pressing heavily against Natalee's smaller chest, nearly knocking her over.] I could crush you right now between these tits and you couldn't do a single thing to stop me... I could smother you with my ass while crawling and you'd disappear completely... I'm so fucking huge and it makes my pussy drip with power...

Natalee: [Looking directly into Estella's eyes, her own eyes wide with a delicious mix of genuine fear and overwhelming arousal, her breath catching in her throat as she truly comprehends how massive Estella is even while restricted to all fours.] Oh my god... you're... you're absolutely terrifyingly big, Estella... I should be running away but I'm so fucking turned on I can't move... look at you, even on your hands and knees in this water you're massive enough to completely dominate me, to break me, to use me however you want... I love it... I love how huge you are... please don't crush me between those massive tits... or maybe you should... maybe I want you to...

Stella: [Staring up in awe at Estella's massive kneeling form, her hand working furiously between her legs under the water as she watches the interaction between the two size contrasts.] Oh wow... Estella... you're so fucking big I can barely comprehend it... I can't believe how massive you look right now, even kneeling here in this pool... you're like a fucking giant compared to all of us standing here... your tits are bigger than my whole torso combined and your ass is so wide and heavy it could smother a car without you even trying... you're absolutely incredible and I want to worship every massive inch of you...

Abigail: [Her voice breathy and desperate with arousal, her fingers tracing her own hard nipples under her bikini top as she stares up at Estella's towering kneeling form.] Estella... you're the most beautiful, most massive giantess I've ever laid eyes on... so huge and powerful and undeniably sexy... I'm literally dripping wet just looking at your gigantic proportions... I want to climb your body and worship every expanded inch of you...
Imane: [Nodding frantically, her own pussy aching and throbbing as she stares up at the massive display.] I want to be smothered by you... you're so fucking huge and perfect... those massive tits hanging down like wrecking balls and that gigantic ass raised high... you're making me so horny I can't stand it... I need to touch you... need to feel how big you really are...

Estella: [Her face flushing a deep crimson red as she absorbs their compliments, her body beginning to tremble violently with renewed arousal, her massive pussy walls clenching tight around Master who continues to work his legs and torso inside her wet heat.] Oh fuck... oh god... hearing you all say those things about me... while Master is still buried deep inside my cunt, kicking and thrusting against my insides... it's making me... it's making me feel that familiar tingle again... that stretching sensation...

Estella: [Her moans getting louder and more desperate as Master intensifies his movements inside her tight canal, stimulating her growth points from within as the erotic compliments flood over her heightened senses.] Ungh... yes... keep talking... tell me how massive I am... Master don't you dare stop working those legs inside me... grind against my G-spot... oh god I can feel it building again... I'm going to grow more... I can feel the expansion coming... I'm going to get even bigger for all of you...

Estella: [Her body starting to expand again, slowly at first then with increasing speed, her massive back arching as she grows even larger, returning toward one of her bigger sizes she'd reached before, water displacement creating massive waves that rock the pool and threaten to capsize Master's float.] AHHH! IT'S HAPPENING! I'M GROWING AGAIN! THEIR WORDS ARE FUELING ME! MASTER'S BODY INSIDE ME IS PUSHING ME TOWARD MY OLD RECORDS! YES! YES! MORE! MAKE ME HUGE AGAIN!

Estella: [Growing rapidly now, her tits expanding heavier and fuller, hanging lower into the water, her ass widening to impossible proportions, her thighs thickening as tree trunks as she remains on all fours but becomes truly colossal once more, approaching her previous maximum.] OH FUCK I'M GETTING BIG AGAIN! RETURNING TO MY OLD GLORY! I CAN FEEL MYSELF EXPANDING TOWARD THAT MASSIVE SIZE I USED TO HAVE! MASTER IS MAKING ME GROW WITH HIS RELENTLESS MOVEMENTS INSIDE ME! AHHH! SO HEAVY! SO HUGE!

