Imane: [Massive frame humming with new power, bosom heaving with impossible weight, internally lost in bliss] We all grew... so fucking massive... can't believe how huge we are... Natalee: [Jugs swelling with heat, core dripping, thighs trembling] So big... so powerful... Stella: [Booty trembling with aftershocks, breath hitching] This feels incredible... Estella: [Slit pulsing with afterglow, massive tits swaying] I'm enormous... love it... Abigail: [Core clenching, massive body glowing with satisfaction] All of us... massive goddesses... together...

Imane: [Melons swaying like pendulums above her, heavier than ever, nipples hard as diamonds, voice breathy with wonder] My tits... so massive... swaying while I'm on my back... feel so weightless and heavy at the same time... so sensual...

Natalee: [Slit exposed and dripping, heat radiating, sitting on soft flesh, internally dominant and aroused] Legs spread... feeling so exposed... so wet... Abigail's stomach beneath me... so soft... she's moaning from my weight... I love it...

Stella: [Kneeling, face near Abigail's massive bosom, mouth watering, internally desperate] Her tit near my face... so huge... I want to bury myself in her cleavage... taste her... worship her melons...

Estella: [Core being worshipped, tongue working her slit, back arching with pleasure] Getting eaten out... by Abigail... her mouth on my pussy... so warm... so skilled... I'm in heaven... loving every second...

Abigail: [Voice booming across the landscape, massive frame convulsing violently, jugs bouncing with each tremor, core clenching rhythmically] Moaning so loud... shaking... I can feel everything... every nerve ending screaming with pleasure... my tits are so sensitive... my pussy is dripping... I'm losing control...

Abigail: [Realization hitting like lightning, mouth full of his tiny form, Estella's taste on her tongue, dual pleasure overwhelming her senses] Master... also in my mouth... with Estella's sweetness... both of them... filling me... I'm in paradise... so fucking greedy... so hungry...

Master: [Weightless sensation terrifying and thrilling, wind rushing past, heart hammering against ribs, arousal spiking despite fear] Flying... into Abigail's mouth... her lips approaching... so warm... so inviting... I know what's coming... she's going to consume me...

Master: [Struggling against wet heat, fingers slipping on slippery flesh, internally desperate and aroused, heart racing] Holding on... against her tongue... trying to climb out... so wet... so strong... she won't let me... I'm completely at her mercy...

Abigail: [Mouth closing slowly, sealing him inside completely, internally possessive and dominant, voice muffled but dripping with sultry promise] Closing my mouth... you're mine now, my love... trapped in my warmth... my wetness... all mine... forever...

Abigail: [Power building to impossible heights in her core, massive body humming with vibrating energy, internally certain and commanding, voice booming with sultry dominance] I'm feeling it... building inside me... telling all you girls... we're going to grow again... bigger than ever... I can feel it coming... prepare your bodies...

All Girls: [Simultaneous expansion ripping through all five, cores clenching, melons swelling heavier, asses widening, thighs thickening, internally screaming with ecstasy] Growing... all of us... so fucking massive... yes... feel it... stretching... expanding...

All Girls: [Continued expansion overwhelming their senses, backs arching, slits dripping with arousal, voices moaning in unison] Still growing... can't stop... so huge... so powerful... more... give me more...

All Girls: [Growth continuing to impossible proportions, minds swimming with pleasure, massive frames trembling violently] Still growing... bigger... massive... we're becoming true titans...

All Girls: [Shock mixing with pleasure, realizing the growth isn't stopping, internally wondering with desperate arousal] Miracles... we keep growing... is this ever going to stop... so fucking huge...

All Girls: [Expansion finally ceasing, massive bodies convulsing with simultaneous orgasm, cores exploding with pleasure, voices deafening] Stopped growing... finally... orgasming... moaning... so fucking intense... cumming together... massive...

Master: [Heart hammering against ribs, eyes impossibly wide, internally stunned and breathless] Standing here... in complete disbelief... they were huge before... but now... they're mountains... titans... my mind can't process this...

Master: [Voice trembling with awe, cock stirring despite shock, internally overwhelmed] What the heck... they grew so much just now... Abigail's tits are like hills... Imane's ass could crush a house... how is this real...