Estella: [Her growth accelerating to fever pitch, her voice deepening as she approaches her former massive stature, her pussy walls contracting powerfully around Master as she expands toward her previous limits.] YES! MAKE ME HUGE AGAIN! I WANT TO RETURN TO THAT MASSIVE SIZE WHERE I DWARFED EVERYONE! I WANT MY TITS TO CREATE TIDAL WAVES AGAIN! I WANT TO FEEL THAT POWER ONCE MORE! AHHHH! MASTER WORK ME FROM THE INSIDE WHILE I GROW BACK TO MY FORMER GLORY!

Estella: [With a final powerful expansion, her body stops growing, having returned to one of her larger previous sizes, steam rising from her overheated skin as she throws her head back and moans at the top of her lungs in pure ecstasy.] AHHHHHHHHH! YES! I'M THERE! I'M BACK TO THAT MASSIVE SIZE! SO FUCKING HUGE AGAIN! NOT MY BIGGEST EVER BUT SO FUCKING CLOSE!
Master: [Barely visible, almost completely swallowed by her massive pussy, only his head and arms sticking out as he gasps for air, completely overwhelmed.] Oh... god... she's... enormous again... so fucking massive...

Natalee: [Standing in the water, her head tilted all the way back as she stares up at Estella's massive kneeling form, her eyes widening in complete shock as she realizes with absolute certainty that even on all fours Estella has grown to dwarf her completely, her voice coming out as a breathless whisper of awe and fear.] Oh my fucking god... she grew... she grew way past me... I'm standing here at my full height, my head held high, and she's on her hands and knees in this pool like a crawling pet and yet her head and shoulders still tower so far above me that I have to crane my neck to see her face... she's massive... she's absolutely dwarfing me now... I used to be able to look her in the eye but now... now she's like a fucking mountain and I'm just a tiny speck at her feet... this is insane... she's so huge she could crush me without even standing up...

Natalee: [Her eyes slowly drifting down from Estella's face to her massive hanging breasts, her mouth watering uncontrollably as she stares at their impossible size, weight, and perfect shape, her hands trembling at her sides.] And her tits... oh holy fuck... they look like fucking gigantic balloons... no, bigger than balloons... like massive weather balloons or fucking exercise balls... so huge and round and heavy, hanging down from her chest and dragging through the water creating their own currents... they're bigger than my entire body combined... I could literally crawl inside her cleavage and disappear... they're so fucking sexy I can't stand it... I want to touch them... want to feel how heavy they are in my hands... want to bury my face between them and let them smother me... they're absolutely perfect and massive and I need them...

Imane: [Standing in the pool, her entire body trembling as she stares up at Estella's massive form, her hands covering her mouth in complete shock, her voice coming out high and breathless.] Woah... what the fuck... she's massive... I can't believe how big she got just from having Master inside her... she's like a fucking giantess mountain crawling in our pool... how is this even possible...
Abigail: [Nodding frantically beside her, her eyes glued to Estella's gigantic proportions, her own massive tits heaving with excitement as she speaks.] What the fuck is right... she's enormous... she's like a fucking kaiju or something on all fours... I've seen her big before but this is something else... she's bigger than she's been in weeks... those tits could crush a car and that ass could block out the sun... this is insane...

Stella: [Adding her own commentary, her voice breathy and filled with absolute lust as she stares up at the massive display before her, her hands roaming over her own body in arousal.] Oh god Estella... you're so fucking huge you could crush us all with just one move of your gigantic body... your massive tits are making me so fucking wet I can feel it dripping down my legs... I want to be smothered by them... want to disappear completely between your gigantic ass cheeks and never come out... you're the perfect giantess... the biggest and best... I worship your massive size... please let me serve you...