Master: [Gazing upward, shaft hardening to painful stiffness, arousal flooding his system, internally desperate] Looking up... hard as fucking rock... staring at my giantesses... their melons... their curves... their massive dripping slits... I want them all...

Master: [Voice breathy with worship, internally devoted and hungry, cock throbbing with need] This is the best view there could ever be... all giantess... all my maids... massive and beautiful... mine to worship... mine to serve... I'm the luckiest man alive...

Stella: [Eyes drifting upward, internally burning with envy, core clenching with desire, massive hands gripping her own jugs] Looking up... jealous... we're the smallest now...
Natalee: [Biting her lip, slit throbbing with need, internally frustrated] I want to be bigger... so much bigger...

Natalee: [Voice determined, internally plotting, seductive confidence building] Maybe we should do something about that... find a way to grow faster... catch up to them...

Stella: [Voice whiny, internally defeated, massive booty trembling with frustration] But what can we do... they grow faster than us... Abigail is massive... we're just... big...

Natalee: [Voice breathy with promise, internally scheming, fingers drifting to her own core] Don't lose hope... we can... I'm sure... maybe if we work together... use our bodies...

Both: [Eyes locked on Abigail's impossible form, internally awestruck, arousal mixing with envy] Looking at her... she's miles bigger...
her tits are like hills...
her ass is a mountain...

Estella: [Eyes widening, internally shocked, massive frame feeling small for the first time] Oh my gosh... looking at them... they're so big... I thought I was huge...

Estella: [Voice hushed, talking to Imane, internally comparing sizes, massive melons heaving] Yeah... we're not as small as Natalee and Stella... but we're still small... compared to Abigail...

Imane: [Voice confident, internally strategic, thick thighs pressing together with determination] At least it's not that bad... we can catch up to her... more easier than them... we're already big...

Both: [Voices hopeful but trembling, massive bodies humming with mixed emotions]
Confident... but still...
it's a long way... to match Abigail's size...

Both: [Eyes locked on Abigail's massive bosom, mouths watering, cores dripping with arousal and envy] Looking at her massive tits... they're like mountains... I want to bury myself in them... grow to match them...

Abigail: [Core humming with supreme power, massive bosom heaving with dominance, internally smug and satisfied] Feeling the best... being the biggest... so powerful... so massive... I can feel their eyes on me... worshipping me...

Abigail: [Gaze drifting across the landscape, internally amused by the scale, voice breathy with wonder] Looking around... mountains... so small... they look like hills to me... I'm bigger than nature itself...

Natalee: [Eyes locked upward, core dripping with arousal, massive jugs trembling with need] Looking up... admiring Abigail... she's perfect... so huge... Stella: [Breath hitching, slit pulsing, internally desperate] I want to be like her...

Estella: [Massive frame feeling small, voice hushed with respect] Also admiring... she's a goddess... Imane: [Thick thighs pressing together, arousal building] So dominant... so massive...

Abigail: [Voice rich with laughter, massive tits bouncing, internally challenging but playful] Hehe... I'm the biggest now... but how long though... will they catch up... or will I keep growing...

Master: [Cock rock hard, eyes drinking in the scene, internally overwhelmed with arousal and love] Loving this chaos... admiring all of them... my massive maids... their curves... their power... I'm in heaven...

Master: [Voice commanding, internally desperate to see them expand, cock throbbing with anticipation] Telling Natalee and Stella... start growing... I want you bigger... massive...

Natalee: [Ears perking, core clenching with excitement, massive body trembling] Ooh my gosh... yes... he wants us bigger... I heard him... finally...

Natalee: [Voice breathy with thrill, massive hands gripping Stella's arm, internally ecstatic] Did you hear Master... he wants us to get bigger... he commanded it...

Stella: [Voice confused, massive booty trembling, internally desperate but unsure] But how... how am I going to do it... I need to grow... but I don't know how...

Abigail: [Gaze drifting downward from her massive height, massive lips curling into a dominant smirk, core dripping with arousal at the sight below, massive tits heaving with anticipation] Looking down... Stella and Natalee... mingling together... exploring each other's massive bodies... and I'm loving every second of it... watching them pleasure each other... so fucking hot... makes my pussy throb...

Stella: [Massive melons pressing deep into the earth, weight crushing the ground beneath her, tongue buried deep in Natalee's dripping heat, internally lost in her taste and warmth] My tits... crushing the ground... so heavy... so massive... eating her out... she's so sweet... so fucking wet... I can't get enough of her...

Stella: [Enthusiasm building to fever pitch, tongue working frantically against Natalee's swollen clit, internally desperate and hungry to make her explode with pleasure] Going ham on her... eating her pussy with everything I have... so hungry... so desperate... I want her to scream... to cum all over my face...

Stella: [Voice muffled against Natalee's dripping slit but dripping with dominance, internally commanding and seductive, massive hands gripping Natalee's thick thighs] You love this... don't you... my tongue deep in your cunt... making you mine... making you cum... say it...

Natalee: [Massive hands gripping her own heaving jugs, fingers sinking deep into the soft flesh, squeezing hard, internally overwhelmed with pleasure and sensation] Squeezing my tits... as hard as I can... loving how heavy they are... how sensitive... my nipples are so hard... so ready...

Natalee: [Core clenching rhythmically around Stella's invading tongue, massive back arching off the ground, internally lost in absolute bliss] Loving it... being eaten out... her mouth on my pussy... so warm... so skilled... I never want her to stop... I'm going to cum so hard...

Both: [Voices rising in perfect unison, massive bodies trembling with shared ecstasy, cores pulsing with approaching climax] Moaning... so loud... about her being eaten out... so fucking good... don't stop... we're so close... cum with me...

Stella: [Her own orgasm ripping through her unexpectedly, massive frame convulsing violently, tongue still working frantically against Natalee's clit as she cums] Going ham on it... eating her... also cumming... so hard... so intense... I can feel her... taste her...

Master: [Shaft throbbing painfully against his stomach, eyes glued to the massive lesbian scene before him, internally desperate and aching] Looking at them... being so fucking sexy... having sex right there... hard as fucking rock... I need to touch myself... need to be inside them...

Master: [Voice breathy with desperate longing, internally aching to join the massive orgy, cock leaking pre-cum] Wishes he could be there... somewhere... between their massive bodies... inside their wet cunts... their warm mouths... anywhere they'd have me...

Natalee: [Core clenching rhythmically around Stella's thrusting fingers, massive body trembling with violent pleasure, voice rising to deafening heights of ecstasy] Having sex... so fucking deep... moaning... shaking... don't you dare stop... I'm so close... Stella: [Thrusting deeper into her dripping heat, massive melons bouncing with each movement, internally lost in her exquisite warmth] So wet... so tight... so perfect...

Both: [Expansion hitting simultaneously like a tidal wave, massive frames convulsing in perfect sync, cores exploding with raw growth energy] Grew... so much... from fucking each other... feel me expanding... stretching... so massive now... yes... more...

Natalee: [Voice screaming with wild abandon, massive jugs swelling heavier and fuller, back arching dramatically off the ground] Wild loud moan... after growth... so fucking big... so sensitive... every touch is electric... I love being this huge...

Stella: [Voice joining hers in perfect harmony, massive booty widening to impossible proportions, pleasure overwhelming every sense] Also moaning... from growing... so huge... so powerful... I can feel everything... so intensely...

Master: [Impatience burning hot in his chest, cock throbbing painfully with need, internally desperate and hungry] Looking at them... nah... I need to join in... can't just watch anymore... I need to touch them... feel them... be inside them...

Master: [Eyes traveling up her massive form, internally intimidated but deeply aroused, shaft leaking streams of pre-cum] Looking up... that's a massive tit to climb... oh man... so fucking huge... like a mountain of soft flesh...

Master: [Determination building to fever pitch, fingers finding purchase on warm soft flesh, internally resigned but eager] Starts climbing... ooh here we go again... up her massive body... toward my prize... my giantess...

Master: [Breath steadying, muscles working efficiently, internally confident and proud] I've gotten used to it... ain't that hard anymore... climbing my giantesses... I'm experienced now... a professional...

Master: [Muscles burning with effort, heart racing against his ribs, focus intense and unwavering, internally driven by desire] Climbing now... on the side of her back... to get on top... nearly there... so close I can smell her...

Master: [Lungs burning for air, arms trembling with exhaustion, internally pushing through sheer willpower] Now a bit tired... but trying to push through... need to reach her... need to be with her... almost there... just a little more...

Master: [Relief flooding his system, muscles screaming for rest, internally exhausted but triumphant] Finally... on the back of Stella's back... a bit tired... but I made it... so high up... so massive...