Estella: [Moaning loudly and continuously, her massive body trembling violently on all fours as she feels Master's persistent movements inside her soaking wet pussy, her gigantic tits swaying heavily with each tremor and creating waves in the pool.] Oh fuck... oh god I'm so huge again... Master... can you feel how big I got... how massive my pussy is wrapped around your little body... I'm crushing you with my size and I fucking love it... you're so deep inside me...
Master: [His voice strained and muffled from deep inside her massive cunt, his legs kicking weakly as he's completely enveloped by her wet heat and massive walls.] Ungh... yes... I can feel everything... you're massive... so fucking big... I can barely move in here you're so tight and huge... your walls are crushing me perfectly...

Master: [His head thrown back in pure ecstasy as he stares up at Estella's massive underside from his position buried deep inside her, his hands gripping her massive ass cheeks for dear support, his voice coming out in worshipful gasps.] Oh my god... you're incredible... so fucking massive and powerful... I can't believe how big you are right now... you're crushing me perfectly in this wet heat... this is absolute heaven... I never want to leave...

Master: [His eyes wide as he looks around from his vantage point inside her, realizing her massive scale compared to all the other girls standing around her, his mind reeling.] What the fuck... she must be way past everybody now... look at her compared to the others... even Natalee looks like a tiny doll next to her and she's on all fours... she's massive compared to everyone... the biggest by far...

Master: [His hands roaming desperately over Estella's massive ass cheeks that he's gripping, feeling their impossible size, weight, and perfection, his voice filled with awe.] And her ass... it's just gigantic... so wide and heavy and perfect... I could get lost in this ass for days... it's bigger than a car... bigger than anything I've ever felt... absolutely massive and crushing...

Imane: [Standing slightly apart from the group, watching the spectacle with intense focus, her eyes narrowing as a deliciously devious thought forms in her head, her hand drifting down to her own soaking pussy as she begins to scheme and plot.] Hmm... should I be next... I want to feel that power... want to grow that massive... want to have Master inside me while I expand... I could be bigger than her... should be bigger than her...

Imane: [Seeing the other girls still talking and impressed by Estella's massive size, but her mind racing ahead with her own ambitious plans, a sly and confident smile forming on her lips as she watches Master buried inside Estella.] They're all so busy worshipping her like she's the ultimate goddess... but I have an idea... a better idea... I could be bigger... should be bigger... why should she have all the fun...

Imane: [Her eyes locking onto where Master is buried deep inside Estella's massive pussy, her mind completely made up, her body aching with desperate desire and ambition, a predatory glint in her eyes.] I'm going there... I'm going to have some fun with Master... going to get my turn... going to grow even bigger than her... watch me, girls... I'm coming for what's mine...

Master: [Still buried deep inside Estella's massive pussy, his head and arms sticking out as he feels the warm water around him, suddenly noticing a shadow falling over him and a massive presence behind him, he tries to twist around to see but can't quite make out who it is.] What... who... who's there... I can feel something huge behind me... a massive body blocking the light... but I can't see... who is that...

Imane: [Standing right behind where Master is embedded in Estella's pussy, her eyes wide and mesmerized as she stares at Estella's massive kneeling form, her breath coming in short gasps as she takes in the impossible size.] Oh my fucking god... she's... she's absolutely massive... look at her... even on all fours she towers over everything... I want that... I need that... I need to feel that huge... I want to grow past her... I want to be the biggest...

Imane: [Leaning forward over Master's exposed torso, her massive tits hanging down and casting a shadow over him, her face coming into view as she smirks down at him with a teasing glint in her eyes.] Well well well... look at you buried in Estella's pussy... enjoying yourself with the big girl... why her and not me, Master? Don't I deserve some attention too? Don't you want to make me grow like you made her grow?

Master: [His mouth opening and closing like a fish, completely speechless as he stares up at Imane's massive form looming over him, his brain unable to form words as he's overwhelmed by the sight.] I... uh... um... wow... I... don't know what to...

Imane: [Her smile softening into something more seductive and inviting, her voice dropping to a purr as she reaches down to gently stroke his cheek.] Aww, cat got your tongue? That's okay... I can be nice... I can be patient... but I want it too, Master... I want you to make me grow... I want to feel what she felt... I want to be huge...

Imane: [Slowly sinking to her knees in the water right beside where Master is embedded in Estella's massive pussy, her face coming level with his exposed torso, her eyes locked on his as she positions herself perfectly.] There... that's better... now I'm right where I need to be... right here with you...

Imane: [Opening her mouth wide, her tongue slowly extending as she leans in closer to Master's body, starting at his legs that are buried deep in Estella and working her way up, coating his entire body in her warm wet saliva.] Mmm... let me make you all wet, Master... let me taste every inch of you while you're still inside her...

Imane: [Working her tongue expertly up and down Master's body, licking and sucking at his skin, moaning as she feels his body respond to her touch, her own arousal spiking as she tastes him.] Oh god... you taste so fucking good... I can feel Estella's heat on you... can taste her on your skin... this is incredible... I'm going to make you feel so good...

Master: [His voice coming out muffled and strained as Imane's mouth covers more of him, his eyes rolling back in ecstasy.] Mmphhh... can't... breathe... but... oh god... feels so fucking good... don't stop...

Imane: [Suddenly feeling the familiar tingle starting deep in her core, her eyes widening as she realizes it's happening, her body starting to tremble as she continues to work Master's body with her mouth.] Oh fuck... oh god it's starting... I can feel it... the growth... it's coming...

Imane: [Her moans becoming louder and more desperate as she feels her body beginning to expand, her back arching as inches add to her frame, her tits swelling heavier and fuller, all while she continues to lick and suck at Master's body.] YES! OH GOD YES! I'M GROWING! I CAN FEEL MYSELF GETTING BIGGER! MASTER YOUR BODY IS MAKING ME EXPAND!

Imane: [Growing rapidly now, her body shooting upward and outward, her proportions becoming more massive by the second, her mouth never leaving Master's body as she grows around him, her pleasure intensifying with every new inch.] AHHH! SO GOOD! I'M GETTING HUGE! I CAN FEEL MY TITS EXPANDING! MY ASS IS GETTING WIDER! YES!

Imane: [Her growth accelerating to fever pitch, her body becoming truly colossal, her orgasm building as she feels her size dominating the pool, her tongue working Master furiously as she screams in ecstasy.] I'M COMING! I'M GROWING! I'M BECOMING A GIANTESS! AHHHH!

Imane: [Screaming as wave after wave of pleasure crashes through her, her body expanding to massive proportions, her mouth still latched onto Master as she grows past her old limits.] YES YES YES! MORE! MAKE ME BIGGER! AHHHHHH!

Imane: [With one final earth-shattering moan, her body suddenly stops growing, having expanded to a size bigger than she'd ever been before, steam rising from her skin as she pants heavily, her massive form trembling with aftershocks.] AHHHHHH... oh god... I'm... I'm bigger than before... so fucking massive...

Master: [Slowly opening his eyes and looking up, his jaw dropping as he realizes the scale of what just happened, Imane had knelt down with her face at Estella's pussy level where he was embedded, but now her massive tits are level with his head, her face miles above him, her growth having been so massive that she now towers even further.] Oh... my... god... Imane... you... you were kneeling down... your face was right here... but now... now your tits are where your face was... your head is... miles up there... you're... you're enormous...

Master: [His head spinning violently as he cranes his neck back to stare up at Imane's impossibly colossal form, his vision swimming and blurring at the edges from the sheer scale of her massive body towering above him, his breath coming in shallow, ragged gasps as he feels genuinely lightheaded from the altitude and the overwhelming presence of her gigantic frame.] Wooah... she is so fucking huge... I feel a bit light headed just looking up at her... dizzy and overwhelmed... but it's amazing... absolutely fucking amazing... look at her... she's not just big, she's a fucking giantess... a real living breathing giantess made flesh and curves... her head is so far up there I can barely see her face past those massive tits... this is insane... absolutely incredible...