Master: [Eyes scanning the scene ahead, internally hesitant, assessing the situation] Looking in front... damn... it seems busy there... Natalee and Stella are occupied... I don't know about that...

Master: [Mischief sparking in his mind, internally plotting, arousal building] Hmm... maybe... let's shock them both... do something unexpected...

Master: [Determination renewed, feet finding purchase on soft flesh, internally focused on his destination] Taking a walk... on her booty... walking back of her body... toward her front...

Master: [Realization hitting like lightning, arousal spiking, internally excited by the idea] Having a bright idea... to go and climb in her pussy... from behind... while she's distracted...

Master: [Fingers gripping slippery flesh, heart racing with fear and arousal, internally committed] Climbing... hanging on from her butt... near her pussy... so close... so warm...

Master: [Fear mixing with confidence, internally reassuring himself] Ooh... this is scary... but I'm alright there... I can do this... I've climbed bigger...

Master: [Sensation of wet heat enveloping him completely, internally lost in bliss, thrusting with abandon] Climbed in... Stella's pussy... going crazy in there... so warm... so tight... so massive...

Master: [Concern mixing with desire, internally wanting her to feel pleasure] Making sure... Stella is feeling it... thrusting against her walls... she needs to know I'm here...

Stella: [Shock rippling through her massive frame, eyes widening to impossible size, internally confused then overwhelmed with pleasure] What the fuck... is this feeling... what's going on... something's inside me... tiny... moving... oh god... it's Master...

Stella: [Shock rippling through her massive frame, core clenching violently, orgasm crashing through her unexpectedly] In shock... orgasming... so hard... didn't expect this... Master inside me... making me cum...

Natalee: [Eyes widening, confusion mixing with arousal, massive jugs heaving] Looking there... wtf... all shocked... what happened to Stella... she's cumming so hard...

Both: [Familiar electric warmth spreading through their cores simultaneously, massive bodies trembling with anticipation] Feel the tingle... like growth incoming... building... pressing... ready to explode...

Both: [Expansion ripping through them violently, backs arching, melons swelling heavier, asses widening] Grow drastically... feeling so fucking good... stretching... expanding... yes...

Both: [Voices rising in perfect harmony, massive frames convulsing with shared ecstasy] Moaning... and orgasming... together... so massive... so powerful...

Master: [Surrounded by wet heat on all sides, thrusting with abandon, internally tiny and overwhelmed] In Stella's pussy... tiny as ever... but making her feel me... so warm... so tight...

Estella: [Massive hand appearing near Stella's dripping slit, internally hungry and impatient, core aching] Sudden hand... near Stella's pussy... it's me...
I want him... I need him...

Estella: [Voice sultry with approval, massive eyes scanning their new size, internally impressed] Ooh girls... you did some good growing... y'all are quite big... massive even...

Stella: [Voice breathy with satisfaction, massive body still trembling] Yeah...
Natalee: [Agreeing, massive tits swaying] It was about damn time... we grew...

Estella: [Voice hungry and commanding, massive body humming with need, core dripping with anticipation] Perfect... we need Master now... me and Imane... need some growing too... you know...

Estella: [Massive fingers wrapping around his tiny form, pulling him from Stella's dripping heat, internally satisfied to have him] Picking Master out... of Stella's pussy... and he's gasping... Master: [Relief flooding his lungs, internally grateful] Ooh... finally some air... so wet in there...

Master: [Mind reeling with realization, eyes scanning the massive landscape of giantesses, internally overwhelmed] Oh my god... realization... what my life is... what the hell... I'm surrounded by massive maids... giantesses... this is insane...

Estella: [Voice giggling with amusement, massive tits bouncing, internally knowing exactly how lucky he is] Yeah... you are very lucky... but we need you now... to grow... can you help us... pretty please...

Master: [Voice eager, internally submissive and willing, cock stirring with anticipation] Agrees... of course... anything you want... I'm yours... use me...

Estella: [Voice triumphant, massive frame humming with excitement, internally planning] Perfect... Imane is ready there... we need you... she's waiting...

Estella: [Voice breathy with adoration, massive hand cradling him gently, internally dominant but sweet] Ooh gosh... you are so tiny... and cute... on my hand... like a little doll...