Master: [His eyes locked helplessly on Imane's massive tits that are now suspended directly level with his head, their impossible weight and size overwhelming every one of his senses, his mouth watering uncontrollably as he stares at their perfect proportions and massive nipples straining against her bikini.] Her tits... they're so fucking near me... right here at face level... hanging like massive wrecking balls of pure sex... they're massive and heavy and perfect and I could get lost in them... this is amazing... absolutely incredible... I want to touch them... want to feel their weight...

Imane: [Her massive body trembling violently as deep, guttural moans rip from her throat, her pussy clenching with desperate need around the memory of where Master was, her voice coming out as a desperate, hungry growl that vibrates through the air.] Mmm... oh god... I want more... I need so much more... I need to feel you inside me properly... need to feel your whole body wedged deep in my cunt working me from the inside... making me grow even bigger... I can't wait anymore...

Imane: [Looking down at Master with a teasing, knowing smirk, her massive tits swaying heavily as she shifts her gigantic weight, her voice dripping with seductive promise and playful challenge.] So... did I grow enough for you, Master? Am I big enough now to satisfy your little giantess fetish? Or do you want me even bigger? Do you want me to tower over Estella too?
Master: [His voice coming out as a desperate, whining plea, his need evident and overwhelming.] More... I want more... I need you bigger... please... grow more for me...

Imane: [Her eyes lighting up with absolute delight, a predatory, hungry grin spreading across her flushed face as she shifts her massive body with surprising grace.] Say less... [She maneuvers her gigantic form with purpose, pressing her massive, expanding ass directly against Estella's equally huge butt, sandwiching Master between their two wet heat sources as she positions her soaking, dripping pussy right against Estella's massive opening, creating a seamless, sloppy transition as Master's upper body slowly slides from Estella's clenching cunt directly into Imane's massive, waiting pussy, her walls immediately clamping down on him.] There... now you're completely in me... buried to your chest in my giantess cunt... how does that feel?

Imane: [Moaning loudly and continuously as she feels Master fully enter her massive canal, her pussy walls clenching and rippling around his entire body, her voice filled with desperate, aching need and growing confidence.] Oh fuck yes... I can feel you inside me... feel your whole body squirming in my pussy... I want you so much... I want to grow so much bigger with you inside me... I want you to feel every inch of my expansion... every stretch... every new pound of flesh...

Imane: [Beginning to move her massive ass back and forth with powerful, rhythmic thrusts, using Master as a living, breathing dildo, her huge hips creating massive waves in the pool that splash against the edges as she rides him from the inside, her moans echoing across the water like thunder.] Yes... yes... work me from the inside... let me use you... let me milk you with my giantess cunt... let me grow around you... feel my pussy clenching... feel me getting bigger with every thrust...

Master: [His voice coming out as completely incoherent blubbering, his mind utterly shattered by the overwhelming pleasure, his body completely at her mercy as she's grown so massive around him that he can barely think.] Ungh... blub... amazing... so... big... can't... think... pussy... crushing... me...

Imane: [Her movements becoming more frantic and powerful, her massive body riding him with abandon, her moans filling the air as she feels the familiar tingle of growth starting deep in her core again.] Oh god yes! Going strong! Feel so fucking good! Growing again! Getting bigger around you! Yes! Take it! Take my giantess cunt!

Estella: [Completely oblivious to Master moving to Imane, still proudly on all fours but turned toward the other girls with her back to the action, her massive tits swaying heavily as she gestures with her huge arms, her voice booming with absolute confidence and pride.] Look at me! Look how fucking big I am! I feel absolutely incredible! So powerful and massive and dominant! My tits are huge and hanging perfectly and my ass is gigantic and round! I feel like I could crush this whole pool with just my weight! I'm the biggest I've been in weeks and I fucking love it!

Abigail: [Staring up at Estella with pure, unadulterated worship in her wide eyes, her hands roaming desperately over her own body as she responds, her voice breathy and filled with seductive awe and desperate curiosity.] Wooah... you are so fucking big... absolutely massive... how did it happen? Tell me everything... tell me how it felt to grow that huge... did your pussy tingle as you expanded? Did your tits ache as they swelled? Did you feel every inch? I want to hear every single detail... I need to know...

Estella: [Smirking down at Abigail with a cool, seductive confidence, her massive tits heaving as she breathes, her voice dropping to a purr that drips with sexual power as she flaunts her massive form.] Oh it felt fucking incredible... every single inch I grew made me wetter and hotter... feeling my tits swell heavier and fuller... feeling my ass widen and lift higher... knowing you were all looking up at me like I was some kind of sex goddess... it made me want to grow even more... made me want to become absolutely titanic...

Stella: [Staring up with Natalee beside her, both of them openly touching themselves under the water as they fantasize about Estella's impossible size, their voices breathless with desire.] Oh god Estella... you're so fucking huge... I wish I was that big right now... look at her Natalee... imagine having tits that massive... imagine how heavy they must feel... Natalee: [Nodding frantically, her eyes glazed with lust and envy.] Yes... imagine being that size... towering over everyone like a fucking giantess queen... having everyone worship you...

Estella: [Throwing her massive head back and laughing melodically, her gigantic tits bouncing with the motion and creating waves, her voice filled with pride, generosity, and absolute dominance.] I wanted it and I took it! Hehe! But I want everyone to be big... I want us all to be massive giantesses together... just imagine it... all of us huge and towering and powerful... crushing this pool beneath our combined weight... wouldn't that be absolutely perfect? We could all grow together!

Estella: [Still basking in her own massive size and the adoration of the other girls, suddenly feeling a strange rhythmic pressure and wet warmth insistent against her gigantic butt cheeks, a distinct humping motion rocking her forward slightly with each thrust, her brow furrowing in deep confusion as she tries to process what's happening behind her without looking yet.] Wait... what... what is that sensation... I feel something... something weird pressing against my ass... like someone's... grinding against me? Humping my butt? What's going on back there... this isn't right... someone better explain...

Estella: [Twisting her massive upper body around with effort to look over her broad shoulder, her eyes widening dramatically as she sees Imane positioned right behind her, their massive asses pressed tightly together with Master clearly being transferred between them, realization dawning on her face mixed with immediate annoyance, betrayal, and undeniable arousal at the sight.] Imane! What the actual fuck are you doing back there? Are you playing with my butt or what? Are you grinding against me? What are you up to, you sneaky bitch? I was using him!

Abigail: [Her eyes going impossibly wide as she finally sees what's actually happening between the two massive women's bodies, her hand flying to her mouth in theatrical shock even as her other hand immediately drifts between her own legs under the water, her voice coming out as a breathless gasp of scandalized realization and intense arousal.] Oh my god... she's... she's using Master! Imane is using Master to get bigger! Look! Look closely! He's inside her now! She took him from Estella! She stole him right out of her pussy! That sneaky, brilliant, sexy bitch!

Imane: [Completely lost in her own overwhelming pleasure, paying no attention to the drama unfolding around her, moaning loudly and continuously as she works her massive body back and forth with powerful thrusts, Master's form now completely enveloped in her wet heat and massive walls, her voice coming out as desperate, hungry grunts and growls of pure satisfaction.] Ungh... yes... oh god yes... working it... feeling so fucking good... he's mine now... all mine... Estella had her turn... now it's my turn to grow... to become massive...

Imane: [Her massive body trembling violently as she feels the familiar electric tingle starting deep in her core, spreading outward through her expanding flesh like wildfire, her breath catching in her throat as she realizes with absolute certainty what's about to happen, her massive tits swaying with anticipation.] Oh fuck... oh god... I can feel it... the growth spurt... it's coming soon... building up... getting ready to explode out of me... I'm going to get so fucking huge...