Master: [Voice filled with worship, eyes traveling up her impossible form, internally aroused] Yeah... and you are gigantic... I love it... so massive... so perfect...

Estella: [Voice urgent with need, massive core clenching, internally desperate for growth] Glad you love it... but there is a job needed now... no time to waste...

Imane: [Voice booming from distance, massive melons squashing into the earth, internally starving for him] In the distance... on my stomach... tits squashing the ground... I want you Master... now...

Imane: [Voice desperate and hungry, massive slit dripping with anticipation, internally aching] I need you... in my pussy now... so bad... I'm dripping... please...

Imane: [Voice booming with urgency, massive body trembling with impatience, core aching for him] Telling Estella... do it quick... I can't wait... I need him inside me... now...

Estella: [Voice eager, massive hands preparing his tiny form, internally excited to help] Yeah... I'm getting Master... all ready for you... he'll be perfect...

Estella: [Voice determined, massive frame humming with competitive energy, internally ambitious] That's our fight there... we need to beat Abigail... become the biggest...

Abigail: [Voice dripping with amusement, massive tits bouncing with laughter, internally confident and patronizing] Ooh how flattering... y'all are so nice to me... haha... trying so hard...

Abigail: [Gaze drifting downward, massive lips curling with approval, internally impressed but still superior] Watching down... at Stella and Natalee... ooh cute job... you girls are a bit bigger... good for you...

Abigail: [Voice laughingly giggling, massive bosom heaving with dominance, internally supreme] I'm bigger still though... haha... and Natalee and Stella... like we will catch up... don't worry...

Abigail: [Voice challenging, massive eyes sparkling with amusement, internally daring them] I would like to see that... try to catch me...

Abigail: [Gaze shifting to Estella and Imane, massive body tensing with competitive interest, internally assessing] Now looking at Estella and Imane... they might have a great chance... getting bigger than her... let's see...

Estella: [Massive fingers working Imane's dripping slit, internally enjoying her role, voice breathy] Fingering Imane... while Master is inside her pussy... so wet... so ready... Imane: [Core clenching around both, internally overwhelmed with pleasure] So full... so good...

Master: [Thrusting with desperate energy, internally determined to make her grow] Giving it his all... and Estella... pushing him even further... deeper... make her explode...

Imane: [Core clenching rhythmically, massive frame trembling with pleasure, voice rising in ecstasy] Feeling it... moaning... loving every second... so deep... so full... don't stop...

Imane: [Massive body convulsing, back arching dramatically, voice screaming with rapid pleasure] Starts shaking... and moaning rapidly... so close... going to cum... going to grow...

Estella: [Energy flooding her system from Imane's pleasure, massive tits heaving, internally overwhelmed by the threesome connection] Also starts moaning... feeling the energy... coming from Imane... the whole threesome... between her... me... and Master... so intense...

Both: [Familiar electric warmth building simultaneously, massive bodies trembling in sync, internally realizing] Feel a growth spurt... coming... building... pressing... ready to explode...

Both: [Expansion ripping through them violently, cores exploding with pleasure, voices screaming in unison] Grew quite a lot... and orgasming... moaning... so massive... so powerful...

Abigail: [Voice impressed but confused, massive body tensing, internally excluded from the energy] Ooh that's sick... but... they feel the energy... I don't... must be between those two...

Abigail: [Voice calling out, massive eyes scanning as she realizes something is wrong, internally concerned] Hey girls... why y'all are moaning... all other girls... moaning... feeling it... what's happening...

Abigail: [Massive body frozen in shock, eyes widening as she watches the others expand without her, internally confused and then competitive] Growing rapidly... Abigail exception... not growing... watching... like oh my god... so rapidly... they're leaving me behind... but... I feel something building... my core is humming... it's coming...
Abigail: [Voice booming with determination, massive fists clenching, internally accepting the challenge] It's on... you think you can outgrow me... watch me catch up...

All Girls: [Second wave of massive expansion hitting violently, bodies swelling to impossible proportions, completely overwhelming Abigail's previous size, voices screaming with ecstasy] Grew even more rapidly... you can't even see Abigail anymore... what's going on... they growing so quick... so massive... so powerful... Abigail: [Voice still booming from below, competitive fire burning, massive body finally beginning to expand] I'm coming for you... I'll be biggest again... just watch...