Imane: [Suddenly throwing her massive head back as the growth hits like a tidal wave, her spine arching violently as inches pour onto her frame in rapid succession, her tits swelling heavier and fuller by the second, her ass widening to impossible proportions, her screams of ecstasy filling the air and echoing off the pool walls.] AHHHH! IT'S HERE! IT'S REALLY HERE! I'M GROWING! FEELING SO FUCKING GOOD! SO HEAVY!

Imane: [Her expansion accelerating rapidly, her body shooting upward and outward in every direction with unstoppable force, her proportions becoming more massive and goddess-like by the second, water displacement creating actual tsunamis in the pool that splash over the edges.] YES! MORE! BIGGER! I WANT TO BE MASSIVE! I WANT TO DWARF EVERYONE! GIVE ME MORE INCHES!

Imane: [Growing faster and faster, her tits expanding to record sizes that dwarf even her previous massive proportions, her thighs thickening into true tree trunks, her hips widening to take up the entire space between her and Estella and then some, her voice deepening with her new impossible size.] SO FUCKING GOOD! GROWING! BECOMING A TRUE GIANTESS! FEELING EVERY INCH!

Imane: [Her body trembling violently as she approaches her previous maximum and then surges confidently past it with ease, her growth showing no signs of stopping, her pleasure mounting exponentially with every new inch of flesh that expands outward.] DON'T STOP! MAKE ME THE BIGGEST! BIGGER THAN EVER BEFORE! AHHHH!

Imane: [Finally feeling her growth begin to slow to a stop, her body now truly colossal and massive beyond anything she had achieved before, steam rising from her overheated skin as she pants and moans in continuous, overwhelming pleasure, her form dominating the pool.]
YES! SO BIG! SO FUCKING HUGE! I DID IT!

Imane: [Moaning and then roaring with absolute power and primal pleasure, her massive body trembling around Master who is now completely and utterly buried in her pussy rather than Estella's, her voice booming with satisfaction and dominance.] AHHHHHH! FEELING AMAZING! MASTER IS INSIDE MY PUSSY NOW! NOT YOURS ANYMORE ESTELLA! ALL MINE! FEELING SO FUCKING AWESOME! I'M MASSIVE!

Imane: [Wiggling her massive butt back and forth with deliberate, teasing slowness and incredible power, showing off how she has Master completely trapped inside her wet heat, her massive ass cheeks flexing and rippling with each movement, creating waves.] Mmm... feel me wiggle... feel me work him inside me... he's so deep... so completely mine... Estella can't have him back...

Master: [His legs now sticking out from Imane's massive pussy lips while his upper body remains completely buried deep inside her, his hands reaching up desperately to grip her internal walls for leverage, his mind completely shattered as he goes absolutely crazy with lust, wanting nothing more than to make her grow even more beyond this impossible size.] Ungh! Yes! Grow more! I want you bigger! Take everything from me! Make me your permanent toy! I want the best for you! Make me help you grow forever!

Abigail: [Her eyes impossibly wide as she stares up at Imane's newly expanded form, her jaw hanging open in complete shock, her hands trembling at her sides as she takes in the sheer scale of what Imane has become, her voice coming out as a breathless whisper of pure awe.] Oh my gosh... oh my fucking gosh... she is freaking gigantic... absolutely massive... look at her... she's bigger than... bigger than anything I've ever seen... those tits are like mountains... her ass is blocking out the entire pool...

Estella: [Twisting around completely to face Imane, her own massive form suddenly looking small in comparison, her eyes widening in disbelief and shock as she realizes she may have been dethroned, her voice coming out high and strained.] Oh my gosh... really? Is she really bigger than me now? Am I not the biggest anymore? [She looks around at the other girls who are all staring up in absolute awe at Imane's colossal form, their mouths hanging open, their hands drifting to their own pussies in automatic arousal at the display of pure size.] Guys? Is she... is she actually bigger than me now?
